Bovina, Texas

VOL X, NO. 33

WHITTILIN'

By DOLPH MOTEN

O.K., I so you paid your poll tax this year and the poll tax law is outlawed before your check for the \$1.75 even gets back through the bank.

That was kind of a revolting development, we thought, but we guess it's worth it to get rid of the discriminating ruling.

We are at a loss for words to reply to people who confront us with, "The only reason I paid my poll tax this year was because it said to each and every week in The Bovina Blade."

We've considered, but not seriously, giving the people who tell us that a refund ourselves. Not because we think they should have the money back, but because they're such good Blade readers.

State officials in Austin have made it pretty plain that they aren't about to refund the already-paid unconstitutional poll tax. The only thing left to worry about, then, is what kind of registration law the state legislators will draft in their current special session.

It appears now that there will be one benefit or advantage offered to those who already have a poll tax receipt: they won't have to register or sign up or anything again this year. They're now qualified voters, no matter what. Payment of the tax will entitle a citizen to be considered already registered and he won't have to do anything else to be qualified to vote in forthcoming elections.

But, we may be getting the buggy before the horse. It may be necessary to have that much-discussed . . . and cussed . . . poll tax receipt before you are allowed to vote in elections during the next few months. We'll have to see what the lawmakers, judicial and legislative, decide.

While we think the poll tax should be outlawed as a requirement for voting, and have said so in this space previously, we would have liked for the change to have been made with a minimum of confusion instead of the way it is.

It's our opinion that the people of Texas would have voted out the poll tax in the constitutional amendment election slated for this November. They may have that opportunity yet.

Universally admired are intelligent, trained pets. Bovina has its share of smart dogs, no doubt. One of our favorites is F. M. Crook's three-year-old, Snoop.

Snoop may not be one of the smartest dogs ever, but he's a pretty sharp animal for a country town. He can, for instance, stand up and walk on his back legs.

Also, when commanded, he will go to a certain box in Crook's station on Highway 86. From that position, he can gather in pieces of candy tossed his way like an outfielder catching fly balls. The only difference is that Snoop uses his mouth instead of a gloved hand . . . or paw . . . and we're sure that's harder to do.

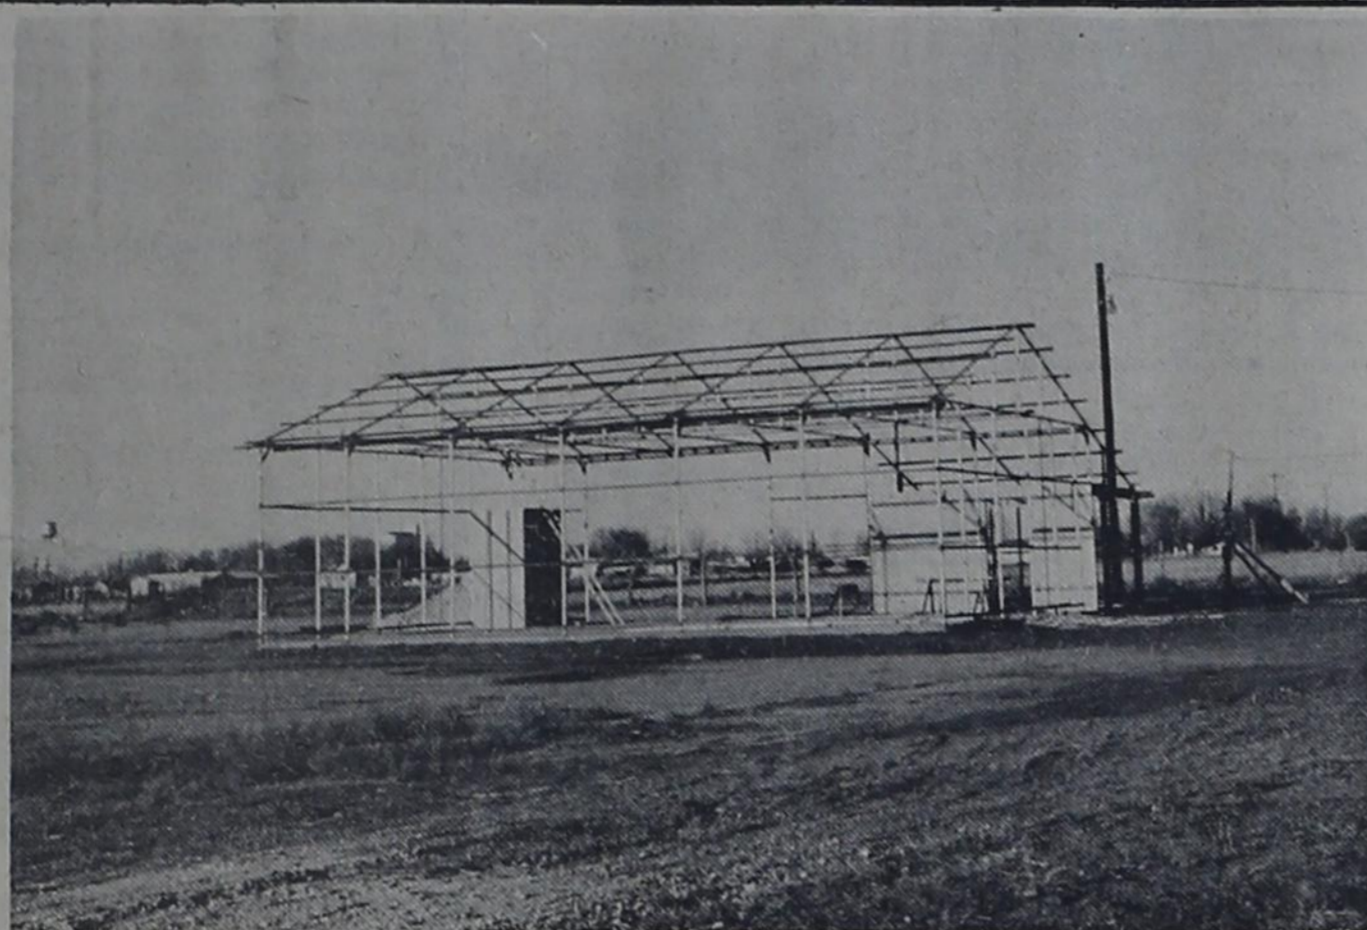

The talented animal also understands human language, evidently. Crook, tells about opening the mail in front of him one day. In the mail was a bad check which had been returned by the bank. To himself as much as to anyone else, Crook made some unkind remarks about people who give bad checks. Snoop, recognizing the tone of voice which his master was using, tucked his tail and crawled away as if he had been scolded.

Crook says Snoop is a mixed-breed dog. "He's part Fox Terrier and part Bulldog and I don't know what else," his owner says. He earned his name because he is overly curious when he enters a strange place and snoops around until he becomes familiar with his new surroundings.

