WICHITA FALLS, TEXAS, THURSDAY JANUARY 9, 1908

NUMBER 205

IS NO APPREHENSION

PARIS NEWSPAPER PUBLISHES STATEMENT CREDITED TO PRESIDENT ROOSEVELT.

JAPAN IS CONCILIATORY

Everything is Satisfactory and There is Not the Slightest Apprehension of a Conflict, is Declaration.

By Associated Press. Paris, France, Jan. 9.—The *Matin*, a leading Paris journal, referring to the American-Japanese situation, declares that President Roosevelt spoke to a diplomat in Washington a few days ago in the following words: "All will be arranged in a most satisfactory manner." The last memorandum received from Japan, was expressed in most conciliatory terms and there is not the slightest apprehension of a conflict.

UNUSUALLY FINE WEATHER.

Conditions Propitious for the Growth of Wheat and Fall Oats.

The winter has so far been unusually favorable to the growth of wheat and fall oats. W. C. Lemmon said yesterday: "I have just returned from a trip to Vernon and Wichita Falls, the largest wheat supplying points in the State. I was informed that the acreage sown in wheat in that section is considerably less than last year, while the acreage devoted to fall oats is larger than last year, and that an immense acreage will be sown in spring oats. On account of ample and timely rains both oats and wheat have grown nicely, and the fields look green."

"Wheat growers in the Panhandle lost their wheat in 1906 on account of heavy rains in harvest time, which made the grain sprout in the shock. Last year the green bug destroyed the crop. Two failures together have discouraged them, and they have turned back to cotton, and they are apt to stick to that until something happens to compel them to try something else. Then they may go back to wheat."

The green bug has not made its appearance so far this year. In January, 1907, this pest was devastating the grain fields. It is not too late for it to show up yet, of course. But if it should come it will get a late start, and is not likely to do so much harm." —Dallas News.

Bullock Will Be a Candidate.

W. J. Bullock, our present county assessor, had determined not to be a candidate for re-election, but acting upon the advice of friends and for other reasons he says he has changed his mind and will run again. Mr. Bullock has made a splendid assessor and has brought the work of that office to a high standard of efficiency. The comptroller says he is one of the best assessors in the State. During his four years in office all inaccuracies have been eliminated as far as possible from the records of the office and he knows thoroughly the condition of both city and country property. Mr. Bullock will be a strong candidate and will formally announce in a few days.

J. R. Carrico is digging the foundation for a two-story brick house on Seventh street, between Scott and Lamar avenue. The building will be used as a boarding house. Mr. Carrico recently purchased two lots for the site of the building from H. H. Boardman. The trade was made through the Cobb, Marlow & Huey agency and the consideration was \$2,700.

REPORT SHOW 9,955,427

BALES GINNED TO JAN. 1st.

By Associated Press. Washington, D. C., Jan. 9.—The census cotton reports show 9,955,427 bales ginned to January 1st, against 11,741,039 last year of the same date. The total number of active ginneries in operation is 27,276.

STATE RECOVERS ONLY EXCESS.

Validity of the Original Grant for a Certain Amount of Land Conceded.

Austin, Tex., Jan. 7.—When his attention was called to yesterday's decision of the supreme court of the United States in *Sullivan vs. Texas*, Assistant Attorney General Wm. E. Hawkins said today: "Of course we are gratified by this decision in favor of the State. The State conceded the validity of the original grant made by the State of Tamaulipas, of 6 1/2 leagues, made in 1834, and confirmed in 1852, and sought to recover and did recover only the excess which was embraced in the resurvey of 1859."

"I have heard it asserted that no man ever won more than nine successive cases in the supreme court of the United States. I do not know whether that is true or not, but if so, Attorney General Davidson has broken the record, as this is the tenth case which he has won in that court without losing one."

"While in Washington recently, the clerk of that court informed me that the case of the Galveston, Harrisburg and San Antonio Railway Company vs. Texas will probably be reached for submission in that court in March."

"If the State wins in that case it will result in the collection by the State from some twenty-four railroad companies of Texas, under the Love gross receipts tax act, amounting to nearly a quarter of a million dollars, under judgments which have already been obtained by Attorney General Davidson."

FORT WORTH AND DENVER.

Changes in Time Card Will Soon Be Announced.

