First Baptist Church Extends Appreciation

The membership of the First Baptist Church in Hedley express their appreciation and sincerest thanks to everyone who had a part in the construction of our educational building addition.

Due to the many men of our church and community who donated labor we were able to keep the cost of construction far below our expectations. Your sacrificial efforts have brought a dream into reality. To each of you, your church is indebted and sincerely grateful

We wish to thank the Hedley Lumber Company and its employees for their cooperation, service and patience Also, we wish to express to the carpenters, Paul Stewart and Wayne Hansard, our appreciation for a job well done. Your work and craftsmanship were excellent.

The pastor of the church, Rev. C. H. Murphy Jr., remarked, "with the added space we now maintain class and departmental facilities for every age group. I am personally excited about the attitude and cooperation of our membership as we continually seek to improve our church and its ministry in Hedley. Plans are now underway for the Dedication Service and open house on Sunday, June 4"

Card of Thanks

I wish to express my sincere thanks to all my dear neighbors and friends who were so concerned for me during my recent illness, for their cards and visits and food they brought me, and for the many prayers that were prayed for me, and especially for the beautiful prayer Mr Hellie Byers prayed for me just before we left my home to take me to the hospital, for I know God surely heard and answered it.

I feel so very fortunate to have so many real friends, for a friend in need is a friend indeed,
Thanks,

Mrs Franklin

Housing Loans

Applications for insured housing loans are now being accepted from families in all income groups, Donley County Supervisor Claude Moore of the Farmers Home Administration said today.

Until recently funds were available for families with low and moderate incomes.

Mr Moore said home financing for families of above moderate income can be resumed by the agency under a new allocation of lending authority granted by President Johnson. A Presidential order March 17 authorized the agency to insure \$25 million more in housing loans to families of the upper income group between now and June 30.

Action on new applications from persons in the above moderate income group had been at a virtual standstill since November. The agency had taken all applications it could meet under the previous \$25 million allocation of loan authority for the current fiscal year.

Books Needed

Mrs. Canzada Bray, special reading teacher for the Hedley schools would like to see library facilities set up in the Hedley schools for use by elementary pupils during the summer. The pupils will have a great deal of spare time during the summer vacation, and this would be a very useful way for them to spend some time, in reading for enjoyment.

All parents and patrons are requested to check their bookshelves attics and basements for books on the elementary level which they would be willing to donate for this good cause. They can be of any kind so long as they are on the elementary level. This includes Golden Books.

If enough books can be acquired the service will be available to all pupils in grades one through eight of this previous year. The facil-

ities will be set up in the school. The books can be brought to the special reading room any time during the school hours.
