WATERS PIERCE OIL CO. OUSTED FROM THE STATE

VERDICT RETURNED

PENALTIES AMOUNT TO MORE THAN ONE AND A HALF MILLIONS

AND COMPANY'S PERMIT

To Do Business in the State of Texas Is Cancelled.

By Associated Press. Austin, Tex., June 1.—The jury today returned a verdict for the State of \$1,623,900 penalties in ouster suit of the State of Texas against the Waters-Pierce Oil Company and granted the prayer of the State that the company's permit to do business in Texas should be cancelled. An appeal will be asked for at once by the defense.

The case was given over to the jury at about four o'clock yesterday afternoon, just seven years from the date the first ouster suit was tried in Austin. For it was on May 31, 1900, when after the mandate of the Supreme Court of the United States was received, that a perpetual injunction was served on Mr. Pierce, who that day was in Austin. It was on that day, a short time before that injunction had been served, that Mr. Pierce got a permit which authorized his new business of the State of Texas. The State's case is a simple one. The verdict will search in vain for a veritable error, and think that there will be little trouble in sustaining a verdict in the higher courts.

The most notable feature of the charge was that Judge Brooks declined to give the State a permanent injunction as to the Standard Oil Company's ownership of the Waters-Pierce Oil Company or as to the alleged division of territory. He did, on the other hand, peremptorily charge the jury that the contracts with the Eagle Refining Company and the Texas Oil and Gasoline Company did not constitute violations of the law. Neither did he yield to the argument of Judge Cochran that only the penalties of the act of 1903 and that a penalty could not be assessed for a longer period than four years.

He made it plain to the jury that the cause of action was the allegation that the Waters-Pierce Oil Company had entered into a conspiracy with the Standard Oil Company of New Jersey to regulate the price of oil in Texas and he submitted three or four issues, any one of which, if regarded by the jury as having been established, warranted a verdict for the State.

COUNTER CHARGES FILED.

Inordinate Extravagance and Bad Temper Charged Against Gould's Wife. By Associated Press.

New York, June 1.—Two counter charges in Howard Gould's reply to his wife's suit for separation have been announced. One is that she is inordinately extravagant. The other is that her temper was a source of constant annoyance to Mr. Gould and many times embarrassed him with his friends, besides being a barrier to domestic happiness. Gould also says that his wife's display of jewels in public was a source of annoyance to him.

"SOMEBODY ELSE'S TURN NEXT"

Was President's Rejoinder When Enthusiast Suggested His candidacy. By Associated Press.

Eyresdale, Pa., June 1.—At Rockwood, through which the president passed at 11:10 o'clock this morning, Roosevelt shook hands with a hundred or more people. "Hope you will be a candidate again," shouted some one. The president quickly replied: "Oh, no; somebody else's turn next time."

HOMEWARD BOUND.

President Holds Hand Shaking Leaves at Every Stop. By Associated Press.

Cumberland, Md., June 1.—President Roosevelt arrived here at 12:45 p. m. and after a brief stop proceeded to Washington. Here and at many other stops during the day the president shook hands with many gathered at the station, and made a few remarks. The weather has been disagreeable, interfering somewhat with the pleasure of the journey homeward.

SOME SPRINTING, SURE ENOUGH.

Prisoner Leads Officers 5-Mile Chase and Then Gives Them the Ha, Ha.

Talk about the sprinting qualities of antelopes, jack rabbits, greyhounds and other animals noted for their speed. They are snails compared to the fleetness of foot of one Sid Davidson, who made his escape from servitude on the street gang yesterday.

Davidson was working out a fine imposed for some public offense, but freedom appealed to him. Watching his chances, he snaked away and was out of sight before his absence was noticed.

Upon the discovery of Davidson's escape, George Dobson, the overseer, at once communicated with Marshal Gwin, and the two started out behind a speedy horse to recapture their man.

They came upon Davidson upon about a mile from town, when he disappeared into a thicket over the Archer county line, the distance between the pursued and his pursuers had not been diminished by the hundredth part of an inch.

ed panting and breathless, in which the horse and buggy was brought into service, but when Davidson waved them a farewell salute before disappearing into a thicket over the Archer county line, the distance between the pursued and his pursuers had not been diminished by the hundredth part of an inch.

