

WEDNESDAY, OCTOBER 5, 1966

Bovina, Texas

VOL XI, NO. 14

WHITTLIN'

By DOLPH MOTEN

The quietness of Texas Tech football fans is deafening since the Red Raiders' defeat at the hands of the Fightin' Texas Aggies Saturday night.

We predicted in this space last week that A&M would win the game, but frankly, we were surprised at the lopsided score. Needless to say, the A&M win was a satisfying one for this department even if our Red Raider fan friends are shunning us like they owed us money . . . which, of course, they don't.

Surely, the hurt will be healed by time and things will return, some day, to normal.

The Republican Party is gambling all of its resources and energy on the United States Senate race, according to the newsletter of Waggoner Carr, the Democratic candidate for the Senate post.

"If you're not John Tower you are not welcome to run for an office on the Republican ticket," Carr reports.

Other statements made by Carr on this subject, include these:

"The GOP is putting all of its eggs in one basket for this race, discouraging members of its Party from running for office and banking its entire future on a Tower victory.

"If you think this isn't true, consider this: There are only six Republican candidates for Congress this year. In 1964 there were 23. There are 42 Republicans running for the Texas Legislature this time. Two years ago there were 94.

"The Republican hierarchy has successfully persuaded most of its potential candidates to get out of local and state races in order that all the money and the workers may be used to get Tower re-elected.

"It must be discouraging to have your own party keep you from running for office.

"On the other hand, there is room for everybody in the Democratic Party. We have a big party, and every faction has the right to be heard or to run for office.

"We can work together, and we shall work together, and I earnestly solicit every Democratic Party vote."

One of those six Republican candidates for Congress which Carr mentions is running in this district, of course, it appears now, though, that his efforts will prove to be as futile as will Tower's.

Dee Miller, the Democratic Congressional candidate, is waging a good campaign and will probably be named by the people of the district to take over Congressman Walter Rogers' position.

You'll notice that the Republican candidate doesn't bother to mention his party affiliation in his advertising. Tower, doesn't, either, as we've pointed out here before. The reason for this, obviously, is to attempt to pick up Democratic votes, to which they aren't entitled.

Tower was elected, you'll remember, over Bill Blakley, the Democratic candidate who had little appeal to Texas Demos. The Republican senator can expect much stiffer competition from Carr, who is seeking the Senate seat as a promotion in an already-successful political career.

Carr is from Lubbock, which should be reason enough for our immediate area to throw its support behind him. He began his political career in Lubbock County. Then, he was elected to the state legislature and eventually became Speaker of the Texas House of Representatives. Then, Carr was elected Attorney General of the State.

Senior students in Mrs. Pat DiCuffa's English class have been writing about the country's two major political parties, we understand.

We hope to publish one or more of the reports in The Blade when they are completed. They should be interesting, we think.

Football fans from here who went to the Plains game Friday night were complimentary

(Continued on Page 2)

At First State Bank --

Deposits Show Continued Gain

Total deposits at the First State Bank of Bovina at the close of business on Sept. 20 was \$1,668,008.82, or almost \$11,000 over the report made last year a month later on Oct. 13.

Since the call was made Sept. 20, deposits are up about another \$50,000, according to Alfred L. Moody, First State Bank cashier, which would be about \$60,000 over this time last year.

On Oct. 13, 1965 deposits were \$1,657,782.39.

The peak reached during the last year was on Dec. 31, when the report of condition showed deposits of \$2,055,837.35.

On June 30, of this year deposits totaled \$1,563,421.09,

over a hundred thousand below the quarterly report made this week.

With the harvest season underway, deposits are expected to continue to rise, Moody said.

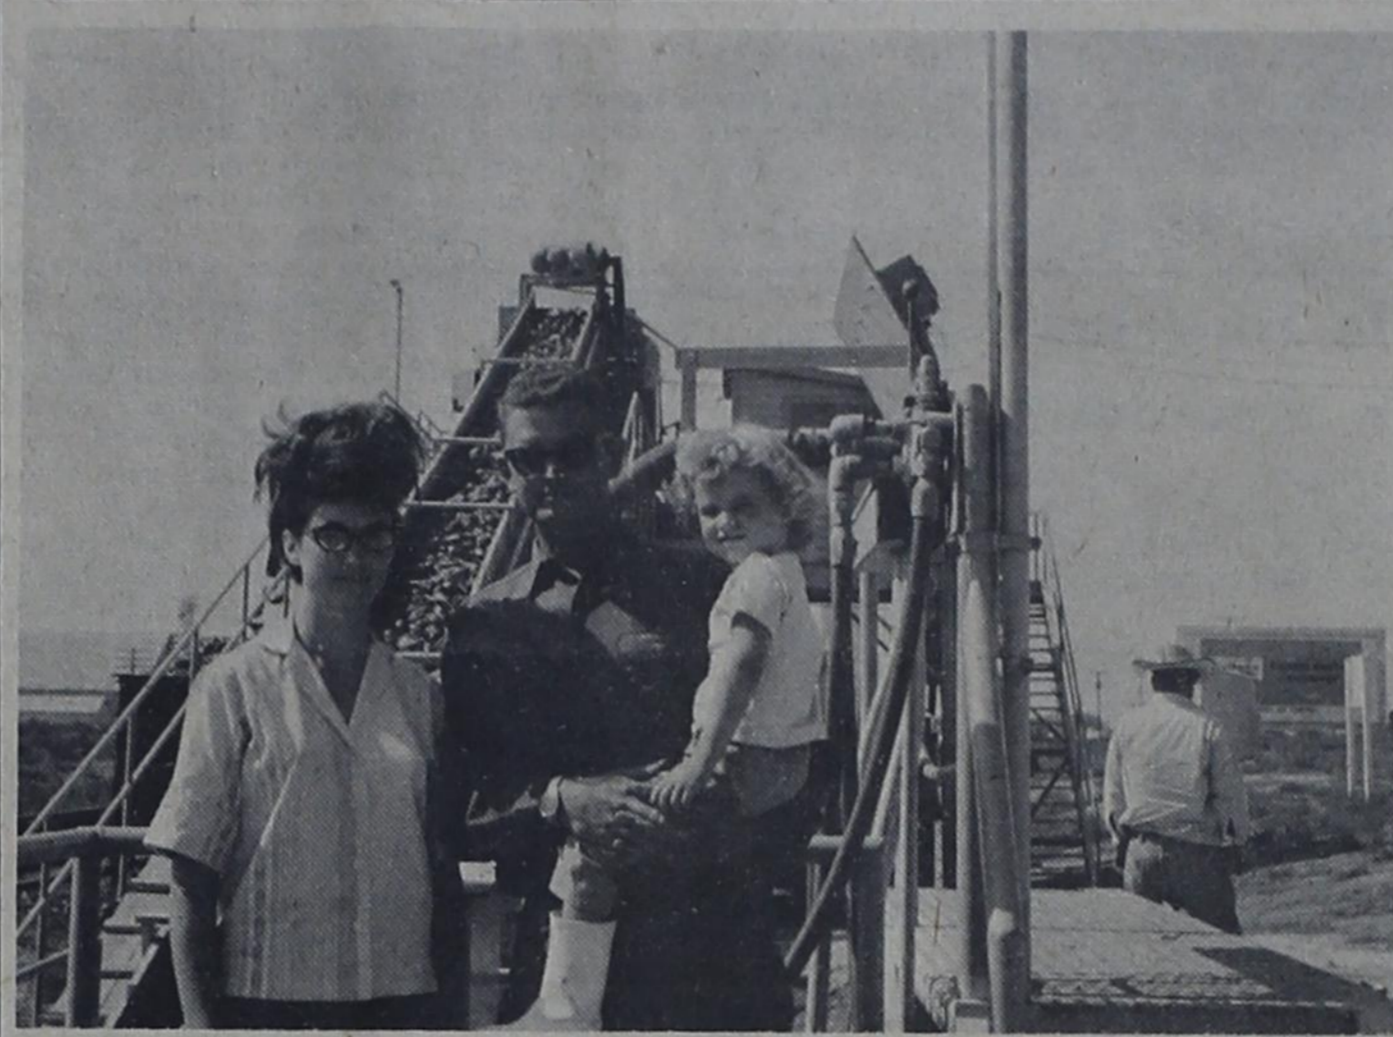

Weather by Willie

Tuesday morning, the temperature here was 28 degrees.

Cold, but dry, rest of week . . . unless Inez lasts a few more days.

---Willie

Don't forget to register your guess on First Freeze.

FIRST LOAD OF SUGAR BEETS -- Mr. and Mrs. Johnny Rucker and daughter, Schree, are standing before the loading ramp at the Bovina station of Holly Sugar Corporation as beets are being unloaded from a truck. Rucker has brought the first load of sugar beets in to Bovina the past two years. He farms near the Rhea community.

October 15 --

First Freeze Deadline Set

A deadline has been set for entering the second annual First Freeze Contest. Entries will be accepted until Oct. 15.

This week eight predictions had been received by The Blade. Anyone may enter the event. Only requirement is that a date be predicted for the first freeze. The first frost does not count, according to W. E. Williams, who will judge the event again this year.

Average freeze date for Bovina is October 31. However, it has been much earlier and last year a freeze did not come until Nov. 27, the date named by Charles Smith, last year's winner.

Winner will receive a \$5 first prize, in addition to being named "Bovina Champion First Freeze Predictor of 1966."

Last week The Blade announced that the deadline would be the date of the first freeze. However, this has been amended because of available weather reports which usually warn of the approaching freeze.

Entrants may write their prediction on a post card and mail it to Bovina Blade, or may bring it by the office any week day. Only one prediction per person will be accepted.

Rucker Delivers First Load --

Third Sugar Beet Harvest Underway

Johnny Rucker, who farms in community, brought the first load of sugar beets to the Holly

Sugar Corporation's loading station in Bovina Wednesday morning, when stations near

Clovis, Friona, Dawn all opened for the fall harvest. The weigh station here re-

ceived 35 loads the first day, according to Mrs. Glenn Hromas, office bookkeeper in Bovina.

Sugar content of Rucker's beets was 13.90 per cent, lower than usual but the highest content loaded that day.