Physically, Snoop shows all the characteristics of being well cared for.

That's a nice way of saying he's a fat dog. That might be because his reward for performing his tricks well is candy. And we doubt that Snoop misses any meals, either.

One of the reasons Snoop is a good dog, Crook believes, is (Continued on Page 3)

NEW BUSINESS BUILDING -- Presently under construction on Highway 86 west in Bovina is this new building which will house Birkelbach Machine and Pump. The business is expected to be opened as quickly as the building is completed, according to Werner Birkelbach of Littlefield, who will own the firm.

Cigarettes, Candy, Gum Stolen Here

Cigarettes, candy and chewing gum were stolen from Bovina Dairy Freeze on Highway 60 during a break-in sometime Friday night.

The break-in was discovered when the business was opened Saturday morning.

Stolen were approximately 14 cartons of cigarettes, six boxes of candy and four cartons of gum, according to City Marshal Bill Denney, who aided in the investigation.

The business is owned and operated by Mr. and Mrs. Eldon Thatcher.

BULL TOWN BASKETBALLERS -- Six members of The Bull Towners basketball squad which will meet KCLVDJ's in a benefit game at Williford Gym here Monday night are, standing, left to right, Scrapy Spurlin, Jumpin' Jack McCracken, Awful Alfred Moody and Chuckin' Charles Smith. Kneeling are Bully Billy Whitecotton and Loud Larry Webb.

Bull Towners Vs. KCLVDJ -- Benefit Basketball Bovina Fund Boost

Bovina's Community Improvement Fund, which has building a clinic here as its goal, will get still another boost at a double-barrelled event Monday night.

A taco supper in school cafeteria will begin the night's activities at 6 p.m. Following that will be a basketball game between Bovina Bull Towners and Radio Station KCLVDJ's from Clovis. Performing at halftime of that game will be fifth and sixth grade boys basketball teams which are coached by R. G. Douglas.

The taco supper is a project of Bovina chapter of American G. I. Forum. All plates -- adults' and children's -- will be \$1, announces Mike Baraza, an officer in the G. I. Forum chapter.

All profits from the supper will go to the Community Improvement Fund.

At 5 p.m. --

Livestock Show Set Here Today

This week is show time for Bovina and Farmer County 4-H and FFA members.

Bovina's local show, at which some \$400 in prize money will be awarded by Bovina Lions Club, is set for this (Wednesday) afternoon at 5.

More than 60 animals are expected to be entered in the judging here, John Paul Jones,

FFA chapter advisor, announces. The county show will be at Friona tomorrow (Thursday), Friday and Saturday.

In addition to the prize money at the Bovina show, trophies will be awarded to showmanship winners and to the exhibitor of the grand champion steer, lamb and barrow.

To be exhibited here are 30 barrows, six gilts, 15 lambs and 12 steers. Most of this stock will be taken to Friona tomorrow for the county show.

The county show is climaxed by an auction sale of prize-winning animals Saturday at 1 p.m. (See accompanying story concerning county show.)

In the show here, prize money in the steer division is \$20 for first place, \$15 for second, \$10 for third, \$7.50 for fourth and \$5 for all other places.

For swine and lambs, the cash awards will be \$10 for first place, \$7.50 for second, \$5 for third, \$3 for fourth and \$2.50 for all other places.

Show judges will be Ronnie Dennis, who will place the steers and barrows, and Darryl Dennis, who will judge lambs. Both are from Olton.

The show will be at the school-owned barn on Eighth Street.

Also exhibiting animals in the show this year will be Bovina 4-H members. Heretofore, the show has been for FFA projects only.

Members of Bovina Lions Club, the show sponsor, invite the public to attend the show, see the projects which are being exhibited and to witness the judging.

The 10th annual Farmer County Junior Livestock Show

Lets Building Permit --

Council Buys Land For Water Storage

Bovina's city council began detail work on the town's \$60,000 water system improvement and expansion program last week.

A tract of land on Ninth Street was purchased from George McKinney. A new water well will be drilled and ground storage will be constructed on the land. It is 75 by 90 feet in size and is in Lot 4 of Block 48.

Purchase price of the plot was \$1100.

The city council, in a regular meeting last week, granted a building permit to Rowland-Gordon representatives to con-

struct a bulk fertilizer mixing plant on North Street. The plant is expected to cost approxi-

mately \$100,000. It will be located west and north of the Gulf Oil warehouse building on

east North Street on land leased from the Santa Fe railroad. (See separate story.)

A resolution was passed calling a city election for Tuesday, April 5.

To be elected are a mayor and three councilmen to the six-member city council.

A special meeting has been called for Tuesday night of next week to discuss and make plans for the water improvement program which citizens of the city voted in favor of in a bond election last month.

DONNY ANDERSON . . . Banquet speaker

Dimes Benefit Game Success

Bovina's March of Dimes fund was \$104.43 richer following a benefit basketball game Monday night in Williford Gym between the Bovina Mustangs and the school faculty.

The faculty won the game by a one-point margin, 51-50.

The game was scheduled as a fund-raising event for the March of Dimes by the Bovina High student council.

Weather by Willie

Well, Willie is back home again . . . and here goes: We will get a rest from this cold blast this weekend. --Willie

Friday Night --

Tech's Anderson Banquet Speaker

Donny Anderson, Texas Tech's two-time All-American halfback and probably the most heralded player ever in this area, will be guest speaker at annual Bovina Mustang football banquet Friday night. The affair is scheduled for 7:30. It will be in school cafeteria.

Tickets are \$2.50 each and are now being sold by Quarterback Club members. They will also be on sale at the door, announces James Roach, president of the Quarterback Club.

Mothers March Tonight

Mothers of Bovina will march tonight (Wednesday) for March of Dimes.

The door-to-door campaign will begin at 6. The women hope to complete the canvass of the town before many people go to church tonight.

The march is sponsored by wives of Junior Chamber of Commerce members. However, all Bovina mothers are invited to march with them. They will meet at the home of Mrs. Sonny Spurlin on Seventh Street.

March of Dimes for 1966 is \$43,333 richer from contributions by elementary school children.

The students were given coin cards to take home earlier in the campaign. All cards have been returned, according to Sonny Spurlin, Bovina chairman.

Jack McCracken, chamber of commerce manager-secretary, will be master of ceremonies and will introduce Anderson. Betty Hawkins will be in charge of entertainment and decorations.

The menu will feature chicken fried steak and will be prepared by the cafeteria staff.

Special guests for the social event will be members of the 1965 Bovina Mustang District 1-B co-champions and their dates. Coach Roy Stone will introduce squad members.

Anderson, a native of Stinnett, has been called the "most complete football player in

America," by a coach of a major college.

Following the completion of his college career in the Gator Bowl December 31, Anderson signed a professional contract with the Green Bay Packers of the National Football League for more than \$600,000. This is one of the largest contracts ever given an athlete.

