

"If a man had half as much insight, as he has hindsight, he mould have thrice as much foresight'

Irene Bland from Glen Ellyn, Illinois, chats with Theresa Plummer, Fort Clark Springs' PR Director.

KVAW-TV Makes Proposal To City

At 7:04 p.m., Monday, September 9, 1991, Mayor Pro-Tem Diane Bravo called the City Council to order with Councilmen Ralph Gonzalez, Bernie Cervantes, and Richard Terrazas answering roll call. Visitors were acknowledged. Jean Faulkenberry offered the In-

vocation and Police Chief Johnny Fritter led the pledge of allegiance. Minutes of the regular and special

council meetings were accepted as printed on a motion by Bernie Cervantes and seconded by Richard Terrazas.

City and Utility Department Financial and Operating Reports were viewed and approved.

Ignacio Trujillo, Reg. sales, mgr. news reporter, and Juan M. Wheeler, Jr., vice president and general manager of KVAW Telemundo of Eagle Pass made a presentation offering the City an opportunity to add KVAW's station to the Falcon Cable service. Falcon has agreed to do so if the City was agreeable. KVAW has already checked out the area confirming that their equipment could sufficiently

serve the area. No charge will be made to the City, and no additional charge will be added to customer service. KVAW Telemundo's plans include an area newscast, as well as public service announcements for the City, County, community - civic activities, churches, and schools. They are a commercial station and will be offering paid advertising services to area businesses. Their service area includes Acuna, San Carlos, Jimenez, Musquiz, Zaragoza, Nava, Morelos, Allende, Cleote, Sabinas, NVA Rosita, Palau, Agujita, Guerrero, V. Union, and Piedras Negras. In Texas they will reach Del Rio, Brackettville, Spofford, Quemado, Normandy, Eagle Pass, El Indio, Uvalde, LaPryor, Crystal City, Carrizo Springs, Asherton, and Batesville. They will be promoting the new "Free Trade Agreement" with Mexico and the United States. Richard Terrazas moved to support KVAW Telemundo in their quest to be added to the Falcon Cable Service. The motion was seconded by Bernie Cervantes, and it carried

The Council went into Executive Session' for a matter dealing with personnel. Approximately ten minutes later they re-convened in open session.

Jose Escamilla appeared before the Council to inquire as to when a bridge would be built on Pafford/ Thomas Street since the absence of one posed a fire hazard. He reminded the Council that he had made this request for the past two years. He was assured that priority would be given his request and he could expect construction to begin about January. The bridge would be built by City personnel and equipment.

The next agenda item was to discuss - appoint/not appoint a mayor. Mrs. Bravo stated that at the time former Mayor Moore resigned, City Attorney Ralph Brown advised the Council that a council member could serve as mayor pro-tem for only 90 days (and those 90 days are up). She had checked with Texas Municipal League late last week and was advised that there was no law specifying a given number of days a Mayor Pro-Tem could serve, and legally, one could serve until the regular election in May. Richard Terrazas suggested that he would like to delay a decision until the full Council was present. Ralph Gonzalez moved to table the item until all Council members were present. The second came from Mr. Terrazas and it carried.

Ralph Gonzalez moved, and Bernie Cervantes seconded to send Randy Castilla and Domingo Villarreal to school to become certified as Animal Control Officers since Chief Fritter is now the only City staff member who is certified. The motion carried.

Mrs. Bravo announced that in the executive session consideration to award a merit pay raise to Randy Castilla as a result of his having completed certification for both Water License, and Waste Water License had been approved.

Mr. Gonzalez moved to adjourn and the motion was seconded by Mr. Cervantes. The motion carried and the meeting was adjourned at 7:46 p.m.

The First Annual Cowboy Cauldron is history! It is a fine page in the Kinney County Chamber of Commerce's memory book. The effort put and thanks Dan Lewis. forth by our chamber as a whole is commendable. We have several special people that went way beyond the expected to make this a spectacular first effort. Larry Sofaly, you are amazing! From day one and A to Z if we needed it, you came up with it. With three nights of little or no sleep I still do not know how you worked as hard as you did without dying! Mary Seaver, you had the hardest job organizing booths and keeping those people happy (thanks also Mona), and Cash Letsinger all we had to do was ask for you to do it and it was taken care of. Dennis Dodson, Mona Miller (our newest member), Archie Woodson, Glen Seaver, and Allen Kreiger--you are the hardest working committee yet! Despite the heavy rain we had a wonderful turnout. There were fiftyfour booths showing everything from jewelry to horseshoe artwork. Plenty of any variety of food was enjoyed by all. Chili teams, horseshoe and washer pitchers, tortilla tossers, greased pole climbers fought the rain and competed anyway. Gunfighters got our attention and did several shows during the day. The fiddle contest was a treat and gathered one of the biggest crowds. The highlight of the day still belongs to the cowboy poets, storytellers, and musicians. They made many friends while they were here, had a great time, and are already making plans to be back next year. Winners of the chili cookoff are as follows: first place plaque, showmanship, and \$100 went to the Mudders Chili Team from Fort Clark Municipal Utility District with Larry "Slow Hand Sofaly" "Frank "Take No Survivors" "Sanchez, Kevin "Caboose" Cavender, and Mark "Jaw Bone" "Johnson. Congratulations, you deserved your awards hands down-- great wagon! Second place Budweiser's Outhouse Chili from Del Rio, and third place went to Alvin and Tanya McClure's Potbelly Chili from Spofford. Special thanks to Tim Ward, Felix Hernandez, and Jim Runyan for judging the chili so superbly. Thanks to Carol Gene Cottle and Ronnie Hobbs for judging showmanship. Cash Letsinger, you kept it all together and made it work despite the rain. Bill Baxter and Russell Herndon from Uvalde won first place in horseshoes and washers. Second place in horseshoes went to Howard and Louise Cottle. Second place in washers went to Bernie Cervantes and Reyes Diaz. Thanks go to Howard and Weegie Cottle for helping Cash Letsinger set up the pits and keep the games organized. Special thanks to

Tom Faulkenberry of the Brackett Lions for getting horseshoe sets to be donated from Rio Grande Electric,

The fiddle contest could not have happened without the help of Mararet Bomer of Spotford and Irving Ballard from Sabinal. The over all grand champion and first place winner of the 49-70 year age group was Carolyn White of Uvalde. Second went to Chester Derrick of Odessa, and third place went to Rodney Cottle of Carrizo Springs. In the 71-79 age group first place was W.W. Martin of Spofford, second place was Pete Whitworth of Barksdale, and third place went to Bill Clepper of Utopia. In the 20-24 age group first place was Darryl Earwood of Del Rio, second place was Todd Monroe of Reagan Wells, and third place went to Nick Myers of Campwood. Our judges had hard decisions to make and did a fine job. Thanks go to Lynette Crane, band director for our own Brackett I.S.D.; Rocco Fortunato, local long time player in several bands; and Thalis Cook, made! fiddle restorer from Del Rio. The Tortilla Toss was on and then off and then on again, but we still have a new grand champ with a throw of 192 feet and 2 inches. One hundred dollars and a trophy went to Billy Joe Pierce of Brackettville. Second place went to Mike Woodson and third place went to Alvin Tovar. Thank you Linda Woodson for trying so hard to keep it going in the rain. Tina Kral Smith was the lucky

brought here and to be a success. We appreciate the fact that each of the following understands that--WE THANK-YOU EVERYONE! Gulf Publishing, Fort Clark Springs' Maintenance, M.U.D., and Las Moras Restaurant, Alamo Village, Shahan Ranch, Davis Hardware and Ranch Supply, Texcor, Kinney CountyWool and Mohair, Burger and Shake, Eagle Nest Ranch and Mona Miller, Kinney County Land Company, Papco Service Company, Debbie Trant of Janita Hinds Real Estate, Community Against A Radioactive Environment, Jean's, B And S Grocery, Rory's Video Review, Sunshine Nursery, Rio Grande Electric, The Lions Club, Fort Clark Old Quarry Society, O'Rourke Realty, Larry Sofaly, The Letsingers, Trey Smart, Bobby Hunn and family, Glen and Mary Seaver, Sondra Meil, Russell White, Knights of Columbus, Billy Joe Pierce, and Rodney and Carol Cottle. We owe a special thanks to both of our local papers for their help in publicizing this event. Look what a difference it

The most thanks should go to the performers who did so much for so little in return. Thank you Clay Lindley and Alvin Davis for helping to organize the performance, Curt Brummett, John Campbell, Enid

Charles Downing, Fort Clark Springs' historian informs Orlyn Zeiman of Appleton, Wisconsin of the history of the area.

Plummer Hostess To 41 Elderhostelers

By JEAN FAULKENBERRY Brackett News Editor

Sunday afternoon, September 8, when I met Theresa S. Plummer at the Wainwright House on Fort Clark, she told me she was very nervous. She didn't look, or act, it though. She was very poised, very charming, very busy trying to be several places and do several things at one time, and succeeding.

Forty-one Elderhostelers had arrived an hour or so before. Theresa had met them at the Members Service Office, gotten them registered for the conference, and with the help of volunteers Walt Bauguess and C. E. Batchelor, and the ladies in the front office of course, gotten them settled into their hotel rooms.

Theresa is the public relations director for Fort Clark Springs, and this was her first Elderhotel activity although five groups came to Fort Clark last year.

Seventeen of this group calls Texas home, twenty-four are from some other state. Their first scheduled event was at the Wainwright House where Peter Pohl had made the arrangements for a reception to be held. Volunteers May Roper, Mary Lee Trollinger, Pat Callnan, Ken Callnan, Wilma Lewis, and I were to help Theresa, serve refreshments, conduct tours of the house, and see that everyone met everyone else. We weren't needed for that though. Although these forty-one people had not met each other, nor us, before, chatter and laughter filled the house. They got acquainted fast! Theresa was everywhere, everybody already knew her, she knew them, and she had answers to all the questions.

Elderidestel, an educational, recreational, and social program, was created for adults at least 60 years old, although companions may

be as young as 50. This group will be at Fort Clark Springs for the week of September 8 - 13. Most of them have been involved in one or more Elderhostels elsewhere before coming here. When around them, you can't determine what is educational, what is recreational. and what is social. They just mix it all up together and have a great time.

The week's program includes studying the history of the area. visiting the Museum, and touring Fort Clark with historians Don Swanson, Charles Downing, Ron Buckles, and Richard Thompson as instructors/guides.

Bob Young will be giving golf instructions and putting together a tournament...and maybe iust playing golf with them.

Happy Shahan and Richard Curilla will be sharing moviemaking history and techniques, showing movies made at Alamo Village, Fort Clark, Moody Ranch, and the area. They also will host a guided tour of Alamo Village and serve a Texas barbecue dinner at the Cantina.

Most meals will be served by the Las Moras Restaurant. Trolleys from Del Rio provided transportation around the Fort and to Alamo Village.

Believe it or not, there has been free time. Some of them even visited Breen Gallery. And, there have been lots of surprises. And, Theresa has been everywhere!

Graduation will be Friday at a farewell luncheon, and graduation certificates will be awarded. Then, these forty-one delightful people, welcome guests on the Fort, and all through Kinney County, will be leaving. God speed to each of you and come see us again.

And, Theresa is already getting ready for another Edlerhostel group scheduled to arrive September 22.

winner of the golf package from Fort Clark Springs and the Fort Clark Golf Course. A special, special thanks to Barbara Davis, from Lubbock (wife of Performer Alvin Davis) who worked

all day Saturday taking admissions. And another special thank you to Evetta (Mrs. Bob) Kahla who helped at the information/sales booth all dav

Our sponsors for this event made it possible to bring the cowboy poets, storytellers, and musicians here. Team effort from the whole community is a must for events to be

Jim Fish at the mike.

Morris, Don Cadden, Charles Williams, Gil Prather, Dave Crow, Bob Kahla, and Jim Fish, They were wonderful and will be remembered for a long time. See you again next year!

"Slow Hand Sofaly"

Tax Rate Set

Kinney County Judge Tim Ward called the Commissioners Court to order at 9:05 a.m., Monday, September 9, with all Commissioners and County Attorney Shahan present.

Attorney Shahan gave the Invocation and Judge Ward led the pledge of allegiance. Minutes of August 8, 12, 14, 16, 19, 22, 26, and 30 were read and approved.

The rental contract on the office occupied by Justice of the Peace Alvin Hall was extended for a year. Nine applications for County Road Administrator were reviewed and the applicants were asked to be available for interview in executive session beginning at 3:30.

Action was deferred on reviewing a County and District Retirement System Resolution. August bills were examined and approved. Emergency amendments to transfer line items to meet current expenses were approved.

Two bids were received from outside audit firms. After reviewing both, the Court voted to award the contract to EDE Firm, Knippa, at a cost of \$8500.00.

Excel Company and Blue Cross/BlueShield were the only firms to submit bids for the County Employee Insurance Program. After a lengthy discussion, Commissioner McClure moved to stay with Blue Cross. The motion was seconded by Commissioner Fuentes, and it carried.

After a lunch break, the Court reconvened. Commissioner Fuentes moved that the tax rate be set at .6846. The motion was seconded by Commissioner Frerich. The motion carried although Commissioner McClure voted no.

Commissioner Sheedy led a discussion on the use of the Civic Center. It was agreed that although the Court might choose to waive a rental fee for special community activities, the cleaning charge and utilities still must be paid by the user.

The Court then went into Executive Session to interview applicants for the County Road Administrator.

When the Court completed the executive session, it was announced that one additional person was to be interviewed before a decision was made, and it could take a week.

At 4:15 an amended redistricting plan for Kinney County, Plan GL1A, was reviewed. The change would be to drop the precinct line dividing three and one a block from Spring Street to Highway 90 before continuing due west. Commissioner McClure moved to approve and submit the amended plan. Commissioner Fuentes seconded the motion and it carried.

The Court was adjourned at 4:40 p.m. on a motion by Commissioner Sheedy.

