HEDLEY, DONLEY COUNTY, TEXAS, AUG. 28, 1970

NO. 46

Donley County Insect Control Association

The Donley County Insect Control Assn is making plans for a diapause boll weevil control program starting in September, according to County Agent Ronald Gooch.

The Donley County Insect Control Assn. and the Texas Dept. of Agriculture has hired James Potts to check cotton fields of members of the Assn. for boll weevil. He will check fields each week that members of the Assn. think they will spray. An insect report will be given to the producer and to the Donley County Insect Control Assn. on each field every week.

If a member of the Assn. does not plan to spray in the diapause boll weevil program, he should notify Potts or a director of the Assn. so that they will not check his fields for insects.

Receives Degree

Mrs. Ronald Boehning, formerly Almeda Sue Tidwell, received her master's degree in education from West Texas State University this year. She received her B. S. degree from WTSU in 1965, and was employed as a teacher 3 years at Canyon Junior High School in Canyon.

Mrs. Boehning graduated from Quail High School. Mr. and Mrs. Boehning and their 19 month old son, Shawn, farm 7 miles east of Canyon.

Bodiford Writes

Clifford Johnson, publicity chairman for the Cotton Festival, has received the following letter from Royce Bodiford of TV and radio station KGNC in Amarillo:

Dear Clifford,

Thanks for your letter informing us about the upcoming Hedley Cotton Festival, October 9-10, 1970.

We have you down on the Calendar for the Farm and Home Show on Saturday, October 3, 1970. We are counting on Hedley supplying the entire show, as you have in the past.

If all goes as planned the Farm and Home Show will be 12:00-12:30 p. m. on Saturday, October 3rd. However, we want you folks here to tape the show for that day at 9 a. m. This will give you a chance to see the program when it is played back during the noon hour.

Stay in touch and keep letting us know what's going on in Hedley.

Best regards,
Royce

On Honor Roll

It has been announced that among those on the dean's honor roll at Texas Tech in Lubbock for the spring semester was Richard Shaw of Hedley.

Mrs. C. H. Reid was in the Memphis hospital from Monday to Friday of last week.

Food Stamp Program

Donley County low-income families interested in the Food Stamp Program should contact Mrs. Helen Phelps, the local caseworker with the Texas Department of Public Welfare.

She is at the welfare office in the county courthouse annex in Clarendon on Wednesday of each week, reports Lester Woods, welfare unit supervisor, Pampa. The program opened in Donley County on Aug. 19.

Issuance of food stamps will be made on Wednesday of the first full week of each month and during the third week.

In general, families eligible for the U. S. Department of Agriculture's Food Stamp Program include those who work for low wages or receive public assistance or a small pension check, and who cook food at home. Food stamps cannot be used to pay for meals at restaurants, and are not good for imported foods or non-food items, such as soap, paper goods and liquor.

Food stamps give low-income families more food buying power. For example, a family of four with an income of \$155 a month will pay \$42 each month and receive food coupons worth \$106. The difference is made up by "bonus" coupons paid for by federal funds.

Food stamps are used just like money at local groceries authorized by USDA's Food and Nutrition Service to accept them, and are redeemed at cooperating banks through the Federal Reserve System.

Storm Warning

Since the tornado season is with us again, it is time to remind everyone of the signals sounded by the fire siren. One blast of the siren indicates a fire, two blasts are to call the department together, and three blasts indicate a storm.

Three blasts do not necessarily indicate that a tornado has been sighted, but they do mean that everyone should watch the clouds and take whatever action seems to be necessary.