HAYWOOD VERY ILL

DEPARTANT NOTED TRIAL SUFFERING BREAKDOWN.

PAINS BECAME ACUTE

And His Cries Were Heard in the Jail Yard.

By Associated Press.

Boise, Idaho, June 1.—William D. Haywood, the defendant now on trial charged with the murder of former Governor Steunenberg, was taken seriously ill in his cell at the county jail this morning. The doctors were with him for several hours. It is believed that the prisoner is suffering from a nervous breakdown. For some days he has complained of head aches. About one o'clock this morning the pains in his head became acute and his cries could be heard in the jail yard. Opiates were administered and at 8 o'clock he was resting.

Doctors stated that Haywood's illness was not serious and they believed that he would be able to be in court this afternoon. His sickness was said to be due to toxic poisoning.

Trial is Adjourned. The Haywood trial was adjourned to 1:30 p. m. on account of the prisoner's illness.

FOLK AND JOHNSON.

Latest Names Put Forward as Probable Democratic Nominees.

Chicago, Ill., May 31.—Joseph W. Folk of Missouri for president and John A. Johnson of Minnesota for Vice President is the tip fresh from New York as the probable nominees of the next Democratic National convention.

Roger C. Sullivan is in New York at this time. One of the purposes of his trip to the East was to attend a series of conferences which will precede the next National convention.

Before departing from Chicago, Mr. Sullivan did not conceal his desire to see such a combination made as would insure the nomination of Folk and Johnson. Quiet assurance reached the ears of Mr. Johnson's friends in Chicago, and the New York confab had given the names of the party chiefs, who will no doubt give aid and encouragement to this plan of action.

Negro is Lynched.

By Associated Press.

Alexandria, La., June 1.—Henry Johnson, a middle aged negro, was lynched at Echo, La., last night by one hundred and fifty men, who took him from the jail. He had been arrested charged with attempted criminal assault upon the wife of his employer.

CONSUMERS PAY IT

FIGHT BETWEEN PACKERS AND LIVESTOCK DEALERS.

PRICE STILL GOES UP

Advance Follows Action on Postmortem Inspection.

By Associated Press. St. Louis, Mo., June 1.—Consumers were required today to pay advance of from two to six cents a pound of beef as the result of the contest between the packers and livestock dealers on account of the refusal of packers to pay for cows and calves until after the postmortem inspection. The advance to the packers of the rate of 1 1/2 cents a pound for beef carcasses by day.

ARMY

By Associated Press. Seattle, Washington, June 1.—With impressive ceremonies, the ground was broken today for the Alaska-Yukon-Pacific Exposition to be held here in 1909, opening just two years from date. The day was a holiday and Seattle presented a gala appearance. Many prominent citizens attended the exercises. Governor Barrett, director of the International Bureau of American Republics, as personal representative of President Roosevelt, was the principal speaker and guest of honor. President John Edwards Chalmers of the exposition, turned the first spadeful of earth. The ceremonies started with a big military parade.

CHARTER IS REVOKED.

Action Will Affect 40,000 Members of Brewery Workers' Union.

By Associated Press. Washington, D. C., June 1.—In the absence of President Gompers, Secretary Morrison of the American Federation of Labor today made public Gompers' announcement of the revocation of the charter of the International Union of Brewery Workmen, because of its refusal to accept the terms prescribed by the federation. The action will affect all brewery workmen's unions throughout the country, comprising about 40,000 members.

Germanies Want Substantial Tariff Concessions From the United States.

Special to the Times. Washington, D. C., June 1.—The president today issued a proclamation announcing the conclusion of the commercial arrangement between the United States and Germany under the third section of the Dingley act. About forty articles of American production are to be subject to minimum tariff rates upon admission to Germany. It is announced that uniform rates for all American products can only be secured by substantial tariff concessions by the United States in the shape of a reciprocity treaty, subject to the approval of Congress.

AUCTION SALE OF LANDS

At Burkburnett, the Gateway to the Big Comanche Country

JUNE 6TH, 1907

All railroads will make cheap excursion rates for this sale.

