DID YOU KNOW THAT:

Since 1928 the Texas Forest Service has produced 415 million one-year old baby seedlings in its nurseries for reforestation purposes by Texas landowners. Set out with a spacing of 6 by 8 feet this number would be sufficient to plant 457,000 acres, an entire county the size of Trinity or Wood. Today, the Indian Mound Forest Tree Nursery near Alto in Cherokee County produces about eight million trees annually.

## Drivers License

Austin—Col. Homer Garrison Jr., director of the Texas Department of Public Safety reminded Texans today that a color photograph becomes a standard part of all drivers' licenses issued after Jan. 1, 1968.

"The change makes it necessary for all drivers to renew licenses in person at one of our Department offices," Garrison said, "and we have been working toward setting up a procedure that will not cause excessive delay when a person comes to us to renew a license."

Garrison explained that the change in license was incorporated into law by the last legislature.

"Renewal notices will be mailed to each driver, just as always," Garrison said. "However, under the new procedure, each driver must take the renewal notice to the nearest DPS office. There he will be given a standard vision test, sign the renewal notice and step in front of our camera. The picture will be snapped and a receipt will be issued to enable the person to drive until he receives his new license in the mail."

Garrison explained that about 250 full time license offices would be in operation over the state to service license renewals.

## Card of Thanks

Thank you for being such nice and thoughtful people.