September 12, 1991

Vandals struck an expensive and destructive blow to Texcor Industries headquarters the night of Monday, September 9, 1991. Paul Salsman, head representative of the company, called the Sheriff's Department at approx. 8:05 am Monday morning to report the incident and this writer arrived at the scene at 8:15 am to investigate. It was obvious from evidence at the scene, which included two broken windows and window screens, that the incident was one of criminal mischief and NOT an attempt at burglary as no attempt was made to enter the building which is located in a remote area of Highway 90 near the intersection of Hwy. 131. Damage is estimated at between \$100 to \$200 dollars. There are no suspects at the time of this writing.

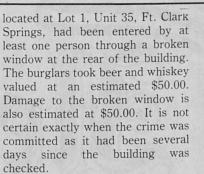

Another case similar in nature was investigated by this writer at 11:15 am Monday, September 10th, after a report of a break-in was made to the Sheriff's Department by Charles "Ford" Dodson, caretaker

FOOD FOR THOUGHT: "If he who carefully picks holes in the character of others would but expend same skill upon himself, what could prevent him from breaking through the bonds of ignorance?"

Destructive criticism leads to a train of disruptive habits and passions. Because it has long been given such free scope, it has become such a persistent and insidious habit that even after the aspirant has conquered other errors and the grosser aspects of criticism, it often insinuates itself on his unsuspecting of a residence belonging to Joe King mind and once more drags him into of Houston, Texas. The residence, the mire of it's own plane. There is

MEMBER 1991

only one way to handle destructive criticism, and that is to throttle it in its incipiency, whenever and wherever it appears.

A critical mind not only in itself checks progression but it leads to the more destructive quality of condemnation. If one does not begin by criticizing, he will not end in condemning. Condemnation is a twoedged sword which very few are capable of using, and indiscriminately handled, as it is today, infused with the harmful elements of anger, hatred, and revenge, it is wholly destructive. "Rays of the Dawn" by Thurman Fleet -- copyright 1950

The Editor The September issue of the American Rifleman warns all of us who own and use firearms, (safe in the knowledge that we are completely protected by the second amendment o The Bill of Rights) are in jeopardy In an article headed "War for your Guns," they show that the fight has shifted to the U.S. House of Representatives. They ask if our Congressman (Bustamante) will vote to control career criminals or to control aw abiding citizens and gun owners. They cite a list of bills before the house at this time, most of which are anticipated to be attached to the President's "upcoming crime bill. These are:

Letter To

Gephardt/Schumer Crime Bill: Bans Schumer (D-N.Y.)

autos, bans magazines over 7 rounds, sponsored by William Hughes (D-MO)

ed by Larry Smith (D-FLA) H.R. 282: Registers Handguns, sponsored by Cardiss Collins (D-I11) H.R. 3104: Bans semi-autos, magazines and their parts, sponsored by Pete Stark (D-Cal)

H.R. 436: Bans Ammunition, sponsored by Ted Weiss (D-N.Y.) In the U.S. Congress today, there are total, nationwide gun owner registration proposals. Bans on long guns. Bans on handguns. Even bans on bullets; Sen. Daniel Patrick Moynihan (D-N.Y.) wants to ban 9mm, and .32 and .25 cal ammuni-

By Joe Townsend

It's truly amazing how the American people are continually ripped off by purveyors of doom who seem to be afraid of their own shadows. With the help of the irresponsible news media there is an amazing train of false fears that cost the American public millions of

All the dire predictions of the 'Love Canal'' incident caused the dollars.

An entire town in Missouri was forcibly evacuated by the Federal Government. Now it is proved the highly touted dangers of dioxin do not exist and the Federal will resell the houses at a loss to the taxpayers.

American people are being daily ripped off under the claims of the

horrible fate to be caused by the destruction of the ozone layer. The latest scam regarding freon in airconditioning units is a case in point.

Now reputable scientists have proved the fallacy of the whole idea. The so called "green house effect" has been totally disavowed. There has been less than 1/2 degree of variance of temperature world wide in the 150 years records have been kept. Cyclamates were said to cause cancer and were taken off the market. New sugar substitutes at a much higher price were developed. Then it was proved; no danger from cyclamates.

Schools, businesses and public buildings were the victims of a phobia that asbestos causes cancer. The tax payers were fleeced of millions and millions of dollars. One major business was destroyed because of the panic. Now it is proved to be a baseless fear. In fact it is more dangerous to replace surfaces using asbestos than to leave it. Hysteria has been promoted

nation wide about radio-active waste. Now it is proved to be such a low incidence of problems that reputable scientists now say the emanations are so low the biggest problem is in measuring it.

The Brackett Hens.

The stupidity of the Endangered Species act becomes more apparent daily. The claim of the "Environmentalists" that the loss of any species endangers the entire chain of existence is ridiculous. Every year at least 1000 species cease to exist because nature herself accomplishes it. The millions of dollars cost to the taxpayer because of the snail darter in Tennessee is ridiculous as is the idea of federal control of the Edwards Aquifer because of endangered species in some of the springs. Incidentally, in my memory those springs have gone dry years ago. I can't help but won- . der how long the Nader Nuts will be able to control judges and legislators.

Until the American people begin to examine facts and refuse to listen to negativists and liberal news media we will all continue to pay and pay and pay.

The Brackett News welcomes letters to the Editor. The Editor reserves the right to edit all letters submitted for length and context. Letters will be edited to avoid the use of profanity or libelous statements pertaining to the rights of citizens.

On an equally serious note, the following news item shows what is becoming more common all the timea citizen being "held-up", "and what he did about it. Guess he deserves a medal. I'll betcha he's a member of The National Rifle Association. Any takers?

David T. Blair

Reprinted with permission from the Friday, September 6, 1991 edition of the San Antonio Light.

Quick-drawing Californian guns down gang of crooks

LOS BANOS, CALIFORNIA-One robber aimed a shotgun at Jaime Alonso's temple. Another held a knife to his throat. Two other intruders rifled through his small gun and bait shop.

Trapped behind the store counter, Alonso asked to sit down. If he made one wrong move, he knew he could be dead.

But it was not Alonso who would die Tuesday afternoon. Instead, Alonso turned from victim to folk hero in a few chilling seconds.

Reaching for a 9mm handgun hidden under a counter, Alonso made like a character in a cops-androbber movie and blasted his intruders with a daring display of marksmanship and firepower that left three of them dead and a fourth fleeing down Highway 152.

With quick precision, Alsono fired the gun over one shoulder, stunning and wounding the robber who wielded the knife.

Next, Alonso turned and fired point-blank at the bandit holding the shotgun. The man dropped his weapon and staggered, bleeding. In a flash, Alonso spun and shot a third robber whose arms were full of

weapons taken from a gun case. The fourth ingruder fled out the

front door as Alonso fired in his direction.

When the smoke cleared at the San Luis Outpost, Alonso was unharmed. So was co-worker Bennie Cotter, who was rousted by the robbers from a walk-in refrigerator.

"The good guys won this time," said Lt. Bill Blake of the Merced County Sheriff's Department. "It's nice to see the bad guys lose one. They never got a shot off. They never had a chance."

(control by fear), and other highly unethical practices and procedures being carried on by what I saw at the 'Special Meeting" as blatant inexcusable tyranny (wearing the cloak of authority laughingly/sadly labeled "City Council --- one of whom doubles as a "Mayor-Pro-Tem").

The data I uncovered is very likely known to you but not mentioned in your paper, nor even questioned. Mr. Felix Gonzales proved too honest for the Hispanic vise that hired him in preference to the other candidate (Mr. Blankenship, an Anglo), for the primary reason 2 or 3 dictating Hispanics thought they could control Mr. Gonzales; (according to some lifelong local Hispanic residents).

Perhaps what is most galling to American customs that abhore secret government, is the comment by Councilman Cervantes (whose oath of office includes the upholding of the U.S. Constitution which was the primary cause that built the U. S. Cavalry Fort Clark that "Brackettville" made/makes possible). I heard the Councilman say that they resented the fact that Mr. Gonzales had taken information about what was happening to Brackettville to outside media.

"Government by Secrecy" may be the tyrant's way but it is not the American way. Probably the most crucial reason that Hitler and the Nazi Tyranny was stopped in Europe, was because a few people like Journalist Alan Cranston (now U. S. Senator Cranston) were brave enough to go the "extra mile" to alert the "outside world" about what was happening under Hitler's autocratic dictatorship.

Border Banditry was once fought by my father, a Cavalry Stable Sergeant at Fort Clark, when his troop was ordered to chase Pancho Villa in the "Punitive Expedition";...before he (William M. McFarland) went with Pershing to Europe to fight on French soil in WWI, to assure Human Freedoms. How can I do less here and now, than to speak out about the injustice I witnessed at the so-named City Council meeting that quickly fired Mr. Gonzales and closed the session seconds later (on motion by Ralph Gonzalez to abet Mayor Bravo who wished to avoid certain questions about her own curious actions that appear to have conflict-of-interest-

turned a small Texas town into a Totalitarian Bastion. Isn't it time to have an elected Mayor? Or at least have the local newspapers report all the facts that bear investigation to uncover how the long-standing mess in local government has been allowed, --- while honest men who try to bring reliability and integrity into local government are either "fired" or find their stand is so unsupported by the citizenry they quit! What's it to be? People like me are having second thoughts about settling here, and the outflow will outnumber the inflow as long as the County of Kinney and town of Brackettville continue to be autocratically controlled by a small ethnic-minded group secretly promoting the good of a few as more important than the good of all. the intense emotions and energies I saw on display at that meeting could surely be put to more proper and more beneficial use, if the entire citizenary had access to all the truths about what is happening at Brackettville.

Dictatorship, autocratic unanswerable power and control by fear through government-by-secrecy, must not be permitted on American soil, --- no matter how close we are to an international border where the cultural differences are not amenable to the American way of freedom of speech. Felix Gonzales attempted to use these freedoms and was scarificed for doing so. He wasn't the first.

How long will the local newspapers and citizens allow this? The free press has always been the 'watchdog'' of citizen power and

few dictate the lives of all. This is too small a town for this publisher and editor not to know what questionable actions and situations are being perpetrated without indepth reporting by local papers. You claim to be professional newspeople; do your job on these matters before it's too late!

One of the first rules of conquest strategy is to keep the "opponent" confused! It is quite apparent to my own investigation, local officialdom has succeeded very well in keeping the public confused! It is the duty of newspapers worthy of their name to cut through such confusion and present the facts clearly in terms the average person can understand. A mere stating of dates and times and "allowed" data as your last issue presented, is not enough to clarify the whimsical use of power now in' effect. Please, do it right and address the undermining situation and persons causing the confusion. Thank you.

> S. McFarland P. O. Box 1636 Del Rio, Tex. 78840

Dear S. McFarland:

Your letter dated (on the second page) 9/1/91, and passed through the door at noon on Wednesday, September 4, was received past our deadline and could not be printed inthe September 5 issue.

Thank you for reading The-Brackett News. Readers are important to us. If you have facts you care to share with the public, on this or other issues, you already know how to reach us.

Editor

Cause 20117--Not Guilty

At 2 p.m. Thursday, September 5, 1991, in the County Court Room, Judge Hall declared court in session to hear Cause #20117 which Felix Gonzales had filed on August 23 after an incident in his office on

was sitting on Mr. Gonzales's desk.

each testified, then two city employees - Deborah -Bland and Josephine Gomez - were called tothe stand. Neither could give an eye witness account but both said they heard loud voices.

Mr. Gonzales was represented by Attorney Tully Shahan of Brackettville, and Mrs. Bravo was represented by Attorney Robert Cadena of. Del Rio.

Judge Hall ruled not guilty. discounting the testimony from Ms. Bland and Ms. Gomez as useless, and ruling the testimony from Mr. Gonzales and Mrs. Bravo consisted, of two people giving opposite versions of a situation, and guilt had not been established.

August 22.

The case was against Diane Bravo charging assault with intentionally or knowingly threatening bodily injury. Mr. Gonzales reported that Mrs. Bravo had attempted to strike him with his tape recorder after a disagreement between the two of them. Mrs. Bravo denied picking up the tape recorder and said she had only tapped it with her hand while it

Grandma's Kitchen By Grandma

We've heard the word lots of times, but I'll bet not too many people even know what it looks like.

Alfalfa is a perennial herb commonly found on the edges of fields, in low valleys and is widely cultivated by farmers for livestock feed. An erect, smooth stem grows from an elongated taproot to a height of a foot or more. Flowers are blue-to-purple during the summer months, finally producing the characteristic spirally coiled seed pods.

Alfalfa was used by the Persians to feed their horses to make them look sleeker and feel stronger. The Arabs designated this common hay feed for livestock, "The Father of all Foods.

Some modern herbalists have gone even further than this. Characterizing alfalfa as being "The Big Daddy of 'em all'' in terms of nutritional value, considering that this plant is so rich in calcium that the ashes of its leaves are almost 99% pure calcium.

Since the herbalists were ignored, we had to wait until it was clinically proven that high levels of cholesterol were reduced when alfalfa meal was eaten.

Based on these findings, it's therefore strongly recommended that we take 2 capsules of good quality alfalfa powder with every meal, especially when too much cholesterol might be a problem.

The rich chlorophyll content found in alfalfa, and other green plants like it, was used by some doctors in major hospitals in the 40's for treating infections resulting from surgical incisions, bed sores and minor ear problems.

Better than the capsules would be fresh juice made from new alfalfa sprouts whipped up in a blender, or

else run through a juicer. About 4 to 6 ounces of this juice taken at one time and also great applied externally on any surface infected, try it.

To make your own sprouts, soak a teaspoon of alfalfa seeds in a quart of tepid water overnight. Next morning, rinse the seeds thoroughly with tepid water and drain. Place them in a jar tightly covered with a damp cheesecloth. Store in a dark place. Twice a day, rinse the sprouting seeds and drain them well, returning them to the dark after every rinse. After 4 or 5 days, place the sprouts in the sunlight for a few hours to green them, then store in the refrigerator.

You can use alfalfa sprouts instead of lettuce, since they are far more nutritious. In 1984 it was proven that alfalfa extracts definitely improved the condition of a diabetic who failed to respond to insulin. I'm definitely going to get me some alfalfa capsules for these tired old bones.

Now, let's get on with cooking something good. Let's try this one.

