They laughed when I bought my first Bond.

In my neighborhood everyone was poor. Most of us were lucky if we had enough food to eat or clothes to wear. So like most kids we spent a lot of time talking about the things we wanted out of life. Things like owning a big car, wearing fine clothes and going to all of the best places. Boy, we could hardly wait to grow up.

Like the other kids I had little odd jobs in grammar school but I got my first real job when I started high school. I was a junior clerk in a big department store. That's where I first heard about U.S. Savings Bonds. My boss asked me if I wanted to join the Payroll Savings Plan and I said yes. A month later I got my first bond.

When my friends found out they really had a good laugh. Imagine buying U.S. Savings Bonds when there were so many other great things to buy. Well, they kept laughing and I kept saving all through high school.

After graduation some of us wanted to go to college. And that's when my Bonds really came in handy. They not only helped pay my tuition, but also helped buy some books.

Well, I'm a senior now and looking forward to graduation. Unfortunately, a lot of my friends never even got started. And to think, they laughed when I bought my first Bond.

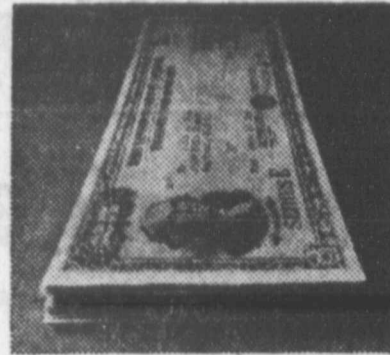

Now E Bonds pay 5 1/4% interest when held to maturity of 5 years, 10 months (4% the first year). Bonds are replaced if lost, stolen, or destroyed. When needed they can be cashed at your bank. Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.

But maybe you're too

busy to do any of the above.

Then why not buy U.S. Savings Bonds, just as a starter?

It's the easiest way to do a little something for your country while your country's doing a little something for you.

Storm Warning

Since the tornado season is with us again, it is time to remind everyone of the signals sounded by the fire siren. One blast of the siren indicates a fire, two blasts are to call the department together, and three blasts indicate a storm.

Three blasts do not necessarily indicate that a tornado has been sighted, but they do mean that everyone should watch the clouds and take whatever action seems to be necessary.

Since we are now on daylight saving time all future meetings of the Lions Club will be at 8 p. m. until time is changed again. Next meeting of the Hedley club will be May 10 at 8

As a protest to the beef boycott steaks will be served at this meal, also the program will be on beef. Since cattle is a major industry in our area the products and by-products should be supported just as we do the cotton industry.

Some missed a good meal and meeting last Thursday. The time for the 31st anniversary banquet was set for the fifth Thursday in

the month, May 31. It will be ladies night and a special invitation is extended to the widows of all departed Lions. Lion Vergil McPherson will have charge of the program and Lion Garland Freeman the decorations. The Clarendon Lions Club, who sponsored the Hedley club 31 years ago, will be represented, as well as other nearby clubs. An effort will be made to get the few remaining charter members of the club back for this meeting.

Burt McKee of Alanreed and George McKee of Clarendon visited the Roy McKees Sunday.

Paul Lair underwent surgery in Amarillo last week.

1919 Study Club

The 1919 Study Club met at the home of Mrs. Tom Wilson with Mrs. G. E. Kinslow and Mrs. W. H. Jones assisting hostesses.

Refreshments were served to 15 members and one guest, Mrs. Don Tarver.

The business meeting was opened by president Mrs. J. S. Hinds. Minutes of last meeting were read and accepted.

Mrs. Roy Jewell's resignation was accepted with regrets.

A field trip to Girls Town will be made in the near future by club members and guests.

Mrs. Oscar Moore was leader and club members repeated the quotation, Thou Hast Given So Much to Us, Dear Lord. Give One More Thing, a Grateful Heart.

Mrs. Graham Brinson gave the devotional, A Call From Heaven.

Recording was enjoyed by all. The main theme of recording was excuses that everyone makes for not attending all services, giving of our time and money to our church. How far in debt we are.

Are you going to live longer than your money?

Maybe you're having a pretty good life now. Your credit is good, you've got a few nice clothes and a good dependable car. And if you're lucky, maybe you own your own home. But that's because you're working. What happens when you retire? You can't live on memories. It's still going to take money. Lots of money. Money that you should be saving now.

And one of the easiest ways to start putting away a few dollars for those retirement years is by joining the Payroll Savings Plan where you work and buying U.S. Savings Bonds.

That way every time you earn a little money for today, you save a little for tomorrow.

Then when the time finally comes to retire, you'll have something put away to retire to.

How it works: pay 1% interest when held to maturity of 5 years, 10 months of 4% the last year. Bonds are optional if lost, stolen, or damaged. When needed they can be cashed at your bank. Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.
