

WHITTLIN

By DOLPH MOTEN

Don't look now, but the hog business is getting closer to us. Screamed the Muleshoe paper this week with an eight-column banner headline:

MAIF ANNOUNCES NEW HOG INDUSTRY

The sub-head said, "SPF Disease Free Hogs Spotlighted". The story went on to explain that the MAIF is the Muleshoe Area Industrial Foundation. Name of the new business is Muleshoe Swine Breeders, Inc., a group of Muleshoe farmers and businessmen.

The company's facilities are well under construction now, the story said. Presently at the location are 120 sows which will produce 2,000 to 2,500 finished hogs per year. Eventually, the firm expects to have 500 sows which will produce 8,000 to 10,000 top hogs on an annual basis.

We didn't know about the Muleshoe hog deal getting underway, but we're not surprised to learn that such an operation is being installed in a neighboring county.

Maybe Parmer will be next. Hogs won't do as much for grain sorghum surplus (?) as will cattle. According to the story we've been quoting, each feeder hog will consume 600 pounds of grain. Approximately a ton of grain is required to fatten a steer.

So, in comparing hogs to cattle it would take boocooos of them to use as much grain as the cattle industry is already using....with the end not in sight.

Contrary to some of the folks we've talked to who are in official capacities, we kinda like our new football district.

Stories in this issue of The Blade point out that District 3-A was increased, by the people who do such things, to an eight team league. Happy and Hart were added to the slate and all six of the present schools were retained.

This will make for seven district football games instead of the five we've had during the past few years.

Happy is almost like no change. We'd been playing them, anyway, and because we were formerly in the same Class B district with them the rivalry was nigh onto as intense as a district game would have been. About the only change here is that Happy will be dropped back further into the year instead of being the second game as it has been since the tilt has been of the non-district variety.

Hart, too, was a member of that same aforementioned Class B league. However, we haven't been playing the Longhorns since we were promoted to Class A.

At Friday night's football game at Sudan, we quizzed the superintendent of schools there, W. E. Hancock, about what he thought of the new district arrangement, which goes into effect next year.

He said he guessed it was all right, but said it like he really didn't think so.

He went on to say that Sudan hated to give up some of their present non-district games, which now draw good crowds. Morton was given as the specific example of the school they hated to see dropped from the schedule.

He said, too, that he hadn't heard his coaches comment on the change, one way or another. An eight-team loop won't be bad. We know another set-up that consists of eight teams that has worked out pretty well up to now --- the Southwest Conference.

Indirectly, we heard the Hart people weren't overly pleased with their advancement. Someone there said why would you look forward to playing in a district that had five teams capable of winning state?

Yeah, flattery will get 'em everywhere.

In this football game predicting business we feel about as useless as a midget in a professional basketball game. Last week, we got six of the 10 right, letting our average slip to .627. That's just a tad better than a stranger could do guessing on the outcome of the games.

Here goes another set:
FARWELL at Kress --- We picked the Steers last week and got away with it. The Kangaroos were upset by Vega and may now be on the ropes. If Kress rebounds this week, though, Farwell could go under like the Titanic.
LAZBUDDIE at Turkey --- The Longhorns will take the Turks like the Indians took Custer.

(Continued on Page 2)

Rain Totals .75 Tuesday

Cool weather returned to the Bovina area Tuesday in the form of rain totaling .75 by mid-morning.

The rain followed a weekend of warm temperatures. A week ago the first killing freeze of the season hit the Bovina area with temperatures plunging to 20 degrees on Monday, and to 24 degrees Tuesday night.

The weekend warmed up with almost springlike weather. The moisture brought a temporary halt to harvesting and other farm work.

C. E. Trimble Injures Hand In Combine

C. E. Trimble is in Northwest Hospital, Amarillo, following an accident shortly after 6 p.m. Sunday at his farm near Bovina.

He underwent surgery Monday on his right hand after the hand and right arm was caught in a combine while Trimble was cutting grain on his farm.

His index finger was lost in the accident and part of his thumb. However, Mrs. Trimble said enough of the thumb was left for "grip." Surgery was for skin grafting on his hand. His thumb is being grafted to his chest.

More surgery is expected in the future, Mrs. Trimble says, possibly because of injury to the upper right arm.

He is expected to remain in Room 252, Northwest Texas Hospital from four to six weeks.

Weather By Willie

The weatherman may throw the book at us. Conglomeration of weather is the word. More rain predicted for weekend.

---Willie

Wardlow Leads --

Mary Merrell Takes Football Contest Win

Newcomers to this year's Bovina Businesses Cotton Bowl Football Contest won two out of three of the top prizes after 169 entries were tallied.

Mrs. Mary Alice Merrell was the only person correctly predicting nine games the first time she entered this year's contest. She received \$5.

Tony Foster, high school student, was second with eight games right on his first entry this year. His prize was \$3.

Roger Ezell won the third place \$1 prize with eight. Larry Wardlow of Farwell emerged from a tie for first place in total games for the first six weeks to lead the field all alone with 45. He has been in the lead, or tied in first place, since the contest began this year, with the exception of the second week.

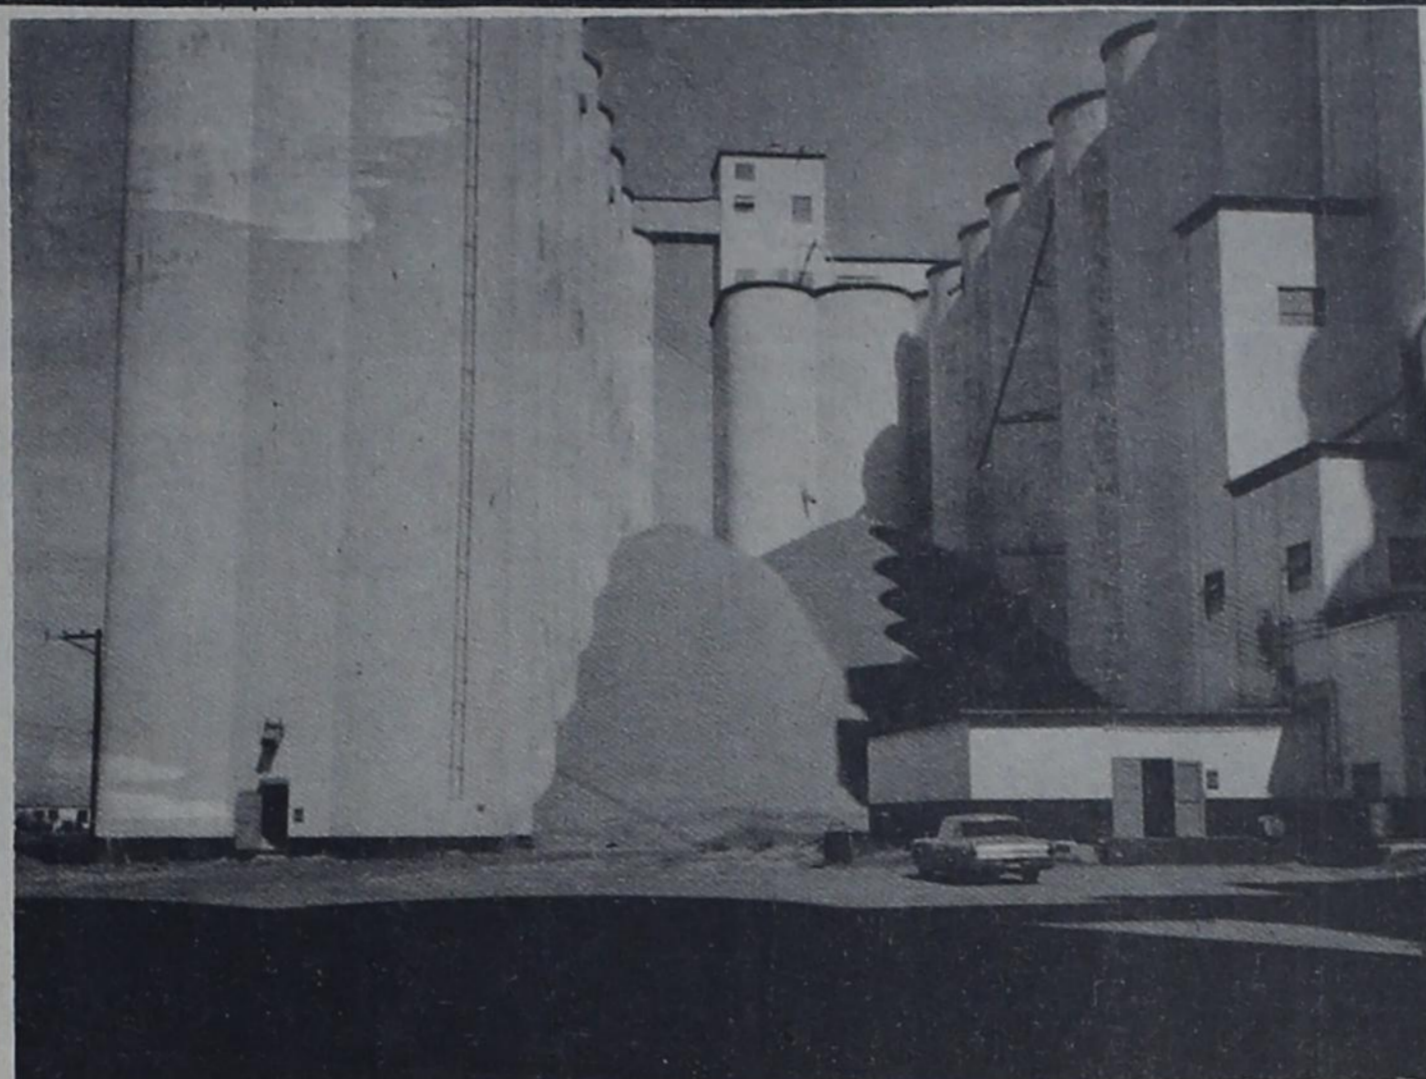

He is followed at 44 games by Paul Jones and T. W. Carpenter of Clovis. Standing in third place with 43 are Frances Allen, Lowell Boozer, Allen Cumpston, Neal Mager and Mrs. W. M. Roberts of Farwell.