BACON CHEESEBURGER CASSEROLE

1 lb. ground beef 1 Tbs. instant minced onion

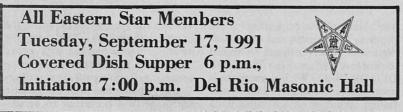

1 can (2 oz) mushroom stems and pieces, drained

6 slices bacon, crisply cooked, crumbled

1 can (16 oz) whole tomatoes, drained

1 can (11 oz) condensed Cheddar Cheese soup

1 cup potato flakes 1 cup shredded cheddar cheese

"Mountain Men," the pioneers of the Rocky Mountain West, came West by beavers as these animals were lured to traps by castor bait. With virgin streams producing the prize catches, there was reward for trail blazing and so the trappers became the explorers of the Far West.

were examples. There were three classes: the first as fur trappers, lured to the hired trapper, paid annual wages by a fur company; the skin trapper, who dealt with the company only; and the free trapper, who trapped and disposed of his furs when and where he pleased.

Crumble ground beef into 2 qt. microwavable casserole, add onions and mushrooms. Cover loosely and microwave on high for 3 minutes. Break up beef and stir. Cover loosely and microwave until very little pink remains in beef, 3 to 4 minutes longer, drain. Stir in bacon and tomatoes. Reserve 1/4 cup of the soup, stir the remaining into beef mixture. Cover tightly and

microwave until hot - 3 to 5 minutes. Prepare the potato flakes as directed on the package for 4 servings. Stir in the reserved soup. Spoon the potatoes around edge of casserole. Sprinkle top of casserole with cheese. Cover loosely and microwave until hot and cheese is melted, about 3 to 5 minutes. Sounds good, doesn't it?

I remember the first guacamole I tasted when I came to Texas was a bit soured, and completely turned me off guacamole. Since then, I learned to make my own. It is delicious, and I want to share my recipe with you.

Library

Notes

GUACAMOLE

2 large, or 3 small ripe avocados 1 ripe tomato, chopped Juice of 1 lemon 1 small clove garlic, pureed 2 to 3 Tbs. minced onion ¹/₄ Tea. ground cumin

Mash avocados in a bowl, add tomato and continue to mash together. Stir in lemon juice, garlic, onion, cumin, and salt. Transfer to an attractive serving bowl. Place let-

tuce leaves on individual plates and serve with tomato slices. Here's a good thought: when insects take over the world, let's pray they'll remember with gratitude how we took them along on all our picnics.

Have a safe and happy week. Big hugs and special love, Grandma

think you are ready to sit down and watch Friday night football, you are informed that it is time to do your fall yard preparation, and plant your fall garden. Yes, it is time.

However, with our characteristically mild falls, you can plan conversation among the members of these activities over the next few weeks. We suggest you begin your mend the following books which fall garden preparation immediately.

There is an excellent book available at the library entitled Bugs. Slugs & Other Thugs which has excellent suggestions for solving some of your garden problems. For example, did you know that corn oil mixed with warm water suffocates nematodes when sprinkled near plant roots, used as a soil drench, or used as a root dip for transplants.

African marigolds release roots and discourage other harmful insects as well.

As far as your lawn is concerned, if there has been a build up of thatch because you haven't been using a Irene and Dave Blair. Thanks to grass catcher, removing it will help these loyal supporters of the Library drainage and discourage insect habitation through the winter.

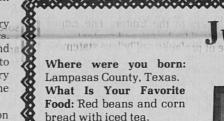

A close mowing just before winter

Well, just when you husbands proper information from the above sources so that they might suitably supervise the other in his/her activities. (This is always most appreciated by the person being supervised, we are told.)

Now that we have fully stimulated your household, may we recomhave, or are, on the best seller list: The Seventh Commandment by Lawrence Sanders; The Fourth K by Mario Puzo; and The Firm by Jon Grisham.

During the month of August, we had memorial donations from William & Sandra Herman in memory of Raymond Fuentes. Dick and Molly Schroeder made a memorial donation to the Friends' Library Expansion Fund in memory nematode poisons through their of Edith Tribby. Books have been

purchased in their memory. Books were donated to the library this past week by Mr. and Mrs Tucker, Pat and Ken Callnan, and as well as those who attended the public meeting Friday, August 30. September 17 - 23 is Constitution

Lettuce leaves for serving and sliced tomatoes for garnish.

Frenchmen, most experienced of fur trappers, mingled with Americans and Spaniards at St. Louis in the first part of the 19th century and made this the great western fur trade. From here went trapping parties and trading goods for the mountain trade. A season or two of trapping and you could be considered a "Mountain Man."

Mingling with the Indians, the mountain men adopted the Indian way of life, his food, shelter, morals, and usually his superstitions. He adopted buckskins, adorned with dyed procupine quills, or colored beads.

se made him independent and free. new comers to the West.

Jim Bridger, Kit Carson, Thomas Fitzpatrick and old Bill Williams the "Mountain Man."

The summer rendezvous at Green River, Wyoming, or other mountain valleys, started the typical fur trade day. There white trappers and Indians gathered. Fur companies from Missouri brought trade goods to barter.

With drinking, gambling, races and contests of skill the "Mountain Man" made holiday. His regular meat diet was now varied by flour, coffee, etc., from "the States." In a few days, he usually spent his entire year's earning.

With the popularity of the silk hat, beaver skin went from \$6 or \$8 a piece to \$2 or less. The "Mountain Man" sold his traps, became a An Indian buffalo skin lodge trader with the Indians, or went to provided winter shelter. His rifle, the trading post and became a steel traps, skinning knife, and hor- government scout, or guide, to lead

A quote from an unnamed golfer when it looked like he might make a hole in one on #11. "If that ball goes in the hole, I'll give each of you \$10.00 if you won't tell anyone. I can't afford another 'hole in one party.' '*

Ladies, don't forget to register for the "Sugar and Spice" tournament October 18 and 19. It includes the Fiesta and Fashion Show.

Pesticide Conference

AUSTIN--A special conference on pesticides and health in the state of Texas will be held October 7-9 at the Wyndham Hotel in San Antonio, Agriculture Commissioner Rick Perry today announced.

The conference is being sponsored by the Texas Department of Agriculture, the University of Texas Health Science Center-San Antonio, the Southwest Center for Occupational and Environmental Health, the National Migrant Resource Program, the Texas Department of Health, the U.S. Environmental Protection Agency and the University of California-Davis Agricultural Health and Safety Center and School of Medicine

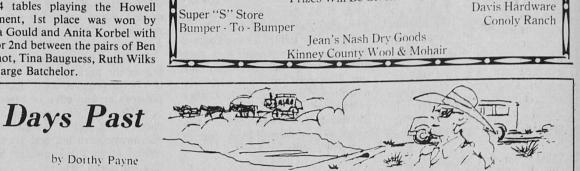

On October 9, a special symposium will review the process of regulating pesticides, with a particular emphasis on health risk assessment for pesticide chemicals.

"Contemporary agriculture is a major user of pesticides," Perry said. "As a regulatory body, we're continually striving to improve the already stringent pesticide regulation system to further ensure that America's food supply is produced in the best way possible for consumers, farmers and the environment."

The conference will address the most salient issues in pesticides and medicine, including toxicology, treatment of pesticide emergencies, respiratory diseases, neurobehavioral effects and other chronic conditions. Seminars are targeted at health care personnel who are likely to treat patients exposed to pesticides, agriculture officials with responsibility for pesticide regulations, insurance specialists and attorneys in the agricultural health field, pesticide applicators, farm worker representatives and others concerned about the health hazards of agricultural pesticides. "We've assembled a very talented group to share their expertise on health and human effects from pesticide exposure," Perry said. "This outstanding conference will provide training in preventing, recognizing and managing pesticide illnesses and offer guidance to the regulatory policy makers for these chemicals. The U.T. Health Science Center-San Antonio is offering continuing education credits for the conference. TDA will award 18 continuing education units for pesticide applicators for participation in the conference for all three days. For further information and telephone registration, call the U.T. Health Science Center at (512) 567-4444.

On Tuesday, September 3rd the Fort Clark Duplicate Club met with 5 tables playing the Mitchell Movement. In North-South position, Helen Lynch and Flo Stafford won 1st with Ann Hibler and Betty Inman coming in 2nd. East-West direction had Eileen Voracek and Joan Lindley winning 1st and Anita Korbel and Tina Bauguess second. On Sunday with 4 tables playing the Howell Movement, 1st place was won by Norma Gould and Anita Korbel with a tie for 2nd between the pairs of Ben Pingenot, Tina Bauguess, Ruth Wilks and Marge Batchelor.

3 shots for \$1.00

September, 1773 - Daniel Boone, in defiance of both Indian and Colonial wishes, heads into Kentucky, where the Indians attack and rout his par-

September 7, 1778 - Shawnee Indians attacked and laid siege to Boonesborough, Kentucky, but the town didn't fall.

September 3, 1783 - Britain and the united States signed the Treaty of Paris, formally ending the Revolutionary War. Under terms of the treaty, the United States receives all territory as far west as the Mississippi River. Florida was ceded by England to Spain.

September, 1784 - Pennsylvania allowed Connecticut settlers in the Wyoming Valley area of Pennsylvania to return to their lands, thus ended a conflict.

September 22, 1784 - The Russians founded their first permanent settlement in Alaska on Kodiak Island

8

(Three Saints Bay). The group of 192 settlers was led by the Russian fur trader Gregory Shelikov. Between 1784 and 1786, the little party was harassed by the local Eskimos, but they became secure in two years.

September 10, 1791 - Indian activity in the Ohio Territory made the construction of Forts necessary at Hamilton, Saint Clair, Jefferson, Greenville and Recovery.

September 29, 1804 - Settlers in present day Missouri held a convention and sent a memorial to Congress demanding a redress of grievances and a greater measure of self-government.

September 23, 1805 - Lt. Zebulon Pike represented the U.S. Army and purchased from the Minnesota Sioux for \$2000 in wares a ninesquare mile tract at the mouth of the Minnesota River. Here, he helped

set up a military post, Fort Snelling, the first United States Government presence in this region. This was the first of many treaties and negotiations (to 1889) by which the Sioux lost their ancestral lands. September, 1807 - A large three-

company expedition including a military wing under Lt. Joseph Kimball and Ensign National Pryor left St. Louis hoping to join Manuel Lisa who was building Ft. Raymond on the Yellowstone River, at the mouth of the Big Horn.

Selma Pathfinders To Visit

For the third year, the Selma Pathfinders Volkssports Club is coming to Fort Clark Springs. The Club will be celebrating their 10th Anniversary by sponsoring 10 Volkssporting events held at historic old Fort Clark on September 20, 21, and 22.

Selma Pathfinders invite and encourage area residents to participate in these Volkssports events. Phyllis Eagan, President of the Selma Pathfinders, stresses that Volkssporting is a family sport which is noncompetitive. "The events are noncompetitive - not tests of speed or endurance - and participants are encouraged to take each event at their own individual pace" according to

The aim of Volkssporting is to promote good health and consists of organized events designed to appeal to people of all ages. SO YOUNG OR OLD OR IN BETWEEN, everyone is invited to participate in Selma Pathfinders 10th Anniversary Volkssports events.

Events include two night walks and two day walks of 10 kilometers (6.2 miles) each, two 25 kilometer Bike Rides, and four 300 Meter Swim. Night Walks will be Friday, Sep 20 and Saturday, Sep 21, with participants registering to start anytime between 4:00 PM and 6:00 PM, and finishing no later than 9:00 PM.

The two day walks, 10K each, will art between 7:00 P.M. and 12:00 Noon on Saturday, Sep 21 and Sunday Sep 22, finishing by 3:00 P.M. The four 300 M swims will start 10:00 A.M. to 3:00 P.M. on Saturday, Sep 21 and Sunday, Sep 22, finishing by 4:00 P.M.

winners and are eligible to receive the appropriate awards. This year the awards are photoetched with epoxy domes on a 1 1/4" hat pin, depicting areas of historic significance on Fort Clark. A patch has been designed in the shape of a horseshoe to accommodate the hat pins.

For those who pre-registered before September 10, cost of the medals are \$3.50. After that date, cost is \$4.00 for the medals. Cost of the patch is \$4.00.

Those participants who desire IVV credit only, the cost to participate is \$1.50 for each event. If no medal or credit is desired, anyone may walk, bike, or swim for free.

Join the Selma Pathfinders and

other AVA members in celebrating 10

years of Volkssporting, exercising in

The Brackett Hews.

Digging For Your Roots

Did you ever think you would like to trace your family history--to see where you came from: whether you are related to royalty or your ancestors helped fight for America's independence? Perhaps there is a town that your ancestors settled and that town bears your family name.

Many of us want to know our roots, but think it would be too difficult. We fear we would have to travel from courthouse to courthouse between here and Plymouth Rock. The first place to go, is to the Church

of Jesus Christ of Latter-day Saints Family History Center on Ruth Street in Uvalde. What a gold mine for genealogists, and it is easy and interesting! The volunteers working at the Center are friendly and helpful. There is a plethora of information on

microfilm, microfiche, and ROM computer discs. The volunteers teach how to look for family roots and how to use their equipment.

If you are at all interested in finding out who you are and where

EYE SPECIALIST

you came from, you will want to attend Southwest Texas Genealogical Society's *Beginners Workshop on September 28, from 1 to 4 p.m. in the Reading Room of the Uvalde Civic Center. To cover costs of copying material and payment to the instructor, there will be a registration fee of \$10.00 before September 21. After September 21, the fee will be \$12.00. For further information and for registration, contact Hannah Castellaw, 201 E. Oppenheimer Uvalde, 78801 or call (512) 278-5454.

andera

Officials from Bandera Downs Highway 3240 to Bandera. Award have released the schedule of events for the first annual Bandera Classics Festival, September 16-22, 1991.

The Festival will open with an 18-hole golf tournament on Monday, September 16 beginning at 1:30 p.m. at Tapatio Springs Resort in Boerne. The tournament format will be a four-man, A-B-C-D scramble, and it is open to the public. Prizes will be awarded to the top teams, longest drive and closest to the pin. The \$75 entry fee includes green fees, cart rental, range balls, tee and tournament prizes, and beer and soda. Sign-up deadline is Friday, September 13, and the tournament is limited to the first 120 paid entrants. For more information, contact Mike Zlaket at Bandera Downs, (512) 796-7781, ext. 228.

