VOLUME 1

WICHITA FALLS, TEXAS, SATURDAY JANUARY 25, 1908

NUMBER 219

MAY TAKE NO ACTION

DEMOCRATIC COMMITTEE NOT
LIKELY TO SUBMIT ISSUES AT
COMING MEETING.

CAMPAIGN NOT EARLY

Delay in Making Call Leads to This
Conclusion—To Consider Dele-
gate Question.

It seems unlikely now that there will be a meeting of the State Democratic Executive Committee early in February, as was indicated some time ago, as no call for same has been issued.

Some interest is being manifested in the approaching meeting, because of the efforts which will be made to secure the submission of various propositions to become a part of the Democratic State platform. Under the provisions of the election law no platform shall contain any specific demand for legislation unless the same shall have received a majority vote in the primary election, and it made the duty of the executive committee to submit any such propositions in the primary upon petition of ten per cent of the voters at the next preceding general election.

Among the propositions which the executive committee may be asked to submit is that the Thirty-first legislature shall submit to the people a State-wide prohibition amendment to the constitution. The prohibition campaign committee is to decide in a week whether or not it will make such request.

It is said, however, that the democratic executive committee at its approaching meeting will deal only with matters pertaining to the convention to send delegates to the national convention, and that it will take no action looking to the general primaries until a meeting to be held later in the year. In this case the campaign upon platform propositions will not begin early.

DISAGREE OVER SETTLEMENT.

Final Draft of Statement of Facts in
Intangible Tax Suit is Being
Prepared.

Some disagreement arose between State Tax Commissioner Davie and Assistant Attorney General Pollard, who are representing the State, and county, and Attorney J. T. Montgomery, representing the railway company, over the proposed statement of facts in the intangible tax injunction suit of the Wichita Falls Railway Company vs. Tax Collector Davis et al., and up until 3 o'clock this afternoon no agreement had been reached. At that hour Attorney J. T. Montgomery was engaged in drafting another statement. This will be presented to Messrs. Davie and Pollard, and in event it proves to be unsatisfactory the evidence in the case will go into the court in the usual manner.

UNABLE TO LOCATE STEAMER.

The Princess Anne, Overdue in New
York, Cannot Be Found.

By Associated Press.
New York, Jan. 25.—The Old Dominion liner, Princess Anne, which left Norfolk, Va., for New York at 7 p. m. Thursday had not reached New York this morning, although due to arrive yesterday afternoon. Efforts were continued today to locate the steamer by the use of the wireless telegraph, with which the Princess Anne is equipped, but up to 10 a. m. the land stations had not been able to find the missing steamer. The Princess Anne carried eighteen passengers and officers and crew to the number of about 100.

The Princess Anne Located.

By Associated Press.
New York, Jan. 25.—The Old Dominion line steamer, Princess Anne, twenty hours overdue at this port from Norfolk, Va., was located off the northeast end of the lightship outside of Cape May this afternoon. Captain Tapley reported all well on board.

FREIGHT BROKER PLEAD GUILTY.

Conspiring to Pay Rebates the Charge.
Jail Sentence Was Omitted.

By Associated Press.
Kansas City, Mo., Jan. 25.—George Thomas, a freight broker of New York city, and E. N. Taggart, his clerk, plead guilty in the United States district court here today to a charge of conspiring to pay rebates to shippers. Judge Smith McPherson fined Thomas \$7,000 and Taggart \$4,000, omitting the jail sentences previously assessed. Both of the defendants appeared in court after the sentences were passed and checks covering their fines were tendered and accepted by the judge.

Probably Not Fatally Hurt.

Lawton, Ok., Jan. 25.—Tom Brashers, a teamster, was today badly crushed beneath a heavy iron safe, which was being taken up a stairway by a rope, when the fastenings to which the rope was attached broke. His right leg was broken above the ankle and he was otherwise seriously injured, but probably not fatally.

THE NIGHT RIDERS

"SHOOT UP" A HOTEL

By Associated Press.
Dawson Springs, Ky., Jan. 25.—A band of fifty masked night riders late last night took possession of the Arcadia hotel here. After terrifying the guests by "shooting up" the place, the riders took John Heath, an independent tobacco buyer, who was a guest of the hotel, over to the river near by and upon threats of "ducking" made him promise not to sell any more tobacco.

Mr. Heath was taken out of bed in his night clothes and put on a horse and taken to the river a mile away. He was first threatened with being whipped and thrown into the river. Under these terrifying circumstances, he finally promised not to sell any more tobacco.

mittee of Southern Pacific.

