L. E. (Dock) Yankie Announces Candidacy For Sheriff, Tax Assessor-Collector

Mr. and Mrs. L. E. Yankie of Clarendon were appreciated callers at the Informer office Saturday afternoon. While here Mr. Yankie authorized the Informer to announce his candidacy for the office of Sheriff, Tax Assessor and Collector of Donley County.

He stated that he would be unable to contact many voters until he can get around better from his recent plane accident, but hopes to see them all before the first primary. He is a native of Donley County, 48 years old, has two children and served in World War II.

"This is my first time to seek a public office of any kind, but I feel I can render a much needed service to the people of this county, and if elected, I will serve to the best of my ability and in the best interests of the residents of this county. Due to my present job, my time to campaign will be short, but I will make every effort to see everyone before the first primary election. Your consideration in my behalf will be appreciated," Mr. Yankie stated.

Safety Project

As a result of a safety project the 1919 Study Club is working on, two stop signs have been put up on the west side of town, one as you approach Highway 287 from the north, and one as you approach Farm to Market Road No. 1932 from the south.

Railroad authorities have been here and have said they will pull the dirt down at the railway crossing on this street in the near future. Thanks to those who are helping us on this safety project.

Card of Thanks

We wish to express our deep gratitude for the many expressions of sympathy, prayers, flowers and cards during the illness and death of our beloved wife and mother.

Greenbelt Dam

Last Wednesday the Texas Water Development Board, by a unanimous vote of its members, voted to participate in the \$10,300,000 loan requested by the Greenbelt Municipal and Industrial Water Authority.

The first request was a participation of \$8,200,000 to build the project and the second to purchase \$2,100,000 in water which may be bought back later.

The first request was granted at 12:50 p. m. and the second request at 1 p. m.

An early meeting is planned with the Collingsworth County Water Control District, who opposed the project, and the Greenbelt Water Authority. It is hoped that all differences between the two groups can be settled with mutual benefits to both.

Gene Allison and Clifford Johnson attended the meeting of the Greenbelt Water Authority at Childress Monday night of last week. At this meeting Dr. S. H. Townsend signed, as President of the Authority, the contracts with the member cities of Clarendon, Hedley, Childress, Quanah and Crowell.

Public Schools Week
Official Memorandum

By
JOHN CONNALLY
 Governor of Texas
 Austin, Texas

Greetings:
 Special observance of increased emphasis on our education system has been marked annually for fourteen years by a Public Schools Week in Texas.

During this period, parents are encouraged to visit the public schools, and all citizens are urged through special programs to recognize the tremendous importance of our system of education. Our goal is to make Texas public schools the finest in the Nation, and to achieve this our citizens are urged to take an active interest in the school systems and to cooperate with their school boards, superintendents, principals and teachers.

Never before in our history has there been a greater need for educated leadership. As we rush to train young people in science and technology to keep pace with world events, it is also important to remember that our public schools will furnish our leaders tomorrow with the basic human, moral and spiritual foundations necessary for more advanced training and knowledge.

Therefore I, as Governor of Texas, do hereby designate the period of March 2-6, 1964, as
PUBLIC SCHOOLS WEEK
 in Texas.

In official recognition whereof, I hereby affix my signature this 16th day of Dec., 1963
 John Connally

They matched broken hearts to find partners for the march to the refreshment table. The table was laid with a red lace Valentine table cloth and centered with a heart shaped cake. Places were made with Valentine dolls for the girls. Strawberry soda pop, heart shaped sandwiches, individual jello fruit salad and cake were served.

Those attending were Glenda Stephens, Rosemary Hefner, Linda Dickson, Cindy Saunders, Kay Sams, Susan Maddox, Carol Hill and Alice Adair Manny. Mrs. Al Manny assisted her mother with the party.

Farm Facts

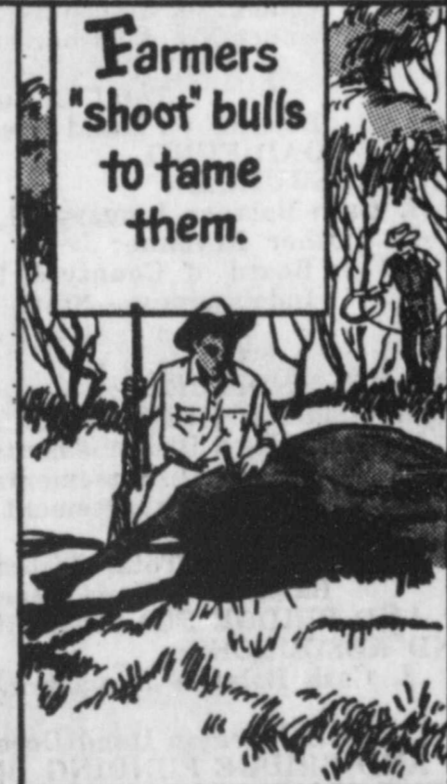

Every now and then a farmer runs across a bull or steer that is so mean he feels like shooting him. Some farmers do—with a tranquilizer dart that tames the unruly animal. It thus protects both man and beast.

The dart is a plastic syringe encased in metal and loaded with nicotine. It's fired from a special air rifle that loads like a single-shot shotgun and is powered by a compressed air cartridge.

Farmers, ranchers, zoo keepers, veterinarians, and big-game hunters use the rifle. They can fire it from as far as 75 yards away and score an effective hit, but best results are obtained from a distance of about 35 yards.

When the dart strikes the animal, a small compressed air cartridge is activated and the nicotine is injected into the bloodstream. In a few minutes the bull will stagger and then drop to the ground, paralyzed. Then the farmer can administer medicine that the animal may need.

The treatment is relatively painless for the animal. It appears to suffer little, either

from the dart or from the dose of nicotine. Within an hour's time, the bull will be grazing contentedly as if nothing had happened, and science will have helped the farmer solve another knotty problem.

Vehicle Inspection

Motor vehicle inspections are lagging behind with less than thirty per cent of the required vehicles in Region 5 displaying a 1964 inspection sticker, according to Captain Alan Johnson, Motor Vehicle Inspection supervisor of this area for the Texas Department of Public Safety.

'With the deadline for obtaining inspection stickers drawing near only 32 per cent of the vehicles in Donley County have been inspected,' the Captain said.

'If this trend continues, vehicle owners can expect to have to wait in line in order to get their vehicles inspected by the April 15 deadline,' he said.

Jimmie's Garage is the local inspection station.