Anderson played a total of 30 regular season games for Tech in his three-year varsity career. He rushed 526 times for 2376 yards, caught 105 passes for 1327 yards and 12 touchdowns and punted 149 times for an average of 38.2.

His total offense during his

career was 5,194 yards -- eight yards short of the NCAA record. He scored 28 touchdowns for Tech for a total of 168 points. During the 1965 season, he scored 102 points of the total.

In six games during his career, he gained more yards than did the opposing team.

The public is invited to attend the social event which is to honor the 1965 Bovina High football team. The banquet, if successful, will also serve as a fund-raising event for the Quarterback Club, which uses all its funds for benefit of the Bovina High athletic program.

Rowland-Gordon --

New Fertilizer Plant Planned For Bovina

Rowland-Gordon, an area fertilizer firm, has announced plans to construct a \$100,000 plant in Bovina.

A permit for the building was granted at a city council meeting last week.

The new facility will be located on east North Street. It will be west and north of the Gulf Oil building. The property has been leased from Santa Fe Railroad.

The new structure is scheduled for completion in July, announces Dwain Nance, manager of Rowland-Gordon's sales office here.

The facility will be similar to a plant owned and operated by the company at Summerfield. The business will employ four or five "and possibly more" people, Nance says. Three people are presently employed at the sales office which is located on Highway 86 east.

The new plant will blend all types of dry fertilizers. There will be no anhydrous ammonia

connected with the new building, Nance says.

This fertilizer plant will be the town's second of this type.

Planning Expansion --

Population Trend Studied By Board

Board of trustees of Bovina Independent School District continued planning for a school expansion program at a Monday night meeting.

The board studied population trends in the area, the county, the school district and the town. Research on the population trends, which indicate a continued steady growth, were presented by Arnold Maeker, Lubbock architect.

It was pointed out that the school's enrollment has been increasing at a rate of 28 students per year over the past

15 years. At that rate, the school's enrollment will almost double in the next 20 years. It has doubled in the past 10 years. Present enrollment is in excess of 600.

Planning and discussion for the schools expansion and improvement program took up all the meeting time. The session will be continued at a special meeting Thursday night. At that time, the school district's routine monthly business will also be attended to, according to Superintendent Otis Spears.

Service Available
Texas Employment Commission has again opened an office in Bovina on a part-time basis.
This service, provided free of charge to citizens by the state, is deserving of much more use and support than it has received in Bovina.

Last year, the TEC established an office here one day a week. It was in operation from January until June. The service was started after the bracero program was ended.

In this area, the TEC primarily helps agricultural workers find jobs and farmers find help when they need it. However, the service is not limited to agricultural. It is available to any and every one.

Maybe it's because the service is "new" here, but not enough people use it.
Farmers, being independent as they are, figure, possibly, that they can find help when they need it as quickly as a Texas Employment Commission official can. Maybe that's true, but we doubt it.

Especially can the service be helpful when crews of laborers are needed. The TEC can offer even more help if sufficient notice is given about when a certain amount of hands will be needed.

We're not interested in getting people to use the service for any reason other than it is available and we feel it's a shame that we don't take advantage of it any more than we do in this community.

Probably it's a question of getting in the habit of going to a central place and asking about labor or a job, which ever the case may be. We'd like to see more people develop it.

Presently, the employment commission representative is in The Blade office each Friday afternoon from 1 to 3 p.m. The hours can be, and will be, increased if the TEC does sufficient "business" here to justify it.

Most services aren't free.
We don't understand why people here don't use one which is!

PLASTIC PROTECTS LURES—If you carefully spray new artificial baits with clear plastic they'll stay brighter longer and catch more fish as a consequence.

POWDER REMOVES RUST—A way to remove rust spots from guns is to dip a rag in oil, then in cement powder. Cement provides just enough mild abrasive to polish without scratching.

Mrs. Williams Writes About Mexico Trip

(EDITOR'S NOTE -- The following account of a 10-day trip into Mexico by Mr. and Mrs. I. W. Quickel and Mr. and Mrs. W. E. Williams was written by Mrs. Williams.)

We were delighted to go with Mr. and Mrs. Quickel on their trip to Mexico. We left Bovina February 3 and arrived at Nogales, Arizona the second day in time for Mr. Quickel to get his car insured for a week's stay in Mexico. Then we had supper and breakfast at Denny's Cafe near our motel.

Our entrance into Mexico the next morning required at least an hour with Mexican officials. We had to have individual permits and a permit for the car to travel in Mexico. Next came inspection. We expected them to make us drag everything out, but they opened only two suitcases. Willie then gave the two officers each a dollar tip and they let us go. We suspected that the tip convinced them.

Now we were off traveling in the state of Sonora, Mexico and had dinner in the Capital City, Hermosillo. It was beautiful with roses and bougainvillea blooming in profusion on both sides of the streets -- This was true in most of the cities.

We reached Guaymas before night Saturday, and remained there over the weekend. Sunday morning we made quite an extensive search for a Methodist Church. Willie inquired of several policemen in Spanish, and they would direct us to a big Catholic Church. Finally we found a young man who told us

of a little church called Templo Bautista (Baptist Church). We arrived at the church pretty late, but enjoyed it anyway. (This was the English speaking service -- the Spanish was to follow) It was announced that the Methodist would have the service the next Sunday.

The man who directed us to the church said he was one of a crew of 100 men stationed in Guaymas by the United States government to trace satellites.

Sunday afternoon we explored the beach, waded in the Gulf of California, picked up sea shells and watched the fishing boats and the numerous sea gulls and pelicans.

Each city had at least one big statue. One we saw was dedicated to all fishermen; another to all miners of the area; another to motherhood. Many were statues of national heroes.

The next two days we traveled on down the coast through rich farming country. There were immense tomato fields and nearby were dozens of unbelievably crude shacks, the homes of the laborers. It was in this territory that we saw oranges, bananas, limes and papayas growing, also many flowering shrubs and trees.

At Mazatlan 760 miles south of the border and below the Tropic of Cancer we spent the night at Sands Motel by the Pacific and the waves "rocked us to sleep."

From Mazatlan we began the return trip by a different route going east over the Sierra Madre mountains to Durango. It was a fine mountain road, but so full of curves it was quite a strain upon our good driver, Mr. Quickel. The scenery most everywhere was enhanced by the presence of burros. We heard a miner in Durango say he was convinced

that Mexico would fold up without the burro.

Our last night in Mexico was in Chihuahua, then across a desert looking country all the way to Juarez. In Juarez, at the border we were again inspected. The genial U. S. officer opened two suitcases, questioned us briefly, and would have taken any oranges, apples, pecans, or liquor away from us. Next we were directed to the place where we were given smallpox vaccinations.

After we were "freed", we visited a glass factory in Juarez and watched them making glassware. It was amazing to see their skill, and you must see Mrs. Quickel's beautiful vase from there.