Cycling will take center stage later in the week, as some of the area's top cyclists compete in the 1991 Tour De Bexar (a.k.a. the San Antonio Cyccling Championships). This exciting race will take place in the heart of the beautiful Texas Hill Country beginning at 7:30 a.m. on Saturday, September 21. The challenging 22mile course begins at Mansfield Park in Bandera and traverses along Highway 16 toward Medina, across Highway 2828 and then back down ceremonies and refreshments will follow the race and are included in the \$15 entry fee, as are a pair of passes to the horse races and an official race t-shirt. For more information, contact Bill Simons at (512) 828-5558. Runners will be the focus on

Sunday, September 22, as competitors in the first annual Bandera Breeders' Classics 8K hit the pavement beginning at 8:00 a.m. The race will begin at Bandera Downs, travel north on Highway 16 to the Bandera Chamber of Commerce, and then return to the track. An official race t-shirt, awards, refreshments, and a pair of passes to the horse races are all included in the \$10 pre-registration fee (\$12 mail-in; \$15 day of race). For more information, contact John Purnell at (512) 732-1332.

Of course, Bandera Downs will also feature exciting Thoroughbred and Quarter Horse racing throughout the weekend. Post time is 3:00 p.m. on Friday, 1:00 p.m. on Saturday and Sunday. Sunday's card will be highlighted by the prestigious Southwest Breeders' Classics Races for top Quarter Horses of all ages.

For more information on any of these races, contact Don Rhine at Bandera Downs, (512) 796-7781, ext. 227.

mposiumTo DiscussTrails

AUSTIN--Urban trails to mountain biking trails and all trail subjects in between will be discussed at the Texas Trails Symposium, Nov. 14-16 at the Crest Hotel here.

The symposium, sponsored by the Texas Parks and Wildlife Department and the National Park Service, is designed to provide technical information to recreation professionals and citizens wishing to assist in trail projects, build a trails constituency, create an opportunity for participants to initiate partnerships for new trail projects and gather input for statewide and regional trails strategies.

Anyone with a trail interest is encouraged to attend the symposium and its many workshops, field trips and strategy sessions, said Kathryn Nichols, symposium coordinator.

There will be concurrent sessions on November 14 and 16. Topics of discussion include resolving user conflicts on multi-use trails, addressing landowner concerns, exploring rail-trail opportunities in Texas and developing and maintaining trails while protecting resources.

On Nov. 15, the general session will deal with rail-trail benefits. RICHARD D. SHINDLE M.D. 4600 Broadway - Suite No. 118 San Antonio, Texas 78209 **ANNOUNCES OPENING OF EYE CARE SERVICES**

Kinney County ASCS Activity

News by Allan L. McWilliams

County Agent

Extension Service initiated a hour. If the water runs off, let the program to try to assist in reducing water soak in, for about one hour, the amount of material going onto then continue watering. The best landfills. The "Don't Bag It" program is designed to have an attractive lawn that is mowed more frequently with the shorter grass clippings left on the lawn. These clippings left on the lawn contribute projects and activities get going. to lawn nutrient needs and do not need to be hauled away to fill precious landfill space.

There are a variety of materials placed in landfills. Some of these materials are recyclable and some are not. One significant solid waste product that does not have to go into landfill at all and is certainly recyclable is grass clippings. Across this country, ton after ton of grass clippings is deposited each year in city and county landfills. The clippings not only take up space, but cost thousands of dollars to transplant.

Grass clippings are a valuable resource. They contain approximately 4 percent nitrogen, 2 percent potassium, .5 percent phosphorus and the essential micronutrients. Each cutting of grass blades decomposes quickly to serve as a season-long nutrient sour-

When the clippings are supplemented by a 5 pound per square foot lawn application of 3-1-2 ratio slow release fertilizer on May 1 and a similar application with a quick release fertilizer in October, there will be fewer, if any lawns that look as good.

Golf courses are characterized as the optimum example of turf management. Golf courses do not bag their lawn clippings. Instead they are left on the turf and provide nutrients to the existing grass. Remember, the key to this concept is mowing more frequently.

Remove your lawn bagger and put the chute door in place. Some mowers have an automatic door that falls in place when the bagger is removed. Other mowers have a manual guard that must be bolted in place.

Mow the lawn every four to six days whenever the grass has added one half of its mowing height. (2 inch mowing height - mow at 3 inches)

Water to keep the lawn green and only when it needs it. The turf needs water when your foot impression lingers in the grass or when you notice a slight color change.

In this county, you will need to water about every five to six days. Most hose sprinklers put one-fourth

In 1990 the Texas Agricultural to one-third of an inch of water per time to water is early in the morning

It's that time of year; time when football games are being played, the days begin to get shorter and 4-H

Experts who sift through the alarming statistics on teen pregnancy, high school drop-outs and juvenile crime tend to agree that many troubled youngsters suffer from low self-esteem.

Building self-esteem has been a part of the 4-H program from the beginning. Programs are designed to help young people develop life skills and form attitudes that enable them to become self-directing, productive and contributing members of society.

Most of these programs are aimed at reaching youngsters before they make critical mistakes in life.

Last year, more than 300,000 young Texans participated in varioius projects and activities in 2,500 4-H clubs and other groups, 3,400 school enrichment programs an 319 camping sessions.

The 4-H member learns by doing, which has always been the rule in 4-H. Youngsters participate in various projects that deal with public speaking, forestry and wildlife, marine science and many other topics.

Kinney County 4-H members are active in projects such as: foods and nutrition, shooting sports, beef, sheep and goats, swine, rabbits, clothing and textiles and activities like method demonstrations and illustrated talks.

More than 70,000 adults and 7,500 older teens volunteer to help guide 4-H members. These volunteers serve as role models for such traditional values as free enterprise, work ethics and community service.

In Texas, 64 percent of all 4-H participants live in towns and cities with a population larger than 10,000. Of these, 42 percent live in cities, 14 percent live in towns and 8 percent live in suburbs. Twenty percent of the youngsters are in towns with a population less than 10,000 and 16 percent live on farms and ranches.

Our county 4-H club has 91 members enrolled and 21 adults serving in a volunteer capacity. If you are interested in volunteering your time or joining the 4-H club, call or come by the Kinney County office of the Texas Agricultural Extension Ser-

K.C. Committee Charles Foust, Raymond Frerich and Gordon Lackey count wool ballots

The Kinney County ASCS Office has just conducted a referendum on Advertising and Promotion of Lamb and Wool to determine whether wool producers approve of a new agreement between the Administrator, AMS and the American Sheep Industry Association, Inc., (ASI). If producers approve the referendum, deductions will be made from shorn wool and unshorn lamb payments for 1991 through 1995 to finance ASI's activities.

In June, the ASCS office conducted a mohair referendeum. The mohair producers voted to continue deductions from the U.S. Department of Agriculture's "Commodity Credit Corporation mohair incentive payments to finance promotion of mohiar. The referendum passed by 90% in Texas.

Jan Wanoreck, County Executive Director of the Kinney County ASC Committee, said the federal support price for 1991 shorn wool marketings is \$1.88 per round, 6 cents per pound more than the 1990 level. Mohair marketings will be supported at \$4.448 per pound, about 8.4 cents per pound less than the 1990 rate.

Tony Frerich, K.C. Wool and Mohair and Jan Wanoreck, CEO, K.C. ASCS.

The price support payments are computed as a percentage of each producers' returns from grease basis sales. The percentage is the amount required to raise the national average price for 1991 wool up to the \$1.88-per-pound support price.

Mohair will be supported at 85 percent of the percentage of parity at which shorn wool is supported. The payment rate will be determined in a manner similar to shorn wool

proaching them.

keep ladders in repair.

or drive machinery.

and on the tractor.

By DORTHY PAYNE Brackett News Staff Writer

September 16 - 22 is National Farm Safety Week.

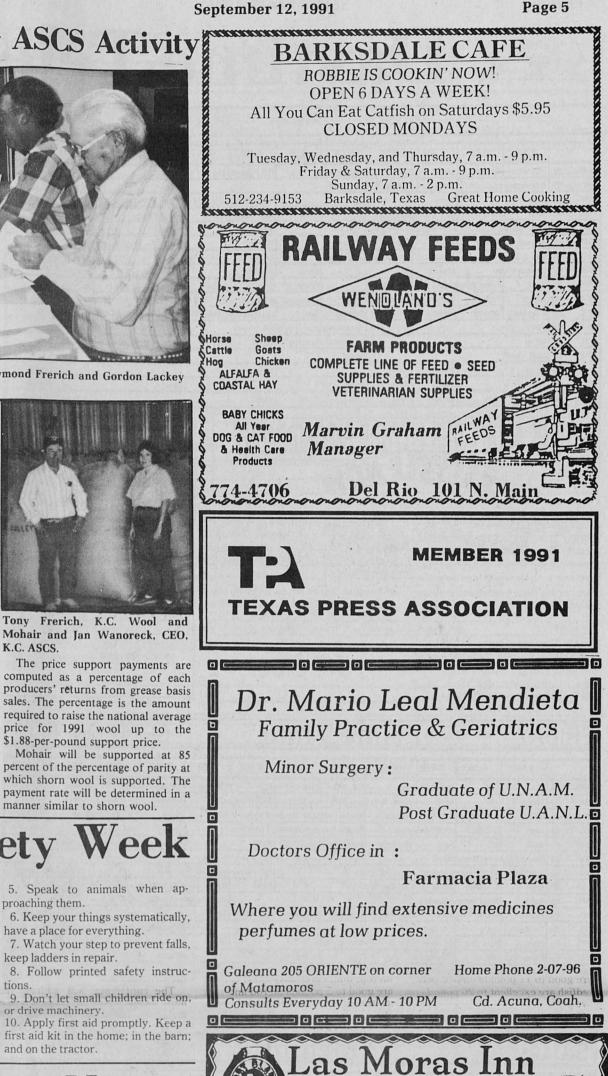

Practice farm safety, follow the ten commandments of farm safety: 1. Keep machinery in repair. 2. Operate tractor safely. Know

and obey all traffic laws. 3. Be a safe driver.

4. Be "fire-sighted." Don't smoke around barns

tions.

ildlife Field Day

The Texas A&M University station ment, speaking on how cedars affect at Sonora is planning its first wildlife management field day Oct. 8.

Organizers hope the program will offer something for everyone interested in native Hill Country wildlife, whether it's the white-tailed deer or the black-capped vireo.

The research station has conducted research aimed at improving rangeland in the Edwards Plateau for more than 75 years, said Dr. Dale Rollins, extension wildlife specialist.

'The station is best known for its sheep and goat work, but it also has documented the effects of various range and livestock management practices on the area's "wildlife," Rollins said.

The morning session will begin at 9 o'clock under the direction of Sutton County Extension Agent Preston Faris, the moderator. The first speaker is Dr. Butch Taylor, superintendent of the station, who will talk about "How Range Management Affects Deer."

"Sheep, Goats and Deer: Who's Competing, Who's Winning?" is the subject of a talk by Dr. Ken Risenhoover, assistant professor with Texas A&M University's wildlife and fisheries department.

Following a break, the program will resume with Dr. Fred Smeins, professor in A&M's Department of Rangeland Ecology and Manage-

wildlife. The morning session will conclude with two talks: "Managing Wild Turkey'' by Don Davis, Texas Parks and Wildlife Department biologist, and "Why Aren't There More Quail in the Hill Country" "by Rollins.

John Allen, Edwards County extension agent, will moderate the afternoon session. The program includes two talks -- the first, "Why Deer Management Fails," will be given by Dr. Charles DeYoung, research scientist with the Caesar Klebert Research Institute at Kingsville. The second, "Mixing Sheep, Goats, Cattle, Deer and Hunters," will be given by Forrest Armke, foreman of the Ford Ranch at Melvin.

The day's activities will conclude with five field tours -- the station's deer research facilities, prescribed burning for deer management, deer diets, cool-season food plots, and electric deer-proof fencing.

The program is sponsored by the Texas Agricultural Experiment Station, the Texas Agricultural Extension Service, the Texas Wildlife Association, and the Texas Section of the Society for Range Management.

The registration fee is \$7 at the door. Further information is available from Butch Taylor, telephone (915) 387-3168, or Dr. Rollins, (915) 653-4576.

By RICK PERRY Texas Agriculture Commissioner

Americans today enjoy the most plentiful, healthful and affordable food supply in the world. Our farmers and ranchers generate a bounty of the highest quality and purity. And they do so with such efficiency that we spend less for food than any other country in the world.

In Texas, our food and fiber system is our state's second largest industry. We are a leading producer of a host of food products. In fact, it may surprise you to know the extent of the commodities raised here. They're" as diverse as the people who grow them.

Texas is known for its beef, red grapefruit, winter vegetables, spring onions and a whole range of Mexican food products. But did you know that we also produce flavored rice, wild game, gourmet cheeses, tilapia, free-range chicken, rabbit sausage, cottonseed cooking oil and even specialty herbs?

If you didn't, 'if you are surprised by any of the Texas-grown goods I just mentioned, I want to encourage you to contact us at the Texas Department of Agriculture. Use us as a resource. Our marketing specialists can serve as a link between consumers who want to buy menus, too. The diversity of our goods makes a

"Totally Texas" menu totally possible. Think about it -- a special menu featuring a full array of Texas products. It will be a meal your guests will never forget.

A "Totally Texas" menu might feature: Fresh Gulf Coast Shrimp Cocktail

French 1015 Onion Soup

Grilled Axis Venison or Texas Beef Tenderloin

Winter Garden Vegetables Medley Aromatic Rice with Texas Mushrooms

Fresh Blueberry-Peach Cobbler or Chocolate-Pecan Decadence Cake

> 1988 Cabernet Sauvignon & Texas Sparkling Waters

Whether this particular menu tempts your taste buds or not, my point is this: Texas produces a wide variety of wholesome and exceptional commodities -- grown, in some cases, not far from your tables. So why not take advantage of the proximity and the quality? Buy Texas whenever you can. We all benefit, producer and consumer alike.

Tom Faulkenberry, Brackettville Lions President welcomes Edward A Gonzales, Rocksprings Lions President.

Brackettville Lions Sponsor Rocksprings

The Rocksprings Lions Club was chartered Saturday night, September 7, 1991, at the Rocksprings High School Cafeteria. Brackettville Lions Club is the sponsor.

