BOTH SIDES CLAIM WICHITA COUNTY

Both the Bailey and the anti-Bailey leaders are claiming the victory in Wichita county in the primary next Saturday. Some of the anti-Bailey men are claiming the county by as high as 290, while others predict lower figures. The Bailey leaders claim the county by not less than fifty votes. While Wichita has been considered an anti-Bailey county, the Bailey men have a pretty effective organization and have been doing some active campaigning and from their manner they evidently believe they have a surprise in store for the anti-Baileys.

clared that the Waco ticket will win special to the Times.

Dallas, Tex., April 30.—Chairman Riddle of the anti-Baileys today declared that the Waco ticket will win the State by at least thirty-five thousand majority, and Dallas county by fifteen hundred. The pro-Bailey leaders claim Dallas county by a small majority.

THE ELIGIBLE LIST

POSTMASTER RECEIVES LIST OF NAMES OF THOSE ELIGIBLE AS MAIL CARRIERS.

10 PASSED EXAMINATION

Four Carriers and Two Substitutes Will Be Appointed From the List of Eligibles.

Postmaster Bacon has received from the civil service examiners the names and the grades of the ten applicants at the clerk-carrier examination held here several months ago, who made grades which will make them eligible for appointment. From the eligible list will be appointed four carriers and two substitute carriers, who will begin their work when free city mail delivery is established here on June 15th. The postmaster can exercise some choice in the appointments and it does not necessarily mean that the four receiving the highest grades must be appointed.

The eligible list and the grades of the applicants are as follows: W. H. Bachman, Sr., 86.30; Charles W. Minor, 85.50; Henry M. Campbell, 80.70; O. H. K. Ross, 77.50; Thomas P. Norwood, 76.55; George H. Barnes, 76.25; William A. Bartlett, 75.55; Joseph E. Holbert, 72.80; James P. Hill, 72.30; Eugene W. Brandenburg, 70.30.

HERE'S THE PROOF.

But Besides Catarrh, Hyomei Cures Grip, Coughs and Colds, Croup and Asthma.

Read: If You Are a Sufferer from Catarrh, Reason and Reflect.

My wife and I will swear that Hyomei cured me of the worst case of catarrh that ever existed. I used to cough constantly at night, and had a dropping in the throat, which kept me awake a great deal. I raised thick phlegm, and was in a horrible condition. However, I am entirely cured solely through the use of Hyomei.

Dr. Philip Z. Hart, Laconia, N. H.

Reader, this one of thousands of testimonials praising the marvelous curative power of Hyomei. If you are a sufferer, why not try it? Robertson's Drug Store guarantees it, and will refund your money if it fails to cure. Hyomei is not a nostrum; it is dry antiseptic and medicated air, and all you have to do to cure any disease of the nose, throat or lungs, is to breathe it in through the Hyomei Inhaler. A Hyomei outfit, including a scientific inhaler, only costs \$1.00. Get one today. Subsequent treatment is only 25 cents a bottle. Get one now at Robertson's Drug Store as they take all the risk and guarantee it. 21-21

MAGAZINE EXPLODED

TWO HUNDRED CADETS AND OFFICERS ON JAPANESE CRUISER LOSE THEIR LIVES.

SHIP SANK IMMEDIATELY

140 Men Were Saved, But of 300 Cadets, Only Fifty-Eight Were Rescued.

By Associated Press.

Tokio, Japan, April 30.—The Japanese training cruiser Matsushima was sunk off Pescadores Island this morning by the explosion of a projectile.

The cruisers Itsukushima and Hashidate rescued some of the crew.

It is feared that over two hundred, including the captain of the Matsushima, were lost. Admiral Yoshimatsu, commander of the training squadron, reports that the explosion took place in the magazine of the Matsushima.

The cruiser immediately sank until only the bridge was visible.

The lives of a hundred and forty-one men, including some officers, were saved. Only fifty-eight cadets out of a complement of three hundred were saved.