In this week's event, eight people correctly predicted eight winners. Other than those mentioned above, these include Chas. Lovelace of Farwell, Neal Mager, Jay Be Barrett, Wardlow, Yvonne Stevenson and Carpenter.

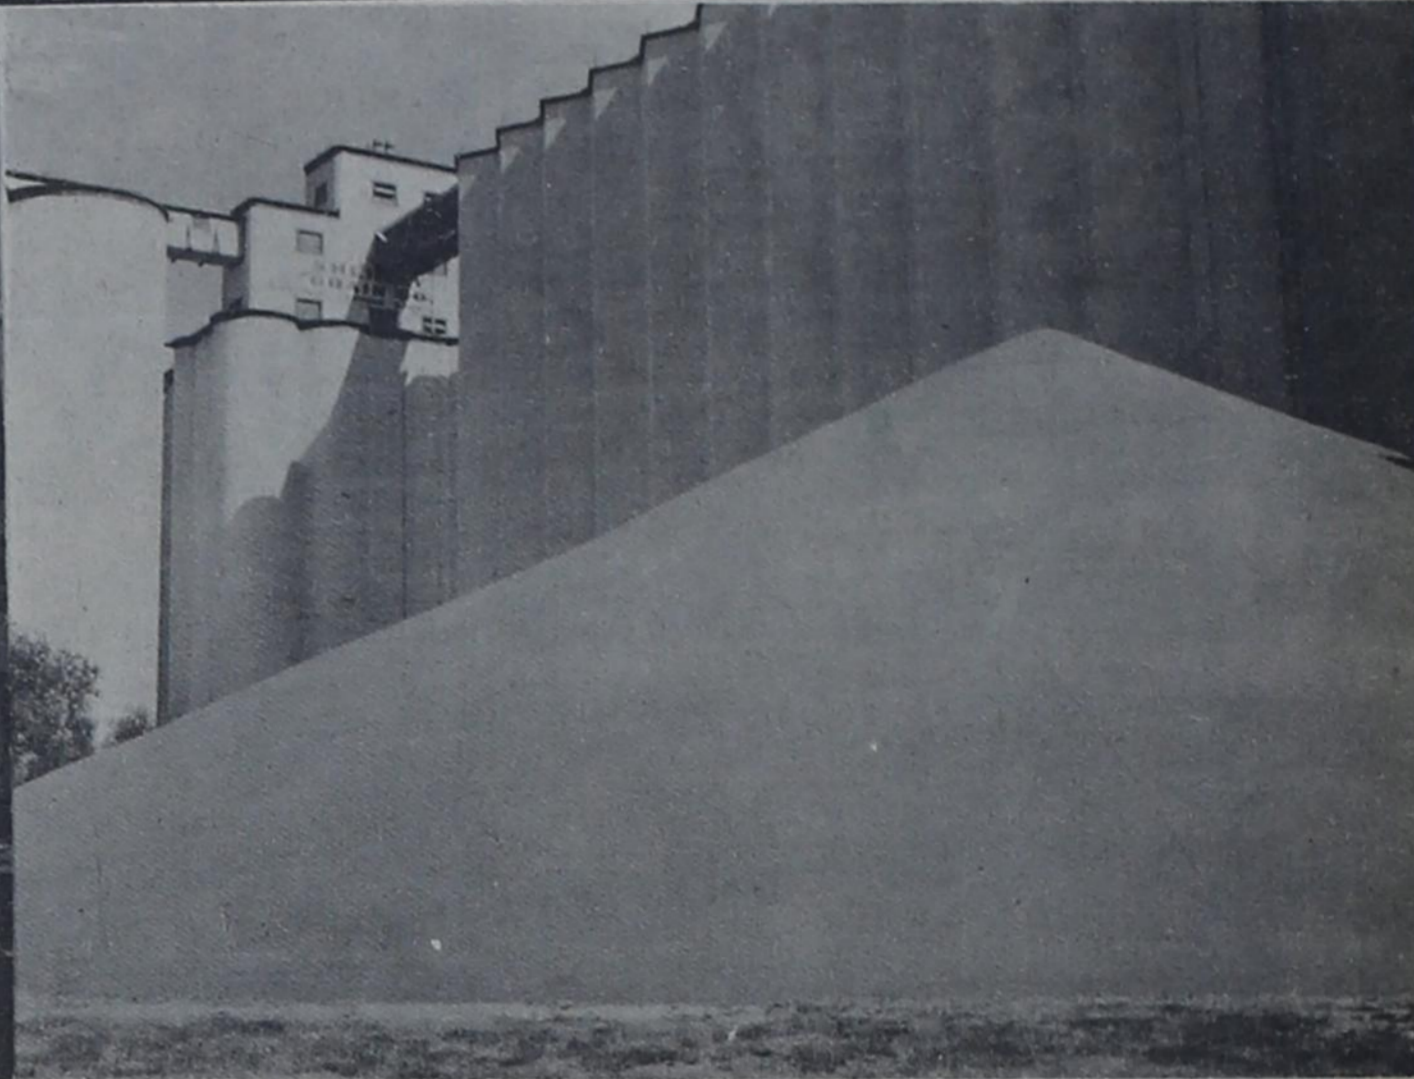

Bookmobile In Bovina

The High Plains Bookmobile will be in Bovina Thursday from 12 noon until 3:30 p.m., according to Lorene Sooter, librarian.

Before reaching Bovina, the Bookmobile will visit West Camp from 9:15 to 10:15 a.m. and Lariat from 10:30 to 11:30 a.m.

GRAIN AND MORE GRAIN---Some of the "stuff" that makes Parmer County one of the leading grain sorghum areas in the country can be seen on the ground in Bovina this week. The grain has

been piled outside to make room for drying wetter milo inside the elevators. Harvest is expected to be almost complete this week, ending what has been termed an average year by some and a slightly below average year by others.

At 2 a. m. --

Clocks Return To CST Sunday

Central Standard Time returns Sunday morning. At 2 a.m. Oct. 26, clocks are scheduled to be turned back one hour.

That means an extra hour's sleep Sunday before Sunday School and worship services begin in Bovina churches. It also means football games will begin at 7:30 p.m. instead of 8 p.m.

School children will get to classes an hour later next week and lose an hour of daylight between end of school and bedtime. Merchants will also get an extra hours sleep each day before opening their stores for business, but will lose an extra hour of daylight on the golf course after closing time.

This is the third year in a row Texas has gone along with the nation in observing Daylight Saving Time, which has been in effect the past six months.

The change to DST gave the nation an extra hour of daylight during the spring, summer and fall months.

For 1969 --

Grain Harvest "Wraps It Up"

The 1969 grain sorghum harvest is about "wrapped up." So say elevator operators in Bovina.

Remainder of harvesting milo in this area is expected to be completed this week if the weather holds.

Although milo crop doesn't compare with the bumper 1967 crop (which some say may never be reached again), it compares favorably to others.

Many farmers' crops this year are off from 1,500 to 2,000 pounds to the acre, while others have done better than in

1968. At least one grain producer reports he has raised his best milo crop this year.

Yields per acre have been reported all the way from a low of 5,000 to a high of 8,900 pounds.

There is not as much grain this year, however, mainly because of decreased acreage.

Farmers have had some diffi-

culty with moisture content following damp weather during the fall weeks.

Soy beans are continuing to produce good yields, from 35 to 40 bushels, according to the elevators. This crop was planted on much Parmer County land after cotton was hailed out in June.

"People keep talking about

the late grain harvest this year," comments one operator. "I remember grain being hauled on Thanksgiving Day not too long ago."

"Actually," he continued, "this year's harvest is on schedule, if not a little earlier than usual. Fact is, we'll be through before Halloween, instead of Thanksgiving."

General Telephone Says --

Bovina To Get Direct Dialing

Plans to install direct dialing in Bovina was explained to several Bovina citizens here last week by G. F. Kehoe, district manager of General Telephone Company.

In a dinner meeting at Bovina Restaurant Wednesday, Kehoe said direct dialing operations should be completed here by March or April of 1971.

General Telephone Company has already purchased lots for a building in Bovina, located between the American Legion Hall and the home of C. R. Elliott on Third Street. Construction will begin about the middle of next year, 1970.

Direct dialing equipment will be installed in the brick building, Kehoe said, and will be operated through Amarillo. The system will eliminate the necessity for expanding the number of telephone operators needed to service the area.

