DEMOCRATS OVERWHELMED IN CRUSHING DEFEAT

Republican Victory Grows In Magnitude As More Com- plete Returns Are Re- ceived.

TAFT MAY RECEIVE MORE ELEC- TORAL VOTES THAN ROOSEVELT

Bryan Is Overwhelmed In Republican Landslide But Showed Strength In Central and Western States.

Illinois Gives Taft 175,000.
By Associated Press.
Chicago, Ill., Nov. 4.—The early morning returns will not materially change the figures sent out last night. Taft's plurality in the State is estimated at from 100,000 to 175,000. The entire republican State ticket has been elected, Deneen for governor receiving a plurality of about forty thousand. The congressional delegation will consist of nineteen republicans and six democrats.

Taft Leads in Maryland By Narrow Margin.
By Associated Press.
Baltimore, Md., Nov. 4.—The latest returns show that the result in Maryland for president is very close. The latest figures show that the plurality for Taft is 163 votes.

New York City for Taft.
By Associated Press.
New York, Nov. 4.—Taft's plurality in Greater New York is 15,645.

Democrats Make Big Gains in Indiana.
Indianapolis, Ind., Nov. 4.—Marshall, the democratic candidate for governor, leads Watson, the republican candidate, by eight thousand. Taft's plurality will be about fifteen thousand. The congressional delegation will probably be seven democrats and six republicans. The legislature is in doubt.

Bryan Leads in West Virginia.
By Associated Press.
Cincinnati, Ohio, Nov. 4.—Early today the vote in West Virginia indicates an even break between Taft and Bryan, with the democratic candidate having less than a score of votes the better of it. Bennett, the democratic candidate for governor, was elected by a plurality of several thousand.

Ohio Gives Taft 50,000.
Cincinnati, Ohio, Nov. 4.—Taft's plurality in his native State will not be less than fifty thousand. The indications early today are that Harmon, democratic candidate for governor, will have a plurality of ten thousand, although the republicans have not given up hope.

The democrats have gained one in the congressional delegation. Longworth, republican, has been re-elected.

Republicans Carry Montana.
By Associated Press.
Helena, Mont., Nov. 4.—Indications show today that Taft will carry the State, but Norris, the democratic candidate for governor, will be re-elected. Long, democratic nominee for congress, is also elected.

New York, Nov. 4.—Returns up to 10 o'clock today indicate that Taft will have at least 298 electoral votes and at that time it began to look as if the figures would reach the 325 mark and possibly approach 336 votes.

Republicans Will Control Congress.
By Associated Press.
Chicago, Ill., Nov. 4.—It is now certain that the republicans will control the next house of representatives. Re-

turns from three hundred and fifty-five one hundred and fifty-nine. Thirty-six are missing. The number necessary to control is one hundred and ninety-six.

Bryan Carries Nebraska.
By Associated Press.
Lincoln, Neb., Nov. 4.—Bryan has carried his own county by a handsome plurality, reversing the republican majority of two thousand. He will carry his own State by ten thousand. Schaf-lenberger, the democratic candidate for governor, has been elected.

Maryland is Democratic.
By Associated Press.
Baltimore, Md., Nov. 4.—Later returns indicate that the slight plurality for Taft has been wiped out and that Maryland has gone for Bryan.

Hadley Leads in Missouri.
By Associated Press.
St. Louis, Mo., Nov. 4.—Hadley is leading Cowherd by 15,042 votes for the governorship, according to incomplete returns from forty-nine counties, including Kansas City and St. Louis.

Republicans Win in California.
By Associated Press.
San Francisco, Cal., Nov. 4.—It is estimated that Taft will carry the State by a plurality of seventy-five thousand and possibly that all the republican congressmen are elected.

Sixty Thousand in Iowa.
By Associated Press.
Des Moines, Iowa, Nov. 4.—The entire republican ticket has been elected by a plurality of sixty thousand.

Taft Expresses Gratification.
By Associated Press.
Cincinnati, Ohio, Nov. 4.—"I believe that I have been elected by the business men of the country, Democrats as well as republicans, and that I have received my share of the labor votes, and that the farmers generally have stood by me. I am very much gratified," said Judge Taft in an interview today.

Maryland is for Bryan.
By Associated Press.
Baltimore, Md., Nov. 4.—According to the latest figures, Bryan leads Taft by about one thousand.

Kentucky for Bryan.
By Associated Press.
Louisville, Ky., Nov. 4.—Bennett and Langley, both republican, have probably been elected to congress from Kentucky. Bryan's majority in the State is between eleven and twelve thousand.

Tennessee is Democratic.
By Associated Press.
Nashville, Tenn., Nov. 4.—Both the State and National democratic tickets have won in Tennessee by from twenty to thirty thousand. The democrats have carried all the congressional districts, excepting two.

Utah is Republican.
Salt Lake City, Utah, Nov. 4.—Twenty thousand plurality for Taft and ten thousand for the republican State ticket was indicated early today.

Arkansas—Bryan has carried Arkansas by a reduced majority.
California—Taft has carried California by 56,000.
Connecticut—Taft has carried Con-

OUR NEXT PRESIDENT?

WILLIAM HOWARD TAFT.

necticut by a majority of 20,000. Lilley, republican candidate for governor, has a majority over Robertson, democrat, of 15,000.
COLORADO—The State of Colorado is democratic by at least 10,000.
DELAWARE is very close, the republicans claiming the State by 2,500 at last accounts.
FLORIDA is democratic by 18,000 or 20,000. Owing to the slow count of the vote actual figures cannot be given.
GEORGIA, the home State of Tom Watson, has gone democratic, but the usual majority has been reduced. Clark Howell, national executive committee man, claims the State for Bryan by at least 20,000.
INDIANA has probably given a majority of 15,000 for Taft, but elects a democratic governor and seven congressmen. The legislature is in doubt.
IOWA has given Taft a majority estimated at from 40,000 to 60,000. A solid republican congressional ticket has been elected. Roosevelt carried the State by 158,000.
KENTUCKY—Bryan's plurality in Kentucky will not be less than 12,000. Nine, and probably ten congressional districts were carried by the democrats, which is a net loss of two to the republicans.
IDAHO—Complete returns have not yet been received, but the majority of 20,000 claimed by the republicans is thought to be conservative from returns that have been received.

