How gas heating that heats in the winter can be an air-conditioner that cools in the summer.

You already have half a central air conditioning system.

It's a simple matter to install a cooling unit to your gas heating system. You can probably use the furnace blower and ductwork you already have. You'll save up to half the installation costs of starting from scratch.

Temperature control in your home is a year-round proposition, but not an expensive one. We have special rates for gas air conditioning during the summer. And no matter what the season, you pay less for gas than electricity.

Another nice thing about gas central air conditioning is its simplicity. There are fewer moving parts. Fewer breakdowns. Fewer repairs.

Wake up your central gas heating to central gas cooling. You'll sleep better this summer.

Storm Warning

Since the tornado season is with us again, it is time to remind everyone of the signals sounded by the fire siren. One blast of the siren indicates a fire,

two blasts are to call the department together, and three blasts indicate a storm.

Three blasts do not necessarily indicate that a tornado has been sighted, but they do mean that everyone should watch the clouds and take whatever action seems to be necessary.

Mission In Action Project

The Rachel Sunday School class, 7th and 8th grade girls of the First Baptist Church, enjoyed a tour of Bucknes Baptist Children's Home on Saturday, April 17.

This class is sponsoring a sewing project of making new garments for the home, ages 6 thru 18

And the word that was received from the Home was as follows:

Received 24 dresses, 1 short set, 1 pant set. These garments are so pretty Our girls are very lucky to have someone take so much time and interest in providing such nice clothing for them. Thank you so much.

A L Gatewood
 The members of the class that were able to go were Becky McPherson, Georgene Parks and Jackie Byers, and their teacher, Mrs J. O Hoggatt Mr Hoggatt went along as chauffeur.

We had a wonderful trip and God blessed our day tremendously The girls are still making garments, and plan to go back two weeks before school starts.

We want to thank each one that had a part in donating the materials, helping us to buy the zippers and thread, and thanks so much for those who helped us sew and make it possible to take such a nice selection of dresses.

We are still asking for donation of material, anywhere from 1/2 yard to 3 yards.

Mrs Hoggatt brought a list of the girls' names and ages and sizes back with her. At present there are 45 girls in the home and we don't know how many boys, but believe about an equal number.

We had the privilege of seeing little Tammie Hernandez "Sellars" for about five minutes, as the busses were waiting to take all the children to a free rodeo.

Thanks again for all the help each of you has given us
