Then why not buy U.S. Savings Bonds, just as a starter?

Somebody cared.

Be somebody.

Hunger hurts children most, in body and mind; kills from diseases a well-nourished child can withstand. When you join CARE's Food Crusade, your help goes to children first, in countries beset by hunger.

Every dollar sends a food package to do a multitude of good. You help feed millions of boys and girls every day at preschool centers and schools, so they can grow into healthy, educated, self-supporting adults. You provide meals at home in food-for-work projects to help parents build community resources. You rescue families in war and disaster areas, and help them rebuild their lives.

With your money, CARE delivers U.S. donations of farm abundance or buys other needed foods. Local governments share operating costs. \$1 can help feed a child for 3 months... \$10 serves lunch to 900 children... \$100 sends over a ton of food. Mail your check.

Storm Warning

Since the tornado season is with us again, it is time to remind everyone of the signals sounded by the fire siren. One blast of the siren indicates a fire, two blasts are to call the department together, and three blasts indicate a storm.

Three blasts do not necessarily indicate that a tornado has been sighted, but they do mean that everyone should watch the clouds and take whatever action seems to be necessary.

There's a future in it for someone.

Your son's education for instance.
 But by the time he's ready for college his education may well cost a small fortune.
 The kind you just don't have lying around under a bed.
 That's just the reason why your government has a great thing going. A U.S. Savings Bond.
 In themselves they're not a quick buck. They won't make you that fortune overnight. But in the long run they do pay off. Darn well at that. And at a guaranteed rate. Starting a savings plan is easy.
 You can join a Payroll Savings Plan where you work. Or get into a Bond-A-Month Plan where you bank.
 Then watch someone's future grow. Like your son's.