On the highways buses loaded with people were very numerous. Everywhere were people walking, or riding in horse-drawn carts. Some had bicycles -- most of the automobiles were driven by tourists from the U. S. and Canada. The inquisitive Willie got acquainted with everyone possible.

We found comfortable motels and delicious food at reasonable prices. We soon learned the peso was worth 8 cents in our money. A meal priced 12.50 pesos cost us \$1.00.

The people of Mexico were courteous and eager to help us. We want to go again!

Correction
In last week's issue of The Blade, the APO number in the story concerning Pvr. Larry Stowers was incorrect. The correct number is 96225.

School Menus

February 21 - 25

MONDAY
Corndogs, pea salad, cabbage and carrots, cornbread with butter, rice pudding, milk.

TUESDAY
Steak with gravy, creamed potatoes, broccoli, rolls with butter, banana pudding, milk.

WEDNESDAY
Turkey and dressing, giblet gravy, green beans, cranberry sauce, candied yams, hot rolls with butter, strawberry preserves, milk.

THURSDAY
Meatloaf, macaroni and cheese, blackeye peas, cornbread with butter, pear halves, milk.

FRIDAY
Chili and beans, crackers, lettuce and tomato, cornbread with butter, apricots, milk.

The 10-mile elevated expressway from Tokyo's airport to the city cost \$100 per inch to build.

Reflections From The Blade

TEN YEARS AGO . . . February 15, 1956
The district 3-B tournament, which counts one-half of season play, will begin Thursday in Farwell. Coach Bob Wills' Mustangs sporting a 23-1 season record, and Coach R. E. Everert's Fillies, second only to Lazbuddie in district play, will both participate in the opening night's games.

Another new business is coming to Bovina. Mr. and Mrs. Allen Cumpton plan to open a drug store in a new building that is being built next door to Gaines Hardware. The new business should be open in "30 to 40 days," Cumpton says. The drug store will be named ABC Drug.

Bovina failed to meet its \$1000 goal that was set for the March of Dimes campaign. Aubra Ellison, community chairman for the drive, says that contributions at the end of January totaled \$296.50. However, Ellison says that this figure does not include contributions from the school. The final figure will be given an additional boost sometime in the near future when the Bovina Woman's Study Club will have a fund-raising project. This group had a pancake supper planned for last week, but it was postponed because of bad weather.

The Bovina Lions Club will observe Founder's night and Ladies night Thursday, February 23. Plans are being made to have the combination meeting in the local school cafeteria. W. T. "Dub" Nelson, district governor, will be the main speaker for the evening.

SIX YEARS AGO . . . February 17, 1960
Baptist met in the school house Sunday. With their building in the process of being moved, First Baptist Church members were forced to conduct services in school auditorium. Weather has delayed work and date for beginning construction on the \$104,687 new structure has been postponed several times.

A driverless tractor, unleashed by five young men in the pre-dawn hours of Sunday morning, ran in circles and plowed up about 10 acres of wheat on the Buck Ellison farm northwest of Bovina. The machine failed to hit any improvements although it was at times within about 150 yards of a farm house.

A grinding pick-up - station wagon crash one-half mile north of Oklahoma Lane at 6:40 Friday evening sent seven persons to Parmer County Community Hospital at Friona. None of the injured were believed critical. Wendell Tooley, Mrs. Tooley and four children were riding in the station wagon. Fred Kipley of Oklahoma Lane was alone in the pickup. The Tooleys are from Littlefield.

Bovina's Mustangs entered post-season play Tuesday night in defense of their District 2-B crown. The Ponies and Lazbuddie finished their seasons Friday night with the Longhorns in first place and Bovina a game back in the runner-up spot. Lazbuddie edged Bovina's Mustangs in the first game of a best two-out-of-three playoff, 43-42.

Dear Fellow Texan:

I have good news from Washington. There will be a Cold War GI Bill in time for our deserving veterans to begin school this summer.

On Monday of this week, the House of Representatives passed S. 9, my Cold War GI Bill, by an overwhelming vote of 381 to 0. Since the Senate passed the bill last year, this week's House action insures that there will be a Cold War GI Bill.

Although there are differences in the two bills that were passed, I will make every effort to see that these differences are ironed out so that our Cold War veterans can be in school by June of this year.

Under the provisions of the bill that have been agreed upon, any veteran who has served more than 180 days on active duty since January 31, 1955, will be eligible for readjustment benefits.

For each day of active duty a veteran will be eligible for one day of educational assistance up to a maximum of 36 months - this is enough for four complete 9 month school terms. If a veteran is single, he will receive \$100 a month for a full-time program of education; if he is married he will receive \$150 a month. This educational assistance will begin on June 1, of this year, which means that over 2 1/2 million veterans who have already completed their military service and have been discharged will be eligible to receive educational assistance at that time.

By 1970, over 5 million Cold War veterans will be eligible for this bill, which gives them a new hope in life to catch up with those people who have not spent time in the defense of our Nation.

This bill also provided for guaranteed loans for home and farms, similar to those of the Korean GI Bill.

Although the bill passed by the House of Representatives does not provide for high school training, I have amended the bill to be sure that returning veterans can use the bill to complete high school if they desire. Over 1/3 of the Korean veterans used the bill for high school training.

After seven years of concentrated work on getting a Cold War GI Bill enacted into law, I am extremely elated that we have finally conquered the opposition to this bill. Although the bill is not as broad as I would like for it to be, I will continue to work on amendments to give larger educational benefits to three deserving veterans - over 1/4 of a million in our own State of Texas.

Lots of Burglaries
NEW YORK—Noting that a burglary occurs every 46 seconds in the United States, the Insurance Information Institute says many of these could be avoided if homeowners would lock their windows and doors and take a few other simple precautions.

because his conscience bothers him. When he goes away from home, which he knows he isn't supposed to do, he crawls around and begs forgiveness when he returns. His "conscience" could be aided somewhat here by the fact that it's Crook's policy to spank him when he catches him away from home.

We're sure there are other smart dogs around, and we know about a few of them. However, we wanted to recognize Crook's Snoop as being one of that group.

Except for a benefit game or so, basketball season has ended on the local scene.

Seems abrupt, almost, to us this year. We wonder why the district tournament idea was abandoned?

That was always a fitting climax to basketball season, we thought. And we daresay the host school made some money out of it, too.

Maybe district tournaments were done away with because they're old fashioned. . . . But we liked them!

Probably the only thing more fun than a district tournament is a regional or state tournament.

judging will begin with the lamb division at 9 a.m. Friday, to be followed by the barrow show.

Fat steers are to be weighed and in place by 8 a.m. Saturday. The judging of the steers will begin at 9 a.m. that morning.

A sale of the prize animals will begin at 1 p.m. Saturday. All buyers are urged to attend the sale.