ILLINOIS—The national ticket has won in Illinois by a majority of 175,000 and the State ticket is elected by at least 75,000. Chicago and Cooke county gave a plurality for Taft of 50,000.
KANSAS—The State republican ticket is elected by a plurality of at least 20,000, the national ticket by a few thousands more.
LOUISIANA—The State has gone for Bryan by 40,000 or more. All democratic candidates for State offices were elected by about the same sized majorities and the democrats won every congressional district.
MAINE—This State gave a republican plurality of 31,500.
MASSACHUSETTS—Taft carried this State by a 120,000 majority.
MARYLAND—The latest bulletins from Maryland give the State to Bryan by a small majority, about 1,000.
MISSOURI—This State has again dropped back into the democratic column, after having given its vote four years ago to the republicans. The majority for Bryan is at least 30,000. Cowherd, democratic candidate for governor, defeats Hadley, republican, by about 20,000 majority. The latest returns indicate that Stone has defeated Polk for the United States senate.
MISSISSIPPI—The usual 50,000 majority was given the democratic ticket.
MICHIGAN—It is conceded that this State has gone republican by a majority of 100,000 or more. In the race for governor, the contest is very close, but

the republican candidate has probably been elected by a majority considerably less than that given to the national ticket.
MINNESOTA—This State went republican by a plurality estimated at from 10,000 to 25,000, but elected Johnson, democrat, for governor.
MONTANA—Bryan carried Montana, though the vote is close.
NEW HAMPSHIRE—The count is slow, but enough is known to estimate the republican majority at 20,000.
NEW JERSEY—The republicans swept everything clean in this State by a majority of 80,000.
NEW YORK—The latest estimate of the vote of New York gives the State to Taft by a majority of 150,000. Taft carried Greater New York by a majority of 15,000.
NORTH CAROLINA—This State showed not the slightest indication of parting company with the Solid South. The majority given the democratic ticket is at least 40,000.
NEBRASKA—Bryan carried his home State by a majority of 12,000. He also carried Lincoln, his home town, and the precinct in which he resides. The State democratic ticket was also elected by a majority little less than given the democratic national ticket.
OREGON—It is estimated that Oregon has given the republican national and State tickets a majority of at least 25,

TEXAS GIVES HER USUAL MAJORITY

DEMOCRATS CLAIM PLURALITY OF
165,000 FOR BRYAN IN THE
LONE STAR STATE.

CAMPBELL WINS BY LESS

Col. Simpson, Republican Candidate,
However, Fails to Poll as Many
Votes as Expected.

Wichita county gave her usual majority for Bryan and the democratic State ticket. In most instances the candidates on county democratic tickets have run slightly behind the State and national tickets, but all have been elected by a good vote.
The local option election in the Burk-burnett commissioners precinct resulted in a victory for the drys, who had a majority of eight votes in the two voting precincts.
With the exception of the Beaver Creek box all the returns had been sent in to the county clerk this afternoon and the tabulation of the county will be published in the Times tomorrow.

Texas Delegation is Republican.
Campbell is keeping even with the ticket and Simpson has made a gain of only 1500 over Taft in fifteen counties.

Tarrant county gives Bryan and Campbell pluralities of over 6,500. Gillespie is re-elected to congress in the twelfth district, and Sheppard in the first. Stevens is elected in the thirteenth and Smith in the sixteenth. Hardy in the sixth, Small in the fifth, and Russell in the third.
The latest returns indicate that Garner is safely elected, although by a small majority over Moore.
In the congressional districts the democratic candidates are all elected. At least one republican representative will be in the next legislature, Baal, republican, defeating Onion, democrat, in the San Antonio district.

Campbell Runs Behind.
Special to the Times.
Larange, Tex., Nov. 4.—Eighteen precincts out of thirty-four give Campbell two hundred majority. All republican boxes report all democratic candidates elected.

Results at Dalhart.
Special to the Times.
Dalhart, Tex., Nov. 4.—The returns are incomplete, but the indications are that all the democratic candidates have been elected. Hartley county reports all democratic candidates elected.

Garner is Re-Elected.
Special to the Times.
Houston, Tex., Nov. 4.—Nine counties out of twenty-two in the fifteenth district give Garner 2394; Goree, 2048; Moore 2068. Of these only Webb county went for Moore. Garner's election to congress is conceded.
Baal, republican, defeated Onion, democrat, for State senator by a large vote.

Simpson is not piling up the vote in South Texas that was expected.

Every Candidate Elected.
Special to the Times.
Fort Worth, Tex., Nov. 4.—Additional returns received here today indicate that every democratic candidate in North and West Texas has been elected by a large majority.

Refugio is for Taft and Simpson.
Refugio, Tex., Nov. 4.—Taft received 105; Bryan, 79; Campbell, 70; Simpson, 115. The county will likely go republican, but the democrats claim to have carried it.

Seguin is Republican.
Seguin, Tex., Nov. 4.—All the precincts in this city give Taft a plurality of 131 and Simpson a plurality of 220. The complete returns of Guadalupe county are not in yet, but the vote will be close between the democrats and republicans, with the democrats slightly leading in the precincts outside of Seguin.

Garner Will Win By Close Shave.
Special to the Times.
Sabinal, Tex., Nov. 4.—Partial returns give Bryan 1,500; Taft, 48; Campbell, 1,500; Simpson, 48; Garner, 153; Moore, 53. It appears that Garner will win by a small majority.

PHONE COURTSHIP BARRED.

Billing and Coaling on Wire Forbidden to Trenton Teachers.

"Billing and coaling" between young women school teachers and their sweethearts over the telephone wire must cease, at least during school hours, because, say the Trenton school authorities, such conversations are not seemly should anyone inadvertently break in on the line, and also because the telephones are for school business and not for "spoonging."

The order, of course, has caused criticism and considerable indignation among the 500 pretty young school mams of the city, all of whom, it is said, are positive in their denials that they never "spoon," either on the telephone or elsewhere.

The incident which stirred up the trouble occurred when Supervising Principal Mackey, in trying to reach one of the schools by telephone, interrupted a conversation made up mostly of endearing terms and giggles. In the two minutes he was on the wire Dr. Mackey heard more "dears," "sweethearts," "honey boys" and "darlings" than probably he has heard in a long time. It was like a passage from Romeo and Juliet, with the telephone wire substituted for the balcony.