Attending the meeting with Kehoe were Earl Whitten, Bob Fillpot, Neal Mager, J. D. Adams and Lewis McDaniel. Kehoe also asked for any complaints that might be found with the company. He was told that service had improved since Kenneth Howard was moved here as General Telephone's service man.

Only complaint was difficulty in reaching long distance operators. Kehoe explained the company hopes the direct dialing system here will eliminate that

problem. He said the Hereford office, where Bovina calls are routed, already has employed a capacity number of operators.

He also informed Bovina men the company expects to continue furnishing the town with a service man.

Variety Production --

Bovina Groups Sponsor Show

Bovina Chamber of Commerce and Agriculture, Bovina Lions Club and Bovina Booster Club will jointly sponsor the "Zogi Variety Revue" here Tuesday, Nov. 25, in the schools auditorium.

Proceeds from the show will be used to help the Booster Club purchase an exercise machine for the athletic department of Bovina Schools.

The show is a stage presentation with special music which has appeared on national television networks, according to the owner and manager, C. A. Frank of Hutchinson, Kansas.

A performance will be staged that night, as well as a matinee in the afternoon for school students.

Admission to the night production will be \$1.50 for adults and 75 cents for children. For the matinee, a shorter version of the show will be presented with tickets selling to students for 35 cents.

Further information concerning the show will be announced later.

Arrangements for presenting the production were made Saturday when Frank met with representatives from the three Bovina organizations.

Monday Night --

Youth Slates 'CROP' Drive

The Bovina youth will be knocking on doors Monday night, Oct. 27, to help stop hunger through CROP, the community hunger appeal of Church World Service.

Calling themselves "Youth In Action," these volunteers are sponsored by the Bovina United Methodist Church and will be wearing CROP "help stop hunger" identification tags.

Collected funds will be given to CROP which sends food and supplies to hungry people in

more than 30 countries through Church World Service. High protein foods are shipped to victims of war or disaster, primarily to nursing mothers and children. CROP also provides supplies and equipment, as well as funds, to attack root causes of hunger. For example, special assistance is given to develop water resources, or to provide fertilizer or higher-yielding seed. CROP also supports family planning clinics. The goal of the Bovina Methodist Youth Group is \$375.

Church Seeks Moving Fund

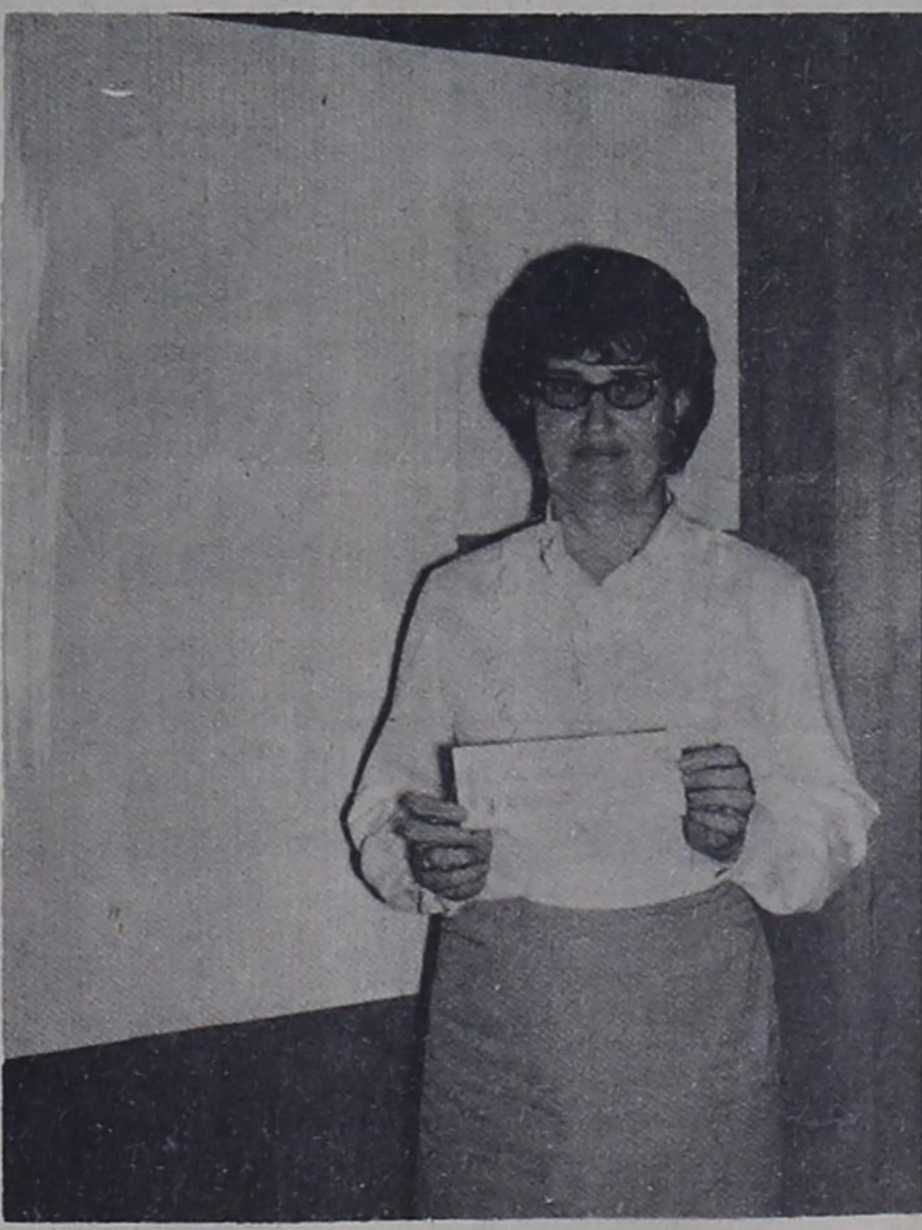

The Jerusalem Baptist Church is conducting a fund drive for raising money to move their church building to a new location. Mrs. Pearl Lee Fleming, program committee chairman, announces.

The members of the church have purchased a building located one block south of Dimmitt highway and plan to move the structure to Ave. D near First Street.

Remodeling the interior is also on the agenda. The church asks that Bovina citizens cooperate in raising the necessary money.

Donations may be brought to the home of Mrs. Fleming, 208 Ave. A. She says any amount will be appreciated, from five cents to any amount.

Rev. L. V. Pearson is pastor of the church.

CONTEST WINNER --- Mrs. Mary Alice Merrell picked nine out of 10 to win the sixth week of the Bovina Businesses Cotton Bowl Football Contest. It was her first time to enter the event this year.

Reflections

From
The Blade

SIX YEARS AGO
 Oct. 23, 1963

Entering for the first time, Charles Walton, head coach at Lazbuddie High, was first place winner in Bovina Business Cotton Bowl Football Contest last week.

Miss Mary Ann McKinney was crowned homecoming queen of Bovina High School for 1963 at halftime ceremonies of Bovina-Hart football game here Friday night.

A meeting for people interested in a course in conversational Spanish has been called for Monday night.

Bovina Mustang Band earned a Division II rating in competition at Canyon Tuesday morning.

Several Baptist women from Bovina attended District Nine W.M.U. meeting Tuesday at First Baptist Church in Muleshoe.

Bovina's Junior High Colts evened their season record at 3-3 here Thursday as they ran away with a game with Marshall Junior High of Clovis 50-8.

Mr. and Mrs. Scotty Barry and Mr. and Mrs. Ed McGuire recently returned from a lengthy tour of several states and Canada.

"Voice From the Deep," a film which will be shown at school auditorium Thursday at 11:30 a.m. was previewed by Bovina ministers of Ministerial group Monday morning in Fellowship Hall of Church of Christ.

Tom Bonds was winner of a new 16-gauge shotgun which was given away during halftime of Friday night's football game here.

County Agent Deryl Coker this week encouraged farmers, especially those who had turned pheasants loose on their farms, to leave some stubble during the harvest operation for the birds to use for winter cover.

TEN YEARS AGO
 Oct. 21, 1959

A petition calling for a city ordinance that would force all businesses in the city limits of Bovina to control the dust, paper, etc. caused by business operations is being circulated.

Joy Redden was named Homecoming Queen for 1959 during halftime ceremonies at Friday night's football game. John Lorenz was named football hero.

Bovina Parent-Teachers Association and Lions Club will have a joint meeting tomorrow night. Speaker will be Dr. John Freeman, associate professor of psychology at Wayland Baptist College, Plainview.

A second vegetable shed is being considered for Bovina. A new chief justice of the Seventh Court of Civil Appeals, which served this county and 45 others in the Panhandle and South Plains areas, was officially sworn in at Amarillo recently. He is Chief Justice James G. Denton of Lubbock.

Formal opening of the newly constructed Methodist parsonage will be Sunday afternoon.

Davela Eden, president of Music Climbers Club, presided at the regular meeting in the home of Mrs. Margaret Caldwell Friday afternoon.

Mrs. Waneen Ragsdale has joined The Blade staff as news and society editor.

For practical purposes at least, the growing season is over in the Farmer County farming area.

While it is true that no really hard or "killer" freeze has come, the light frosts that have appeared on four of five occasions on practically every farm have had a telling effect on crops.