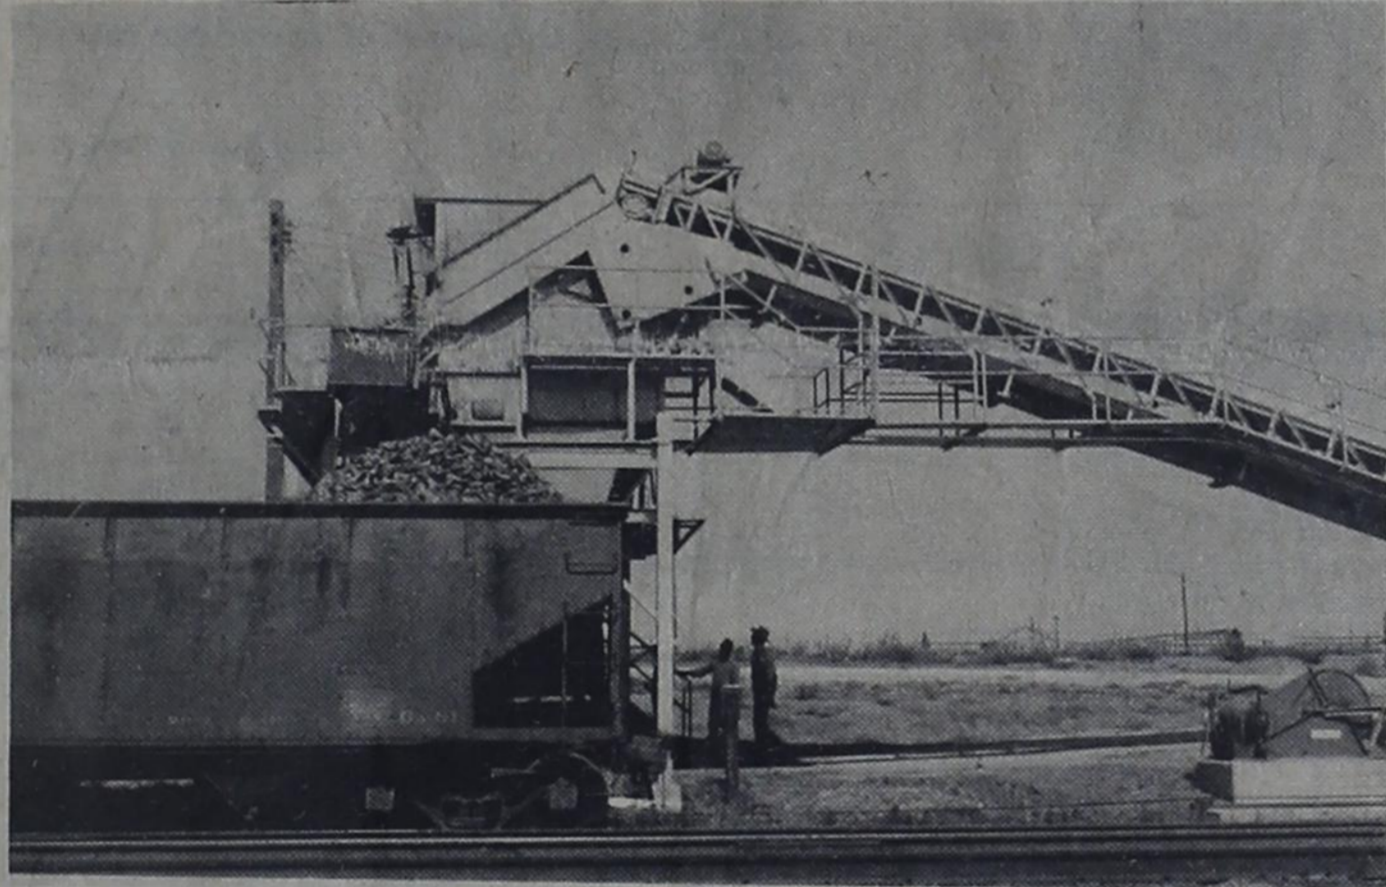

D. W. Lillie, manager of the Hereford district of Holly, said that a bumper crop is expected again this year, as the corpor-

ation begins its third year in operation in the Western Panhandle-New Mexico area. Predictions of 20 to 20.5 tons per acre have been made for the nearly 30,000 acres of beets being raised under contract with Holly Sugar, Lillie said. This is the average of the past two years, he continued, and sugar content has been very high, averaging about 16 per cent.

Beets are being loaded onto freight cars at the weigh stations and taken by rail to the Holly Sugar plant at Hereford. About 400 persons will be employed there this fall, Lillie said, and estimated harvest will be completed about Dec. 15, the original campaign finished the middle of January, and the processing of store molasses taking 40 additional days.

Rucker brought in four loads Wednesday morning from the 65 acres he is raising on his 320-acre farm. He also raises wheat and milo.

Last year, the Holly plant processed an average of 6,087 tons of beets each day, Lillie said. Original capacity of the plant was estimated at 6,000 tons per day.

LOADING THEM UP -- Sugar beets are being released from the loading ramp into a freight car in Bovina as they travel from truck to rail in a matter of minutes. After a trip to Hereford, the beets will soon be processed and ready for grocery store shelves across the nation.

Lead Changes --

Mrs. DiCuffa Wins In Football Contest

Mrs. Patricia DiCuffa was a Bovina Business Cotton Bowl Football Contest winner for the second week in a row, picking eight winning teams this week and only missing the tie-breaking score by five points. Last week she tied for second.

Close behind the winner was Bill Bennett of Dimmitt, who picked the same number of winners and missed the tie-breaker by six points, and Mrs. Ruby Wilson who won third by being seven points off the tie-breaker.

The three won \$5, \$3, and \$1 respectively.

Mrs. DiCuffa and John McFarland, who hasn't placed in the contest at all this year, are in the lead for the Cotton Bowl trip with 28 points each. They passed Tom Bonds, who has previously been leading, Bonds, Lanny Pullig, Mrs. Patsy Sherrill and Glenden Suddarth each have totals of 27.

Twelve contestants out of 166, picked eight winning teams this week; 31, seven, 52, six; 44, five; 19, four; seven named three; and one person picked two correctly.

Choosing eight of the winners, other than the three named above, were Randy Jones, Wayne Davies, Albert Johnson, Mrs. Albert Johnson, both of Farwell, Roy Hawkins, John McFarland, Stephen Sherrill, Leon Ware, and Jack Newton of Hereford.

The 31 naming seven winners are Lanny Pullig, Eldon W. Smith, Charles King, Don Reeve

of Friona, Joyce Read, M. H. Carson, Leroy Lance, Mrs. F. R. Burnett, Furne Harris, Jeanne Kerby, Little Al Kerby, Gene Riley, Earl Richards, Bill Askman of Clovis, A. M. Wilson, Jerry Don Morris, Dixie Carson, Flossie Rhinehart, Bruce

Caldwell, Glen Hromas, Bill Caldwell, Doyle Merrell, Lou Nuttall, Lowell Boozer, A. L. Nuttall, Ronnie George of Friona, Paula Tarter, Joe Tarter, Bobbie McFarland, Mrs. Bill Malcom of Tulia, and Rex Cumpton.

PUTTING ENGLISH ON THE FOOTBALL -- Mrs. Patricia DiCuffa, who won the Bovina Business Football Contest this week, is convinced that one does not have to be a coach to pick the winners. The high school English teacher has won prize money the past two weeks.

Charter Bus To Cowboy, Tech Games

A chartered bus will leave at 7 a.m. Saturday for Fort Worth and Dallas, where some Bovina sports fans will see two football games.

About 20 people had signed up Tuesday morning, according to Otis Spears, and 29 are needed to fill the bus. Anyone wishing to make the trip is asked to contact Gene Ezell.

The bus will go to Fort Worth Saturday and fans will see the Texas Tech-TCU game. After spending the night there, they will go to Dallas on Sunday for the Dallas Cowboys-Philadelphia Eagles game and return to Bovina Sunday night.

Other details may be obtained from Ezell.

Automobile Inspection Underway

Vehicle owners may now have their automobiles inspected for 1967, according to Grady Hall of Grady's Garage, Bovina's inspection station.

The annual state inspection period began in September and will end April 15, 1967.

Motorists are urged to have their vehicles inspected during routine visits to garages. This will eliminate the need of having to wait in line later for an inspection sticker, Hall pointed out.

Federal Program --

22 Adults Register In Education Class

A new program in education began in Bovina Schools Monday night as 22 adults registered to attend the classes offered here under sponsorship of the

federal government, according to Tom Templeton, elementary principal.

The school classes are being offered those adults who have

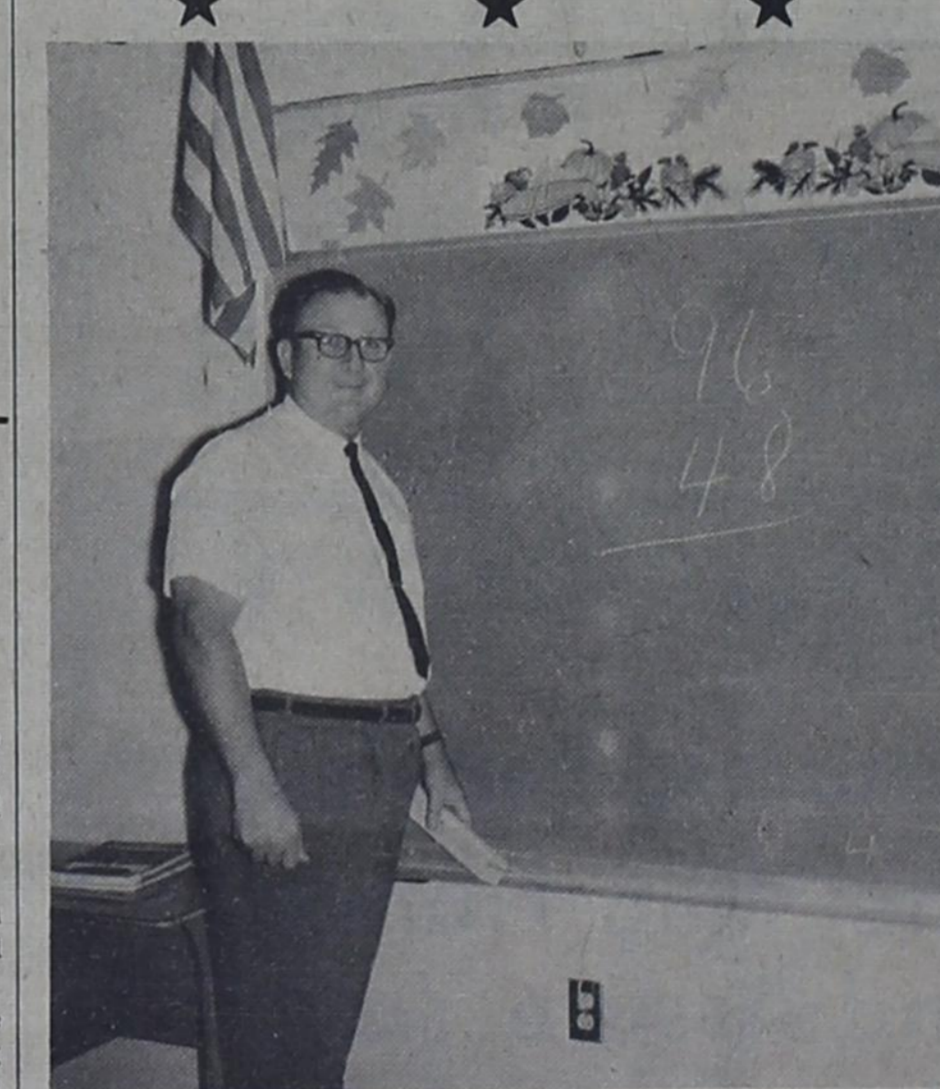

not completed the sixth grade. Instructor is Jay Boothe, Bovina elementary teacher.