The sons of Baron China, vice minister of the foreign office, and Prince Oyama, field marshal, are among the cadets who were lost, and it is feared that Captains Nama, Yoshinori and Yashiro were also lost.

TO THE FLOUR CONSUMERS OF WICHITA FALLS

DID YOU KNOW THAT THE WICHITA MILL & ELEVATOR CO. is one of the largest mills in the South, equipped with the most modern machinery, turning out every day one thousand barrels of flour, besides several cars of meal and bran? It has a pay roll of over \$500 per week, paying off its men in cash every Saturday night a sum of money amounting to over \$1 00 per day, every dollar which is paid to citizens of Wichita Falls, who spend their money in Wichita Falls.

THE WICHITA MILL & ELEVATOR CO. affords a market the year around to the farmers of Wichita County for their grain, paying them as much and often much more than the Kansas City and Chicago cash prices.

THE WICHITA MILL has helped build every railroad into Wichita Falls, being among the very largest contributors to all public enterprises as well as one of the largest taxpayers of Wichita County, paying its full part in the maintenance of the public schools of the county and the municipal government of Wichita Falls.

THE WICHITA MILL makes the highest grade of pure soft winter wheat flour today being offered in the Southwest and guarantee every sack to give entire satisfaction, or money refunded. There are various grades of flour as well as other merchandise—cheap flour and high grade flour. Quality has always been the paramount question with the Wichita Mill & Elevator Co. and before we would deteriorate the quality of our goods we would close down our mill.

DO YOU NOT AGREE WITH US that we are entitled to the patronage which we are so liberally receiving from all the citizens of Wichita County who insist upon always having the best in the flour line.

OUTSIDE MILLS, besides putting out a cheap grade of flour, do not contribute one dollar of the state, county or school taxes of Wichita County, nor do they contribute one cent towards any public enterprise for a larger and Greater Wichita Falls!

When you buy Flour insist upon your merchant giving you the best Flour manufactured by

MEN'S AND BOYS' OUTFITTERS.

CHILDREN DROWNED

THEY SOUGHT SHELTER IN DUG-OUT BUT WERE DRIVEN OUT.

ENGULFED IN TORRENT

Older Sister Made Heroic Effort to Save Their Lives, But all Three Perished.

Weatherford, Tex., April 24.—Information reached this city this morning of the drowning of three little daughters of J. L. Lovelace, near Springtown late Wednesday afternoon, under very unusual circumstances. The dead:

- BERHA LOVELACE, aged 14.
- CARRIE LOVELACE, aged 9.
- DONNA LOVELACE, aged 7.

Mr. Lovelace formerly lived at Peaster, but now resides about three miles northeast of Springtown in what is known as the Terrapin Neck community, and his children attended the public school in Springtown, taught by Prof. Johnson, brother of County Superintendent J. N. Johnson of this city. Wednesday afternoon about the time school was dismissed a heavy black cloud came up and all the pupils made quick time in the direction of home in order to avoid what seemed to be an inevitable drenching. The three little girls, Bertha, Carrie and Donna, were walking and were accompanied by a little brother, Harvie. As the great cloud seemed to settle down on them and the big rain drops began to patter down in the road about them, they became frightened and sought safety in a dugout or storm cellar on the place of Ben Wylie, a short distance out of Springtown.

After reaching the dugout and enclosing themselves beneath its friendly shelter, the children rested in fancied security while the storm king held high revel outside. The storm had broken over that section with all the fury of a veritable waterspout, and the thoroughly frightened children huddled in the dugout until the water began to pour into the entrance in a perfect sheet. Believing that they would be drowned if they remained in the dugout, which was fast filling with water, the four wretched and thoroughly frightened children made a rush for the outside and out into the pitiless storm they went, with no shelter to protect them from its fury. Now thoroughly demoralized, the four children next took refuge in a deep gully that had been washed beside the public road by the waters of many previous rains, and it was here that death came to the three little girls. As they crouched shivering in the

gully and the rain beat upon them with all the fury of the passing tempest, a great rush of angry storm waters swept down upon them and in a moment they were completely engulfed. There was no opportunity for the older girl, Bertha, to escape. She was larger and stronger than her two little sisters and when the flood swept them off their feet and they were floundering in the turbid depths, the older sister nobly went to their rescue, and lost her own life with them. She could not save them, but she could and did give her own noble young life in the effort and death never claimed a truer or grander heroine.