CARNIVAL PROFITS --- Neal Mager, president of Bovina Chamber of Commerce and Agriculture, left, receives a check from Johnnie Horn, treasurer of Bovina Lions Club for the amount of \$512.72 to be deposited to Bull Town Days Fund. The money was the proceeds the Lions Club received for spearheading the work at the carnival here this summer following Bull Town Days. Bull Town Days share of the event was 20 percent of the gross. The carnival was here for a week-long run.

Whittlin' --

(Continued from Page 1)

FLOYDADA at Friona --- Early in the year we read somewhere that Floydada had a good team and the Chiefs dropped last week's tilt to Lockney.

Lockney at OLTON --- This is probably wrong, but we were impressed with Olton's win over highly-favored Dimmitt two weeks ago.

SUDAN at Vega --- Frankly, the Hornets aren't as good as we thought they'd be, but we've got to pick 'em over Vega, which was evidently underrated prior to their win over undefeated Kress. Still, we didn't see the Kress-Vega clash and don't know if we believe what we read about it yet.

Texas Tech at SOUTHERN METHODIST --- Well, they're playing in Dallas and this may not be Tech's year.

Baylor at TEXAS A&M --- Don't ever give up on the Aggies!

New Mexico State at WEST TEXAS --- The Buffs had hard luck up in cold Colorado Saturday. They'll do better playing on the home grounds.

TEXAS CHRISTIAN at Miami U. --- If the Froggies can outscore the Aggies, why can't they win over this outfit too?

Rice at TEXAS --- This one doesn't have to turn out this way, but this is the gimme in this week's contest. Surely everyone will pick it this way.

A. L. Sparks Rites Held

Alva Lee Sparks of Floydada, 67-year-old brother of R. G. (Dick) Sparks of Bovina, died Saturday in Caprock Hospital there.

Funeral services were held at 3 p.m. Monday in First Baptist Church, Floydada, with Rev. F. C. Bradley, pastor, officiating. Burial was in Floydada Cemetery.

A resident of Floydada since 1932, he had retired from the garage business in 1967.

Survivors include his wife; two sons, Don of Amarillo and H. D. of Denver, Colo.; two daughters, Mrs. Maurice Stee of Oklahoma City and Miss Sue Sparks of the home; three brothers, Arthur of Midland, R. G. of Bovina and Johnny of Brownwood; two sisters, Mrs. Evelyn Mowdy of Lubbock and Mrs. Jack Chaney of Rockdale; and five grandchildren.

In Area --

Deaf Smith County REA Recalls History

Deaf Smith County Electric Cooperative sprang to life in November 1938 when 50 miles of line were first energized to serve 120 members. Since that time, 2269 miles of line have been built, and today the Cooperative is serving 4543 meters.

For 20 years prior to 1935, private interests worked with the idea of rural electrification and they came to one conclusion, it could not feasibly be done.

Then the Rural Electrification Administration was set up as an agency of the United States Department of Agriculture. It was established on May 11, 1935 by Executive Order and authorized to make loans over a 25 year period.

Private power companies were again offered the job of electrifying the nation's farmland, but they refused. The job was then turned over to farmers and ranchers who formed electric cooperatives.

In this area, it was men like H. V. Hennen of Hereford, G. T. Watkins of Farwell and Joe Warren of Nazareth who led their communities in obtaining support for a cooperative. They worked many hours, giving their time and energy, until they had signed up 128 members. They applied to the Rural Electrification Administration for a loan to build 50 miles of line.

Deaf Smith County Electric Cooperative was incorporated on April 30, 1937. On May 15, 1937, a loan of \$700,000 was granted and work was soon underway on the project.

This same story was repeated 78 more times over Texas and nearly 1000 times all over the United States, Virgin Islands and Puerto Rico.

REA loans this cooperative money which is repaid with interest. REA does not own Deaf Smith County Electric Cooperative. It does not control or set the policy for it. REA is the Cooperative's banker, and this is the extent of the relationship between the two.

To date the Deaf Smith County Electric Cooperative has borrowed \$7,138,380.20 from the government. A total of \$4,177,530.56 in principal has been paid back, of which \$2,229,630.58 has been paid in advance ahead of schedule. Interest payments have amounted to \$1,202,329.54.

This Cooperative has a direct effect on this area's economic condition. Last year, 1968, the Cooperative paid a total of \$30,-

821.96 in direct taxes. The total annual payroll was \$265,-487.86 for 35 employees. This money is spent in this area for food and clothing and all the rest of the things the employees must have to live.

In addition to this, the system itself spends substantial amounts of money for the goods and services necessary to operate a good sized business. Things that must be bought range from paper clips to legal representation and from typewriters to substations. Where ever possible, these things are bought locally.