Dr. John Seale, Del Rio Host Club. District II Chairman was master of ceremonies. Rev. John Quigley, Rocksprings United Methodist Church, gave the invocation. Brackettville's Clif Lewis, Zone Chairman, led the pledge of allegiance and Mary Simons led group singing.

Lions Club Brackettville President Tom Faulkenberry extended the welcome. Past District Governor T.J. Tijerina, Del Rio San Felipe Club, inducted the new members and installed the officers. District Governor Kevin Dinnin, San Antonio, and Faulkenberry presented the charter. M.P. "Mike" Butler, Past International Director from San Antonio was the guest speaker.

Rocksprings officers are: president, Edward A. Gonzales; first vice president, Heriberto M. Gallegos; second vice president, Presley Hatley; third vice presid-Richard Simone; ent, J. secretary/treasurer. LaWanda Whalen; tail twister, Fructuoso G. Cerda; lion tamer, Vicente Malton; and membership chairman, John C. Quidley. These along with Jim R.

Adams, Nitza E. Benavidez, Charles D. Cowsert, Jane Evans, Alicia Franco, Gus C. Goller, Michael D. Grooms, Dorothy Hatley, Margaret Henderson, Wylie J. Hurley, Don G. Letsinger, Marjorie Merritt, Yvonne Quigley, Mary C. Simone, Milton Smith, James Sorrells, and Kenneth D. Sorrells, Sr., became charter

members. Faulkenberry presented the new club with a large brass bell and gavel, indentical and symbolic of the same items Del Rio Host Lions presented the Brackettville Club 37 years ago when it was chartered. Rocksprings President Edward Gonzales accepted gifts to the Clubs. Clif Lewis will serve as the Guiding Lion.

The Brackettville Lions chartered a bus for Lions Tom Faulkenberry, Peter Pohl, Wilma Lewis, Clif Lewis, Sid Sponholtz, Lou Sofaly, John Frank, Walt Bauguess, Felix Gonzales, Frances Larsen, Helen Lynch, Anne Owens, Claude Owens, and their guests Marion Young, Evelyn Sofaly, and Jean Faulkenberry to make the trip to Rocksprings. Other guests included Lions from several San Antonio and Kerrville Clubs. Del Rio Host President Allan MacGillavray and Del Rio San Felipe Fred Carranza brought delegations from their clubs.

Local Artist, Bill Edwards **Makes Name For Himself**

200 pound sculptured turtle created by Bill Edwards, pictured as

By DORTHY PAYNE Brackett News Staff Writer

At the Cowboy Cauldron in Brackettville Saturday 7, Bill Edwards of Fort Clark Springs manned a booth featuring his 200 pound sculpture of a turtle that he is pretty proud of and he has reason to be.

and the second secon

Using tools, such as saw, rasp, chisel, axe, he sculptured the turtle out of one mesquite root. No only is it beautiful on the shell and head but Bill turned the turtle over for me and the feet are just as amazing. It took him a little over a month to complete

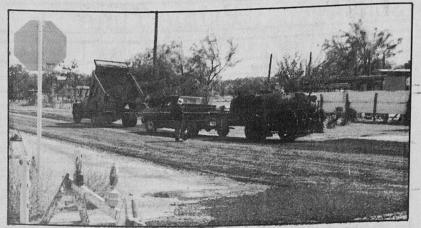

Bill, the son of Aldine and the late Jack Edwards, lives in Fort Clark Springs with his mother Aldine. Bill was born and lived in Quemado, went to school in Uvalde, and took his first art course at Southwest Texas Junior College under art instructor Mildred Horn of Uvalde.

From there, he attended Southwestern University of Georgetown where he received a BA degree in Fine Arts.

John William "Bill" Edwards was featured in the October-November 1990 issue of Modern Maturity where his combination pencil, watercolor and acrylic painting, 'UFO," and aerial view of the family home in Quemado won the "distinguished" achievement award in the third annual Seasoned Eye Art Competition. Along with his award a photograph of Bill was featured on the back cover.

Bill is presently working on a grant from the State Fine Arts Commission and commission requests received from the exposure in the Seasoned Eye Competition. Bill works in a lot of mediums and

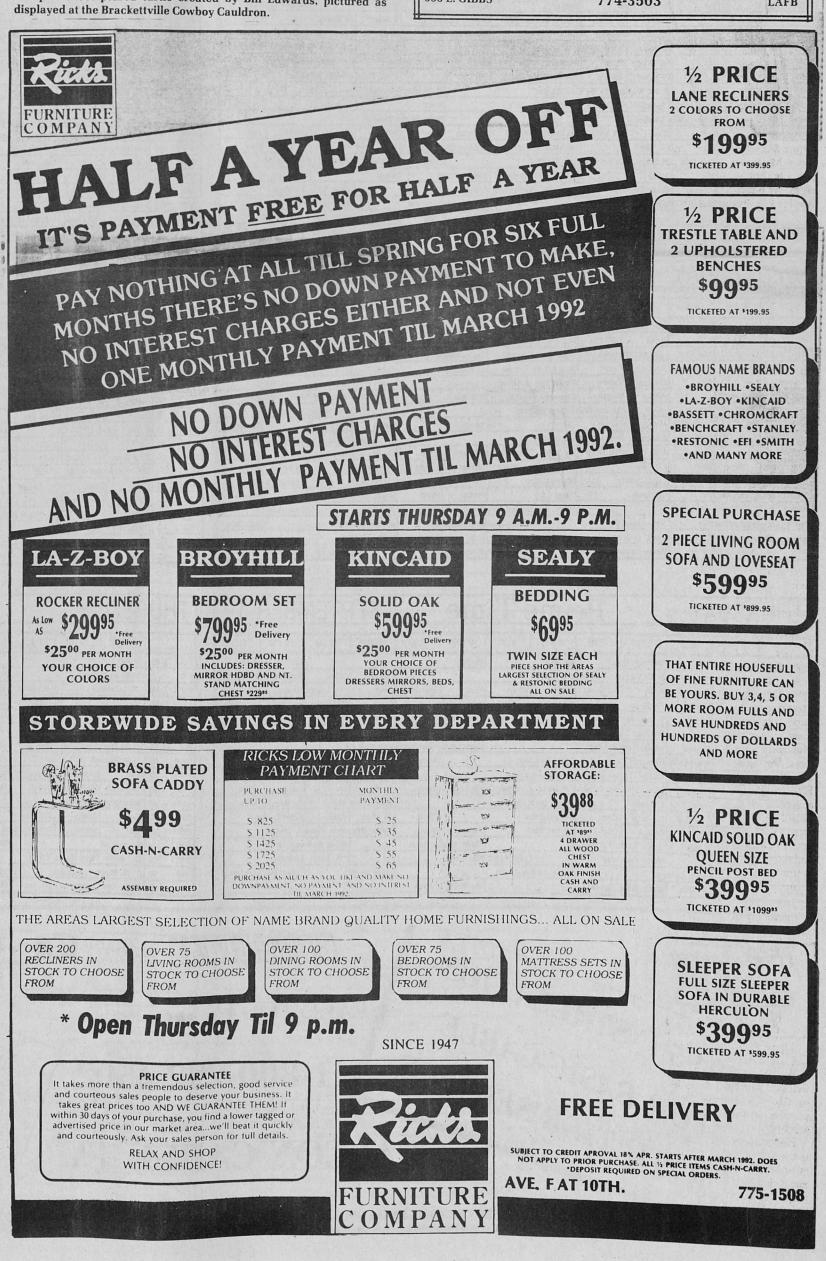

welcomes visitors to look at his art in his studio in Fort Clark.

Tigerette Volleyball

By ESMERALDA TALAMANTEZ Brackett News Sports Writer

GAME 1

The Brackett Varsity Volleyball Team went to Utopia September 7, 1991 and participated in a volleyball tournament. The opponents were Comfort and Utopia. The first game scores were Brackett 5 and Opponent 15. The second part of the game Brackett 9 and Opponent 15. Kim Ahrens had 8 straight serves in a row in game #2. There were no injuries. GAME 2

The second game played in the

Varsity Volleyball Tournament was played against the Asherton Tojanetts. The scores were Brackett 15 and Asherton 11. The second part of the game Tigerettes 15 and Tojanettes 1. Kim Ahrens served 11 in a row. The game had some powerful spikes: Wendy McDaniel, Rene Diaz, Jessica Taylor and Michelle Brandt. GAME 3

The third game played in the volleyball tournament was played with Asherton. Scores Brackett 12 and Aherton 15. Second part Brackett 8 and Asherton 15. Jenifer Shahan served 5 in a row. She also had some good digs.

Thanks Super S For Apples For Students

Super S Assistant Manager Mark Hernandez (far left) stands next to Store Manager Jesse Melendez while presenting Superintendent of Schools, Bob McCall and Jones Elementary Principal Steve Mills (far right) with new Apple IIGS which were made possible by the Super S Apples For Students program.

Student Body of BISD brave the sweltering heat of the high school gymnasium to cheer their team on before the first home game.

Sabinal Yellowjackets **Luck Out On Tigers**

By BLACKIE HABY Brackett News Sports Writer

On September 6 on Tiger Field the Yellowjackets of Sabinal edged out the Brackettville Tigers in a very good defensive game. In the 1st quarter of play neither team was able to move the ball for more than 2 series of downs. Brackett's 'downfall seemed to be fumbles and intercepted passes. Sabinal was plagued with penalties and a fair share of fumbles.

In the middle of the second quarter Sabinal fumbled and Brackett recovered, but was able to make only 2-1st downs before the Yellowjackets inteercepted a pass. This play set up Sabinal's only touch down. It took the Yellowjackets 4 series of downs to

reach pay dirt. The point after fell short of the goal posts due to the Tiger hard-charging line. The remaining minutes of the 1st half was a hard fought defensive game. Sabinal received the 2nd half, but

was unable to move the ball for a 1st down. They kicked on 4th down, and Brackett fumbled the ball. Sabinal recovered it, but could not gain much yardage. The remainder of the 3rd and 4th quarter was an exchange of the football and hard tackles.

A light rain started as the 3rd quarter ended and fumbles and incompleted passed ran rampant. The Tigers threatened late in the last quarter but an intercepted pass caused them to give up the ball and the Yellowjackets ran out the clock.

In the above photo Brackettville school students excitedly gather around to look at their new Apple computers.

New Apple IIGS computers made their debut at Jones Elementary today. Three enhanced color computers and five Apple Image Writer II color printers were "purchased" by the Brackett Independent School District by redeeming Super "S" gold cash register receipts.

An informal presentation was held Tuesday afternoon at Jones Elementary. Representing our local Super "S" were Jesse Melendez, Store Manager, and Assistant Managers Mark Hernandez and Alex De Leon. Superintendent of Schools, Bob McCall, and Jones Elementary Principal, Steve Mills, accepted the new equipment on behalf of the school. Also present were Gloria Benacci, second grade teacher, Mrs. Jamie Ballew, parent, and thirty-eight very excited students from grades two through six.

Students and faculty would like to express their great appreciation to

all members of the community who saved and turned in their gold

There is a fine young lady who has spent her entire life in Brackettville. She is a beautiful young lady that her parents can be justly proud of. She is a fine student and a very popular student among her fellow students.

Her academic accomplishments mark her as a serious student. Her outside activities in the rodeo arena mark her as a most exceptional young lady. It is impossible to fail to like this lovely young lady.

Surely Kelley Hall is an "Unsung Hero.'

receipts. Those extra few minutes of your time enabled our school to 'purchase" a total of six computers and six printers over the eighteen month period Super "S" sponsored the Apples For The Students Program.

Tevin Senne

Mr. Melendez expressed his amazement at the commitment of our local citizens. Other communities with twice the population of Brackettville only obtained a fraction of the equipment our school received. Again, Thank you, fellow citizens, for supporting our schools, and most importantly, thank you for your commitment to provide our students with the best instructional materials possible.

To Super "S", a heartfelt thank you. And, we're ready to do it again whenever you are

Legislature Pulls Fast One

Let's stand up and be counted! There are obviously lots of legislators in Austin who have no idea how much good bingo does for communities all over Texas. Surely, if they knew, they'd treat our charities differently.

Eighteen hundred (1,800)charities play bingo in Texas. Worthy causes. The way it should be, not crying for government handouts.

So what did our legislature do in their latest session? At the last minute, without giving the public adequate time to mount a real opposition, they passed a whopping tax bill to tax bingo charities and players as well.

This unfair tax could put many of our games and charities out of business!

Here's what they did:

*Reduced the tax on horse racing

*Reduced the tax on dog racing *Increased the tax on bingo charities from 2% to 5% of the

gross receipts *Added a 3% tax on all bingo winnings!

So now, when you're lucky enough to finally win that big one you've been waiting for you'll have to turn around and give back 3% to the hall, who will be collecting the tax for the state. That means on a \$500 pot, the government will take first \$15.

I suppose that we can probably grit our teeth and swallow this, in spite of the irritating fact that the government will again have its hands in our pockets. After all, most of us are just out to have a good time.

The most ludicrous part of the new tax is the increase in taxes the charity pays to the state. Many of the charities who operate games barely make enough to keep their doors open as it is. Many of the games are operated by volunteer workers trying to help some very good causes. For these people to have to pay their proceeds to the state instead of their charities is a crying shame.

I am sure, to someone, it makes sense that money being earned for a charitable cause should be taxed at a higher rate than that which goes to the fat cat race track owners, but I fail to see the logic.

As one VFW operator told me, "This could easily put a lot of small halls right out of business. Many

EMS Report

The E.M.S. received memorials for Nemo Webb from L.A. and Bonnie Rummell, David and Virginia Courtney, Joe and Doris Mills, Ray and Stella Burkholder, Clifford and Maxine Hicks, Bill and Joyce Phillips, Lee Sweeten, Reta Hubble, Mr. and Mrs. Kelso Vernor, T Sgt. and Mrs. Eugene Rogers, and

Henry and Nova Clements. Memorials for Robert Sone were received from Joe and Doris Mills, David and Virginia Courtney, Stell and Ray Burkholder and the Bank of Frio Canvon.