The alarm was given and a searching party was organized and the bodies of the three little girls were recovered and yesterday they were all tenderly laid to rest in the same grave in the Springtown cemetery.

As they found death together, so will they rest and arise when the great day comes.

ANOTHER DIRTY JOB

BURKBURNETT MAN SLUGGED AND ROBBED OF \$65 IN CASH, WATCH AND TICKET.

SUSPECT UNDER ARREST

When Caught By Bowle Officers He Had Some of the Stolen Articles In His Possession.

From Friday's Daily.

W. W. Deal of Burkburnett, in the city en route to Iowa City, Iowa, was slugged in the head by a robber or robbers near the Wichita Mill last night at about 9 o'clock and was robbed of his purse containing \$65 in cash, a gold watch and a railroad ticket to Iowa City, for which he had just paid something over \$17.00.

While waiting for his train, Deal had taken on a few drinks and had started out to see the sights of the tenderloin. It seems that he fell into the company of a man who pretended to be deaf and dumb and while walking through the yards he was hit over the head with a slung shot or some other weapon and knocked into insensibility. When he recovered, his companion, together with his purse, money, watch and railroad ticket was missing. He reported the robbery to the officers, but they were unable to find any man answering the description given of Deal's companion.

The police in all the surrounding towns were telephoned a description of the man supposed to have committed the robbery, and early this morning the man was arrested in Bowle by Officer Wales and some of the articles taken from Deal were found in the man's possession.

Constable Randolph left at noon today for Bowle to bring the man back to this city.

According to the information received in the message from Bowle this morning, the man arrested there, while having the watch and other stolen articles, had only about \$20 of the money and it is thought that he may have had a pal with whom he divided the money here.

Charles W. Butler Dead.

Charles W. Butler, after weeks of sickness and suffering passed into eternal rest at the home of his brother-in-law, Bert Bean, in this city at 9:15 o'clock Sunday night.

On the 4th of last March Mr. Butler's home near the city caught afire and was partially burned. In fighting the fire and taking his household goods from the building, Mr. Butler became ill from excitement and over-exertion, which brought on heart trouble.

In the weeks that passed Mr. Butler made a brave fight for life, but about a week ago, after apparently being much better, the patient grew worse and for several days had been gradually sinking toward the last sleep.

Mr. Butler was born in Jackson, Michigan, October 15th, 1871. He was married to Miss Nina Bean Dec. 2nd, 1902, who, with one child, a boy aged 3 years, survive him.

Last September Mr. Butler and his family moved to this place, where he engaged in farming near this city.

The funeral will take place from the residence of B. J. Bean at 4 o'clock this afternoon and will be conducted by Rev. J. A. Stafford, pastor of the Tenth Street Methodist Church.

Lucy Spence Roberts.

Lucy Spence Roberts was born near Waco, McLennan county, September 18, 1858, and died at her home about five miles northeast of Wichita Falls on Thursday at 12:20 p. m., April 23, 1908, aged 49 years, 7 months and 6 days.

For twelve years she had been a patient sufferer of that dread disease, consumption; and for the past six weeks had been lying at the point of death. Though loving hands have ministered to her every want, it was all to no avail.

On October 18, 1878, she was united in marriage to Mr. J. M. Roberts, and to this union were born nine children, all of whom are living. They are as follows: Roxie, Iola Tarwater of this city, Lulu Goble of Waxahachie, Guy, Edgar, Charlie, Ethel, Carrie and Anile.

Having moved to their present home twenty-three years ago, she was really one of the pioneers of this country, and has endured many of the hardships incident to the life of the early settler.