By Associated Press.

NOT A VOLUNTEER

"BUT IF DRAFTED I WILL NOT DE-
SERT," SAYS BRYAN.

IS CHARY OF COMMENTS

Does Not Care to Discuss Hughes or
Taft For Fear of Hurting
Their Feelings.

Atlanta, Ga., Jan. 24.—William Jennings Bryan was asked in this city today if he would accept the democratic nomination for president in 1908 if offered. His reply was: "I am not a volunteer for the place. If I am drafted, however, I will not desert."

Mr. Bryan arrived here with Judson Harmon of Ohio late this afternoon. They came from Birmingham, where both made speeches last night. Mr. Bryan missed his connection for Washington in this city and remained here until 9 o'clock as a guest of the Young Men's Democratic League.

Mr. Bryan was asked about the probable candidates of the republican party, particularly with regard to Mr. Taft and Gov. Hughes, and replied:

"I don't care to hurt either Mr. Taft or Mr. Hughes by any opinion or expression of mine," saying this with a laugh.

In reply to a question regarding a dispatch from Washington in relation to an effort said to be made by Wm. Sheehan of New York and former Senator James Smith to have some other candidate for the head of the democratic ticket in the next presidential campaign, Mr. Bryan said:

"I have heard nothing official in regard to this move. When it comes to me from the guardians of the democratic party I will then give my answer."

Mr. Bryan declined to comment on Judge Alton B. Parker's recently published charge that Mr. Bryan had not acted in good faith toward him prior to his nomination for the presidency.

"I have not read the statement of Judge Parker," he said, "and the mere fact that it appears in a newspaper would not warrant the assumption that Judge Parker said it or was correctly quoted. I would not, in any event, however, care to discuss the matter."

Wichita county's representation in the State Democratic convention has been cut down from three votes to one vote. The convention strength of each county is based on the number of votes polled for, the four democratic candidates for governor at the last primary election. The main reason for such a light vote is due to the fact that not more than about one-half of those against whom a poll tax is assessed paid the tax in time to entitle them to a vote. Wichita county should be entitled to at least three votes in the State convention and if all male persons between the ages of 21 and 65 residing in the county will take out poll tax receipts prior to February 1st, Wichita county will then be out of the list of counties which are entitled to but one vote in the State convention.

EFFORTS WERE FRUSTRATED.

Attempted Jail Delivery at Fort Worth
Prevented by the Breaking of
the Saws.

Special to the Times.
Fort Worth, Tex., Jan. 25.—Marguerite Anderson, an attractive young girl, and N. M. Bishop were arrested today charged with aiding an attempted jail delivery at the city prison last night. The breaking of the saws alone frustrated their efforts. It is declared that the attempt was made in behalf of G. C. Minor, a suspected army deserter, and the girl's sweetheart. Minor was taken to Fort Hill, Oklahoma, today.

Mr. W. F. Fry, pastor of the First Baptist church, received a telegram this afternoon from Rev. George W. Truett of Dallas, announcing the death of the latter's brother in Grayson county, making it impossible for Rev. Truett to assist in the services at the Baptist church next week.

CASE NEARLY ENDED.

Last Witness Placed on Stand in the
Stearns Trial This Afternoon.

A jury was empanelled at 3 o'clock yesterday afternoon to try L. G. Stearns on a charge of rape. Fewer witnesses were used in this case than in the Fisher trial and it is probable that the testimony will be concluded this afternoon.

At 3 o'clock the defendant, L. G. Stearns was placed upon the witness stand in his own behalf and will probably be the last witness in the case.

If the testimony is concluded before late in the evening a night session of the court may be held and the case may go to the jury tonight.

GOVERNOR FAVORS PROPOSITION

Purchase of Plantation Would Do
Away With Convict Lease System.

Special to the Times.
Austin, Tex., Jan. 25.—Judge Gill, chairman of the penitentiary board, is conferring with Governor Campbell today regarding the State purchasing the Fort Bend county sugar plantations for convict labor. It is said that Governor Campbell favors the proposition because it will abolish the convict lease system and bring the State large revenues. The purchase price is placed at six hundred thousand dollars.

OVERTAKEN BY DISASTER.
Attempt to Recover Lost Treasure on
Mexican Coast Met With Mis-
fortune.