The class will meet from 7:30 until 10 p.m. each Monday and Tuesday. If additional adults register, the class will probably be split into two classes, Boothe said.

Several educational levels have already signed up, Boothe continued. Some have not had any education at all, some do not write and others have completed school through fifth or sixth grades.

The basic courses will include reading, writing, mathematics and citizenship, Templeton said. There is no charge as costs are paid by the government program, and anyone desiring to enroll may do so if he has not finished the sixth grade.

A minimum of 120 hours is required for the adult education course.

NEW PROGRAM -- Jay Boothe, fifth grade teacher in Bovina Schools, is conducting the classes in the adult education program, financed by the federal government, which began here Monday night.

Seal Coat Set For Hwy. 60

The Texas Highway Commission has approved the spending of \$142,400 for highway safety and betterment and improvement of the farm to market road system in Parmer County during 1967, District Engineer Oscar L. Crain of Lubbock has announced.

He said a total of 38.4 highway miles in the county will be involved. Work will be under the supervision of James King, district maintenance engineer.

The work is part of the Highway Commission's combined 1967 Farm to Market Road Improvement and State Highway Safety and Betterment Program.

The safety and betterment portion of the program will cover 38.4 highway miles in Parmer County and cost an estimated \$142,400.

(Continued on Page 10)

Over 100 Members --

Boosters Launch Events For Fall

Over 100 memberships have been sold for the Mustang Booster Club in the drive that began last week, Roy Allen, secretary, says.

Memberships are \$5 per couple and may be purchased from any Mustang Booster. The organization was expanded to include wives or other interested ladies recently.

Donations of \$1 are also being accepted by the Boosters for a pump shotgun that will be given away during halftime activities of the homecoming game on Oct. 21, Allen announced.

Other plans include pie suppers on Oct. 14 following the Bovina-Sudan game and on Oct. 21 after the Bovina-Springlake homecoming game.

Couples were recently elected officers of the organization. Mr. and Mrs. J. D. Kirkpatrick will serve as president; Mr. and Mrs. Allen cumpton as vice president; and Mr. and Mrs. Allen, secretary.

The Mustang Booster Club has met the past two Tuesday

In Bovina Area --
Vegetables Crop About Average

Vegetable harvest is almost over here, according to Charlie Flynn, owner of Gateway Produce Co. in Bovina, who feels that this year's crop is "a little better than average."
 Five Parmer County farmers raise vegetables for the packing plant here, although Gateway raises most of the commodities, Flynn said.
 At the peak of the season, Gateway employed 300 people to sort, pack and ship the vegetables to many areas. A total of 14 commodities are handled at the Bovina produce company, which specializes in shipping mixed loads, Flynn continued.
 In spite of hail and untimely rain, some of the commodities were good although some were also bad. However, the market was good this year, Flynn said. He has been in Bovina eight years.
 Average loads shipped from Bovina each year is about 1000 and this year Gateway has shipped approximately 800, the owner reported.

No Injuries In Accident

A car-truck collision near Sherley Grain Co. on U. S. Highway 60 resulted in damages to both vehicles Monday afternoon.
 The accident occurred between 3 and 4 p.m., when a truck, driven by Demos Vargus and owned by Donald Christian, collided with a car driven by a Clovis woman as the truck attempted to turn into the elevator drive.
 Neither driver was injured. Both vehicles were damaged, witnesses said, but no estimates were available.
 The accident was investigated by City Marshall Bill Denney and Deputy Sheriff Henry Minner.

Whitlin' --
 (Continued from Page 1)
 of the fine athletic facilities which the South Plains town has.
 Maybe they were envious, too.
 We'll take the LA Dodgers to win the World Series in six games or less. Their superior pitching should be the difference, according to our way of thinking. The Baltimore Orioles have an outstanding team and might even be better than the Dodgers except for the pitching.

Reflections From The Blade

10 YEARS AGO
OCTOBER 10, 1956
 Many more people than usual were on hand Saturday afternoon to get in on the first Boost Bovina Day. The program is scheduled to be held each Saturday.

It's just a matter of time, city officials, who are in a position to know, say, until Bovina's sewer system will come headon with a financial crisis.
 A touchdown was scored in each quarter at Hart as the Bovina Mustangs picked up their first win of the 1956 season by a score of 19-7.
 Members of Bovina Thifty Club gathered Wednesday afternoon for a regular meeting. The group spent the afternoon making cutpawls and pillowcases for the hostess and doing handwork for themselves.
 Bovina junior 4-H Club met Sept. 27 for the purpose of organizing for the coming year. Dickie Clayton was elected president of the group, and the following officers were elected to serve with him: vice president, David Lowrie; secretary, Ken Horn; pledge leader, Ronnie Sudderth; and reporter, Gary Stevenson.
 Bovina Fire Department will sponsor a fire prevention poster contest among local grade school students this week. Prizes will be awarded to winners, Roy Fuller, fire marshal, has announced.
 Patsy Lloyd, 10-year-old daughter of Mr. and Mrs. Travis Lloyd, was honored Saturday with a birthday party in her home.
 Partly emerging from a long-time slump, Parmer County again ranks among the top counties of the High Plains Water District in irrigation well drilling.

SIX YEARS AGO
OCTOBER 5, 1960

Auditor's report for the fiscal year ending Aug. 31 for Bovina Schools has been completed. The report shows the school system kept well under its budget of \$212,423.
 Bovina Business Cotton Bowl Football Contest received its first perfect entry last week. It belonged to Billy Richards, Bovina student at West Texas State College, and earned him the weekly prize of \$5.
 Bovina's new football scoreboard was used for the first time Friday night for the Bovina-Boys' Ranch football game.
 St. Ann's Catholic Church will erect a rectory adjacent to the church here, a church member announced last week.
 Darrel Read, son of Mr. and Mrs. Nar Read, enlisted in the Army National Guard recently. He left Saturday for Fort Ord, Calif., where he will receive basis training.
 The injury-riddled Bovina Mustangs will probably go to the post Friday night without the services of starting backs, Roger Ezell and Buddy Turner.
 Kay Looney, daughter of Mr. and Mrs. Howard Looney, was installed as Worthy Advisor of the Order of Rainbow for Girls Monday evening at Masonic Lodge Hall.
 Parmer County's commissioners court last week approved a \$250,310 budget for the 1961 calendar year.

Marriage Licenses Issued

Three marriage licenses have been issued from the office of the Parmer County Clerk in the past few days. A license was issued to Walton Everett Dixon and Elsie Louise Clifton on Sept. 20; on Sept. 29 to Donald Ray Busby and Neoma Ruth McGarry; on Oct. 1 to George Willis Watts and Zelda Joyce Marshall.

 nights when films of the Friona and Plains games were shown and discussed by Coach Roy Stone, who also gave the previews of the games coming up.
 In previous years only men attended the film sessions, members say, but these are now open to women as well. Meetings are held each Tuesday night.

Know The Truth
 By Lavern Stewart

Souls are saved by Gospel preaching, 1 Cor. 1:21. In the first century miraculous faith came by the direct influence of the Holy Spirit, 1 Cor. 12:9; however, now there is but one source of "saving" faith -- that is by hearing the Word of God, Romans 10:17. Cornelius saw an angel, yet he still had to send for Peter who would preach to him the Gospel. The words that Peter would speak to him were called "saving" words, Acts 11:14. Later Peter said that he preached the Gospel to Cornelius, Acts 15:7. Saul of Tarsus even saw Jesus, yet he still had to learn what to do to be saved, Acts 9:6. "And he trembling and astonished said, Lord, what wilt thou have me to do? And the Lord said unto him, Arise, and go into the city, and it shall be told thee what thou must do." When the answer came to Saul it was to arise and be baptized and wash away his sins, calling on the name of the Lord, Acts 22:16.

All of the above can be understood in the light of Mark 16: 15, 16, "And he said unto them, Go ye into all the world, and preach the gospel to every creature. He that believeth and is baptized shall be saved; but he that believeth not shall be damned." The first time the apostles obeyed this command is recorded in Acts chapter two. A great multitude came together and were convicted by the preaching. When they gave evidence that they believed the message preached by their asking what to do, they were told to repent and be immersed in the name of Jesus for the remission of sins, Acts 2:36-38. These were saved by Gospel preaching.

Come and meet with us at the Bovina Church of Christ. Examine what we preach, if it is the Gospel you must accept it, but if it is some doctrine of men you must reject it and inform us correctly.

Tax Statements Mailed By City

City tax statements were mailed to Bovina citizens Friday and are due immediately, according to Mrs. Mary Ruth Martin, city secretary.

Payments may be made at City Hall. Taxes do not become delinquent until Jan. 31, 1967, Mrs. Martin said. Those paying taxes in October will receive a three per cent discount; in November, a two per cent discount; and one per cent discount in December. Those waiting until January will be required to pay the full amount. Total city tax assessment, personal and real, this year is \$2,210,784.10, Mrs. Martin reported. A total of 533 statements were mailed, but this number does not represent that many taxpayers, she continued. Some personal and real taxes must be separated since loan companies take care of the taxes on some property.

Board Recommends No Diet Changes

By Cricket B. Taylor
There is a great deal of discussion these days about fat in the American diet. There is also a lot of unsound advice given by unqualified people. With heart disease on the top list of killers in the nation, where can one go for sound information? The best source of information comes from research. The Food and Nutrition Board of the National Academy of Sciences is the best authoritative source. Here is what they say:

Moderate reduction in total fat intake and some substitution of polyunsaturated for saturated fat may be indicated for many Americans. So says the Food and Nutrition Board of the National Academy of Sciences.

This recommendation was made in spite of the fact that present evidence on the connection between dietary fat and cardiovascular diseases is not sufficient to justify radical dietary changes. This was a major conclusion in a report which re-

views the role of dietary fat both in human nutrition and as a factor in atherosclerosis and its complications, particularly coronary artery disease.

Any adjustments in the amount and kind of fat consumed must be judged on an individual basis, the report indicates, taking into consideration consequent changes in caloric and nutrient intake.

Besides contributing to palatability and satiety, researchers say that fats play a vital role in nutrition. They provide energy, important vitamins, and fatty acids essential for growth and reproduction. Any drastic reduction in fat consumption would alter the body metabolism in unpredictable and possibly hazardous ways.