She has long been a member of the Methodist church and Rev. Farley had charge of the services, which were held Friday afternoon from the home.

Olives and Olive Oil As a Spring Blood Medicine

The average olive of Commerce is but a poor thing compared with its aristocratic cousin of the far East.

In order to realize what the olive is at its best you must have those that are carefully selected from the finest groves and then handled, cured, processed and packed with an eye to quality and perfection.

The olive is delicate and elusive, yet almost aggressive in its distinctiveness; it is tempting and seductive, yet full of quality and character.

To call it "appetizing," "delicious" does not express it all for no other gift of nature makes so strong an appeal upon the appetite of every one as a good olive.

35 and 65c per bottle.

And the olive yields a rich golden oil which makes possible the most notable triumphs of cookery and adds an otherwise unattainable zest and relish to scores of foods of various kinds, and is in itself a food of rare value, a specific for many ills, and a royal road to healthfulness of skin and beauty of complexion which all women should know and realize.

THE STATE SEAL OF OKLAHOMA.

The State seal of Oklahoma furnishes an expression of the individuality in this new State. In the center is a five-pointed star, and in each point of the star is the symbol of one of the five Indian tribes: here is the Cheekasha national seal, wherein the Indian warrior stands upright with bow and shield; the Choctaw has his tomahawk, bow and three crossed arrows; the Seminole nation is represented by a village opposite a lake, which has a float on it, an Indian paddling in his canoe; the Cherokee Nation is represented on the fifth point of the star and is surrounded by a wreath of oak leaves. The Creeks also have their emblem on the shield. In each one of the indentures of the star are groups

of nine stars, representing altogether the forty-five other States; while the large star in the center indicates the new State—the forty-sixth in the union—so that now, as in the days of Tecumseh, when the Indians referred to the American nation as "my brother of the thirteen camp fires," the full bloods of Oklahoma can gather about their tepees and look upon the great cities and towns and railroads crossing the prairies of old, and think of the Great Father now having "forty-six camp-fires." Instead of thirteen as in colonial days.—From "The Story of Oklahoma," by Joe Mitchell Chapple, in the National Magazine for April.

Another week and the Bailey matter will be settled—for a time at least. Next Saturday, May 2nd, the voting takes place and in this election votes are supposed to settle the contest. Wichita county is about evenly divided on the matter and so far as this paper can judge from its exchanges, published in different sections of the State, the contest is one that will be exceedingly close. Senator Bailey is making from one to three speeches daily and drawing large crowds wherever he appears. Mr. Johnson, not being a United States senator, is not so great an attraction, but he is drawing fairly good crowds wherever he speaks. Senator Bailey never fails to advertise the Dallas News in his speeches, and that paper is reaping a harvest. It is not only sought for by the Bailey people, but is eagerly read by the anti-Bailey people. The News is opposed to Senator Bailey editorially, and is fighting him hard, but the news has not lost its business sense and whether Bailey wins or not, the paper will be more widely read than ever. The News seems to be one of those papers which does not like to graze on the briars thistles which grow in the corners of the fence, but rather prefers to wade out into the middle of the field, where the grass grows tall and luxuriant, and graze to its heart's content. But by being editorially against Bailey, it has gained the good wishes together with the patronage of the anti-Baileyites, and by using its news columns to report the speeches of Senator Bailey as they fall from his lips, makes the paper popular with the supporters of the junior senator. Financially speaking, the News is the biggest success of any newspaper enterprise in the Southwest.

There is nothing like going after things when you want them. About four months ago the Chamber of Commerce decided that Wichita Falls was entitled to a government or postoffice building, and appointed a committee to look after the matter. The result of that committee's work was told in Saturday's Washington dispatches, which stated that the committee on appropriations for public buildings had reported favorably an appropriation of \$50,000 for a public building at Wichita Falls. Had not the Chamber of Commerce taken this matter up when it did, it is very easy to see that so far as the present congress is concerned, the construction of a public building at Wichita Falls would not have been considered. The bill will, in all probability, pass both houses of congress, and if it does the only thing that can prevent Wichita Falls having a \$50,000 postoffice or government building will be the president's veto, and under the law, if the president exercises that prerogative, he will necessarily be compelled to veto the whole public buildings appropriation bill as recommended by the committee.

