Giles Picnic

Yes Siree! There's going to be a Giles Picnic on the banks of Buck Creek Thursday, May 30th. The eighth annual picnic is scheduled to begin at ten o'clock that morning and continue until ten o'clock that night.

The Mayor of Giles, Lowell Houston, will dignify the festivities with his august presence, and the sheriff, Walter Johnson, aided and abetted by his able deputies, Dave Browder and Gerald Knight, will see that everything goes off in good order. Lloyd Shelton of Clarendon is giving the beef for the picnic.

Flip Breedlove and Pete Land will see that the barbecue is done to a queen's taste, not to mention a big pot of beans, onions, pickles, and bread to stick to your ribs. Pies, cakes and salads will be most acceptable should some of the ladies be inclined to contribute.

Fiddle music, community singing and some brief speeches will keep the festivities lively. And in the evening Milton Beasley with his Memphis Eight Square Dancers will entertain. Also there will be music for round dancing according to Walter Johnson, in charge of the music.

So braid your hair and shine your boots, ring your calendar and join the rest of the revelers on Buck Creek when the Giles Picnic gets under way. We'll see you there!

Insect Control Meeting

County Agent Flip Breedlove stated this morning that a cotton insect control meeting will be held at Hedley on this Friday, May 24, in the Lions Club Den. The meeting will start at 8:00 p. m. John Thomas, Extension Entomologist from the Texas A & M College Extension Service will be the speaker for the meeting. Breedlove said that one cotton insect meeting had already been held this year in connection with the Agriculture clinic in April. This meeting is to get ready for any cotton insects that might appear early and to get more information on the boll weevil.

Everyone is urged to attend and the meeting will start on time. Tell your neighbors and let's have a big crowd for this educational meeting.

GENERAL TELEPHONE TOWNS ON THE MOVE

Olney

Creates

Home-grown

Industry

When an aeronautical engineer and the business leaders of Olney, Texas, got together, a new home-grown industry was born. The product: an agricultural aircraft especially designed for crop dusting and spraying.

Now, 4 1/2 years later, Snow Aeronautical Company employs 57 skilled workers in this West Texas community of 3872, and has sold aircraft in many agricultural states of the Union and in seven foreign countries.

Success of this thriving local enter-

prise is evidenced by a plant expansion program which will double the factory size when construction is completed this Fall. It is another reason we say big things are happening in General Telephone towns.

These towns are on the move. Community improvements are under way. local resources are being developed, new businesses, new industries are coming in. If your town seeks additional information about expansion perhaps we can help. Just write our Community Development Department, Box 1001, San Angelo, Texas.