Until more is learned about which fats are desirable nutritionally, the board recommends that the American consumer partake of the foods that make up a varied, adequate and not overly rich diet and maintain a normal body weight by controlling caloric intake and by daily exercising.

USAF SENTRY DOGS SET FOR STATE FAIR MILITARY SHOW

LOOK MA, NO CAVITIES!—but one of these dogs can open up a big hole in any crowd. A team of trained sentry dogs will demonstrate their military usage and capability as part of the giant Military Tattoo Friday evening, October 14, in the Cotton Bowl at the State Fair of Texas. Overall dates of the 1966 "Exposition of Young America" in Dallas will be October 8 through 23.

SPLITTING LOGS—If you are camping in the woods and have only an axe available to split a log with, make several hardwood wedges and use them like the pioneers did.

Make a slit in the log, then hammer in the wedges deeper and deeper as the log splits open.

PARMER COUNTY'S FINEST

BETROTHED -- Mr. and Mrs. Earl Wiseman, Hobbs, announce the engagement and approaching marriage of their daughter, Betty Ann Richey, to Jerald Robert Goyer, son of Mr. and Mrs. Webb Goyer of Farwell. The couple will exchange wedding vows Nov. 5, 7 p.m., at the Northside Baptist Church in Hobbs. The bride-elect is a graduate of Hobbs High School and attended South Plains Junior College. She was employed as company supervisor for three years at the Hobbs Flare, a weekly newspaper. Her fiancé is a graduate of Farwell High School, attended South Plains Junior College and Texas Tech. He is a second lieutenant in the National Guard and is employed by Litron Industries in Lubbock. Friends of the couple are invited to attend the wedding.

Of Interest To ★ THE WOMEN ★

Monday Night --

Girl Scouts Plan Community Meeting

A Girl Scout community meeting will be held at 8 p.m. Monday in the First State Bank of Bovina and all parents and citizens interested in the local program are urged to attend.

Two ladies from the Caprock Council in Lubbock, headquarters of area Girl Scouts, will be in Bovina to explain the program, according to Mrs. Ann Corn and Miss Pat Simons, who have been instrumental in organizing the program here.

A 25-minute film titled "Girl Scouting" will be shown by Mrs. Beck and Mrs. Sugarek of the Caprock Council, Mrs. Corn said.

Leaders wish to acquaint the community with the purpose of Girl Scouts and outline the objectives, requirements, and other phases of the work.

Two troops have been organized in Bovina, a junior troop of which Miss Simons is the leader, and a Brownie troop of which Mrs. Tom Bonds is the leader.

The junior troop is composed of girls in the fourth, fifth and sixth grades while the Brownies is for second and third grade girls.

The two troops have met three times, once each week, in Bovina Church of Christ. Girls wishing to join a troop may contact the leaders.

PCTA Members Hold Dinner Meeting Here

The Parmer County Teachers Association met in Bovina Monday night for its first meeting of the school year.

A dinner was served the group in the schools cafeteria. Teachers attended from Friona, Farwell, Lazbuddie and Bovina.

Frank Pollard of Dimmitt was the principal speaker.

Entertainment was provided by Patrick Stewart, violinist, accompanied on the piano by Zelda Donaldson.

Fred Wilbanks, elementary principal from Lazbuddie, is president of the county-wide organization this year, succeeding Richard Roberts who remains on the executive board as past president. Mal Manchee of Friona is vice president; Mrs. Sam Barnes, Lazbuddie, secretary; Mrs. Iola Hise of Bovina, treasurer. Mrs. Roger Ezell is the Bovina program committee member.

FHA Mother-Daughter Salad Supper Held

The Mother-Daughter FHA Salad Supper was held in the Bovina schools cafeteria Tuesday night, Sept. 27, when about 95 persons attended.

The mothers furnished the salads and also held several contests.

Margaret Jo Venable and Sharon Pierson presented a duet and Bennie McCain also presented vocal numbers. Mrs. Doris Wilson accompanied them at the piano.

Theme of the event was "The Garden Spot." The cafeteria was decorated with trees, grass, and vegetables grown in Bovina and lawn chairs.

Winners of the various contests were Mrs. Elton Venable, purse weighing the most; Mrs. Thomas Beauchamp, mother who made own dress; Mrs. William Gromowsky, youngest mother; Mrs. Leslie McCain, most fashionable mother; and Mrs. Pat Kunselman, mother wearing red underclothing.

Miss Venable was over-all chairman of the event. Committees were made up of the FHA girls. Chairmen included Carolyn Johnston, decoration; Pam Crissom, food; Miss Venable, program; and Celia Denney, cleanup.

"Eye Openers"

By Cricket Taylor

Be aware of new products. Research which brings change of products or new inventions is taking place in all major businesses. Be sensitive to change and accept change if it improves your situation.

Be systematic. Keep a memo pad handy and list supplies before you run out. Plan before you shop. Arrange your shopping stops in logical order.

Avoid trouble and waste. An item which is used very seldom or is complicated to use, may be an unnecessary expense.

Buy -- don't be sold. Do not buy under pressure from someone who needs to sell perhaps more than you need to buy.

Buying without much consideration at the moment is "impulse buying." A poor purchase which is expected to last several years, such as equipment or furniture, is difficult to live with and hard on the whole family. Even poor buys in inexpensive goods are disappointing; it may mean disposal without value received.

Try out of season buying. Buying just before and during holiday rush is expensive in time and energy and often in money. Anticipate needs and try to buy well ahead or after the seasonal rush. Change of season often brings about change of clothing prices.

Be sale conscious. It pays to be skeptical but do not scoff at regular sales of reliable stores.

The Better Business Bureau, to which businessmen of more than 80 cities in the United States belong, is reducing the number of misleading statements. Be an informed consumer.

Irregulars, imperfects, and seconds are terms used for merchandise that fall below standard specifications. A wise shopper can find good buys in merchandise bearing these terms.

Irregulars may mean an imperfect color, weave, size or knit. This may not affect the wearing quality.

Seconds may have a mend, tear, or run in the fabric. These need close and careful examination before purchasing.

Some items are placed on sale more frequently than others. Better dresses and millinery are placed on sale most often and have the biggest reduction in price. Others which are frequently on sale are suits and coats, skirts, blouses, girl's clothing and knit sportswear.

Placed on sale with less mark down are ties, negligees, robes, women's and children's shoes, house dresses, furs, men's suits and coats.

Sales on the following are less frequent and have smaller reductions: foundation garments, brassiers, luggage, hosiery, men's furnishings, and hats, boys wear and sporting goods.

A PLOW GIRL AND A SWEETHEART -- These young ladies, Candy Fleming and Tedra Stewart, have been chosen for FFA "Plow Girl" and Sweetheart, respectively, and are shown before the pickup furnished the Bovina chapter by Friona Motors. They will appear at various FFA events this year. (FFA Chapter Photo)

Scoopin' Around

By Pat Jacobs

"The Spot," Baptist recreation center, is the nicest thing that could have happened to Bovina.

Those parents who have pulled their hair over the excess "dragging" can be grateful to Rev. Ralph Aday and the First Baptist Church for their concern.

The old ding-dong, "There's nothing to do," heard from the young people has been fairly accurate--short of driving of Clovis, Friona, Amarillo, etc., which many parents don't like in the first place.

Now, after home football games and on weekends, there is something to do. Teenagers, of all denominations, are welcome after games and on Sunday afternoons at "The Spot," a renovated barracks building across from the church. Boys and girls 12 and under can take advantage of its recreation on Saturdays.

So far, the center has been very successful. Rev. Aday said. It offers a couple of ping-pong tables, snack bar, a darling old piano (with claw feet, yet) antiqued orange by Mrs. Harold Hawkins, a cold drink machine donated by Bovina Wheat Growers and a nickel-o-dion contributed by First State Bank. Other interested persons have contributed some of that "long green" it takes to start a place like this.

Outside is a croquet court and archery range, in which contests are being held, much to the happiness of the younger boys, especially. Future plans include a miniature golf course and shuffle board.

Most amusing feature is a sign hung on the record player, "If you have to dance, join an African Tribe. We are civilized here."

Rev. Aday was in the construction business before he entered the ministry -- and has proved his ability in the nice paneling, carpenter work, etc. in which he received much assistance from members of his church, including the young people.

Adults are on hand when "The Spot" is open, so there's not a nicer place for boys and girls to be during their "goofing off" hours.

If you have news, club or otherwise, please call the Blade -- don't wait for us to call you. It is just impossible to know about everything that is going on in a town this size.

There is a difference in "news" and "free advertising," however. The latter is living and the policy of any newspaper, which has to make a living, too, and is unfair to the businessman who pays for the space he receives.

Many people hesitate to call in news, such as having visitors in their homes, club activities, illnesses, parties and the like. But this is greatly appreciated -- and sometimes saves several hours a week trying to dig up such items.

Such cooperation makes for a better newspaper, which is here to serve the community.

WSG Study To Begin

The Wesleyan Service Guild of the Bovina Methodist Church will begin its Bible study of James and Peter I Tuesday night at the church, according to Mrs. W. E. Williams.

Title of the study is "Christian Being and Doing." It will be conducted by Mrs. Vernon Estes.

The most expansive recognition event for 4-H youth is the National 4-H Club Congress held in Chicago the week following Thanksgiving.

German Club Year Begins

The German Club of Bovina High School met Tuesday night in the First State Bank building to make plans for the year and to elect some of the officers.

Eddi Corn is president of the organization. Mrs. Ann Corn, German instructor in high school, is sponsor of the club.

There are about 25 members this year, Mrs. Corn said. Purpose of the club is to further the students' interest in the German language and the culture of the German people.

The largest project of the year will be to rehearse a play in German to present to the Texas Association of German Students convention to be held this Spring at Southwestern State College in San Marcos.

Mrs. Corn announced. The club presented a play to the convention held at Texas Tech last year.

To help defray expenses, Mrs. Corn said the club has available slides taken in Germany for any club wishing a program. These will be shown and narrated for such programs, she said.

Also a possibility is a German dinner for the public sometime in the future, Mrs. Corn stated.

St. Ann's Plans Festival Here

Preparations are being made for the annual Our Lady of Guadalupe festival, according to Frances Sierra, reporter for Guadalupe Society of St. Ann's Catholic Church.

Discussion of the event was held when the society met in Parish Hall Sunday with seven members present at the regular meeting.

Proceeds from the recent Mexican Dinner were also estimated, Miss Sierra said.

A report of the last Parish Council meeting was made by Mrs. Villareal. The meeting was closed with a prayer by Father Claver Giblin.

For Clinic Fund --

Fall Rummage Sale To Start Saturday

The Bovina Woman's Study Club will begin their rummage sales Saturday, in downtown Bovina with proceeds going to the clinic fund, according to Mrs. Earl Stevenson, president.

However, proceeds from the first day of sales will be used for work on the Club House. After that and through December, proceeds will go toward the community project.