It was when a teacher's voice declared that the man on the other end of the wire was the "only onliest" and the man promised the girl a dozen kisses duplicated a hundred times, which jarred on Dr. Mackey's mathematical nerves. At this point communication was cut off, probably by a sympathetic telephone girl, who had heard the third party break into the conversation.

At any rate, Dr. Mackey hung up the receiver, called a meeting of the school principals and directed them to instruct their teachers that "love-making" over the telephone during school hours would not be tolerated. The school board will back up Dr. Mackey if for no other reason than that it is difficult to fill places of many teachers who are resigning to become brides.

**BODY OF MRS. CROWELL FOUND

**When Death Occurred and Heart
Trouble May Have Been the
Cause.**

From Tuesday's Daily.
The body of Mrs. Crowell, aged about 65 years, was found lying at the foot of a stairway at her home about six miles west of town yesterday afternoon at about 3:30 o'clock. Her neck had been broken in a fall down the steps, but whether her death resulted from the fall or whether it was caused by an attack of heart trouble and she fell dead at the top of the stairs may never be known.

Mrs. Crowell was subject to heart trouble and it is believed that this may have caused her death.

Mrs. Crowell was the only member of the family at home when her death occurred and the body indicated that she had been dead several hours when some of the children returning from school found her body.

She is survived by a husband and several children, one of whom is Mrs. P. E. Kerr.

Real Estate Deals.

From Monday's Daily.
Two deals in real estate in the business section of this city have just been closed.

Anderson & Patterson, the real estate and insurance firm, has purchased from Mrs. N. C. McIntyre the lot fronting twenty-five feet on Eighth street immediately adjoining Jourdan's furniture store at the rear. The consideration is given as \$2,500.

The firm announces that they will immediately let the contract for the construction of a two-story office building.

Mr. G. D. Anderson has also purchased the lot adjoining with a frontage of fifty feet on Eighth street, extending to the alley from the Wichita Falls Investment Company for a consideration of \$5,000.

Mr. Anderson says he will build on the lot as soon as he can get possession and can secure the brick from the new brick factory.

Arrested for Theft.

From Monday's Daily.
On the complaint of Ralph Darnell, proprietor of the Darnell book store, a young man giving his name as Arthur Rosenberg was arrested Saturday afternoon and when a search of his room was made several razors, typewriter ribbon, pipes and other articles were found, which had been taken from the store.

Rosenberg has been in Wichita Falls several weeks and is said to have been a traveling salesman when he was discharged.

He claims to be the son of a wealthy New York tobacco dealer. Since he has been in Wichita Falls the young man has made himself an uninvited loafer at the book store and his arrest and the search of his room followed the disappearance of many articles.

**MRS. RICHOLT HOSTESS
ON ALL HALLOWS EVEN.**

From Monday's Daily.
Saturday evening many of the young people were merrily entertained at the home of Mr. and Mrs. J. A. Richolt. The lawn and house were beautifully decorated with queer-figures such as jack-lanterns, skulls, ferns and vines.

The young ladies and gentlemen were not allowed to see each other until they entered the house. The young men entered the reception hall first, followed, in a few minutes by the young ladies; all whistled as they entered and passed under the "luck ladder."

The ladies represented ghost and odd characters, the men, ghosts, Indians and "lucky cousins."

Fortune telling, seeing the "spirits," trying to bite apples suspended by strings from the wall, music, dancing and character guessing were the leading forms of amusement.

About 10:40 the party was led through dark passages and lanes to the "infernal regions" (a large storm cellar) in which refreshments were served; then more fun and dancing until the clock announced "Sunday." Those present were:

Mrs. J. A. Richolt, Mrs. A. D. **Says Miss Elkins is Reincarnation of
Some Duchess.**

Chicago, Ill., Nov. 2.—"Is Miss Katherine Elkins a reincarnated duchess?" "Why do European noblemen hunger for American heiresses?"

These two questions were handed to Lecturer Rogers of the Theosophical society yesterday. Mr. Rogers replied that according to the tenets of theosophy, the chances were highly in favor of considering Miss Elkins a reincarnated duchess.

"Miss Elkins has all the inherent attributes of a duchess," he said. "She lacks the title, that's all. She has the spirit of royalty and ultra aristocracy about her which attracted and held spellbound the duke of Abruzzi. No doubt Miss Elkins developed the magnetic charms which her titled fiancé admires in several past lives or incarnations. In some former life she may have walked in the imperial courts of Rome. Thus it is reasonable to suppose that, having had royal affiliations in a previous incarnation, it would not only be natural that she would instinctively seek to identify herself again with the nobility.

"If a woman happens to be a royalist in past incarnation and is born again amid plebeian soil in the next incarnation it is probable indeed that she will feel intuitively that she belongs to a higher strata of society than that in which Karma has seen fit to place her. And so when a woman who was an aristocrat in past life meets a person of blue blood she will instinctively feel that she is brushing elbows with one of her own kind."

On the Danish island of Sjælland there is an electric lighting system which is being driven by a windmill. The wheel is forty-six feet in diameter, and is supported by a tower forty-three feet high. The arc of the blades exposed to the wind is forty square feet, and with a wind blowing at the rate of twenty-three feet a second the mill will give 8.6 horsepower.

Comanche, Tex., Nov. 1.—The grand jury has adjourned without returning an indictment against E. C. Gaines, who was under bond for killing J. W. Reese, his opponent in the primaries of July for representative from this county in the legislature. Gaines had an examining trial before Judge Oxford at Stephenville soon after his arrest, and was released on \$6000 bond to await the action of the grand jury at the October term of the Comanche county district court.

After being in session nearly two weeks, during which the grand jury wrestled with the case, they were compelled to adjourn without returning an indictment against Gaines. The members are very secretive for fear of vio-

letting their oath of secrecy, but enough has leaked out of the proceedings to warrant the statement that there were differences as to the grade of indictment that should be returned. That hung the jury, and they did not mention the case in their final report to the judge.

McIntyre-Pickett.

Miss Veta Irene Pickett, daughter of Deputy Marshal Tom Pickett and wife, and Melvin McIntyre took their many friends by surprise yesterday afternoon when they slipped away to the Presbyterian manse, where they were united in marriage by Rev. J. J. Dalton at about 4:30 o'clock.

