VOL. 50

HEDLEY, DONLEY COUNTY, TEXAS, OCT. 7, 1960

NO. 50

## ASC News

The meeting of the delegates to the County Convention was held Wednesday, Sept. 28.

The following men were elected to serve as the County Committee for this next year: William H. Cooke III, Chairman, Andrew Brown Vice Chairman, Horace A. Green Regular Member, W. Ray Altman First Alternate Member and Charlie C. Hearn Second Alternate Member.

The newly elected committeemen pledged themselves to do the best they can to see that every farmer in Donley County is given a fair and just treatment on every program.

With the varied interests our County Committeemen have in this county, they will be able to help the farmers or ranchers with any problems that may arise in the future.

We want to express our sincere appreciation to Mr. D. R. Lindley and Mr. Jesse R. Grogan for a job well done during the time they served as county committeemen. These men, like others who have served before them, gave of their time, much more than that for which they received pay, to help the farmers and ranchers in our county, and we feel that all of you join with us in saying "Thanks" for working with us and for us.

## Card of Thanks

We wish to thank all of our friends and neighbors for the kindness and sympathy shown us during the loss of our loved one.

May God bless each of you.

Mrs. T. D. Tate and David  
Mr. and Mrs. Tom Tate  
Mr. and Mrs. Orval Tate  
Mr. and Mrs. Bill Carson

## Bumper Strips

The bumper strips advertising the Cotton Festival are now available at the Security State Bank. These strips cost only 25¢ each, so buy one for both front and back bumpers and help to advertise Hedley's big event, the Cotton Festival.

The entries for the talent show will be contacted and asked personally to perform, and certificates of award will be given.

Also, there will be a bake sale with a wide variety of cakes, pies, candy and cookies that night in the hall by the gym made by F. H. A. Chorus girls.

The proceeds of the talent show will go to help sponsor the trip of the Chorus girls to Kansas City, Mo., next spring where they will sing at the National Federated Music Club convention.

## Style Show

High style, low cost fashions made from feed bag and flour sack fabrics will be featured in an unusual dress revue sponsored by the Sodalitas Club at the Ninth Annual Cotton Festival at 4 p. m. Saturday, Oct 15.

The collection of all occasion wear is provided by the National Cotton Council of Memphis, Tenn. to demonstrate the practicality of cotton packaging as a source of home making material. The fashions include play clothes, children's wear, street apparel and party frocks. All garments are made from 1960 McCall patterns.

## Notice

All dishes which have not been picked up at the Tate home, are at the Hedley Variety.

Mack A. Bush made a business trip to Austin last week.

## Bands Coming

The Wellington High School band will be here for the Festival parade at 2 p. m. Saturday. This is one of the better bands of the area. We are certainly glad to have them again.

The Memphis High School band, 60 strong, will be here for the Festival. This makes their ninth trip to the Festival and they will be trying for their ninth win.

The very colorful Lefors High School band will be here again. They plan to perform on the streets before the parade. Don't miss this event.

The Clarendon High School band and the Amarillo Air Force band were the first two to accept invitations. We are certainly glad to have them with us.

Other bands expected are the McLean High School band and the Khiva Temple Drum and Bugle Corps.

The West Texas State R.O.T.C. drill team will be here again, probably doubly strong. They are a very fine organization and will add much to our parade.

The Maverick Club with their tumbling team and trampoline artists will be here again. They will perform at 3:30 Saturday of the Festival. Ralph Dykeman and his boys have always been one of the feature attractions of our celebration.

## Fire Dept. Meeting

Because of a conflict with the Sodalitas Club's Halloween party, the date for the Fire Dept. ladies night has again been changed. It will be held on Monday, Oct. 24.

All fireboys who can and will are requested to help wash the streets next Wednesday night, Oct. 12.

Res. 65—3 rings

A motor oil for my farm machinery which must endure severe service because of high torque requirements, numerous and repeated accelerations, a lot of idling, and many long hard pulls. The oil in my machinery must also fight contamination from fuel dilution, dust, and the products of fuel combustion. It also has to stand up under extreme temperature variations . . . starting easily at very low temperatures and resisting "break-down" at extremely high temperatures.

### Then you want . . .

Conoco Super Motor Oil which takes all these hurdles in stride, giving you engine protection at every step. Conoco Super Motor Oil has a unique Oil Plating® additive which "plates" a durable film of lubricant onto engine parts . . . never drains down . . . gives full time protection against friction wear. The acid proofing additive neutralizes acids formed when fuel is burned in the engine and the detergent additive keeps your engines super cleaned. For the man with diesel, gasoline or L.P.G. powered equipment, who wants to stock only one oil, Conoco Super Motor Oil is the answer.

Having a particularly tough lubrication problem? Check the Conoco Green-book for solutions.

## VOTE FOR TEXAS

RICHARD M. NIXON, candidate for President, is a Californian, but he thinks the Texas way. Richard Nixon stands for:

- A strong national economy and defense so that America will not have to apologize to Khrushchev for anything;
- A sensible farm program that will attack and solve the present problems.
- Texas retaining its tidelands, and a tax policy favorable to Texas.
- Local control of our schools.

If you will read and compare Nixon's platform to that of his opponent, you will agree that a vote for Nixon is a vote for the best interests of Texas.

## Farm Facts

Of course, farmers provide us with our daily bread, as well as cotton and wool for clothing, but they are making another contribution to the American economy that sometimes is not recognized.

Farming, measured by almost any standard, is our biggest single industry and is a major customer of other industries. This industry is getting bigger instead of smaller.

In 1959 the gross income of farmers was \$46.3 billion. This was 9.7 per cent of our gross national product for that year.

With that money farmers buy 6.5 million tons of steel a year—half as much as the automotive industry uses.

They buy more petroleum than any other single industry—more than one-eighth of all the petroleum produced in the country. They use more electric power than Baltimore, Boston, Chicago, Detroit, and Houston combined. It takes \$6 billion worth of containers and packing materials to pack the food farmers raise in a year.

Last year farmers bought the equivalent of 15 billion gallons of crude petroleum, making them better fuel customers than any industry.

Citizens whose incomes amount to \$46 billion and with \$200 billion in assets, who buy from nearly everybody and sell to everybody, are important indeed to the U. S. economy.

JAUNTY—The suit-dress is a perennial fashion favorite for May-through-September wear. This version made from osnaburg bag fabric is from a loan wardrobe available for fashion show use from the National Cotton Council, Box 9906, Department X, Memphis 12, Tennessee. The skirt pattern is McCall's 5082; the jacket pattern McCall's 5336.

## Old Settlers Meeting

Old settlers are reminded that they will start registration at 11 a. m. on Friday, Oct. 14, at the Cotton Festival. The Old Settlers program will begin at 1 p. m. and last until 3 p. m.