The members also hope that other organizations will help with the project again this year. Those wishing to volunteer may contact Mrs. Stevenson or any member of the Study Club.

The rummage sale will be

open on Saturdays from 9 a.m. until 5 p.m.

Anything that can be sold will be accepted by the Bovina Woman's Study Club, but members especially request curtains, bedspreads, pillows, all types of bedding, and useful household items, as well as used clothing.

Mrs. Fowler Has Circle

The Charity Circle of the Woman's Society of Christian Service met in the home of Mrs. J. B. Fowler, Jr. Tuesday morning.

Mrs. Leon Ware led a discussion titled "Who Am I--Who Are You--Who Are We."

Location of the rummage sales will be in the old Superior Electric building.

Last year over \$700 was raised for the Clinic Fund by the rummage sales, Mrs. Bob Estes said, and altogether, over \$3500 has been raised by Bovina organizations for the fund.

Community Conversation

Mrs. and Mrs. Doyle Fowler of Puerto Rico were in Bovina Monday night and Tuesday of last week visiting his brother and family, Rev. and Mrs. J. B. Fowler Jr., Douglas and Becky. Rev. Fowler's brother is employed by Union Carbide Co. On their return home they planned to spend a few days in Jamaica.

Church Chuckles by CARTWRIGHT

"I have two teen-age children . . . what's YOUR problem?"

The Fiery Test

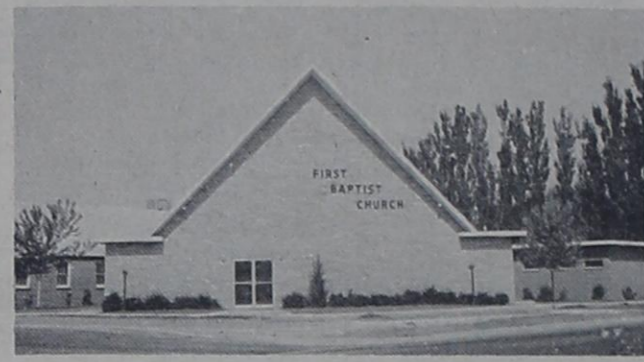

Whom the Lord loveth He chasteneth, and scourgeth every son whom He receiveth. Hebrews 12:6

God will not let go of us. Nothing "shall be able to separate us from the love of God, which is in Christ Jesus, our Lord." Since He loved us so much that He did not even spare His Son to prove this and to save us, we can be sure that He will not leave anything undone to keep us safe in His grace. And this means that our Father in heaven will not spare us the rod of correction and the fiery furnace of affliction! It is only the Father-less children who are spared!

No child ever enjoyed a stiff spanking, and no son ever found a whipping a pleasant experience. Neither do we Christians find God's rebukes a joyous experience. He has hard ways of humbling us when we become proud, of teaching us mercy when we become unreasonable, of correcting us when we persist in going astray. The loss of position and prestige, a prolonged illness, the sudden crushing loss of a loved one strip us of our strength and make us desperate for His help.

Because He loves us, He corrects us. At times He rebukes us so severely that we may think He has rejected us. But because Jesus was forsaken by the Father for us, for Jesus' sake we shall never be forsaken by the Father!

GIANT NINE-TON STEAM-POWERED ANTIQUE TRACTOR TO STAR IN 1966 STATE FAIR'S AGRICULTURE SHOW

HOW 'YA GONNA KEEP 'EM DOWN ON THE FARM when there's going to be a big mad, mad, mad Agriculture Show at the 1966 State Fair of Texas in Dallas October 8 through 23. And Hal S. Smith of Cresson will bring his 1885 J. I. Case steam tractor to be the centerpiece in the big fun show. Here Smith oils some vital parts of the old tractor, still in running condition and still capable of furnishing power for a sawmill as it did around the turn of the century.

at Home In Pomer County

By CRICKET B. TAYLOR
County HD Agent

Cricket

One of my more enjoyable experiences recently was a visit with a very gracious homemaker in Pomer County, Mrs. Ben Rejino near Bovina. She is a woman who is genuinely interested in the welfare of others, her community and family. Another contributing factor to her charm is that she can take time for a visit without that rushed, hurried type of conversation that makes a visitor feel they are intruding and unwelcome. Plans were discussed for organization of a Spanish Home Demonstration Club in that area. The date set is for October 25th at 2 p.m. in Mrs. Rejino's home. Mrs. Sonny Brito and Mrs. Gil DeLeon, members of County Family Living Committee, will assist in this effort. The Spanish homemakers are invited to attend this meeting and learn about Extension Club work.

Some Important Dates -- October 26, October 13, and October 28th.

For 4-H Adult Leaders and Parents - a training meeting for the "Child Care" project will be held in Bovina Bank community room at 2 p.m., Wednesday, October 26. This project training is open to other interested leaders in church and scout groups. The training in this project work will help prepare girls 11 years and older to be good baby sitters. Interested persons may contact me for further information.

October 13 -- Home Demonstration Club women will be guests of Amarillo Chamber of Commerce for a luncheon and interesting affair. Two from each Home Demonstration Club will attend.

October 28 -- Training of Home Demonstration Club leaders for program on "Buffet Service."

The Program Yearbook Committee met here in my office last Tuesday and planned the 1967 program of work. Some interesting programs are planned for the year, and homemakers who wish to know more about these are asked to contact my office for information about clubs in the county.

A program on "Personal Development" will be given this month to all Home Demonstration Clubs and homemakers are invited to attend these meetings; just contact some club member in your community.

For reservoir, lake and stream pollution, Soil Conservation Is one solution.

Too many cattle On too little grass, Like too many miles And too little gas.

When raindrops fall And hurry away, They cannot be used Some other day.

water in the cooking process. Today's utensil materials do not affect the nutritive values of foods cooked in them.

Save Our Soil
By Woodrow Fielder
Soil Conservation Service

We can save our soil with a system of parallel terraces. They are a good conservation practice. They are constructed to eliminate point rows for better cultivation and harvesting of crops.

You cultivate the terraces thus there is no waste, or strips of weeds in your fields. For dryland farming they will increase rain fall insoak and help control runoff. Parallel terraces work good with sprinkler irrigation also.

The few inches of topsoil and our diminishing water supply is the support of humanity.

Creek low, Pasture dry, Cattle thirsty -- So am I.

Conservation farming makes yields go up and osts go down And gives the producer more money to spend in town.

Springlake-Mustang Game --

Bovina Homecoming Activities Oct. 21

"Famous Landmarks" will be this year's Homecoming theme, Wayne Davies reported Tuesday morning following a meeting of the Student Council, which annually sponsors the Homecoming parade.

The Springlake-Bovina football game scheduled Oct. 21 will be the highlight of the homecoming activities.

A homecoming queen will be crowned from a slate of candidates which will be selected in the near future.

The parade on Friday afternoon before the Homecoming game is open to all businesses and anyone wishing to enter a

float. Seventh through 12th grades in Bovina Schools will enter floats in the afternoon parade, all following the theme selected by the Student Council, Davies said.

Prizes to class floats will be \$25 for first place, \$15 for second and \$10 for third. No prizes will be offered others entering, but these are welcome.

The Student Council adopted a new rule concerning the parade. This year parents will not be allowed to help with the floats, Davies reported.

"The Mustang Hoofbeats," school newspaper, will be published by the Student Council

for Homecoming and deadline for news is Oct. 14. The newspaper will also be published on holidays throughout the year.

Ex-Students will not hold their usual banquet this year, according to Mr. and Mrs. Jim Ware, co-presidents, since that event was held during Bull Town Days in August.

Following the game, a pie supper is being planned by the Mustang Booster Club.

Dad's Night is slated to be held on Oct. 14 when Sudan plays Bovina here. This is the night that fathers of the players will be honored, according to Principal L. F. Jacobs.

Eddy Willmon, Work Unit Conservationist, of the Soil Conservation Service, is measuring the height of wheat straw on E. W. Kennedy farm. Mr. Kennedy left his wheat straw standing after harvest, he is convinced that this crop residue prevented erosion due to rain or wind.

This picture taken on James Glaze farm at Lazbuddie, shows forage sorghum planted in wheat straw. The forage was planted immediately after harvest and irrigated for maximum growth. The forage is now about 7 feet tall ready for grazing or cutting. Leaving the residue, made more utilization of the recent rains and prevented water and wind erosion. This is one of the many ways stubble mulching can be used to benefit the farmer.

FFA OFFICERS -- Named to head the Bovina chapter of Future Farmers of America are, left to right, Gary Carson, Larry Grissom, Daryl Kirkpatrick, Larry Mitchell, Bobby Redden and Ronnie Dyer. Grissom was elected president. (FFA Chapter Photo)

Bookmobile's Comin'

The Texas State Library High Plains Bookmobile will be in Bovina Thursday from 12 until 3:30 p.m., according to Lorene Sooter, librarian.

With the beginning of school the Bookmobile will award certificates to those who read 12 books or more this summer in the Texas State Reading Club.

Receiving the awards in Bovina are Janet Vaughn, Jan Vaughn, Honey Sue Mast, who each read 12 books; Karen Merrell, 15 books; Richard Mast, 16 books; Marilyn Allen, 24 books.

The librarian also reported that the Bookmobile received 41 new books in September.

Before coming to Bovina Thursday, the Bookmobile will be in West Camp from 9:15 until 10:15 a.m., and at Lariat from 10:30 until 11:30 a.m.

Girls Honored --

Future Farmers Elect Officers

Future Farmers of America in Bovina High School elected officers last week for the school year and also chose their FFA

Sweetheart, Tetra Stewart, and "Plow Girl," Candy Fleming. Larry Grissom will head the

58-member organization as president. Daryl Kirkpatrick is

vice-president; Larry Mitchell, treasurer; Ronnie Dyer, secretary; Bobby Redden, sentinel; and Gary Carson, reporter.

John Paul Jones, vocational agriculture teacher, is the FFA advisor.

Miss Stewart, daughter of Mr. and Mrs. Lavern Stewart, will

compete in the District FFA Sweetheart contest on Nov. 14 in Muleshoe. She will also appear at FFA events in which the local chapter participates.

Candy Flemings, a senior and niece of Mr. and Mrs. Don Foley, will also attend the sweetheart contest and assist the sweetheart at FFA events.

Crop Residue Values

By Bobby Barker

Soil Conservation Service Plant residue left in cultivated fields is of a major importance in farming. Plowing these residues into the soil during the part of the year when wind and water erosion is at a peak pay in many ways.

Residues left on the land after harvest conserves moisture. Rain water goes down, not to the lakes. The intake of irrigation water is higher on land where residues were left. The recent rains show what crop residues can do. Where wheat straw was burned, instead of plowed into soil, the rain water went to the nearest lake instead of going down making that deep soil moisture for next years crop.