By Associated Press.
San Francisco, Cal., Jan. 25.—More disaster has attended the efforts of C. R. Johnson of Boston to recover the gold lost on the beach at Manzanillo, Mexico, in 1862, by the burning of the old Pacific mail side wheel steamer, the Golden Gate. Word received here yesterday states that two men were drowned and one killed by a blow from a large timber during a storm at Manzanillo some days ago. In the same storm a gasoline launch from this city that had been sent down to assist in the operations, was sunk.

At the meeting of the Wichita Falls Ministerial Association this week it was decided that hereafter until further notice the evening services at all the churches would be held at 7:30 o'clock instead of seven o'clock as heretofore. This change becomes effective tomorrow.

SIX DAYS LEFT TO PAY POLL TAXES

There are but six days left in which State, county and city poll taxes may be paid, and there are yet many citizens of Wichita Falls and Wichita county who have not yet secured their voting rights for the important elections that are to be held during the year. This morning the number of polls paid to City Tax Collector Harry Robertson numbered 335. The total last year reached four hundred and it is estimated that nearly as many others deprived themselves of the right to vote through their failure to pay the poll tax. At the present rate not over 500 polls will be paid in Wichita Falls, while it is estimated that there are not less than 800 voters in the city, subject to the tax.

For the convenience of the tax payers, County Tax Collector Davis has placed copies of the tax list at the banks at Burk Burnett, Iowa Park and other places, and as no returns have yet come in from these places, an accurate estimate of the number of county polls paid cannot be had at this time. The records of four precincts, however, are kept at the tax collector's office. In precinct No. 1, 138 polls had been paid up to this morning. In this precinct the whole number of polls last year numbered 170.

In precinct No. 2 up to this morning 332 polls had been paid, against a total last year of 330.

In precinct No. 4, 45 polls were paid against a total last year of 48.

In precinct No. 3 the number of polls paid was 8, against a total of 12 last year.

EARNINGS DECREASE

Cost of Operating Shows an Increase
of 21.11 Per Cent During
Same Period.

EXPENSES SHOW INCREASE

TEXAS RAILROADS SHOW LOSS IN
GROSS EARNINGS OF 22.6
PER CENT.

Special to the Times.
Austin, Tex., Jan. 25.—The railroad commission today gave out a statement showing the condition of Texas railroads for the first five months of the present fiscal year and gave a comparison with the same period of last year. The statement shows gross earnings of \$38,853,999 for the first five months of the last fiscal year and \$37,977,329 for the first five months of this fiscal year, a decrease of 2.26 per cent. The gross freight earnings of the same period shows a decrease of \$627,855 or 2.33 per cent. Gross operating expenses show an increase of \$5,284,888 or 21.11 per cent over the same period last year.

SCHOOL FUND CASH SHORT.

Independent Districts Likely to Have
to Seek an Outside Market.

Austin, Tex., Jan. 24.—Independent school districts over the State continue to issue bonds and hardly a day passes that the attorney general's department does not approve an issue or two. These are registered in the controller's department. An issue of \$11,800 Arlington Heights school bonds have been approved, being ten-forties bearing five per cent; also \$16,000 Knox City independent school district bonds, being ten-forties bearing five per cent.

The various independent school districts must find an outside market for their bonds, as the school fund has been kept at a minimum and the issues far exceed the fund available for investment. At this time the permanent school fund has practically nothing in the way of cash, but owns interest bearing bonds to the magnificent sum of over fourteen million dollars. The school fund takes all of the bonds it possibly can, but as it has little money to invest at this time the school districts appear as though they are finding a ready market for their securities on the outside. One issue recently yielded 6 per cent.

The Story of the Play.
The first act discovers the parents, Colonel and Mrs. Grey, returning from India after many years of absence from home and their children. Mrs. Grey (Alice) was the belle of the barracks, and finds it hard to settle down. Their children, Cosmo, age 15, and Amy, aged 17, have been brought up upon conventional lines. They pity their parents and plan to show them what life really is. Cosmo is most indignant because the cablegram announces his father has kisses for him. Many ludicrous situations occur when they endeavor to bring their parents in the way they should go, and Amy is horrified to think her mother is carrying on as she thinks an open and desperate flirtation with a friend of the family.

Act two discovers Amy in the rooms of this friend endeavoring to recover imaginary letters and save her mother's honor. The scene is one of the most humorous ever written and treated in Mr. Barrie's best style. The parents arrive. Amy hides in the china closet. Her mother sees her there and instantly thinks that her Amy has gone wrong, but determines, with the depth of a mother's love, to save her. For moments the suspense is intense, revealing some of the most realistic acting ever seen on the stage, and of a nature which has already placed Lucia Moore far in advance of all emotional actresses.

