Storm Warning

Since the tornado season is with us again, it is time to remind everyone of the signals sounded by the fire siren. One

blast of the siren indicates a fire, two blasts are to call the department together, and three blasts indicate a storm.

Three blasts do not necessarily indicate that a tornado has been sighted, but they do mean that everyone should watch the clouds and take whatever action seems to be necessary.

There's a future in it for someone.

Your son's education for instance. But by the time he's ready for college his education may well cost a small fortune. The kind you just don't have lying around under a bed. That's just the reason why your government has a great thing going. A U.S. Savings Bond. In themselves they're not a quick buck. They won't make you that fortune overnight. But in the long run they do pay off. Darn well at that. And at a guaranteed rate. Starting a savings plan is easy. You can join a Payroll Savings Plan where you work. Or get into a Bond-A-Month Plan where you bank. Then watch someone's future grow. Like your son's.