A total of 251 animals are expected for the 10th annual county show. This is an increase of more than 10 per cent over last year's total of 225, and is a 40 per cent increase over the total of 180 animals which were entered in the 1964 show.

Broken down, there will be 158 barrows entered, 52 steers and 41 sheep, according to a preliminary count by county vocational agriculture instructors and County Agent Joe VanZandt. The show is open to any vocational agriculture student attending a Parmer County school, or any county 4-H Club member.

The Friona Lions Club acts as sponsor for the annual show. Wes Long is general superintendent of the show, assisted by Gary Brown. Dwain Menefee is chairman of the barrow show. Flake Barber is chairman of the steer show and Otho Whitefield is chairman of the lamb show.

Trophies will be presented to champion animals. Banners and ribbons also will be awarded. In addition, showmanship awards will be presented to the top showmen in each of the three shows.

At Home In Parmer County

By CRICKET B. TAYLOR
County HD Agent

4-H NEWS

Some 4-H'ers are busy working on demonstrations these days.

I visited with Jan Jamison and her mother recently and Jan has two method demonstrations prepared for County 4-H Contests March 19 but can't really decide which she will do. They were her original ideas and work.

If other girls or boys are interested and want help and materials for a demonstration, they can contact our office and materials and help will be available. Of course parents must give help and encouragement if they succeed.

This is very good training for girls and boys in learning to speak before people.

The Bovina 4-H Club reported a very good and interesting meeting on Driving Safety. The speaker was Deputy Henry Minter and the information given was very good. Mrs. Travis Dyer, organizational leader for that club will probably be contacting some 4-H parents soon in an effort to get leaders for clothing project work to start after the Favorite Food Show and Contests in March.

Lack of leaders has prevented some girls in that club from taking project work that they really wanted. The age group from 9 to 12 is in an important developmental stage of their life and activities, with a group is an important contribution to this stage. Mrs. Paul Lloyd is doing a fine job with her group in Foods and all because she feels that this is a worthwhile way to spend several hours a month - that is helping and encouraging your girls in project work that contribute to better living. Women like Mrs. Lloyd are to be commended for interest in youth-even outside of own family.

PATTERN ADJUSTMENT classes are coming along fine. Bovina group has finished, Rhea starts theirs Friday.

Interest in sewing and in clothing styles is high among homemakers.

Friona workshop (first day) will be held Tuesday, February 15 in the Homemaking Department at the High School. We appreciate the kindness of Mrs. Caffey in allowing us to use her facilities for this work.

The Shape of Things to Come
Women are by nature interested in "fashion" and the shape of silhouettes each season. Here is another thought along this line that warrants thought and consideration:

Coming from some of our best authorities on Food and Nutrition here are a few thought provoking ideas that should create some interest.

If all of us (men and women) could look ahead a few years to come, we would reach at once for our pencils and "essential food" lists and start figuring.

Inevitably, unless most of us stick a little closer to the rules for good eating some of us will be thin-- to easily tired -- perhaps to irritable and prone to illness.

Some of us are going to be too fat -- subject to the ills doctors ascribe to obesity in later years.

After fifty, some may find themselves with stoop and brittle bones of old men and women, found in shocking number of middle-aged women recently studied.

There is indeed, good sense in making a check of eating habits now to acquaint yourself with the valuable nutrients in food that is needed in the body before marked changes occur in your life and figure.

Eat, then, not only to add years to your life but add some life to those years. Do you need help on weight control or information on adequate diet. Come by the Extension office on 2nd. floor of courthouse in Farwell or write for information and it will be mailed to you, free. The bulletin "Food for Fitness Guide" and "Nutrition Up To Date, Up To You" are good reliable authoritative sources.

Looking Forward To Dates -
March 26, 4-H Favorite Food Show in Bovina School lunchroom.

March 19th - 4-H County Contests at Hub Community Building.

April 5 - County Wide Program for Homemakers on New Fabrics in Bovina.

Local stores and resource people will assist in this.

Fabric News - The new fabric facilities for this work.

Of Interest To
THE WOMEN

WINNER -- Mrs. H. L. Ivy (left) presents a pin to Mrs. Clarence Jones for outstanding service to Bovina Woman's Study Club.

Wins Club Pin --

Mrs. Jones 18-Year Bovina SC Member

Mrs. Clarence Jones, is federated jewel charter member of the Bovina Woman's Study Club. She has served as an active committee member and has promoted a special program each year since 1948. Mrs. Jones has held offices of treasurer in 1955-56, and corresponding secretary in 1964-66. She also has served on the nominating committee for two years. Throughout her

18-year club life, she has attended 95 per cent of all meetings.

She also has helped to promote park improvement, the piano for the American Legion Hall, books and money for the school library after the fire which destroyed the old building.

She helped the club to secure the club house, and helped with sale of street signs and house numbers for Bovina, sponsored Vogue sewing contest, helped to get the Bookmobile to come to Bovina, Christmas card project, USO scrapbook, Cancer Drive and March of Dimes.

Mrs. Jones has been elected vice-president and program chairman for the next two years.

Trudy Skjerve Speaker For Farwell SC

Trudy Skjerve, Bovina's exchange student from Norway, will be guest speaker at Farwell Study Club meeting Monday.

The club will meet at 7:30 p.m. in the home of Mrs. C. C. Christian. Trudy's topic is "Norway -- My Country."

Also at the club meeting, interpretive Norwegian dances will be presented by Mrs. Carolyn Dial and a group of her dance students from Farwell. The general program topic is "Widening our Horizons through Friendship."

Bookmobile's Comin'

High Plains Bookmobile will be in Bovina I, at the school, from 12 to 1 p.m. It will then go to Bovina II on Third Street from 1 to 3:30 p.m.

RECEIVING LINE -- Mrs. H. L. Ivy (left), Bovina Woman's Study Club president, and four charter members who are still active in club work, Mrs. Charles Ross, Mrs. Reagan Looney, Mrs. Clarence Jones and Mrs. Lloyd Battey (left to right) were members of the receiving line at Thursday's social.

As Federated Club --

SC Celebrating 15th Anniversary

Bovina Woman's Study Club celebrated its 15th year as a Federated Woman's Club Thursday afternoon at the club house with a tea and art show.

This is in conjunction with the 75th anniversary of Federated Woman's Clubs in the United States. Mrs. Clarence Jones and Mrs. I. W. Quickel were presented with Federated Club pins in recognition of their devoted service to club work. Mrs. Jones has been a member of Bovina's club since its founding in 1948. Mrs. Quickel joined the club in 1949.

They have been designated as club jewels, to represent the Bovina organization in federation work.

Mrs. Jones was presented her pin Thursday by President Mrs.

H. L. Ivy. Mrs. Quickel was not present Thursday.

A total of 21 artists, 14 of them Bovina people, exhibited 51 paintings Thursday.