The last act teaches Mrs. Grey that it is the turn of the boy and the girl, and her flirting days are over. Amy imagines she controls the situation to the drop of the final curtain, and Alice has a soliloquy in the light of a great fire, in which she realizes that for her it is "Alice-Sit-By-The-Fire."

Will appear in this city at the Olympic Theatre, Monday, January 27. Tickets on sale at the usual place.

Unity Club Meets.

The Unity Club was very pleasantly entertained at a very interesting meeting at the home of Mrs. T. B. Greenwood on Lamar avenue Friday afternoon. The program for the meeting was a continuation of the study of Shakespeare's "King John," in which the club has been engaged, the leader for the meeting being Mrs. Darnell.

Mrs. J. F. Reed contributed a very interesting and carefully prepared paper on "Shakespeare's indebtedness and departures from the old play." This paper evoked a very interesting discussion and brought out many interesting points in connection with the play and the great dramatist's life. The meeting was well attended and two out of town guests were present. Mrs. P. H. Boddy and Miss Kate Patterson of Henrietta.

A Timely Suggestion.

Now is the time to begin planting that garden. A farmer without a garden is seriously handicapped in this day of competition. And every farmer knows how much a garden will save on a grocery bill. If the garden spot hasn't been plowed, attend to the matter at once, and get those vegetables in as early as practicable. Plant a good garden.—Seymour Banner.

Why Some Canned Fruits and Vegetables are apt to be Better Than Fresh Fruit

You won't believe on first thought that it is possible for canned Fruit of any kind to be better than the fresh article. But wait a minute.

Did you ever have the pleasure of going out and picking ripe Peaches, Pears or Cherries from the trees and eating them? If you have you know how much better they tasted than the kind you bought at some fruit store. And that difference was not imaginary, but real for fruit that is tree-ripened has a fullness and richness of flavor that it gets from the tree itself and from the sun which artificially ripened fruit does not get.

Unfortunately a large part of the fresh fruit sold in the stores is artificially ripened and this accounts for that unripe and insipid taste you so frequently find in artificially ripened fruit. On the other hand practically all the best canned fruit on the market is canned so near to the orchard that the fruit can be tree-ripened and this fact together with the care used in the process of canning the best brands such as the Monarch brings to you fruit that is really superior in flavor and quality to the fresh article. Of course this is not true of all brands; but it is true of our Monarch and while the price of this brand is a little higher than ordinary, the quality is so much better than that of the ordinary that the pleasure you have of eating them more than offsets the price. We have the following.

New Phone System.

The Harrold Telephone Company is this week running its line from Harrold to Electra and the local switch board and phone boxes will be installed as fast as the work can be done. We learn that connections can be made with the Red River Ranch, Cacawelista, White Face and Iowa Park lines thus making a complete network of the whole country. The local line will also have connection with the long distance line, thereby doubly increasing the benefits. This new enterprise is a great boon to Electra, and should have the support and encouragement of every loyal citizen. —Electra News.

The News is sorry to learn of the death of Mr. E. M. Hall at his home in Harrold Tuesday morning of this week, after an illness of only three days of pneumonia. Burial at Davidson, Oklahoma, Thursday. —Electra News.

Lucia Moore.

Fresh from a series of successes, almost numberless in their entirety, her name is a synonym for all that is poetic, naive or histrionic in her art. Whether in tragedy or comedy, she runs the entire gamut of human emotions with marvelous ease and certainty. Her charming personality, her conceded ability, her unaffected demeanor, her regal bearing, in fact, all the attributes which compose a perfect unit, are hers by inheritance, graced by years of classic association. Miss Moore's career stamps her as being one of the most talented and versatile actresses of modern times. She will shortly be seen here in the latest and best Barrie comedy, "Alice-Sit-By-The-Fire," with an exceptional supporting company and the original Criterion Theatre production.

Ed Howard.....General Manager
B. D. Donnell.....City Editor.

Wichita Falls, Texas, Jan. 25th, 1908.

