NO. 42

## LIONS ROAR

The Lions will have a business meeting on Thursday, Aug. 12.

The 25th annual Hedley Cotton Festival will be Oct. 8 and 9. It will be run along the same lines as heretofore, featuring two days of almost continuous free entertainment with the Old Settlers having part of the first day.

Don Takver, president of the club, will be general chairman and Clifford Johnson will be publicity chairman, the same job he has had at all previous Festivals. Other Festival committees are being appointed. Check with the Lion president or secretary O'Neill Weatherly. You don't have to belong to the Lions Club to get a Festival job.

The next major event is the annual Lions family picnic, a chicken barbecue at the city park, Aug. 26. All you need to do is send a chicken per person who will attend and come and bring your family and friends. The Lions will do the rest.

Mr. and Mrs. Elmer Howell have just recently enjoyed having all their children at home. Mrs. John K. Tofts of Portland, Ore., and her daughter Susan were here for two weeks and the others were home sometime during the two weeks. They were J. R. Howell of Amarillo; Elsie Dillard of Oklahoma City; Mrs. Billy Wilson and daughters Jaha and Debra of Lubbock and Mr. and Mrs. Gene

## Mrs. Shields Heads Cystic Fibrosis Drive

Little more than a decade ago the Cystic Fibrosis Foundation was working to keep O.F. youngsters alive long enough to start school. Now we are trying to help some of these same patients, who have grown to young adulthood, enter college or find jobs.

These encouraging words came from Mrs. Sue Shields as she accepted the chairmanship of the 1976 "Kiss a Baby Campaign."

"Longevity has increased every year because of earlier diagnosis and progress on research and cure," she said. "It is efforts such as these that we support by volunteering for and contributing to the Kiss a Baby Campaign."

This year's campaign begins with a door-to-door march in September.

WHAT YOU SHOULD KNOW ABOUT YOUR PRESCRIPTION:

# The investment behind it

Each year the drug industry invests millions of dollars in research to support the nearly one billion prescriptions filled yearly by pharmacists throughout the country. This investment results in new "wonder drugs" which let us live our lives longer, healthier. Of the 300 million dollars invested last year more than 150 million dollars went for quality control research. Improved precision measuring and compounding instruments were developed to make even more certain you receive exactly what your doctor prescribes. And the investment also went for developing improved methods of production. As the methods of manufacturing improve, the price of the bulk drug decreases. This saving is passed on to you in lower prescription prices. The "gold pill" of yesterday is purchased today for a nominal amount. Thus, a conscientious, developing industry works to improve the service and quality of the pharmaceuticals you receive today and tomorrow.

For the highest pharmaceutical standards, low prices consistent with quality and the personal attention you can always depend upon, bring your prescriptions to

# There's a future in it for someone.

Your son's education for instance.

But by the time he's ready for college his education may well cost a small fortune.

The kind you just don't have lying around under a bed.

That's just the reason why your government has a great thing going. A U.S. Savings Bond.

In themselves they're not a quick buck. They won't make you that fortune overnight.

But in the long run they do pay off. Darn well at that. And at a guaranteed rate.

Starting a savings plan is easy. You can join a Payroll Savings Plan where you work. Or get into a Bond-A-Month Plan where you bank.

Then watch someone's future grow. Like your son's.

# Are you going to live longer than your money?

Maybe you're having a pretty good life now. Your credit is good, you've got a few nice clothes and a good dependable car. And if you're lucky, maybe you own your own home. But that's because you're working. What happens when you retire? You can't live on memories. It's still going to take money. Lots of money. Money that you should be saving now.

And one of the easiest ways to start putting away a few dollars for those retirement years is by joining the Payroll Savings Plan where you work and buying U.S. Savings Bonds.

That way every time you earn a little money for today, you save a little for tomorrow.

Then when the time finally comes to retire, you'll have something put away to retire to.

Now U.S. Bonds pay 7 1/2% interest when held to maturity of 1 year, 10 months at 7% the first year. Bonds are insured if lost, stolen, or destroyed. When needed they can be cashed at your bank. Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.

# They laughed when I bought my first Bond.

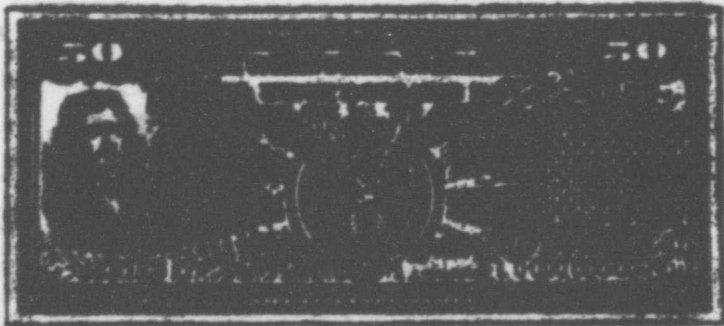

In my neighborhood everyone was poor. Most of us were lucky if we had enough food to eat or clothes to wear. So like most kids we spent a lot of time talking about the things we wanted out of life. Things like buying a big car, wearing fine clothes and going to all of the best places. Boy, we could hardly wait to grow up.

Like the other kids I had little odd jobs in grammar school but I got my first real job when I started high school. I was a lunch clerk in a big department store. That's where I first heard about U.S. Savings Bonds. My boss asked me if I wanted to join the Payroll Savings Plan and I said yes. A month later I got my first bond.

When my friends found out they really had a good laugh. Imagine buying U.S. Savings Bonds when there were so many other great things to buy. Well, they kept laughing and I kept saving all through high school.

After graduation some of us wanted to go to college. And that's when my Bonds really came in handy. They not only helped pay my tuition, but also helped buy some books.

Well, I'm a senior now and looking forward to graduation. Unfortunately, a lot of my friends never even got started. And to think they laughed when I bought my first Bond.

U.S. Savings Bonds pay 8 1/2% interest when held to maturity. They are guaranteed by the full faith and credit of the U.S. Government. Buy them today!

## School Lunch Program

The Hedley Schools today announced its policy for free and reduced lunches for children unable to pay the full price for meals served under the National School Lunch Program.

Children from families whose income meets those indicated on the attached charts are eligible for free meals. In addition, families not meeting these criteria but with other unusual expenses due to unusually high medical expenses, shelter costs in excess of 30% of income, special education expenses due to the mental or physical condition of a child, and disaster casualty losses are urged to apply.

Application forms will be given to students when they enroll in classes. Additional copies are available at the principal's office. The information provided on the application is confidential and will be used only for the purpose of determining eligibility. Applications may be submitted at any time during the year.

In certain cases foster children are also eligible for these benefits. If a family has foster children living with them and wish to apply for free meals you should contact the school.

In the operation of this program no child will be discriminated against because of race, sex, color

or national origin. Under the provisions of the policy, the school will review all applications and determine eligibility. If a parent is dissatisfied with the ruling of the school, they may make a request for a hearing either orally or in writing, to either:
