Vol. 6 No. 16

Brackettville, Fort Clark, Spofford, and Kinney County, Texas

June 2, 1994

"If a man had half as much insight, as he has hindsight, he would have twice as much foresight."

Henry "Robbie" Robertson returned home from church Sunday morning to find that his neighbor, Pat Parks, had made him a "Happy 89th Birthday" sign...and many more, Robbie!

After 35 Years Of Wishing Mr. Morton Gets To See John Wayne's Alamo Site

Mr. and Mrs. W.W. Morton of Rockport, Texas, were accompanied to Fort Clark Springs last week by their son, Walter, and his family of Kingsville, and several friends for a short visit.

The unique part of this trip was that it fulfilled a 35-year wish of Mr. Morton who is now 92 years. An ardent John Wayne fan, Mr. Morton has had a great desire to see where John Wayne filmed "The Alamo."

And, so accompanied by his wife, who is 90 years old and a deaf mute, he was a guest at Alamo Village Friday. Not only did he see the movie location, but witnessed what

promises to become another epic as Michener's "Texas" was being filmed.

The group, which included other deaf mutes, were parked in their RV at Fort Clark and became "participants" in Friday's hail storm. Fortunately, they suffered little damage according to Walter Morton, the son, who served as interpreter for the group.

Incidentally, Walter, has already been back to Fort Clark Springs looking around for a home to purchase. He reported he "loved the place" and hoped to relocate soon. Maybe Mr. Morton can again visit John Wayne's Alamo when his son becomes a local resident.

At an open house at 6:00 p.m., Saturday, May 28, 1994, members of Las Moras Masonic Lodge #444 and guests gathered at the Masonic Hall to bestow the highest honor that a fellow member can be recognized with.

Joe York, Jr., among brethren, family and friends was presented the Golden Trowel Award.

Dr. James Harber gave a brief explanation of the origin of the award and his remarks included:

Perhaps by referring to bits of Masonic History and the influence of Masonry in the early days of the United States and later the early days of Texas, the importance of the Golden Trowel can be highlighted.

When George Washington was Supreme Commander of the Revolutionary forces, he would not appoint a subordinate commander unless he was a Mason. It is a fact that 49 of the Revolutionary Army Generals were Masons. Washington said, "I believe the lessons were helpful not only on the battlefields but also in the legislative body which followed."

Thirty-two of the fifty-five delegates to the Constitutional Convention in 1787 were Masons. The Constitution which they wrote can be characterized as the greatest exposition to Masonic philosophy ever written.

There have been fifteen presidents of the United States who were Masons. George Washington was the first and Harry Truman was the last.

There are 254 counties in Texas. Sometimes we can get an indication of the cultural influence left by the groups who occupied the area from the names of the counties. For example, Spain and Mexico ruled Texas from 1516-1836 and there are 35 counties which have Spanish or Mexican names; the Indians also occupied Texas for a period of time and they left their influence with six counties bearing Indian names. More importantly, the Caddo Indian word "Teches" which means Allies or Friends, became "Tejas" in Spanish and "Texas" in English. Influence of the French was very short and there are only two counties having French names. Some individuals are recognized. One county is named for a Catholic priest, and one county is named for a Methodist minister.

Joe York, Jr., (center) is flanked by his son, Bob, and wife, Mary Sam, Saturday at the Masonic Hall after he received "The Golden Trowel" Award. (More pictures, page 6).

Masons Honor Joe York, Jr. With Golden Trowel Award

However, the group which has had the greatest cultural impact on Texas is the Masons. There are 102 counties named after Masons. I will hasten to add the counties did not receive their names from the individuals just because he was a Mason...it was because that individual gave something of himself, sometimes his life.

Recently, the Grand Lodge recognized that in subordinate Lodges there were individuals who day-after-day and year-after-year went without any attempt to gain personal recognition. Those individuals quietly spread the cement of Brotherhood, Benevolence, and Truth. These tenets are the very backbone, the stays, the heart of the Masonic fraternal organization.

They are usually very active in their church; they may be found in the schools; they may be found on boards, commissions or committees making important decisions. They may be found working in the city and/or county governments. They

may be found in libraries, archives, with civic organizations, or the Chamber of Commerce.

They can be found wherever leadership, compassion, charity, and fellowship are needed. Authorized by the Grand Masonic Lodge of Texas, the Golden Trowel is the highest award given to a member Mason for service above self. Las Moras Masonic Lodge #444 selected Joe York, Jr. as the recipient of the 1994 Golden Trowel Award and was presented a desk size golden trowel at Saturday's Open House.

District Deputy Grand Master Howard Wakefield, on behalf of Las Moras Lodge, made the presentation after Worshipful Master Tom Faulkenberry called the meeting to order.

In Wakefield's remarks concerning York, he stated that York was a long time member of Las Moras Masonic Lodge #444 and had served as master of the lodge soon after his father, Joe York, Sr., had served in that same position.

Some of Mr. York's major contributions have been through service

on the Masonic Cemetery Committee (Brackettville) and his leadership in defining the boundaries of the cemetery, constructing a fence around it, resetting headstones, and general upgrading of the property...much of it at his own expense and a great deal of it of his own labor.

He was also instrumental in restoring the exterior of the Lodge building to its present attractive and historic appearance. He made the contacts, the necessary renovations, to rent the lower portion of the building to the Kinney County Appraisal District. This not only preserved the building but generated income. He is responsible for the large, expressive sign bearing the Lodge's emblem on the Ann Street side of the building.

The list of York's attributes would not be complete without mentioning his compassion for his fellowman, his concerns for his Masonic brethren, and his deep love and participation in community activities.

City Reacts To Storm

Soon after Friday morning's rain/hail storm hit, city crews were cutting/clearing out ditches so the run-off of water at Ann Street and Cook Alley could flow into drainage

ditches and relieve the intersection at Kreiger's Insurance Agency of flooding. Shown are David Martinez and David Luna.

Lynn Floyd Will Serve In Wyoming This Summer As Baptist Missionary

Lynn Floyd left today for Wyoming where he will spend the summer serving as a Baptist Missionary through a college

graduate in Business Data Processing, as he graduated from Southwest Texas Junior College, Uvalde, Texas, on May 14, 1994.

He can be contacted % Stampede Avenue Baptist Church, Box 986, Cody WY 82414.

Rodriguez Graduates From SWTJC

Francisco Rodriguez, Jr. of Brackettville, was named an Outstanding Vocational/technical

graduate in Business Data Processing, as he graduated from Southwest Texas Junior College, Uvalde, Texas, on May 14, 1994.

Madge Belcher Day

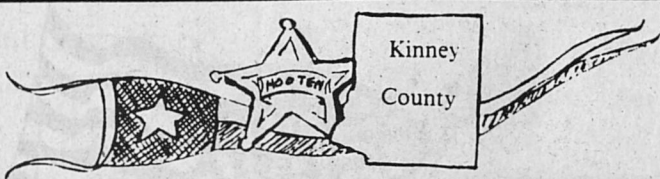

The family of Madge Belcher, seated from left, father - Doc, mother - Hazel, sister - Ellen, and daughter - Samatha, were joined by friends at the Kinney County Swimming Pool to recognize the many contributions Madge had made to Kinney County.

Among those speaking were Kinney County Judge Tim Ward who read the Resolution from the Kinney County Commissioners Court, and "Tootsie" Herndon with the Resolution from the City of Spofford.

Four trees were planted Wednesday morning (June 1) in Madge's memory just one month after she died suddenly of a heart attack on May 1.

Sheriff's Corner

By Sheriff Norman H. Hooten

Two more burglaries in Brackettville reported last week have been quickly cleared by the Sheriff's Department with the arrests of two juvenile males on Thursday, May 26, 1994.

On Tuesday, May 24, 1994, relatives of Mrs. Ruby Pena reported that burglars had entered the Pena residence located on the corner of Brown and Edwards Sts. in Brackettville. During the 1st degree felony crime several items of personal property were taken valued at between \$600.00 and \$700.00. There was also approximately \$75.00 damage done to a window of the residence.

The following morning Wednesday, May 25, 1994, Mr. Richard Dalton of 306 Fort St. in Brackettville reported that his van had been burglarized the night before while it was parked outside his residence. Various items of personal property were taken, including several expensive fishing rods and a bait and tackle box valued at over \$500.00.

The two cases were investigated by this writer and Chief Deputy Johnny Fritter and intelligence developed during the case investigation led to the arrests of the two juvenile suspects late Thursday, May 26, 1994. The juvenile boys, aged 15 years and 12 years, were released into the custody of their parents after the case investigation was completed. Their cases will be referred to the District Attorney's Office and to the Juvenile Department for prosecution. Ironically, one of the boys, the 15 year old, was already implicated in a previous residential burglary and had been arrested and released to his parents a couple of weeks ago following the successful investigation into three other burglaries. During this latest investigation several items of stolen personal property taken during a previous residential burglary were recovered in the possession of the

older boy. The estimated value of the recovered stolen property is \$1,117.00.

Another felony theft case that occurred in Kinney County in July 1993 was cleared on May 25, 1994, with the arrest of Tracy Myers, 27, currently of Liberty, Texas, in Liberty County. I had been in touch with the County Sheriffs Department there several times over the past few weeks after we had obtained information that Myers was possibly living in that area. He (Myers) had been wanted by the Kinney County Sheriff's Department on a felony theft warrant since the theft of approximately \$950.00 worth of property taken from the David Rose Ranch in north Kinney County last July. Myers had been the prime suspect in the case since that time and the case has been cleared with his arrest and the recovery of almost all the stolen property which included a .22 rifle. Reserve Deputy Sheriff Karl Chism made the trip to Liberty County to take custody of Myers and return him to Kinney County for prosecution on the 3rd degree felony charge. Myers is currently in the Kinney County Jail in lieu of \$5,000.00. The State Board of Pardons & Paroles has also put a "hold" on him due to the fact that he was out of prison on parole from a prior felony conviction at the time of his arrest.

Seems that we can't take time out for a breather after successfully completing one burglary investigation until we get yet another report to work on, looks like it is to be a long, hot summer! We received a tip late Sunday night, May 29, 1994, of a burglary in progress in Conrad's Video on North Ann Street in Brackettville. Patrol Deputy Scott McDonald responded to the report but upon his arrival a few minutes later the suspects had fled the scene in a small, unidentified vehicle. The

owner of Conrad's was contacted and upon his arrival at the scene and following a quick inventory of the store's contents it was determined that approximately \$72.00 worth of beer had been taken with substantial damage incurred to a north side window where the burglars had gained entry to the store. The case is currently under investigation and there are at least three suspects.

The Amistad Area Narcotics Task Force officially came under the administration of Kinney County effective June 1, 1994, and will continue the much needed and successful drug enforcement operations in our area, including the counties of Edwards, Real, Kinney and Maverick. Val Verde County, along with the City of Del Rio, has basically and in effect "kicked" the task force out of Val Verde County. Therefore, it is anticipated that the headquarters of the drug task force will most likely be moved to a new location in the near future. Project Director Steve Woolen is looking for office space in both Kinney County and Maverick County that will be substantial enough to provide the required office space for several drug agents and office personnel while at the same time providing enough ground space for the storage of confiscated vehicles and other property taken from drug dealers arrested by the Task Force.

The City of Del Rio was joined by Val Verde County in an attempt to shut down the task force operations by taking all the assets in cash and equipment. This move was blocked by the Texas Narcotics Control Program with a letter from Mr. Jimmy Willborn, Director of the TCNP, to Project Director Steve Woolen dated May 23, 1994, which states, in part, under paragraph 3 of the letter, "Since Kinney County is taking over as grantee and the objectives and goals of the project are consistent with those while Val Verde County was grantee, the Criminal Justice Division (Governor's Office) has determined that title to all property, seized forfeited funds and vehicles be transferred to Kinney County." The folks over in Val Verde County have even requested that the name of the Drug Task Force be changed, I guess they think they have a "copyright" on the name "Amistad." At any rate we plan to take care of that little matter at the next meeting of the Control Board which is planned soon to take care of several administrative matters related to the Task Force.

That's All!

This Week In History

On June 4, 1805, Tripoli was forced to negotiate peace with the United States by land and naval campaigns ... May 31, 1889, a devastating flood swept over Johnstown, Pa., killing 2,200 people ... May 30, 1909, the National Conference on the Negro convened, leading to the founding of the National Association for the Advancement of Colored People ... June 5, 1933, Congress ratified the dropping of the gold standard ... June 3, 1940, the U.S. okayed the sale of surplus war material to Great Britain ... June 4, 1942, the Battle of Midway began ... June 5, 1947, Secretary of State George C. Marshall proposed that the U.S. would extend aid to European countries; this later became known as the Marshall Plan ... June 2, 1952, the seizure of the nation's steel mills by the U.S., ordered by President Truman to avert a strike, was ruled illegal by the Supreme Court ... May 31, 1955, the Supreme Court ordered "all deliberate speed" in integrating public schools ... May 31, 1989, House speaker Jim Wright (D.-Texas), who faced 69 ethical charges, announced his resignation as speaker and from the House ... May 31, 1989, Rep. Tony Coelho (D.-Calif.), also under scrutiny, announced his resignation as majority whip and from the House ... June 2, 1992, Gov. Bill Clinton of Arkansas won primaries in California, Ohio, New Jersey and three other states, capturing enough delegates to guarantee the Democratic presidential nomination ... June 2, 1992, President George Bush swept six primaries ... June 4, 1992, the U.S. Postal Service announced that voters preferred a portrait of the younger Elvis on the Elvis Presley stamp by a margin of three to one.

Between Us

By Joe Townsend.

I constantly wonder how long the American people will put up with the bureaucratic idiocy being crammed into our lives. There is no credible evidence that Alar is harmful to human beings but

bureaucrats swallowed the swill put out by self-appointed authorities and caused apple growers to lose millions of dollars and now makes every apple sold to cost the consumer more.

The E.P.A. filed a report in 1883 saying "second hand" smoke killed 3000 small children a year. This was a compilation of reports by radical groups, lacking in scientific reality and totally ignoring accurate scientific evidence.

The people have swallowed this bilge until anyone who smokes is treated in many cases as a criminal. There is absolutely no accurate, scientific evidence that second hand smoke kills anyone.

For over 75 years oleomargarine has been eaten by millions of people with no ill effects and suddenly some kook, calling himself an authority, pontificates that oleo is dangerous to health and can cause cancer.

Another shady authority will cause oil used on popcorn to be changed because he says the present oil can cause heart attacks and cancer. He doesn't have to prove it. The news media highlights it as so.

We have been crammed with the idea that there is global warming in the offing and mindless legislators and self-serving bureaucrats make changes that cost every person mega-bucks a year. Absolutely all scientific evidence shows there is no such thing as global warming - not for the last 150 years.

Indeed facts hint global cooling is more nearly to occur than global warming.

The bureaucrats continually harp on "depletion of the ozone layer." In fact, there is no depletion of the ozone layer and indeed cannot be.

All the hype about fluorocarbons, emissions, and freon are the ravings of corrupted minds seeking a place in the sun but lacking in integrity enough to accept the truth.

We are told by bleeding heart liberals and bureaucrats there are 3,000,000 homeless in America. Actual count shows about 300,000. And yet spenders of the taxpayers dollars want blank checks to build housing for the homeless.

We are told over and over that 10% of the American people are homo-sexual. By actual count, there is much less than 1% and yet those who refuse to accept the Bible would have every facet of life not only to condone but promote this deviant behavior.

The entertainment world and some off-beat groups are trying to convince all that AIDS will destroy all humanity unless we spend many millions to stem the tide. The number of actual AIDS cases is miniscule compared to the total population; 94% suffer from their own despicable and sinful behavior. And yet spenders of tax dollars cry and beg for more.

A big hullabaloo rages about eating meat. If some misguided folks want to eat no meat, they have my sympathy for their disability to think clearly. If to eat meat were to be harmful, why does God prescribe eating so much meat. To the vegetarians, I hope you are not disturbed if I listen to God rather than you.

On and on it goes...until the American people wake up and think and decide to do something about it.

They are the only ones who can change the situation. The only way to elect credible people to office from the president to the congress and to the state house. As long as such as we have now remain in control things can only get worse.

Big Mama Sez!

Earth has no sorrow that Heaven cannot heal.

PLEASE REMEMBER that we attempt to include something for everyone within the pages of our paper. We realize that that some folks enjoy finding fault and for those readers we thoughtfully include a socially acceptable number of errors within our publication.

LETTER TO EDITOR

Enclosed is my check for another year's subscription for *The Brackett News*.

I wish to commend Rev. Gil Ash for his weekly column. His writings are very positive and inspiring and anyone who reads Rev. Ash's writings would instantly know that he is a man inspired of God. How good it would be if all preachers in this world would spend more time writing something inspirational instead of constantly bashing everyone.

Sincerely,
/s/ Harold Miller
Harlingen, Texas

LETTER TO EDITOR

Re: The Sheriff's Corner article on his incarceration.

I have read his column for several years. In my opinion, he occasionally uses it to "bad mouth" a political opponent or another governmental agency that does not do what he wants.

I think he is doing the same thing on his arrest.

I believe the case should be tried in the county of his arrest (Bastrop) and not in *The Brackett News* by the defendant.

Sincerely,
/s/ L.K. (Buddy) Burgess

Driving Tests License Renewal

An officer from the Texas Department of Public Safety will be at the County Courtroom, Kinney County Court House, each 1st and 3rd Thursday and each 5th Thursday, during the normal working hours of county offices.

The officer will be available to give driving tests, or to renew drivers licenses.

NOTICE OF PUBLIC HEARING TO ADOPT PROPOSED BUDGET FOR 1994-1995

The Board of Directors of the Kinney County Appraisal District plans to meet and hold a public hearing on the budget for the new year on Tuesday, July 5, 1994, at 6:00 p.m. at the office of the Kinney County Appraisal District, corner of Ann Street and Cook Alley, Brackettville, Texas.

The meeting will include adoption of a budget for the new year. The proposed new budget is for \$143,200, an increase of \$2,813 from the current budget. The new budget year is from October 1, 1994, to September 30, 1995.

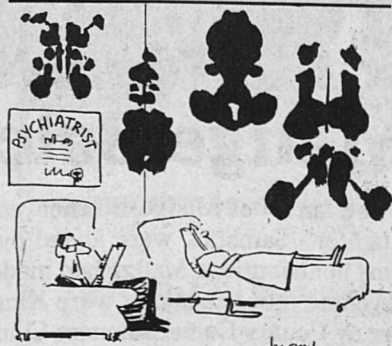

The current and proposed budgets cover compensation for three employees as well as operating expenses for the appraisal district.

If approved by the appraisal district board of directors at the public hearing, this proposed budget will take effect automatically unless disapproved by the governing bodies of the county, school district, city and town served by the appraisal district. A copy of the proposed budget is available for public inspection in the office of each of those governing bodies.

Library Notes

Library Hours 9:00 A.M. - 5:00 P.M.
Monday, Wednesday, Thursday, Friday
Closed Tuesday

I'm still searching: Volunteer Wanted - must be self-starter, very organized, imaginative, can work alone, and pays attention to detail. I would like to start a new project and I need one individual to help get it underway. Please either call or come by the library and talk to me (Cindy).

Tomorrow is the first day of our summer reading club and I am really excited about this year's program. In conjunction with the Texas State Library, I am proud to present the 1994 Texas Reading Club "Familiar Faces...Faraway Places." Registration will continue on through the first meeting at 3:00 pm on June 3rd. Registration forms and activity calendars may be picked up at the front counter at any time.

This year the format is a little different. We will offer programs twice a week and anyone can attend regardless of their reading level. Story hour will be every Wednesday at 10:00 am, beginning June 8th, and will include several stories and take-home craft projects. Every Thursday at 3:00 pm, beginning on June 9th, we will have special guests presenting the programs on such topics as caves and sign language. Children of all ages are welcome to both, however, those seven years and under must be accompanied by an adult.

The Reading Club is an incentive program to encourage children to spend time reading during the summer months. Throughout the program, the children will be encouraged to keep track of the time spent reading. Prizes sponsored by "Rory's Video Revue" and "Burger & Shake" will be awarded to any child who reads at least ten hours. All library programs are open to the public and presented free of charge. For further information on the

Texas Reading Club come by the library or phone 563-2884. Join me for a summer full of fun and reading.

New books in the library are *Walking Shadow* by Robert Parker, *Blessing In Disguise* by Eileen Goudge, *Night Prey* by John Sandford, *An Absence Of Light* by David Lindsey, and *The Alienist* by Caleb Carr.

Many thanks to everyone who donated books and magazines to the library this past week.

Services of our fax machine are available at a very reasonable price. Outgoing faxes are \$2.00 for the first page, \$1.00 for the second page, and 50¢ for each page thereafter. Incoming faxes are \$1.00 for the first page and 50¢ for each one thereafter.

As always, we invite you to visit the friendliest little library in Kinney County.

The "summer season" at Fort Clark got off with a real bang! Friday morning about 1 1/2 hours before opening the swimming pool, Mother Nature made us real aware of what could be expected during the summer. The sky turned almost black with heavy laden clouds that opened up and dropped softball size hail. The hail struck with such force as to break windows, make holes in roof, and damaged vehicles. Almost as fast as it came, the storm was over. The sun began to shine and the warmth of its rays were felt on the swimmers enjoying our big spring fed pool. The Duck Inn was serving up cold drinks and tasty treats as members with guests and family arrived at the park to begin Memorial Day Weekend.

Saturday, May 28, friends gathered at the Golf Club to dedicate the newly erected flag pole and plaque in memory of Bernadine "Bernie" Derrickson. The message was delivered by a close friend, Lois Hutton, who spoke of Bernie's love

of golf. The picture at right is of Bob Derrickson, Bernie's husband, standing in front of the pole.

Saturday evening, the Swim Park was "the place to be." More than 130 hungry folks indulged in lip-smacking fried catfish. At 8:00 p.m., the dance began. "Borderline" provided the music for over 200 foot-stomping dancers. To the delight of all present, Amber Leigh performed two songs for the crowd. This multi-talented, beautiful young lady is spending the summer at Fort Clark and is working as a lifeguard. We've heard the fall holds great things for her - like Nashville. Great to have you here, Amber.

Sunday morning found many members and families setting up picnics for a day of fun at the Swim Park. In the late afternoon, our spirits turned to sadness as the word was spread - Jack Legg had suddenly passed away. Our dear friend, current president of the board of directors, was no longer to be with us. Our hearts are full of prayers for his wife, Ann, and their children. May God be with you all.

The Glory Road Re-Scheduled

At the Old Quarry Society monthly meeting on Monday, May 30, 1994, the planned bi-annual performance of *The Glory Road* was moved to January, 1995. This action was taken, in part, because of difficulties encountered in assembling a cast and crew for the customary summer production in the amphitheater at Fort Clark Springs. Summer 1994 seems to present a particularly crowded calendar, due to the international convention of cave explorers, and movie projects under way in the area.

Another major reason for the change in plans is the expressed wish by many Winter Texans to see the show. The winter production in the Town Hall will use to great advantage newly created scenery constructed by Bob Burkepile and beautifully painted by members of the Fort Clark Art Club.

Script and action will be adapted to indoor production, but the central story will be preserved as a continuing tribute to brave men and ladies who brought civilization to this remote frontier.

DEDICATION PLANNED FOR JUNE 11

The Fort Clark Historical Society and the Community Council, co-sponsors, announce that the dedication of the Texas Historical Marker for Fort Clark will be held Saturday, June 11, 1994, at 5:00 p.m. by the "Empty Saddle" monument at the corner of Bowie and Fort Clark Road.

To commemorate this event, an interesting program has been arranged by program co-chairman Lt. Col. William F. Haenn. A color guard, Company C, 1st Battalion (Mech) 141st Infantry, Texas Army National Guard, from Eagle Pass, will be present. Guest speaker will be Lieutenant General Neal T. Jacob, U.S. Army (retired), formerly commander of the U.S. 5th Army.

Following the marker dedication and flag lowering ceremony, a reception honoring General Jacob, and hosted by the Fort Clark Springs Association, will be held at Shafter Hall where refreshments will be served.

Everyone is encouraged to mark this date and time on their calendars in order to help, by their presence, to dedicate the Fort Clark historical marker.

Southwest Texas Genealogical Society Will Meet June 4

The Southwest Texas Genealogical Society will meet June 4 at 10:00 am in the meeting room of the Kincaid Hotel, Uvalde.

Program chairman Dottie Rowland has invited Cathy Herpich, Director of the D.R.T. Library located in the Alamo in San Antonio, to bring the program.

A luncheon will conclude the meeting. Contact Rowland at 210/278-6231, Ext. 279, for information and reservations.

Saving Money on Your Insurance

BY J. ROBERT HUNTER

Texas Insurance Commissioner

"Avoiding Bad Buys"

You can avoid bad, money-wasting deals if you understand the real purpose of insurance.

You need insurance for just one reason: to protect you and your dependents from financially catastrophic events like a breadwinner's death, an auto accident, major surgery or destruction of your house.

In deciding to buy or not to buy, ask yourself: Would a particular misfortune cause enough economic damage to justify my premiums to insure against it?

Certain kinds of insurance are instantly suspect when you hold them up to this standard:

- ◆ Life insurance on single people without dependents.
- ◆ Life insurance on children.
- ◆ Contact lens insurance. Why pay a \$35 premium to replace a \$50 lens you probably will never lose?
- ◆ Pet insurance. Veterinary bills seldom rise to the level of a financial catastrophe.

There's another question to ask... Does a policy cover a financial catastrophe comprehensively or piecemeal? If a policy is not comprehensive, stay away from it.

Policies that are bad buys because they offer only fragmentary coverage include:

- ◆ Cancer and other "dread disease" insurance. Better to buy a major medical policy covering all illnesses.

◆ Hospital indemnity policies that pay so much per day while you're hospitalized. They waste money better spent on major medical or disability insurance.

◆ Flight insurance. Better to have a good life insurance policy that pays off no matter how you die. You are not worth more dead from an airplane crash than from a heart attack.

◆ Credit life insurance. A person who is elderly might find this OK to buy. But for most people, your regular life insurance should provide enough to pay your debts if you die as well as covering your family's other needs.

◆ Mortgage insurance. Again, keeping a roof over your dependents' heads should be planned as part of your regular life insurance program.

Unsung Hero

by Joe Townsend

Brackettville, Fort Clark Springs, and many of us have again had to bid adieu to a friend and asset to our community.

Jack was no stranger to Brackettville but for many years lived with his wife and children in California.

Somewhat recently, he and his wife moved back to Brackettville to spend their reclining years. For a while, he managed the golf course on the Fort and found his way into the hearts of all who knew him.

He stayed busy in many activities and made many contributions to the community and the lives of the people.

Jack was warm-hearted and well liked by all who knew him. He was a devoted husband and father.

He is already missed and though we know he's enjoying Heaven, we could have wished he had a few more years with us here.

Surely Jack Legg is an "Unsung Hero."

Chronicles Of Fort Clark
Continues

Chronicles Of Fort Clark,
Texas By Donald A. Swanson
(To run in installments)

General Hugh S. Johnson
Director of the Blue Eagle

Hugh Johnson's first military assignment after graduation from the military academy, West Point, was at Fort Clark. As the first duty post, it made an indelible impression on his memory. In his writing in later life, he more or less glamorized Fort Clark.

"Full of anticipation, I went to join my regiment at Fort Clark, Texas - twelve miles from the railroad and twenty-five miles north of Del Rio on the Rio Grande. It was an ante-bellum post, put there to guard the marches from the Comanches. I lived in one of the oldest adobe houses - built eighty years ago. Indeed there were only a few modern quarters - no conveniences - the slenderest communication with the outside world. But as I look back, it was a young man's paradise and I had more fun in the years I was stationed there, and at San Antonio, than in any of my life. Built on a slight rise from a mesquite-covered limestone plain of illimitable extent, it guarded one of the finest and largest never-failing well-springs in the country - Las Moras River flowing through some underground channel into the open."

"The mesquite was full of quail. The Pinto was full of fish. Ducks came in season to nearby lakes. You didn't have to go far for bear, deer, or javelina. There were no prohibitions and the First Cavalry Mess and Club was one of the best provided in the Army. You could buy a polo pony for \$5 and among all the 15 regiments of cavalry, there was none like the First."

"As I have said, the (officer's) club was above reproach and there was all outdoors and over 800 horses to absorb anybody's youthful embellience. Across the creek (Las Moras) was a typical frontier town rejoicing in soldier saloons with such names as 'Bucket of Blood' and 'Blue Goose' and everything that goes with them - everything. In January 1904, I went back to New York and got married to my classmate's (Henry S. Kilbourne, Jr.) sister."

"My wife had (previously) lived four years at Fort Clark, where her father (a Civil War Veteran - sic, post) had been stationed when she was a little girl." Her father was Dr. Henry S. Kimbrough, Sr.

ficers who gained the recognition and fame from his unit, the First Cavalry at Fort Clark. Fort Clark never has received much recognition for the numbers of officers who moved to the top ranks. Many had their careers laced and interlaced with duty at Fort Clark.

Hugh S. Johnson attended West Point in the class of 1903. He was a classmate with Douglas MacArthur. June 1906 he graduated as Second Lieutenant. He was assigned to the First Cavalry Regiment which in 1903 was garrisoned at Fort Clark, Texas. His record states he was assigned to Fort Clark from 1903 to 1906. April 1906, prior to his transfer from Fort Clark, San Francisco had its great earthquake and fire. He was rushed to San Francisco as Quartermaster of Refugees in Relief Camp at Camp Presidio, May 5-June 5, 1906. June 6, he was changed over as Quartermaster with the San Francisco Relief Corporation. He maintained this position until September 5, 1906. After the San Francisco Relief assignment, he returned to Fort Clark until November 26, 1907. The First Cavalry Regiment then returned to the Philippines, this time to Camp Stotsenburg.

To prevent this biographical sketch from being too long, the military career will entail only a few of the highlights of an interesting career. His civilian career which followed has many interesting highlights. There is one aspect he is most noted for by the people who lived during that time.

While enroute to the Philippines, Johnson was ordered by the Treasury Department to oversee the delivery of five million dollars in nickels and dimes. Upon return to the United States, the First Cavalry Regiment was assigned to the Presidio of San Francisco. Johnson's squadron in the summer was detailed to guard National Parks - Yosemite and Sequoia. The biggest task was fighting forest fires. Later he was involved with General Pershing in chasing Pancho Villa.

"The most engaging personality of my Mexican service was my tentmate, 'Georgie' Patton. He came from a distinguished Virginia family. His father used to own Catalina Island. He went to V.M.I. before he came to West Point and cont. next column

what cadets call "tin-soldier antecedents" do not help a plebe at all. But when the yearlings asked Georgie what he was going to be, he said, "First, Adjutant of the Cadet Corps and then Chief of Staff of the Army, Sir."

He had an antique idea that to be a good cavalryman, an officer should be expert in swordsmanship, pistol shooting, swimming, walking and horsemanship, and he proceeded to make himself so. He used to sit in his tent by the hour practicing "trigger-pull" with either hand on a pistol fitted with a spring and a rod which would dart out at a swinging pith ball at which he aimed."

"We used to call Georgie a Sears-Roebuck cowboy, because he wore a pistol cartridge belt low about his hips with two pearl (ivory) handled forty-five revolvers in holsters, one on each groin - he never used an automatic pistol."

Johnson was transferred from Pershing's Staff as a Judge Advocate to be the Assistant to the Law Officer of the Bureau of Insular Affairs. He was in charge of civil litigations arising from U.S. Island possessions. Since this was 1916 and relationships between the United States and Germany were growing steadily more strained, General Crowder, at the War Department, required several officers to study the history of the various attempts at conscription in this country and in England, especially during the Civil War on both the Confederate and the Federal Sides. The president came to the War Department and wanted a bill drawn to organize a large army. Johnson was assigned to write the sections dealing with raising the army. The draft was successful and Johnson was one of the authors. This WWI Conscription Bill, incidentally, laid the foundation for draft that was utilized in World War II.

In 1918, President Woodrow Wilson appointed Hugh Johnson as the War Department representative on the War Industries Board with rank of Brigadier-General. Johnson was thirty-five years old, 15 years in officer's status, even a year before, a first lieutenant (acting captain's rank), suddenly elevated to a Brigadier-General.

In spite of the push job assignments and success in his undertakings, he was a soldier. He wanted to get to the front and fight. Through his previous connections with General Pershing, now commanding American Expedition Forces, he was transferred to command the 15th army brigade. However, the war ended before he and his unit

were able to serve. This, with other factors, convinced General Johnson to resign from the army in 1919.

He then became the Assistant General Manager to Moline Plow Company and worked in industry until 1932. Next, he found himself involved in the Franklin Roosevelt's election campaign.

With the election won, Franklin Roosevelt's "New Deal" was to bring recovery to the United States. A product of the New Deal was National Recovery Administration (NRA) which was the greatest social and economic experiment of its time or perhaps our age. To head the NRA as administrator the president named General Hugh S. Johnson. At this job, he gained national recognition.

Many people at the time questioned why an army general was administrator. The administration of NRA incorporated so many battles only a soldier could have handled it.

Lake Amistad Stocked
With Striped Bass

Lake Amistad was the recipient of approximately 300,000 striped bass fingerlings Thursday evening, May 19, and another 350,000 arrived on Monday, May 23. The total 650,000 stripers were stocked from the ramp at Diablo East.

"With daily reports focusing on the steadily sinking lake level, it is good to have confirmation that the Lake really is still out there. Recent photos, articles and even aerial photography have given many the false impression that Lake Amistad is drying up," said Jimmy Dean of the Texas Parks & Wildlife in San Antonio. "Texas Parks & Wildlife officials do not see the lowering level as a threat to these stripers and feel the stocking of the 650,000 stripers is not at all wasted venture and investment," Dean continued.

In regard to the lower lake level, Dean went on to add that the natural rising and falling of the water level is healthy for a lake. "During the time the water level is down, patches of soil usually covered by water are exposed. This promotes regrowth which, when the lake level rises again, will add fertilization to the water and increase the amount of coverage available for fish.

June 5 - 11, 1994
Safe Boating Week

Although our moderate climate makes boating a virtual year-round activity, Texas Safe Boating Week June 5 - 11, as proclaimed by Governor Ann Richards, is a timely opportunity to focus on safety issues as families begin their summer recreation on the water.

This year's national Safe Boating Week theme is *Boat Smart, Boat Safe, Boat Sober*.

Last year in Texas, boat accidents dropped by one-third and boating fatalities decreased by two dozen to 47, the lowest total in several years.

The problem of boat operators who have had too much to drink is effectively being addressed by the boating-while-intoxicated law sponsored by State Senator Carl Parker (D-Port Arthur) in 1989. That law has given Texas Parks & Wildlife Department game wardens and other officers an effective tool in getting irresponsible boaters off the water.

Information on boater education courses is available by calling the Texas Parks & Wildlife toll-free education hotline at 800-253-4536.

 6. Who holds the Dodgers' season-high record for strikeouts by a pitcher?
 7. How many years has Tommy Lasorda been in the Dodger organization and how many years has he been manager?
 8. What player led the Dodgers in home runs last year?

Veterans Post
by Freddy Groves

AS WE HEAD toward the 50th anniversary of D-Day on June 6, we should remember that veterans benefits came of age with the G.I. Bill when World War II ended. Previously, vets were usually ignored. (A bonus for World War I vets never materialized. Many, especially those who were gassed, were unable to find work and became desperate and destitute.) Although the G.I. Bill provided vital benefits, we still must deal with bureaucrats who refuse to acknowledge many of the health problems afflicting veterans of our military actions in the past 50 years until they're dragged into reality by determined vets' groups and a sympathetic press. Agent Orange is one example. Currently, the naysayers claim the symptoms suffered by many men and women who served in the Gulf War are all more a matter of mind than of substance. But too many right-thinking folks won't let them get away with it this time. If you're one of these vets, hang in there: all of us, together, will keep up the pressure to make sure justice is done.

Sports Quiz Answers

1. In 1930, Babe Herman .393; 2. In 1956, Duke Snider .56; 3. In 1962, Tommy Davis 153; 4. In 1962, Maury Wills 104; 5. In 1900, Joe McGinnity 29; 6. In 1965, Sandy Koufax 382; 7. Tommy has been a Dodger for 45 years - 18 as manager; 8. Mike Piazza with 35

"As a cavalry regiment the First left something to be desired just then. It had just come back from guerilla warfare in the Philippines where each troop had been isolated in control of some barrio - the Captain usually acting in civil government, the troops as gendarmes. As the officer's brides and wives began flocking in, the First Cavalry was settling down. It had a good old colonel (Col. B. Hughes) and several veteran majors and captains of the plains and Indian fighting days. They knew what discipline ought to be and they finally got it to the nth degree. In those months of hard work and hard play the First Cavalry became what I, of course, shall always regard as the best regiment in the Army. General Malin Craig, Chief of Staff of the First Army in Argonne, had a distinguished record in the World War I and throughout his whole service. He was my captain during most of the many years of my lieutenantancy. General Joseph Gaston - at Fort Clark was the major commanding my squadron. General H.J. Breese (sic-Brees), then was a brilliant captain and a buddy of mine as was General G.V.H. Moseley - also a captain. General E.J. McClermand, whose father was the General McClermand of Vicksburg and the Civil War. He was my colonel for many years (at Fort Clark - Lt. Col.). General DeRosey Cabel, who averted a dangerous situation at Nogales during the war, was a captain and lived next door to me at Fort Clark, Texas. He was a much older officer and always took a fatherly interest in me. He was a peppery little man with bristling moustache and shoebrush hair and once when I was relieving as Officer of the Day he took me to one of the cells in the guardhouse where a man was raving in delirium tremens. 'That, young man,' said he, 'is what whiskey will do.' I looked at him askance and perhaps a trifle astonished. He liked his toddy as well as the next. He bristled all over. 'I mean bad whiskey!' he amended, 'bad whiskey, bad whisky, very bad whisky'."

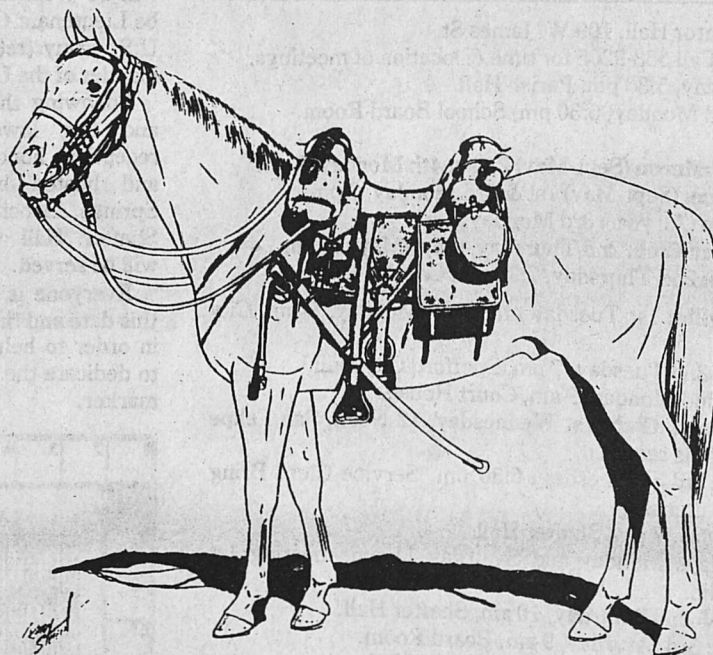

Although Hugh Johnson doesn't mention it in his book written in 1935, a young Lieutenant joined the First Cavalry in 1906 who later became a famous army general, his name, Jonathan M. Wainwright. Also Johnson is pointing out the of-

RIBBON CUTTING OPENS NEW WEATHER STATION

Tuesday afternoon, May 31, 1994, the new station, operated/controlled by Laughlin Air Force Base, was officially opened when Col. Kenneth Hess, Wing Commander, 47th Flying Training Command, LAFB, and Kinney County ranchers Doris Haby and Hayden Haby "snipped the ribbon." (pictured at right)

Participating in the ceremonies Tuesday were (pictured at right - from left) Bill Rutledge, civilian working with WAF on weather "Doppler," Captain Nomi Siegel, Public Relations at LAFB, Major David Adams, 647th Communications Squadron Commander, LAFB, Colonel Bob Barlow, 47th Support Group Commander, LAFB, and Colonel Hess.

Pictured at left are Sgt. Solis, SRA Houston, Airman 1st Class Nichols, of the 647th Squadron Maintenance, who will have the responsibility of the "Doppler."

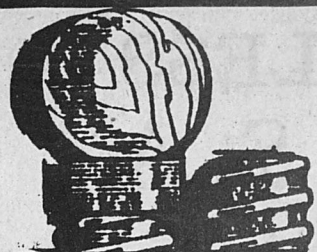

Trees For Madge

Four trees were planted Wednesday at the Kinney County Swimming Pool and Park as memorials for Madge Belcher. Contributions will still be accepted for the on-going project of putting trees in appropriate places in Brackettville as a tribute to Madge, who was a rancher, and loved the land, and Kinney County, dearly.

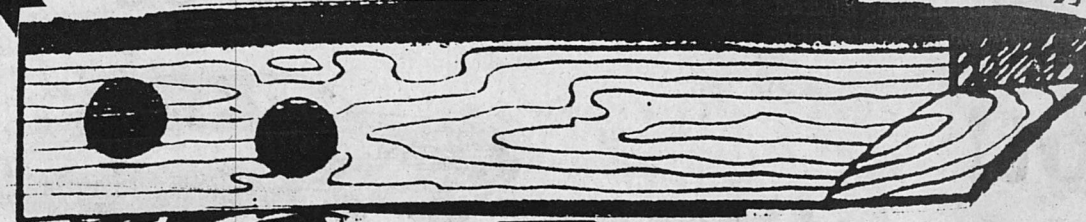

On June 5, two trees will be planted at Spofford in memory of Madge - one at the Catholic Church and one at the Spofford City Hall.

Veterans Observe Memorial Day

Photos: top right - VFW Post #8360 and Auxiliary conducted Memorial Service at Veterans Cemetery; 2nd row of photos-VFW Auxiliary #8360 joined in placing flags on the graves of all known veterans at all cemeteries; memorial services at Seminole Cemetery; 3rd row - Maj. Gen. Prather (retired) brought the message at Seminole Cemetery; below, at court house, American Legion members placed flag on monument for World War I and II fatalities, and Viet Nam vets honor Korean and Viet Nam service men.

At the headquarters of the Grand Army of the Republic, Washington, D.C., on May 5, 1868, General Order No. 11 was issued which specified that the 30th of May, 1868, be designated for the purpose of strewing with flowers, or otherwise decorating, the graves of comrades who died in defense of their country during the late rebellion, and whose bodies now lie in almost every city, village and hamlet church yard in the land.

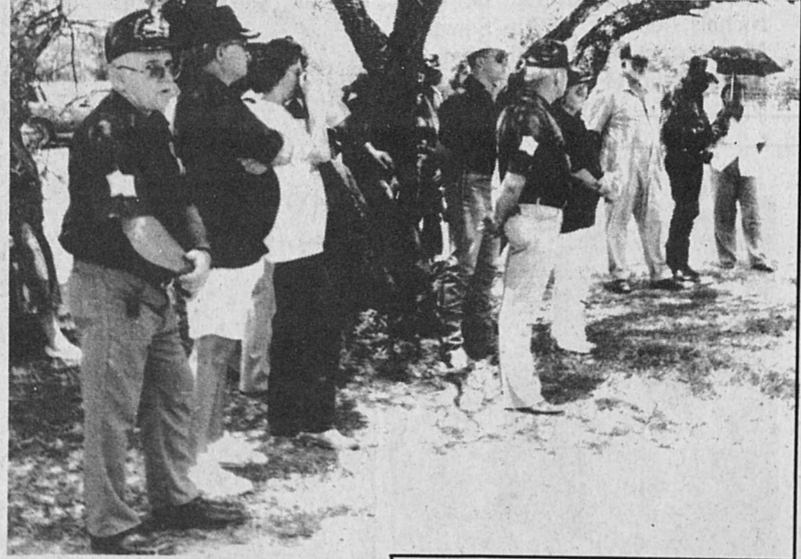

This order has been carried out of Veterans of Foreign Wars (VFW) unto the present time and Monday morning, May 30, 1994, Fort Clark Springs VFW Post #8360, its Auxiliary, and others met at the Veterans Cemetery in Kinney County for memorial services under the direction of Post Commander Elect Tom Faulkenberry.

After tributes and prayer, the flag was lowered to half-mast and Taps was played.

Flags were placed at the headstones of all known veterans in the Veterans Cemetery, Masonic Cemetery, Catholic Cemetery and the Kinney County Cemetery.

At 2:30 p.m., the Viet Nam Veterans conducted memorial ceremonies at the Seminole Cemetery with Major General Gerald Prather (retired) as principle speaker. Bugler Chuy Sanchez sounded Taps.

At 3:30, the Viet Nam Vets, led by Larry Johnson, placed flags at the World War I and II, and Korea and Viet Nam memorial markers on the Kinney County Court House lawn.

Thank You
A mother's love is never ceasing,
and I believe her love
is in the sunlight shining
from the heavens up above.

She knows that I am missing her,
and she wants to let me see
that love is found in special form
as you share my grief with me.

We wish to thank all of you who
shared our sorrow over the loss of
our beloved mother. Your thoughts,
prayers, cards, flowers, and kind
gestures have brought warmth and
consolation to our hearts.

The Family of Petra D. Garza

GOD BLESS THE U. S. A.

Golden Trowel Award
 Above, Joe York, Jr. expressed his feelings to "Doc" Harber after Harber gave the history of the award; right, Howard Wakefield presented the award to York who was escorted by Wes Robinson.

Create Instant Landscape With Container Plants

Container plants continue to gain popularity because of their versatility, portability, and limited space needs. Colorful flowering plants, as well as vegetable and fruit producing plants, can be grown in containers.

Container plants have been used for landscape enrichment throughout history. They can be highlighted in a prominent spot when at their peak and hidden from view when not needed or when in less than attractive condition.

In addition, a wide variety of plant species with different cultural requirements may be grown on the same premises since individual soil, watering, pH, fertility, light and other environmental requirements can be provided for each container.

Almost any plant can be used as a container specimen as long as its cultural requirements are met. Placing a plant in a container tends to dramatize it and make it more important visually. Deciduous or evergreen trees, shrubs and vines, annual and perennial flowers can be used.

The key is to determine where the plant will usually be located and

the availability of sunlight, moisture and protection. Annual flowers usually prefer at least a half day's full sun, but most tropical and evergreens do well with less.

Design of the overall area should be considered. When selecting from the wide variety of containers on the market today, choose those of simple design that do not compete with the plant but tend to feature it. For instance, plants in plain terra cotta clay pots often are featured on beautifully designed terraces, patios and entrances. Fortunately, some of the most appropriate containers such as clay products are often moderately priced.

Care of the plant is quite important. Container plants usually require more care than those grown in the ground. Frequent watering, often on a daily basis, is necessary for most species, especially during hot weather. Arrangements should be made for their care during vacations, or they can be partially sunk into the ground in a shady, moist area.

Once the plant is well established, add small amounts of a complete fertilizer, periodically.

'Carelessness' Leads To Lawn Mower Accidents

"Carelessness" is the main factor in the more than 50,000 people injured each year in accidents involving power lawn mowers. Proper mower servicing, observing standard operating precautions, and picking up rocks and other objects from the lawn prior to mowing will help eliminate most accidents.

The mower should be routinely serviced before each use. A properly operating mower is safer to use and performs better than one in poor shape.

Routine service includes sharpening the blade, checking the blade to be sure that it is properly anchored to the shaft, and checking the crankcase oil level in 4-cycle engines. Always disconnect the spark plug wire before examining the blade. The condition of the blade is critical to the mower's operation and safety. Remove, sharpen and balance the blade several times during the mowing season. Replace damaged blades.

Service the carburetor air cleaner and change the crankcase oil after every 25 hours of operation, or at the manufacturer's recommendation. Also, clean the mower after each use to reduce rust and corrosion and to prevent overheating, both of which reduce the life of the mower. Cleaning the mower regularly will extend the life

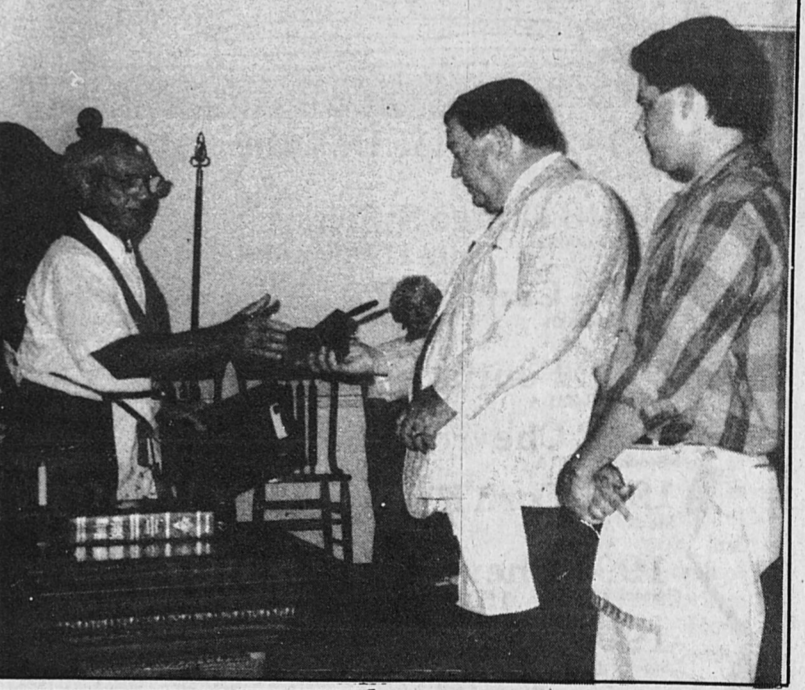

and will also aid in detection worn or broken parts before they cause extensive damage.

Also, remember that safety devices such as engine cut-offs and discharge shields are there for your protection. **DO NOT REMOVE OR BY-PASS THESE DEVICES.** If they are broken, get them fixed. Your safety and the safety of bystanders depend on them.

Before mowing, scout the lawn closely and remove any objects that might be picked up by the mower blade. While operating the mower, follow these precautions:

- *Never allow children to play in the area where you are mowing since the blade can pick up and throw rocks and other objects.
- *Avoid mowing up and down slopes - always mow across the slope to prevent slipping under the mower housing.
- *Always push rather than pull the mower.
- *Never leave the mower running while unattended.
- *When starting the mower, put your foot on its housing to pull the starter cord.

Caution and common sense will prevent most lawn mower-related accidents. That means keeping your lawn mower in good condition and using good judgement.

Making A Difference

By TAYLOR STEPHENSON, Curriculum Director

Let The Summer Begin!

I think of summer as the first week after Memorial Day! Summer has arrived! Last week, was a different week. The baseball size hail that struck in mid-morning on Friday was the biggest hail that I have ever seen. Walking around the golf course on Saturday morning, I noticed that there would be some 40 to 50 hail strikes on a green located very close to each other. For some strange reason, the rest of the green had none or very few dents from the hail. It seemed to pick its targets! Life is like that!

In my neighborhood, I saw a Border Patrol vehicle with a hail hit...right next door to that vehicle was a van that took it "on the side window." It was kind of scary to me. When I saw the first big hail stone hit the ground and bounce off of the pavement, I wondered what all would be hit by these bazookas from the sky. Of course, we were! As big as the hail was, it somehow spared my flowers. Tomato plants were secure under the back porch. The Vincas, Snap Dragons and Verbena took hardly any hits. The Snaps with all of their glory seemed to stand guard for the other flowers. During the last hail, this was not the case. The wind and small hail pelted all of the flowers and none were left. This time, we were lucky! The insurance folks may not agree!

I was saddened to learn of the death of Jack Legg. I have only been at Fort Clark for two years, but I liked Jack. He played golf a lot as you know, and many folks including me will miss him. I will miss his talent in music. He had one of the best high tenor voices that I have heard in many years. I hope you were there in the Voices of Fort Clark audience when Jack soloed about Little Green Apples and then went on to sing the high tenor part in the men's quartet. I want to say a special word of condolence to his wife and other relatives and friends. He was a good man with lots of talent. I -- We -- will all miss Jack Legg. His voice has been added to the Choir of Angels. Thanks for sharing your earthly talents with your friends in Brackettville and Fort Clark.

Memorial Day was a big day at Fort Clark Springs. There were many swimmers going past me in the water that I didn't know. We seem to draw folks from all over Texas on holidays. It did surprise me late Monday evening to find very few fishing and enjoying the area around the Red Bridge. Recreation is the big time industry at Fort Clark. Hope someday we can capitalize on those who use the facilities to help build back those fine things that we now have. It's a great place to live. May we look down the road many years in our day to day decisions. How lucky the kids are in Brackettville to have the recreation that they have. I have lived no place that can compare.

Next week on Monday, June 6, we will begin some special programs for our school age youngsters. For Migrants funded with federal funds, we will emphasize Language Arts. It's a program called Project Smart. Make sure that you don't miss this one. School age children of migrant families can benefit by this program. I encourage parents of migrant children to get your children to this learning program every day. Contact Taylor Stephenson, Gloria Jimenez, or Shelly Naylor for more information.

Joy Ralston has worked hard on the Middle Rio Grande program for students using the Plato lab. Contact Frank Taylor or Dorothy Oliver for more information. It's a good one, and will help those students who are at risk to do a better job with academics and self esteem. I think this is important. It's kind of like good car maintenance...pay me now or pay me later. If we can salvage students who are at risk, we hope to turn them on to learning that will reduce the long range costs for these folks. Education is one of the cheapest ways of turning around folks that need help! I believe that is true of people that are school aged and even are adults. We're working hard to improve at BISD.

More TAAS stuff! I was talking to a parent of an honor student in math from another school district in Texas. Her daughter had taken honors geometry and was tutoring other students in geometry. This student had just completed the 10th grade and had taken the EXIT level of TAAS. She made less than 70 on the test. This means that she did not pass the math portion of TAAS.

Geometry in Texas might not include measuring, estimating, and the basic math skills. In my opinion, students like these all over Texas get led down the primrose path by the TAAS test. The last time that students receive information on some of the instructional targets is in the 8th grade, and then we bureaucrats come along with a test that costs the state millions of dollars. We test our students in the name of accountability on things that they have not studied in two years. I have lots of compassion for this young student and for all of those like her. Not for failing to pass the test, but for being victims of a curriculum that forces math teachers to teach algebra and geometry in such doses that they don't have time to focus on all of the instructional targets on the TAAS test.

The summer has just begun. It will get hotter. It will be hotter this summer because of all of the hot air blown our way by politicians. We're lucky that in Brackettville we can live a high quality life without some of those folks guiding every step that we take. In a phone conversation recently, I was asked where Brackettville is. Without thinking much, I replied out near El Paso. I told the bureaucrat that we're a long way from anywhere. She didn't come to see me. I accomplished my objective.

This week, I salute the American institution of Summer. I salute swimming, baseball, softball, fishing, biking, hiking, vacations, and making and living our plans to get away! Have a great summer!

JTPA Of MRGDC Provides Opportunity For 36 K.C. Youth

Thursday morning, May 26, 1994, JTPA Field Specialist Joy Ralston, along with MRGDC staff, met with Kinney County PIC members Tommy Seargeant and Jean Faulkenberry, city, county, and school officials at the County Court Room. Eligible student names were drawn lottery-fashion to determine which students would fill the 16 work slots and 20 study spaces allotted Kinney County for the summer of 1994.

At 10:00 a.m. June 3, the work-program students will again meet at the Court Room to receive their individual assignments with either the city, school or county. Employment will begin immediately following the orientation session. Class will start for the study students June 6.

Students on the work program will be paid minimum wage through JTPA 32 hours per week for 5 weeks. Study slots will pay \$2 per hour while students are actually in the classroom. Their program will last four weeks.

Jones Went To State Track Meet In 1976

Printing a statement from information gathered from another source, with their permission, on May 12, *The Brackett News* printed that Lolly Hernandez was the first BHS to represent the "Black and Gold" at state competition since 1968.

Since then, we've heard... "not so." For instance, John Jones, and Coach Villasenor, were in Austin 1976 for John to compete in the 330 Intermediate Hurdles. John placed sixth with his personal best time ever of 39.8.

Senior League Baseball

Friday, May 27, the Brackett Rangers beat the Angels 21-4. In the first inning, the Angels scored 1 run with a hit to center field; in the second inning, the Rangers scored 9 runs on 5 hits.

Pat Munoz had 2 runs on 2 hits, Juan Vara got 1 run on 1 hit; Munchie Falcon got a run on a wild pitch, Tim Hale had 1 run on 1 hit, Nat Terrazas got a run on walk, Rene Luna had a run on a hit, Luis Guarjardo came in after walking, and Butch Lopez got a score after being hit by a pitch.

In the third inning, the Angels scored 2 runs on 1 hit; the Rangers scored 4 runs on 3 hits as Quinton Clark, Jessie Sanchez, and Rene Luna scored on hits and Beau Smallwood scored on a walk.

The Angels scored the only run, on a hit, in the fourth inning; then, Luis Guarjardo ran in a score in the fifth for the Rangers.

In the sixth inning, the Rangers scored 7 runs as Falcon, Terrazas and Luna scored on walks with Smallwood, Guarjardo, Lopez and Vara scoring on hits.

Pat Munoz pitched for the Rangers and Munchie Falcon filled the catcher's position.

SCHEDULE

Tue, May 31, 8 pm	vs Tigers
Fri, June 3, 8 pm	vs Cubs
Mon, June 6, 8 pm	vs Pirates
Thu, June 9, 8 pm	vs Reds
Mon, June 13, 6 pm	vs Athletics
Sat, June 18, 5 pm	vs Braves

Coast Guard Academy Accepting Cadet

The United States Coast Guard Academy is now accepting and processing applications for appointment as Cadet. U.S. Coast Guard, Class of 1999. Appointments are tendered solely on the basis of an annual nationwide competition with no congressional nominations or geographical quotas. Applications must be submitted to the Director of Admissions prior to December 15, 1994. Candidates must arrange to participate in either the College Board Scholastic Aptitude Test (SAT) or American College Testing Assessment (ACT) prior to or including the December 1994 ACT and SAT test administrations.

Appointments are based on the candidate's high school record, performance on either the SAT or ACT, and leadership potential as demonstrated by participation in high school activities, community affairs and/or part-time employment. Most successful candidates rank in the top quarter of their high school class and have demonstrated proficiency in both the mathematical and applied science fields.

Candidates must be unmarried at the time of appointment, have no legal obligations resulting from a prior marriage, and must have reached the age of 17 but not 22 by July 1, 1995. Candidates must be assured of high school graduation by June 30, 1995, and must have completed a minimum of three years of English and three in mathematics to include algebra and plane geometry or their equivalents.

Coast Guard Cadets obtain an excellent undergraduate education at no personal expense. In addition, they receive pay and allowances fully adequate to fulfill their ordinary living expenses. The Academy curriculum emphasizes engineering and science, leads to a Bachelor of Science degree, and establishes a solid foundation for a challenging career. Graduates of the Academy are commissioned as Ensigns in the United States Coast Guard.

The young Academy graduate can look forward to a varied, exciting, and demanding career as a regular Coast Guard officer. Under the Department of Transportation, the Coast Guard performs a variety of missions. These include search and rescue operations by ship and plane, maintenance of advanced electronic and other aids to navigation around the globe, operation of icebreakers which clear the way for all polar expeditions, enforcement of marine law and all aspects of merchant marine safety, boating safety and marine environmental protection. Selected officers may pursue further postgraduate education at many leading schools, in such fields as aviation, business administration, electronics, engineering, law and oceanography.

To obtain an application or further information write Director of Admissions, U.S. Coast Guard Academy, 15 Mohegan Avenue, New London CT 06320; or call 203/444-8501.

Project Graduation Once Again Judged As A Roaring Success

The fourth all-night, drug free, alcohol free graduation party has been classified overwhelmingly successful by the Seniors of '94, their guests, and the chaperones who attended the extravaganza at the LaFonda Ranch south of Brackettville following graduation ceremonies on May 20, 1994.

Twenty-one of the twenty-four graduating seniors chose to participate in the party this year: Arabela Abrego, Ida Aguilar, Bernie Allemeier, Willie Allemeier, Owen Brandt, Debra Buantello, Amanda Davis, Oscar Garcia, Bryan Gidge, Ben Guartuche, Danny Martinez, Jimmy Martinez, Roxanne Payne, Matthew Rocha, Yvette Clementz, Lupe Rodriguez, Jessica Taylor, Jesse Terrazas, Maria Terrazas, Leticia Vela and Earl Wright.

Invited guests of the Seniors included Zoila Herrera, Lolly Hernandez, Frank Castillo, Manuel Ramon, Justin Coates, Casey Tipps, Amber Davis, Ramon DeLeon, Jeffrey Hood, Lorena Guartuche, Juan Vara, Max Mendoza, Juan Gonzales, Ashley Edwards, Jennifer Terrazas, Becky Payne, and Michael Munoz.

Upon arriving at LaFonda after a short bus ride, all seniors, guests, and chaperones hungrily devoured charcoal-broiled hamburgers, beans, chips, fried chicken, finger sandwiches and candy before embarking on the ice-breaker volleyball tournament.

Drawings were held hourly for prizes purchased with donations graciously received from supporters of the drug-free party. These included:

- Sony radio cassette recorder - Willie Allemeier; GE Mini Bookshelf Stereo - Bryan Gidge; Sound Design CD Boombox - Earl Wright; Samsung Microwave - Roxanne Payne; Murray Mountain Bicycle - Bernie Allemeier; GE Cordless telephone - Debbie Buantello; Sanyo CD Player - Oscar Garcia; GPX Compact Disc Player - Yvette Clementz; Sharp Stereo Radio Cassette/CD-Danny Martinez; Sony Sports cassette player-Ida Aguilar; 5" portable compact TV-Jimmy Martinez; Craig Portable Compact Disc - Amanda Davis; Craig Portable compact disc - Jessica Taylor; Olympus Trip AF-S-2 - Jesse Terrazas; Sony Sports boom box - Ben Guartuche; RCA Radio Cassette - Matthew Rocha; GE Answering machine-Owen Brandt; GE cordless telephone - Lupe Rodriguez; Sony discman - Arabela Abrego; Sony sports walkman - Leticia Vela; and Sound Design telephone clock radio - Maria Terrazas.

Following the volleyball tournament, a medley of relay games commenced in the hangar area. Teams were formed and had to individually perform feats "Suck and Dribble" when a person must inhale to attach a credit card to their lips, grab a basketball and dribble to the finish line...and back...holding the credit card to their lips; "Let's Get Dressed" - each person must unpack the suitcase, put on the clothes, gloves, and hats, grab the suitcase, run to the line and back, take off the clothes, repack the suitcase, and pass it to the next person. A Balloon Potato Hop where each person placed a balloon between their knees, and holding a potato in a spoon, hopped to the line and back. Balloon and potato must stay in their proper places.

Relay Medley winners were 1st place - Team 4U2NV - Lolly Hernandez, Jesse Terrazas, Jennifer Terrazas, Ida Aguilar, Jessica Taylor and Ashley Edwards. Their prize was \$5 each. Second place - Roadrunners made up of Owen Brandt, Justin Coates, Amber Davis, Amanda Davis, Bernie Allemeier, and Juan Vara - their prize was \$2 each. Winning \$1 for third place was Earl's Team - Becky Payne, Max Mendoza, Manuel Ramon, Michael Munoz and Earl Wright.

Next on the agenda was a Christmas Gift Exchange. Seniors drew numbers and the one with number one had a choice of opening a gift. Number two could either open a gift or take number one's gift which would cause number one to select another gift. These gifts also were purchased with generous contributions and included watches, cassette tape players, personal walkmans, clock radios, cordless

telephones, cameras, headphone radios, stuffed animals, and digital cd players.

Following the gift exchange and another round of snacks, all party-goers again met at the hangar area for the Graduation Mania that Tom and Jean Faulkenberry introduced to the party in 1991. Games are upgraded and changed annually so everyone has lots of fun. Amazingly, each year we have 100% participation in this two-hour long round of events.

Winners in the Graduation Mania were: first place, 4U2NV-Jennifer Terrazas, Jesse Terrazas, Ida Aguilar, and Lolly Hernandez. They each received two \$5 bills. Second place went to the No Name team of Jessica Taylor, Zoila Herrera, Leticia Vela and Ashley Edwards. They won two \$2 bills each. The Roadrunners, Amanda Davis, Amber Davis, Justin Coates, and Owen Brandt, took third place and collected two silver dollars each.

Each senior ended the evening with at least two nice gifts. Grand prize winners at 5:00 a.m. were Roxanne Payne - 20" color TV with remote; Maria Terrazas - Craig VCR; Jimmy Martinez - Sound Design compact stereo with CD; and Jesse Terrazas-Sony CD boombox. After a breakfast of fruit-filled turnovers and general clean up, everyone was ready for some well-deserved shut-eye about 6:30 a.m., so buses were loaded and everyone returned to the school and from there home.

Project Graduation is an annual event sponsored by the Drug-Free School Initiative and the Texas Department of Transportation in the hope that the seniors in the participating schools will have a safe, fun celebration of their graduation.

Chaperones who chose to share this fun evening with the class of '94 included: Greg Nowlin, who always escorts the seniors in the "Yellow Limo"; Tammy and Rick Coggins: in charge of water guns; Joy and Don Ralston: in charge of gifts; Maxine and Vance Bonner: in charge of games; Donna and John Schuster: in charge of hauling; David Burton: cook; Connie and Ronnie Armbruster: cooks and entertainers; Margaret and Gary Grubbs: entertainers; Carroll Petrosky: in charge of fire and timer; Jack Frerich: cook; Chuck Wilson: entertainer; Susan Harrison: in charge of planning and pulling loose ends together.

The Senior Class would like to publicly acknowledge the generous contributions by the following organizations and individuals who cared enough to help make Project Graduation a success. Project Graduation is entirely dependent on donations and would not have been a reality without: First State Bank of Brackettville, Del Rio National Bank, Pico and Robert Kusenberger, Sunshine Garden Center, O'Rourke Realty, Jean and Tom Faulkenberry, Whit's Studio, Border Credit Union, Mary Lee and Blackie Haby, Brackettville Rotary Club, Preceptor Theta Sigma, H-E-B Grocery, The Brackett News, Rosalie and Roland Boyesen, The Church of Christ of Brackettville, Parts Plus, Ricks Furniture, Texas Department of Transportation, Merry Beth and Steve Mills, First Baptist Church of Brackettville, Fort Clark Springs Association, Brackettville Lions Club, The Giftbox, Kinney County Wool & Mohair, Judy and Stoney Burks, General Beverages of Del Rio, Susan and Sonny Harrison, Rory's Video, Walter Umphrey, Chuck Hall, Best Products, Best Buy, and Circuit City.

"Lori tells me you're some kind of trustee..."

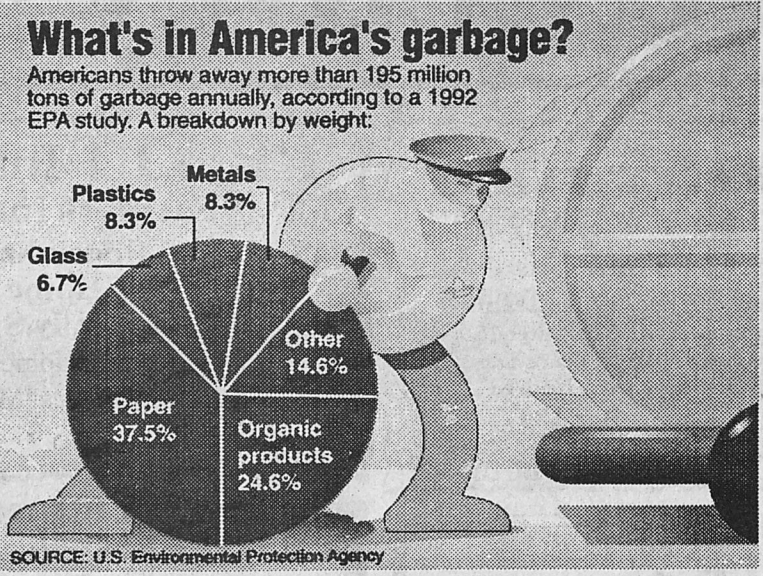

Attention 1994-1995 Brackett High School Students

For the coming school year, Brackett High School will be allowed a school mascot in full Tiger costume. This will be for the football season. If you are interested in trying out for this position, please contact Mrs. Perez, Mrs. Castillo, or Amber Davis at the phone numbers indicated below.

All interested will meet soon and have an audition.

You must not be involved in football or band if you wish to try out. You must be in high school.

Call:	
Mrs. Castillo	563-9911
Amber Davis	563-2662
Mrs. Perez	563-2042

DRIVERS... WATCH OUT FOR CHILDREN!

Natasha's Stars

ARIES (March 21 to April 19) You may be asked now to help a friend out with a problem. Overall, it's not the best time for social interests, as others may be too self-absorbed. A business matter as it stands remains unclear. It's a good time to attend to bookkeeping and to answer correspondence.

TAURUS (April 20 to May 20) A business responsibility may require your immediate attention. The demands of close ties, however, may keep you from accomplishing as much as you would like. The weekend is good for visiting with friends and family.

GEMINI (May 21 to June 20) The need to catch up with a backlog of work may cause you to put a travel plan on hold. Know how to pace yourself this week as you could easily overtake yourself. A new opportunity that comes now can be very lucrative in the long run for you.

CANCER (June 21 to July 22) Some past-due bills may require your immediate attention or, instead, you may be faced with unexpected expenditures. Problems related to intimacy may be a concern now but this soon passes.

LEO (July 23 to August 22) By the time everyone gets through with what he or she has to say, you may feel worn out. Family members may have trouble agreeing on how best to handle a problem. Take the lead in this as your instincts are right on the money. Relax at home this weekend.

VIRGO (August 23 to September 22) After encountering a few difficulties in connection with work, you may feel like throwing in the towel and calling it quits. Extra persistence will be needed now to overcome this. This weekend, a domestic matter concerns you.

LIBRA (September 23 to October 22) You may find someone's behavior a bit manipulative this week. Guard against those who would take advantage in financial matters. You will make great progress with work that you have taken home from the office this weekend.

SCORPIO (October 23 to November 21) Try not to be bossy in your dealings with others now. Extra responsibilities in connection with home and family take up much of your time this week. A slight mix-up in plans could occur now, but overall, it's a great weekend for recreational interests.

SAGITTARIUS (November 22 to December 21) Concentration powers are good this week but you may have a heavy workload of a mental nature to deal with now. Pay extra attention to traffic rules when driving.

CAPRICORN (December 22 to January 19) You may feel that a gift or business proposition has strings attached. A friend who has problems may not be much fun to be with. It's

a good time to sign up for a class or seminar which can help in your career.

AQUARIUS (January 20 to February 18) You are in a serious frame of mind early in the week and may not be in the mood for idle chit-chat. It's not the best time to push your interests where business is concerned. This weekend, a friend proves especially difficult to deal with.

PISCES (February 19 to March 20) Though you are willing to help someone out now, you may feel that your efforts are not appreciated. Remember that people under duress aren't always thoughtful. Focus your energies this weekend on cultural interests.

"Crazy Horse, never mind... I got them on the phone!"

PUBLIC NOTICE

NOTICE OF PUBLIC HEARING CITY OF BRACKETTVILLE TEXAS COMMUNITY DEVELOPMENT PROGRAM COMMUNITY DEVELOPMENT FUND PROJECT

The City of Brackettville is holding a Final Public Hearing concerning the street improvements built with TCDP funds, Contract 702041.

A public hearing concerning these street improvements is scheduled to be held at 6:30 pm on Tuesday, June 14, 1994, in the City Hall located at 119 West Spring Street, City of Brackettville. The purpose of this public hearing will be to discuss the completed project and solicit citizen input on the project.

All citizens are encouraged to attend this public hearing and present their views to the City. The City Hall is accessible to the handicap; handicap individuals who might have difficulty in attending this public hearing should contact Mayor's office prior to the public hearing so that arrangements may be made.

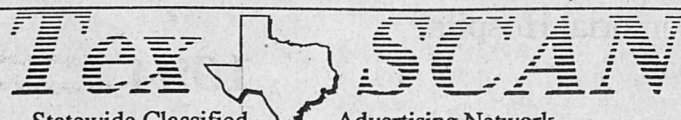

If you cannot attend in person, written comments may be submitted and will be accepted by the City until this public hearing is concluded.

For further information concerning the City's 1992 TCDP project, please contact Mayor Carmen M. Berlanga, City of Brackettville, at 210/563-2412.

PUBLIC NOTICE

NOTICE OF PUBLIC HEARING ON APPLICATION FOR WASTE DISCHARGE PERMIT

City of Brackettville and Fort Clark Municipal Utility District, P.O. Box 526, Brackettville, Texas 78832-0526 have applied to the Texas Natural Resource Conservation Commission (Commission), for a permit (Proposed Permit No. 10194-02) to authorize a discharge of treated domestic wastewater effluent at a volume not to exceed an average flow of 500,000 gallons per day. The proposed permit will also authorize the permittee a variance to the buffer zone requirements in accordance with 30 TAC Chapter 309.13 (e) (1) (B). Additionally, the City is authorized to irrigate with treated effluent on approximately 60 acres of a golf course. The application rates for the irrigated land shall not exceed 4.3 acre-feet/acre/year.

The wastewater treatment plant is approximately 2.3 miles south of the intersection of U.S. Highway 90 and State Highway 131 and 0.75 mile west of the State Highway 131 in Kinney County, Texas. The effluent is discharged via pipe to Las Moras Creek; thence to the Rio Grande Below Amistad Reservoir in Segment No. 2304 of the Rio Grande Basin.

In accordance with the Texas Surface Water Quality Standards, the Commission staff must determine the existing uses for the receiving water in the area of the proposed discharge and whether the proposed discharge will cause significant degradation to any high quality waters in the area. The unclassified receiving waters of Las Moras Creek have high aquatic life uses. The designated uses for Segment No. 2304 are contact recreation, high quality aquatic life uses and public water supply. The effluent limitations in the draft permit will maintain and protect the existing instream uses. No significant degradation of high quality receiving waters is anticipated. All determinations are preliminary and subject to additional review and/or revision.

The Executive Director of the Commission has prepared a draft permit based on the application submitted by the applicant and other information presently available.

A Hearings Examiner of the Commission will conduct a public hearing at

9:00 am-Tuesday, July 12, 1994
Kinney County Courthouse
District Courtroom
501 Ann Street
Brackettville, Texas 78832

to receive evidence on the conditions, if any, under which the permit may be issued, and determine whether State Certification in accordance with Section 401 of the Federal Clean Water Act may be issued. This hearing will be held under the authority of Sections 26.020, 26.021, and 26.028 of the Texas Water Code and the Rules of the Texas Natural Resource Conservation Commission.

The record of this proceeding will include evidence and testimony

taken at the public hearing. The hearing may be continued from time to time and place to place, if necessary, to develop all relevant evidence bearing on the subject of the hearing. The Commission reserves the right to schedule or reschedule hearings as it deems necessary. Further information concerning any aspect of the application, if available, may be obtained by contacting Eugene Snelson, Staff Attorney, P.O. Box 13087, Austin, Texas 78711-3087, telephone 512/239-0600. Information concerning any procedures of the hearing may be obtained by contacting Bill Zukauckas, Hearings Examiner, at the same address or by telephone at 512/463-7875. Information concerning participation in hearings may be obtained by contacting Mark Alvarado, Public Interest Counsel, at the same address or by telephone at 512/239-6363.

Persons desiring to protest the granting of this application, who have not previously requested a hearing in writing, should file written protests with the Commission prior to the hearing date and serve copies of the written protest on the applicant and all designated parties, if any. The written protest shall show the name and address of the protestant; identify the pending application; state the basis of the protestant's interest and any relevant facts and conclusions; describe the location of the protestant's property relative to the application; and propose any amendment or adjustment to the application which, if made, would result in withdrawal of the protest.

Persons desiring to present information relating to the application must appear at the public hearing either in person or by representative and present such information subject to all applicable rules of evidence. Information offered in written form without the writer's presence will not be considered as evidence since the right to cross-examine is absent. No person will be admitted as a party to the proceeding unless the person complies with Commission Rules which require a justifiable interest and attendance at the hearing either in person or by qualified representative with settlement authority. Additionally, any representative who has been retained for this proceeding will be expected to attend the hearing and to participate in settlement negotiations and other matters.

Persons with disabilities who plan to attend this hearing and who may need auxiliary aids or services such as interpreters for persons who are deaf or hearing impaired, readers, large print or braille, are requested to contact the Hearings Examiners Office at 512/463-7875 or 1-800-RELAY-TX (TDD) at least two (2) work days prior to the hearing so that appropriate arrangements can be made.

Issued this 23rd day of May, 1994.
/s/ Gloria A. Vasquez, Chief Clerk
Texas Natural Resource Conservation Commission

PUBLIC NOTICE

NOTICE OF PUBLIC HEARING CITY OF SPOFFORD, TEXAS TEXAS COMMUNITY DEVELOPMENT PROGRAM COMMUNITY DEVELOPMENT FUND PROJECT

The City of Spofford is considering a proposed amendment to its approved 1990 Texas Community Development Program (TCDP) contract with the Texas Department of Housing and Community Affairs to include additional water system improvements associated with this contract. The improvements included in the contract amendment request are proposed to be made in the City's water distribution yard. These improvements will be in the general vicinity of other water system improvements already under construction as part of the city's approved TCDP project.

A public hearing concerning the proposed amendment is scheduled to be held at 6:00 pm on Tuesday, June 7, 1994, at Mayor J.B. Herndon's residence in Spofford. The purpose of this public hearing will be to discuss the proposed amendment and solicit citizen input on the proposed change in the scope of the City's 1990 TCDP project.

All citizens are encouraged to attend this public hearing and present their views to the city. The Mayor's residence will be made accessible to the disabled; disabled individuals who might have difficulty in attending this public hearing should contact Anna Hernandez at 210-278-4151 to arrange for special assistance. If anyone interested in attending the public hearing requires a translator, please contact Ms. Hernandez prior to the public hearing so arrangements may be made. If you cannot attend in person, written comments may be submitted and will be accepted by the city until this public hearing is concluded.

A copy of the proposed amendment is available for review during normal business hours at the Mayor's residence. For further information concerning the City's 1990 TCDP project and/or this proposed contract amendment, please contact Mayor J.B. Herndon, City of Spofford, at 210/563-2046.

NOTICE OF ELECTION

The Farmers Home Administration (FmHA) county committee election this year will be held on July 5, 1994.

The ballot below must be filled out, detached, and mailed and received, or returned in person to Farmers Home Administration, 1022 Garner Field Road, Uvalde TX 78801, not later than July 5, 1994.

If you do not vote in person, you should mail your ballot inside a blank envelope, marked ballot, to ensure a secret ballot. This blank envelope should be placed inside the envelope you use to mail your ballot. Your name and address must be legible on the outer envelope. Failure to provide this information will render your ballot invalid. Only one ballot may be voted in person or by mail by any voter. Votes in envelopes containing more than one absentee ballot will not be counted. Ballots and envelopes may also be obtained from your local FmHA office.

The slate of nominees for the Uvalde Area County Committee are listed in the ballot below. The qualifications of persons voting are described in the "Voter Certification Statement." For further information regarding voting and voter eligibility, see the County Office listed above (1022 Garner Field Road, Uvalde TX 78801, 210/278-4571).

FmHA elections are open to all eligible voters without regard to race, color, religion, national origin, age, political affiliation, marital status, sex, and/or handicap.

First Baptist Church

Rev. Gil Ash, Pastor

"The Pastor's Pen"

With the many recent appearances of rattlesnakes in the area I could not resist sharing this story by T.A. Raedeke, D.D.

Once upon a time there was a family of wayward members of a church. At one time they were active members but they had lost all interest and had fallen away. The deacons had talked to the father and three sons, Jim, John, and Sam about their condition. The preacher had visited them, and many of their brethren had tried to get them to come back to the church. But all failed.

One day when the boys were out in the pasture, a large rattlesnake bit John, and he became very ill. A physician was called, and after the doctor said, "About all you can do now is pray" he went his way. The father called the preacher and told him of John's condition and asked him to pray for John. This was the preacher's prayer:

"O wise and righteous Father, we thank Thee, that in Thy wisdom Thou has sent this rattlesnake to bite John in order to bring him to his senses. He has not been inside the church house for years, and it is doubtful that in all that time he has felt the need of prayer. Now we trust that this will be a valuable lesson to him and that it will lead him to genuine repentance.

"And now, O Father, wilt Thou send another snake to bite Sam, and another to bite Jim, and a big one to bite the old man. We have been doing everything we know for years to restore them but to no avail. It seems that all our combined efforts could not do what this snake has done. We thus conclude that the only thing left that will do this family any good is more rattlesnakes. So, Lord, send us bigger and better rattlesnakes. We pray in Jesus' name. Amen."

Youth of First Baptist Church Brackettville Invites Youth from the community to join them at 5:30 each Sunday afternoon at Fellowship Hall, First Baptist, for an inspirational - recreational time of fellowship.

Heritage Trail Ride Scheduled To Reach Brackettville For Juneteenth Celebration

Emancipation Day will be celebrated in Brackettville by the Seminole Indian Scout Association and everyone is invited to participate.

A parade will form at the north end of Ann Street at 9:30 Saturday morning, June 18, and travel to Carver School where at 11:00 a.m. parade awards will be given. Anyone wishing to be a part of the parade, or have an exhibit/booth on the Carver grounds may contact Wallace Dimery at 563-2075 after 5:00 p.m.

A barbecue lunch will be served at noon.

Memorial services will be held at the Seminole Cemetery Sunday.

The Multicultural Western Heritage Trail Ride is due to arrive in Brackettville for the Juneteenth Celebration. Sponsored by the world known Prairie View Trail Ride, the ride is headed up by James Francis, Jr. who has 37 years experience.

The ride is scheduled to leave

from the point of Highway 90 West and Loop 410 West, San Antonio, on June 12 and arrive in Brackettville on June 18. Anyone interested in joining the Trail Ride may contact Willie Warrior at 210/775-7097 (Del Rio).

This first Historic Trail Ride, 129 miles, represents one mile for each year the Negro People have been free men and women with freedom to travel over the state of Texas after the Emancipation Proclamation was signed in 1865.

Trail riding on horseback and covered wagon is the style being used to promote Black Western Heritage, Healing, and Pride, riding in a formation of a trailride. It will be made in June, each year adding one mile thereafter until trail riders have traveled over the 267,339 square miles of Texas making people aware of the Emancipation Proclamation and why African Americans should learn of their heritage, continue to heal, and celebrate their freedom with pride.

Frontier Baptist Church

Rev. Joe Townsend, Pastor

The biggest single problem for human beings is the inability to be in tune with themselves. Psychiatrists and psychologists along with a bevy of "counselors" get rich trying to get people to be in tune with themselves, almost always a wasted effort by the patron.

If a person is really in tune with self, he can cope with anything that confronts him. A person cannot be in tune with himself until he recognizes that he is a creation of God.

He didn't crawl out of a swamp, nor drop out of the trees. He was a special creature made in the image of God Himself. This means a person has the potential to communicate with God on his own. He needs no one nor anything to stand between him and God to intervene.

To fully realize he is God's special creation gives self confidence and a recognition of self worth. It makes a person know, "I am somebody."

When one comes to grips with his own reality and is in tune with self, it becomes a simple matter to become in tune with his fellow man.

A person who wants to tell another what he must do simply reveals his own personal problem.

Even God will not make a decision for man; what right does any person have to make a decision for another.

To stay in tune with our fellow man it does not require that we agree with them but does demand we recognize their right to their position and that we not be disagreeable. To stay in tune with our fellow man is a necessity for our own welfare.

The only way to stay in tune with self and our fellow man is to be in tune with God.

To live in the knowledge and relationship with God that every moment that relationship undergirds in every problem and enriches every choice and gives enjoyment to every moment of life. Be in tune with God and you'll become in tune with self and your fellow man.

Another message from the Word of God awaits all who attend Frontier Baptist Church Sunday morning at 11:00. Come and see.

Extra Building Supplies Lying Around

Should this be the case, the Templo Elim Asambea de Dios on North Street can use them to reconstruct a Sunday School room for children. Call 563-9237.