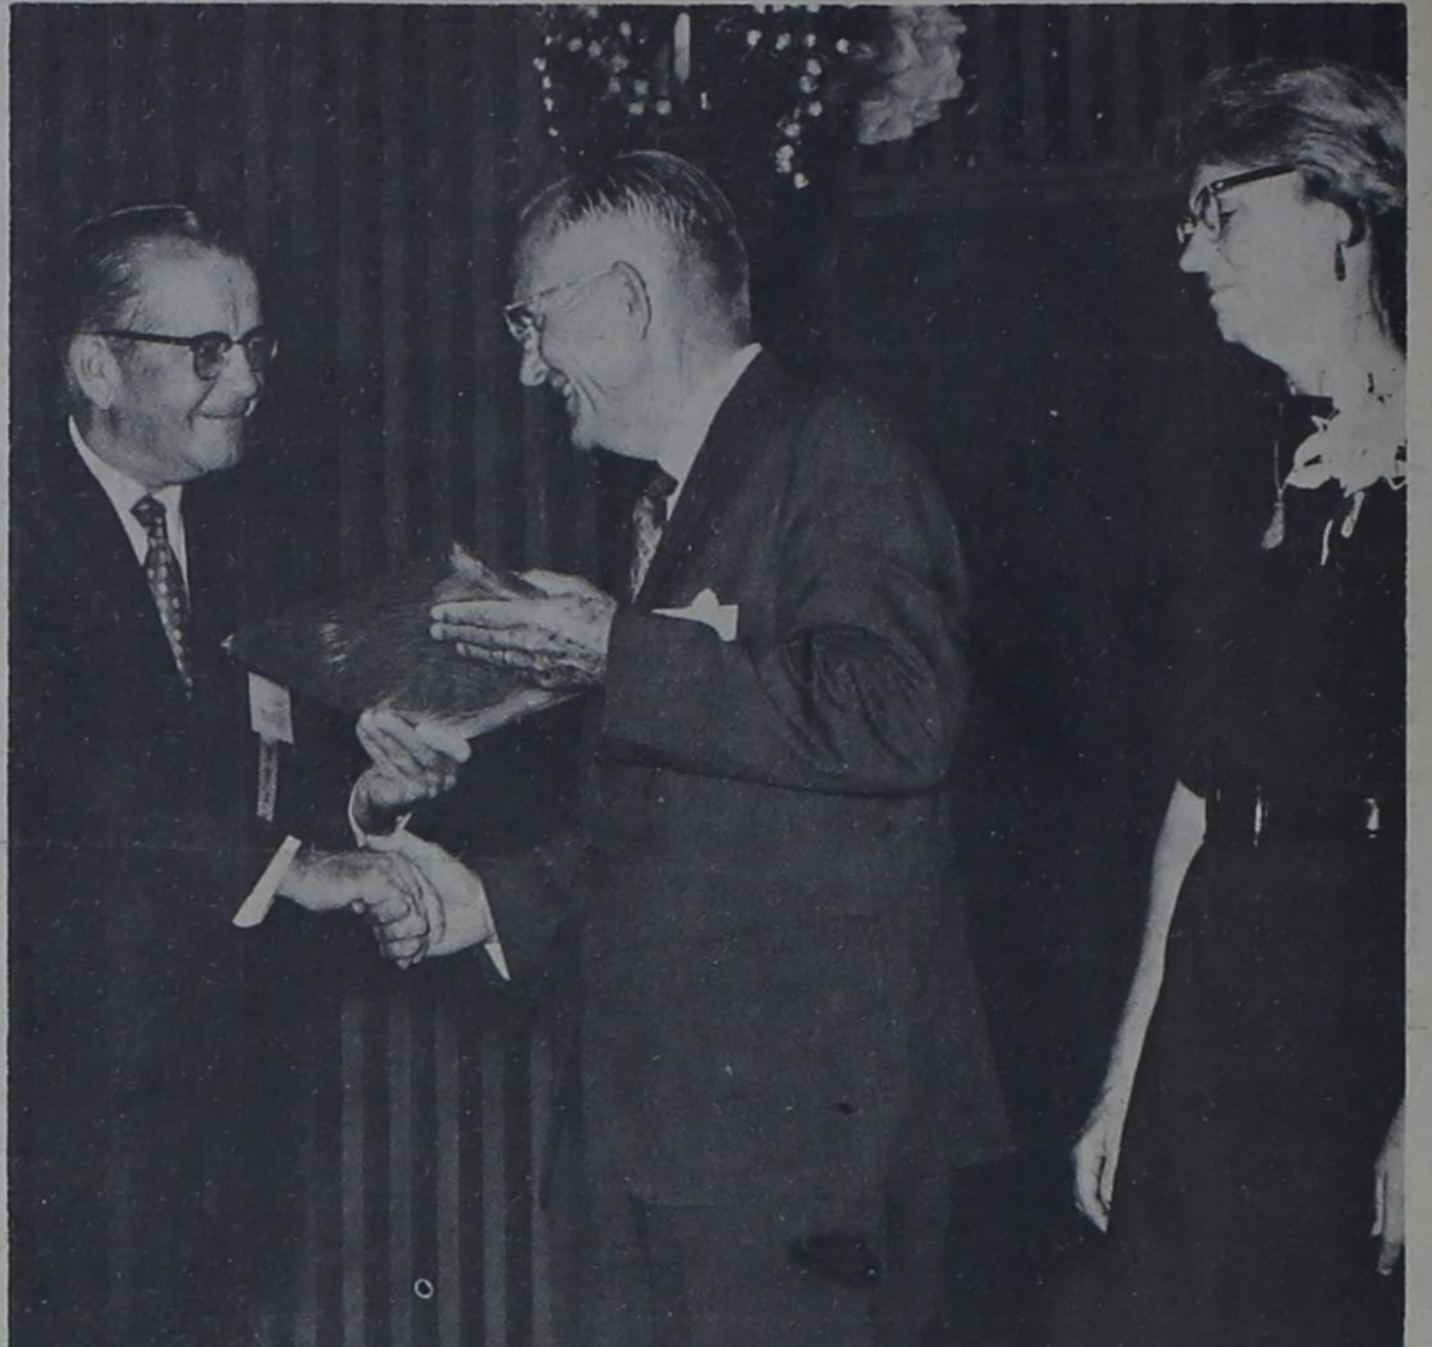

SPORTSMAN'S CORNER

by Clark Webster, Remington Wild Life Expert

Why Do Men Hunt?

One obvious answer is that they enjoy it. But exactly what do they enjoy about it? The shooting of a firearm? That can be done at clay targets or on the rifle range. The taking of game? Then how do you explain the deer hunters who return empty-handed year after year, yet keep going back? Perhaps then, it's the companionship of fellow hunters. The escape from a desk or machine, from business pressures, from air-polluted cities. All of this is part of it.

We at Remington Arms Company believe that it's also the challenge of hunting that men enjoy. But even more than that is the basic need and desire for a close association with nature. Man can never be completely separated from land and forests -- he will always try to retrieve or retain part of them. In the largest cities, he will set aside land for parks. Others will commute for miles and hours from their jobs to maintain a small plot of grass and trees. Still others will drive an hour to reach their favorite grouse cover, or all day to reach the domain of the white-tail deer, or fly across a continent to reach a particular spot in the Rockies.

RECOGNIZED FOR MERITORIOUS SERVICE --- Leo Forrest, former manager of Deaf Smith County Rural Electric Coop., was recently honored for 23 years of service to rural electrification. The award was presented to Forrest at the 29th Texas Electric Cooperative's annual membership meeting in San Antonio. The presentation was made by General Manager J. R. Cobb. Looking on as her husband accepts the award is Mrs. Leo Forrest.

Facts of Interest to Outdoorsmen:
 Largest catfish in the world, the piraba of South America, reportedly grows to 10 feet in

length and weighs up to 500 pounds.

From a mud ball taken out of the plumage of a bird, Charles Darwin once raised 82 separate plants, belonging to five different species.

On its annual round trip from the Arctic to the Antarctic the Arctic tern covers more than 22,000 miles.

Most wild turkeys can be sexed and aged by the size and other characteristics of the lower leg.

It takes the lead-colored bushtit 40 days, working with a quarter-inch bill, to build a pendant nest 10 inches high.

Thanks to conservation efforts the American elk population has increased from 50,000

At Farwell --

Teachers Hold PCTA Meeting

Parmer County Teachers Association held a dinner meeting Monday night in Farwell Schools. Theme was "The Orient."

Gary Cox of Bovina, president of the organization, presided over the business meeting. Officers and new teachers in Parmer County were introduced.

An Oriental theme, complete with chop sticks, decorated the cafeteria.

Following a fried chicken and roast dinner, Mr. and Mrs. James Craig and two daughters presented the program.

They showed films of their trip to Japan, Korea, Hong Kong,

Thailand, Hawaii, Corregidor and the Philippines the past summer.

Craig, a Farwell school principal, made the trip through Lions International.

A large crowd of teachers attended the event.

Cox, Craig and Murrell Johns of Lazbuddie made final plans for attending the Texas State Teachers Association meeting in San Antonio this week where Cox is a voting delegate.

The next meeting of Parmer County Teachers Association will be held Dec. 1 in Bovina. A Christmas program will be presented, Cox said.

ISTA --

Cox To Attend State Meeting

Gary Cox of Bovina ISD will be an official, voting delegate at the 91st annual state convention of the Texas State Teachers Association Oct. 23-25 in San Antonio.

Cox is one of the 1,288 certified members of the 1969 House of Delegates, which will meet in the last day of the convention to discuss and act on proposed amendments to the TSTA constitution, new policies, recommendations of standing committees, and other business. The official delegates are selected from the 419 TSTA local associations throughout the state and certified by dis-

tricts on the basis of one delegate per 100 members or fraction of 100. Every local association in the state is entitled to at least one official delegate.

With total membership in TSTA expected to hit a record 124,000 this year, attendance at the convention will probably total about 8,000. Featured speakers include Gov. Preston Smith, Sam M. Lambert, executive secretary of the National Education Association; and Charles D. Holleyman, superintendent of schools at Mustang, Okla.

Cox is president of Parmer County Teachers Association.

LIGHT makes a difference
by Nancy Evans Residential Lighting Specialist
General Electric, Nela Park

Graceful fabric valances concealing fluorescent tubes behind them demonstrate how easily today's lighting ideas can be adapted to any design period. Table lamps are well scaled and properly located for reading in bed.

Most of us will spend at least a third of our lives in our bedrooms and in terms of decoration and lighting, these rooms are among the most commonly overlooked.

Probably this is because darkness is so necessary for restful and relaxing sleep, but well-planned lighting is equally important for other activities such as dressing, studying, grooming and reading.

Today's combination of smaller bedrooms and larger beds requires lighting that will "push back" the walls and make the rooms appear larger. Simple, but effective, wall illumination will do this as well as provide general, overall lighting.

If You Have a draped window, consider installing a lighted cornice or valance for adding drama and beauty to the room.

Several solutions are available for reading. Individual, swing-away lamps can be mounted on either side of the bed to provide light for reading in conjunction with general room lighting.

Lighted fluorescent wall brackets mounted on the wall behind the headboard can produce the same effect and can provide light on the wall and ceiling. Remember to specify Deluxe Warm White whenever buying fluorescent lamps.

Many teen-agers use their bedrooms for study areas. These should have portable table lamps - advisedly those recommended by the Better Light Better Sight Bureau. They are designed to provide light over a generous area, while eliminating the harsh transition from a very dark to a very well-lighted area, a common cause of eye strain. General room illumination used in conjunction with study lamps will also help avoid harsh "pools" of light.

Shielded fluorescent lamps can be installed underneath shelves to provide illumination on a work surface. To avoid having the light reflect directly into the eyes of the person seated at the study area, mount the tubes at the front of the shelf - not against the wall.

For dressers or dressing tables use a pair of portable lamps - one for each side of the face. The lamps should be tall enough so the center of the shades are even with your cheeks. Highly translucent white shades are a "must" to insure ample light of the right color for make-up.

Want to know more about lighting the bedroom? Write for "Light Makes the Difference, Bedroom", a colorful, well-illustrated booklet filled with lighting tips and suggestions. Single copies are available from the Inquiry Bureau, 230-5524, General Electric Company, Nela Park, Cleveland, Ohio 44112.

Cook's Corner

MRS. BEN REJINO

Mrs. Ben (Dora) Rejino opened the door of her neat farm home, surrounded by a score of trees, seven miles south-east of Bovina, as she does to the community anytime her help is needed.

Inside, the Mets were winning the World Series on the television set, while the hostess was getting ready to attend one of the many meetings on her schedule.

She took time out to give a Blade reporter some recipes she had worked out during the past week.

Mrs. Rejino had "worked" them out because she rarely cooks by a recipe, herself.

The Rejinos came to the Bovina area in 1959, after meeting in San Marcos and later marrying in Shallowater in 1938.

They rent a section of land where they now live and own a total of 675 acres themselves.

The latter includes 200 acres at Hub, 175 acres at Muleshoe, and 300 acres at Whiteface.

The Whiteface farm is rented to Rejino's brother.

The family believes in their children learning to work on the farm, and growing healthy in the fresh air and sunshine, Mrs. Rejino says.

Mrs. Rejino is the mother of four children, Carolina, who has been a sister at St. Francis Convent in Amarillo five years and teaches second grade at St. Lawrence School; Ben, Jr., who is enjoying helping his dad with the farm work after returning from service with the U. S. Army in Vietnam; Linda, a sophomore student at Marymount College in Salina, Kansas; and Richard, a seventh grader in Bovina Junior High.

Besides being a mother and wife of a farmer, Mrs. Rejino is a member of Guadalupanas and Altar Society of St. Ann's Catholic Church, vice chairman of Rural Life Commission of Amarillo Diocese, a board member of Grace Paul Opportunity Plan, and a reporter for St. Ann's Parish.