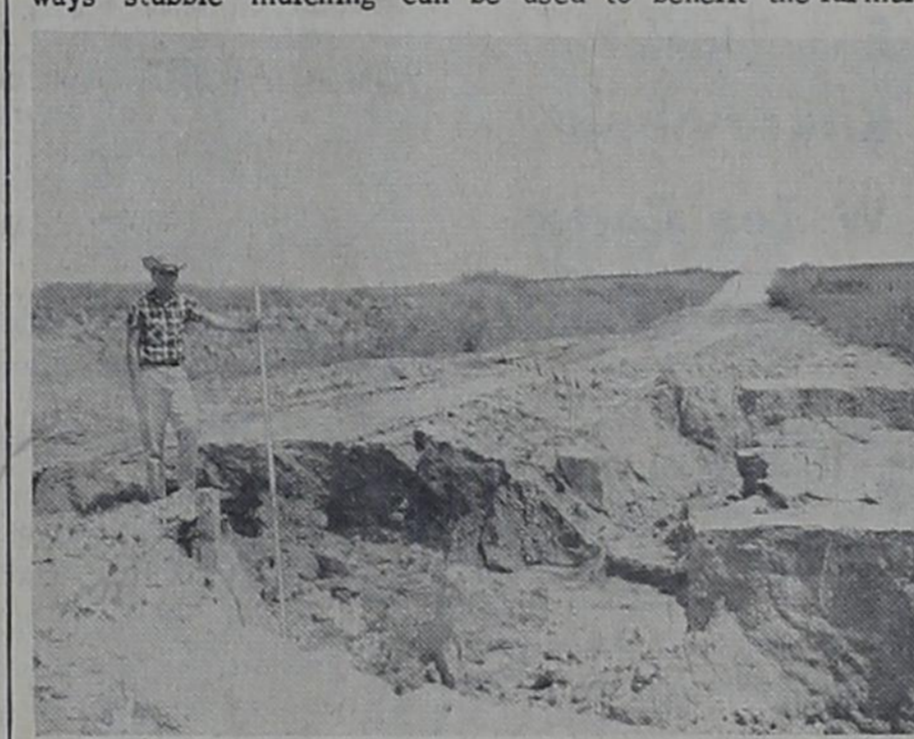

Soil losses by any type erosion is much less when crop residues are properly used. Residues prevent soil from blowing in the early spring. Rains cannot wash our top soil to the nearest lake when resi-

Two Ohio boys got lost driving through Tennessee. Along the deserted road trudged a native of whom they asked, "Which way to Chatta-nooga?"

The man stared at them, and then asked, "Where you boys from?"

"Ohio,"

"I thought so," he exclaimed. "Wal, you found it in 1853. Let's see you find it now!"

EROSION DEGREE . . . This picture shows Eddy T. Willmon, local Work Unit Conservationist, demonstrating the degree of soil erosion that took place during the recent rains. This is a county road located in the Lazbuddie Community. This type of erosion has to be stopped along the Running Water Draw Watershed before any dams can be built.

Slightly less than 45 per cent of the total 4-H membership reside on farms. Of the remainder, 33 per cent live in rural areas and the balance in towns and cities with over 2,500 population.

PROGRESSIVE BUSINESS & CIVIC-MINDED PEOPLE OF HEREFORD AND VICINITY

This department has been worked up largely as a reflection of public opinion. No person has written of themselves or their business. All articles have been compiled by a representative of The Bovina Blade as he saw conditions. These people are all leaders in their various lines of endeavor and the cooperation of those citizens in Hereford who helped make this department possible is sincerely appreciated.

"Red" Easton

Generally speaking, civic pride is one of those things that goes hand-in-hand with success, because a man must have been successful to fully appreciate the advantages that were afforded him by the community in which he lives.

And "Red" Easton, manager of the Hi-Way 60 Truck Stop Incorporated, featuring Phillips 66 Petroleum Products, is one of those progressive business men of Hereford who has shown his appreciation for his success by his attention to civic matters. His willingness to become a cog in the wheels of community progress whenever united effort is needed to put over some movement or project advanced for the good of the city has always been taken for granted.

Mr. Easton's quiet assumption of responsibility, not only in connection with the operation and management of the Hi-Way 60 Truck Stop, but in regard to other matters as well, has often lent a feeling of confidence to others interested in the same movements.

In complimenting "Red" Easton upon his high standing in the community, we do no more than express the admiration and respect of his many personal friends and customers.

L. J. and Bill Dirks

When a man gains recognition for the progressive and straight-forward manner in which he has managed his business affairs, and also for his contributions to civic projects, he is to be complimented for his achievements.

One belonging to this category is L. J. Dirks, a business man of Hereford who is regarded with respect and admiration by a great many residents of the city and the surrounding country.

We also think it appropriate in this review to give credit to some of the younger generation who are carrying on so ably in the footsteps of their fathers. And one who certainly deserves such credit is Bill Dirks, who now shoulders his full share of responsibility in the operation and management of the Dirks Drilling Company, it is because of the efforts of such men that year after year, Hereford continues to grow and prosper, and to become an even better place in which to live.

It is such men as Mr. Dirks and his son Bill who have a distinct value to their city, and we take pleasure in paying them this brief, but sincere tribute.

A. G. "Red" May

Progressive business men too frequently do not receive the credit they have won and are entitled to for the time, effort and energy they have put forth to guide the destiny of hereford in which they are active. It is therefore, with genuine pleasure that we call our readers' attention to the fine work and aggressive leadership of A. G. "Red" May of the A. G. May Construction Company, featuring Pam-Tex Steel Buildings, and inquiries may be obtained by calling mobile phone 289-5684.

No city can make progress, grow and expand as it should without the intelligent leadership on the part of its more progressive citizens, who are too often inclined to give the "other fellow" most of the credit. It is not praise that they expect or desire. It is the victory of doing, and accomplishing civic projects for the general betterment of the community from which they get their satisfaction.

But we cannot refrain from pointing out the unselfishness along these lines by such men as A. G. May. As far as his fellow citizens are concerned, he has always done his part in the way of civic betterment and community progress.

James Braly

It isn't the size or volume of a man's business which determines its value to the community in which he lives, but rather by the manner in which it is conducted, which, to a greater or lesser degree, reflects the personality and character of the individual. The

value of James Braly's business to the city is a reflection of his dependability, and a determination to render the utmost in service, a policy which has caused the Western Alignment & Brake Service to be so well thought of, and so widely patronized by the people of Hereford and the surrounding area.

That same progressiveness and ability which has made him so successful in his own business has also fitted Mr. Braly to be of assistance on community projects and public drives. Moreover, he does so cheerfully, and with a friendly spirit of cooperation that is always more than welcome.

It is a pleasure to include James Braly in this Hereford review, and to wish him further success in the wheel alignment and brake service business.

Pete and Bonnie Wilson

We wish in this edition to pay tribute to Pete and Bonnie Wilson of the Hereford Fruit Market, for their many services to the city of Hereford, and their splendid record of achievements in the business life of the city.

The Wilsons probably have as wide a circle of friends as any other two people we could name, because they are just naturally the kind of individuals who make friends with almost everybody, and always conduct themselves in such a manner as to deserve the respect and good will of all who know them. Hereford is fortunate in being able to number among its more progressive business people citizens of this type.

They are always ready and willing to lend their support to the promotion of any project which promises to benefit this entire district.

They may be depended upon, and their services to the people are too many in number to be described here. It may be sufficient to say that we consider Bonnie and Pete Wilson as assets to the community, and progressive business people of whom their city may be proud.

Dub and Wilma Curtsinger

To serve the public honestly, efficiently, and cheerfully, is the basic foundation many progressive business men and women of Hereford have found to be the shortest route to success. In making this statement, the two we have in mind are Dub and Wilma Curtsinger of Park Avenue Cleaners. The popularity and patronage enjoyed by their many services accentuates the ideals of courtesy and efficiency which they have consistently applied in the management of the business, and in the servicing of its customers.

The conduct of such business, and those who operate them, have done much to make Hereford the business center for many miles around, and it is fitting that we give credit where credit is due to such people as Mr. and Mrs. Curtsinger for their part in the onward progress of the city. In so doing, we are merely putting into words the opinions of those who know them.

Wilma and Dub Curtsinger have earned their success by the method in which they have served the public, and accepted all business and business responsibilities, and we wish them both every success in the future.

Clinton and "Jerry" Jackson

Two of the better informed insurance and real estate executives of the city are Clinton and "Jerry" Jackson, agents for Farmers Union Insurance, and the Clinton Jackson Real Estate Agency.

They have been operating a complete service for their large clientele over a period of time, and during that time they have made a great many friends both for themselves and for the companies their agency represents.

Mr. and Mrs. Jackson have also contributed considerable of their time and energy to the growth and progress of Hereford and this district, and have been content to take their rewards in the quiet knowledge of

a work well done, and the respect and admiration of their many friends. The value of two such individuals to their city and the surrounding territory cannot be overestimated when considering the many personal sacrifices they have made in order to contribute to the general welfare of the community as a whole.

We congratulate "Jerry" and Clinton Jackson on their splendid reputations, and wish for them continued successful careers as leaders in the insurance and real estate field in Hereford.

Charles Hays and Cecil H. Oglesby

Hereford has attained a prominent position in the business and commercial life of this section of the South Plains because of the foresight of those men who had the ability to envision the possibilities of the community, and the trade area it serves. And two wide awake progressive men who justly should be included in this category are Charlie Hays and Cecil H. Oglesby of the Hays Implement Company, authorized international Harvester Sales & Service.

Such men have, many times over, proved their worth to the community, both as business executives, and as active workers in the civic betterment and progress of the city. And Mr. Hays and Mr. Oglesby have earned the goodwill and respect of their fellow citizens for contributing their bit to the general welfare of the city, and the people as a whole.

It is our duty to include Cecil Oglesby and Charlie Hays in that group of conscientious and civic-minded men who are doing so much for Hereford, and to express the wish that they will continue for many years to forge ahead with the success which they have enjoyed in the past.

L. C. Hewitt, and E. C. Hewitt Jr.

Every progressive and successful business man in this district contributes in some manner to the growth and progress of this section of West Texas. And two who have always shown an interest in both civic and business activities are L. C. Hewitt and E. C. Hewitt Jr., of the Play House Skating Rink, who are well known, and have a great many friends and patrons throughout this entire area.

The prominent part that the Play House Skating Rink is playing in the business and recreational life of Hereford and vicinity, mirrors the progressiveness and ability of such men as they. Furthermore, the Hewitts have also at all times been steadfast in their devotion to the city and the surrounding country, and on many occasions have lent their support to the successful promotion of meritorious civic projects.

Hereford and this district are fortunate to have two such men as E. C. Hewitt Jr., and L. C. Hewitt in positions of responsibility and service, and this newspaper feels that it merely reflects public opinion in paying this brief tribute to two of the more likeable personalities in this section.

