DISTRICT ASSOCIATION OF CLUBS ORGANIZED

OFFICERS ELECTED AND SCOPE OF WORK OUTLINED FOR ASSOCIATED EFFORT.

MEET NEXT AT MANGUM

Splendid Working Organization Perfected at Yesterday's Meeting.

After the adoption of resolutions defining the territory to be embraced in the organization, the election of officers and the appointment of committees and the selection of Mangum, Oklahoma, as the next meeting place, the initial meeting of the Commercial Clubs of Northwest Texas and Southwest Oklahoma, to organize a district association of Commercial Clubs was brought to a close last night and this morning most of the delegates had returned to their homes well pleased with the success of the meeting and with their entertainment in Wichita Falls.

The meeting was characterized throughout with the greatest enthusiasm and an earnest purpose to cooperate for the development of the agricultural and industrial resources of this rich and practically undeveloped section. The sub-committee appointed by the directors last night to formulate and submit to the meeting of the directors before the next meeting at Mangum plans outlining the scope of the work of the organization, are in session here this morning working out the plans ordered.

In all nineteen towns answered to the roll call yesterday and the total number of visiting delegates in attendance at the opening session was 196.

The delegates gathered at the opera house while the Iowa Park and Quannah bands were playing and shortly after 2 o'clock the meeting was called to order and Hon. R. E. Huff on behalf of the Chamber of Commerce and citizens of Wichita Falls delivered the welcoming address.

On behalf of the Texas Commercial Clubs J. M. Crawford of Childress responded to the address of welcome and W. A. Stinson of Frederick spoke in behalf of the Oklahomans.

A roll call of the clubs showed representatives present from Quannah, Childress, Paducah, Vernon, Henrietta, Electra, Iowa Park, Mangum, Frederick, Grandfield, Altus, Burk Burnett, Archer City, Olney, Newcastle, Petrolia and Byers, and Blair, Oklahoma.

Following the roll call a committee on organization and resolutions, comprised of one member from each town represented was appointed and the session was adjourned until 8 o'clock.

At 5 o'clock the visitors were carried out to Lake Wichita over the Wichita Falls and Southern, where a pleasant hour was spent.

Upon the return of the excursion the visitors were given a luncheon at the St. James hotel by the Wichita Falls Chamber of Commerce.

Evening Session.
At 8 o'clock the night session was opened with a rousing address by J. A. Arnold of Fort Worth, secretary of the Texas Commercial Clubs.

Arnold complimented the meeting on the spirit exhibited and said that thus far only two distinct associations of any strength had been organized in Texas. These were the East Texas and the Central West Texas organizations, neither of which, he said, had entered into the organization with as well defined purpose or with such a determination to accomplish definite results as had the commercial clubs of Northwest Texas and Southwest Oklahoma in the present instance. He made many valuable suggestions and emphasized in particular the value of railroads in the accomplishment of the ends sought.

Following Mr. Arnold's address, the committee appointed at the afternoon session brought in their report, which was unanimously adopted.

This report was as follows:
Wichita Falls, Tex., May 27, 1909.—Hon. R. E. Huff, Temporary Chairman: Dear Sir—Your committee on organization and resolutions would respectfully report as follows:

We recommend that a portion of Northwest Texas, extending from Bowie on the east, west to and including Childress, including the counties of Cottle and Motley, southwest of Wichita Falls on the Wichita Valley as far as Seymour and as far south on the

Kansas City, Mexico and Orient to and including Benjamin, and all intermediate towns in Texas, and all that portion of Southwest Oklahoma lying west of the Rock Island and south of the Choctaw branch of the Rock Island, be invited to combine with us in an organization of the Commercial Clubs of the various towns of that section to work for the development of the agricultural, mineral and commercial resources of these portions of Oklahoma and Texas.

In order to organize for the purpose we recommend that a board of directors be elected, one director to be elected from each town affiliated and that the officers of the organization be a president, two vice presidents, a secretary and a treasurer, and that no two of these officers be selected from any one town, that the treasurer be required to give sufficient bond for the security of the money in his charge. We recommend that of the two vice presidents, one be selected from Texas and one from Oklahoma.

We further recommend that while all directors shall always be notified of any meeting, and that should a majority fail to attend that seven may constitute a quorum for the transaction of business.

We also recommend that we hold quarterly meetings, one meeting, however, to be held within six weeks of this date.

In order to carry out the objects of the organization, we recommend that each commercial club or organization affiliated with us be assessed \$5.00 per one thousand of population, and \$2.50 for each fraction of a thousand above five hundred, this amount to be assessed monthly, provided, however, that the minimum for any town affiliating shall be \$5.00 per month.