Her recipes follow.

Mexican Rice
1 c. white rice
3 T salad oil or shortening
1 med. can tomatoes mashed, puree, or tomato sauce.
1 med onion, chopped fine
1 clove garlic
1 1/2 t. cuminos
1 1/2 t. salt
1 1/2 c. hot water
Brown rice in oil, stirring constantly. Add rest of ingredients. Cover with tight fitting lid, cook slowly about 45 minutes. Add 1/3 cup raisins if desired.

Chilis Rellenos
1 can peeled green chilis
1/2 lb. cheese (cut into strips 1 inch wide and 2 inches long, 1/2 inch thick)
2 eggs, separated
Flour
Slit each chili down one side and stuff with strip of cheese. Make batter of egg whites beaten until stiff. Beat yolks separately. Fold yolks into whites. Roll stuffed chilis in flour. Dip into batter, and then fry in hot, deep fat until lightly browned. Remove and drain on paper towel.

Enchiladas
1 dz. corn tortillas
1 lb. cheese, grated (or substitute ground beef, chicken or turkey)
Oil or shortening
1 can med. ripe olives, chopped (optional)
2 or 3 onions, diced fine
1 can enchilada sauce or red chili sauce
Heat oil in skillet. Heat tortilla until soft. Remove tortilla and soak in preheated enchilada or red chili sauce. Remove from sauce, fill with grated cheese (or meat), olives and onions. Roll tortilla. Place side by side in flat pan and cover generously with sauce, sprinkle with grated cheese. Place in low oven 5 to 10 minutes until cheese has melted. Serve hot.

(If meat is used, substitute green chili sauce for enchilada or red chili sauce.)

Of Interest To THE WOMEN

Bovina Study Club Lays Plans For Harvest Carnival Nov. 8

Harvest Carnival, set for Saturday, Nov. 8, will be held this year in the county barn on North Street, according to Mrs. Earl Whitten of Bovina Woman's Study Club.

Date for the event was moved from Halloween since a football game is being played here on the night of Oct. 31.

Mrs. Lawlis To Speak At Meeting

Officers and members of the Bovina Woman's Study Club will attend the Tenth District Board Meeting of Caprock District, Texas Federation of Women's Clubs, in Muleshoe Saturday at Muleshoe High School, according to an announcement by the president, Mrs. Lane Decker of Floydada.

Scheduled to take part on the program from Bovina is Mrs. Ovid Lawlis, Caprock District Conservation Department Chairman.

Registration will begin at 9 a.m.

Study Club Slates Skit

A skit on parliamentary procedure will be featured at the Thursday afternoon meeting of Bovina Woman's Study Club. Characters in the skit will be portrayed by Meses, Jimmie Clements, Ovid Lawlis, Eldon McCormick, Billie Sudderth, Rouel Barron, H. J. Charles, Travis Dyer, Earl Stevenson, Clarence Jones and Leon Ware.

Hostesses will be Mrs. Floyd Damon, Mrs. Roy Dodson and Mrs. Bobby Englant.

She helps her country. Her career. Herself. As an Army Nurse in the U.S. Army Reserve.

The new location has concrete floors which is expected to provide a better atmosphere for the event.

Booths will be built by Future Farmers of America at Bovina Schools.

Classes in Bovina Schools will have the booths for the carnival, along with those of the Study Club, which is sponsoring the event again this year.

Mrs. Whitten said the proceeds from the booths will be split 60-40 with the Study Club. Classes are in the process of

determining the type booths they will have.

The Study Club will have the food and bingo booths. A popcorn booth will specify that all proceeds from it will go to the Grace Paul Opportunity Plan.

Prizes for bingo will be bought by the club this year instead of being furnished by merchants, Mrs. Whitten said.

Last year the carnival was held in the FFA barn and proceeds warranted the event to be sponsored here again.

Scoopin' - - - -

By Pat Jacobs

Our prediction average came close to zero last week. Except for a confrontation at the White House gates, there was little violence in last week's moratorium. Don't mind losing that one at all.

We disagree with those who say the moratorium was a success. Frankly, it appeared to have been a big flop. Estimates from a half-million to slightly over a million turned out for the big protest. Probably several million more were silent sympathizers.

Noteworthy we think (which no one seems to notice) is that the protesters were a small percentage of this country, which has a population of 210 million.

But the silent man, which accounts for probably 185 million, at least, is beginning to speak out for Uncle Sam. Only trouble is -- it's a little late.

Our own Senator Ralph Yarborough not only supported the moratorium, but urged Texans to participate. So, who's surprised?

It'd sure be a good time for some ambitious politician to throw his hat into the race for a Senate seat.

By the time this hits the postoffice the Christmas catalogue from that big store in Dallas will probably already be in Bovina homes.

This year, according to a press release -- there's something for everyone.

Like, for instance, the 18k gold calling cards at \$1,500 per dozen --- the cashmere hostess gown at only \$275 --- the Caviar by the Month plan --- or the thing no woman can do without --- a French cut crystal egg which opens to perfumes for every mood.

The men are not forgotten in the Christmas book. How about 100,000 gallons of cologne delivered to "his own door-step in a tanker truck for a mere \$5 million (handy re-fillable five gallon jugs provided)" --- and a brown calf-lined coat in natural muskrat for only \$600.

For the home, how about a kitchen computer --- which not only provides computerized menus, but balances the check book as well?

Then for the children, there's the baby girl elephant getting to grow to elephant size at \$5,000 --- or even a petting zoo complete with zoo-keeper for only \$13,750 per year.

Strange thing about these items offered by that Big D fashion super market --- they sell.

WSCS Plans Prayer Day

Call to Prayer and Self Denial, one of the most important observances of Women's Society of Christian Service, will be held Tuesday, Oct. 28, at United Methodist Church here.

Under direction of Mrs. Joe Fowler, the day will begin with a quiet time service at 11 a.m. entitled "She Shall Be Called Woman."

A quiet luncheon will be held at 12:15 p.m.

"Let the Earth Bring Forth" from Genesis 24 will be the program which will be held at 1 p.m.

At the close of the observance a special offering will be taken.

Honor Roll Adds Names

Two names were omitted from the Junior High honor roll last week, Jim Noyes, principal, announces.

On the "B" honor roll are also Esmeralda Juarez from the seventh grade and Terry Sherrill from the eighth grade.

Hospital Notes

FARMER COUNTY COMMUNITY HOSPITAL

Oct. 14-20 Admissions

Marvin Childers, Friona, accident; Margaret Robinson, Friona, accident; Mrs. Leroy Williams and son, Farwell;

Ethel Reeve, Friona; Bill Turner, Friona, accident; Alice Kay Snodgrass, Bovina; Jesse Fuen-

tes, Hereford, accident; Lorenzo Granado, Friona; Leonard Dopp, Bovina, accident; Estefana Rodriguez, Hereford; Cleo

M. Wade, Hereford; Barbara JoAnn Roby, Farwell; Mrs. Charles Frye and son, Friona; Mrs. Benny Sandoval and daughter, Friona; Robert Sisk, Bovina; Uvone D. Ford, Farwell; Erasmo Espinoza, Bovina; Glennis Armstrong, Friona, surgery; Napoleon Fields, Friona; Dan Everett Seale, Friona, accident.

Dismissals
Mrs. David Durr and daughter, Friona; J. Frank Pannell, Hereford; Earl Chester, Friona; Richardo Solis, Friona; Verna McNeely, Friona; Mrs. Junior Lee Hancock and daughter, Bovina; Mrs. David Smith and son, Friona; Marvin Childers, Ascencion Gonzales, Friona; Mrs. Tommy Hammock and son, Friona; William Hively, Friona; Margaret Robinson, Lorenzo Granado; Mae Wilson, Friona; Mrs. Leroy Williams and son; Estefana Rodriguez; Leonard Dopp; Jesse Fuentes; Barbara JoAnn Roby.

Announce Engagement

Mr. and Mrs. Warren Morton of Brownfield announce the approaching marriage of their daughter, Janice Elizabeth, to Richard Wayne May, son of Mr. and Mrs. L. Gene May of Corpus Christi. The couple plan a Dec. 27 ceremony in First United Methodist Church, Brownfield. Both are attending Texas Technological University. Miss Morton is a sophomore and May is a junior. They will continue their studies following their marriage at Texas A and I University in Kingsville. The bride-elect's parents are former Bovina residents. Her father, who is superintendent of Union Independent School District, served in that capacity here.

Bridal Shower Honors Miss Cano Here Sunday

A former Bovina resident, Miss Arsenia Cano, bride-elect of Israel Catano, was honored as co-hostesses were Mrs. Ascencion Garcia, Miss Christine Garza and Miss Ina Quintana.

The bride-elect and her mother, Mrs. Jesus O. Cano, now of Hereford, received guests.

The serving table was laid with a lace cloth and centered with a floral arrangement. Refreshments were served to about 50 guests, who were registered by Mrs. Javier Robledo.

Hostesses for the event were Mrs. Robledo, Mrs. Garza and Mrs. Vidal Vargas. Serving as co-hostesses were Mrs. Ascencion Garcia, Miss Christine Garza and Miss Ina Quintana.