G. E. Brown

One of the more progressive business men of Hereford, and one who deserves the respect and good will of a great many residents of this region is capable, friendly, G. E. Brown of Brown Sheet Metal, whose wide knowledge and long experience in the business has raised him into a position of prominence in his line.

It is because of this that Brown Sheet Metal has earned a reputation for reliability second to none.

Mr. Brown is also civic-minded, and has always been ready to contribute his time and energy to any plan which promises to benefit this entire district. And the people of Deaf Smith and Parmer Counties may regard with particular satisfaction the many services which he has performed in the interest of progress and civic betterment.

We urge our readers to look to G. E. Brown as a depend-

able business man of whom we may well be proud. His devotion to this district has been constant, and his achievements well merited. We feel reasonably certain that his future success is definitely assured.

Lloyd G. and Imogene McGee

Lloyd G. and Imogene McGee of McGee Furniture, celebrating their eighth anniversary in business, have well-earned reputations for progressiveness because they have consistently forged ahead in their business; never letting up in their efforts to make the service they render to the people more valuable. This invariable policy has made McGee Furniture outstanding in its field, a fact that is well known to the public throughout this entire area.

But Mr. and Mrs. McGee have accomplished much more than just making a success of their business and private affairs, and we take this opportunity to pay tribute to them for devoting what time they could spare to the general welfare, not only to their own city, but the surrounding district as well.

It is such people as they, who are both successful in business and appreciative of their civic obligations that are deserving of recognition. We take pleasure in publicly giving Imogene and Lloyd McGee the credit for their accomplishments which their many friends and customers have so long accorded them.

E. J. "Jack" Kirksey and W. Lee Carter

Recognized as authorities on all general contracting problems, E. J. "Jack" Kirksey and W. Lee Carter have turned their knowledge to the advantage of the people of Hereford and vicinity. More than that, Mr. Kirksey and Mr. Carter have always been vitally interested in the civic betterment and progress of the city, and have backed up their interest by lending assistance, in one form or another, to the successful promotion of many things which have benefited the community as a whole. Hereford owes much to such men for their part in making the city the business center of this area.

They have always been alert to the many opportunities for service, and more than ready to recognize and accept their share of civic responsibilities. Because of these things, Lee Carter and "Jack" Kirksey have become accepted as progressive business men who are assets to both the business and industrial life of the city. And we trust they will continue to serve the people of Parmer and Deaf Smith Counties in their present capacities for many years.

J. M. Hagler

In critical times such as these, it takes business men of more than average ability to carry on their operations successfully. In making this statement, the man we have in mind is one of the region's more dependable mobile home dealers, J. M. Hagler, exclusive dealer for Town & Country Mobile Homes, who has a wide circle of friends and business associates throughout this entire district.

His contagious optimism and freely expressed belief in the assured future prosperity of the people of Hereford and its metropolitan trading area, are characteristics which are to be appreciated in a progressive business man. He has always taken an interest in community affairs, and has shown a willingness to shoulder his share of the civic load.

It is such men as J. M. Hagler who, because of the successful conduct of their business and private affairs, and their eagerness to contribute to the public good, who are wholly deserving of a few words of commendation. It is a pleasure to pay him this brief tribute.

Puzant C. Torigian

It is a privilege in this Hereford review of progressive men and firms that have been such a great aid to the growth and development of this section of West Texas to place such a man as Puzant C. Torigian of Bravo Smokes Incorporated on an equal plane with all others in this rank. In the past, few men have exceeded him in contributing of their time and

energy to the onward progress of Hereford and the surrounding country.

Mr. Torigian is generally recognized as one of the more conscientious business men in this district, and he retains that distinction in the admiration and respect of his wide circle of friends. Also his interest in, and the very valuable assistance he has rendered to the many projects of a civic nature, reflect the principles which he has always so successfully applied to his business affairs.

We congratulate Puzant Torigian on his record, and sincerely hope that his career will be as useful, and completely successful in the years ahead as it has been in the past.

J. V. Campbell

J. V. Campbell of the J. V. Campbell Motor Company, is one of those dependable used car dealers of Hereford who has consistently forged ahead in his business. He has also put his shoulder to the wheels of civic progress whenever concerted help was needed in furthering enterprises promoted for the general welfare of the community.

Mr. Campbell was never a man given to wishful thinking. Because his methods are those of direct action, and whether the problem at hand is one concerning his own business or that of a civic nature, he attacks it with optimism and vigorous enthusiasm. Add to this his acknowledged business ability and his keen sense of values, and it is easily understood why he is almost invariably successful in business or other matters.

We feel that it is our duty to call the attention of our readers to these worth-while characteristics of J. V. Campbell, and to pay him a well deserved tribute for his straight forward business methods, and for the unselfish interest he has shown in public welfare.

G. Wayne Edwards

We desire in this review to call the attention of our readers to the well-earned position which G. Wayne Edwards has reached in the business life of this section. During the comparatively short time he has been operating Edwards Conoco, formerly Bogg's, he has made many personal friends as well as having earned the goodwill of his associates for the straight-forward manner in which he has conducted his business affairs.

Mr. Edwards is working hard to deserve the confidence which the people of the community have in him, and he continues to work hard to maintain in every way, that high standard which he has set, not only for himself, but for the operation and management of his Conoco service station as well. He has also shown a willingness to assist in every manner at his disposal in the growth and development of the city of Hereford, and is always ready to lend his support to civic projects. Wayne Edwards deserves our heartfelt congratulations on the splendid record he has already established, and we sincerely hope for his continued success.

Gerald Durward, and J. M. Hamby

Three of the more progressive real estate men of Hereford, and whose success can partly be attributed to a deep insight as to the direction in which the city will develop are

Gerald, Durward and J. M. Hamby of Hamby Real Estate. They have a sound basic knowledge of real estate values, and have turned that knowledge to the advantage of the people with whom they do business. And their aggressive methods, coupled with their sound and practical ideas have made the services they have rendered to the people more valuable, and materially contributed to their well-earned success.

The Hamby's are also civic-minded, and have always shown a cheerful willingness to contribute their share of time and energy to the promotion of community projects.

It is because of the activities of such conscientious business men that year after year, Hereford continues to show such a healthy growth and expansion, both as a residential and industrial city. We are glad to pay tribute to Gerald, Durward, and J. M. Hamby for the part they are playing in the onward progress of this entire region.

Alma Paetzold And Dorothy Renfro

A city grows and prospers by reason of the public-spirited men and women who take an active interest in its development. Hereford has its share of these progressive and civic-minded individuals, and two who are deserving of recognition are Alma Paetzold and Dorothy Renfro of the Chandelier Gift Shop Incorporated.

Their business ability, coupled with a sense of obligation to the public have been major factors in maintaining the Chandelier Gift Shop in a position of leadership throughout this entire area. They not only in their business activities, but also in their attention to civic duty, assumed an active part in community affairs.

Miss Paetzold and Mrs. Renfro have always been ready and willing to contribute their time and energy to the promotion of any project promising to benefit the community as a whole. They have often sacrificed personal interests to be of assistance to the city, and their efforts are deserving of commendation and support.

We congratulate Dorothy Renfro and Alma Paetzold on their past achievements which, in our opinion, indicate similar successful careers in the years ahead.

Skeets Word

Skeets Word of Skeets Auto Repair, is one of those progressive business men who has always done his bit to maintain the prestige of the city of Hereford as the leading trading center for this section of the state. He has always worked for the development of the city, and his many services are worthy of sincere appreciation.

His well-earned success as a business man is easily understood, knowing as the people do, his widespread reputation for the honesty which characterizes all of his business dealings. And it is a combination of technical knowledge, mechanical skill and business ability which has elevated Mr. Word to a position of leadership in the automotive repair and maintenance business.

He is completely aware of his civic responsibilities, and is wide awake to the many opportunities for service, and is always ready and willing to lend his support to any project which promises to benefit the community as a whole. We compliment Skeets Word on his accomplishments and wish him every success in the years to come.

Moe Hacker

Because this is a period of growth and expansion for Hereford, those progressive business men who had the foresight and ability to lay their plans so as to be able to take advantage of those conditions, are entitled to more than ordinary acclaim. We are therefore, glad to pay tribute to Moe Hacker of the Moe Hacker Meat Company, for he has become a well-known figure in the business life of the Golden Spread.

Mr. Hacker's persistent optimism, and steadfast belief in the continued future prosperity of the people of Hereford and vicinity, are characteristics which are deserving of our highest praise.

Moe Hacker has also always shown a willingness to do his part in civic advancement, and has contributed his bit, in one form or another, to projects promoted for the welfare of the city. We believe that a business man of this kind is entitled to our sincere praise, both because he has achieved success in his business and private affairs, and because he is willing to contribute to the public good.

George C. Warner

In singling out some of the more progressive business men of this section of West Texas, we would be censored should we fail to include George C. Warner of the George Warner Seed Company Incorporated, for he is a man who has never spared himself in his participation in both the business and commercial life of both Parmer and Deaf Smith Counties.

Mr. Warner has always been conscious of his civic responsibilities, and is ever ready and willing to meet in every detail, those opportunities which come to his attention to further civic enterprise. He may well be proud of his achievements along these lines. George Warner deserves a

great deal of credit for the honest and successful manner in which he has conducted his business affairs. He is a friendly and likeable personality, whose sincere desire to be of service has gained for him a host of friends and business associates in and around this area who would, if given the opportunity, join us in wishing him many more years of continued success.

Kenneth M. Cowan

It is appropriate that we include in this review of dependable Hereford business men, Kenneth M. Cowan of Cowan Jewelry, who has many friends and completely satisfied customers throughout this entire region. Furthermore, he is a man who not only has the reputation of being progressive, but also the added one of being a willing supporter of many community affairs.

Aside from his business activities, Mr. Cowan has always shown an interest in the civic betterment and progress of the city, and has backed up his interest by his contributions to many projects which have benefited Hereford and the surrounding trade area. He is a good and loyal citizen, and the full measure of his loyalty is most apparent because of his willingness to aid community activities.

His help along these lines has made of Kenneth Cowan an example of the type of man we all appreciate. We congratulate, and extend to him on behalf of all those interested in better business and civic progress, sincere appreciation for his contributions to the general welfare of Hereford and vicinity.

Joel D. Newman

It is because of the unflinching optimism and faith which he so consistently displays toward the future of Hereford and vicinity, that we are prompted to call the attention of our readers to the fine service which Joel D. Newman, manager of Merchants Fast Motor Lines Incorporated, performs in the successful management of the business.

Mr. Newman is an aggressive and resourceful personality, whose progressive policies have earned for him a widespread reputation as a business man of more than average ability. And his apparent willingness to devote some of that ability to the promotion of civic activities further enhances his value to the city.

