## Joint School and City Election

Less than 100 votes were cast in the election here Saturday. E. E. Darnell and Martha Hill were re-elected to the Hedley school board, V. T. McPherson and W. E. McDonald to the county board, Ernest Barbee, Billy R. Johnson and Lucy Noble to the hospital board, and C. L. Taylor, V. G. Waddell and W. B. Wiggins to the city council.

## Breakeven Costs Key To Profits

Texas farmers need to take a close look at breakeven costs in planning for optimum crop profits, says an economist with the Texas Agricultural Extension Service. Breakeven costs for variable expenses vary with specific regions but average 28 cents a pound for cotton, \$2.21 per 100 pounds of sorghum, \$1.88 per bushel of wheat and \$1.62 per bushel of corn. Total production costs average 47 cents for cotton, \$3.89 for sorghum, \$3.37 for wheat and \$2.92 for corn. By comparing income above variable costs per acre for each crop, a producer can select a combination of crops for optimum income.

## Bridal Shower

Mrs. Bob White, the former Patricia Trout, was honored with a bridal shower Sunday afternoon in the bank committee room. She received many lovely gifts.

Lynne Morris was at the register and Laura Wheatly served green punch, cookies and mints from a table laid with a white cloth and featuring a bouquet of spring flowers.

Hostesses for the affair were Louise Stewart, Barbara Morris, Hazel Darnell, Tula Ellis, Midge Lemley, Joyce Woodard, Mahdenn DeBord, Nettie Gilliland, Leone Taylor, Zora Stephens, Pattie Gilbert, Lillie Messer, Peggy DeBord, Evelyn Messer, Sharon Wheatly, Faye Naylor, Betty Morgan, Mildred Haggard, Opal Murray, Sue Weatherly, Margaret Holland, Martha Hill, Dorothy Brinson and Geraldine Holland.

**Reddy's Energy Saving Tips**

- ★ Opening your Refrigerator Door as few times as possible keeps Heated Air from getting inside. So Saves Energy.
- ★ Condenser Coils in Refrigerators, like in Air Conditioners, tend to collect Dust and Dirt (especially in Carpeted Kitchens), when they are Dirty, they use more Energy, so your Refrigerator Coils Should Be Cleaned Once a Year.
- ★ Choose a Refrigerator/Freezer based on the real Capacity needs of your family. A Refrigerator or Freezer Operates at Peak Efficiency when Filled to Capacity but not overfilled.
- ★ Insulation Gaskets sometimes Leak and Cost Much Wasted Energy. Check your Refrigerator Gaskets for Wear and Replace if Necessary.