The Times' attention has been called to the fact that the city law governing peddlers of goods and wares is not being enforced. Our merchants, are required to pay occupation and other taxes to sustain the municipal, county and State government, and if peddlers who make a pretense at soliciting orders for some wholesale house are allowed to enter our city and take orders for any article of dry goods, groceries, hardware, etc., they should at least be required to take out an occupation tax. If there is no city ordinance governing this matter, the city council should lose no time in framing one up that will cover the case of these "drummers" with pencil and pad and an armful of samples, who come into our city and make a house to house canvass, taking orders for everything from a pair of socks to a piano. If they are required to pay a tax, like that imposed on home merchants, perhaps there will be fewer of them. The home merchant is entitled to protection along this line and if there is any law by which these peddlers can be required to pay an occupation tax it should be enforced.

Reports from the ginners and the records of the cotton shipments show that nearly every county in the lower Panhandle and the Wichita country has raised and shipped more cotton this year than ever before and still there is a good part of the crop yet unmarketed. With the largest cotton production ever known, and fine prospects for a good wheat yield, and with crop diversification proving that almost every agricultural crop known can be raised with profit here, there is no wonder that this section is taking a front rank as an agricultural and stock raising country. New settlers are pouring into this land of milk and honey in an amazing volume and are buying lands while they are still cheap. Every town in this section of

the State has felt the benefit of the great agricultural prosperity and many of them are making remarkable strides, both in a business way and in growth in population. This brings up the thought, too, that the people are the most energetic and progressive to be found throughout the length and breadth of the Union—just the sort who will develop the country to its greatest possibilities.

The Democratic Congressional Steering Committee, in choosing Senator Bailey as "chairman of the committee on the disposition of useless executive documents," paid him a rather doubtful compliment. The dispatches say the honor is principally sought for on account of the fact that it carries with it a \$2,000 clerkship and office room; that the committee seldom meets for the reason that there is little or nothing for it to do.

Those residing in the city and who desire to participate in the elections this year will be required to show a city poll tax receipt before they can exercise that privilege. It is well to bear this in mind. January 31st is the last day of grace. If this tax is not paid by that time, you have disfranchised yourself.

No Two-Cent Fares.
Austin, Tex., Jan. 24.—There will be no 2c fares on the Missouri, Kansas and Texas, as was announced last night. A further examination of the road's application today shows that it was never intended to apply 2c fares in this State, but that the mileage books should be accepted on the Texas end of the line at three coupons for each two miles traveled, while in the States outside of Texas the 2c fares shall prevail. The clerk who reported the matter, according to Commissioner Colquitt, did not see the limitation for Texas, hence the erroneous announcement by the Commissioner. Commissioner Colquitt says he will not approve the provision for Texas and has so notified W. G. Crush, general passenger agent of the Missouri, Kansas and Texas.

Memphis station shipped up to date this season more cotton than any station on the Denver road. The only station on the entire line that came anywhere near it is Childress, which was about 100 bales behind Memphis. The shipments up to Thursday night were 10,706 bales for the season. The same date last year this station had shipped 6,955. Last year Memphis was third point on the line in shipments, and this year she should be easily first, as not two-thirds of the crop has yet been shipped.—Hall County Herald.

MEN'S AND BOY'S OUTFITTERS

DONLEY COUNTY TO MAKE SUGAR

Clarendon, Tex., Jan. 24.—Farmers in this section are planning to go into the sugar beet industry on a large scale and many are experimenting all over Donley county with the root. Small patches dot almost every farm. Several experiments in this section of Texas has proved that there is good profit in the product and that the beet contains a large quantity of sugar and equals the quality of the famous Colorado beet which is bringing the farmers of that State millions of dollars each year.

There are plans under consideration to erect refineries and there is plenty of money offered for their support should the beet raising industry develop largely.

The Gaud Junction, Colo., plant has refined fifteen million pounds of sugar from beets and paid to farmers and employees over \$500,000 last year. The soil of this section is peculiarly adapted to the sugar beet and before a great while it is expected that there will be several refineries in operation here.

\$100,000 FOR UNEMPLOYED.

Prominent Chicago Business Men Plan to Raise That Sum.

Chicago, Ill., Jan. 24.—Plans to raise a fund of \$100,000 for the relief of the unemployed in Chicago were made at a meeting of twenty-four of the most prominent men of the city. Practically every industry in the city was represented, as well as all the large clubs, commercial organizations and charitable associations. Before the meeting adjourned several thousand dollars was pledged and work of organization will be taken up at once.

David R. Forgan, president of the Chicago Association of Commerce, called the meeting and a temporary chairman of the general committee was elected. All the money secured will be dispensed through existing charitable organizations. The speakers who appeared before the committee estimate the number of unemployed in Chicago at between 40,000 and 60,000.