The safety and efficiency of the operations of Merchants Fast Motor Lines, reflecting as it does the executive ability of this man, has earned for the firm a well deserved popularity among the people they serve. We are glad to give Joel Newman the credit he so well deserves for his achievements, and to wish for him a continued successful career as one of Hereford's more progressive business men.

Ed And Velma Williams

Good motels and tourist courts are indispensable to the progress and development of a growing city such as Hereford. And the Chateau Inn Motel, combining the best features of both, has accommodated a great many tourists and business men in a manner that assures them of the continued patronage and good will of the motoring public.

The management of the Chateau Inn Motel has maintained an ideal of service which is thoroughly exemplified by the manner in which every need of the traveling motorist has been anticipated and prepared for. Nothing is taken for granted; nothing is forgotten, and hospitality and service is always their first and last consideration.

Much of the credit for the splendid reputation of this modern drive-in motel is due to the executive ability of Ed and Velma Williams, whose untiring efforts, foresightedness, and careful attention to detail, have maintained a standard of hospitality and service which would be difficult to surpass. It is a pleasure to publish these few words of praise about the Chateau Inn Motel, and its friendly and capable operators, Velma and Ed Williams.

Dale Tinnin

In mentioning some of those men who are taking a progressive part in the evolution of the business life of Hereford, we would be censored if we failed to include Dale Tinnin of the Hereford Parts & Supply Company, a firm that has long

been recognized as a leader in their line of business.

Mr. Tinnin is that solid type of citizen whose fairness and friendliness, and sincere desire to be of service are accountable for a large measure of his success. And as time goes on, his personal interests have become more closely interwoven with the business and civic affairs of the city. As a result he has, quite naturally, become accepted as a man who can be called upon, and who will cheerfully do his part to further the development of those community activities to which he is best fitted to lend assistance.

Dale Tinnin has, by the successful operation and management of the Hereford Parts & Supply Company, and by his attention to civic affairs, earned the friendship and good will of his fellow citizens. He is to be complimented for his activities, and we only express the desire of his many friends and associates in wishing him continued success.

Hwy 60

(Continued from Page 1)

The Parmer County portion of the project will be on Highway 60 from county line to county line. It is divided into three parts -- from New Mexico state line to Bovina, 12.8 miles; from Bovina to Friona, 10.8 miles; and from Friona to Castro county line, 14.8 miles.

The work will consist of seal coating the pavement.

Statewide, the program calls for the improvement of 5,587 miles at an estimated construction cost of \$39.9 million and right of way cost of \$161.5 thousand. Work will include 912 projects in 215 of Texas' 254 counties. Three hundred and ninety projects are on State and U. S. highways in 170 counties and 522 projects are on farm to market roads in 179 counties. Herbert C. Petty, Jr., chairman of the Highway Commission, called the combined program "a double-barreled effort in two vitally important highway areas."

The safety and betterment portion of the program reflects the Commission's continuing concern with making Texas highways safer to prevent traffic fatalities and accidents, Petty said.

Keys to Creativity

Faith Baldwin says that writing's a natural for women. And women bear this out. Every year another five million housewives join the ranks of would-be writers, sending poems, short stories, even novels, to publishers. Since many of these women squeeze in their writing time between the diapers and the defroster, it's important that this avocation take as little energy as possible. For them, the new Royal "Ultronic" typewriter is ideal. It's the first fully electric typewriter for personal use. Outstanding features include repeat keys, rubber-cushioning, a light touch tabulator key, and an electric carriage return which takes 75% less energy than a manually operated one. Light and trim, and available in decorator colors, the Royal "Ultronic" is perfect, too, for a thousand housewife chores like writing personal letters, typing recipes, shopping lists and budgets.

Ponies Scare Cowboys Before Losing, 8-13

The Bovina Mustangs gave the highly-favored Plains Cowboys a tremendous scare there Friday night before the host team managed for a 13-8 win.

Bovina led 8-7 at halftime. Plains go-ahead touchdown came early in the second half and was set-up on a pass interference call against the Mustangs which gave the Cowboys a first down on the Bovina 15. From there, Plain's big, powerful fullback, Ricky Elmore, darted in for the counter to make the score 13-8.

Plains got the game's first score. It came on a two yard run by Halfback Joe Pearce midway through the first period. Elmore kicked the extra point to make the score 0-7 in favor of Plains.

The Mustangs got on the scoreboard just before the end of the first half. The touchdown was the climax of a 46-yard drive for the Ponies. Dean Stanberry got the six-pointer on a

three-yard jaunt and then carried the extra points over on a sweep around right end to give Bovina an 8-7 lead.

Daryl Kirkpatrick gave the Mustangs possession of the ball for the scoring drive as he intercepted a Cowboy aerial and returned it to the Plains 46. A pair of completed passes accounted for 19 yards of the drive as Quarterback Randy Jones connected twice to End Lane Gober for gains of 11 and eight yards.

Plains suffered a half-the-distance-to-the-goal penalty at the 22 moving the ball to the 11 for the Mustangs. Stanberry carried three consecutive times from there, making five yards to the six and then three more to the three before going over for the Mustang tally.

The game was marred by penalties.

Several of Bovina's offensive plays were handicapped by

illegal motion penalties. The host team was penalized a total of 85 yards while 50 yards were marched off against the Ponies by the games officials.

The tilt was played before a good-sized crowd of Plains homecoming fans. Also, a good delegation of Bovina fans made the 100-mile trip to see their favorite team in action. This was the second week in a row for the Mustangs to be the visiting team at homecoming activities. The same was true at Friona the previous week.

Lineman Eddi Corn was the workhorse of the Bovina defensive unit in the Plains game. He drew praise from the coaches for his performance as did Bovina's defensive secondary, which intercepted four Plains' passes. Lane Gober intercepted two and Kirkpatrick and Stanberry stole one each.

Center Galen Hromas did a "consistently good job" of of-

fensive blocking. Coach Roy Stone pointed out,

Stanberry led the Bovina ball-carriers with a total of 58 yards in 23 attempts. Fullback Carl Harris carried 15 times for a net of 36 yards while Halfback Lynn Murphy had a net of 17 in seven carries. The loss made Bovina's season record 1-3.

Mustangs vs. Morton --

Win-Hungry Teams To Play Here Friday

A pair of win-hungry teams will be football opponents at Mustang Field Friday night. The Morton Indians, who are 0-4 for the season, come here to play Bovina's Mustangs, who have one victory in four games. Game starting time is 8 p.m.

The Morton team, a Class AA outfit, is off to a bad start this year and will probably be going all out to end their losing streak against the Mustangs, who are playing a Class A slate for the first time. This will be the final non-

district clash for the Mustangs until they meet Seagraves in the final tilt of the season November 11. In between Morton and Seagraves, they meet their four District 4-A opponents.

Morton has suffered numerous injuries during its tough games up to now, according to Bovina Coach Roy Stone. "If their boys are ready to play, the game should be a toss-up. If their key players are still 'beat up', we should win," the Bovina coach figures.

The two teams have one opponent in common this season -- Friona. The Mustangs lost to the Chieftains, 13-0, while Friona downed Morton, 12-8, in a game many felt should have had a different outcome.

The Friona game was the best effort of the year for the Morton tribe. They were bombed last week by Muleshoe, a Class AAA team, 67-8. Other losses have been to Olton, in the season opener, 28-0, and to Aberrath, 55-6.

"Their (Morton's) morale is down after those four losses," Coach Stone says, "and they know they can't win many games, but they probably figure they can beat us so they'll be going all out to do just that."

"If they get over their injuries before we play them, they'll

be hard to handle," Stone believes.

The Mustangs, too, are eager to get back in the win column. They haven't won a game since the season opener with the Cooper Pirates. Since then, they have lost a close one to the Happy Cowboys, the 13-0 verdict to Friona, and to Plains last week, 13-8.

Physically, the Mustangs are considered in good condition. They will have their regular starting line-up for the game.

The Ponies played what Stone figured was their best game of the season at Plains last week. "We did a much better job defensively than we have previously," he said.

Coach Stone says that his team's morale has remained good during the three-game losing streak and he doesn't feel the Mustangs are 'down' as far as their mental attitude is concerned. The coach indicates that they'd like to get back in the win column and would like nothing better than to do it against a Class AA team.

The Morton game will be the second home game of the season. The Ponies haven't played in their own corral since the opener against Cooper. The 10-game season schedule has five games at home and five away.

School Menus

Oct. 10 through Oct. 14
Monday: Weiners and kraut, creamed potatoes, green beans with cheese sauce, rolls, butter, milk, peanut butter cookies.

Tuesday: Beef on bun, buttered corn, pickles, cheese wedges, milk, cherry pie.

Wednesday: Fried chicken, creamed potatoes, cabbage slaw, rolls, butter, milk, pears.

Thursday: Turkey and dressing, giblet gravy, green beans, cranberry sauce, rolls, butter, milk, fruit cup.

Friday: Chili and beans, lettuce and tomatoes, cinnamon rolls, milk, peach halves.

Juniors Win; B Team Loses

Stanton of Hereford and Dimmitt Junior High teams came to Bovina Thursday night, Stanton winning 32-6 and the Bovina junior boys winning by a 12-0 score.

The "B" team was unable to contain the Hereford boys, who led 21-6 at halftime.

Bovina's lone score came in the first half with quarterback Stuart McMeans making a long

60-yard scamper on a bootleg play around right end. Try for extra points failed.

Rodney Murphy and McMeans were the key offensive players while Johnie Hugh Horn and Danny Stanberry looked good on defense.

Bovina Junior High won the toss with Captains Bobby McMeans and Manuel Quintana looking on and elected to kick the ball to Dimmitt. With the defense doing a good job, Bovina got the ball on their own 30 yard line, drove the ball to the other end of the field with

Quintana going in for the score. Again in the first half of the game Quintana went across the goal line for six points.

Outstanding on defense were Greg Bell, Bobby McMeans, Mike Spears, Ken Jamerson and Quintana.

The offense had a difficult time executing plays, but the team as a whole shows a desire to play football, according to Coach Trunk Lusk. The Junior High has lost only three boys since the season started, he said.

HEED THESE HOME SAFETY TIPS

To prevent accidents in the kitchen, always use a sturdy step-stool or ladder if you climb to reach high shelves and cupboards. Faucets and water make a good ground for electricity, so keep electric appliances away from the sink. To protect yourself and small children when cooking, make sure pots are always turned with handles away from the front or sides of the stove.

The National Safety Council estimates that 80,000 to 100,000 people incur injuries each year from bathroom accidents. Suction-type bath mats or non-slip adhesive strips in tubs and shower stalls, wallmounted grab bars or hand rails help prevent falls. Avoid using accident-dealing scatter rugs. Instead, use skidproof mats on the bathroom floor.