Burkburnett is a new town fifteen miles north of Wichita Falls on The Wichita Falls & Northwestern Railway, two miles from Red River—located on a beautiful sloping rise and in the finest agricultural country in Texas. Burkburnett is just south of the Big Comanche Pasture, just opened. A wagon bridge is being built across Red River, connecting the town with the Big Pasture by Wagon Bridge, which gives Burkburnett all the trade from the Comanche pasture as no title can be had for towns on the railroad across the river. If you want to make money buy a lot in Burkburnett. If you want a good investment, buy a lot at this sale. About 2000 acres of the finest and best Red river farming land near the town will be offered at auction at this sale in 5 to 100 acre blocks. Burkburnett has the best country to draw trade from of any town in Texas. Don't miss this opportunity to buy lot or land at your own price. Remember the date, June, 6th 1907. Barbecued dinner served by the church ladies. Free transportation from Wichita Falls to Burkburnett.

TIMES WANT ADS.

They Cost But Little and Bring Big Results.

The efficiency of the Times want ads have been proven in the results they have brought on more than one occasion.

Jackson & Moore, real estate agents, are ready to testify to this fact. Several days ago they inserted the following advertisement in the want columns:

For Sale—For immediate acceptance 190 acres of land 1 1/4 miles from town. \$14.50 per acre. Jackson & Moore. Within less than two hours after the paper made its appearance upon the streets they had a customer for the farm and had closed the deal and held a certified check conditional upon the land being as represented.

The customer afterwards investigated and found everything as represented and the deal was closed. The foregoing advertisement cost for one insertion only 19 cents.

Your perfection is reached in our Richlieu pastry flour. It comes in 3 pound packages at 35c each.

TREVATHAN & BLAND.

No Denial Can Be Made. The mud Bowties have waded through this week emphasizes the great need of good street crossings. Who will deny this?—Bowie Cross Timbers.

The people of any town will finally get tired of wading through mud shoe mouth deep. Then they will build side walks and street crossings, as Wichita has been doing and as Bowie will do.

Cement Work.

On account of the cost of labor and material, I am forced to raise the price of walks, curbing, etc. Hereafter the price will be 14c per square foot; curbing, 40c per lineal foot. Other work in proportion.

...known as "Lady Flo" the
negro woman who set up a claim
against the estate of the late Lord
Delaval Beresford as his common-law
wife, has accepted the \$10,000 devised
to her by the will of Lord Beres-
ford and an additional \$5,000, waiving
all claims to the estate and certifying
that she was never, either in law or
in fact, the wife of Lord Beresford.

He was killed several months ago in
a wreck while returning to Mexico
from Canada, where he had sold a
large herd of cattle.

Lord Delaval Beresford was a brother
of Admiral Charles Beresford, of
the British navy. He went to Mexico
several years ago and amassed a large
fortune of several million dollars by
raising cattle on a ranch of many
thousand acres in the State of Chi-
huahua. He lived on the ranch alone
with the negro woman and they travel-
ed on trains and rode about El Paso
together in hacks.

Several years ago when Lord Beres-
ford announced that he was going
to England to visit his royal kinsman,
"Lady Flo" stated that she was going
along as his wife, and proposed that
he introduce her in English society
as an Aztec princess, but the English-
man refused to allow her to accom-
pany him.

"Lady Flo" after the death of Lord
Beresford, removed from the Mexican
ranch to her former home in El Paso.

NEW FIRE FIGHTING APPARATUS

Purchased by City Council at Abilene.
Our Needs in Same Line.

Over at Abilene the city council
has contracted for the purchase of a
new combination hose wagon and
chemical engine. The engine has a
cylinder with a capacity of thirty-five
gallons, and the wagon carries two
hundred feet of chemical hose and
one thousand feet of water hose. In
addition it carries two extension lad-
ders. This wagon will be a valuable
addition to the fire fighting apparatus
in our neighboring city and something
that Wichita Falls needs badly.

Wichita Falls has about outgrown
her present fire fighting apparatus and
it is only a question of a short time
until we will have to keep a fire team
at the City Hall to run out with
the hose wagon when an alarm is
turned in.

A combination hose wagon and
chemical engine, such as has been
purchased by Abilene, it appears,
would about fit our needs.

fee. If not, then you are not getting

who retires today from active service,
declared that if he had his life to live
again, he would enter the United
States navy, as it is the finest organ-

the Admiral, "may be possible, but
it is not reasonably probable. Be

stands today."