ROCK & DUKE

There will be more money expended in the construction of business and resident property this year than for any two years previous. It requires something more than a panic or even a failure of small grain crops to give Wichita Falls a setback. Both city and farm property have constantly enhanced in value. There is no boom, but just a constant growth in population and wealth. Two years ago the combined voting strength of all parties in the county was less than 1,200. The number of poll tax receipts paid prior to February 1st of this year indicate that there are more than 1,800 qualified voters in the county, including all those exempt from such a tax. This of itself shows a substantial and steady growth. In fact, there is no town or county in the State that has made better progress in the way of adding to its population and wealth during the past two years than Wichita Falls and Wichita county, and at the present rate of increase Wichita Falls will be a little city of more than 10,000 people in less than another two years.

The Mineral Wells Index has installed a type setting machine and tells about it in the following:
Today the Index puts on a new dress, the work of our new type setting machine. Just eight years ago the Index started in a small way. We have kept adding machinery as our business grew until our equipment now includes a folder, four presses and a Linotype machine, the latter involving an expenditure of some \$3,500, including freight, motor, and the installation of same. It is the intention to keep a little in advance of the procession and from now on we propose to show what we can do towards printing a newspaper. We are going to feed that machine all the copy it can eat and if one operator cannot grind it out fast enough we will work the thing overtime. In other words, the machine is a costly affair and we are going to try and make it pay for its whistle. The machine is not a circus, but any one who desires to see iron, brass and steel fairly talk, are invited to call and see it run.

The sidewalks of Wichita Falls are the envy of all the towns in Texas. These sidewalks have cost a lot of money, both to property owners and to the city treasury, but no what we have them they seem a necessity and the people would not do without them for many times their cost.

The worst thing about breaking in new shoes is the hard stiff feeling of the soles. Every step is an effort to make the leather bend. You instantly notice a difference when you put on a pair of "Dorothy Dodd" shoes. They are flexible. The foot feels as if it rested on a cushion instead of a hard leather bottom.

Watch Neglect!

Do most people neglect their timepieces?

Yes, both watches and clocks are usually allowed to run until they will run no longer.

How does this affect them? It unduly wears the more delicate parts.

This must surely injure them? It does. The time-keeping qualities of a watch or clock depend upon the treatment it receives. Where can one get good, skilful repairing?

At Fonville's Jewelry Store. Besides good work, what else do they promise?

Promptness and fairness of their charges.

CHAIRMAN OF COUNTY COMMITTEE ISSUES CALL FOR PRIMARY ON MAY 2nd.

JUDGES ARE APPOINTED

Delegates to the State Convention Will Also Be Selected on the Same Date.

In the absence of Chairman C. C. Temporary Chairman Edgar Scurry of the county democratic executive committee this morning issued the following calls and instructions for the primary conventions to select delegates to the national convention, and to the State and district convention.

It will be noted that the test adopted at the meeting of the committee on April 14th has been omitted from the instructions and the call, the committee having decided to follow the rules laid down by the State committee.

The calls and instructions follow: To the Democrats of Wichita County: In accordance with a resolution of the county democratic executive committee of Wichita County, Texas, at a meeting called and held in the city of Wichita Falls April 17, 1908, a democratic primary election is hereby called and directed to be held in all the voting precincts of said Wichita county, Texas, Saturday, May 2nd, for the purpose of electing four delegates at large and four alternates at large to the national democratic convention to be held in the city of Denver in July, 1908. Such primary election to be presided over by the judges of such precinct; provided, that if such designated judges shall fail to open polls at such time then the

qualified democratic voters present may proceed to elect from among themselves two judges for such election and such judges shall appoint two associate judges and two clerks, one judge and one clerk to be appointed from among the adherents of each combination of candidates for delegates at large and alternates at large, from among the names furnished them by the proper representatives of such combinations.