Fort Worth, Tex., Jan. 8.—Subsequent to the meeting recently held at Texline by the officials of the Fort Worth and Denver and the Colorado and Southern, the announcement was made today that there would soon be made public several important changes in the time card of the former road and that the change would be ready for announcement to the public by the latter part of the week. The changes are made so as to conform to the schedule of the Colorado and Southern running out of Denver, Colo., and will also result in more efficient service.

DIED FROM INJURIES.

Fourth Death Results from the Hiram, Georgia, Wreck.

By Associated Press. Atlanta, Ga., Jan. 9.—Alexander Forrester of Cleveland, Ohio, who suffered severe injuries in the Hiram, Ga., wreck on the Southern railroad Tuesday, died at the Atlanta hospital today.

SOLDIERS ARE SENT TO KENTUCKY TOWN

By Associated Press. Louisville, Ky., Jan. 9.—A detail of twelve men from the First regiment of the Kentucky militia left Louisville today for Lebanon in response to orders from Governor Wilson, to protect the property of the American Tobacco Company at that place. Lebanon has been threatened recently by the night riders.

REFUSES TO TALK.

Governor Campbell Declares He is Not Interested in Bailey Controversy.

Special to the Times. Austin, Tex., Jan. 9.—Gov. Campbell was asked today whether there was an amnesty between Bailey and his opponents, as reported, but he refused to discuss the controversy, declaring that he was not interested.

\$5,800,000 DECREASE.

Receipts of Texas Roads Show Heavy Decrease From Last Year.

Special to the Times. Dallas, Tex., Jan. 9.—Auditors of the Texas railroads met here today. They announced that the receipts on many lines in the State for the four months previous to November show a decrease of \$5,800,000 from the same period in 1906.

READY FOR BANQUET

CHAMBER OF COMMERCE WILL HAVE SOMETHING DOING FRIDAY NIGHT.

TO ORGANIZE FOR 1908

Business Meeting Will Be Held Preceding Banquet—The Order of Business, Program and Menu.

The meeting of the Chamber of Commerce tomorrow (Friday, night) and the banquet following promises to be an event that will long be remembered by those present. The committee in charge of the affair have prepared an excellent program as well as a delectable menu.

The Business Meeting.

The meeting of the Chamber of Commerce preliminary to the banquet will be held at the Chamber of Commerce hall on Indiana avenue at 7:20 p. m., when the following program of business will be transacted:

VERDICT FOR PLAINTIFF.

Jury Gives A. F. Fassett \$510 For Damages By Fort Worth and Denver.

Shortly before noon today the jury in the case of A. F. Fassett vs. the Fort Worth and Denver railway for damages for the burning of grass, returned a verdict for the plaintiff, assessing the damages at \$510. The case was given to the jury early this morning, after having been on trial since Monday.

ASK FEDERAL AID.

Farmers Ask Issuance and Loan of Not Less Than \$500,000,000.

Memphis, Tenn., Jan. 8.—Important resolutions were adopted by the Farmers' Educational and Co-Operative Union of America at its session today. The committee on resolutions made the following report, which was unanimously adopted:

"We, your committee on resolutions, find from an examination of the many resolutions that have been submitted to us for consideration that fully 90 per cent of same pertain to the present financial depression, and we have collected from the number the following resolution, which we think covers the main scope intended by the many resolutions submitted; and in submitting this resolution the committee recommends that it do pass, and same be referred to the national legislative committee of the Farmers' Union in Washington and they be requested to urge upon Congress the immediate passage of such a law:

"Whereas, The history of our country shows that panics are frequent, and are considered by the best financiers to be due at regular intervals, greatly to the detriment of the debtor class. Therefore, be it

"Resolved, That we ask congress to pass a law by which all money shall go to the meeting recent yield at trol of the government, and that all citizens with land collateral shall at all times have the privilege of borrowing at not to exceed 5 per cent per annum. Be it further

"Resolved, That we favor the immediate issuance of not less than \$500,000,000 of legal tender treasury notes, and the lending of same, together with any surplus that may be in the United States treasury, direct to the people to aid them in marketing the present cotton crop. Be it further

"Resolved, That we favor the passage of a law by congress prohibiting the buying and selling of cotton futures and all other farm products, or gambling in agricultural products in any manner. Be it further

"Resolved, That we denounce the so-called money panic as a conspiracy upon the part of the money power and speculators for the purpose of serving notice on the farmer that he must be contented to allow others to price his products."