The bride is a charming young woman of many accomplishments and the groom is a highly esteemed young man. They will make this city their future home.

THE NATIONAL RESULT.

Regret is worthless unless it brings a conviction that may be used for future guidance. Every democrat today regrets that Mr. Bryan was defeated.

But in the light of the returns that show Taft's overwhelming victory there is apparent the conviction that the democrats lost this year because Mr. Bryan was the nominee.

The Telegram thinks it has a right to say this because it has supported Mr. Bryan unceasingly, not only in this campaign, but also during the years preceding 1904 when Mr. Bryan was discarded unjustly, as the Telegram believes, in favor of Parker.

But it would be a poor kind of democracy that considered the fortune of any man greater than that of the party. Mr. Bryan this year had the advantage of the best organized democracy that there has been since Cleveland's day. West and East were united for him; men whom he had opposed, even condemned, were contributing to his campaign fund. The most conservative, as well as the most radical members of the party bent their efforts toward his success. Democratic newspapers, many of which had formerly opposed Mr. Bryan, worked unceasingly for his victory, putting it even before that of the ticket. The democratic issue this year was Mr. Bryan and Mr. Bryan lost.

And this is all the more bitterly apparent in view of the victories which lesser democratic nominees have won. A democrat was elected governor of Rhode Island; Governor Johnson is re-elected in Minnesota, while the republican nominee in Michigan has been defeated by a democrat almost two to one.

The only apparent answer to the reason for these conditions is that the American voters do not have confidence in Mr. Bryan. It is not that they admired Taft the more, but that they trusted Mr. Bryan the less.

We can draw no conclusions as to the why of this condition. Some may point to Mr. Bryan's apparent leaguings with democrats who do not deserve the name. But if Mr. Bryan suffered from bad company the republican candidate ought to have been overwhelmed for the same reason.

The Telegram can see no reason for Mr. Bryan's defeat except lack of confidence in his ability to be a president.

Speculation in retrospect is idle, yet one cannot but wonder what the result might have been had such a candidate as Senator Culberson been offered by the democratic party. The Telegram, opposing the bringing forward of Senator Culberson when it was suggested, believing that the attempt was being made by his enemies rather than his friends, yet the Telegram must confess to a belief that Mr.

Culberson would have made a better race than did Mr. Bryan and he might have won.

To the democratic leaders who fought so earnestly for success and who are now suffering keen defeat must be entrusted the task of gathering together the fragments of the party and building the structure anew. It may yet be too early to look for a candidate for 1912, but when the search begins it will take a Culberson or a man of his caliber to not only restore democratic confidence, but also to win from the republicans the members who are distrustful of the danger to which Rooseveltism is assuredly leading.—Fort Worth Telegram.

Let's not lay the defeat of democracy at Bryan's door. He stands today the biggest democrat the party can boast, but unless the party adopts corrupt methods in presidential races or caters to the men who control the financial situation of the country, it can never hope to win a presidential race in the United States. After the republican party makes public the size of its campaign fund and by whom it was contributed, it will be time enough to say what caused the defeat of Bryan. But this will never be done.

The disheartening news drove the democrats home early last night. The small crowd of republicans stayed up all night.

The only crumb of comfort the republicans can gain from the election returns in Texas is that the party has actually succeeded in electing one member to the legislature. His name is Reel, and from his name we judge he is of the genuine article. He defeated Onion in the San Antonio district.

CLUB ROOM BARS UNDER THE BAN

STATE WILL ATTEMPT TO ANNULL CHARTERS OF CLUBS WHERE LIQUORS ARE SOLD.

MUST MAKE AFFIDAVIT

In Application for Charters Hereafter That No Liquors Will Be Sold to Members.

Special to the Times. Austin, Tex., Nov. 5.—It was announced today that the attorney general will soon institute suits over the State, through the district and county attorneys, to cancel the charters of all clubs organized for social, literary or charitable purposes which sell liquor to their members. It is alleged that these sales violate their charters at present and that such clubs cannot obtain charters. The State refuses to grant charters unless the incorporators make affidavit that liquor will not be handled by them or their club. Under this ruling Elks and other high class organizations over the State cannot obtain charters allowing them to sell liquors to their members. It is believed that the suits will result in the halting into court of Elks, Eagles and similar clubs.

TAFT'S MAJORITY GROWS LARGER

MISSOURI AND MARYLAND MAY BOTH HAVE GIVEN THEIR VOTE TO REPUBLICANS.

BOTH STATES ARE CLOSE

Democratic Governors Elected in Indiana, Minnesota and Possibly Michigan—Colorado is Democratic.

Neck and Neck in Missouri. St. Louis, Mo., Nov. 5.—Scattering and miscellaneous returns from missing precincts failed to clear the election middle in this State early today, the electoral vote swinging between Bryan and Taft, the precinct returns showing first one and then the other in the lead. Exactly similar conditions prevail in regard to the legislature. It seems reasonably sure that the republicans will control the house and that the democrats will have a majority in the senate, which leaves a majority on joint ballot yet unsolved.

Maryland Hangs in the Balance.

By Associated Press. Baltimore, Md., Nov. 5.—The official count of the Maryland vote last Tuesday was begun in Baltimore today. It may require several days to complete the count.

The latest reports last night gave Taft the State on the face of unofficial returns by one hundred and thirty-six.

Bryan Congratulates Taft.

By Associated Press. Lincoln, Neb., Nov. 5.—W. J. Bryan, the defeated candidate of the democratic party for president, today sent the following telegram of congratulation to President-Elect Taft: "Please accept my congratulations and best wishes for the success of your administration."

Socialist Vote Falls Off.

By Associated Press. Chicago, Ill., Nov. 5.—The Socialist vote in Tuesday's election showed a great falling off from the record of 1904 in the three principal cities in which socialism was strongest in its day—Chicago, Cleveland and Cincinnati. The total vote for Debs is estimated not to exceed half a million.

Hitchcock's Prophecy May Be Fulfilled

By Associated Press. New York, Nov. 5.—Maryland and Missouri held the center of political attention and today it looked as if the prophecy of Chairman Hitchcock that Taft would have at least three hundred and twenty-five electoral votes, would be fulfilled. Leaving Maryland and Missouri out, Taft is assured of three hundred and one electoral votes and Bryan one hundred and fifty-six.