Your committee would further recommend that the following be selected as officers of this organization:

President, M. E. Kerrigan of Quannah; vice president from Oklahoma, W. A. Stinson of Frederick; vice president from Texas, R. H. Norris of Childress; secretary, F. H. Gohlke of Wichita Falls; treasurer, Lee Hawkins of Mangum.

We would recommend that this organization be known as the Northwest Texas and Southwest Oklahoma Association of Commercial Clubs.

We also recommend that the directors selected outline the scope of the work and make report at our next general meeting, as our time has been so limited that we do not feel that we can do the subject justice.

We also recommend that a committee consisting of W. T. McNulty of Childress, W. A. Stinson of Frederick and F. H. Gohlke of Wichita Falls formulate a set of bylaws and report at the next meeting.

J. M. BELL, Chairman.

Subcommittee Outlines Scope of Work.

The sub-committee appointed by the directors of the federated commercial clubs to outline the scope of work to be presented at the next general meeting of the clubs at Mangum, Oklahoma, June 24th, after first being passed upon by the directors, met this morning in the Chamber of Commerce. The committee consists of W. T. McNulty of Childress, W. A. Stinson of Frederick and F. H. Gohlke of Wichita Falls, and these were assisted in their labors by several of the directors representing different towns.

According to the estimated revenue available, or about \$300 monthly, the committee will recommend to the directors that a pamphlet of forty pages, 5,000 in number, be published and that the material be entered in the booklet under alphabetical order of counties, each club a member of the federation to be given one-half page free, providing said clubs sign up for the assessed dues for one year, counties containing but one club to receive one page, all additional space to be paid for at the rate of \$25 per page. MANGUM WANTS NORTHWESTERN

GENERAL MANAGER KELL AND ATTORNEY HUFF LEAVE FOR MANGUM, OKLA.

SIGNIFICANT EVENTS COVER 115 OFFENSES

Indicate That "Wichita Falls Route" Trains Will Soon Be Running Into Greer County Capital.

On invitation of the Commercial Club of Mangum, Oklahoma, Mr. Frank Kell, general manager of the Wichita Falls and Northwestern railway, accompanied by C. C. Huff, attorney for the road, left this afternoon for that place to discuss an extension from Altus to Mangum.

Some time ago the Mangum committee submitted the railway company a proposition, but the financial arrangements of the company had not progressed to the point where Mr. Kell would discuss an extension.

The fact that Mr. Kell has now agreed to meet the Mangum committee, taken in connection with the filing of the new mortgage of the company's line, "built and to be hereafter built to a point of junction with the Choctaw division of the Rock Island" is very significant.

Mangum has manifested an earnest desire for the road and the company evidently intends to build in a northward direction.

We hope within ten days to give the result of Mr. Kell's visit and hope that before January 1st, the trains of the "Wichita Falls Route" will be running into the capital town of famous "Old Greer."

be inserted a bulletin of the inquiries to be given each club.

The committee will also recommend that the running of special excursions into our common territory on an equal tariff be given early attention and that the representatives of the railroads interested be invited to the next meeting. Preceding the excursion idea, however, it will be the intention to install a representative in the north to line up prospectors and furnish the names of same to all interested. The funds for the first three months will likely take care of the literature as outlined and keep a man in the field for sixty days, by which time the various details will be in shape as to perfect further arrangements.

The Texas counties to be invited to associate with the district association, including those already enrolled are Montague, Clay, Archer, Young, Wichita, Wilbarger, Baylor, Throckmorton, Hardeman, Foard, Knox, King, Cottle, Childress, Motley and Dickens. The Oklahoma counties are prescribed for in the resolutions adopted yesterday.

All of the towns represented at the meeting will be given a full account of the proceedings and recommendations, so that the matter will receive careful thought for ready disposition at the next meeting. The idea of the committee is to give as much publicity as possible on the matters in hand to the various communities so that a better understanding of the objects of the association can be had. Every effort will be made to avoid any chance of dissension and particularly to safeguard every action.

It was voted to make Wichita Falls the headquarters of the association until the next meeting.

Upon taking the chair President M. E. Kerrigan of Quannah made a speech in which he pledged to devote his best services to the work.

Resolutions were then adopted thanking Wichita Falls, the opera house management, the two bands, the Wichita Falls and Southern railway for the courtesies shown.

The directors for the association, as provided in the resolutions, were then appointed and are as follows: Quannah, Chris. Haglestein; Childress, T. W. Allread; Paducah, P. A. Whaley; Vernon, J. E. Litz; Henrietta, O. B. Gill; Iowa Park, Dr. J. M. Bell; Mangum, Zack Ryse; Frederick, John B. Darden; Grandfield, J. B. Simpson; Altus, J. R. McMahon; Chillicothe, H. S. Crawford; Burk Burnett, R. E. Furlow; Petrolia, T. A. Matlock; Wichita Falls, Frank Kell; Newcastle, J. F. Barnett.

