## Fire Danger

Austin—Because of the very dry condition of rangeland in several parts of the state, Agriculture Commissioner Rengas V. Brown warns summer travelers and campers that carelessness could easily trigger costly and dangerous range fires.

Brown said that vast areas of valuable rangeland could be turned into wasteland "in a matter of minutes" by cigarettes or matches thoughtlessly thrown from vehicles or by unattended campfires.

## Potts-Dwight

First Baptist Church in Hedley was the scene of the Friday evening wedding of Timber Lee Dwight to James Edward Potts Jr. Parents of the couple are Betty J. Dwight of Hedley and R. E. Dwight of Amarillo, and Mr. and Mrs. James Edward Potts Sr. of Hedley.

Rev. Lewis Ellis performed the ceremony.

## Public Warned

The Social Security Administration District Office in Amarillo has received reports from the public that they are being contacted by a man who is falsely representing himself as an employee of the Social Security Administration, reports Jim Talbot, District Manager. "He uses the guise of one of our employees and tells the people that if they are receiving Supplemental Security Income, they are now required to pay eight dollars a month just to receive SSI," says Talbot. "Those who are on SSI are in no way obligated to pay a fee for receiving their benefits."

## Lions Family Picnic

Wash and dry a full load, but never overload... it is essential for each item to move freely for proper cleaning and drying.

Choose the correct cycle for washing modern materials. Perhaps hot water isn't needed, and only a gentle drying temperature.

Too much detergent can clog machine and drains... always measure, don't guess!

Follow the manufacturer's recommendations for your type equipment.

Mixing brands of detergents can cause graying of clothes.

Many manufacturers of permanent press garments recommend machine washing and machine drying for best results. Following instructions on the garment tag can help preserve the life of your clothing and give you wrinkle-free clothes without need for ironing. A big savings!

# There's a future in it for someone.

Your son's education for instance. But by the time he's ready for college, education may well cost a small fortune. The kind you just don't have lying around under a bed. That's just the reason why your government has a great thing going. A U.S. Savings Bond. In themselves they're not a quick buck. They won't make you that fortune overnight. But in the long run they do pay off. Even well as that kind of a guaranteed rate. Starting a savings plan is easy. You can join a Payroll Savings Plan with your employer. Or get into a Bond-A-Save Plan where you bank. That's what someone's future grows. Like your son's.