The bride-elect attended Bovina schools and was a 1966 graduate of St. Francis Aspiration in Amarillo. She also attended West Texas State University and is now employed at SIC in Hereford. The prospective bridegroom attended Hart schools and is employed by H&S Produce.

There is a rumor that Congress will soon be asked to outlaw three day holidays. Probably not too much credence should be placed in this rumor but it makes as much sense, if not more, than the hysteria raised over gun control. After all, any national three day holiday usually results in the grisly toll of somewhere around 600 people killed, with no particular count made of the number who are maimed.

'PHRIENDLY PHANTOM' JOINS HALLOWEEN FUN

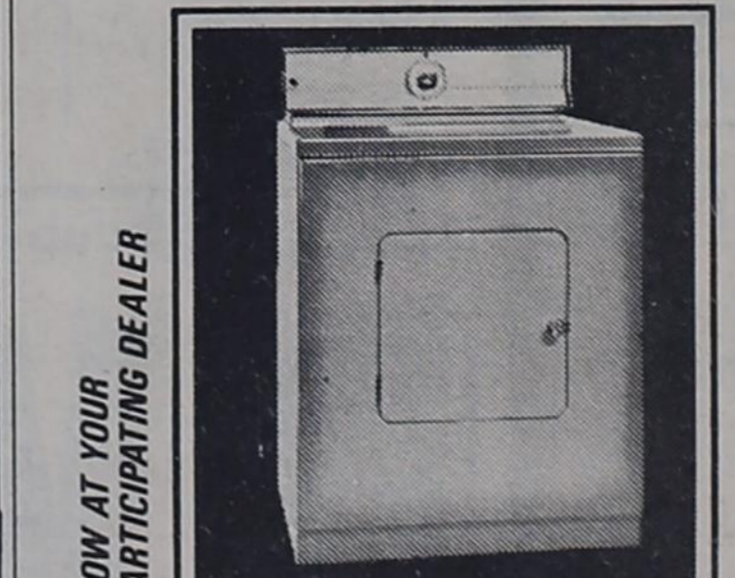

"Whoop... Whoop..." Ghosts, goblins, witches and hobos are out celebrating a spooky Halloween eve. Trick or treating is fun for youngsters as they run from house to house gathering goodies. After bags are full and legs are weary, have kids invite their friends over for a Halloween party. Games and fun continue with fortune telling, bobbing for apples and a hunt for the witch's broom. And no party is complete without refreshments. For a festive centerpiece make a "Phriendly Phantom" Ghost. Puffed rice is combined with a marshmallow-butter mixture and molded to form a ghost. He's fun to look at, and kids will enjoy eating this chewy ghost, too. Serve doughnuts and warm spiced cider for a "Happy Halloween".

Makes 1 ghost
6 cups puffed rice
3 cups miniature marshmallows
1/4 cup butter or margarine
1/2 teaspoon vanilla
1 large licorice gumdrop, cut into 3 circles

Heat puffed rice in shallow baking pan in preheated moderate oven (350° F.) about 10 minutes. Pour into greased large bowl. Melt marshmallows and butter in saucepan over low heat, stirring occasionally until smooth. Add vanilla. Pour over puffed rice, stirring until evenly coated. With greased hands, shape a figure that resembles a ghost, about 8 inches high. Attach gumdrop circles with confectioners sugar frosting for the eyes and the mouth.

Church Chuckles by CARTWRIGHT

"I like to humor my wife, so go ahead and save my soul along with hers."

Read Mark 7:24-27 Psalm 34

He Does All Things Well

And [they] were beyond measure astonished, saying, He hath done all things well. Mark 7:37

These words were spoken frequently about Jesus and His work when He was here on earth.

In this particular instance it was said because He had performed a miracle on a man who was deaf and had an impediment in his speech: "He maketh both the deaf to hear and the dumb to speak."

But these words have a greater and deeper meaning. Jesus always does all things well.

Sometimes it is difficult for us to see and understand God's purposes in our lives. We have a limited viewpoint. We have some idea of the past. We know our present circumstances. But God knows the past, the present, and the future. We change, but He is the same yesterday, today, and forever.

We should say with St. Paul: "We know that all things work together for good to them that love God, to them who are the called according to His purpose."

In spite of our limited understanding we must still say: "He does all things well."

Above all, Jesus has made a way to the heart of God. He went to the cross and finished our salvation. So well has He done this that no sin remains unforgiven. In awe and wonder we marvel, too, at His wonderful words and works which He continues to reveal in the Gospel.

On The Farm In Palmer County

By RONNY MCNUTT
County Agent

CROP SURVEY

The annual survey, basis for the official crop production estimates for Texas and each of its counties, will soon be underway. This is an important survey since the information gathered is used for many purposes. Certain farmers and ranchers in Palmer County will be among the 35,000 in Texas receiving a questionnaire.

Those who receive the questionnaire are urged to complete it as soon as possible and return it to the Texas Crop and Livestock Reporting Service, Box 70, Austin, Texas 78767. Accuracy in completing the questionnaire is stressed.

The survey is a joint responsibility of the Texas Department of Agriculture and the U. S. Department of Agriculture's Statistical Reporting Service. Cary D. Palmer is the state statistician and his office will be mailing the questionnaires.

CARE OF EQUIPMENT
Proper care of pesticide application equipment prior to winter storage will prevent deterioration and insure its working condition for next season's use.

First, the equipment should be thoroughly cleaned. Flush with clean water; remove all strainers, screens and nozzles and wash them in kerosene using a soft brush.

Mix a medium size box of wash-day detergent and 30 gallons of water in the sprayer tank. Circulate this mixture through the bypass pressure regulator and jet agitator for 30 minutes. Drain the mixture. Replace the screens and

nozzles. Fill the tank one-half full with one part household ammonia to 49 parts of water. Circulate this mixture through the pump and bypass, allowing a small amount to leak out through the nozzles.

Let the solution stay in the sprayer overnight and run it through the nozzles. Flush with two full tanks of clean water with the nozzles removed. Dry moisture from the tank, hose, and boom, and coat with a light coating of rust inhibitor or motor oil. Fill the pump with a thin motor oil and plug all openings with pipe plugs. The pump may also be stored by submerging it in a container filled with a light motor oil.

If the sprayer is powered with a gas engine, drain fuel tank and carburetor and pour a tablespoon of engine oil through the spark plug hole. Turn motor over by hand to distribute oil on cylinder walls. Proper care of equipment will extend the period of trouble free operation.

RAIN OR SNOW, falling over relatively contaminant-free areas, contains some sea salts, sodium-calcium bicarbonates, and sulfuric and nitric acids.

Game Friday At 8 p. m. --

Bovina Seeks First 3-A Win At Springlake-Earth

Second District Tilt For Both

Smarting from their 15-6 loss to the Sudan Hornets in their District 3-A opener last week, Coach Gib Hough's Bovina Mustangs take on the Springlake-Earth Wolverines at Springlake Friday night in the second of five conference games.

The game will begin at 8 p.m. Like the Mustangs, the Wolverines have an 0-1 district mark, losing last week to the Farwell Steers, 34-12.

Overall the S-E team has a season mark identical to that of the Bovina team, 4-2. In addition to Farwell, the Wolverines also lost to powerful Class AA Dimmitt.

Wins have been over New Deal, Hale Center, Amherst and Anton.

Amherst is the only common foe for the Wolverines and the Mustangs.

Bovina's offensive attack, which showed a lack of punch in the Sudan game last week, is expected to be strengthened by the return of Mike Beauchamp, regular wingback who missed the Sudan game with an injured ankle. The injury is expected to be sufficiently improved so that Beauchamp can see offensive duty. He will probably be held out on defense. He plays linebacker post on defense when he's in top condition.

The Mustangs won last year's tilt with Springlake-Earth, played here, 28-14. The previous year, Bovina lost, 20-13.

The Wolverines feature big backs and are led by their quarterback, Hoyt Glasscock, who weighs in the neighborhood of 190, throws well and has good speed for his size.

Commenting on this week's game, Coach Hough says, "We need to win this one and I think we can."

He was discouraged about his team's offensive effort last week, but had praise for the defensive work. "We did a good job of holding a good set of backs to only 233 yards."

In other District 3-A action last week, Vega upset previously undefeated Kress, making a district favorite hard to determine at this time.

In other district games this week, Farwell is at Kress and Sudan plays Vega.

Following this week's game, the Mustangs have three remaining, all of the district variety. Kress comes here October 31, Farwell is here November 7 and Bovina concludes the regular season at Vega November 14.

4-H Awards Banquet Set Saturday

Members of Parmer County 4-H Club will be recognized at the annual 4-H Achievement Banquet at 7 p.m. Saturday, Oct. 25, in Bovina Schools cafeteria.

Approximately 50 special awards will be presented for accomplishments in various project and activity areas the past year. Adult leaders will also be recognized for their work with 4-H clubs.

John Pitts of Earth, state 4-H Council chairman, will be the speaker at the awards program. He is a freshman at Texas Tech University.

The banquet is co-sponsored by Bailey County Electric and Deaf Smith County Electric Cooperative.

Joe Cox Farm Sale Set Tues.

A farm sale will be held at 1:30 p.m. Tuesday, Oct. 28, at the Joe Cox farm northwest of Bartlett and Potts Auction Service.