Bills By Stephens.

Washington, Jan. 8.—Mr. Stephens introduced a bill today to appropriate \$100,000 for the public building at Vernon, and \$250,000 for a fish hatchery some place in the Thirteenth District. Another bill introduced by Mr. Stephens provides for the appointment of a commission to codify the postal laws.

CHINESE RIOTERS BURN A CHAPPEL

By Associated Press. Shanghai, China, Jan. 9.—Rioters at Kia Hing Fu in the province of Chekiang, burned the Protestant chapel and school there. The official residence of the local magistrate was also destroyed. The foreigners at Kia Hing Fu are safe.

There has been considerable unrest in the province, but the disorders have been directed principally against the dynasty.

The Presbyterian Church, South, has maintained a missionary establishment at Kia Hing Fu since 1895.

SEVERE STORM IS RAGING.

Many Fishing Boats Lost on the West Coast of Europe and Africa.

By Associated Press. Paris, France, Jan. 9.—A storm is raging on the English channel and along the west coast of Europe and the north coast of Africa. Many fishing boats have already been lost. A dispatch received here from Tangier says that two native passenger boats founded off El Arash, Morocco, and forty persons were drowned, including some Europeans.

FREE HOLDERS ONLY

NOT MORE THAN ONE THOUSAND CITIZENS CAN VOTE IN FORT WORTH BOND ELECTION.

MANY ARE DISFRANCHISED

Citizens Having Property Interests Cannot Vote Because They Do Not Own Their Own Homes.

Special to the Times. Fort Worth, Tex., Jan. 9.—It was announced today that but one thousand citizens will be allowed to vote on the \$150,000 bond issue in the election next May, although it is claimed that there are twenty thousand eligible to vote in ordinary elections. This is because of the clause in the city charter which limits the vote on such bond issue questions to free holding tax payers only. There is much dissatisfaction expressed over the city. There are hundreds of citizens heavily interested in large properties here who do not own their own homes and therefore cannot vote.

SUBPOENA FOR EDNA GOODRICH.

Actress Who Introduced Evelyn Nesbit and Stanford White to Testify.

By Associated Press. New York, Jan. 9.—Just before the beginning of the morning session, Attorney Daniel O'Reilly announced that a subpoena for the defense had been served on Miss Edna Goodrich, the actress, who is playing here this week. Evelyn Nesbit Thaw, while on the stand at the first trial, declared that Miss Goodrich first introduced her to Stanford White and took her to luncheon with him.

The new venire of talesmen reported this morning, with six sworn and three provisional jurors in the box. The attorneys for the prosecution and the defense set about filling vacancies and preparing for another exercise of peremptory challenges.

Hooks-Ferguson.

At the elegant country home of Mr. B. N. Ferguson, near Iowa Park, at 6 o'clock on Wednesday evening the marriage of his daughter, Miss Lillian, to D. E. Hooks was solemnized. The ceremony was pronounced by Rev. A. J. Bush of this city and was witnessed by a large number of friends and relatives.

Following the ceremony a splendid wedding supper was served. The couple received many handsome and useful presents.

Mr. and Mrs. Hooks will be at home to their many friends after January 30 at the groom's farm near Electra.

PUBLICATIO NIS ENJOINED.

Writs Served on Publishers at Amarillo in Prohibition Case.

Amarillo, Tex., Jan. 8.—Writs were served on the publishers of the Weekly Herald late this afternoon enjoining the publication of the prohibition order. The injunction was issued by Judge Fisher, District Judge at Galveston, and was applied for by Savage & Bozeman. Plaintiffs claimed the disability of the local judge on account of the relationship of one plaintiff. The appeal of the Amarillo Beer and Ice Company to the Court of Civil Appeals is still pending.

NOT A ONE-MAN PARTY.

The New York World says: "In the circumstances in which the democracy now finds itself a party would be stark crazy to ignore a man like John A. Johnson and allow a chronic candidate like Mr. Bryan to gain the nomination by default. A one-man party is an evil second in proportion only to a one-man government. As Samuel J. Tilden wrote to Daniel Manning in 1884, 'neither the democratic party nor the republic for whose future that party is the best guarantee is now or ever can be dependent upon one man for their successful progress in the path of a noble destiny.'"