Anyone will be entitled to vote in said primary election who will take the following pledge: "I am a democrat and pledge myself to support the democratic presidential electors nominated by the democratic party in 1908 and the nominees of the democratic party to be nominated in the primary election to be held in Texas in July, 1908."

And it is further ordered that a county democratic convention is hereby called and directed to be held at 1:30 p. m. sharp, in the county court room of the court house in the city of Wichita Falls, Texas, Tuesday, May 5, 1908, for precinct No. 2 in Wichita Falls and at the Commercial Club rooms for precinct No. 1, for the purpose of electing delegates to the State democratic convention to be held in the city of Fort Worth, Texas, May 6, 1908, and for the transaction of such other business as may come before the convention.

BRAKEMAN GRAY INJURED BY FALL

From Friday's Daily. Robert Gray, a brakeman on the Fort Worth and Denver, and a son of Train Dispatcher William Gray of this city, was severely injured in a fall in the caboose of his train while running near Quanah at about 8 o'clock last night.

The first reports received here were to the effect that Gray was seriously injured, but on examination it was found that beyond a severe wrench of his spine he had suffered no other severe injuries.

Gray was brought to this city, arriving at about 4 o'clock this morning and was taken to his room at the home of A. L. Huey, at the corner of Ninth and Austin streets, where he was resting easily this morning.

It is believed that his injury is not of a serious nature and that he will be able to be out in a few weeks.

EVADES HER PURSUERS.

Woman Kidnaps Two Children at Haskell and Makes Her Escape.

From Friday's Daily. Marshal B. H. Bickers of Munday was in the city today searching for a woman and two children, a boy aged 11 and a girl aged 15, whom she is alleged to have kidnapped at Haskell last Tuesday.

The father of the children is said to be a prominent physician at Haskell. The woman who abducted them is their mother, who has been separated from her husband for several years and has been living at Pecos City.

Last Tuesday she took the boy and girl in a buggy and drove from Haskell and so far has kept ahead of her pursuers.

The woman is believed to have been in Wichita Falls with the two children yesterday. A woman answering her description walked into the Wichita hotel and telephoned to John Gilbert, the livery man, to send to the hotel and get a rig, which he did. Later the same woman sent a telegram to Haskell telling a livery man to send to Wichita Falls to get his rig.

This was the last trace that has been found of the woman, but it is believed that she succeeded in getting out of town with the children on a train.

Washington, D. C., April 27.—It is announced that President Roosevelt will send another special message to congress tomorrow, urging the necessity of action on the recommendations in his previous message.

The tariff, injunctions, forest reserves, child labor and national incorporation laws will be urged, it is said.

MISREPRESENTATION

DISPATCH FROM THIS CITY PUTS
FARMERS' UNION OFFICIALS
IN FALSE LIGHT.

POLITICS ARE AVOIDED

Dispatch is Either a Willful or Ignorant
Misrepresentation, Says Man-
ager McConkey.

Several days ago a representative of
the Times called to the attention of
Mr. J. L. McConkey, manager of the
Farmers' Union warehouse in this city,
to the following dispatch, which was
reprinted in the the Houston Post
from the New Orleans Picayune.

At the request of the Times Mr. Mc-
Conkey has prepared the statement
which follows the dispatch to show
his own and what he believes is the
position of President Neill in connec-
tion with the insinuation made in the
dispatch:

Wichita Falls, Tex., Mar. 22.—The
Farmers' Union, which has been a
powerful factor in Texas, is now divid-
ed into two factions, one of which,
headed by practically all of the State
officials, seems inclined to meddle in
all political affairs, and the other,
headed by no one particular person, is
endeavoring to build warehouses and
cotton seed sheds for the benefit of the
farmers.

