Commissioners Repairing Nueces River Crossings

Wednesday morning, September 25, 1991 at 8:05, Judge Tim Ward declared the Commissioners Court in emergency session with Commissioners Freddie Frerich, Alvin McClure and Plunker Sheedy present.

Commissioner Frerich moved to lease a dump truck and driver for 2

days at \$35 per day for emergency repair work at low water crossings on the Nueces River. This would supplement the two county owned trucks. The motion was seconded by Plunker Sheedy and carried.

Commissioner Sheedy moved to purchase a utility trailer at a price not to exceed \$400 to use in tran-

sporting mowers and equipment. The motion was seconded by Commissioner McClure and carried.

The Court went into executive session for personnel - Sec. 2 (g) Article 6252-17 V.T.C.S. to discuss salary situation in the Road Department.

City Interviews Applicants For Secretary

At 7:05 p.m., Tuesday, September 24, 1991, Mayor Pro-tem Diane Bravo called the City Council in special session with Council Members Ralph Gonzalez, Bernie Cervantes, Julie Fuentes and Richard Terrazas present.

The invocation was given by Jean Faulkenberry and Johnny Fritter led

the pledge of allegiance.

The Council went into executive session to review applications and interview applicants for the position of City Secretary.

When the Council returned from executive session, Julie Fuentes moved to deny permission for Alderman Gonzalez to attend an

Animal Control School feeling the City should send only employees. The motion was seconded by Bernie Cervantes and carried.

On a motion by Bernie Cervantes, seconded by Ralph Gonzales, the Council voted to adjourn at 10:15 p.m.

Brackett Independent School District Requests Courtesy And Respect For The Rights of Others

The Brackett ISD Board of Trustees and Administration request that the use of airhorns and other loud noisemakers be limited. When they are used, they should be directed away from others in the surrounding seats and they should be used selectively during the contests.

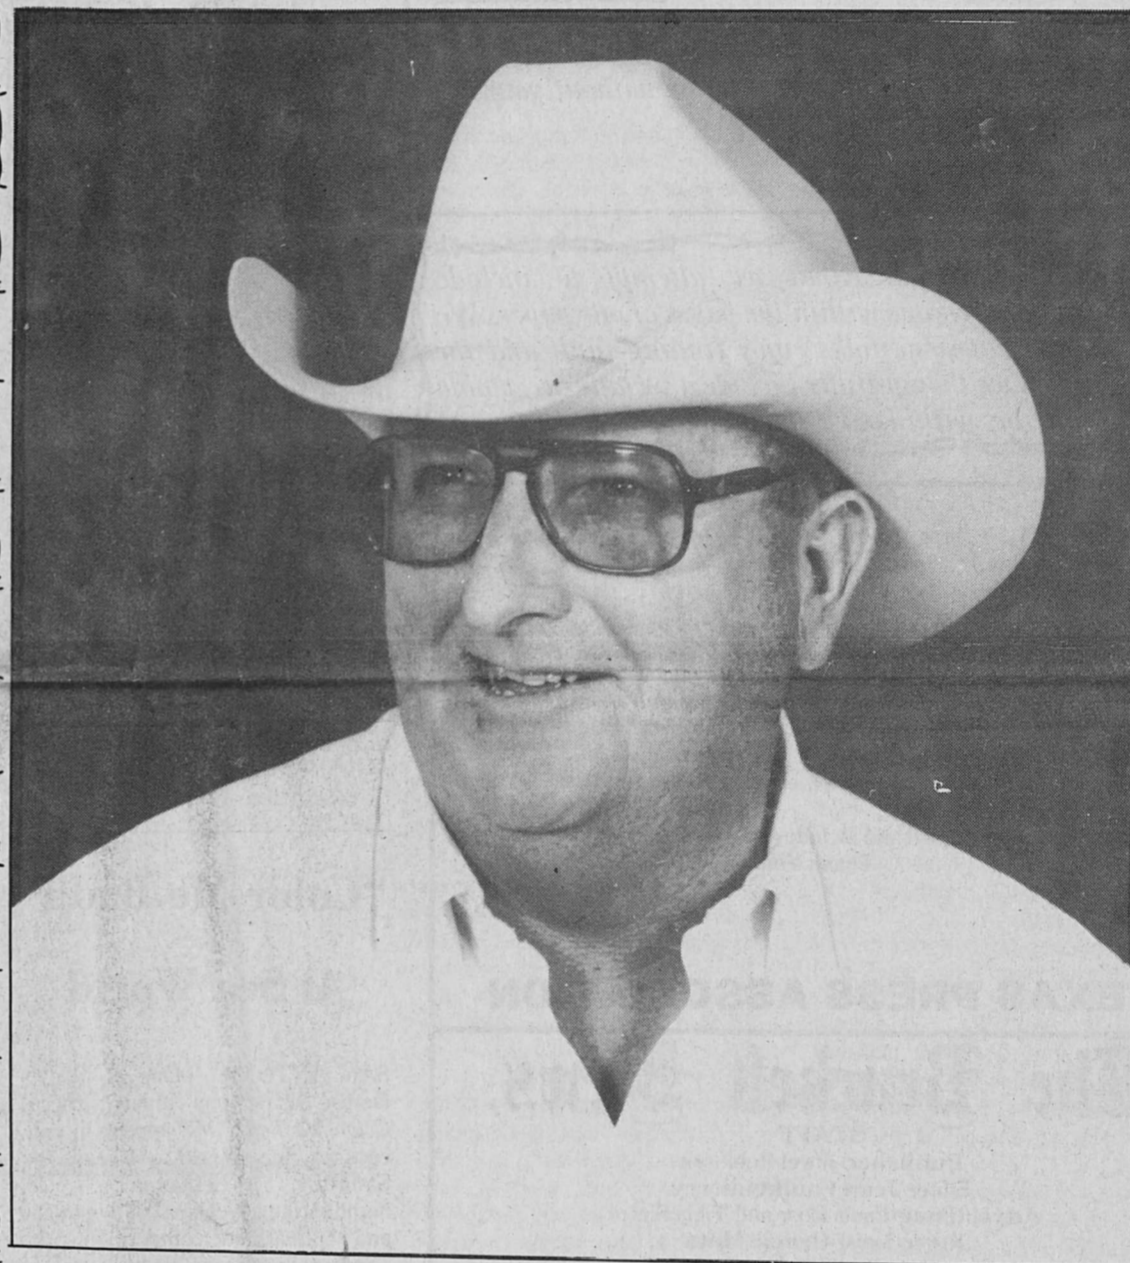

District officials understand that the noisemakers are used as an expression of support for the team. However, the number of complaints received about their use indicate that many fans view them as a hindrance to their enjoyment of the game.

Please be considerate of the rights of others.

THANK YOU!

Brummett Stories A Regular Feature

First Story Appears On Page 4 Of This Issue

Cowboy Story Teller Curt Brummett

If you heard, and enjoyed, Curt Brummett tell his stories at the Cowboy Cauldron, you will be delighted to know that beginning with the September 26, 1991, issue *The Brackett News* will carry his original stories each week.

Mr. Brummett was born in Clovis, New Mexico, and grew up on a farm and ranch. He started trying to write short stories when he was a senior in high school. According to him, the first story he sold back in 1986 was the same story his senior English

teacher gave him an "F" on. He still says his heroes do not get shot 97 times then crawl into town to beat up the town bully and then ride off on a horse after explaining to their true love they just haven't got time to mess with her! He writes and tells stories about common everyday ranch kids or cowboys that are just trying to survive.

His stories have been published in magazines and special books for years, and he has performed at all the top gatherings. He says all of his stories are true, but the names have been changed to protect the guilty many of his stories are on tape that haven't been caught yet. He doesn't write about long gun battles or "Hot and heavy love affairs." He

Man Killed In Highway 90 Crash

On Friday, September 20, 1991, at 12:40 p.m., Kinney County Justice of the Peace Alvin Hall pronounced Willis Howard "Bill" Butler dead after the car Mr. Butler was driving was struck by a truck as

Mr. Butler left the Fort Clark entrance and drove onto Highway 90.

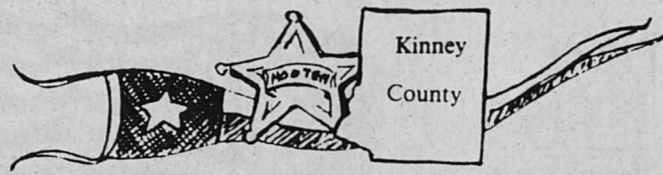

The truck driven by Terry Davis of Houston was unable to stop in time to avoid the 1991 Ford Tempo driven by Mr. Butler.

Department of Public Safety Trooper Robert Cano investigated

the accident and reported that Mr. Butler was wearing his seatbelt at the time of the crash.

Sheriff's Corner

By Sheriff Norman H. Hooten

The investigation into the missing public funds from the City of Brackettville continued last week with Texas Ranger Johnny Allen of Del Rio, Texas becoming involved at the request of District Attorney Tom Lee. I continued to assist in the investigation at the request of Ranger Allen and we interviewed several persons believed to have knowledge of the incident and/or the processes and procedures used by both the City of Brackettville and the First State Bank of Brackettville in regards to night deposits.

As you may recall, this case came about after a city employee allegedly prepared a night deposit on July 2, 1991 of daily receipts amounting to approximately \$6,000.00 in cash and checks. According to a statement given by the city employee, the receipts were placed in a locked money bag, transported to the local bank and placed in the night depository drawer; neither the bag nor the money inside have been seen since.

Bank officials have stated that the money bag was not in the night depository drawer the following morning when bank officials and employees arrived to prepare for the day's business. Therein lies the problem faced by investigators; the city employee states adamantly that the money bag (and it's contents) was placed in the night depository drawer at the bank. Bank officials just as adamantly deny that the money bag was received by the bank and was not in the night depository drawer when the bank opened the following morning.

Needless to say the investigation into the matter continues as of the date of this writing and we hope to have it finalized with the results of the investigation to be presented to the Kinney County Grand Jury on October, 1991.

We have been holding a 34 year old man, Theodore Lupe Medina, currently of Brackettville, Texas, on a Violation of Parole warrant for Attempted Murder and Injury by Conduct Regardless of Life issued by

the State of Wisconsin. Medina was arrested and placed in the Kinney County Jail on August 7, 1991 and refused to waive extradition proceedings thereby causing the State of Wisconsin to process the necessary fugitive extradition paperwork. We received a Governor's Warrant on Saturday, September 21, 1991 signed by Governor Ann Richards and accompanied by all required paperwork to allow agents of the State of Wisconsin to come to Texas and transport Medina back to that state to face the felony criminal charges against him.

The charges against Medina originated back in 1975. He was convicted on all three counts and sent to prison where he was paroled in 1987. He has been a fugitive from the State of Wisconsin since 1989. Medina will be returned to Wisconsin as soon as all the court related maneuvers are over with.

Our most sincere heartfelt condolences are extended to Anne Butler and other family members and friends of Willis "Bill" Butler of Fort Clark Springs who lost his life in a tragic truck/auto accident on hwy. 90 in Brackettville Friday, September 20, 1991. May he rest in peace and may God be with Anne in the most difficult times ahead.

That's All!

Between Us

By Joe Townsend

I grow weary reading and hearing about how the "church" is going to pot.

I recently read a letter in a nearby newspaper wherein the writer said the church was in bad shape and quoted as verification 4 televangelists. The mind of the writer was fully established when he named two organizations as the greatest and finest institutions to be found. This type of mentality reveals a negative spirit.

No right thinking person would condone what the preachers mentioned did. But only a miscreant mind would cite them as exemplifying the "church" today.

Why not cite Billy Graham, or James Kennedy or Charles Stanley or W.A. Criswell or -- on and on and on? If the "church" is so bad what about the thousands of Baptist Churches just in Texas who have

more members and worshipers than in any time in history?

What about the thousands of Methodist Churches and people; the Presbyterians, the Disciples of Christ; the Churches of Christ; the Assembly of God churches; the Catholic Churches?

The "church" is alive and well. The latest statistics show a larger percent of American people are "church connected" than any time in history. The major denominations have recently taken public stands against abortion and homosexuality. Any condemning the "church" today is simply saying, "I'm too good for the church today."

To state that any two man-conceived organizations do more for the world than "all the churches in the world" is simply a gross misstatement. A blind man with sense enough to pound sand in a rat

hole knows this is not so. Because an individual cannot have his way in a particular church because of real or perceived wrongs is no legitimate reason to condemn or bad mouth the "church" or any church.

There are thousands of churches which are not guilty of this sort of action.

Through the ages men have condemned the "church." Yet it stands taller and more virile today than ever. Anyone who cannot see the "church" as strong and vibrant simply refuses to face the facts. Long after all critics and "down sayers" are faded from the scene the church will reign supreme. "How do I know?"

God says so. "I will build my church and the gates of Hell shall not prevail against it," said Jesus Himself.

Big Mama Sez!

Nobody can make you feel inferior without your consent.

PLEASE REMEMBER that we attempt to include something for everyone within the pages of our paper. We realize that that some folks enjoy finding fault and for those readers we thoughtfully include a socially acceptable number of errors within our publication.

Unsung Hero

by Joe Townsend

A man brought his family and came to live in Brackettville several years ago.

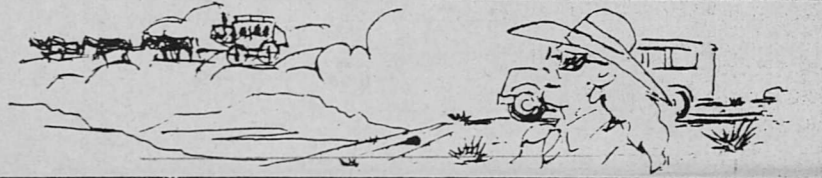

He quickly found a place in the church of his choice. He immediately began to accumulate friends. He proved to be outstanding in his profession and soon was recognized as an outstanding man.

His character began to be reflected by those with whom he worked. As a coach he demonstrated a concern for those whom he coached. As a competitor he wants his teams to win and expects each one to do his best but he recognizes that the development of character is the main object.

He is a fine man, a fine family man, a fine coach and now Director of Athletics. Surely Greg Nowlin is a "Unsung Hero."

Days Past

by Doty Payne

September 11, 1842 - Mexican soldiers invaded and captured San Antonio in the Republic of Texas. It was the beginning of several months of hostilities against the independent nation-state.

September 14, 1846 - Santa Anna became Commander-in-Chief of the Mexican Army.

September 16, 1845 - President Polk, with the support of his cabinet, was prepared to pay as much as \$40 million to Mexico for the territories of New Mexico, California, and the land from the Nueces River south to the Rio Grande, the boundary preferred by Texans for their Republic.

September 22, 1846 - One month after Stockton reported that "peace and harmony" had been restored to California. Mexicans led by Jose Mario Flores revolted against U.S. authorities and drove Americans from Los Angeles, Santa Barbara, San Diego and other towns.

September 11, 1847 - *Oh, Susanna* by Stephen Foster was performed for the first time at the Eagle Saloon in Pittsburg. The song was carried west, with gusto by the '49ers.

September 1, 1849 - A constitutional convention convened in Monterey, California. A resolution prohibiting slavery was adopted as part of the constitution, which was ratified by popular vote on November 13, when the "state" requested admission to the Union.

September 6 - 9, 1859 - The House approved the Texas, New Mexico, and Utah bills, based on Clay's resolutions, and statehood for California. President Fillmore signed the bills on September 9th.

September 28, 1850 - Brigham Young was formally appointed Governor of the Utah Territory by President Fillmore.

September 3, 1855 - Wilson Shannon was appointed by President Pierce to succeed Reeder as territorial governor of Kansas.

September 16, 1858 - The Butterfield Overland Mail Company started its first run from St. Louis to San Francisco, reaching San Francisco on October 10, just twenty-three days, twenty-three hours, and three thousand miles later.

"Color Me Badd"

At Sea World

SAN ANTONIO - One of today's fastest rising pop music groups, *Color Me Badd*, will appear in concert at Sea World of Texas on Saturday, September 28, highlighting a weekend of live music and youth athletic competition at the San Antonio marine life park.

Color Me Badd will perform on stage at Sea World's acre-large U. S. Map beginning at 6 p.m.

Also on Saturday and Sunday, September 28 - 29, Sea World will host the 1991 Rainbo IronKids Bread Triathlon National Championship, culminating the only national series of triathlons for children. Hundreds of youngsters representing 17 cities nationwide will participate in a swim, bike and run event themed *Every Finisher is a Winner*. The IronKids Triathlon is open to all children ages 7 - 14.

All Sea World concerts are included in the regular price of admission to the park and serve as a bonus to more than 25 educational and entertaining shows, exhibits and attractions. However, concert seating is limited and available on a first-come, first-served basis.

The *Color Me Badd* concert at Sea World is being sponsored in part by Rainbo IronKids Bread, Pepsi, Advantage Rent-A-Car, KTFM Radio and Frontier Restaurants, including Jim's, the Magic Time Machine and the Tower Restaurant.

Coupons offering a \$10 admission to Sea World guests age 17 and under are available at participating Frontier restaurants. The coupons are redeemable at Sea World's front gate on Saturday, September 28 only.

For more information on concerts or hours of operation, call 1-800-422-7989 or, in the San Antonio area, 512-523-3611. For information about the IronKids Triathlon, call 512-661-5122.

Oops

At the City Council meeting on Tuesday, September 17, Council members Julie Fuentes and Bernie Cervantes were absent. *The Brackett News* apologizes for the error in reporting.

Insurance Laws Changed September 1

If you're playing highway roulette by driving without liability insurance, you need to know that the stakes have grown considerably higher.

A new law tightening enforcement of Texas' mandatory automobile insurance requirements took effect on September 1, 1991.

You now must prove coverage when you renew your driver's license, buy a car, have it inspected or renew its tags. As in the past, you also must show proof of insurance if you have an accident or are stopped by a police officer.

The Legislature raised the minimum fine for driving without insurance from \$75 to \$175 on first offense and from \$200 to \$350 for repeat offenders.

A second conviction also means automatic impoundment of your car and suspension of your driver's license. You must obtain liability insurance - or other acceptable proof of financial responsibility - before

you can get your car or your license back.

Until the new law took effect, each insurance company developed and issued its own proof-of-insurance card - one for each insured vehicle.

Now, these cards will be standardized, using a format approved by The Texas Department of Insurance. One card will be issued for each family member named on your automobile policy.

Until insurance companies phase in the new card, however, proof-of-insurance documents generated by the companies are acceptable for vehicle registration, inspection and driver license renewal. These include proof-of-insurance cards and binders. A binder is a document that serves temporarily as evidence of coverage until a policy is issued. Of course, your policy itself, or a photocopy of your policy, always is acceptable proof of insurance.

An estimated 25 percent of the state's drivers are uninsured.

Texas law provides a source of automobile liability insurance for people whom companies refuse to cover voluntarily.

Drivers who are rejected for coverage by at least one company can buy the necessary amount of liability insurance - plus uninsured motorist coverage and \$2,500 worth of personal injury protection (PIP) - from the Texas Automobile Insurance Plan, or "assigned risk pool."

Any car insurance agent can take your application, which must be accompanied by your check for at least 25 percent of the total premium.

The Plan must accept all eligible applicants. It will assign you to a company, which must cover you for up to three years, so long as you pay your premium. The company must allow you to pay out your annual premium in five installments.

Rates for the Texas Automobile Insurance Plan are 22 percent higher than the standard rates for policyholders whom companies insure voluntarily.

Approximately 133,000 Texans are insured through the Plan. Thousands more are expected to apply because of the new law. The Plan has added staff and equipment to help it process the additional applications without delays in coverage.

New policyholders immediately will receive cards that will serve as temporary proof of insurance until they receive their policies.

News From RGECC....

Annual Meeting

Rio Grande Electric Cooperative which serves members in 18 counties in Texas and two in New Mexico will hold its Annual Meeting on Saturday, September 28, 1991, at the Nutrition Center in

Crystal City, Texas. The Nutrition Center is located on Farm Road 1433 in Crystal City.

Registration for the meeting will begin at 9:00 a.m. with the meeting

to start at 10:00 a.m. President J. H. Williams, III, will preside at the business meeting where the results of the election of five board members will be announced.

Attendance prizes, and door prizes will be awarded. A free barbecue lunch will be served for all members and their families at noon.

Rio Grande invites, and urges, all members to attend the 46th annual meeting.

Grandma's Kitchen

By Grandma

A few months back, I read in one of those gossip magazines about this new herb discovery that helps to improve your memory.

I didn't believe this garbage, so I looked it up. They were right about everything except it being a new discovery. It's been around for centuries, in China and India, but just now getting popular in this country.

The herb - gotu-kola - is a slender perennial found throughout tropical regions of the world.

Its nearly smooth surface and kidney-shaped, or heart-shaped, leaves accompanied by dark-purple flower petals makes for a somewhat exquisite plant. Efforts to domesticate it have often failed because its apparent obstinance requires human persecution in order to spread.

Thus, when gotu-kola is sprayed with herbicides, only the leaves die, while the root actually seems to thrive on these harmful chemicals.

After one good spraying, the plant usually praliferates like crazy.

Very few herbs in the plant kingdom have memory stimulating properties attributed to them, and even fewer still that can be clinically documented.

Gotu-kola is probably the only herb thus far that has been scientifically tested and proven to definitely increase mental activity. There must be something in this herb that keeps the arteries cleaned out so the blood can flow easier.

I read a letter from Edith from N.Y., her sister was taking gotu-kola, so she decided she had nothing to lose. She had phlebitis and terrible varicose veins and could hardly get around. After 6 1/2 weeks of taking gotu-kola, her phlebitis was going down, so she went to 6 capsules a day. A few weeks later, most of her varicose veins had shrunk back to normal size, her pain from walking was gone and she had a new lease on life.

What's so sad is most of us wait until modern methods have given up on us before we'll even try the herbs, then we're amazed at how good we feel.

I do want to warn you, gotu-kola is not a cheap herb. You can find it under The Nature's Way label at the health food store. Then, expect a lot of jokes to come your way when you tell anyone what you've learned. After a few months tho, its not you that has a problem.

Enough for today, time to get off my chair and stir up a meal for Grandpa. When you get older and would rather be doing other things than cooking, you have to think "Microwave," so let's make some -

WHOLE WHEAT SODA BREAD
2 cups whole-wheat flour
2 cups all-purpose flour
2 Tea. soda
2 Tea. Cream of Tartar
1 oz. margarine

2 Tea. brown sugar
1 cup milk with
1 Tbs. vinegar or lemon juice
For topping, use 4 Tbs. oatmeal
Sift the flours into a large bowl, then add soda, Cream of Tartar, and sugar. Rub in the margarine until the mixture resembles fine bread crumbs. Stir in the milk until the mixture forms a soft dough. Knead lightly until smooth. Shape into a round on a microwave baking sheet. Mark into top, 4 sections and sprinkle over the oats. Cook on medium 5 minutes. Cook on high 3 minutes. Leave to stand for 10 minutes, then cool on a wire rack.

If you like, you can add 1/2 cup of mixed candied fruit as you're mixing the dough together. This is optional. Here's another side dish I know everyone will like.

BAKED POTATOES WITH SOUR CREAM

3/4 cup chopped onions
3 Tbs. margarine
1 - 1 1/2 cups sour cream
2 eggs, beaten
4 cups cooked, sliced potatoes
Salt & pepper to taste
1/2 cup cornflake crumbs
1/2 cup shredded cheddar cheese
Saute onions in the margarine (2 Tbs.) until golden brown. Combine sour cream and eggs in a bowl, add onions, potatoes, salt and pepper. Turn into buttered 1 1/2 qt. casserole. Mix cornflake crumbs, cheese and remaining 1 Tbs. margarine. Pour this over potato mixture. Bake about 25 minutes in a 350 ° oven. Makes at least six servings. The best part about this recipe is, you can cook the potatoes by baking them in the microwave, then just chop them up.

Here's a good thought a lot of us believe in: never put off until tomorrow what you can buy today - there may be a higher price tag on it.

Have a safe and happy week. Until next time...

Hugs and Special Love,
Grandma

Bridge Anyone

by Dot Burrow

The Fort Clark Duplicate Club met Tuesday, September 17, with 5 1/2 tables in play.

First place North-South was won by Fred and Nita Clayton of Del Rio. Second was won by Ben Pingnot and Norma Gould.

In East-West, Tina Bauguess and Anita Korbek took first with Gene Britton and Trudy Harber a close second.

The Club Championship was held Sunday, September 22, with four tables in play.

Norma Gould and Anita Korbek won first with Tom McNew and Ann Hibler only 1/2 point less taking second place.

Library Notes

In order that we may assist more persons in the County, your library is undertaking the formulation of a Services Directory.

As in any sparsely populated area, there are many persons who perform many services who rely entirely on "word of mouth" to publicize their services.

As we have a steady stream of newcomers and visitors to our area, and are frequently asked for the names of individuals who perform various services, it was decided that in the interest of service, a written inventory of services and those who perform them would be most beneficial.

The success of such an endeavor depends entirely upon the response from those in the service community.

Therefore, if you have a talent, or a service you perform for remuneration, we would appreciate your coming by the library to complete an application. There will be no charge for those wishing to be listed in the directory. Think about it!

Do you bake good cakes, pies and candy? There are lots of us who don't who still enjoy giving them as gifts or having them available for holiday visitors.

Do you embroidery, crochet, or knit? How about babysitting? Window washing? Pet care? Adult respite care? Yard work? Putting in sprinkler systems? Preparing tamales, enchiladas, chili, etc.?

Do you offer instruction in some area? Perhaps you are good at Historical/Genealogical research.

Maybe you are good at the repair of small or large appliances. Perhaps your forte is creating beautiful draperies or quilts.

There are those of you who are capable of creating beautiful clothing.

This county is filled with talented

people. Our desire is to place these talents in a booklet where those who wish to purchase those talents can find them.

Help us help you. Come by your library and complete an application in the first ever **Kinney County Services Directory**.

When completed, this document will be available on site at the library. If there is a demand, copies will be available for sale at a nominal fee. Any monies generated beyond the cost of this project will be placed in the Library's designated fund to purchase books for your library.

We thank Martin R. Sheets, George Foster, Beth Ann Smith, Eileen Voracek, Mr. and Mrs. Larry Cupps, Bill Morse, and Mildred Harvey for their donations of books and magazines this past week. Also, Linda and Don Wilson donated several books, but most importantly, donated the Bible on cassettes for our visually-impaired patrons. Thanks to all of you for your generosity and concern for your fellow man.

We have received a reference set entitled *Surgery On File*. There are five volumes dealing with Orthopedic and Trauma Surgery, Pediatrics, General Surgery, Eye, Ear, Nose and Throat Surgery, and Obstetrics and Gynecology. Each volume is contained within a looseleaf notebook and each page can be removed and copied so that particularly useful information can be copied and kept at home for handy reference.

We invite all patrons to come in and browse through these and other new books on our front table. There are so many subjects and interests covered.

As always, we invite you to visit the coolest, friendliest little library in Kinney County.

Very few people know or even care where Quercho Flats is or why it is even in existence. But I'm here to tell you that the ones that live there care and they actually know where it is.

Quercho Flats is a very small village in the Southeastern part of the mid Northeastern edge of Western New Mexico.

Here we have Garlan's Mostly General Store, where you can get anything from transmission oil to a sandwich, soda pops, iced tea, coffee and all of the free gossip you can handle. Of course the Post Office is in the same building and if a person times it just right, he can find out who got their last retirement check or a notice threatening a law suit if the bill isn't paid in full by two days before the notice got there. (We are not only a small place, we are somewhat under served by the Federal Government).

There are also two gas pumps at the mostly general store, and at times they actually work. But they are guaranteed to stay priced competitively with the gas pumps across the highway at Karl's Konstant Kitchen and Kar Salon.

Now what Karl's place adds up to is a couple of gas pumps, a run down building that he uses to fix flats in and a cafe of sorts.

The food there is so bad that the regulars keep coming back just to see the expression on some poor tourists' face when they try the cheese burgers for the first and last time.

One poor lady that managed to eat there and walk out on her own was heard to remark that eating there was dangerous dining at its best.

She then calmly thru up in front of Karl's simplex flat fixing machine and made good her escape to the real world.

Just down from Karl's is the Quercho Vol. Fire Department. Here you can find all the modern fire fighting equipment and technology that the good commissioners of Kor-

man County felt they could afford. And even though it is 1991, they feel that the 1948 Dodge power wagon with three barrels of water, 47 burlap sacks, 6 shovels and a hand crank siren is all that is needed to protect the 900 square sections of prairie and tank batteries from a terrible burning end.

So what you have in Quercho Flats is a small group of people (41) that comes from two major ways of life. The Oilfield and the Ranches. The oilies live in Quercho proper, and the ranchers of course live in the surrounding area or in Logaville.

Logaville is a slightly larger town to the Northeast and it's in such bad shape that I won't even mention it again except to bring out a point or two about hard feelings, jealousy, or a very rare occasion of possible wife swapping.

Now before everyone jumps to conclusions about a possible sex scandal, I need to remind you that Quercho Flats is not the most metropolitan of cities. In fact it's not even considered suburban. And there is a very definite religious factor that helps keep most everyone straight.

And that just happens to be the little old church on the South end of town.

This little old church has been controlled by just about every denomination known to mankind except the one that has everybody getting along. So from here on out it will be referred to as the Church of the Better Than Thou and Pert-Near Perfect People.

I might add, that most of the high dollar church goers have been seen by the non church goers in various stages of sobriety and actually dancing. But never in Kortman County.

The political views of the people are all about the same. That is to say all think everyone else is somewhat of a commie, or at least a vegetarian.

For a town so small, it does have it's fair share of excitement.

Recycling

By DORTHY PAYNE
Brackett News Staff Writer

By recycling cans, paper, and glass bottles and jars, you can help relieve landfills, conserve energy, and save our natural resources.

Recycling also helps organizations in the community make money for worthwhile causes.

Sort items, and take to the nearest recycling center, or collection site. Be a winner - recycle.

Southwestern Bell Telephone Offers Road To 900 Services

You get them in the mail. You read them in newspapers and magazines. And you see them on TV.

They are the pay-per-call 900 numbers, offering such services as weather forecasts, stock prices, sports scores, opinion polls, letters to Congress, legal advice, religious messages, romance and more.

There are more than 10,000 of them nationwide. While many of these 900 numbers offer legitimate services, more and more consumers complain they are being victimized by 900 numbers that provide phony or worthless services, charge excessive prices and are outright scams.

To help customers understand their rights and Southwestern Bell Telephone's role with respect to the billing of charges for 900-number services, the company has prepared a pamphlet titled "Facts you Should Know About '900' Numbers." It will be inserted in customers' September phone bills.

The pamphlet includes information developed by the Federal Trade Commission (FTC) to help customers avoid problems with 900-number programs.

Hunting And Fishing Day

By DORTHY PAYNE
Brackett News Staff Writer

September 28 is National Hunting and Fishing Day.

There is no better way to spend a day, or several days, with families and friends than hunting or fishing.

Golf News

By Vicki Nichols

Golf news is pretty hard to find for this past week. Every scheduled event was rained out. A few determined couples went out on Thursday but came in after a few holes - wet and shivering.

It's a totally new game now that the rain has stopped. The ground is soft, the grass is high and those hungry mosquitos sound like B52's as they zoom in for a landing on your nose.

Patti Barnett gave me a good tip on putting. I still can't sink them but now I only miss the hole by one foot

instead of three. Jack Legg is back, and you could see him cruising around Sunday with a big smile on his face. He was happy to be home and was amazed at how green everything was.

Good news! According to the Fort's general manager, Tom Nevinger, the course came out \$3,000 ahead of expenses. It looks like the Golf Course will not only be self-supporting but will even make money for the Fort.

The first pair of Winter Texans showed up at the Club Sunday.

Welcome back Charlie and Elizabeth Dillahunt.

Nearly everyone is complaining about their golf scores this weekend, but with the "Sugar and Spice" tournament coming up on October 18 & 19, our high handicaps should help a lot.

Marge Adams filled me in with the latest news from Fran and Mary Jane Kunis. They were air-lifted to the Santa Rosa Rehabilitation Center in San Antonio. Their address is 2827 Babcock, Room 118, San Antonio TX 78229.

the page where the 900-number charges appear. The number may be answered by a Southwestern Bell employee or a long distance company representative, depending on the choice made by the long distance company.

"Southwestern Bell believes customers should pay for 900 services they use," said Karen O'Neill, local Bell manager. "However, if you feel you have been misled or unfairly charged by a 900 service, we will delete those charges from your local phone bill. And Southwestern Bell will not disconnect a customer's local service solely for failure to pay 900 charges. But we must refer any disputed 900 charges to the long distance company providing the 900 service for possible collection efforts."

Also, in most areas in Texas, Southwestern Bell Telephone customers with one-party service can block calls to all 900 numbers. Blocking is available at no charge to

both residential customers and business customers.

To order 900-number call blocking, call your Southwestern Bell Business Office at 1+951-7373 (residence) or 1+951-7181 (business).

Southwestern Bell's billing contracts restrict the kinds of 900-number programs it will bill for. It will not knowingly bill for programs involving merchandise or "gab" lines or for programs that are sexually oriented, discriminatory or deceptive.

"Experience tells us that customers associate with the service we bill for, even if we don't actually provide it," O'Neill said. "That's why we have set strict standards for 900-number calls that do appear in our bills."

Southwestern Bell Telephone is a wholly owned subsidiary of Southwestern Bell Corporation and provides telecommunications services to more than nine million customers in Arkansas, Kansas, Missouri, Oklahoma and Texas.

Beyond The Horizon

By Dorthy Payne

The Boomer Movement was a name applied to the attempts of settlers to occupy an area in Indian Territory during the period from 1879 to 1885.

The Five Civilized Tribes of Indians formerly owned all of the present state of Oklahoma except the Panhandle. In 1866, as a punishment of the Civil War, they ceded to the United States the western half of their domain to be a home for other Indians.

During the next ten years several tribes of Indians were given reservations on these lands but a fertile region of some 2,000,000 acres near the center of Indian Territory was not given to any tribe. This region became known as the "Unassigned Lands," or "Old Oklahoma."

In the early part of 1879, E. C. Boudinot, a railroad attorney of Cherokee blood, published a newspaper article that this region was public land and would be open to homestead entry.

This article was widely printed and reprinted and caused lots of excitement. Later in the same year, a colony of home seekers under the leadership of C. C. Carpenter tried to enter the Indian Territory but was stopped by troops under the leadership of General Pope.

In 1880 David L. Payne became the leader of these "Boomers." Payne organized the movement and charged a small fee for membership in his "Oklahoma Colony."

During the next four years, Payne and his followers made eight attempts to settle the region but in every case was stopped by soldiers. When Payne died in Wellington, Kansas, in 1884, his lieutenant, W. L. Couch, led another attempt but was removed by the military.

Finally on April 22, 1889, the "unassigned lands" were opened to settlement under the provisions of an act of Congress.

Fishing Report

Amistad: Water muddy in the river but clear in the lake, 82 degrees, lake full; black bass are good to 5 pounds on topwater spinners early and worms in the afternoon; striper are slow; crappie are slow; white bass are improving in San Pedro; catfish are good from 10 - 30 feet of water on cheese baits and shrimp.

Braunig: Water murky, 89 degrees, normal level; black bass are poor; striper are fair to 5 pounds on liver; catfish are excellent to 3 pounds on nightcrawlers; redbass are good to 15 pounds with Rattle Traps along the dam.

Calaveras: Water murky, 89 degrees, normal level; black bass are slow with some small fish landed; striper are slow to 5 pounds on artificials; catfish are fair to 2 pound average on shad and liver; redbass are good to 12 pound average on tilapia on perch and crawfish; corvina are fair to 9 pound average on shrimp and Rattle Traps.

Choke: Water clear, 84 degrees, 1 1/2 feet low; black bass are good to 11 pounds on topwaters due to cooling water, spinners and Rattle Traps in 5 feet of water around grass beds, worm fishing is very good after the sun comes up around main lake points, at the edge of the grass beds and along the river channel from Mason Point to Highway 99 Bridge; striper are slow; crappie are slow with some caught along the river channel in 10 - 20 feet of water on river channels; white bass are slow; catfish are good with limits averaging 1 pound each in 20 - 40 feet of water, some also caught around the dam on prepared cheese bait, nightcrawlers and drum; big blue catfish are caught at night on drop lines with cut bait in 25 to 40 feet of water.

Coleto Creek: Water clear, 78 degrees, normal level; black bass are fair to 8 pounds on plastic worms and spinners; crappie are fair on minnows with some keepers; catfish are good to 25 pounds on trotlines baited with live perch.

Corpus Christi: Water slightly stained, 83 degrees, 7 feet low; black bass are fair to 6 pounds in 15 - 20 feet of water on crawfish patterned cranks and black plastic Big Craws; striper are slow; crappie are slow; white bass are fair near the dam on chrome or pearl colored small A's; blue catfish are good to 19

pounds on trotlines baited with cut carp; channel and blue catfish are good to 2 1/2 pounds on rod and reel in baited holes in 30 feet of water using cheesebaits. Good numbers of bluewinged teal on and around the lake.

Falcon: Water murky, 80 degrees, 13 feet low; black bass are good to 8 pounds on jig and pig; striper are hitting near the dam to 12 pounds on rod and reel trolling; crappie are slow; white bass are good all over the lake; catfish are good to 8 pounds on rod and reel in the river on shrimp baited rod and reel.

Medina: Water off color in the upper end of the lake, main lake is clear, 39 feet low; black bass are slow; striper are slow; crappie are slow; white bass are slow; catfish are good to 9 pounds on night-crawlers and shrimp.

Texana: Water murky, normal level; black bass are fairly good in the jungle area to 4 1/2 pounds on buzz baits early and late and worms in the middle of the day; crappie are slow; catfish are slow.

T.R.O.A. Meeting To Be Held Sunday September 29, 1991

Lt. Col. Richard C. Hirsch, Chapter President, has announced a meeting of The Retired Officers Association (TROA) at Fort Clark, in Brackettville, on Sunday, September 29, 1991.

He said a business meeting will follow the 1:00 p.m. buffet luncheon in the Las Moras Restaurant on that date.

Col. Hirsch emphasized that all

retired officers residing in Val Verde, Kinney, and Uvalde Counties are eligible for TROA membership. All active duty and former officers and warrant officers from that area are also eligible to join, and are invited to attend the meeting with their spouses.

All officers planning to attend should contact Bob Conrey, (512) 563-2063 or 563-9423.

"Dedicated To The Preservation Of Sight"

County Agent News

by Allan L. McWilliams

Rains have fallen in our county in the past two weeks that should have us in great shape going into the fall. I have received (unofficially) 11.5 inches in my rain gauge at home. At its current pace, 1991 will be one of the wettest years in four decades for most of the state, but that doesn't necessarily mean good news for agriculture.

George Bomer, a meteorologist with the Texas Water Commission in August, says 1991, at this rate, appears to rank with 1958, 1975, 1981 and 1987 as the wettest years since 1951. Many National Weather Service weather stations have had rainfall of 125 to 175 percent of normal year to date amounts through August 28.

Three new publications that give information on foundation problems in the state have been produced by the Texas Agricultural Extension Service and the College of Architecture at Texas A&M University.

The publications are designed to assist homeowners, buyers, and builders on the best options when it comes to foundation design, maintenance, and movement.

Buying a home is the single largest investment many people ever make and if the foundation cracks, the value of the home significantly decreases. These publications cost from \$1-\$2 each, and can be ordered through the Kinney County Extension office:

- ...Maintenance of Existing Foundations on Expansive Clay Soils.
- ...What Prospective Custom Homebuyers Should Know About Foundations.
- ...Homebuilder Recommendations for Slab-on-Grade Foundations.

The head of the State's 4-H program welcomed last month's

decision by the Houston Livestock Show and Rodeo to limit the cash awards for its champions in youth livestock competition.

Officials of the Houston Livestock Show, largest in the world, had announced that a ceiling would be placed on the amount of money that could be given to winners with champions in youth livestock events.

The grand champion steer this year sold for \$221,000 at auction. Under the new rules next year, the owner of the grand champion steer will receive no more than \$50,000. Any money the steer brings over that amount will fund scholarships awarded by the Houston Livestock Show. The Houston Livestock Show and Rodeo awards \$400,000 in scholarships each year to 4-H members—a significant contribution that may very well be the largest in the nation.

The Extension Service supports the decision for the caps on money as it will allow more opportunities for young people. The Texas 4-H program has more than 402,000 members ages 9-19. About 40,000 members are annually enrolled in some type of animal project and often exhibit, cattle, horses, sheep, swine, rabbits and chickens. They are the largest youth group involved in livestock activities.

4-H Animal projects are designed for young people to benefit from the education, hard work and responsibility that goes along with all the rest of the activities. The program continues to help young people make decisions, solve problems, set goals, and learn social skills. 4-H also seeks to teach youngsters how to deal with failures and setback which might occur through positive, productive activities.

Nancy Aguirre

Gold Star Award Winner

Kinney County 4-Her, Nancy Aguirre, has received the 1991 4-H Gold Star Award. The Gold Star is the highest county 4-H award provided by the Texas Agricultural Extension Service. Outstanding 4-H members who have achieved high standards of excellence in their work may be chosen annually from each county in the state to receive this honor. Selection is made on the basis of personal developments, leadership, outstanding achievement in 4-H projects and activities and overall contribution to the 4-H program.

Nancy has completed projects in sheep and goats, clothing, foods and nutrition, and rabbits in her 8 years in 4-H. She has served as county secretary, president of the Rabbit project and junior leader of the foods and nutrition project. She has

exhibited the Grand Champion pen of rabbits at the Kinney County Livestock Show. She is the 17 year old daughter of Roberto and Maria Eresmi Aguirre and a Senior at Brackett High School. Nancy hopes to pursue a career in medicine after graduation.

Congratulations to Nancy on achieving this county award. She and 22 other 4-H members from the Southwest Extension District were also honored at the 4-H Gold Star Luncheon in Uvalde, September 21, 1991. Central Power and Light Company sponsors the luncheon with over 100 parents, honorees, and guests attending. The 4-H program also recognizes Central Power and Light for their contribution to the 4-H program in Texas.

Rural Health Meet

Radisson Plaza Hotel, Austin
September 25 - 27, 1991

AUSTIN -- As federal and state funds decline and become more stretched, the Texas Rural Health Association (TRHA) annual conference provides a forum for: Resource development, advocacy collaboration, coalition building, and "how-to" exchanges that will benefit, protect, and promote "quality of life" for rural Texans.

This year's conference is comprehensive, idea-oriented, and problem targeted. Rural community volunteers/leaders, health care professionals, educators, support service providers, and agency/policy officials will gather to address and interact on the diversity of statewide issues which impact total com-

munity well-being in rural Texas. Speakers include: Pat Cole, Director of Health and Human Services - Policy Division, Office of the Governor; Jane Mayfield, Executive Director, National Rural Health Network; Senator Steve Carriker; and U.S. Congressman Charles Stenholm.

The TRHA is a nonprofit organization whose primary goal is to improve the health care of rural Texans. The Association is composed of individuals and organizations dedicated to provide leadership on rural health care issues through advocacy, communication, and education.

Southwest Airlines Offers Free Tickets To State Fair

Sponsors Nightly Parade

DALLAS, TX -- In celebration of 20 years of service in Texas, Southwest Airlines is offering Customers free admission to the State Fair of Texas. Just fly Southwest Airlines between September 27 and October 20, 1991; turn in your dated ticket receipt at the Fair gate; and save the regular admission price of \$8.

A Texas tradition of more than a century, the State Fair of Texas offers entertainment for the entire family. This year's theme is "Standing Proud -- A Celebration of America" and brings visitors the

rare opportunity to see Patriot missile display. Football fans will want to catch Grambling vs. North Carolina A&I University on Sept. 28 and the legendary Texas vs. Oklahoma game on October 12.

Southwest Airlines is sponsoring a nightly parade called "Lights Fantastic," featuring floats from around the state. In addition, fairgoers can visit Southwest Airlines' 20-year Anniversary retrospective exhibit in Grand Place.

Southwest Airlines began serving Texas 20 years ago and now serves 32 cities in 14 states.

Conservation Election

An election of a soil and water conservation district director to serve in Zone three on the West Nueces-Las Moras Soil & Water Conservation District is scheduled for October 8, 1991 at Villa's Restaurant, located 1 mile west of Brackettville on Hwy. 90, announced Mr. Bret Trant, Chairman of the board. The election will be held at 12:00 noon.

State law decrees that to be eligible to vote in a soil and water conservation district director election, a person must own agricultural land within the district where the election is being held. The person must also live in a county all or any part of which is in the district and the voter must be 18 years old.

Legal qualifications state that a candidate for the office of a soil and water conservation district director must own land in the zone he represents, be 18 years of age and be actively engaged in farming or ranching. He must also live in a county all or part of which is in the district. Soil and water conservation district directors serve four-year terms of office.

Zone three of the district includes an area from a line beginning at the intersection of the west Kinney County line and Ranch Road 2523, thence east on Ranch Road 2523 to its intersection with Ranch Road 3008, thence south along Ranch Road 3008 to its intersection with

U.S. Highway 90, thence east along U.S. Highway 90 to its intersection with Pinto Creek, thence northeast along Pinto Creek to its intersection with Ranch Road 674, thence north along Ranch Road 674 to the north Kinney County line, thence west along the north Kinney County line to the west Kinney County line; thence south along the west Kinney County line to the point of beginning.

Current members of the board of directors of the West Nueces-Las Moras SWCD are Chairman Bret Trant, Vice-Chairman Stan Conoly, Secretary Tully Shahan, Member Jim McDaniel and Member P.H. Coates, III.

The purpose of the West Nueces-Las Moras SWCD is to promote sound soil and water conservation program on agricultural lands within the district and to serve as a voice for farmers, ranchers, and local community entities on conservation matters.

The district board of directors coordinates the conservation efforts of various local, state and federal agencies and other organizations and has authority to enter into working agreements with these governmental agencies and private concerns to carry out its purposes.

All conservation programs managed by the district are of a voluntary nature to the landowner or operator or other potential users of the SWCD's programs.

Goodbye, Summer. Hello, Fall!
By DORTHY PAYNE
Brackett News Staff Writer
Goodbye summer, hello fall. So, get ready for more indoor living. Repairs are in order, maybe a little touch up painting, shake the drapes, and give the house a fall clean-up.
Now's the time for repairing the ole' lawnmower. Check over the car and get ready for winter driving.
Don't forget to check the weather stripping around your doors. And, check your windows for drafts. This will make for a more comfortable winter and also save on your utility bills.

THINK ABOUT OUR FUTURE ENVIRONMENT

RECYCLE NOW

Non-aerosol hair spray containers are great to recycle right in your own home.

Wash out, fill with water to dampen clothes for pressing, to mist plants and for other household chores.

Save some of the pumps for future use since some newly purchased containers have defective tops.

Save the fabric softener sheets from the dryer to dust the TV picture screen as well as dusting other items. They will remove dust and lint readily just as they remove static electricity.

Some vacuum cleaner bags can be used many times. When full, simply cut off the bottom, empty, and reseal by folding the end and stapling shut.

Protect our children...

Boone Pickens to keynote upcoming Texas Conference on Small Business

AUSTIN--Dallas oilman and entrepreneur Boone Pickens will be the keynote speaker at the Texas Conference on Small Business set for Austin October 14-15, it was announced this week.

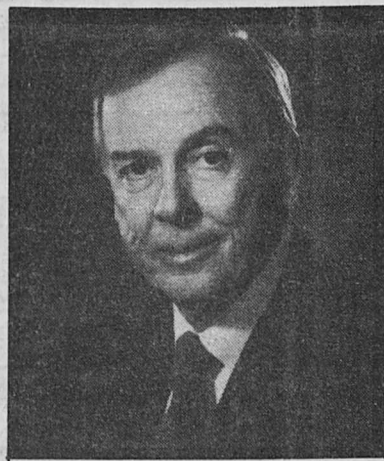

Conference Chairman and Austin businessman Juan Portillo said Pickens will address the fourth annual meeting of the TCSB at the kick-off luncheon at the Austin Hyatt Regency on Monday, October 14.

He joins Governor Ann Richards as the two major speakers addressing the meeting. The Governor will be featured at a breakfast opening the second day of the Conference.

"Pickens signifies the true meaning of success in small business," Portillo said in making the announcement. "He turned a \$2,500 investment into a multi-billion dollar oil and gas company that now has 139,000 shareholders."

In 1956, Pickens formed his first oil company -- Petroleum Exploration, Inc. -- with \$2,500 and two partners. Mesa Petroleum grew from that humble start, and is now one of the largest domestic independent producers in the United States.

The Conference is an outgrowth of the 1986 White House Conference on Small Business. The annual meetings are moved around the state each year

Boone Pickens

clude such areas as "How to Write a Business Plan," "How to Use Direct Mail," "How to Maximize Use of the Yellow Pages" and "How to Do Your Own Market Research."

The legislative forums will delve into such concerns as workers' compensation, taxes, exploring capital resources, privatization, finance, export trade and new technology.

Themes of this year's Conference are "The 90s: The Decade of Opportunity," and "Let Your Voice Be Heard."

Portillo urged small business owners to take advantage of this opportunity to get involved in shaping the small business agenda for Texas.

Registration for the complete two-day program, including the featured breakfast appearance by Governor Richards, two luncheons and a networking reception in the exhibition hall, is \$75. Overnight accommodations are offered at a special \$79 rate by the Hyatt.

Sponsors of the Conference include Southwestern Bell, NCNB, Bank One, Administaff, Frito-Lay, Austin Business Journal, KLBJ-Radio, Lower Colorado River Authority and Ernst & Young.

Further information may be obtained by calling toll-free (800) 488-9023. Registrations may be mailed to the Texas Conference on Small Business, 8338 Sterling St., Irving, Texas 75063.

to allow as many business owners as possible to participate. More than 400,000 small business owners are registered in Texas, representing 95 percent of all the state's business and employing 80 percent of its work force.

Companies employing up to 500 persons are invited to participate in the Conference, which will spotlight "Success Seminars" sponsored by Southwestern Bell, legislative forums featuring a number of well known public officials and a two-day products and services exhibition at Palmer Auditorium located adjacent to the Hyatt Regency.

The "Success Seminar" topics in-

Is Your Voter Registration In Order?

By Martha Pena-Hooten Tax Assessor and Collector

The November Special Election of Proposed Constitutional Amendments will be held on November 5, 1991.

On Friday, October 4, 1991, at 5:00 p.m. is the last day to register to vote or make any changes by personal appearance for the November election.

If a voter registration application is mailed it must be postmarked no later than October 7, 1991.

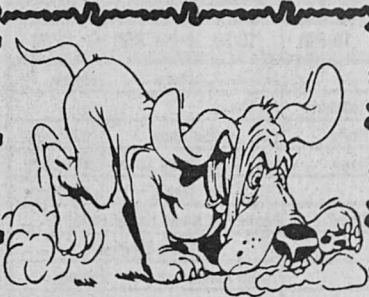

"If you move within the county you must transfer your registration to your new address within 90 days after you move. You may vote a full ballot at your previous precinct for 90 days after you move until your transferred registration becomes effective whichever comes first, if any office or proposition is common to the ballots of your old and your new precinct."

"Any time an individual changes

his place of residence, mailing address or legally changes his name one must come into our office and complete a change form so that our registration records can be as accurate as possible and also to avoid any problems on election day."

Early voting for this election will begin on October 16, 1991, at the County Clerk's office.

County Health Fair October 19, 1991

The Texas Department of Health, Public Health Region 6, Dental Health Education, will participate in the Kinney County Health Fair on October 19, 1991, from 11:00 a.m. until 4:00 p.m. at the Civic Center.

Information on ways to prevent one of the most prevalent diseases of man - dental decay - will be available, as well as literature on the prevention of baby bottle tooth

decay, periodontal disease, and other dental diseases.

In addition, assistance in identifying public or private sources of dental care will be provided.

Lion B. Peter Pohl, Fair Chairman, of the Brackettville Lions Club stated that approximately 30 health services and centers are registered to participate. At the 1990 Fair, 418 Kinney County residents received one or more services at the Fair.

"We definitely recommend the electric heat pump for comfort and savings."

Energy-efficient cooling and heating

Why install an electric heat pump? We asked heat pump owners like John and Ana Puig of Laredo. John says, "I would have to say that our average savings with the heat pump has been between \$40 and \$60 a month." According to Ana, "It's very comfortable. Our heat pump has made our home very comfortable."

Buy now, and get up to \$300 cash back!

The year-round electric heat pump is the most energy-efficient way to cool and heat your home. And right now, you can save even more with a cash rebate of up to \$300 from CPL. Call us for details.

Tigers Battle Panthers

By **BLACKIE HABY**
Brackett News Sports Writer

Camp Wood, Texas, was the scene of two teams playing real football Friday night, September 20, 1991, when The Brackett Tigers and Nueces Canyon Panthers met.

Brackett's David Dorough ran the kick-off back to their own 40 yard line. It took the Tigers a minute and 50 seconds to score on the Panthers. A pass play from Adrian Pena to Lynn Floyd for 58 yards set up Michael Flores' first touch down. Tevin Senne's point after made it 7-0 in Brackett's favor.

The Panthers had the same idea. They ran the ball back to their own 45 yard line, and on the first play Oscar Saucedo ran 55 yards for a Panther TD. Arthur Navarez's conversion tied the ball game 7-7.

Brackett returned the ball to their 38 yard line. The Tigers picked up a first down and fumbled. The Panthers took over on the 50. Nine plays later with 7 minutes left in the first quarter, Arthur Navarez went over for a second Panther touchdown. The fighting Tiger line blocked the point after making it 7-13 NC's favor.

Brackett lugged the pigskin back to their 40 yard line after the kick off. Four first downs and 15 plays later Michael Flores reached pay dirt. The point after was good leaving Brackett ahead at the end of the first quarter 14-13.

Oscar Saucedo ran the kick-off back to the Panther 35 yard line. The relentless tackling of people - Lesley Floyd, Michael Flores, Scott Sims, Angel Jaso, David Seargeant, Pedro Abrego, and other Tigers held the Panthers to one first down.

Brackett claimed the football on downs and started a drive which lasted only four plays.

Nueces Canyon took over and made four first downs but gave up the pigskin on a fumble. Brackett held the ball for the rest of the first

half. The second half saw NC receive and a play later Arthur Navarez loped 62 yards for the Panthers third TD. An incompleated pass rubbed out Canyon's chance for two extra points. Score 14 Tigers - 19 Panthers.

J. J. Sandoval ran the ball back to the Tiger 37 yard line. The remainder of the third quarter was a lineman's game. The football changed hands five times on downs.

As the fourth quarter began a screen pass to Paul Navarez set up an Oscar Saucedo touchdown. A second blocked kick by the Tigers left the score Tigers 14 - Panthers 25.

David Dorough made a good run back to the 48 yard line, but a sack and an incompleated pass turned the ball over to the Panthers on the Tiger 34 yard line.

NC's O. Saucedo and A. Navarez took turns hammering their way to pay dirt. Navarez made the TD and Saucedo the PA score. Brackett 14 - Nueces Canyon 33.

Brackett's back was far from being broken. They returned the kick-off to the 36. A pass from Adrian Pena to Lesley Floyd for 40 yards set up another pass from Pena to J. J. Sandoval for a touch down. A fumble caused the conversion to fail. 20 for Brackett - 33 for NC.

Brackett tried an on-side kick and gave the ball to the Panthers on the Tiger 46 yard line. The Panthers moved the ball to the Tiger nine yard line where they gave it up on downs.

With Brackett in charge, John Ingram picked up five yards. The second play Adrian Pena scampered 90 yards for a TD. The point after was good for 1. The clock ran out as Nueces Canyon received.

Tigers 28 - Panthers 33.

BISD Seeks Yearbooks From Former Years

Brackett ISD is seeking help from the community in acquiring yearbooks missing from its collection. The years that the district is missing are: Prior to 1952, 1953, 1955, 1972, 1982, and 1987. If there are families

The district has multiple copies of yearbooks from some years in the past. The district will sell those books on a first come basis for \$20.00 per copy.

If you have copies of the years mentioned above or if you are interested in purchasing an old yearbook please contact Cindy Brandt in the superintendent's office for more information.

that have multiple copies from those years, the district would like to purchase them for the historical collection.

WE'RE SOCIAL SECURITY:

WE'VE GOT YOUR NUMBER.

1-800-SSA-1213
STARTING OCTOBER 1, 1991

U.S. Department of Health and Human Services
Social Security Administration

SOMOS EL SEGURO SOCIAL:

TENEMOS SU NUMERO.

1-800-SSA-1213
EMPEZANDO EL 1 DE OCTUBRE DE 1991

Departamento de Salud y Servicios Humanos
Administración de Seguro Social

Social Security

Social Security's toll-free telephone number is changing. Beginning October 1, 1991, the number to call is 1-800-SSA-1213 (1-800-772-1213).

In response to the popularity of this toll-free service and to increase its service capability, SSA also has a telephone response unit that uses an automatic script to speed the processing of certain routine requests. Using a pushbutton tone telephone, you can:

- Request an application for a Social Security number;
- Obtain a request form for a Personal Earnings and Benefit Estimate

Statement:
--Request verification of the amount of your Social Security benefit or Supplemental Security Income payment;
--Order publications about the various Social Security programs; and
--Listen to general information about Social Security programs.

Service on Social Security's 800 number is available weekdays, 7 a.m. to 7 p.m. But, the best times to call are early in the morning or late in the afternoon, Wednesday through Friday, after the first week of the month.

Seguro Social

El número de teléfono gratis de Seguro Social está cambiando. Empezando en octubre 1, 1991, el número a que se debe llamar es 1-800-SSA-1213 (1-800-772-1213).

Para responder al uso extenso del servicio gratis por teléfono, y para aumentar su capacidad de servicio, el Seguro Social también tiene un sistema de contestación telefónica que usa una grabación automática para acelerar la contestación de ciertas peticiones rutinarias. Usando un teléfono de botones, usted puede:

- Pedir una solicitud para un número de Seguro Social;
- Obtener la solicitud de un Estado de Cuenta de Ganancias y Estimado de Beneficios;

- Pedir una verificación de la cantidad de su pago de Seguro Social o Seguridad de Ingreso Suplemental;
- Pedir publicaciones sobre los diferentes programas de Seguro Social; y
- Escuchar información general sobre los programas de Seguro Social.

El servicio del número "800" está disponible durante los días de semana, de 7 a.m. a 7 p.m. Sin embargo, las mejores horas para llamar son temprano por la mañana o en las últimas horas de la tarde, de miércoles a viernes, después de la primera semana del mes.

FORUM 4 THEATRES

Masonic Open House

Howard Wakefield visits with Worthy Matron Cubie Kurtz.

Sunday afternoon, September 23, 1991, Worshipful Master Bruce Clements and fellow Masons of Las Moras Lodge #444 joined Masonic Lodges across Texas in hosting open house in lodge halls for the general public.

Over 150 years ago, Sam Houston, a Mason, and his rag-tag army won their places in history on the Plain of San Jacinto. Through that decisive battle, the charter for the first Masonic Lodge of Texas rode safely in the saddlebags of Dr. Anson Jones.

Masonry was extremely important to Anson Jones - and to many others who helped win the struggle for independence from Mexico.

Consider these early leaders: Sam Houston, William B. Travis, Stephen F. Austin, Ben Milam, James W. Fannin, Anson Jones, Davy Crockett, Lorenzo de Zavala, Jim Bowie, Ben McCullough, Jose Antonio Navarro, David G. Burnet, Mirabeau B. Lamar, Thomas Rusk, Edward Burleson. All heroes. All Masons.

The Grand Lodge of Texas was born in the Senate Chamber of the infant Republic of Texas in 1837. Sam Houston presided and Anson Jones was elected the first Grand Master.

Over 200,000 Masons of 959 lodges in Texas will celebrate this 150th Birthday Year of the Grand Lodge of Texas.

Masonry and its teachings were woven deeply into the fabric of early Texas, just as Masonry had strongly influenced the men who established our great American nation.

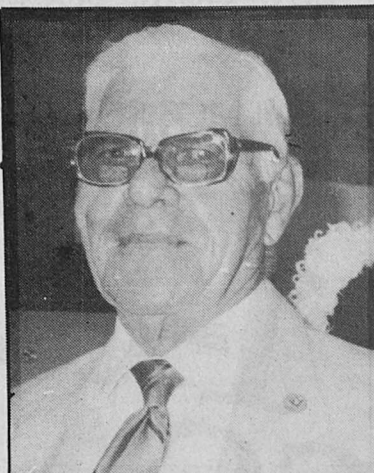

In Texas, eleven Masons were among the 25 men who wrote the Texas Constitution which, like our nation's charter, includes the great principles of liberty, equality and justice.

John Hancock and at least eight other Masons signed the Declaration of Independence. Four of the five men who drafted it were Masons. George Washington was Master of his lodge and Benjamin Franklin was Grand Master of Masons in Pennsylvania.

Many famous names are found on the rolls of Masonry: Harry Truman, Franklin Roosevelt, Norman Vincent Peale, Douglas MacArthur, Andrew Jackson, Gerald Ford, John Wayne, Teddy Roosevelt, astronauts Virgil Grissom and "Buzz" Aldrin, Roy Rogers, Danny Thomas, and Will Rogers.

Men of all religions, all walks of life, are proud to be Freemasons.

Although there are numerous appanage bodies of Masonry, membership in an A.F. & A.M. Masonic

Worshipful Master Bruce Clements

Lodge is a pre-requisite for membership in all other Masonic organizations.

Members of the Masonic family go quietly about the business of supporting and serving their communities and those in need. Over \$2,000,000 a day and thousands of hours of service are donated to worthy causes by Masons and their organizations. Texas Masons support a Masonic Home and School in Fort Worth for disadvantaged children; the world-famous Scottish Rite Hospital for Crippled Children in Dallas; Home for Aged Masons in Arlington; Knights Templar Eye Foundation; Shrine Hospital for Crippled Children in Houston; the Burn Institute in Galveston, and a broad program of dentistry for handicapped children, and supports cerebral palsy research.

Masons do not solicit members. They trust that Masonry will be so highly regarded that men will seek out a Mason and ask him how to join.

Freemasonry is the world's oldest and largest fraternity - dedicated to the brotherhood of man under the Fatherhood of God. Masonry teaches strict moral principles and provides a pattern for men to live their lives with reverence, compassion, honesty, morality, kindness and charity.

Masonry is not a religion. Like the U. S. Constitution and Pledge of Allegiance to our Flag, Masonry is based upon a belief in God. Masonry urges its members to be faithful and devoted to their personal religious beliefs. Masons do not discuss religion or partisan politics at their meetings.

Masonry is not a secret society. It doesn't conceal its existence, principles or aims. Members proudly wear the square and compasses. Like many organizations, Masonry has some private information, but very few secrets.

Elderhostel Spends Week At Fort Clark

Fort Clark Springs welcomed another Elderhostel groups of forty-four Sunday. Most of these people are from states other than Texas.

At a wine and cheese reception at the Wainwright House Sunday afternoon, many favorable comments were overheard about the beauty and serenity of the Fort, and the warmth and friendliness with which they were greeted.

FCS Public Relations Director Theresa Plummer is co-ordinating the program which carries basically the same format as the one two weeks ago - history of the Fort and area, moviemaking on the Rio Grande, golf, and a tour and dinner at Alamo Village. Richard Thompson, Charles Downing, Don Swanson, Ron Buckles, Bob Young, Happy Shahan, and Richard Curilla will compose the staff with possibly other resource people coming in.

On hand to make the visitors feel at ease were staff members Tom Nevinger, Joyce Rash, Jenelle Hobbs and Wendy Lampkin. Board members Rozetta Pingnot and Mr. Pingnot, John Oliver and Mrs. Oliver, Elsa O'Rourke, Emet Huntsman, Dorothy Haga, and volunteers Don and Fran Swanson, Doris Eckenroth, Charles Downing, Walt Bauguess, Ron and Lorene Buckles and Jean Faulkenberry were at the Wainwright House to mingle with the guests, answer questions, serve refreshments, and just have a good time.

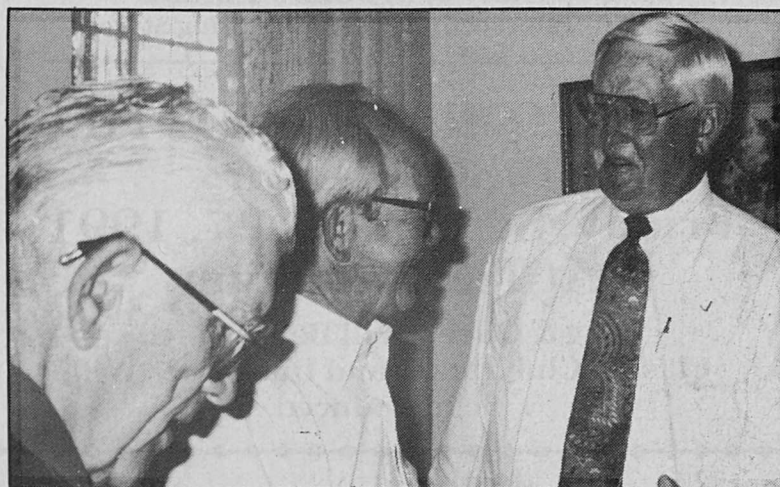

Wendy Lampkin and Fran Swanson register Elderhostelers.

F C S Art Club Demonstration

On Monday night, September 23, Fort Clark Arts welcomed 44 participants in the Elderhostel program to the Art Center. Artists Falba Evans, Bea Workman, Fran Swanson, Rosemary Lovell, Evelyn Fiske, Joan Lindley, Katherine Field, Irene Keddy, Juanita Robert-

son, Jo Sponholz, Iola Jones and Nina Batson were at their easels demonstrating their skill and techniques for the visitors. Elderhostel participants came from many far away states -- New Jersey, New York, Florida, Minnesota and Arizona were among the many states represented.

FCS Board Member John Oliver "talks up" the Fort.

GI Forum

The Del Rio chapter of the American GI Forum will host the State Board Meeting Oct. 11-13 at the American GI Forum Hall on 411 E. Morin.

Registration fee is \$20 and local officials, and anyone interested in the organization are invited to attend.

Invited guests are U.S. Congressman Albert Bustamante, Attorney General Dan Morales, Texas State Representative Pete Gallegos, Val Verde County Judge Val Cadena, and Del Rio Mayor Alfredo Gutierrez.

Over 150 people are expected. The Twin City Inn will be hotel headquarters for out of town guests.

The festivities will begin Friday evening, Oct. 11, with an early arrival reception beginning at 5 p.m..

Registration will get under way at 8 am Saturday, Oct. 12. Coffee and Doughnuts will be served courtesy of the Del Rio Chamber of Commerce.

The meeting convenes at 9:30 am with the call to order by Lupe Gutierrez, State Chairman of Port Lavaca, Texas. At 10 am the forum will divide into three sections: the forum meeting, under the direction of State Chairman Gutierrez; the women's meeting, led by State Chairwoman Mary Ramirez of Corpus Christi, Texas; and the youth meeting. Higher education is one of the main issues to be covered at the forum meeting.

The groups will reconvene for a luncheon at 12 noon. It will be a traditional Mexican "cabrito" meal prepared by the Del Rio chapter women's group. The Mexican theme will be completed with decorations and music.

Later in the afternoon the meetings will continue with a report on national issues and a report by American GI Forum Founder, Dr. Hector P. Garcia. Business will give way to entertainment with a dance scheduled for 9 pm Saturday.

Meetings will continue Sunday, Oct. 13, at 9 a.m. with reports from the State Vice-Chairman on membership, the National Veteran's Outreach program, the State Convention, and the Women's Committee.

The Del Rio Chapter of the American GI Forum as well as the State organization have been active in community and Civic activities for over 40 years. The national motto of the organization is "Education Is Our Freedom and Freedom Should Be Everybody's Business," and the Del Rio chapters wholeheartedly comply. They recently gave \$4,000 worth of college scholarships to eight local students. The local chapters also host barbeques and donate the proceeds to families with medically dependent children.

The American GI Forum's many chapters are devoted not only to helping the community but teaching and encouraging the community members to help themselves.

Go Tigers! Go Tigers!
Go Tigers! Go Tigers!

Selma Pathfinders Walk Bike Swim

The Selma Pathfinders of San Antonio is a licensed non-profit organization which promotes family sports. Four times a year they sponsor a "Volksmarch" and again chose Fort Clark Springs for their fall gathering. Many of them were on the Fort from Wednesday through Sunday last week utilizing the motel and RV park and taking their meals on the Fort or in Brackettville although Sondra Meil, through the Fort Clark Recreation Department, did make sandwiches, snacks, cold drinks, etc. available at the Activity Center.

This is the Selma Pathfinders tenth anniversary of existence so they chose ten events: two 10 Kilometer night walks; two 10 Kilometer day walks; two 25 Kilometer bike rides,

San Antonio Selma Pathfinders-Lucille Jordan smiles as Gus Spradling grimaces at memory of Fort Clark's "cool" swimming pool.

and four 300 meter swims. Fort Clark's trails and swimming pool, Brackettville's streets, and Kinney County rural roads are ideal for this type of activity.

More than 150 people were on hand and made up an activity schedule of 550 events. A person could enter any number of the ten events, and some chose all ten.

Beautiful event medals, photoetched with epoxy domes, depicting areas of historic significance still present on Fort Clark, were available and each time a participant completed an event, they became eligible to purchase one medal. Each time an event was completed, the registrar would stamp the person's

IVV book (this was like a bank passbook and was a record of a person's achievements). No standards were set for competition but each person set their own pace and self satisfaction at completing the event was the goal.

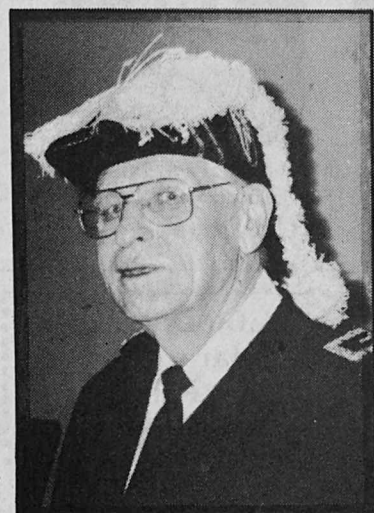

Most entrants were members of the Selma Pathfinders or similar groups, but membership in a club was not required for participation. Only those desiring credit were charged a modest registration fee.

The registration brochure carried the statement, "Events will be held regardless of the weather," and last week at Fort Clark, they got just about all of it - clouds, rain, sunshine, coolness and heat.

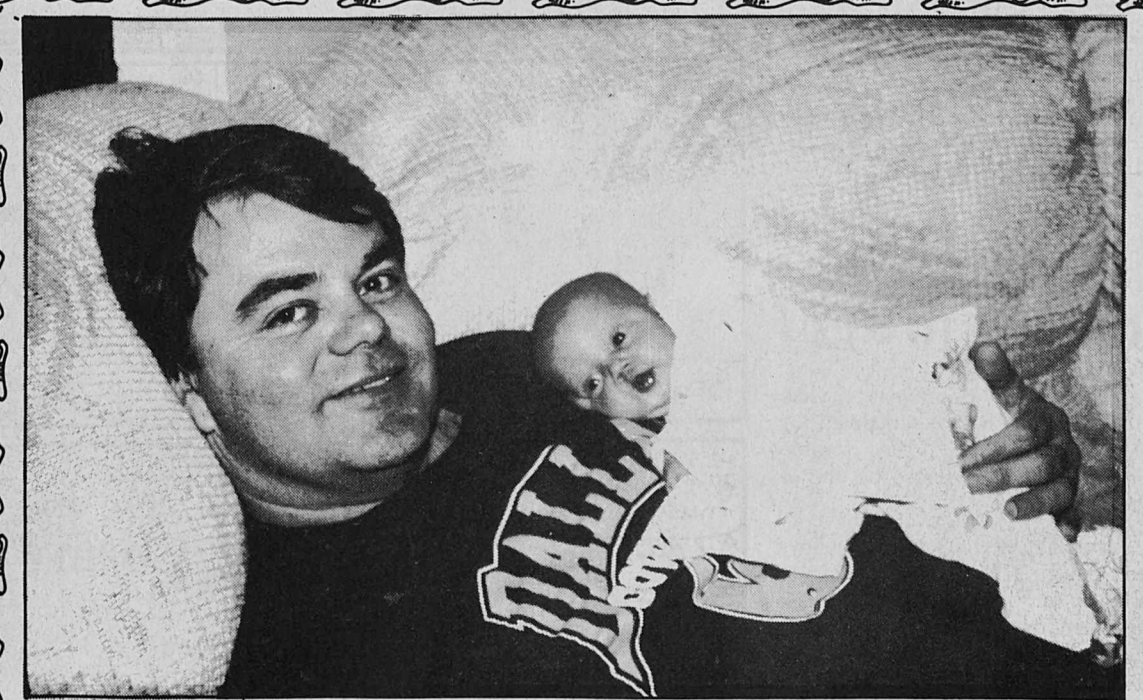

Mountain Holds Multiple Memberships

Richard Mountain has been a Mason for 43 years. Many men have been Masons that long, and many even longer. Dick has been very active and Sunday he displayed the aprons depicting the various roles of leadership where he has served in Masonry.

He is a past master of Las Moras Lodge #444; a past high priest of Royal Arch Chapter #80, Oxnard, California; Past Illustrious Master of Ventura Council #15, Ventura, California; and a Past Commander of Ventura Commandary #17, Ventura, California. He is also a member of the Scottish Rite of Santa Barbara, California, the Ameliakh. Shriners of Los Angeles, and Del Rio Chapter #204, Order of the Eastern Star.

Richard Mountain

Kristine Elizabeth Wilson was born September 9, 1991, in Dallas. She was 20 inches long and weighed 6 lb 14 oz. She has a "big" brother, Tony. Their parents are Alvin, Jr. and Kathy Wilson. The "bragging" grandparents are Alvin, Sr., and Dolores Wilson of Fort Clark Springs.

Seminole 119th Anniversary

“Let Us Remember The Past As We Look To The Future.”

Margaret Reyes and Enemencia Starzel carry the colors for VFW Auxiliary #8360.

Kinney County Judge Tim Ward was Grand Marshal for the parade honoring the 119th Anniversary of The Seminole Indian Scouts Descendants Association Saturday September 21, 1991, to begin the week-end celebration. The colors were carried by Fort Clark Springs VFW #8360 Auxiliary members Margaret Reyes and Enemencia Starzel.

Parade judges Rosemary Slubar, Ginger Dodson, and Joan Boutwell awarded first place to the car of Ms. Charles Wilson which carried the banner "From Fort Clark to Brackettville" and was cleverly decorated with all "those things we move from furniture, dishes, clothes, to green plants."

Second place went to the Headstart float, and the Ambulance placed third.

The parade ended at Carver School for a formal program directed by Ms. Wilson. Judge Ward gave the invocation and a medley of patriotic and spiritual songs were sung before Bishop Lonnie Green of the Bible Way Church of Christ in Del Rio delivered the keynote message.

Dr. Green is certainly no stranger in Kinney County and his theme of "duty, honor, and commitment" was certainly a challenge to each person present. He reiterated how the commitment of Seminole Scouts helped make America, and Texas specifically, great. He emphasized

the proud heritage the Seminoles left for people of all colors.

Special guests were artist Doc Spellman, Rev. Curly Daniels (the great grandson of Medal of Honor Winner Elijah Daniels), and Gay Shackelford who was covering the celebration for *The Texas Highways*.

Other guests included Almanique Jacquet, San Diego, California, who is doing the advance research for a film company planning a documentary on the Seminoles from Florida to Brackettville. Wallace Allen, publisher of the *Westside Story Newspaper*, San Bernardino, California, and his sister, Louise Howard of Los Angeles, California were guests. Ms. Howard is writing a social studies book on black culture and will include the Seminoles story.

A barbecue dinner was served at noon followed by a cake walk, games, and a lot of visiting.

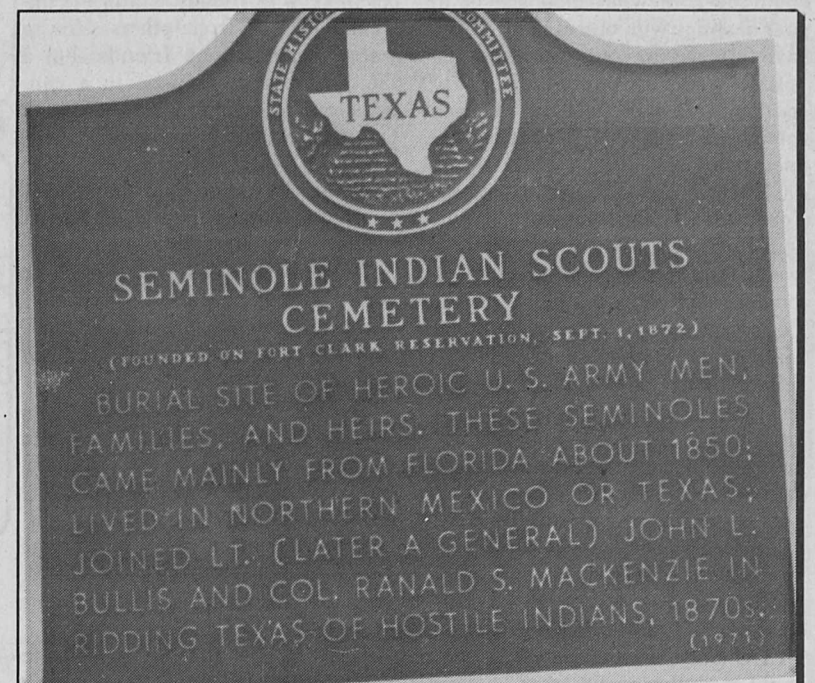

The theme for the celebration was "Let us remember the past as we look to the future."

MEMORIAL SERVICES

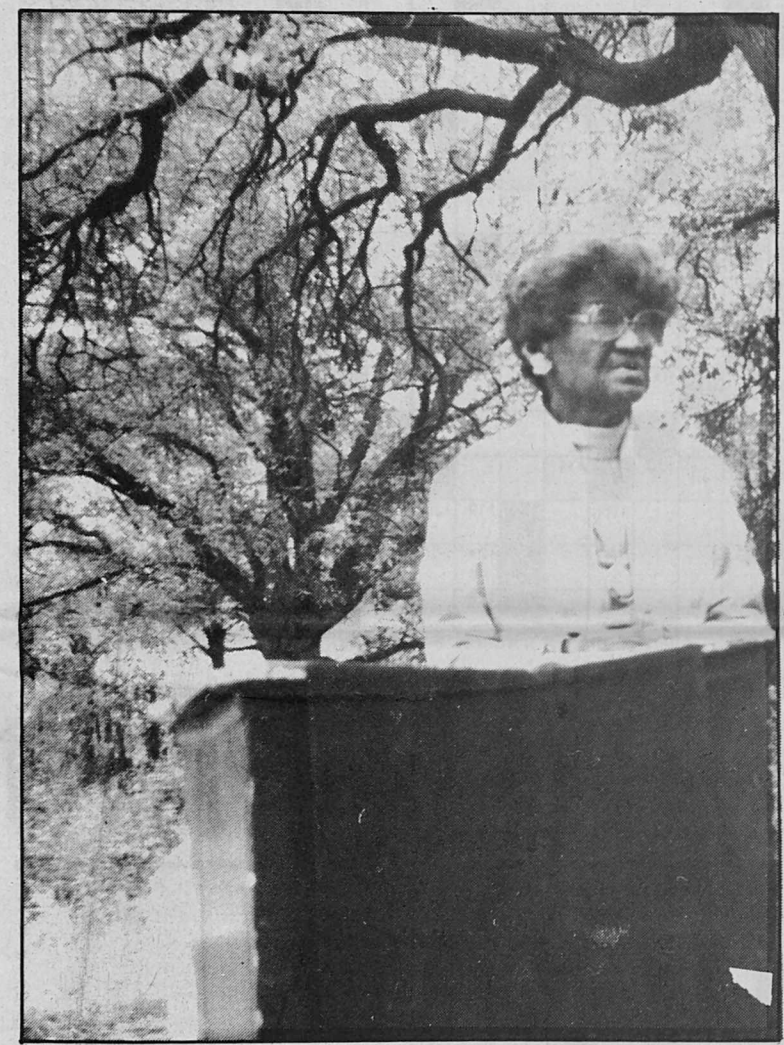

Memorial services were held at the Seminole Indian Scout Cemetery on Sunday, September 22, 1991.

Elder "Curly" Daniels brought the message of tribute. Group singing and prayers were offered.

The Elder Rev. Daniels was featured in an article on the Seminoles in the August, 1991, issue of *The Smithsonian Magazine*.

Seminole Indian Scout Cemetery.

Charles Wilson, Anniversary Co-ordinator

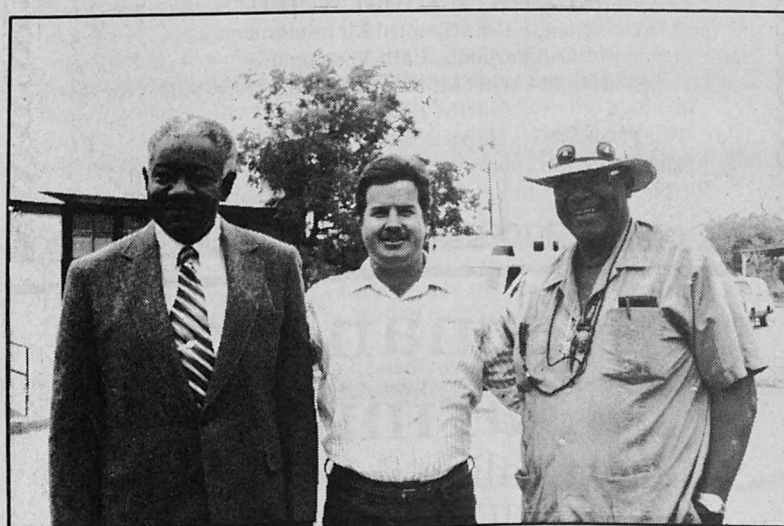

Charles Wilson with her first place parade entry.

Third place went to Kinney County Ambulance Service.

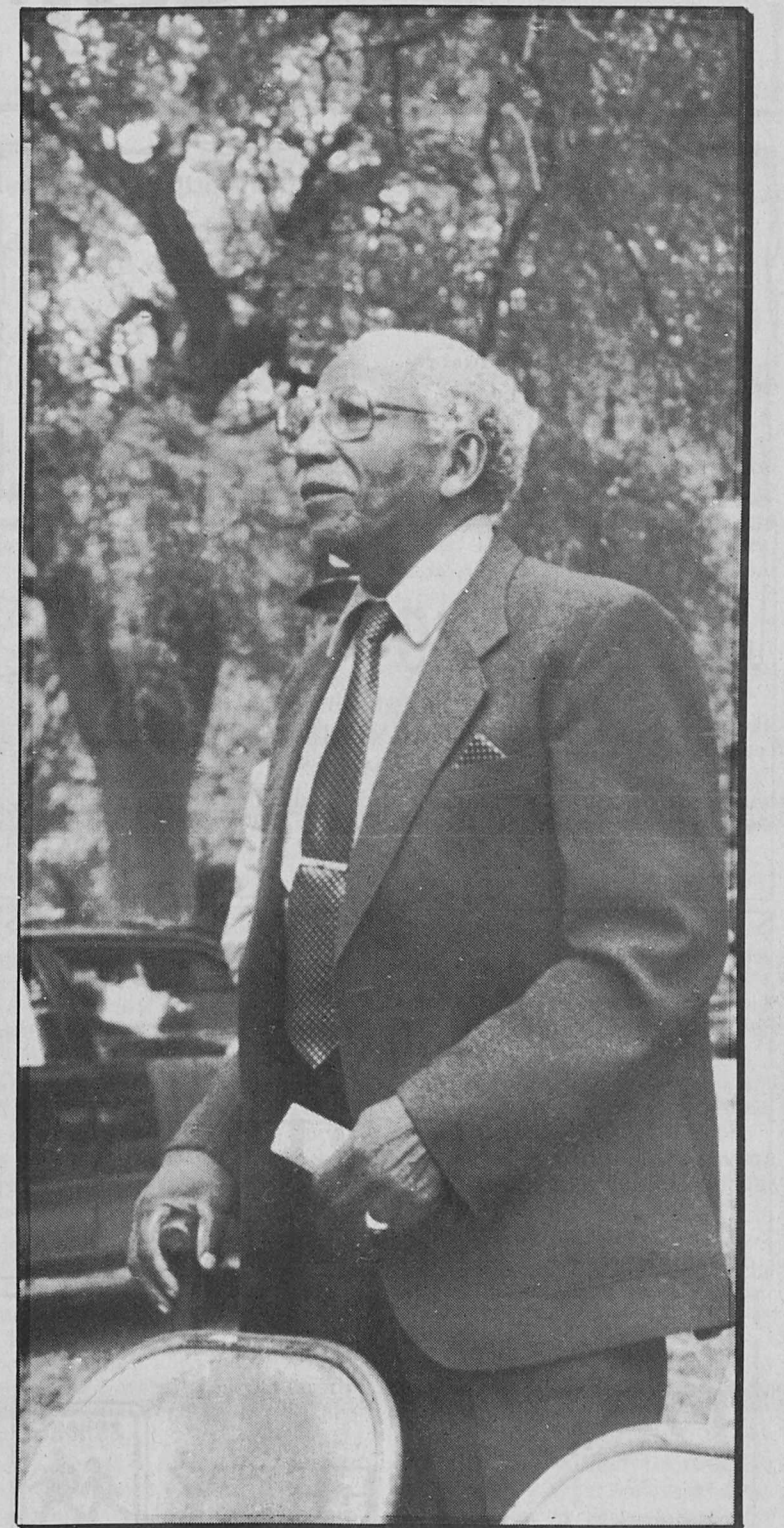

Headstart float places second in parade.

Dignitaries Bishop Lonnie Green, Del Rio, Kinney County Judge Tim Ward, and San Antonio artist Doc Spellman.

Almanique Jacquet, film Scout from San Diego, California; Gay Shackelford, from "The Texas Highways" magazine, Austin. Unidentified members of Laughlin, AFB Saddle Club in background.

Rev. "Curly" Daniels delivered the Memorial address on Sunday afternoon.

Your Horoscope

by Charles King Cooper

ARIES (March 21 to April 19) Oh, a friend is hard to pin down now! Guard against laziness on the job and self-indulgence after working hours. You're very much in the limelight next week. It's now better to handle things yourself than to delegate responsibility.

TAURUS (April 20 to May 20) You could be somewhat inconsistent in your dealings with others now. You'll have to make up your own mind first before you can expect others to cooperate. It will be hard to reach agreements with others about financial interests.

GEMINI (May 21 to June 20) You'll have to take what you hear now with a grain of salt. Learn to read between the lines. You'll be enjoying romance and going out more often in the coming month. Some minor things could go wrong at home now. Either a delivery is late or an appliance breaks down.

CANCER (June 21 to July 22) Little things could interfere with relationship harmony now, but the coming month puts a major accent on love and togetherness. Don't let work pile up now. Guard against daydreaming and whiling the time away. Curb a tendency to call attention to yourself.

LEO (July 23 to August 22) Signals could easily become crossed between you and a close tie now. You just don't seem to be in synch. Enjoyable travel comes soon, but guard against unnecessary extravagance. Though it should be a productive week on the job, money has a way of slipping between your fingers.

VIRGO (August 23 to September 22) A partner remains your best confidante now. You'll find some people downright evasive now. Social life could lead to an important new romantic introduction in the coming weeks. Both career and family make demands on your time now.

LIBRA (September 23 to October 22) Some receive an unexpected, or lucky, money break. A contemplated

career development should be talked over with trusted counselors. If you consult with advisers, you'll get the help you seek. Good news come from afar. Business contacts can prove helpful.

SCORPIO (October 23 to November 21) Career opportunity comes now! Think big! Later, you'll want to celebrate with friends. Shrug off unwanted advice from others. You're warmly-received by friends, but a family member may be in a cantankerous mood this weekend. Don't put off household chores now.

SAGITTARIUS (November 22 to December 21) Time by yourself leads to accomplishment. Acts of charity will be appreciated. It's a good time to push your personal interests. Spruce up your appearance and you'll make a good impression on others. New romance looms this weekend for singles.

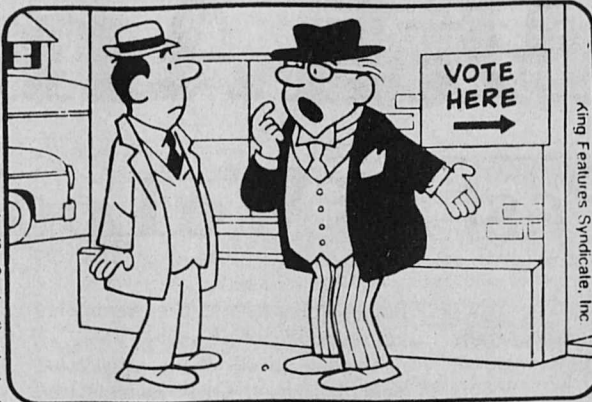

CAPRICORN (December 22 to January 19) You'll find new ways to increase your income, and will possibly receive a gift. Unexpected family news arrives. Try to be less self-centered. An optimistic frame of mind will attract benefits. You may be invited out this weekend. Late evening hours favor good times.

AQUARIUS (January 20 to February 18) Apartment-hunters meet with luck. Happiness is yours for the asking on the home front. Don't be short-tempered with a child. You're in a carefree mood and will attract romance. Good news comes pertaining to children. Get needed assistance about a work effort.

PISCES (February 19 to March 20) Be alert for a new work opportunity. Some get a lucky assignment. A partner may make an unexpected purchase or financial move. Luck comes through others. Close friends want you to share their good fortune. Consult with financial advisers about investment.

ANNOUNCEMENT FOR PUBLICATION

Please be advised that the Middle Rio Grande Development Council has openings for Part-time Certified Counselors and Math Teachers in Del Rio, Cotulla, Carrizo Springs, or Crystal City J.T.P.A. offices.

The classes will be held on Saturdays, with 6 hours class time and a 2 hour conference period for tutoring and preparation time each week for teachers.

Compensation: \$20.00 per hour. Teacher will instruct high school seniors in Math. Curriculum is a specially developed college preparatory package designed to bring students to the optimum level for college entry. Counselors will assist students with financial aid packaging and will conduct social skills classes at specified times.

Teachers chosen will need to have strong course work in the subject area they are to teach. Master's degree and T. E. A. Certification preferred.

We expect to have teachers and counselors on contract by October 1991.

Interested parties please submit resume, with a cover letter indicating location desired and subject area speciality and a copy of college transcript to:

Ramon S. Johnston
Deputy Director
P. O. Box 1199
Carrizo Springs TX 78834
512-876-3533

Applications will be accepted until all positions are filled.

The Chopping Block by Philomena Corradeno

CURRIED CHICKEN-RICE SALAD

- 3 cups hot cooked rice
- 1/2 cup frozen peas, thawed
- 2 (5-ounce) cans premium chunk white chicken, drained
- 3/4 cup chopped celery
- 1/4 cup sliced green onions
- 3 or 4 teaspoons lemon juice
- 2 tablespoons olive oil
- 1/4 teaspoon curry powder
- 1/4 teaspoon Tabasco sauce
- Shredded romaine lettuce
- 2 tomatoes, cut into wedges

Combine hot rice and peas; toss lightly. Add chicken, celery and onions in large bowl. Combine lemon juice and oil, curry powder and Tabasco in small jar with lid; shake. Drizzle over rice mixtures; toss lightly. Cover and chill 30 minutes. Serve on shredded lettuce. Garnish with tomato wedges. Makes six servings.

High Blood Pressure Can be Controlled By Lifestyle Adjustments

Although few people die from high blood pressure, or hypertension as it's commonly called, it may lead to such diseases as heart attack or stroke.

For the 62 million people who are hypertensive then, the questions are: what is high blood pressure and can it be controlled?

"High blood pressure in adults is defined as a systolic reading (higher number) being equal to or greater than 140 and a diastolic reading (lower number) being equal to or greater than 90," said Robert Danoff, D.O., M.S. a member of the clinical faculty in the Department of Family Practice at Delaware Valley Medical Center.

The systolic reading refers to the pressure of the blood flow when the heart beats, while the diastolic reading records the pressure between heart beats, said Dr. Danoff, an osteopathic physician specializing in family practice.

He explained that high blood pressure readings generally mean the heart is working harder than normal. Left untreated, high blood pressure forces the heart to work progressively harder to pump blood and oxygen until veins and arteries become scarred and hardened and the heart becomes dangerously enlarged.

"The people most at risk for high blood pressure and diseases that accompany it usually have a family history of hypertension or are African-American," Dr. Danoff said. He added that African-Americans have an almost one-third greater chance of having high blood pressure compared to whites.

Although doctors don't know what causes high blood pressure, controlling weight, reducing sodium intake, reducing alcohol consumption, eliminating smoking, exercising

Robert Danoff, D.O.

regularly, and lowering stress and cholesterol levels can help lower blood pressure that has climbed above 140/90. In many cases, medication is available to control hypertension.

Studies have proven that losing weight reduces the amount of work the heart must do, Dr. Danoff said. When the heart doesn't have to work as hard, blood pressure comes down. Often, regular exercise accompanies a weight-loss program, both of which can have beneficial effects on blood pressure, too.

"I recommend that my patients stay within 10 percent of their ideal body weight," Dr. Danoff said. Modifying diet, including reducing the intake of sodium, alcohol and fat have also been proven effective in lowering blood pressure levels.

Dr. Danoff recommends that his hypertensive patients limit salt intake to 2 grams a day, reduce alcohol consumption to less than 1 ounce per day and eat a diet that derives less than 30 percent of its calories from fat. High blood pressure is known as the "silent killer" because it's possible to be hypertensive and not know it. However, regular check ups that include blood pressure testing, along with lifestyle modifications such as exercise and proper nutrition can not only lower blood pressure, but can help prevent heart attacks and strokes.

Public Notice

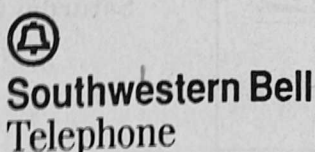

On June 28, 1991, Southwestern Bell Telephone Company (Southwestern Bell) filed an application with the Public Utility Commission of Texas (Commission) to add a new optional service offering for business Private Branch Exchange (PBX) Trunk customers called Digital Loop Service. The application has been assigned Docket No. 10461.

Digital Loop Service provides digital transmission of circuit switched voice and data communications between the customer's premises and the central office. This service allows the customer to use a 1.544 Mbps facility capable of delivering up to 24 line terminations. Southwestern Bell will provide Digital Loop Service within the customer's serving central office where facilities are available.

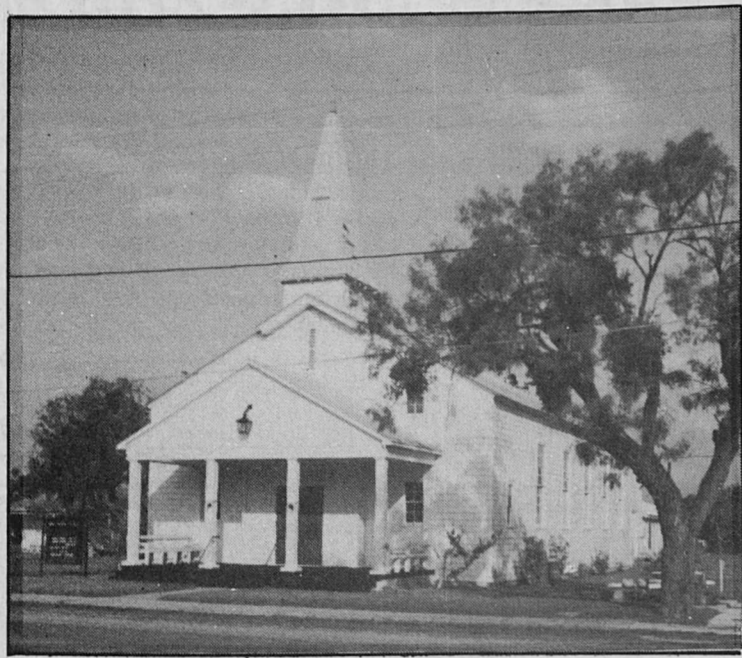

If approved by the Commission, the rates for the Digital Loop Service facilities will be \$445 per month for each digital transmission loop arrangement which provides a capacity of up to 24 line terminations, plus \$5 per month for each line termination and \$9 per month for each channel termination. The proposed rate for the unlimited use of the central office varies from \$12.25 up to \$18.90 per month for each line termination depending on the rate group classification, determined by the customer's location. Southwestern Bell estimates revenue of \$2.1 million from this offering during the first year.

As proposed by Southwestern Bell, customers who currently receive digital loop compatibility through facilities installed under a special construction agreement will have the option to receive their current digital loop arrangements pursuant to the Digital Loop Service Tariff or continue to pay their current charges until they make a change of location or account. Any increase in the number of line terminations to a customer's current digital transmission loop arrangement will be provided pursuant to the proposed Digital Loop Service Tariff; however, the customer will continue to have the option of paying current charges for the existing digital transmission loop capacity. Southwestern Bell's proposal to "grandfather" existing digital loop facility arrangements is subject to review and approval by the Commission.

Persons who wish to Intervene or otherwise participate in these proceedings should notify the Commission as soon as possible, but not later than October 15, 1991. A request to Intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Blvd., Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Public Information Office at (512) 458-0256. The telecommunications device for the deaf (TDD) number is (512) 458-0221.

First Baptist Church

Meditations

by Preston Taylor

Do you ever feel tired? I sure do. Are you sometimes frustrated because you don't have the energy to keep on going? Who hasn't felt those pangs of despair? A resource of power is available for all of us. You can discover unbelievable help in Jesus when life is linked with Him.

The Bible declares Jesus to be the Son of God with power by His resurrection from the dead. In fact, all power in heaven and in earth belongs to Him. He's the Sovereign Lord. Christ is ready to strengthen those who give Him the opportunity. Why miss this chance?

How is your home life? Shaky? Chaotic and miserable? Is your family "hell on earth," tottering on the brink of destruction? Has it already collapsed? Jesus has power to repair the damages and put life together again. For those just getting underway, the Son of God can fortify you against the day of testings. Why not let Him?

What about your business world?

Running smoothly or broken down? Do you sometimes have problems that give you headaches that aspirins won't cure? You may need another business partner. R.G. Le Tourneau gave God a place in his bustling enterprises and the world has witnessed the effects.

How is your friendship circle? Beautiful? That's great. But do you sometimes get smashed beneath the avalanche of "goings on"? Jesus ought to be in the center of that friendship circle, or that circle will never be what it ought to be. Jesus has the power, the grace, and the wisdom to enrich the lives of all your friends.

All alone, man is weak. Fragile. He dies from a mild heart attack, is crushed by a piece of falling machinery, or dies from electric shock or drowning. Man or mortal. But Christ is eternal. He wants to be our friend and helper. With the presence of the Lord of glory in our lives, we will find the needed strength for all the challenges and disasters of this day.

Frontier Baptist Church

by Joe Townsend

Sunday as usual the congregation of Frontier Baptist Church met for worship.

The regular singing of Gospel Hymns; "How Firm a Foundation" and "Standing on the Promises" attention was called to a member of people in need of prayer and prayer was made on their behalf.

The pastor brought a message on "God's Word-Precept and Promise" based on the Scripture. "Draw nigh to God and He will draw nigh to you."

A closing hymn "God Will Take Care Of You" was sung by the congregation followed by a closing prayer and the congregation singing, "Blest Be The Tie That Binds Our Hearts In Christian Love."

Those who were not there missed forever a chance to be richly blessed. A most cordial welcome is extended to all to worship at Frontier Baptist Church next Sunday. Come and See.

The Bible Says

"An evil doer listens to wicked lips; and a liar gives heed to mischievous tongue."

You can capably judge the character of an individual by knowing who he listens to. A person who constantly listens to, quotes, and heeds a person who is lacking in moral character soon comes to be colored by the evil of the one to whom he listens.

We all have a tendency to be shaped by our associates. Whether we are affected by the association or

choose the association because it fits our character is really not important. It is a fact that if we feed our minds on lies, gossip, slander and the like we tend to reflect the same character.

God simply wants us to know that if we are smart we will not listen to those whose words reflect evil thoughts and actions. To give heed to the talk of bad mouthing and false information corrupts the mind.

An evil doer listens to wicked lips; and a liar gives heed to a mischievous tongue." Prov. 17:9

Free Screenings

The Texas Department of Health, Region 6, will be offering free screenings for obesity, hypertension and diabetes Friday, September 27, 1991 at the Civic Center in Brackettville from 9:30 a.m. to 12:00 noon and 1:00 p.m. to 2:30.

St. Mary Magdalene Catholic Church

By DORTHY PAYNE
Brackett News Staff Writer

The Cemetery Committee of St. Mary Magdalene Catholic Church met at 7:10 p.m. Wednesday evening in The Priest's House.

The minutes of the last meeting were read by Mrs. Alan Kreiger. Treasurer's report was read by Mrs. Lloyd Davis. It was passed unanimously to start proceedings to

establish perpetual care in the St. Mary Magdalene Catholic Cemetery.

Committee members attending were Bernadette and Orville Frerich, Tencha and Hector Pena, Mrs. Lloyd Davis, Mrs. Alan Kreiger, Mrs. Tom McNew, Agapita Saenz, Mrs. Jimmy Ballew, and Dorothy Payne.

President Bernadette Frerich adjourned the meeting.

Students from Assumption Seminary in San Antonio will be our guests next week-end. The students thank us for our support over the past years.

The Archdiocese of San Antonio has the largest number of men preparing for priesthood since the 1950's. The number of seminarians studying to be priests for the Archdiocese of San Antonio has risen 314% in the last three years - from 7

students in 1988 to 22 seminarians today.

Assumption Seminary was founded in 1915, and has ordained over 550 priests, including 8 bishops. Assumption Seminary is nationally recognized for its priestly formation program preparing men for bilingual/bicultural ministry.

At the present time, there are 18 students in Post Graduate Theology, and 4 in college.

16th Annual Cactus Jack Festival

October 12-13, 1991

Uvalde, Texas

UVALDE - The food, fun and festivities of Uvalde's 16th annual Cactus Jack Festival will be underway Saturday and Sunday, October 12 and 13.

The annual event honoring John Nance "Cactus Jack" Garner will feature a variety of exciting activities. You'll see the colorful tribal dances of the Sahawe (Sah-Haw-We) Indians, you'll clap your hands along with square dancers and kloggers, and hear contemporary Spanish music, toe tapping Country & Western Music, and rockin' tunes from the 50's and 60's.

Festivities will include the annual Cactus Jack Parade, Arts and Crafts, Fajita Cook-off, Ag-Awareness booths, and for kids of all ages...a fun filled Kids' Korner, and a Petting Zoo.

There will also be competitive sporting events including a volleyball tournament, 5-mile run, 1-mile walk, 1-mile kids run, and a 100, 50, and 20 mile benefit bike race.

Simply Southern will be performing at a free street dance Friday evening, October 11, at the Civic Center parking lot. Bring the family and enjoy the fun!

MCA recording artist Mark Collie will be performing Saturday evening, October 12, and popular Tejano music star Ram Herrera The Outlaw will be performing Sunday evening, October 13.

While in Uvalde, take time to visit Garner Memorial Museum, home of former vice president John Nance Garner. Admission will be free Friday and Saturday in honor of the Cactus Jack Festival. Garner Museum houses memorabilia from Garner's years in office along with displays of Uvalde History and Indian Artifacts.

In conjunction with the Cactus Jack Festival, Uvalde will be hosting the Southwest Texas Junior College Rodeo Thursday, Friday, and Saturday, October 10 - 12. Performances will be held nightly at 8 p.m. Enjoy the best in rodeo action as the Bad Company Rodeo will produce another exciting weekend of rodeo fun.

For information contact the Uvalde Chamber of Commerce, 512-278-3361.

Obituary

Willis Howard Butler

Memorial services for Bill Butler are scheduled for 2:00 p.m. Thursday, September 26, 1991, at the First Baptist Church, Brackettville.

Willis Howard (Bill) Butler of Fort Clark Springs, Brackettville, Texas died in an automobile accident at midday, September 20, 1991.

Mr. Butler was born August 17, 1901 having recently celebrated his 90th birthday. Bill was married in 1957 to his surviving wife, Anne Kidwell Gibson Butler. He is also survived by a son, Robert W. Butler and his wife Martha H. Butler and six grandchildren of Albany, Georgia. Also surviving him is his daughter Betti Ruth Price, her husband, Don, and three grandchildren of Florence, Alabama. He is also survived by ten great grandchildren.

Mr. Butler spent his childhood in Arkansas and Memphis, Tennessee. He learned the electrical trade and

became an independent electrical contractor in the state of Alabama in addition to many smaller construction projects. He served as electrical superintendent on the erection of three dams. He took his electrical training into a World War II Navy Construction Battalion (CBs). He later transferred to the regular U. S. Navy from which he retired as a Chief Petty Officer in 1970 with over 20 years of active duty service.

After his retirement, Bill and Anne lived in Hanover and Pittsburg, Pennsylvania, Weslaco and LaFeria, Texas, before moving to Fort Clark Springs, Texas, in 1983.

Mr. Butler was a life member of the AF & AM Grand Lodge of

Alabama, and a dual member of Las Moras Masonic Lodge #444.

He was also a member of the First Baptist Church, Brackettville, Texas.

Memorials may be sent to the First Baptist Church, Box 308, Brackettville, Texas 78832.

Virgil Glenn Deason, Jr.

At 7:00 p.m. on Tuesday, September 24, 1991, Virgil Glenn Deason, Jr. died in a San Antonio Hospital following a lengthy illness.

Glenn was born October 21, 1913, and was preceded in death by his wife, Betty, five months ago.

Funeral services will be held at 2 p.m. on Saturday at St. Andrews Episcopal Church.

Masonic graveside rites to be conducted by Las Moras Masonic Lodge #444.

Glenn Deason is survived by two daughters, Geneva Ann Haag of Bethesda, Maryland and Barbara G.

Oldaker of California, two granddaughters--Amber Dawn Haag and Terra Shan Haag of Maryland. Also surviving are two sisters, Doris King of Monahans, Texas and Margaret Reese of California.

Pallbearers will be Clay Hunt, Plunker Sheedy, Finous Doran, Richard Schafer, Bill Whitworth and Bob York. Honorary pallbearers are Johnny Sheedy, Ross Dobby, Tim Ward, Haywood Gulley and Gerald Wilson.

Memorials may be sent to the Masonic Cemetery Care Fund.