Republicans Claim Governor in Michigan.

By Associated Press. Detroit, Mich., Nov. 5.—The republicans are claiming the election of Warner for governor, but Democratic Chairman Winship refuses to concede his election. Bretmeyer, republican, has defeated Thompson, democrat, for mayor of Detroit, by a plurality estimated at from 1,000 to 2,700.

Democrats Get Everything in Colorado.

By Associated Press. Denver, Colo., Nov. 5.—There are sufficient returns to indicate the election of the democratic national and State tickets and that the next legislature will be democratic by a majority of sixteen. This insures the election of a democratic senator to succeed Teller. It is almost certain that all three democratic congressmen have been elected.

Democratic Governor in Ohio.

By Associated Press. Cincinnati, Ohio, Nov. 5.—Today's returns show Harmon's plurality for governor to be about twenty thousand. The returns on the other State officers are meager, but the republicans seem to have taken everything below the governor. The legislature is safely republican.

Taft Ahead in Missouri.

By Associated Press. St. Louis, Mo., Nov. 5.—Unofficial returns to the Post-Dispatch from a hundred and fourteen out of a hundred and fifteen counties show that Taft has a plurality of four hundred and seventy-nine and Hadley for governor a plurality of fifteen thousand, one hundred and fifty-three. It will take an official count to decide the State's electoral vote.

Bryan Will Have 180,000 Plurality.

Houston, Tex., Nov. 5.—Few additional returns were received here today. They increased the Bryan and Campbell lead. Almost three hundred boxes or precincts have yet to report and according to the ratio, if continued, in the vote to be reported, Bryan will receive 180,000 plurality and Campbell 160,000. At present Bryan has received 135,617 and Taft 41,629 votes.

A Democratic Senator in Colorado.

By Associated Press. Denver, Colo., Nov. 5.—Later returns show that Bryan's plurality in the State is 5,515, and Shaffroth's, dem., for governor, 9,382. Three democrats were elected to congress. The legislature will be democratic on joint ballot, 71 to 29, assuring the election of a democratic senator.

Chafin Foretells Victory Ahead.

Chicago, Ill., Nov. 4.—Eugene W. Chafin, presidential candidate of the prohibition party, after scanning the election returns, made a statement concluding as follows: "The democratic Bryan party is dead. The fight from now on will be between the prohibition party and the whiskey (republican) party and we will elect a prohibition president in 1912."

Republicans Concede Oklahoma.

Special to the Times. Guthrie, Ok., Nov. 5.—Complete returns are lacking, but the republicans have conceded the State to Bryan by seven thousand.

Bryan Leads in Maryland.

By Associated Press. Baltimore, Md., Nov. 5.—According to unofficial returns received by the Baltimore News up to 1 o'clock this afternoon, Maryland is again in the Bryan column by a very small plurality. At that hour Bryan had a lead of 210 votes.

Football Player in Serious Condition.

Special to the Times. Austin, Tex., Nov. 5.—Annis Hickson, the Arkansas university football team full back, who was injured in the Oklahoma-Arkansas game, and who played against Texas Monday, is in a serious condition at a sanitarium here, as the result of a collapse after the game. Pneumonia and peritonitis are feared.

Eight Coons and a Bob Cat.

Uncle Harve Stearns and party returned this afternoon from a two nights hunt up the Wichita river, bringing back with them eight coons and one massive bob cat, which put up a strong fight with the hounds before the pack finally succeeded in killing him.

Mr. J. A. Bradley returned today from Fort Worth and Dallas, where he had been visiting relatives and attending the fair.

DENVER FREIGHTS IN A COLLISION

THREE WICHITA FALLS TRAINMEN INJURED IN WRECK AT RHOME TODAY.

FIFTEEN CATTLE KILLED

Cars Ditched, Track Torn Up and Traffic Delayed for Several Hours.

Special to the Times. Fort-Worth, Tex., Nov. 5.—Three trainmen were injured and fifteen head of cattle killed in the collision of two Denver freight trains at Rhome early today. The track was torn up a considerable distance, delaying the service. Passenger trains are being detoured via the Rock Island.

Eight cars were ditched and the engines damaged. One train entered the siding with such speed that it went upon the main track, when the other freight came up. Those injured were W. C. McCarver, engineer; W. C. En-treken, fireman and Tom Shell, fireman, all of Wichita Falls. It is reported that none of them are seriously injured.

INVESTIGATING WOMAN'S DEATH.

Grand Jury at Henrietta Investigates Cause of Mrs. Crowell's Death.

Immediately following the funeral yesterday of his wife, whose dead body was found at the foot of a stairway at her home Monday afternoon, Mike Crowell, a prominent farmer living about seven miles east of town, was taken into custody by the Clay county officers and taken to Henrietta.

It is alleged that there were indications of foul play in connection with the finding of the body and it has been openly stated that Crowell's actions indicated something was wrong.

The grand jury is now in session at Henrietta and it is said that an investigation of Mrs. Crowell's death is now under way.

P. Ramming, a prominent citizen of Iowa Park, was in the city today, the guest of his daughter, Mrs. R. W. Furlow.

DEMOCRATS OVERWHELMED

(Continued From Page 1.)

OKLAHOMA—Bryan carried the new State by a majority of at least 50,000.

OHIO—The latest from Ohio is that Taft has given Taft a small majority over Bryan, but elects Harmon, democrat, for governor, by at least 15,000 majority.

PENNSYLVANIA—This State gives a republican majority of 400,000.

RHODE ISLAND—Indications are that Taft will have a majority of 15,000 in this State.

SOUTH DAKOTA—Taft carries this State by a majority of 50,000.

UTAH—The republican tickets won in this State by a majority of 25,000.

VIRGINIA—A majority of 30,000 was given the democratic ticket in yesterday's election.

TENNESSEE—This State gives a democratic majority of 25,000 and returns eight democrats and two republicans to congress.

WISCONSIN—This State gives to Taft a majority of 75,000. Congress-nine republicans and two democrats.

WASHINGTON—A republican majority of 40,000 was given in yesterday's election.

WYOMING—This State gives small democratic majority.

WEST VIRGINIA—The vote in this State is so close that it will require the official count to determine the result.