Among the different types of paintings and drawings were still lifes, portraits, seascapes, abstracts, landscapes, flowers and animals.

Bovina exhibitors included Billy Jay Charles, Wayne Davies, Mrs. Reagan Looney, Mrs. J. P. Macon, Mrs. Art Mast, Mr. and Mrs. J. T. Hammonds, Mrs. Tom Caldwell, Mrs. Marlin Ferguson, Mrs. Jerry Wright, Mrs. Tom Ware, Mrs. Herman Estes, Mrs. Dutch Dean and Mrs. Dolph Moten.

Friona artists who had paintings in the show were Mrs. A. Smith, Mrs. Doyle Cummings,

Mrs. George Brock and Mrs. Forrest Osborn.

Also, from Farwell, Mrs. Dickie Magness showed a picture.

Several Bovina women showed pictures painted by other people. Mrs. Bill Bradshaw brought one painting by her daughter, Dyathia DeFever, of Denver, Colo. Mrs. Bob Estes showed two paintings signed A. Cowen and Glee. Mrs. Jack Wolton showed a painting by Judy Coltin. Mrs. H. L. Ivy exhibited two pictures by her sister, Miss Lou Ella Patterson of Pampa.

Bovina Woman's Study Club was organized in 1948. However, the club did not become associated with General Federation of Woman's Clubs, the national organization, until 1951.

Among the projects which the study club has undertaken in the past 18 years is improvement of the city park. When the club began this project, the park was a "weed patch", according to club members. After they had planted the grass and trees and furnished tables, benches, swings and barbecue pits, it was turned over to the city for maintenance.

Another project in which the club was instrumental was markers for Bovina streets and numbers for houses. The streets were named and houses numbered by the city. The Study Club, assisted by the Lions Club, bought and erected street markers. Study Club members sold house numbers.

Members negotiated with High Plains Bookmobile people to have the Bookmobile make its visits to Bovina.

In 1956 the club bought the old Rhea Community School building from the Bovina school district.

The club borrowed \$2,000 to remodel the ex-school building. To repay the loan, they had rummage sales, the first in Bovina. The club has also served ex-

PLANNING COMMITTEE -- Mrs. Reagan Looney (left) and Mrs. Jesse Walling were in charge of planning and arrangements for the tea and art show Thursday.

ANOTHER WINNER -- Mrs. I. W. Quickel also was winner of a pin for outstanding work in Study Club. Mrs. Quickel was unable to be present Thursday.

17-Year Member --

Mrs. Quickel Wins Federated Club Pin

Mrs. I. W. Quickel, federated jewel, became a member of Bovina Woman's Study Club in 1949. She served as club reporter in 1952-53, and was elected club president for 1955-56, 1960-61, and parliamentarian in 1962.

She served on nominating committee in 1958, and chairman of that committee in 1965-66.

Mrs. Quickel was active in helping to secure the club building.

She served on the commit-

tee to help get the mobile chest x-ray machine to come to Parmer County.

She also helped in getting the Bookmobile to come to Bovina. And, she mailed Christmas boxes and boxes of used clothing to the mental hospital in Wichita Falls.

She also helped with the Salk Oral Vaccine project and Christmas Card Project, which was the beginning of the present clinic fund drive.

She is responsible for many of the flags that fly in Bovina on flag days.

student banquets, had bake sales, kidnap breakfasts, talent shows, and hat sales to raise funds. Another hat sale is scheduled for March 17.

Pancake suppers for the March of Dimes were sponsored until the widespread use of Salk Vaccine. Members have worked for the Cancer Drive in years past.

Also, the club worked with county health officials to get the Salk Oral Vaccine in Bovina.

For the past years the club has sold United States flags for display on flag days.

Among their recent projects, members started the Community Improvement Project in 1962. They first had the Christmas card project, with funds to go for this purpose. They also have sponsored rummage sales. Other civic organizations of Bovina have joined the Study Club in this project, and the fund to bring a doctor and a clinic to Bovina now totals over \$3,000.

In 1965 one of the club members, Mrs. J. R. Caldwell, was named Mother of the Year for the entire district.

Charter members of the local club are Mrs. Lloyd Battey, Mrs. Bedford Caldwell,

Guadalupeans To Panhandle Tomorrow

Guadalupe Society of St. Ann's Catholic Church met recently in the parish hall.

Main discussion of the afternoon meeting was the Deanery meeting to be hosted by women of St. Ann's Church.

Mrs. Ben Rejino, president, asked the co-operation of all the members in assisting with this meeting. It will be held in Hereford, March 30. It was originally planned for Bovina, but was moved to Hereford because of more adequate facilities there. Also during the business meeting the society decided to donate \$100 for the purchase of an organ for the church.

The trip to the children's orphanage at Panhandle, planned by the women for last month, was postponed due to bad weather. The group decided to go tomorrow (Thursday). All members planning to go are asked to take a sack lunch.

Refreshments of cake, coffee and punch were served by Mrs. Rejino and Mrs. S. A. Brito to the 13 members present.

SC Sets Game Nite Saturday

Bovina Woman's Study Club is sponsoring a game night Saturday in the community room of First State Bank of Bovina.

Activities will start at 7:30 p.m. Admission is \$1 per person.

All kinds of card games and dominoes will be offered.

Proceeds go to the Study Club for remodeling the club house.

Members of the club invite everyone in the community to attend the game night.

Refreshments will be served.

Baby Boy Born To Whitecottons

A baby boy was born to Mr. and Mrs. Thomas Whitecotton of Lariat Sunday morning at 12:15 a.m. in Parmer County Community Hospital in Friona. He weighed seven pounds 14 ounces at birth.

The Whitecottons lived in Bovina for two years where he was employed by Sherley Anderson Grain of Lariat. He is presently employed by the same company.

Whitecotton is the brother of Billy Whitecotton of Bovina.

Attend The Church Of Your Choice

Church Chuckles by CARTWRIGHT

"I think I should make the invitation to attend our church sound very casual. Maybe you could help by yawning a little?"

THE ASSEMBLY OF THE CHURCH

"Not forsaking the assembling of ourselves together, as the manner of some is..." Heb. 10:25

Reports tell us that we in America are experiencing a revival of church going. Evidently, there are more people attending church now than there were a few years ago. This is good and we rejoice about it. But, can we sit back and say "We are doing well?"

We think not. When on any given Sunday one can expect hardly one half of the membership of any church to be attending the services of his church, we are not doing well. When the vast numbers of church members find it more pleasant and refreshing to attend the fishing hole, the hunting camp, the family reunion, the neighbors' house, or to remain in bed, then to attend their worship services, we are not doing well.