The democratic party is not a one-man party, nor is the nomination going to Mr. Bryan by default. Mr. Bryan will be nominated for the simple reason that he is the choice of the preponderating majority of the men who constitute the party. There are many democrats of renown who are worthy of the nomination, but it appears that they are not the choice of the party this year. Governor John A. Johnson is a good democrat and a splendid man, but he is a stranger to the great body of the party at this time. In time, possibly, the country may become impressed with his availability and nominate him.

The World is greatly mistaken about Mr. Bryan's strength. It is this strength that accounts for his superior availability. It is conceivable that there are several Southern statesmen who would be more acceptable to the mass of Southern democrats than Mr. Bryan is, but Mr. Bryan is certainly more acceptable to them than any other Northern man mentioned.

It is absurd to talk about a one-man party and still more absurd to belittle Mr. Bryan's strength in all sections of the country—even in the East, where the World thinks he is especially weak. Mr. Bryan is much stronger in the East than Governor Johnson or Judge Gray or perhaps any other democrat who has been mentioned in connection with the nomination.

The World's persistent warfare upon Mr. Bryan is calculated to create the impression that it fears he may be elected.—Houston Post.

OKLAHOMA NATIONAL BANKERS TO GUARANTEE DEPOSITORS.

Guthrie, Okla., Jan. 7.—At a conference of national bankers here today, it was decided that the national banks of Oklahoma will arrange to guarantee their deposits, even though the controller of the currency will not permit them to take advantage of the Oklahoma law.

The plan as now proposed is to form a corporation, with \$500,000 capital, in which all of the national banks are expected to join to guarantee their own deposits. The bankers also drafted amendments to the State banking laws which they want adopted, and submitted them to the governor and banking committees of both houses of the legislature.

HERE ARE A FEW OF OUR FINEST CANNED GOODS

Most of the canning companies this year were exceptionally careful to secure only perfect fruits and vegetables for their output, so they would have no trouble with the Pure Food Laws.

The most particular of these concerns have placed on the market a class of goods that for all practical purposes is really better than the fresh article, because as stated above, they have accepted only the finest kinds grown, and then only such as was in prime condition.

The following are a few of the brands that belong to this class.

- Monarch Tomatoes in 3lb cans, each 17 1.2c
- Reindeer Brand Tomatoes 2lb cans 10
- Monarch Corn, 2lb cans 15
- "Pet" Brand Corn, 2lb cans 12 1.2c
- "Midland" Tomatoes, 3lb cans 12 1.2c
- Monarch Pumpkins, 3lb cans 12 1-2c
- Monarch Asparagus Tips, 1 1-2lb cans 35c

ABERNATHY AT WHITE HOUSE.

Oklahoma Marshal Says Whiskey Abounds in New State.

Washington, Jan. 9.—John R. Abernathy, United States marshal of Oklahoma, who conducted the president on a wolf hunt several years ago, and who has the reputation of catching wolves alive and killing them by prying open their mouths, was a White House caller today.

Asked about stories that whiskey is plentiful in the new State, which is now operating under prohibition, he said:

"In the Indian Territory section of

the new State conditions were pretty fair when the United States government was in charge, but now whiskey is sold almost openly in many parts of the territory, and blind tigers are as thick as fleas. Whiskey is to be had in the Oklahoma section also, but it does not seem so bad as in the region of the new State where whiskey was supposed to be almost unknown for many years."

IRISH LODGE KEPT FROM BIER.

Rector Delays Funeral Until Invitation is Revoked.

Philadelphia, Jan. 9.—Members of the Ancient Order of Hibernians were stirred today through the refusal of Rev. D. J. McDermott, pastor of St. Mary's Roman Catholic Church, to permit funeral services to be held in his church over the remains of John Daly, a parishioner, because a Hibernian lodge had been invited to attend the obsequies. The funeral was to have been held yesterday, but had to be postponed. Father McDermott said he would permit the funeral to take place from St. Mary's only on condition that the invitation to the Hibernians be revoked.

The widow of Daly agreed and in the funeral notice printed today it was stated that "the invitation to the Ancient Order of Hibernians to attend the funeral is hereby revoked."

The funeral was held from the church without the presence of the Hibernians.