Mr. J. L. McConkey of this city be-
longes to the latter faction, and has
handled cotton and cotton seed through
the union warehouses here so success-
fully that higher prices have been paid
the farmers both for cotton and seed
in this section than in any other part
of the State.

President D. J. Neill is an old-time
worker in the populist party and W. T.
Laudermilk, a school teacher and
chairman of the executive committee,
is also an old populist worker, and all
other members of the executive com-
mittee, as well as Secretary-Treasurer
Smith, are middle-of-the-road populists,
hence it is not very difficult to lead
them all into politics, and the anti-
Bailey forces seem hopeful of securing
full indorsement from that faction.

The only democrats in the present
official family are Vice President Lane
and Organizer B. F. Chapman, and
both have been almost completely ig-
nored by the other State officers.

President Neill's chief advisers are
Clarence Nugent, a labor-union law-
yer and son of the late Judge Nugent,
populist candidate for governor against
Hogg, and Sam Hampton, a newspaper
man, whose radical utterances on so-
cialism are well known. Another fac-
tor in the case is some well known cot-
ton firms in Galveston, who are
known enemies of the warehouse sys-
tem, and they are doing all possible to
divert cotton from Houston and New
Orleans in favor of Galveston, and it
is said they are the financial backing
of the Neill-Nugent-Hampton faction.

A large area involved is much nearer
New Orleans than Galveston, and it is
believed that most of the cotton from
this section will eventually go to New
Orleans, after a system of warehouses
are built, and much interest is being
manifested to see if the warehouses or
political faction will finally prevail in
the roster of the Farmers' Union.

There is no doubt but what the ma-
jority of the membership favor this
idea, which has been kept to the front
by O. P. Pyle, former president, but
he has also been completely set aside
by President Neill and his advisers,
and many are of the opinion that the
fate of the union is now in the balance
on the question of politics vs. ware-
houses.

The above is a special to the New
Orleans Picayune. It is the under-
standing that President Neill has been
laboring to keep the union out of polit-
ics, but if he expects to succeed he
will have to keep professional politi-
cians out of places of authority.—Ea-
stor Post.

Editor Times:—Allow me to thank
you for calling my attention to the
above and for offering space in your
live paper to comment on it. I do not
know the author of this article that
seems to have gone the rounds; from
here to New Orleans and return by the
way of Houston. It is very easy, how-
ever to see the finger prints of the
same old disturbers that have beset
our path since the Farmers' Union or-
ganization first started out in the in-
terest of the producer. In the dis-
guise of a news item from Wichita
Falls they seek to breed discontent in
the ranks elsewhere. The writer either
willfully or ignorantly misrepresented
the situation both here and in the
State. It is well known to all who
have kept posted that the State offi-
cials of the union in general and D. J.
Neill in particular have studiously
avoided politics of any shape or form
and have ever advised the member-
ship to do the same. This is one of
the vital articles of our constitution
and is rigidly enforced.

This article also insinuates that
President Neill had nothing to do with
building the three hundred and fifty
warehouses now in Texas, and that he
opposes them and is more interested
in politics and "some well known cot-
ton firms in Galveston" than he is in
the farmer. The fact is D. J. Neill's
big feet have stepped off the ground
for most of the warehouses in Texas.
He has spat tobacco juice on four-
fifths of the farmers' union stoves in
Texas. He has preached warehouses and
cursed bucketshops from Texar-
kana to El Paso. He has been wined
and dined and honeyed and taffeyed
and patted and praised by those who
tried to get him into politics and when
all that failed was cursed, abused and

beat because he refused to join the
bucketshop brigade.

The far-fetched writer, who may or
may not have seen Wichita Falls, tries
to inject some Bailey politics into the
union at long range. This may be the
prime object of this unsolicited effu-
sion. I assure you that Bailey or anti-
Bailey cuts no ice in the union. I do
not know the attitude of any member
of the State committee on this matter
and I doubt if any of them know my
position.

