Every generation has a responsibility to look out for the needs of the next generation.

Let's hope we can pass on the earth to the next generation in about the same shape we found it.

With rich, fertile soil.
Clean water.

Clean air.

And abundant natural resources.

At Lone Star, we know the

earth's resources are there for us to use. But not to use up.

That's why we're continuing our search for natural gas even though we already have a good supply for this generation's needs. We want to make absolutely sure the next generation has the energy they'll need.

We're drilling the world's deepest well at the Anadarko Basin in Oklahoma. 28,000 feet beneath the surface of the earth. If this well is successful, we think we

may have one of the richest gas reserves in the nation.

This land has been good to us. Let's make sure it's good to our children.

BETTER COTTON YIELDS FOR PROFITS AND MARKETS

"Better Cotton Yields for Profits and Markets" is the theme of a Beltwide campaign to boost cotton yields this season. The cotton industry, U.S. Department of Agriculture, and agricultural Extension services in the 14 major cotton producing states are cooperating. Goal is to "increase producer net income and profits through increased yields and obtain an adequate supply of cotton to meet market needs at home and abroad."

1919 Study Club

The 1919 Study Club met Nov. 18 in the home of Mrs. Dannie Bernardin with Mrs Tom Wilson and Mrs Earl Allen as co-hostesses

The meeting was called to order by the president Mrs J. S. Hinds. The minutes read by Mrs. W. W. Wiggins were accepted as read.

Mrs. Hinds reported that replies from both State and U S Representatives have been received, from letters written in regard to the Big Thicket, that Texas is trying to save for a National Park. It is located near Livingston, Texas, and also the Indian reservation of the Alabama-Coushattas, Texas' only Indian reservation. The 1919 Study Club is joining all Texas Federation of Women's Clubs to try to save the Big Thicket.

The Christmas box to Wichita Falls State Hospital has been sent. Thanks to Mr Barney Johnson and the bus company for helping us with this project, also thanks to Mr Harry Boatright for the dowel he made to display our U. S. and Texas flags.

The program was turned over to Mrs Joe Miller, leader. Topic was Americanism. Salute to flags led by Mrs Miller.

Mrs. Roy Jewell gave a paper

on Pattern of Thinking by Dr. Charles Allen, pastor of a United Methodist Church in Houston. It was taken from the 23rd Psalm. She told us that the Psalm should be read five times a day, not all at once, but on awakening, after breakfast, lunch, before supper and before going to bed. Think on it all day. This was David's prescription. David wrote the Psalm when he was old. It contains 108 words. It gives hope and faith for a Christian life.

Mrs J. M. Baker made a nice talk on Yesterday and Today.

18 members attended. Next meeting will be Dec. 18
