We would like for all who plan to enter to write Jack Webster or Doyle Messer at Hedley High School. We encourage all types of talent and welcome Western, Popular, Rock and Roll, Gospel Music, or any talent that you have.

In previous talent shows in this area talent has been very good and for those who enjoy good music, we encourage you to come out for a fine evening of entertainment.

There will be no entry charge for entertainers. 25¢ for students and 50¢ for adults will be charged at the door. A concession stand will be available.

The boys voted to have their annual banquet in the fall term of school with the old officers in charge of ceremonies.

This bid will be for chassis only, and will not include truck bed. Truck to be equipped with 2 speed rear axle, signal lights, 10 ply 8:25 x 20 rear tires and tubes, 8 ply 7:50 x 20 front tires and tubes, heater, heavy duty overload springs and heavy duty radiator. Transaction will include one 1963 international 2 ton trade in, chassis only.

Cotton Festival

Beverly McPherson Phillips will reign as Queen of the 16th annual Hedley Cotton Festival. She has made a very gracious queen, doing much for the Festival and the cotton industry. Our praise also goes to first alternate queen Miss Kim Steele, and to second alternate Miss Loretta Hill and the other young ladies in last year's contest.

Dates of the Festival are Friday and Saturday, Oct. 13th and 14th. Doyle Messer president of the Hedley Lions Club is the general chairman. The Festival, as heretofore, will feature two days and nights of almost continuous free entertainment. Many of the old events will be back, several new ones will be added.

While the Festival proper doesn't start until Friday, the Midway will be open and in operation Thursday night if not before. This year's Midway will be by the D. S. Dudley Shows of Mankins, Texas. Mr. Dudley promises you a nice clean carnival with plenty of rides for adults as well as children. It is hoped that some of the main street booths will be open by that Thursday. The Lions Club will meet that night. It will be a workers meeting.

Card of Thanks

We thank the people of Hedley and of the Baptist Church for their friendship, hospitality and love. We truly appreciate the beautiful chair you presented us. Words cannot express how very much this thrilled us.

We pray for God's richest blessings to be yours.

Sincerely,

C. H., Nita, Mike

More Radar

More Texas motorists in this area are exceeding the posted legal speed limits and safe speeds for existing conditions than ever before, stated Major Luther Moore, Regional Commander of the Texas Department of Public Safety. Major Moore also said that more 100 miles per hour violators are being apprehended than ever before. In an effort to halt this upsurge in speed, additional radar will be used extensively in this area and throughout Texas.

"Experience and surveys have shown that about 85 per cent of Texas operators drive at or below an appropriate safe speed. By re-

moving the 15 per cent who drive over the posted limits and safe speeds for existing conditions, it will be much safer for the abiding 85 per cent and their passengers," Moore said. "The majority will be supporting any legal means of purging these irresponsible drivers from the road."

ELECTRIC CONDITIONED LIVING ● ELECTRIC CONDITIONED LIVING ● ELECTRIC CONDITIONED LIVING

What people are saying about...

A CLEAN BREAK WITH THE PAST

"Sold on the cleanliness!" says Mrs. John Barrows of San Angelo, Texas. The Barrows have lived in total-electric comfort for almost three years, and are pleased with the living! Pleased that it is so clean... less dust. Pleased with the electric cooling and heating because it does such an "excellent job." Pleased that they can set the temperature controls one time in the summer, and one time in the winter and a constant temperature is maintained. The Barrows are pleased that there have been no service problems with the heating or cooling units, no cold spots in winter or hot corners in the summer. Both are especially pleased that the electric

bill is so reasonable. Only \$42.31 per month average. That is the total operating cost for cooling, heating, lighting, laundry, water heating, cooking, cleaning and running all of the work-saving electrical appliances for a family of 5 — and Robert, age 15; Ken, age 11; and Bryan, age 10; are active youngsters who open and close the refrigerator a lot... need lots of clean clothes and open and close doors frequently. Seven room, 2300 square feet — just \$42.31 per month average.

Electric living is great — talk to your electric contractor or visit WTU and find out how easy it is to live better electrically.