Memorials were received for Calvin Merritt from Henry and Nova Clements, Stella Merritt Burkholder, and Doris and Morris Merritt; for Juanita Arredondo from Joyce and Bill Phillips; and for Morris Merritt, from Stella Burkholder, Joe and Dori Mills, and Lee Sweeten.

These people gave of their time to sit in the office as a dispatcher for the EMS and Fire Department:

Lola Patton, Jeanne Rains, NC-VFD Ladies Auxiliary, James Connell, R.E. Hudson, Rick Rains, Virginia Courtney, Imogene Hohman, Alice Welch, Tommy Tolleson, Floyd Kinley, Janet Wells, Susie Jechow, Dot Wells, Delores Brandenstein, Stella Burkholder, Beryl and Marjorie Mitchell and Elva Connell.

The night dispatchers were Tommie Tolleson and Rick Rains.

Many thanks to the dispatching volunteers. Without their support, the EMS would not be able to stay open for 24 hours every day of the vear.

There will be an emergency care attendent course given for anyone who wants to be able to help either their family or the community. This will start in October.

More information is on the bulletin board in the office, so come by and sign up for the course. More team members are needed.

Cemetery **Donations**

The Camp Wood Cemetery Assocation received a donation from Lester Livingsailor and one from S.A. Wooldridge in memory of Nemo Webb.

Your donations to the Camp Wood Cemetery Association is greatly appreciated, and the

an Arts and Craft show, visiting with other campers, and just relaxing. We enjoyed the trip, but I found out that our two dogs don't like camping out as they had to be tied up.

While gone, we did get to visit with our children, the Terry Johnson family, and the Ronald Johnson family in Willis, and the Robert Sergent family in Conroe, and the Jimmie Johnson family in Cut-N-Shoot.

Also we got to see our greatgrandson, William Allen Fanestiel for the first time. We had a good time in spite of all the rain, but it is nice to be back home.

Obituaries Bobbie Joe Talley

Bobbie Joe Talley of Port Mansfield died August 14, 1991, in Valley Baptist Medical Center in Harlingen. He was 62.

Bobbie Joe Talley was born November 15, 1928, in Camp Wood. Survivors are his wife, Ellie Bea Talley of Port Mansfield; son, Ike Morgan of Kasilof, Alaska: daughter, Pat Halsell of Camp Wood; three brothers, R.C. Talley of Camp Wood, Bill Ed Talley of Falfurrias and W.D. Talley of Gilchrist; four sisters. Hazle Roberts of Prescott, Arizona, Evelyn Hutcherson and Neva Bingham of Uvalde, and Eulalia Parker of Castroville; seven grandchildren; and three great-grandchildren.

A memorial service was held August 16 in Duddleston Funeral Chapel in Port Mansfield.

Graveside services were at 10 a.m. August 17 in the Camp Wood Cemetery under the direction of Nelson Funeral Home.

The family suggests memorials be made to the American Cancer Society.

Samuel M. Bowman

Services for Samuel M. Bowman, Jr. of Barksdale were held Tuesday, august 3, 1991 in the First Baptist Church in Vance. The Rev. Homer Stephens of Barksdale officiated, assisted by the Rev. Paul Carleton of Vance?

Special music was by the Rev. Bruce Ford of the First Baptist Church of Crystal City and Anne Cox of the First Baptist Church of Barksdale, accompanied by Beverly Iackman

Stockton. Mr. and Mrs. Bowman had been

living in Barksdale since his semi retirement from Bowman Lease Services in Carrizo Springs. Since living in Barksdale, he had been active in the ranching business and was assisted by Leroy Connell. Bowman was a member of the First

Baptist Church in Barksdale. Survivors include his wife, Marcy, of Barksdale; son and daughter-inlaw, Larry and Becky Bowman of Harper; son, Sam Bowman III of Carrizo Springs; and three grandchildren, Cody, Allison and Kathy. He is also survived by a brother, Wiley Bowman of Menard; sister Ala Mae McMahon of Beeville; and numerous nieces and nephews.

Daniel Morris Merrit

Daniel Morris Merritt of Camp Wood died August 27, 1991, at his home.

Services were held Saturday at the First Baptist Church in Camp Wood with interment in the Camp Wood Cemetery under the direction of Nelson Funeral Home

Merritt was born April 25, 1913, in Hackberry, Texas. He married Dorris Maddux on April 7, 1935, in Uvalde. He worked for the Southern

Pacific Railroad for 31 years, with injury free service. He retired and moved to Camp Wood in 1972.

Merritt spent his retirement years traveling, fishing, hunting and enjoying his family and friends. His wife was his biggest competitor, be it fishing or hunting and his co-pilot and navigator while on the road in the family's recreational vehicles.

Survivors include his wife Dorris of Camp Wood; son, Morris D. Merritt of Las Vegas; two daughters, Laverne Neff of Maryland and Peggy Hickman of Houston; a sister Dorothy Hope Anderson of Camp Wood; seven granchildren; eight great grandchildren; a niece; a nephew; and numerous cousins. He was this scribe's cousin.

Robert Lee Winans

Services for Robert Lee Winans, 76, of Celeste were held at 2 p.m. August 31, 1991 in Taylor Funeral Home Chapel in Leonard. Thomas Willess officiated.

Graveside services were held at the Law School, and was licensed to Barksdale Cemetery with Roland practice law in Oklahoma in 1925 Fry officiating Winans died August 29, 1991, in Citizens General Hospital in Greenville. He was born Feb. 21, 1915, at Barksdale, son of Lee and Emily

were married Sept. 8, 1946, in Fort Celeste, Lena Fay Byrd of Temple, and Julia Maria Slade of Austin; seven grandchildren, and two great

grandchildren. He is survived by a sister, Viola Taylor, of Cleburne; and two brothers, Arthur Winans of Del Rio and Luther Winans of Uvalde. A son, Milton Lee Winans, preceded him in death in 1975.

Louis Nemo Webb

Louis Nemo Webb of Camp Wood died August 21, 1991, at age 81. He was born April 8, 1910, in Camp Wood.

Survivors are a son, Lonnie Ray Webb, Camp Wood; daughter-inlaw, June Webb, Camp Wood; grandsons, Louis Ray Webb of Camp Wood; and Robert Woodrow Webb of Wayne, Michigan; granddaughter, Effie Lee Jackman of Camp Wood; brother Rupert Webb of Hawaii; sisters, Ollie Ray Edwards of Belton and Gwen Dunsworth of Arlington; six greatgrandchildren.

Services were held at 4 p.m. Friday, August 23, in the First Baptist Church of Camp Wood followed by burial in Camp Wood Cemetery. Rev. Mike Smith, pastor of the First Baptist Church of Camp Wood and Rev. Homer Stephens pastor of the First Baptist Church of Barksdale officiated.

Pallbearers were Carrol Vernor, Ed Vernor, Milburn Vernor, Kelso Vernor, Calvin Vernor and Jerry Gildart.

Arrangements were by Rushing-Estes-Knowles Mortuary.

Robert A. Sone

Robert A. Sone of Camp Wood, former County Attorney for Real County, died August 23, 1991, in a Kerrville hospital following a brief illness. He was 97.

Services were held at 3 p.m. Monday, August 26 at the Barksdale United Methodist Church, followed by burial in the Vance Cemetery'under the direction of Nelson Funeral Home.

Sone was born November 1893, in Collin County, Texas, to James William and Martha Ballew Sone. indicators include fawn production He served in the United States Navy and Survivability, generics and the during World War I and was stationed in France.

He attended Oklahoma University and the University of Texas.

He retired at the age of 91 after

serving 22 years as County Attorney

Sone was a member of the Texas

Chamber of Commerce and Nueces Canyon Civic League.

Survivors include his wife, Violet West Sone of Camp Wood; son, the Rev. Robert A. Sone Jr.; and his wife, Sharon, of Evanston, Wyo.; daughter, Rosemary Sone Sherman of Corpus Christi; grandson, Capt. John A. Sone, and wife, Marla of Mesquite; two granddaughters, Susan Rose Sherman of New Braunfels and Laura Lynn Sherman of Austin; and two great-grandchildren Jeffrey Adam Sone and Stephanie Lynn Sone of Mesquite.

Pallbearers for the service were L.H. West, Thomas Ferrell, Pat O'Bryant, Harry Wilson, G.W. Twilligear and John Hohman.

The family suggests memorials be made to the Barksdale United Methodist Church or a favorite charity.

Recognition Program **Honors Deer** Habitat Managers

AUSTIN - The Texas Big Game Management Awards Program, designed to recognize the importance of habitat and population management and stimulate that interest in Texas was approved by the Texas Parks and Wildlife Commission.

The program will emphasize the importance of management and promotion of proper habitat and population management which are necessary for producing quality white-tailed deer, and most other wildlife species benefit from these habitat management activities.

Deer were used because antler development generally reflects habitat quality. Herd health can be measured and documented by antler length and beam diameter. Other age structure of the herd.

The program will recognize the land manager, the hunter and the quality of the animal itself. A listing will be published annually for whitetailed deer, mule deer and antelope.

just can't survive this type of tax. It could be devastating."

I am hoping that, although this bill has passed, it can be changed in the next session. But it will take a mounted effort from everyone.

Some quick decisions were made in the last budget session that confirm the old saying, "Haste Makes Waste." If our legislators are given enough information and a little pressure to change, we can make a difference.

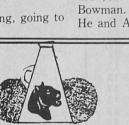

I urge you to write your representatives and the governor. Do it now! Bingo can't afford this tax.

cemetery needs your help in order to keep some one hired to keep the cemetery looking nice.

Trip To Lake Livingston

This writer and my wife, Bryce, decided it was time to get away from the old grind for a camping trip on Lake Livingston, so that is why I didn't have any news in the paper this past week.

We enjoyed swimming, going to

Internment was in the Vance Cemetery under the direction of Nelson Funeral Home. Pallbearers were his nephews, Bob-

by Burleson, Steve Nance, Brad Shoopman, Court Bradford, Stafford Thomas, Sherwood Thomas, Gary Tumlinson, Hollice Ward, Mark Ward, and greatnephew, Wally Burleson.

Bowman, 65, died August 30, 1991. He was born in Eola on Nov, 23, 1925, the son of Samuel M. and Alva

The white-tailed deer category will and in Texas in 1926. be broken down into as many as In 1927, he was married to Violet eight regions so a manager can see West of Muleshoe. what type of animal can be produced Sone served as County Attorney

in a particular area of the state with proper management. There may in Bailey County and Floyd County also be a category for the first deer and practiced law for 26 years in Corpus Christi where he also served taken by a hunter. as City Attorney for a period of time.

The program will recognize good management practices, with certificates given regionally and statewide. No prizes with a monetary value will be presented since the goal is to stimulate interest in management and hunting.

Collins Scholarship

Kristi Lynn Collins of Camp Wood has been awarded a two-year, \$3,000 Abell-Hanger Foundation scholarship by the Texas Interscholastic League Foundation.

This year the Abell-Hanger Foundation awarded 55 grants to students who have participated in the UIL academic state meet contests and who have compiled an outstanding record of academic and extracurricular achievement.

A graduate of Nueces Canyon High School, Collins placed fourth in the 1990 state meet keyboarding She has also participated in the UIL poetry interpretation, oral reading, persuasive speaking, solo and ensemble, current events, band, tennis, basketball, headline writing, and editorial writing contests.

Her high school activities and honors include National Honor Society (all four years), valedictorian, Miss Nueces Canyon High School, band sweetheart, class vice president, Student Council president, band president, band reporter, Nueces Canyon best citizen, and yearbook awards for three years.

Collins plans to attend Angelo State University to prepare for a

teaching career. She is the daughter of Floyd and Karen Collins.

Band Readies For Contest

Members of the Panther Band and band director Louis Webb have been very busy preparing for this year's marching season, according to drum major Elaine Valenzuela.

The UIL District Marching Contest has been scheduled for Saturday, October 26th, and will be held in Hondo agains this year.

The top two Class A bands will qualify for area competition which has been set for November 2nd. Top winners at the area contest will march in state competition on Monday, November 11th, at Memorial Stadium in Austin.

The drum major and the flag line are all sporting new uniforms this year, and were a real class act at the football game last week, according to spectators in the Panther crowd. Almost 90 students from 7th through 12th grades are marching in the band this season.

Members of the flag line are Janie Aguero, Jenny Finn, Sandy Raborn, Kandy Pruitt, Donna Welfring, Toby Winston, Shonda Davis, and Bambi Renfro, flag captain.

TAAS Testing

Nueces Canyon school officials have announced that TAAS tests will be administered to students on October 8, 9, and 10 this year. Tests are given in writing, reading, and mathematics.

These tests are required for students in the third, fifth, seventh, ninth, and eleventh grades by the Texas Education Agency. Tests taken by students in the eleventh grade also function as exit-level tests, and all students must pass these tests before being allowed to graduate from any Texas school.

Junior students who do not pass the October test will be tested again in April, 1992, and then may take the tests again in October and April of their senior year. The test is very important since a diploma will not be awarded until passing scores are attained.

Parents are asked to mark these dates and be sure students come to school as prepared as possible to do well on the tests.

Yearbooks Are Here!

Members of the NCHS Annual Staff are happy to report that the NCHS 1990-91 yearbooks are here and are currently being distributed.

Persons who did not order in advance may purchase the extra copies for \$22 each by calling yearbook advisor Karen Collins or a member of the yearbook staff.

Working on the annual staff this year are Ben Cox, Courtney Ewing, Carolyn Hodge, Tonya Whittley, Jana Merritt, Melissa Hurt, and Patricia Hamilton.

Board Adopts Budget

Meeting in special session on August 29, 1991, members of the Nueces Canyon Board of Education unanimously voted to adopt a \$2,252,091 budget for the 1991-92 school year.

All seven board members were present for the special budget meeting as were Bobby W. Hatley, Ken Perkins, and Tommy Ferrell.

In other action, board members voted to join the area School Board Association and appointed Bobby Hatley as the NCCISD representative; adopted Policy Update 40 as related to employee complaint policies; elected Ola B. Creech and George Sweeten to the Edwards County Tax Appraisal Board of Directors; agreed as per the superintendent's recommendation to keep TASB as the group insurance carrier: approved the substitute list as presented by the administration; amended the 1990-91 budget; and

approved payment of bills. The next scheduled board meeting will be on the third Tuesday in September.