Republicans Claim Everything.
Special to the Times.
Washington, D. C., Nov. 4.—It is declared that Taft has carried Missouri by 5,000; Maryland by 3,000 and that Nebraska is doubtful.

Democrats Concede Kansas.
By Associated Press.
Topeka, Kan., Nov. 4.—The republicans claim a plurality of thirty thousand for the State ticket and Taft and the democrats have conceded the State by twenty thousand.

Roosevelt's Statement.
Special to the Times.
Washington, D. C., Nov. 4.—President Roosevelt, when interviewed by a Texas News Service correspondent today, declared that the administration had always aimed never to deviate to any unwise radicalism or unwise conservatism. He declared that Taft's election was a triumph over reactionary conservatism and improper radicalism.

A month ago Roosevelt predicted that Taft would carry the exact States which he did carry, with the exception of Kentucky.

Nebraska Legislature Democratic.
By Associated Press.
Lincoln, Neb., Nov. 4.—Republican State Chairman Keller this afternoon conceded the legislature to the democrats by a decisive majority.

Colorado Democratic.
By Associated Press.
Denver, Colo., Nov. 4.—The present indications are that the democratic ticket, both national and State, will carry in Colorado.

Johnson's Election Conceded.
By Associated Press.
St. Paul, Minn., Nov. 4.—It is conceded by all parties today that Governor Johnson has been re-elected governor of this State. Chairman Day, Johnson's manager, says that the returns indicate

that his majority will be over twenty-five thousand.
Eight republican and one democratic congressman have been elected.

Republicans Claim Missouri.
By Associated Press.
St. Louis, Mo., Nov. 4.—Chairman of the Republican State Committee Dickson stated late today that Hadley had been elected governor and the entire republican State ticket, including a majority of the legislature, which insures the election of a republican senator from Missouri. He says he believes that Judge Taft has carried the State and that Missouri's eighteen electoral votes will be found in the republican column.

You are hereby commanded, to summon William Mays, and Mrs. William Mays by making publication of this Citation once in each week for four successive weeks previous to the return day hereof in some newspaper published in your county, to appear at the next regular term of the District Court of Wichita County, Texas, to be held in the Court House thereof, in Wichita Falls, on the 7th day of December, 1908, then and there to answer a petition filed in said Court on the 17th day of October, 1908, in a suit numbered on the docket of said Court No. 3745, wherein S. Hobbs are plaintiffs and William Mays and Mrs. William Mays are defendants, said petition alleging in substance as follows, that on October 1st 1908, plaintiffs were the owners and in the possession of Lot No. 3 in Block 168 of the City of Wichita Falls, in Wichita County, Texas, as shown by the original plat of said town, and that on said date defendants ejected plaintiffs therefrom and since that time have withheld from plaintiffs the possession thereof. Plaintiffs also allege that they have had peaceable and adverse possession of said land, claiming title thereto for more than ten years, and further allege that in the year 1890, the defendants executed and delivered to plaintiff's ancestor, Pitzer a warranty deed conveying to him said lot, and that plaintiffs have title thereto by inheritance. Plaintiffs pray for judgment for the title and possession of said land. Plaintiffs' petition is endorsed that the same is brought as well to try title as for damages.

Herein fall not, but have you before said Court on the first day of the next term thereof this writ, with your return, showing how you have executed the same.

Given under my hand and seal of said court at the city of Wichita Falls, Texas, this 17th day of October, 1908.

The Mighty Power of Mi-na.
Mi-na, that extraordinary and perfect stomach tonic, will relieve dyspepsia in twenty-four hours. It will cure, and is guaranteed by E. S. Morris & Co., to the readers of the Weekly Times, to cure the most pitiful cases of dyspepsia, if taken according to directions. Mi-na tablets not only cure dyspepsia, but all stomach disturbances, such as vomiting of pregnancy, sea or car sickness, and the stomach sickness after excessive indulgence. Mi-na cures by strengthening and invigorating the flabby stomach walls and after a course of Mi-na treatment, constipation, if there is any, will entirely disappear. Read this from the president of a New York corporation: "I have been a terrible sufferer from dyspepsia and gastritis for two years. The most eminent physicians prescribed for me with no effect. I have been absolutely cured by your Mi-na tablets. The first one gave me relief almost incredible."—Herbert H. Taylor, 501 West 143 Street, New York City. Mi-na is a most economical treatment—a large box of tablets only costs 50 cents at E. S. Morris & Co., and the dyspeptic, nervous or otherwise, who does not give them a trial, is losing an opportunity to regain health. 47-2

A HOMESEEKERS EXCURSION

M. K. AND T. OFFERS TO RUN A SPECIAL EXCURSION TRAIN TO WICHITA FALLS.

From Saturday's Daily.
S. G. Langston, manager of the promotion of immigration department of the M. K. and T. railway system, in a letter to Secretary Gohlke of the Wichita Falls Chamber of Commerce, approves the suggestion of the secretary concerning the use of a stereopticon outfit to interest farmers in Illinois, Indiana and other more thickly settled portions in the Wichita Falls country and offers the co-operation of his department to the project.

In answer to a letter addressed him by Secretary Gohlke, Mr. Langston writes as follows:
St. Louis, Mo., Oct. 28, 1908.—Mr. P. H. Gohlke, Secretary Chamber of Commerce, Wichita Falls, Texas. Dear Sir: I am in receipt of yours of the 23rd, advising me that a bundle of pamphlets is being forwarded as baggage through our agent at Wichita Falls. These pamphlets have been received and I shall be very glad to give them judicious distribution.

In the event that you are successful in raising the fund to send a man with a stereopticon outfit and samples of products into eastern and northern territory for the purpose of advertising, I would suggest that you start him in Illinois. This is a very prolific territory and a large percentage of the actual settlers are coming from this State. It would be my suggestion, for example, that your man make his temporary headquarters in St. Louis, running out on the Baltimore and Ohio southwest for one trip, stopping at various points along that line, returning on the Big Four, then out on the Clover Leaf, returning on the Wabash and so on until he has covered the territory. I shall be very glad to have our traveling passenger agent in Illinois work with him as much as possible and give him such information as may be desired regarding the various towns at which exhibits may be made.