The Admiral contends that our navy
should be made bigger and stronger.

Mr. Herbert Dicks of St. Louis is in the city today.

Mr. and Mrs. C. E. McKeenan of Vernon are visitors in this city today.

The commencement exercises of the Wichita Falls high school, which were postponed last Thursday night, will be held in the First Baptist church tonight.

Mrs. Frank J. Heiser, recently of Las Cruces, N. M., who is visiting the family of Walter Allen, has accepted a position as stenographer with the J. P. Bryan Land Company. Mr. Heiser intends to make Wichita Falls her home.

E. H. Thomas of Frederick was the guest of his uncle, I. W. Gullahorn, today. Mr. Thomas reports that everything is on the boom at Frederick and that the town is growing at a rapid rate. He is much pleased with Wichita Falls and says that next to Frederick there is no place he likes as well.

An indication of the activity in the Wichita real estate market is shown in the records of County Clerk Reed. The transfer record shows that during the last three days in May property valued at over \$50,000 changed hands.

The Times is informed by competent authority that the cylinder head of the gasoline engine for the broom factory was not broken in shipment, but instead was broken before it left the shops in which it was cast. The makers of the engine will be held responsible for the breakage.

In our mention yesterday of the organization of the Wichita Falls Investment Company the capital stock was named at \$50,000. This is just half the amount that the capital really is. The Times can be excused for the error because it has not become accustomed to think in such big figures.

Over in Indiana the Republicans are organizing Fairbanks Clubs to further the candidacy of Mr. Fairbanks for the nomination as the Republican candidate for the presidency in 1920.

...projecting from a sea of milk into clouds of frost.

The contract for setting the trolley poles for the street railway at Amarillo has been let. Grading for the tracks is progressing rapidly and work on the power house is to commence immediately, but the installation of the engines and dynamos cannot be completed before August. At that rate Amarillo will have to hustle if she is to hear the clang and ding of the zongs on the trolley cars before the same noises are making pleasant music for the people of Wichita Falls.

To the Wichita Daily Times,
Wichita Falls, Texas.

Dear Sirs:—

When in Wichita Falls a few days ago I learned for the first time of your paper. I am certainly glad to know that Wichita Falls is progressing so rapidly, and I want to subscribe for the Daily Times. Please enter me for a year's subscription and send the paper to me here. I have also instructed our manager to run a continuous advertisement in your paper.

Yours very truly,
M. M. MAYFIELD.

The Times appreciates such substantial encouragement as the above. The management is doing everything in its power to give Wichita Falls a daily paper that is a credit to towns twice the size of this and from the splendid advertising it is drawing he takes it that the people of Wichita Falls are doing their full share towards giving the paper a generous support. The daily is not yet quite a month old but its subscription list is growing rapidly. It has two daily subscribers in old Mexico and one copy goes each day to London, England. This is spreading out some for a youngster, but before the year closes the Times expects to have subscribers in nearly every State in the Union.

IT'S EXPENSIVE.

Citrus Fruit Has Advanced and Not so Many "Handing a Lemon."

"Lemons show a sharp advance," reads the market report for the last week, and it has become a joke among the produce dealers. "Handing a lemon" to a friend from one is going to cost a trifle more than it did two weeks ago, for, in that time, the citrus fruit has gone up \$1.50 a box. Of course there are still people in the world rich enough and mean enough to pay the extra price, but for the ordinary every day citizen the handing of a lemon is going to touch his pocket a little deeper. Therefore the "lemon getters" can spruce up and hold their chins a little higher, because even if they get one, they will know that it is costing the giver a heavy percentage over what it did April 1st when some were handed around.

Seymour's Compress.

Work on the compress and ice plant is going forward rapidly. The walls of the ice plant building are about completed and it will be finished in a short time. The main trouble now is getting the machinery. Ice plant factories are overwhelmed with orders and it will probably be the middle of July before our plant begins to turn out the frozen product. The compress will be ready in ample time for the coming season. Thomas Self, who has the contract for putting in the plants, was up from Crockett this week to see how things were getting along.—Seymour Banner.

Fifteen thousand dollars have been subscribed at Seymour toward the organization of a company to put in a waterworks system in that town. Seymour is also agitating the question of a sewerage system.
