VOL. 55

HEDLEY, DONLEY COUNTY, TEXAS, JULY 16, 1965

NO. 39

## Butler-Stone

White gladioli and mums decorated the altar of the First Baptist Church in Borger for the recent wedding of Miss Pamela Jean Stone, daughter of Mr. and Mrs. Ervin V. Stone, and Royce E. Butler of Amarillo, son of the late Mr. and Mrs. A. R. Butler of Hedley. Rev. Joe Dee Ray, pastor, performed the double ring nuptial service.

Given in marriage by her father, the bride selected a formal wedding gown of bridal satin with a fitted lace bodice featuring a scalloped V-neckline and tapered sleeves. The full pleated skirt extended into a chapel train. Her fingertip veil of illusion was secured to a crown of seed pearls and she carried a white Bible crested with a white orchid and roses.

Miss Patricia George was maid of honor and Miss Georgia Jordan was bridesmaid. Alvie Ray Butler of Amarillo was best man for his brother. Joe Rucker of Allison was groomsman and Mickey Bannister and Eddie McCracken, both of Amarillo, ushered.

Traditional wedding selections were presented by Mrs. W. R. Weddington, organist, and Miss June Stages, vocalist.

After a brief wedding trip Mr. and Mrs. Butler are residing in Amarillo. The bride is a graduate of Borger High School. A graduate of Hedley High School, the bridegroom attended Clarendon Junior College and is employed with Southwestern Public Service Co. in Amarillo.

Attendance was very poor at last week's meeting but some much needed business was taken care of. The Club voted to have the weeds out in the back of the Lions Den and the spot cleaned off.

Lions Alva Simmons, Hobart Moffitt and Clifford Johnson were appointed as a street improvement committee to investigate the crossing near the old depot site

### SBA Loans

Effective July 1, the Lubbock office of the U. S. Small Business Administration has full authority to approve direct loans of up to \$100,000 and loans in participation with banks of up to \$350,000, according to SBA Regional Director Jack Teddlie.

The regional office also has authority to handle servicing of accounts including extension of terms or other actions necessary, Mr. Teddlie explained.

"This is the result of decentralization of SBA to bring the decision-making closer to the businesses being aided and to speed service," Mr. Teddlie explained. "In addition the agency expects to save \$27 million a year starting in fiscal 1966 by eliminating duplication of paperwork in Washington and the 68 regional offices and from continued improvement in employees work performance."

**Loans Available For Senior Citizens**

Elderly people, if they live in rural areas, need not give up the idea of buying, building or repairing their homes on credit.

This word comes from Claude Moore, Farmers Home Administration county supervisor, serving Armstrong, Gray and Donley Counties

Moore said citizens who are 62 years and over, living in a rural community of 2 500 or less, may be eligible for a 33 year loan bearing 4 percent interest to buy an older home or build a new one.

The FHA supervisor said elderly residents may also be eligible for smaller loans for home repairs

Mrs. Gene Bolin underwent surgery again in Amarillo Monday, and was in very critical condition at press time.

On days when the heat is unbearable, people go to the lakes or beaches to be cool and comfortable. The cool breeze of the lake or sea shore is air in motion that has been cooled by the process of water evaporation. This same process is created by a Paramount Evaporative Cooler. The large squirrel cage blower continuously pulls outside air through wet redwood filters thereby lowering the temperature through evaporation of water in the filters. This cool, fresh, filtered air is then directed into the area to be cooled.

Some of the advantages of a Paramount Cooler are:

- Low cost of equipment, operation and maintenance
- Quick and easy installation
- Maximum comfort at all times
- 100% fresh, cooled, filtered air
- Fresh air ventilation, without cooling, for spring and fall—just turn off the water

See the Paramount DeVille evaporative cooler at your WTU Showroom.

Normal installation FREE for WTU residential customers.

**Storm Warning**

Since the tornado season is with us again, it is time to remind everyone of the signals sounded by the fire siren. One blast of the siren indicates a fire, two blasts are to call the department together, and three blasts indicate a storm.

Three blasts do not necessarily indicate that a tornado has been sighted, but they do mean that everyone should watch the clouds and take whatever action seems to be necessary.

In many of our towns, fire protection comes from a volunteer fire department. An effective communications system summons these volunteers by ringing all members' telephones at the same time. What's more, it is a distinctive ring which means "FIRE!" and brings firemen on the run. Here is another example of how Communications becomes a Tool for Progress—a communications service of great value to every town with a volunteer fire department.