Location of the farm is six miles west of Bovina on Highway 2290, two miles north and one-half mile east. From Texico, the farm may be reached by traveling 10 miles north, four miles east, two north and one-half mile east. On the auction block will be tractors, pickups, farm machinery, irrigation equipment, fertilizer equipment and various miscellaneous items. Details of the sale are announced in an advertisement in this week's issue of The Blade.

School Menus

Oct. 27-31

Monday: Barbecue wieners, macaroni and cheese, blackeyed peas, hot rolls, butter, peanut butter cookies, milk.

Tuesday: Steak, gravy, creamed potatoes, lime jello with grapefruit and cheese, hot rolls, butter, pear halves, milk.

Wednesday: Hamburgers, pork and beans, chips, brownies, peach halves, milk.

Thursday: Ham, candied yams, buttered broccoli, hot rolls, butter, cherry pie, milk.

Friday: Burritos, buttered corn, tossed salad, batter bread, butter, ice cream bar, milk.

District 3-A Opener --

Ponies Hold Favored Hornets To 15-6 Win

The Bovina Mustangs stayed in the football game Friday night against the defending District 3-A champion Sudan Hornets, but couldn't take advantage of their scoring opportunities and came out on the short end of a 15-6 count.

The game was played there and was the district opener for both teams.

While the loss was discouraging for the Bovina team and its fans, there was consolation in the fact that the Ponies carried the fight to the favored Hornets and were in a position to come back and win the game until the fading minutes. In the three

previous meetings between the two schools --- since they were put into the same district --- Sudan has won easily by lopsided scores.

Playing an outstanding defensive game, the Mustangs held the fast Sudan team to only six points until the fourth period. The Hornets picked up a six-pointer in the second period on a 35-yard-run by Halfback Jerry Bellar, who was given pre-season billing as an all-state candidate. That score came after Bellar was stopped at the line of scrimmage momentarily, before springing

free from tacklers and racing into the end zone.

The Mustangs' hard-hitting defense jarred Sudan ball carriers loose from the football eight times and captured six of those. But even with those advantages, the offensive machine couldn't get in gear enough to outscore the Lamb County team.

The Mustangs got their touchdown with 5:20 remaining in the fourth period on a 39-yard-run by Jimmy Harris, who was running in the Bovina backfield in place of Mike Beauchamp, regular wingback, who missed the game because of an ankle injury.

The scoring drive covered 76 yards and was the longest sustained effort of the night for the Mustangs.

Bellar kicked a 21-yard field goal in the fourth period to give his team a 9-0 edge and the Mustangs did their best offensive work of the night after the following kickoff.

The kickoff was returned to the Bovina 24. From there Stuart McMeans, the Mustangs' senior tailback, made 11 yards and a first down in two carries to the 35. Harris then rumbled for 10 yards-worth of daylight and another first down on the 45. McMeans made five more to the middle field stripe. Harris darted for 10 more to the 40 and then made one to the 39 before circling his right end for the 39 yards and the tally.

Harris' attempted extra point kick failed, but the Ponies were in good position to win the tilt as they trailed by only three points --- 9-6.

The Hornets evidently decided that score was too close for comfort and increased it by margin of another touchdown just three minutes later to insure the victory for themselves by putting the game virtually out of reach of the Mustangs.

Bellar also scored the final teedee for Sudan. This one came on an eight-yard run and climaxed a 49-yard drive after the kickoff following the Mustangs' score. Larry Hanna, Bellar's counterpart in the Sudan ballcarrying department, did most of the damage in that drive picking up gains of 15, six, seven and 12 yards.

Time was running out on the Mustangs when they got possession of the pigskin again. They completed a pair of passes during a march from their own 31 to the middle field stripe in the fading seconds. With Quarterback Roy Ramirez doing the throwing, Tommy McCormick caught one for nine yards and Phil Sorley latched

onto another for a 22-yard gain. Those were the only completions of Mustang aerials as a total of 10 were attempted.

The Mustangs played evenly with the Hornets during the initial period. They picked up their first down midway through the period following a fumble on an attempted punt. Mike McMeans and Randy Chisum put defensive pressure on the punter, causing the miscue.

This gave the Maroons good field position --- the Sudan 40. McMeans roared for nine to the 31. Then Royce Sisk, junior fullback, banged for three and that aforementioned first down on the Hornet 28.

McMeans got four more to the 24 and on the next carry, a pitch-out, gained enough for the first down. However, an offside penalty against the Ponies moved the ball back to the 29. A fumble in the backfield lost five more and after two incomplete passes --- one to each of the ends, Bobby McMeans and Tony Foster --- the ball went over on downs at the Sudan 34.

After two plays by the Hornets, Mustang Carroll Foster pounced on a loose ball at the Hornet 21, giving his team another scoring opportunity. A 15-yard penalty moved the ball back to the 36. Harris got 10 and then four yards sandwiched around an incomplete aerial. Then faced with a fourth down situation at the 22, Sisk attempted a field goal, which fell short.

Bovina's offense was kept bottled up until the scoring drive in the fourth period. But at the same time, the Mustang defenders were holding the highly-publicized Sudan backs scoreless except for the second period six pointer.

Receiving praise from Coach Gib Hough for leading the outstanding defensive effort for the Mustangs were Chisum, a defensive end; Randy Barrett, guard; and Kelly Jamerson, linebacker.

Harris paced the ballcarriers with a net of 83 in 18 carries. McMeans carried 19 times for 64 yards and Sisk made 16 yards in eight trips.

Eight Teams Now --

Hart, Happy Added To UIL District 3-A

Hart and Happy have been added to District 3-A, University Interscholastic League, according to information received by Bovina Independent School District.

This will make a total of eight teams in District 3-A, since none of the existing schools moved to another district.

Bovina Schools will compete

For Mustangs --

1970 Football Schedule Set

Football schedule for Bovina Mustangs has been completed for 1970, announces Gilbert Hough, athletic director and football coach.

The season includes seven District 3-A games, set up by school officials from the eight teams participating in a meeting Thursday night at Springlake-Earth.

In addition, three non-district games have been scheduled with Boys Ranch, Friona and Lazbuddie, Hough said.

The district meeting Thursday night followed the new district alignment announced by University Interscholastic League earlier that day.

Bovina will have five home games next year, four of them district encounters.

Next year's schedule: Sept. 11, Boys Ranch here. Sept. 18, Friona there. Sept. 25, Lazbuddie there. Oct. 2, Happy here. Oct. 9, Springlake-Earth here. Oct. 16, Farwell there. Oct. 23, Kress there. Oct. 30, Sudan here. Nov. 6, Vega here. Nov. 13, Hart here.

Happy and Hart have been added to District 3-A, with no existing teams moved.

KEENEYE'S TIPS ON SHOOTING SAFETY

When practicing with an 'empty' gun be SURE it is actually EMPTY. Even with an empty gun aim at a safe backstop.

Full Sweep --

'B' Team, Eighth Win; Seventh Ties Sudan

Bovina wiped up Sudan eighth and 'B' football teams here Thursday, with the seventh grade tying the visitors.

'B' team chalked up a 30-6 victory and the eighth grade, the only team contending in district competition, won 26-0. Seventh grade score was 8-8.

The teams play Springlake-Earth here Thursday. Coach Bill Nicholas said it would be the strongest challenge so far for his eighth graders.

The 'B' squad got things off to a good start with Wingback Jeff McCormick scampering 40 yards on a reverse in the first quarter for six points. Fullback Leroy Pearson ran the extras.

Pearson went across the goal line in the second stanza from seven yards out, then ran across two points.

Halftime score was 16-0. Pearson broke loose for a 45-yard touchdown in the third quarter with Tailback Walter Martinez running the extras. Martinez made the final tally in the fourth from 12 yards out and the extra points attempt failed.

Sudan scored its lone touchdown early in the fourth on a 60-yard sweep.

Coach Roger Ezell had nothing but praise for the team, saying it was the best offensive effort so far this year. The defense also played well, led by Ken Jamerson, Shannon Davis and Robert Garcia.

The eighth graders are competing for a district championship with other teams in 3-A and won their opener decisively.

Bovina's Fullback Tony Serna got the scoring rolling on a five-yard TD play in the first quarter for the only first half points.

In the third, Serna went 40 yards for paydirt and was successful in making extra points. Before the third quarter was over, Wingback Keith Moore added six more points on a 40-yard play.

Quarterback Billy Shelby put the finishing touches on the battle in the fourth with a six yard run and six points.

The team put forth fine defensive effort, Coach Nicholas said, with Joe Delgado, Keith Moore and Rex Beardain taking the lead. The eighth graders

were hurt, however, with five boys out of the game because of grades.

The seventh graders put a tie on their record when Tailback Guadalupe Espinoza scored in the fourth quarter on a 25-yard run up the middle.

He ran across the extra points, to tie Sudan, who had scored in the second quarter on a keeper play.

However, one touchdown, an 85 yard run by Tailback Larry Haney was called back in the first quarter for illegal use of hands.

Both Haney and Gary Ward were noted for doing good running jobs.

Coach Truck Lusk said the defense played an excellent game, with the exception of one play.

TWEET FEAT

Starlings are terrific mimics, during breeding season. A male can have a repertoire of calls belonging to the crow, catbird, meadow lark, killdeer, or the quacking of a flying mallard duck. Even a police whistle has been mimicked by a starling.