TEDDY HAD TURNED ON GAS.

Too Much Talk From President, Declares Mr. Willett.

Washington, Jan. 7.—Severe denunciation was heaped upon the president in the house of representatives today by Mr. Willett of New York, who in the course of some remarks on the financial question charged the president with not being a sensible man and with having characterized the heads of great industrial institutions as dishonest, thereby bringing on a lack of confidence among the people and ultimately a panic. The trouble with the president, he said, had been that he had not been turning on the light, but turning on the gas.

"We have had too much talk from him," he said.

AWFUL FIRE CATASTROPHE.

Chinese Thrown Into Panic When Picture Film Took Fire.

By Associated Press.
Victoria, B. C., Jan. 9.—Advices from South China tell of a terrible fire at Canton, in which 300 lives were lost in the burning of a restaurant. A Chinese recently returned from California, bringing a cinematograph machine and gave an exhibition of moving pictures in a restaurant, where several hundred Chinese crowded into the place out of curiosity. The film took fire and there was a panic, during which the building collapsed and hundreds were killed.

Shot Himself When Another Baby Was Left By the Stork.

By Associated Press.
Millville, N. J., Jan. 9.—Despondent because he could not properly care for his family, Joseph H. Sheppard killed himself today. He often said that he had more children than he could properly support. Since early this week, when another child was added to his family, he has been despondent. He paced the floor all night and then shot himself.

Wichita Falls, Texas, Jan. 9th, 1908.

WICHITA FALLS WON'T STOP.

The town that does not stop growing the coming spring will be counted the real thing and it should be the pride of our people to keep the wheels of progress rolling. If we do this we must support the Abilene 25,000 club, but a few alone cannot do this. Every merchant, every mechanic, every professional man, every business man, every property owner, and every other man who is interested either directly or remotely in the future of Abilene should enroll his name on the membership list of this club, and do his part toward keeping up the growth of the town and country. Just take a look squarely in the face of the facts and you will act, unless you really want to sponge on your neighbors or are careless about the future of the community you live in.—Abilene Reporter.

The truths in the foregoing lines are so aptly stated and apply so well to the situation in Wichita Falls that they are worth the consideration of every man in the city. Right now more is being done for the building up and the prosperity of Wichita Falls through the Chamber of Commerce than any other agency. The city has many advantages possessed by but few towns in the Southwest, and it is the office of the Chamber of Commerce to present these advantages to the outside world for the purpose of interesting capital and industrial enterprises in coming here, and to interest the brain and muscle needed in the development of this fortune favored section.

It is confidently predicted that Wichita Falls will keep in the vanguard of progress in the development of North-west Texas, but the material assistance of every man who hopes for a benefit therefrom is needed in the work, and will facilitate the accomplishment of the end desired.

The Amarillo saloon men are making a hard fight to have the courts set aside the result of the local option election held there, and have employed Attorney Graham, recently of Bowie, as their legal adviser. While at Bowie Mr. Graham seemed to have made a specialty of that kind of law practice, and won his reputation as the legal adviser of Walker Hargrove, the man who defied the authorities at Bowie for several years and occasionally killed or maimed a man or two just to keep himself in practice. The Amarillo saloon men claim that the election was not conducted according to law, and sued out a writ of injunction to restrain the Weekly Panhandle from publishing the legal notice giving the result of the election and fixing a date for the law to go into effect. This suit was decided against the saloon men by Judge Browning of Amarillo. The Texas Brewers' Protective Association, through their attorneys, then took the matter up and brought suit in a Galveston court to restrain the publication of the order putting prohibition into effect at Amarillo and the injunc-

tion asked for has been granted. By this method the saloon men of Amarillo hope to continue to run their business until it is time for the calling of another election and it begins to look as if Attorney Graham has a cinch on a lucrative law practice for at least two years.

The agitation now going on to have Governor Campbell call an extra session of the Thirtieth Legislature to consider the enactment of a law to guarantee depositors of State banking institutions against loss is meeting with considerable opposition, the strongest of which is probably due to the fact that the people have more confidence in their banks than they have in a majority of the members of the Thirtieth Legislature to enact a law that would be any improvement on the present State banking law. The record made at the regular session of the Thirtieth Legislature is sufficient to last for at least two years, or until after the next election, at which time it is to be hoped that most of its members will not offer for re-election, or in the event they do, they will be retired to private life. Since the adjournment of the regular session, some of the members have resigned and there are others who should have done the same thing. The least legislation the Thirtieth Legislature can do for Texas, the better off will be the interests of the State and her people.

