NO. 35

A. S. C. News

New Grower Wheat Allotments

July 1, 1965, is the final date set for filing an application for a new grower wheat allotment. To be eligible for such allotment, neither the owner nor the operator of the farm for which the application is filed can have an interest in a wheat allotment anywhere in the United States. Also, the operator must expect to obtain at least 50% of his livelihood from the commodities produced on the farm.

Price Support Loans

The county loan rate for wheat produced in Donley County in 1965 is \$1.25 per bushel subject to premiums and discounts. The service charge is one half cent per bushel.

The grain sorghum loan rate of \$1.63 per cwt. is available to all producers complying with the feed grain program. The service charge for grain sorghum is one cent per cwt.

Measurement Service

The measurement service is available and will be performed upon request of the farm operator or other producer and payment of the cost of the service. Services will include: (a) Staking and referencing prior to regular compliance determination and prior to adjustment, (b) measurement of crop or land use acreage before regular compliance (c) establishment of official acreages for fields and subdivisions and (d) determination of total cropland.

If you are interested in any part of the measurement service, contact the ASCS County Office.

The next meeting will be with Juanita Waddell on June 24.

The Hollie Byers family have returned from a trip to Greenville, Ohio.

Explorer Scouts

A group of Explorer Scouts made an unusually enjoyable trip last Friday. They made a trip to Amarillo Air Force Base, toured the base and had lunch in a mess hall, then boarded a C54. They first went over the new Lake Meredith, then came over Groom, Clarendon, Lelia Lake and Hedley, which was a special treat for the boys seeing their home town from the air.

Making the trip were Explorers Ricky Skaggs, Troy Allison, Richard Shaw, Larry Altman, Danny Drum, Johnny Heggatt and Wendell Hansard. They were accompanied by Rev. Bob Estes, advisor Eugene Allison and Roy Hunter.

LIONS ROAR

Lions International Councilor Boyd Meador of McLean will install the new officials of the Hedley Lions Club at next week's meeting June 24th. We don't know whether he will travel the new road or not.

Attendance wasn't very good at last week's meeting but Mrs. Nivens' roast beef was extra good. All members will be notified for our next meeting and we hope to have a good crowd to hear Lion Meador. Eating time is 7:30 p. m.

Accident Report

There were six rural accidents in Donley County during the month of May, according to Sergeant J. W. Wilson, Highway Patrol Supervisor of this area. These crashes resulted in one person injured and an estimated property damage of \$3,670.00.

The rural traffic accident summary for this county for the first five months of 1965 shows a total of 25 accidents resulting in no persons killed, five persons injured, and an estimated property damage of \$12,595.00.

Mr. and Mrs. Paul Alexander of San Clemente, Calif., visited in the Ross Springer home last week. Mr. Alexander is a brother of Mrs. Springer.

Storm Warning

Since the tornado season is with us again, it is time to remind everyone of the signals sounded by the fire siren. One blast of the siren indicates a fire, two blasts are to call the department together, and three blasts indicate a storm.

Three blasts do not necessarily indicate that a tornado has been sighted, but they do mean that everyone should watch the clouds and take whatever action seems to be necessary.

DPS Positions Open

"Due to a man power shortage in the uniform services of the Texas Department of Public Safety, applications for the position of patrolman are now being accepted until July 6," Sergeant J. W. Wilson, Highway Patrol Supervisor, has announced.

Examinations will be given throughout the state on July 14 and July 15. The four month training school will begin on August 31 at the Texas Department of Public Safety Law Enforcement Academy in Austin.

Young men between the ages of 21 and 35 that are interested should contact the nearest Texas Department of Public Safety Patrolman or office for additional information.

Agricultural Conservation Program

We are nearly halfway through our ACP year for 1965. My how time flies! The budget is exhausted at the present time although there will be some funds come back through cancellations and under earnings on practices already approved. Priority will be given to long-term conservation practices until such time that we may receive additional funds. Funds available above the need for permanent practices will be used on a first-come first-serve basis.

Yields

The County Committee, assisted by the Community Committees, are working on county ex-

pected yields. We expect to have our report submitted to the State Office on or before June 18. We do not know at this time what effect this will have on our County yields but we are required to get this done.