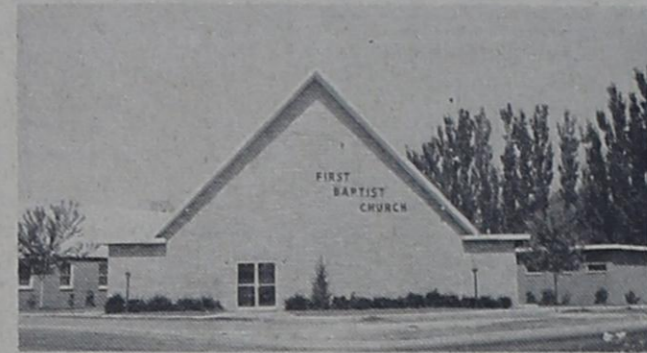

If the majority of the members of most of our local churches, the church houses we have would not contain the crowds,

"The church is to the Christian what a filling station is to an automobile..."
Attend church this Sunday - and take someone with you.

**On The Farm
In Parmar
County**

By JOE VANZANDT
County Agent

The Parmar County Junior Livestock Show will be held in Friona February 17 thru 19 at the school bus barn.

Lambs and barrows must arrive Thursday, February 17, between 2 and 6 p.m. They will be weighed and sifted upon arrival.

Steers must arrive and be weighed in before 8 p.m. Saturday, February 19. Steers can arrive after 4 p.m. Friday.

The pigs will be shown at 9 a.m. Friday, February 18. The lambs will show at about

1 p.m. Friday. The steers show at 9 a.m. Saturday morning.

The auction sale of prize winning stock will be held at 1 p.m. Saturday afternoon. This will include 60 pigs, 30 lambs, and 70 per cent of the steers entered in the show.

Show officials estimate about 160 pigs, 40 lambs, and 50 steers to be entered in the competition. There will be many high quality animals exhibited here as evidence by the prizes some of these animals have already won in State competition.

Lanny Tucker, Voc-Agriculture teacher from Hart, will judge the pigs and lambs. The steer judge is Kenneth Hollaway, Oldham County Agent. We believe anyone interested in livestock production can learn something by watching these men select and place these animals.

The following 4-H members will be exhibiting livestock in the show. From Bovina: Al Kerby, Raymond Hise, Glenn Hise, Gregory Bell, and Brenda Dyer; Farwell: Darwin Green, Charles Morton, Sam Morton, Craig Capps and Barry Williams; Friona: Floyd Schlenker, Matt Garth, Nick Collier, Greg Collier, Kay Riethmayer, Jill Riethmayer, Larry Johnson, Zane McVey, Vicki Pryor, Wayne Schueler, Gary Phipps, Monty Phipps, David Sides, Garvin Thorn; Oklahoma Lane: Randy Gregory, and Neil Christian; Lazbuddie: Theresa Sea-

ton, Rickie Seaton, Billy Eubanks, Larry Cox, Roy Don Coker, Danny Clark, Loy Dale Clark, Kathy Coker, Brad Treider, Earl Peterson, Jr., Mike Fred and Wesley Barnes.

WEED CONTROL MEETING
We want to discuss pre-plant herbicide recommendations on cotton for those of you who missed our Weed Control meeting in Hub on Feb. 3.

Use of pre-plant herbicides is most profitable on fields where severe weed problems exist and hoeing costs are customarily high. Best results have been obtained when herbicides are applied to dry flat soil prior to bedding for pre-irrigation. After application and before bedding, herbicides must be incorporated two to four inches deep. This is best accomplished with a tandem disk. Care should be taken not to list deeper than incorporation

or middles will become weedy prior to planting. Cotton should be planted on top of the bed or in a shallow furrow to avoid moving herbicides to the middles thus leaving the cotton row unprotected.

Successful pre-plant application of herbicides can be made to hand on beds with power incorporators just prior to pre-irrigation. Because herbicides are not incorporated deeply, planting must be done on top of the bed.

Weed emergence in cotton during the summer after application of pre-plant herbicides indicates that the herbicide has decomposed. As a result, weed control with post-emergence herbicides or mechanical methods should be started immediately.

HERBICIDES RECOMMENDED ARE TREFLAN & DACTHAL
Treflan is a liquid formu-

lation containing 4 pounds per gallon of trifluralin. Thorough incorporation 2 to 4 inches deep is essential when using this herbicide. This herbicide is used also for soybeans, castor beans and many vegetables. It is very effective against volunteer sorghum, weedy grasses, and common broadleaf weeds, but frequently does not control devils claw, buffalobur, cocklebur and sunflower. APPLICATION RATES FOR COARSE, MEDIUM AND FINE TEXTURED SOILS ARE 3/8, 1/2, and 3/4 A OF TRIFLURALIN. This is equivalent to 3/4, 1 and 1 1/2 pints of Treflan per acre. Do not plant sorghum for 12 months after Treflan application at the above rates. If higher rates are used, do not plant sorghum for 18 months.

Dacthal is the trademark for DCPA. Thorough soil incorporation 2 to 4 inches deep insures maximum effectiveness.

This herbicide is used on vegetables and is safe to use where vegetables follow cotton. Dacthal is formulated as a wettable powder containing 50 to 75 per cent active ingredient. APPLICATION RATES OF ACTIVE INGREDIENT ARE 4, 6 and 8 lb./A ON COARSE, MEDIUM AND FINE TEXTURED SOILS.

For further information on herbicides and weed control recommendations for our area, come by the County Agent's office.

Cattle Meeting Tonight

A meeting for Parmar County beef cattle producers is scheduled for tonight (Wednesday) in community room of First State Bank of Bovina.

Dr. Dixon Hubbard, area livestock specialist with the Agricultural Extension Service, will be the main speaker. He will discuss control of cattle diseases, insects and reproduction troubles. Also, information on feeds, rations and improved pastures will be presented, according to Joe VanZandt, Parmar County agricultural agent.

This is the third in a series of meetings scheduled this winter through the county agent's office.

All cattlemen in the county, and others interested in the program, are urged to be present, VanZandt says.

SC Celebration--

FHA ROYALTY -- Billy Marshall was named senior king and Karen Estes was crowned senior queen of Bovina FHA chapter at the sweetheart banquet Thursday night.

Crowned Thursday --
Name Estes, Marshall FHA Senior Royalty

Karen Estes, daughter of Mr. and Mrs. Bob Estes, and Billy Marshall, son of Mr. and Mrs. B. L. Marshall, were named senior queen and king at Bovina High's FHA sweetheart banquet Thursday night in school cafeteria.

They were selected by the high school faculty. The royalty was crowned by FHA Beau Bobby Redden and FFA Sweetheart Carol Kirkpatrick.

The banquet was in honor of FHA members and dates and the senior class. There were approximately 95 in attendance. Rev. J. B. Fowler Jr., pastor of Bovina Methodist Church, was guest speaker. Entertainment was furnished by Margaret Jo and Radford Venable, Beth and Roxie Hutto and Bovina Mustang Stage Band.

