VOL. 47

HEDELEY, DONLEY COUNTY, TEXAS, MAY 3, 1957

NO. 27

## FFA News

Two of the five Hedley teams that participated in the judging contests at Lubbock, April 27, qualified for entry in the state judging contest to be held at College Station May 4.

The poultry team placed 5th out of 53 competing teams and 3rd in Area 1. Jimmy Youree was 8th high point man in the entire contest. The dairy products team placed 5th out of 24 teams. John Lee Stephens was 9th high point man. This team placed 3rd in cream judging.

The crops team made a good showing by placing 9th out of 34 teams. This contest consists of 3 divisions. The Hedley team placed 3rd on identification, missing only 2 seeds out of 180. This particular contest is highly competitive.

As only the results of the top 10 teams in the contests are available at this time we do not know the rating of the dairy cattle contest in which 92 teams participated or the livestock contest with 107 competing teams.

The teams were as follows: poultry, Jimmy Youree, Leonard Mullins and Rodney Hargrove; dairy products, John Lee Stephens, W. A. Jenkins and Jimmy Don Waddell; crops, Don Cox, Billy Wiggins and Dale Morris; dairy cattle, Merle Owens, Berle Owens, Donald Youree and Lewis Bevers, alternate; livestock, David Boliver, Billy Wayne Moore and William Mullins.

The two young men, Bob Moore and William Verden, who have been doing practice teaching in the local Ag department completed their period of training last week.

As a result of the assistance given by these two student teachers, Mr. Messer reports that Hedley has enjoyed its most successful year in participation in the Tech judging contest. With their help he was able to train five teams to compete in the contest.

Mr. Messer is well pleased with the work done by these young men. He found them to be very capable and cooperative and willing to give of their own time in helping train the boys for the recent contests.

Hedley was one of the most distant schools from Tech to which student teachers were sent. The teacher trainers from Lubbock who visited the local department while these students were here seemed well pleased with the work being done.

## News From Our County Agent

Two meetings dealing with cotton insect control and cotton production, varieties, weed control and bind weed control will be held in Donley County on May 7 and 8 says county agent H. M. Breedlove. On May 7 at 8 p. m. in the district court room in Clarendon will be the first meeting, and the second meeting will be at the Lions Den in Hedley on May 8 at 10 a. m. Freeman Fuller, Extension entomologist from A & M College will discuss cotton insect control and types of poisons to be used and when to apply them. He will also show slides of different cotton insects so that farmers can readily identify them. Fred Elliott, cotton work specialist from Texas A & M will discuss cotton varieties weed control in cotton and bindweed control. Breedlove is urging every one to attend these educational meetings and with the recent rains and from the looks of things right now it might be a year when insects will readily hatch at an early period.

## Methodist Church

To all who helped in our revival, whether by prayers, or attendance, or special music, or regular accompanying, or publicity, or by extending hospitality: many thanks! Rev. Lynward Harrison's sermons and Holy Land slides were welcome. His wife was here for three services, and won new friends. The body of any church is truly "the nameless great." "Let's go to church next Sunday morning," and precede it with Sunday School and follow it with evening service. If we do it sincerely, we will be less ornery the next week.

## LIONS ROAR

Officers for next year elected at last week's meeting were J. S. Hinds, President, R. W. Scales, First Vice Pres., V. T. McPherson, Second Vice Pres., W. H. Moffitt, Third Vice Pres., A. L. Cherry, Sec.-Treas., Harold White, Lion Tamer and Frank Murray, Tail-twister. Directors elected were J. L. Chesser, Henry Moore, Doyle Messer and L. D. Messer. The new officials will be installed the last meeting in June and take office the first meeting in July.

Delegates elected to the bi-district convention at Lubbock were L. D. Messer, M. D. Shaw, J. S. Hinds and C. L. Johnson. Alternates are A. L. Cherry, H. L. White, Henry Moore and Frank Murray.

## Discussion Group

The Public Affairs Discussion Group will meet at the high school library at 8, Thursday evening, May 2. This is to be the ninth meeting of a group formed last fall to discuss public issues. Members strive to gain some background of information so as to give depth to their thought; and it is always assumed that each person speaks in good faith and is to be given a chance to "have his say." The fellowship and intellectual stimulation from previous meetings has been considerable. All men and older boys are especially invited to this informal meeting. No one is excluded.

## Orchestra Concert

The Hedley high school orchestra will give a concert on Thursday May 16, at 8 p. m. in the high school auditorium.

The public is urged to hear this entertaining group.

### Lots of Rain

The Hedley area is wetter than it has been in many moons. Most of the rain gages here reported about five inches for last Saturday night, and several showers since have brought the total to seven or eight inches.

The total for this area since Jan. 1st now runs from 13 to 17 inches, certainly a change from our too numerous drouth years.

### Fire Siren Signals

With the approach of the storm season, Hedleyans are again reminded of the signals blown by the fire siren. One long blast indicates a fire, two blasts indicate a drill three blasts are a storm warning. Please keep these in mind, and be guided accordingly.
