**When you promised
 to share and share alike,
 did that mean your wife
 could use up all the hot water?**

You could get up earlier. Then you'd be sure to beat her
 to it. Of course she wouldn't be too impressed with your chivalry.

Another alternative is a larger gas water heater. Gas water
 heaters are easy to buy, easy to install, and recover hot water up
 to twice as fast as comparable electric models.

So stop competing with your better half. Get a larger capacity
 hot water heater. For fewer fights and lots more hot water.