If the writer had used the word
"faction" instead of "faction," it
would have been more appropriate, as
the opposition to Neill represents such
a small part of the membership that it
does not assume the proportion of a
"faction." He is hereby instructed to
scratch my name off of his faction, for
the reason that I have always stood by
the union and its State officers. If my
information is correct, ninety-nine out
of every hundred of the rank and file
do the same.

I suppose I must thank this unknown
correspondent for the "tuff" thrown
out to me, but I don't like the extra
trimmings he throws in, nor do I like
the company I have to keep while I
eat it. Yours for the warehouse.

SETTLING BASIN TOO SMALL.

Otherwise Kansas City Method of Clarifying Water is Satisfactory.

While a member of the city council Dr. J. F. Reed last month addressed a letter to the mayor of Kansas City, making inquiry as to the satisfaction given by the settling basins used there in the city water works, the process used in Kansas City being the same as that the local water company propose to install.

A few days ago he received the following reply to his inquiry:
Kansas City, Mo., April 17, 1908.
Mr. J. Fleetwood Reed, M. D., Wichita Falls, Texas:

Dear Sir:—
Referring to your favor of the 29th ult., addressed to the mayor, which has remained so long unanswered, I have to say in reply:

1st.—Settling basins are not entirely satisfactory to the people generally, owing chiefly to the fact that they are too small.

2nd. The water is not in any way contaminated by the coagulated substances, so as to render it unpalatable or injurious to the health.

3rd. The chemical analysis shows that no alum appears nor could appear in the water, because there still remains as much as one hundred and twenty parts per million by weight of temporary hardness in the water. Very truly yours.

O. P. BLOSS, Secretary.

Death of Mrs. Elizabeth Utley.

Mrs. Elizabeth Utley, aged about 45 years, died at her home on the Hillburn place, about three miles north of town, at 6 o'clock Wednesday morning from heart failure.

Mrs. Utley had not been in good health for some time, but had not been confined to her bed and a short time before her death had eaten a hearty meal.

A husband and two children survive her death.

The funeral was held Thursday afternoon and the body was laid to rest in the Riverside cemetery.

The Presbyterian Revival.

From Monday's Daily.

There were splendid services at the Presbyterian church yesterday, both morning and evening. Several members were received into the church at the morning service, making fifteen additions since the meetings began. The audiences were large, unusually so at the evening hour, as all the congregations in the city united in the service.

Dr. Caldwell preached two magnificent sermons. At the morning worship his discourse was pronounced by many one of the greatest ever delivered in our city. From the subject, "Little Foxes," was taken the text, "Take us the foxes, the little foxes that spoil the vines; for our vines have tender grapes." He profoundly impressed the large audience with the fact that it is the little things in life that are so destructive to usefulness and happiness in the world. His sermon was illustrated with many practical and tender incidents which characterize all his addresses. This earnest and helpful sermon will be long remembered and will, no doubt, be the turning point in the lives of many who heard it.

At the evening service Dr. Caldwell took for his subject "Cross-Bearing," in which he drew two pictures, showing that all in life worth while costs an effort. Life was represented as a great thoroughfare, in which all kinds and classes of people were traveling. In this way every one had to bear his cross—some did so with joy and gladness, while others did so with reluctance. He emphasized that all wicked lives were the result of disobedience to God's plans and methods which were designed for the well-being of the human family. He held that the glorious life is one in harmony with the will and purposes of God.

Few men present a gospel of helpfulness as does Dr. Caldwell. He seems to be peculiarly inspired with a message to help men live a high, glorious life in the midst of various and tempting conditions. No one can estimate the influence for good upon the lives of our people of these practical, yet strong discourses. Preaching tonight at 8 o'clock.

The first excursion on the Southwestern railway went out yesterday evening. District Attorney Martin and a gentleman named Keel who hails from Gainesville went to Halsell to discuss Baileytomy, accompanied by quite a party, who "went along." The same two gentlemen divided time at Blue Grove Wednesday night before a good audience.—Henrietta Review.