In the two years, Queen Karen has attended Bovina High School, she has participated in Junior Class play, student council, newspaper staff, and the high school musical production. Among the offices she holds in her senior year are class treasurer, German Club president, and Pep Club vice-president. Also she was selected most likely to succeed her junior year. She is a cast member of the Senior Class play to be presented March 19. Karen recently won the 1965 Betty Crocker Homemaker of Tomorrow for Bovina High School. Marshall has participated in

Get 1/3 More!

NIPAK 45 gives you 1/3 more nitrogen per pound than any other form of solid nitrogen fertilizer

Get better wheat crops and earn bigger profits. Topdress your wheat with NIPAK 45 right now—for greater yield and higher protein. NIPAK 45 gives you one third more nitrogen per pound than any other form of solid nitrogen fertilizer—which enables you to handle less fertilizer and cover more ground in less time. NIPAK 45 is uniformly prilled, too. It flows easily, won't cake, clog—or corrode your equipment. NIPAK also dissolves in the soil moisture and moves quickly to the root zone where it stays put until your crops need it. So for more grow power ask your local NIPAK dealer about NIPAK 45. He can help you plan a complete fertilizer program because he can provide a complete fertilizer service. NIPAK—THE BEST 5-LETTER WORD FOR FERTILIZER.

With Wins Over Lazbuddie --

Basketball Teams Complete '65-'66 Season

1965-'66 FILLIES -- Members of Bovina High's basketball team which had a 4-4 district mark and compiled a 7-12 season record during the just-completed campaign are, kneeling, left to right, Brenda Pruitt, Linda Rejino, Patsy Cumpton, Connie Vaughn and Margaret Jo Venable. Standing, left to right, Gwen Christian, Judy Minyen, Cathy Minyen, Carol Kirkpatrick, Janice Boothe and Coach Darrel Read.

Mustangs Have Winning Record

Bovina High basketball teams pulled the curtain on the 1965-'66 season here Friday night with a double win over Lazbuddie. This was their final year to compete in a Class B district. The school moves into Class A next year.

The victories in the final tilts gave the Mustangs a 5-3 district mark. The win for the Fillies pulled their district record even at 4-4.

Over the season's campaign, the Ponies won 10 times while losing eight. The Fillies were 7-12 over the season. This was the first year for the teams to play under Coach Darrel Read.

Both teams had easy times with Lazbuddie in picking up the Friday night verdicts. The Mustangs won 66-47. Score of the girls' game was 56-40.

Jerry Roach with 22 points

and Scotty Rundell and Roman Ramirez with 17 each paced the Mustangs' offensive attack. Kenneth Webb had six, and Carl Harris and Billy Marshall two each.

Johnny Broyles was high for Lazbuddie with 12.

Gwen Christian was high point for the Fillies with a total of 22. Judy Minyen and Patsy Cumpton made 17 each. Lazbuddie's Tamra Jennings was high scorer for the game with 23.

In games played Tuesday night of last week at Nazareth, the Mustangs were outscored, 89-79, and the Fillies lost a close one, 58-56.

Young Speaker

At WSCS Meet

Dwight Young of Lubbock was guest speaker for WSCS of Bovina Methodist Church recently.

Young was sent by the city of Lubbock as youth ambassador to Nigeria in June, 1964. He showed slides at the luncheon and told of his experiences in Nigeria.

WSCS members have invited all of the women of all the churches in Bovina for World Day of Prayer meeting February 25 at 2:30 p.m., according to Mrs. Leon Ware.

At the recent meeting, Mrs. Vernon Willard was presented a Life membership pin in WSCS by the Marzi Lynn Circle of Bovina Methodist Church. This is an honorary pin.

1965-'66 MUSTANGS -- Bovina Mustangs completed their basketball season Friday night. They had a 5-3 record in district play and were 10-8 for the season. Squad members are, front row, left to right, Richard Carson, Wayne Davies, Scotty Rundell, and Billy Marshall. Back row, Coach Darrel Read, Jerry Roach, Kenneth Webb, Roman Ramirez, Carl Harris, Manager Radford Venable and Randy Jones. Jones missed the final two games because of a broken hand.

Demonstration--

rics and styles are very exciting. "Permanent Press", has been the hottest news in fabrics for the past two years.

Bonded fabrics are also taking the limelight, with wonderful exciting finishes. Women in the workshop on "Pattern Alterations" are getting ready to sew for spring and their interest is high.

To create and sew for ones self and family can be most satisfying to a homemaker.

While talking about fabrics let us look at some points for Mrs. Homemaker or modern Miss to consider in fabric selection:

Pattern Fabrics Affect Figure
Many seamstresses fail to realize that a patterned fabric can change their apparent shape, advise clothing specialists at Texas A&M University.

The larger the pattern in the fabric, the more likely it is to

increase the size of the figure. Designs that are large, round, or in squares or checks seem to enlarge a figure more than do vertically arranged patterns such as stripes or florals.

Vertical lines repeated without interruption within a rectangular silhouette will emphasize height. An unbelted sheath dress in a stripe fabric worn by a tall, thin person will accent the height and thinness.

The same belt sheath on a short stocky woman, on the other hand, will exaggerate her weight and shortness. The vertical lines, uninterrupted, cause the eye to follow them across the figure instead of up and down.

Small, dainty patterns look well on small figures. They are especially attractive on fragile, delicate women.

Contrasting colors of equal areas compete for attention when you use them for trim. Consider using a contrast

around your face for center of interest.

Use patterned fabric in a garment to contrast with solid colors, making certain the pattern adds to the lines of the dress.

When you select a patterned fabric, consider when and where you plan to wear it. Choose a fabric and dress design that are becoming to you.

Varsity-Faculty Action -- Gary Cox, almost hidden from view at center right, has just let go a high shot at the basket during Monday night's March of Dimes benefit basketball game between the Mustangs and faculty members. Other faculty players, in white shirts are, left to right, Darrel Read, R. G. Douglas, Jake Jacobs, and Roy Stone. Note the ball which appears to be near the ceiling in upper center.

Party At Wilson Home Saturday

Trudy Skjerve had a "mystic" dinner and a slumber party Saturday night for senior girls and senior sponsors in the home of Mrs. A. M. Wilson. She was assisted by Mrs. Wilson, Mrs. Bob Johnston, Mrs. Jack Morris and Mrs. Jim Hemke.

The menu featured tomato juice appetizers with crackers and tossed salad, main course of ham, green beans and stuffed potatoes, also apple rings, hot rolls, iced tea and pie for dessert.

Those attending were Patsy Cumpton, Karen Estes, Connie Vaughn, Carolyn Wilkerson, Carolyn Damron, Bonnie Morris, Linda Johnston, Gwen Christian, Kathy Minyen, Martha Snodgrass, Cassie Knight, Mrs. Wilson DiCuffa and Mrs. Darrel Read.

In Virginia a town called Northwest is in the extreme southeast corner of the state.