The Texas Railway Commission ought to know whether or not the passenger earnings of Texas railways will justify a reduction in the rate for carrying passengers. It was elected for that purpose, and should not be expected to govern its actions by petitions circulated and signed by citizens of the State, nine-tenths of whom do not take the trouble to investigate for themselves, but sign any petition which might be presented to them. The men who compose the Texas railway commission are fair-minded, and can be depended upon to do what in their judgment is right. On some roads, doubtless, a reduction of passenger fares would work a great hardship, but there are roads whose passenger earnings will justify a reduction.

Col. William G. Streett has resigned his position on the editorial staff of the Dallas News and has retired from active journalism for the purpose, some say, to enter politics and become a candidate for Congress from the Dallas district. As a newspaper man he has few, indeed, if any, superiors in the State of Texas. His success as a politician is yet to be recorded. Let us hope, however, that it will not prove a disappointment—like that of Horace Greeley, who made such a brilliant record as the editor of the New York Tribune and then entered politics, was unsuccessful, and it is said died of disappointment.

An exchange says that people should speak their thoughts. Perhaps they ought, but if they did the police courts would be kept busier than at present.

The government census report shows that the cotton crop, so far as ginned up to January 1st, is just 1,785,612 bales short of the 1906 crop.

Just as well pay that poll tax today as to wait until tomorrow.

LEGISLATION DESIRED.

Farmers' Union Wants Many Laws for Their Benefit.

By Associated Press.
Memphis, Tenn., Jan. 9.—Included in the legislation which the Farmers' Educational and Co-Operative Union of America desires enacted by the national congress is:

A law by which all money shall be issued by and under the direction and control of the government.

The passage of a law by congress prohibiting the buying and selling of cotton futures and all other farm products, or the gambling in agricultural products in any manner.

The speedy enactment of laws substantially excluding the present alien influx by means of an increased head tax.

That congress shall extend parcels post system, increasing the number of pounds to be carried in the mails from four to eleven pounds and the reduction of the postage from 16 to 12 cents per pound.

The establishment of a postal savings bank system as means of keeping money at home.

Today's session of the convention was called to order by President Barrett and a discussion of many of these subjects was entered into.

THE GOODS WE SELL ARE GOOD, BETTER BEST—NEVER TRASH. WHATEVER PRICE WE MAY CHARGE YOU, YOU MAY DEPEND UPON IT THAT YOU WILL AT LEAST GET SOMETHING GOOD. YOU CAN NO MORE AFFORD TO WEAR POOR APPAREL THAN WE CAN AFFORD TO SELL THEM. IF WE SELL POOR GOODS IT WILL HURT OUR REPUTATION; IF YOU WEAR POOR GOODS IT WILL HURT YOUR REPUTATION. Locked in Car Eight Days.

Lawton Democrat.
Locked in a refrigerator car for eight days and nights, with nothing to eat or drink but potatoes, in utter darkness—blackier than the blackest night—and enshrouded in an awful uncertainty which threatened to drive him into hopeless insanity, Thomas D. Garrett, a member of the American Federation of Labor, fresh from the logging camps near Boise, Idaho, was this morning found by employes of the Turner Produce Company and permitted for the first time since his imprisonment to see the light of day and slack his wracking thirst.

"For God's sake, don't shut the door again," cried the perishing man, when his prison doors were first opened. Then weeping, babbling and tottering, he was taken from the car and to the warmth and comfort of a hotel.

Although weak from hunger and thirst, almost blind from the darkness and wandering in mind from the dreadful uncertainty, he is remarkably good condition and is expected to recover.

Garrett says that he left his sister's home at Boise, Idaho, on December 11, to go to Dorrance, Kansas. Arriving at Ault, Colorado, he found a car loaded with potatoes, and, thinking that the care would be good place to spend the night, he crawled in and slept. This was on New Year's eve. When he awoke the next morning the car was closed and moving. He had been sealed up and could not get out until the car was opened here this morning.

SPLENDID SOUTHERN PROGRESS 1907 WAS A BANNER YEAR.