Season Opener

Panthers Outscore Dilley

The Nueces Canyon High School Panthers outscored their counterparts from Dilley by a 12-0 margin in the football season opener for both teams on Friday, September 6, at Northcutt Stadium in Camp Wood.

Oscar Saucedo intercepted a Wolf pass in the opening minutes of the game and ran 60 yards into the end zone to give the Panthers a 6-0 lead with 10 minutes left to play in the first quarter.

The extra-point kick was blocked, and the score remained at 6-0 until just minutes before the first half ended when Panther quarterback Jason Horner connected on a pass to Paul Nevarez for a 40-yard touchdown. The PAT was again unsuccessful, leaving the score 12-0 at the half

Both teams played tough defense during a scoreless second half, and the Panthers claimed their first victory of the 1991 season as the game ended on a 12-0 note.

Coaches James Russell and Roddy McDougald were very pleased with the victory and with the strong defensive showing made by the Panther players.

Students on the team this year include seniors Arthur Nevarez, Jason Horner, Gilbert Hernandez, Paul Nevarez, Will Baker, John Pannell, and Oscar Saucedo; juniors Brian

Borchardt, Paul San Miguel, and Jerry Arredondo; sophomores Frank Karnes, Juan Gonzalez, Bill Newman, and Jesse Gomez; and freshmen Gama Saucedo, Heath Walzel, Billy Van Winkle, Dan Cox, Adam Hidalgo, Abel Hidalgo, and Johnny Hernandez.

Captains chosen for this year's team are seniors Oscar Saucedo, Paul Nevarez, Jason Horner, and Arthur Nevarez.

The Panthers will play in La Pryor on Friday, September 13th, at 8:00 p.m. The Bulldogs lost their season opener 16-0 to Rocksprings last week. The Panthers will again play at home on September 20th when they are scheduled to meet the Tigers from Brackettville.

The Jr. High Panther football team will open the 1991 season on Thursday, September 12th, when they challenge their counterparts from La Pryor at Northcutt Stadium in Camp Wood at 6:30 p.m.

The young Panthers are coached by Tike Burleson and Roddy Mc-Dougald

Cheerleaders for the Panthers are April Jablonski, Brandy Ward, Kacy Fairchild, Maria Flores, Jennifer Allen, and Shannon Duran.

The Brackett Mens. State seeks top artist

The State of Texas will recognize its outstanding artists for their contributions portraying the proud spirit of Texas with the selection of the 1991 Texas State Artists.

Nominations are open statewide to any artist who resides in the state and wishes to be considered for the honor.

Interested artists are asked to send photographic samples and biographical sketches in a ring binder notebook to Rep. Bruce Gibson, P.O. Box 2910, Austin, Tx. 78768. All materials will be returned to the artist.

The deadline for application is Sept. 23. Any artist selected as a semi-finalist should have three representative pieces of their work ready to exhibit in the Capitol during mid to late October.

Learn About Constitution

By DORTHY PAYNE Brackett News Staff Writer

September 17 - 25 is Constitution Week.

Since 1955, Presidents of the United States have proclaimed Consitution Week to remind all Americans that the Constitution is an important part of our daily lives.

It protects our rights. It shapes our public debates. It is what millions have taken an oath to defend

Take time this week to learn about the Constitution!

Lady Luck Dies **At Fort Griffin**

ALBANY--Lady Luck, queen of the State of Texas Longhorn herd, died Aug. 9 after a short bout with pneumonia at Fort Griffin State Park.

Sired by Manchadita in 1974 at the park, the 17 year old cow produced 13 calves. Her bloodline continues in two sons, three daughters, two grandsons, three granddaughters and one great grandson.

Lady Luck's horns measured longer than 50 inches and she was believed by many to be the best Longhorn cow in the breed today, said Lester Galbreath, park superintendent at Fort Griffin, located 15 miles north of Albany on U.S. 283.

The cow won every show she

Friday, The Thirteenth Watch Out For Black Cats

By DORTHY PAYNE Brackett News Staff Writer

Friday, the thirteenth, is supposed to be the unluckiest day of the year. There are many superstitions associated with this day, so be a cool cat, and watch your step.

According to Webster's Dictionary, superstition is a belief in, or fear of, what is unknown, mysterious, or supernatural,

opinion, or practice based on belief in divination, magic or omens.

And, believe me, there are plenty, like: don't walk under a ladder; or let a black cat cross in front of you; or don't light three cigarettes on one match: or knock on wood for good luck; or see a penny and pick it up.

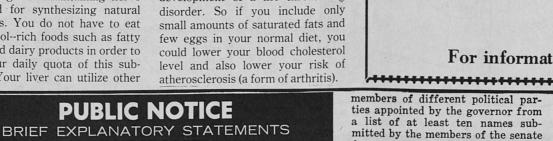

Of course, in present time I guess most people would let a penny lay, but I think I would probably pick up a dime.

Cholesterol Awareness Month

By DORTHY PAYNE Brackett News Staff Writer

September is National Cholesterol Education and Awareness Month. Cholesterol is a steroid chemical, present in certain foods, mainly fatty foods. Small amounts are essential for making and maintaining nerve cells and for synthesizing natural hormones. You do not have to eat cholesterol--rich foods such as fatty meats and dairy products in order to have your daily quota of this substance. Your liver can utilize other foods to manufacture all the cholesterol you need. If you cut all cholesterol rich food out of your diet you could lower the cholesterol content of your blood about 15%. That 15%, however,

might make the difference between having a functional system and the development of a life threatening

CONSTITUTIONAL AMENDMENTS SPECIAL ELECTION **NOVEMBER 5, 1991**

or interest.

OF PROPOSED

PROPOSITION NO. 1 ON THE BALLOT

House Joint Resolution 114 prooses a constitutional amendment hat would authorize home rule cities having a population of 5,000 or fewer inhabitants to amend their ity charters by a majority vote of a city's qualified voters at an elec-tion held for that purpose. The amendment makes clear that home rule cities that have declined in population below the population required to initially adopt a charter nay nevertheless continue to amend heir charters.

The proposed amendment will be escribed on the ballot as follows: "The constitutional amendment allowing home-rule cities with a population of 5,000 or less to amend their charters by popular vote.'

PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 10 prooses a constitutional amendment that would allow the legislature to authorize the Texas Department of Transportation to expend money, from any source available, for the costs of the turnpikes, toll roads, or toll bridges of the Texas Turnpike Authority, provided that any monies expended from the state highway

by the members of the house from each major political party; and two members of different political parties appointed by the lieutenant governor from a list of at least ten tion institutions, and youth corrections institutions, to repair and renovate existing facilities of those names submitted by the members of institutions and to acquire, repair, the senate from each major political or renovate other facilities for use party. A major political party is a as state prisons or substance abuse political party required by law to hold a primary. With the exception felony punishment facilities. The of the initial appointees, commission members would serve for four-year \$1.1 billion is in addition to the \$900 million currently authorized by the constitution to be expended on bond terms. A member who has served for issues for facilities of correctional one term and any part of a second and mental health and mental reterm would not be eligible for reaptardation institutions. The bonds pointment. The commission would would constitute a general obligation be authorized to recommend the of the state. The bonds and interest salary of the members of the legison the bonds would be paid from the lature and may recommend that the first money coming into the state salary of the speaker of the house treasury that is not otherwise apof representatives and the lieutenant propriated by the constitution, less governor be set at an amount higher any amount in a sinking fund at the than that of other members. If the end of the preceding fiscal year that commission recommends a change in salary, the voters would be authois pledged to payment of the bonds rized to accept or reject the salary change at the next general election The proposed amendment will be for state and county officers. If the described on the ballot as follows: voters approve the recommended "The constitutional amendment salary, that salary would take effect January 1 of the next odd-numbered

authorizing the issuance of up to \$1.1 billion in general obligation bonds for acquiring, constructing, or equipping new prisons or other punishment facilities to confine criminals, mental health and mental retardation institutions, and youth corrections institutions, for major repair or renovation of existing facilities of those institutions, and for the acquisition of,

not be exceeded and may not be renewed unless the right to exceed or renew is stated in the proposition. The legislature may enact laws necessary to implement the authority granted by a proposition. A law enacted in anticipation of the election on a proposition is valid if, by its terms, it is enacted subject to approval of the related proposition. State debt that is created following voter approval of a proposition and that is approved by the Attorney General is incontestable for any reason.

The proposed amendment will be described on the ballot as follows:

"The constitutional amendment authorizing the voters of this state to consider state debt questions in the form of ballot propositions that must clearly describe the amounts, purposes, and sources of payment of the debt only after approval of the propositions by a two-thirds vote of each house of the legislature."

PROPOSITION NO. 9 ON THE BALLOT

Senate Joint Resolution 11 proposes a constitutional amendment that would authorize the commissioner of the General Land Office to issue patents for certain public free school fund land for which there is not a valid transfer of title from either the State or the Republic of Texas to a private party. A patent is a document of title issued by the state. On application to the School Land Board, a person is entitled to receive a patent if: (1) the land is surveyed public free school fund land, (2) the land was not patentable under the law before the adoption of this proposed amendment. (3) the person acquired the land without knowledge of the title defect out of the State of Texas or the Republic of Texas and held the land under color of title, the chain of which dates from at least January 1. 1941, (4) the person has a recorded deed on file in the county courthouse and, in conjunction with his predecessor in interest, has claimed the land for at least fifty years as of January 1, 1991. and (5) the person, in conjunction with his predecessor in interest, for at least 50 years has paid taxes on the land together with all interest and penalties associated with any delinquency. If the applicant is denied a patent, the applicant may file suit against the School Land Board in a district court in the county where the land is located within 60 days from the date of denial. The proposed amendment does not apply to beach land, submerged land, or islands, and may not be used to resolve a boundary dispute. The proposed amendment also does not apply to land found by a court to be stateowned or to land on which the state has given a mineral lease that is in effect when a patent is sought. A patent under this proposed amendment for land within five miles of mineral production shall reserve minerals to the state in the manner provided by law for reservations of minerals in sales to claimants of unsurveyed school land within five miles of production. An application for a patent under this proposed amendment must be filed with the School Land Board before January 1, 1993.

on dissolution, the assets remaining after the discharge of the corporation's indebtedness will be transferred to an entity providing water supply or wastewater service, or both, which is exempt from ad valorem taxation. The transferred assets must be property that is reasonably necessary for and used for water supply and wastewater services.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment authorizing the legislature to exempt from ad valorem taxes cer tain property of a nonprofit corporation that supplies water or provides wastewater service."

PROPOSITION NO. 11 ON THE BALLOT

House Joint Resolution 8 proposes constitutional amendment that would allow the legislature to pass laws to authorize the State of Texas to operate lotteries and to enter into a contract with one or more legal entities that will operate lotteries on behalf of the State of Texas.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment authorizing a state lottery."

PROPOSITION NO. 12 ON THE BALLOT

Senate Joint Resolution 34 proposes a constitutional amendmen that would increase the total amoun of bonds that may be issued by the Texas Water Development Board to provide wholesale and retail water and wastewater facilities to economically distressed areas of the proposed amendme state creases the maximum principal amount of the bonds from 20 percent to 50 percent of the \$500 million amount authorized by article III section 49-d-7, of the Texas Constitution. The proposed amendment would increase the maximum aggregate dollar amount of bonds that the Texas Water Development Board could issue from \$100 million to \$250 million

entered, including Champion Senior Longhorn Cow and Champion Mature Longhorn Cow at the 1985 Fort Worth Livestock Show, 1987 World Champion Mature Cow and 1987 World Champion Cow.

"Lady Luck was a very special Longhorn cow and one I will not forget," Galbreath said. "She has been the number one cow in the state herd since 1978 and her legacy will be carried on by her daughters and granddaughters for many years to come."

Texas - Mexico **Negotiate Unique** Joint Program

AUSTIN--Tourism industry officials from Mexico and Texas negotiated a unique joint marketing program for Texas -Mexico border tourism in anticipation of the North American Free Trade Agreement. The program aims to increse commerce and international tourism to Mexico and the United States.

The marketing program, known as "The Two Nation Vacation," was formalized as a Texas-Northern Mexico initiative at the VI United States-Mexico Border Tourism Conference, hosted by the Texas Department of Commerce Tourism Division in Laredo on July 25-17.

The initiative encourages international travelers to visit Texas and the Mexican border states of Tamaulipas, Nuevo Leon, Coahuila and Chihuahua as a joint travel destination.

Tourism officials participating in this meeting, hosted by the Texas Department of Commerce Tourism Division, included members of the Mexican Ministry of Tourism (SECTUR) and the Mexican states of Tamaulipas, Nuevo Leon, Coahuila and Chihuahua. Officials from the Texas Hotel and Highways, the Texas Hotel and Motel Association, Texas Travel Industry Association and GSD&M Advertising also participated in the meeting.

"The Two Nation Vacation" pac kage will promote the regions' music, food, heritage, architecture, sports, special events and celebrations to the international traveler. The officials agreed that further research is needed to shape the marketing strategy.

fund shall be repaid to the fund rom tolls or other turnpike revnue

The proposed amendment will be escribed on the ballot as follows: "The constitutional amendment mandating the repayment to the Department of Transportation of monies expended to assist the Texas Turnpike Authority in the construction, maintenance, and operation of turnpikes, toll roads and toll bridges.'

PROPOSITION NO. 3 ON THE BALLOT

Senate Joint Resolution 26 prooses a constitutional amendment that would authorize the Veterans' Land Board to invest, as authorized by law, moneys of the Veterans' Land Fund which are not immediately committed to the payment of principal and interest on bonds ssued by the Veterans' Land Board, the purchase of lands, or the pay-ment of expenses. Investment of such moneys would no longer be restricted to investments in bonds or obligations of the United States. The proposed amendment would also authorize the Veterans' Land Board to invest, as authorized by law, moneys of the Veterans' Housing Assistance Fund which are not immediately committed to the payment of principal and interest on general obligation bonds issued by the Veterans' Land Board for the benefit of the Veterans' Housing Assistance Fund, the making of home mortgage loans, or the payment of expenses. Investment of such moneys would no longer be restricted to investments in bonds or obligations of the United States. The proposed amendment gives the legislature power to implement the amendment and to delegate such duties and authority to the Veterans' Land Board as it deems necessary.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment to authorize the legislature to further implement and enhance the administration of the veterans' housing assistance and land programs and to expand the investment authority of the Veterans' Land Board.'

PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution 4 proposes constitutional amendment that would allow the legislature to authorize the issuance of a maximum of \$1.1 billion in general obligation bonds. The proceeds of the bonds are to be used to acquire, construct, or equip new prisons and substance abuse felony punishment facilities, mental health and mental retardamajor repair to, or renovation of other facilities for use as state prisons or other punishment facilities."

PROPOSITION NO. 5 ON THE BALLOT

Senate Joint Resolution 39 proposes a constitutional amendment that would allow a county, junior college district, or municipality to exempt tangible personal property from ad valorem taxation if: (1) the property is acquired or brought into the state in an enterprise zone to be forwarded outside the state, (2) the property is assembled, stored, repaired, maintained, manufactured, processed, or fabricated in the enterprise zone, (3) the property is transported outside the state not later than 175 days after being acquired or brought into an enterprize zone, and (4) the person who acquired or brought the property into an enterprise zone is a qualified business. A county, junior college district, or municipality may exempt such property by entering into a written agreement with a qualified business that states the duration of the exemption and the terms on which the exemption is granted. Any action to exempt property must be taken before April 1 of the first year in which the property would otherwise be taxed. The term "enterprize zone" means an area that (1) has been designated as such by a state agency responsible for economic development, and (2) has pervasive poverty, unemployment, and economic distress. The term "qualified business" means a business that meets the qualification established by general law. and requires that the qualified business is actively engaged in a new business in the enterprize zone or is expanding a business that is already active in the enterprise zone. An enterprise zone is created to foster economic development in an area of pervasive poverty and unemployment.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment

authorizing the exemption for ad valorem taxes of certain property in an enterprise zone."

PROPOSITION NO. 6 ON THE BALLOT

Senate Joint Resolution 8 proposes a constitutional amendment that would establish a Texas Ethics Commission with the powers and duties provided by law. The commission would consist of eight appointed members selected as follows: two members of different political parties appointed by the governor from a list of at least ten names submitted by the members of the house of representatives from each major political party; two

a federal income tax deduction for living expenses incurred in a legislative day in connection with a member's business as a legislator, disregarding any federal income tax exception for legislators residing near the Capitol. The commission would have other powers and duties pro-vided by the commission's enabling act (Senate Bill 1, 72nd Legislature, Regular Session). The amendment would also provide that an increase in the emoluments of the office of Lieutenant Governor would not make a legislator ineligible to serve in the office of Lieutenant Governor.

year; if the voters reject the recom-

mended salary, no change in salary would occur. The commission would

set the per diem of the members of

the legislature and of the lieutenant

governor. The per diem could be

raised or lowered biennially as

necessary to pay members' costs,

but could not exceed the amount al-lowed as of January 1 that year as

The proposed amendment will be described on the ballot as follows:

"The constitutional amendment creating the Texas Ethics Commission and authorizing the commission to recommend the salary for members of the legislature and the lieutenant governor, subject to voter approval, and to set the per diem for those officials, subject to a limit."

PROPOSITION NO. 7 ON THE BALLOT

Senate Joint Resolution 6 proposes a constitutional amendment that would allow the board of trustees of each statewide public retirement system to invest the funds of the system in such manner as the board considers prudent. The board would no longer be limited to investing the funds of the system in securities.

The proposed amendment will be described on the ballot as follows:

"The constitutional amendment to allow the board of trustees of a statewide public retirement system to invest the funds of the system in a manner that the board considers prudent."

PROPOSITION NO. 8 ON THE BALLOT

Senate Joint Resolution 21 proposes a constitutional amendment that would permit the legislature to create debt by or on behalf of the state if the legislature submitted the debt question to the voters of the state in the form of a proposition and a majority of those voting approved the proposition. The legislature may call the election, by joint resolution approved by at least twothirds of the members of each house, during any regular session or during any special session if the subject of the proposition is included in the Governor's proclamation for that special session. A proposition must clearly describe the amount and purpose for which debt is to be created and must describe the source of payment for the debt. The amount of debt stated in the proposition may exemption if its bylaws provide that

This proposed constitutional amendment is similar to the version of article VII. section 4A, that was in effect between 1981 and 1990. The main difference is that under the earlier version the applicant for a patent to land had to have a chain of title that dated back to at least as early as January 1, 1932.

The proposed amendment will be described on the ballot as follows:

"The constitutional amendment authorizing the commissioner of the General Land Office to issue patents for certain public free school fund land held in good faith under color of title for at least 50 years.'

PROPOSITION NO. 10 ON THE BALLOT

Senate Joint Resolution 15 proposes a constitutional amendment that would allow the legislature to pass general laws to exempt property owned by a nonprofit corporation organized to supply water or provide wastewater service from ad valorem taxation. A nonprofit corporation would be eligible for the

The proposed amendment will be described on the ballot as follows:

"The constitutional amendment to increase from 20 percent to 50 percent the percentage of Texas water development bonds previously authorized by Texas voters that may be issued for economically distressed areas."

PROPOSITION NO. 13 ON THE BALLOT

Senate Joint Resolution 2 proposes a constitutional amendment that would allow the legislature to pass general laws authorizing Texas Higher Education Coordinating Board or its successor to issue and sell up to \$300 million of general obligation bonds to finance education loans to students. The maximum net effective interest rate to be borne by the bonds would be set by law. The amendment would also authorize the legislature to provide for the investment of bond proceeds and to establish an interest and sinking fund to pay the bonds and provide for the investment of such fund. Bonds authorized under this amendment would be paid from the first money coming into the treasury in each fiscal year that is not other wise appropriated by the constitution, less any amount in an interest and sinking fund established at the end of the preceding year that is pledged to the payment of the bonds or interests.

The proposed amendment will be described on the ballot as follows:

"The constitutional amendment providing for the issuance of gen eral obligation bonds not to exceed \$300,000,000 to continue existing programs to provide educational loans to students, with repayments of student loans applied toward retirement of the bonds."

Estos son los informes explana torios sobre las enmiendas propuestas a la constitución que aparacerán en la boleta el dia 5 de noviembre de 1991. Si usted no ha recibido una copia de los informes en español, podrá obtener una gratis por llamar al 1/800/252/8685 o por escribir al Secretario de Estado, P.O. Box 12060, Austin, Texas 78711.

Your Horoscope by Charles King Cooper

ARIES (March 21 to April 19) One conversation now appears to be going nowhere. Though someone's lack of manners could leave you feeling slighted, don't make a mountain out of a molehill. You could become upset with someone's behavior on the job. A family situation is not as bad as it seems

TAURUS (April 20 to May 20) A friend is inscrutable, manipulative, and perhaps best left to his or her own devices now. You don't have the time for games. Watch excess spending in connection with pleasure pursuits. You're just not in the mood for hard work now, and it would be easy for you to let things slide.

GEMINI (May 21 to June 20) You can't call all the shots all the time. Try to be cooperative with others and listen to their ideas. A relative may need extra consideration from you now. Your chief danger now is that you'll waste money in the pursuit of good times. Your expensive taste could lead to extravagance.

CANCER (June 21 to July 22) No sense arguing with a person whose mind is already made up. There may be a tendency to let things slide on the job and a co-worker may be unduly sensitive now. A relative is not ready to compromise yet. Small talk and superficiality seem to go together now in business dealings.

LEO (July 23 to August 22) A close tie may seem set in his or her ways now. Be selective about which invitations you accept or you'll be spending time now at a pretty dull affair. If you run into too many obstacles now, you just might put a project aside for the time being.

VIRGO (August 23 to September 22) It will take effort on your part, but do meet a partner halfway now. The personal touch doesn't seem to work for you careerwise now. Be businesslike in your dealings. Someone you deal with now is stubborn. Be careful that you don't inadvertently hurt a friend's feelings now.

LIBRA (September 23 to October

22) You may do an old friend a favor now. Try to be on time for appointments. Happiness comes through family interests and home-based activities now. You'll certainly be putting your house in order now, but try not to be dictatorial with family members

SCORPIO (October 23 to November 21) There's a favorable accent on both work and play now. You'll take the lead now in planning good times, and new opportunities await you on the job. Self-discipline combined with initiative brings you progress on the job now. Enjoy happy times.

SAGITTARIUS (November 22 to December 21) This is a time when others will gladly cooperate with you, that is if you're not too demanding! It should be a plus week for you regarding career interests. Also, it's a week that favors investment moves. Leisure activities are fun-filled this weekend.

CAPRICORN (December 22 to January 19) What seems like a lucky break could bring you success and recognition now in business. You have extra incentive now and will make things happen for you in your career. This weekend you'll definitely be in the mood for socializing. Look forward to good times!

AOUARIUS (January 20 to February 18) You may be organizing a party now, but you could also get involved in a dispute with a friend. Financial developments at present are definitely in your favor. You'll want to get some unfinished tasks out of the way now. Do a good job, however, and don't be in so much of a hurry.

PISCES (February 19 to March 20) You're raring to go now, but could easily ruffle someone's feathers. Avoid bossiness and coming on too strong. Career strivings, however, should meet with success. Though you're self-disciplined on the job now, you're inclined to impetuousness when shopping. Evening hours accent fun times

SCOTT & WHITE **OPTIONS FOR HEALTH**

Laser Treatment for **Birthmarks**

Charles N. Verbeyden, M.D. Department of Surgery at Scott & White Hospital and Clinic and Associate Professor of Surgery, Texas A&M University

I have a five-yearold daughter who has a the birthmark. Also, can anyto conceal the birthmark?

A: Laser treatment is one possibility for removing birthmarks. A tunable dye laser can be used to make the color in the birthmark disappear. Laser treatment does not require surgery, rather the laser converts light energy to heat energy and coagulates the blood vessels that make up the birthmark, making the color disappear. Multiple treatments must be applied to make the birthmark disappear completely. A local anesthesia may be used during the treatment and scarring can occur, especially in people with darker skin. The doctor will experiment with a test spot on a patient before beginning treatment

people.

Because laser treatment involves several sessions, camouflage makeup may be used during treatment to help conceal the birthmark. In fact, those with birthmarks may prefer using camouflage makeup rather than having laser treatment. Scott and White has a skin care specialist on staff who can help a patient with camouflage makeup techniques and applications. There are many types of this makeup available and the skin care specialist can give the patient an analysis of what camouflage makeup can do for that individual. The makeup is wearable for 24 hours and some types of it are sold in the Scott and White Medical Supplies Store. The most important part of camouflage makeup

Public Notice

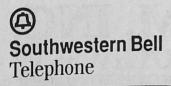

On June 28, 1991, Southwestern Bell Telephone Company (Southwestern Bell) filed an application with the Public Utility Commission of Texas (Commission) to add a new optional service offering for business Private Branch Exchange (PBX) Trunk customers called Digital Loop Service. The application has been assigned Docket No. 10461.

Digital Loop Service provides digital transmission of circuit switched voice and data communications between the customer's premises and the central office. This service allows the customer to use a 1.544 Mbps facility capable of delivering up to 24 line terminations. Southwestern Bell will provide Digital Loop Service within the customer's serving central office where facilities are available.

If approved by the Commission, the rates for the Digital Loop Service facilities will be \$445 per month for each digital transmission loop arrangement which provides a capacity of up to 24 line terminations, plus \$3 per month for each line termination and \$9 per month for each channel termination. The proposed rate for the unlimited use of the central office varies from \$12.25 up to \$18.90 per month for each line termination depending on the rate group classification, determined by the customer's location. Southwestern Bell estimates revenue of \$2.1 million from this offering during the first year.

As proposed by Southwestern Bell, customers who currently receive digital loop compatibility through facilities installed under a special construction agreement will have the option to receive their current digital loop arrangements pursuant to the Digital Loop Service Tariff or continue to pay their current charges until they make a change of location or account. Any increase in the number of line terminations to a customer's current digital transmission loop arrangement will be provided pursuant to the proposed Digital Loop Service Tariff; however, the customer will continue to have the option of paying current charges for the existing digital transmission loop capacity. Southwestern Bell's proposal to "grandfather" existing digital loop facility arrangements is subject to review and approval by the Commission.

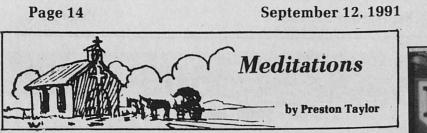

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible, but not later than October 15, 1991. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Blvd., Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Public Information Office at (512) 458-0256. The telecommunications device for the deaf (TDD) number is (512) 458-0221.

next year. We also wish to thank the many others who were there helping with all the work who are not pictured here.

is learning proper application in order to achieve a natural look.

If someone should say false and wicked words about your family, would you defend that family name? Most people would.

If someone insults another race of people, are you ready to speak a word of defense for the ones being talked about?

We may "fight among ourselves," but we come to the aid of one another. The Blacks, Whites, and Browns -- if such distinctions are possible -- are prone to defend our own races.

But what do we say or do when another drags the name of our Heavenly Father in the gutter? Most people do not even give a nod of disapproval -- some even smile or snicker when oaths and profanity is heard. And by such approval, one shares in the guilt.

To curse, swear, and take God's name in vain is a far greater insult than to talk about a mortal being. Profanity is wicked. It is a defiant, blatant act against the God who made us

God says that whoever uses His name in a light way will have to give account to Him for such foul actions. The Bible says, "God will not hold him guiltless who takes His name in vain." This is a frightening warning.

We are alarmed about air pollution. Of far greater concern should be the spiritual and moral tragedy of profanity (linked with many other forms of corruption from pornography to the end of the line) that is now engulfing our people and is destined to bring the fiery judgment of God upon our heads

St. Mary Magdalene **Catholic Church**

By DORTHY PAYNE Brackett News Staff Writer

Sunday, September 15, 1991 our parish joins with parishes across the country in honoring those individuals who have made the committment to serve as catechists this year. Catechetical Sunday is a day we honor these individuals who give of themselves to this ministry.

St. Mary Magdalene are proud of the teachers listed below who volunteer their time to teach our children.
