There's  
a future in it  
for   
someone.

Your son's education for instance.  
But by the time he's ready for college his  
education may well cost a small fortune.  
The kind you just don't have lying around  
under a bed.  
That's just the reason why your government  
has a great thing going. A U.S. Savings  
Bond.  
In themselves they're not a quick buck.  
They won't make you that fortune overnight.  
But in the long run they *do* pay off.  
Darn well so that. And as guaranteed ones.  
Starting a savings plan is easy.  
You can join a Payroll Savings Plan where  
you work. Or get into a Bond-A-Month Plan  
where you bank.  
Then watch someone's future grow.  
Like your son's.

Feeding the hungry industrial regions to the north, the South helped make a new and struggling country grow strong and prosperous.  
Today, America keeps getting stronger every day. Thanks to over 9½ million Americans taking stock in their country by buying U.S. Savings Bonds.  
They know that as they're working for their future, their Bonds are working hard for America's future, too.  
So, buy U.S. Savings Bonds through your Payroll Savings Plan.  
Whether you're raising vegetables or a family, they're a great way to save.

Series E Bonds pay 6% interest when held to maturity of 5 years (4½% the first year). Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.