The Tradesman's annual issue contains among its elaborate features, an elaborate review of Southern progress during 1907, in which the following interesting facts are given:

The principal crops were as follows: Hay of all kinds, 7,590,000 tons. Wheat, 91,433,000 bushels. Corn, 959,743,000 bushels. Oats, 67,338,000 bushels. Tobacco, 437,138,000 pounds. Rice, 21,419,000 bushels.

Two notable increases over the previous year are shown by these figures. Despite the fact that 1907 was unfavorable to agriculture throughout the country, the Southern hay crop was 25 per cent greater than in 1906, and the rice crop increased nearly the same percentage.

During the last five years, however, agriculture has made such progress in the Southern States that the corn crop has increased nearly 50 per cent. The rice crop is five times greater, while, as already stated, the fodder crop has enlarged 25 per cent in a single year. In 1900 the value of products of vegetable gardens of the South was 13,000,000; at present the annual yield of orchards and vineyards in this section is over \$30,000,000, making the sum total of the annual fruit and truck products of the South fully \$150,000,000.

Growth of Cotton Industry. During the last cotton year we sent out of the country about 8,500,000 bales of raw cotton, fully two-thirds of the crop; but such is the growth of the cotton industry in the United States that the South now contains 700 mills, operating 10,000,000 spindles, and 1908 will add fully twenty more plants. The States of North and South Carolina are American Lancashires, the two having no less than 400 plants with 6,300,000 spindles—and more to come.

The metal industry, including the mining of ore, shows a notable increase compared with previous years. The total tonnage of iron produced by the Alabama furnaces during 1907 will aggregate about 1,750,000 tons, including the month of December, with a value of \$32,000,000. This is 100,000 tons more than the record for 1906, and about 150,000 tons more than the record for 1905, while the value has increased within the last two years nearly 50 per cent. This remarkable gain is of course, due largely to the rapidly rising price of iron, but the expansion in the smelting industry is also notable.

Such is the activity in this industry in the State of Kentucky that while the total tonnage of pig iron produced in 1905 was about 64,000 for 1907 it aggregated over 125,000 tons, a gain of fully 100 per cent in two years, while the value of the output of the smelters has actually more than doubled in two years.

Tennessee also shows remarkable progress, for the tonnage of pig iron made in this State in 1905 was about 372,692 tons, while for the present year it will be about 450,000 tons, representing a value of about \$7,500,000, compared with \$5,250,000 in 1905.

The review contains a statement of the capital invested in general industry in each Southern State in 1905 as compared with 1900; also the value of the individual output of each State for the same year.

These figures offer perhaps the most convincing proof of the condition of the Southern States, for the total investment of capital in miscellaneous industries increased no less than 50 per cent in the brief period of five years, while the value of the manufactures has increased 25 per cent, and in 1905 exceeded the total investment in Southern industrial plants by the sum of nearly \$200,000,000.

Education Factor in Progress. The review contains an introduction by Edward A. Alderman, president of the University of Virginia, in which he states that the greatest factor in the future progress of the South is in an educational system which will reach all of its people. Dr. Alderman outlines the system as follows:

"The system of education I have in mind is a complete unity, extending from the primary schools to the university. It involves technical training for industrial efficiency. It involves agricultural training, for in our land lies our wealth, and it involves such a coordination of the secondary, the lower and the higher education as will make it possible for every fit youth to be wisely trained for life in this country. The most far-reaching and transforming thing in our civilization today is the educational processes that are being set in motion to give suitable training to all the people in the Southern States."

Live Stock Market.

Special to the Times.
Fort Worth, Tex., Jan. 9.—The cattle market was better supplied today and the prices were steady. The market for beef steers was active and steady. Tops selling at \$4.50 and good and common offerings at a lower figure.

Stockers and Feeders—The receipts were very small and the demand for this class of offerings was strong at 3.00@3.25.

Butcher Cows—The receipts were small and the offerings were fairly good. The market was steady and the demand strong, tops going at \$3. The market for bulls was active and higher, tops going at \$3.60.

Calves and Yearlings—The offerings were fair, but there was nothing very choice. The market was active and higher, tops bringing \$5.00.

Hogs—Receipts, 1,800, a large Panhandle supply of good, but not tippy stock being on the market. The market was active and steady, with tops at \$4.50.