If, as a result of this advertising, you are successful in making up a party of say 100 people, I think we could arrange for a special train to Wichita Falls, the tickets to be sold at the regular excursion rates on an authorized date. This matter, however, could be taken up at a later time if the movement develops. Very truly,
S. G. LANGSTON.

WORKING FULL TIME.

Denver Rock Quarry is Now Doing a Big Lot of Noisy Dynamiting.

John May, the contractor in charge of the Denver rock quarries, nine miles from Alford, was in Fort Worth Monday on official business. Mr. May says that for the first time since the quarries were first opened he has approximately a full force of men at work. On Saturday 175 men showed up for duty and the way they were jarring loose the flinty rock from the boulders at the quarries and running the boulders through the crushers made the big Irish head of Captain May jump with pleasure.

"I think that during the winter months we will be able to turn out about half as much again rock as we were able to turn out during the summer months," said Captain May. If this hope is realized it will mean that by the time the summer travel to Colorado gets at its best stride next summer, the Denver road will be able to send bumper trains all the way to Texline.

BELTON COMPRESS BURNS.

Loss of \$100,000 is Attributed to a Halloween Prank.

Belton, Tex., Oct. 31.—The Belton Compress company's immense plant, valued at \$100,000 and between 800 and 1,000 bales of cotton were totally destroyed by fire that broke out at 11:50 o'clock tonight, which is supposed to have been started by Halloween roysterers who were noticed in the vicinity shortly before the flames were discovered. Originating apparently in the center of a stack of cotton bales on the south side of the compress, the flames spread rapidly and when the firemen reached the scene and got hose into play they were absolutely beyond control, so far as saving the compress proper and its stock was concerned. By hard work, however, the firemen succeeded in checking the spread of the fire before the west wing platform, on which was stored 700 bales of cotton, was reached. Had the fire communicated to this wing the loss would have reached at least \$500,000, as it would have been impossible to save much valuable property adjacent thereto. As it was, half a dozen residences were more or less damaged and six or seven freight cars belonging to the Santa Fe and Katy railroads were destroyed. The loss, which is estimated at from \$200,000 to \$250,000, is thought to be pretty fully covered by a blanket insurance policy.

OCTOBER RECEIPTS BREAK ALL RECORDS.

The receipts at the Wichita Falls postoffice for the month of October broke all records of this office and showed gain of \$781.93 over the corresponding month a year ago. The October receipts were \$2,679.72, being the largest office has ever known for a single month.

Fifteen Cent Cotton.

Farmers' Union News.
The minds of the farmers are still riveted on the question of fifteen-cent cotton. They are not content to sell their cotton for less, and until they have reached that as a basic price they will never be satisfied.

There is a class of people who are, however, opposed to fifteen-cent cotton; and from their viewpoint, they have a right to be, at least, you can say they have reasons for not wanting the farmer to get fifteen cents for his cotton. A careful investigation will make those reasons plain to the mind of any man who understands the commercial system of the South. The New York speculator is not the only man who does not want the farmer to receive fifteen cents for his cotton. There are people within our borders, near our own doors, that do not want the farmer to get fifteen cents for his cotton. Namely, the credit merchant, and the money lender. The farmers are the people from which the credit merchant gets his largest profits. They are the best paying class of people in the world.

Then, why should the credit merchant desire to change? There is no reason for his wanting to change. If the farmer should become independent, the credit merchant must either go out of business or hunt debtors elsewhere, as he knows he is bound to take a less reliable debtor than the farmer if the farmer becomes independent. The credit merchant knows that if the farmer gets fifteen cents for his cotton he will become independent and cease to buy his supplies on credit.

The money lender is opposed to the farmer becoming independent; is opposed to the stopping of the credit system, because the credit system enables him to loan his money at a high rate of interest. The Southern money lenders can borrow money from 3 to 6 per cent. He can then turn around and loan it to the merchant at 8 or 10 per cent. He will loan it to the farmer at from 8 to 15 per cent, owing to the standing of the man borrowing the money. The retail merchant will buy his goods and sell them to the farmer at 20 per cent and 40 per cent profit. If the farmer should become independent, he would cease to borrow money at the exorbitant rate of interest; he would refuse to buy goods on a credit at 20 per cent and 40 per cent. Hence the local merchant would be driven to a cash basis, and would cease to borrow money.

The manufacturers of farm supplies, and that the money lenders of the East have never considered the farmer able to transact his business. Hence they have subscribed to the views of the country retail merchant and money lender, believing the system advocated by them to be one that would prove the most profitable to the manufacturer. The cotton speculators, being in close connection with the money lender, the retail, the wholesale merchant and manufacturers, have been greatly influenced by their views on the question and this in connection with the fact that the spinner knows that to pay a higher price for his raw material will cause the farmers to become independent, and wages will go up until his own operatives would be able to force him to pay them living wages, or go elsewhere for employment. Hence he is lending his influence to the low price of cotton.

These are facts that no living man can deny, and if there is anyone that believes we are wrong in this question, we would be glad to divide space with him. If we are right, then it is about time that the farmers of the South were taking a stand that would make the local merchant and money lender realize that he, the farmer, would no longer be a slave to the commercial system.

PIPE IS ORDERED FOR THE GAS LINE

From Saturday's Daily.
Mayor Noble received a letter today from E. R. Brown, one of the associates of M. W. Bahan in the project to pipe gas to Wichita Falls from Petrolia, in which he states that pipe for the entire line from Petrolia to Wichita Falls has been ordered and will be delivered within the month of November. He further stated that he believed the line would be laid to Wichita Falls before the first of January, 1909, and that within a short time after that date the pipes would be laid within the city.

Mr. Bahan and his associates have secured control of the Clayco company's big gas well and there is every prospect that the citizens of Wichita Falls will be burning gas within the next few months.

New Century Club.

From Saturday's Daily.
Did you ever see children hurrying home from school, when some nickname had been promised on their return? Well, it was with just such gladness that our club women entered the home of Mrs. Anderson on Burnett avenue, for the program called for a lesson in domestic science, and our hostess had assured us of a fair sample of the recipes to be tried.

We hurried through with all formal business and repaired to the cozy kitchen, where, on a hot range were several double boilers making music to the modern tune of creamed oysters, creamed rice, fruit salad and chocolate cake, these delicacies being demonstrated by Mesdames Andrews, Ashmore, Burnett and Miss Brooks, while we took notes and waited with whetted appetites.

When all was ready we were, too, and it is useless to say did justice to each course.

May the club spirit progress, bearing in its wake a newer and fresher growth of womanhood, whose ideals shall be nobler, and in their excellency have the semblance of perfection.

A MEMBER.

Business Change.

From Saturday's Daily.
Mr. K. A. White has sold his interest in the North Texas Furniture and Coffin Company to his business associates, Messrs. George E. Davis and L. H. Lawler, who will conduct the business as heretofore at the same stand. Mr. White has not yet decided what line of business he will engage in.

A Tragedy in Domesticity.

Most of us, though we often deride ourselves for it, seldom slip without reading the printed announcement of a divorce proceeding in which the grounds for suit are given. Perhaps it is because the allegations are often so unusual.

For instance, there is the case of George L. Voorhees, principal of a Chicago school, who wants legal separation because his wife is not his "mental and social equal."

Mrs. Voorhees lives near Alton, Ill., where she manages the farm they both own. While the husband has been having the advantages of city life, its regular hours and many comforts, the wife has been toiling away with hired hands. Dozens of such cases may be observed in the middle sized towns to which have removed various families men and hired girls, raising a family, working outdoors as well as within until she has won the title of the "woman farmer," and is proud of it.

But her husband says she is not his mental and social equal. He must be an odd sort of man and yet he is one of a large class. Hundreds of young married couples start life, apparently equally endowed with intelligence, apparently fond of each other, and apparently happy for many years. Then one begins to creep away from the other until love dies, affection wanes, and even regard diminishes, until it is a minor quantity.

because the head of the family had made a success and sought a wider field. In the field he broadened, developed, got new ideas, while the wife clung to her old-fashioned, or rural point of view.

Not all such domestic tragedies have for their chief actors a Pittsburg millionaire and a chorus girl. We can see them on a smaller scale every day. The husband goes out in society, but his wife always remains at home "with the children;" the husband travels in summer, ostensibly on business, but in reality taking in considerable sight-seeing as an adjunct, while the wife possibly goes to some farm in the country for a few weeks' rest and seclusion; the husband's name gets into print, he begins to be talked about as a coming citizen, later as a prominent man of town. Perhaps he drifts into politics and party honors are thrust on him. Then it is suddenly discovered that he is married, and more or less embarrassed for both wife and husband results when the people with whom they are forcibly thrown in contact suddenly discover that "she is so different."

Not all such situations result in separation, but too many of them do. And the pity of it all is that in most cases the husband is too blind and the

wife too timid to arrive at a frank understanding of their difficulty and a respect of each other's really good qualities before it is too late.

Perhaps Mrs. Voorhees, on her Illinois farm, rising at 4 o'clock in the morning to get breakfast for the hired hands, looks more or less contemptuously on her husband's book learning, while he, on the other hand, was mortified every time he thought of her uncouth phraseology of the farm and the joy she seemed to find in a life of domestic drudgery.

Possibly he was selfish enough not to share with her his education as he progressed; or she may have been indifferent to any overtures he may have made. Whatever the facts it would seem that neither has cause for pride in the situation that has resulted.

Domestic happiness calls for frankness, for a perfect understanding, for self-sacrifice on the part of those who would enjoy it, for an honest appreciation of the worth of each party, to land, best of all, for simple, honest love.

Sorecery now and then figures in Twentieth century life. The Paris civil court has just dismissed a suit brought against Prof. Raymond and Dr. Menard, two well known physicians, by a coachman, who charged them with sorcery.

Log Rolled Upon Him.

Mt. Pleasant, Tex., Oct. 31.—Stokes Rawlins was probably fatally injured today while scaling logs for J. H. Findlay near Naples. A log rolled upon him, striking his head, knocking him unconscious.

Will Rebuild on Larger Scale.

Childress, Tex., Nov. 2.—General Mechanical Superintendent Buck of the Santa Fe was here today en route to Amarillo and said that the road will rebuild the shops and other buildings at Amarillo, which were recently destroyed by fire. He said they would rebuild on a much larger scale.

BEATEN AND ROBBED.

Gainesville, Tex., Nov. 2.—Robbers entered the home of H. M. Latham, two miles from this city, early this morning and beat up Latham and secured fifty dollars and a gold watch, and made their escape. The men were masked, but Latham believes they were negroes.

AGREE TO LOWER CATTLE RATES

Fort Worth, Tex., Oct. 31.—The railroads today agreed to drop their right and make no appeal in the cattle rate dispute provided the Interstate commerce commission would permit them to make the lower rates effective on November 17th instead of November 1, in order to get out their new tariff sheets. This will end a long and bitter struggle for a rate reduction and will save the Texas stockmen \$300,000 annually. The commission will agree to the request of the railroads.

MILTON TERHUNE IS DEAD.

From Wednesday's Daily.

Popular Assistant Cashier of First National Bank Dies at McLean.

The following telegram was received this morning by Cashier W. M. McGregor of the First National bank:

McLean, Tex., Nov. 4.—W. M. McGregor: Milton is dead. Will take remains to Iowa Park. Will reach there about noon tomorrow. Funeral services will be held tomorrow afternoon.

J. A. TERHUNE.

Milton Terhune was one of Wichita Falls' most popular young men, and for the past two or three years has held the responsible position of assistant cashier at the First National Bank in this city.

He had been in bad health for the past three or four months, and one day last week decided to take a vacation visit. Shortly after reaching McLean, he was stricken with typhoid fever, which caused severe hemorrhages of the lungs.

But few of his friends knew of his ailment, and his death as announced in the telegram from his father was rather shocking.

Deceased was a member of the Christian church and lived a consistent Christian life. To know him was to be his friend, and no death that has occurred in this city for quite a while will be read with more sorrow than this one.

Before coming to Wichita Falls, he was connected with the First National bank at Iowa Park, at which place he had resided since childhood, and where his father now resides.

Many from this city will go from here to Iowa Park tomorrow afternoon to attend his funeral.

Funeral Postponed. The funeral of Milton Terhune, who died at McLean yesterday, announced to take place at Iowa Park this afternoon, has been postponed until 3 p. m. tomorrow. The First National bank of this city, of which Mr. Terhune was assistant cashier, will close at noon tomorrow out of respect for the deceased.