When nominations for the next place were called, all towns gave way to Mangum, Oklahoma, and that place was unanimously selected as the next meeting place and upon a motion, June 24th was selected as the date for the next meeting.

INDICT HASKELL TOWN LOT FRAUD

FIVE OTHER PROMINENT OKLAHOMA CITIZENS IN FEDERAL TOILS.

TRIALS WILL LIKELY TAKE PLACE EARLY NEXT FALL.

Texas News Service Special.
Tulsa, Ok., May 28.—The trial of Governor Haskell and the five other Muskogee citizens, indicted last night by the federal grand jury for conspiracy to defraud the government out of funds will probably be held in the fall.

All the defendants, however, will likely be arraigned in McAlester next month, at which time another motion will be offered to quash the indictments, but it is generally expected that the indictments will stand and that the men will be tried on the merits of their cases.

The indictments cover one hundred and fifteen offenses.

Besides Haskell, those indicted are Walter Eaton, C. B. Turner, F. B. Severs and A. E. English, all prominent and wealthy citizens.

It is believed that the defense will plead that there was fraud only in the letter and not in the spirit of the law. The case will be one of the hardest fought tried before the government and a thousand witnesses will be called from all parts of the country.

Haskell Goes to Muskogee to Make Bond.

Texas News Service Special.
Tulsa, Ok., May 28.—Gov. Haskell, who was re-indicted yesterday, together with five other Oklahomans in the Muskogee town lot fraud cases, left today for Muskogee to perfect his bond. The bond in each case was placed at \$7,000. No date for the trials was set.

CROWELL SENTENCE IS AFFIRMED

The court of criminal appeals, sitting at Austin on Wednesday, affirmed the case of the State vs. M. J. Crowell, appealed from the district court of Clay county.

Crowell, it will be remembered, was charged with the murder of his wife, which occurred on Nov. 2, 1908, at the Crowell home, about six miles east of the city. Her neck had been broken, and her body was found by her children at the foot of the stairs on their return from school.

For this crime her husband, M. J. Crowell, was arrested and the case went to trial at Henrietta on November 30th, after three days had been consumed in selecting a jury to try the case. The defendant was represented by Wantland, Allen and Jones. District Attorney P. A. Martin and County Attorney Woods prosecuted the case.

On the trial of the case, Dr. R. L. Miller of this city, who had examined the body, testified that in his opinion the wounds sustained by the dead woman could not have been caused, as alleged by the defense, by falling down a seven-foot carpeted stairway.

It was also proven by the Crowell children that before leaving in the morning to attend school, one of the boys had hitched a horse to a buggy and left it at the accustomed place for Mrs. Crowell to come to Wichita Falls, and that when they arrived home from school they found the horse unhitched and in the barn.

Their father was in a field at work when the children returned from school and one of them went to the field where he was and told of finding the dead body of their mother. He unhitched the team and came to the house, but seemed rather unconcerned.

He was suspected of the murder and his arrest followed on the day of the funeral.

After being out a little over six hours the jury brought in a verdict of guilty of murder in the second degree and assessed his punishment at fifteen years in the penitentiary. The verdict was rendered on December 4th, and the lawyers for the defendant immediately moved for a new trial, which was promptly overruled by Judge Carri-gan. An appeal was taken with the result as above stated.

Mr. G. J. Brown, gas fitter, has sold his stock of pipe and fittings to the Wichita Hardware Co., and has accepted a position in the gas department of that firm.

PRISONER SHOT TO DEATH IN HIS CELL AT ABILENE

Arrested for Forgery.

Yesterday afternoon a man who gave his name as Jim Hardin, presented a check at the Farmers' Bank and Trust Company for \$20, which bore the signature of Walter Brown, made payable to Jim Hardin. President Taylor, who was at the paying teller's window, suspected the check to be a forgery and after questioning the man who had presented it, made him confess that it was a forgery, but in doing this Hardin implicated another man by the name of Williams, whom he alleged had signed the name of Brown to the check. Williams had taken his stand at a point across Seventh street opposite the bank, and was pointed out by Hardin.

An officer was telephoned for and soon Policeman Allen arrived on the scene and lodged both in jail. Williams says that he signed the name of Walter Brown to the check at the suggestion of Hardin, whose real name it seems was Walter Brown and that Brown had agreed to assume the name of Hardin until after the check was cashed.

Walter B. Brown, the real Brown, who has an account with the bank, is a railroad contractor, and the Walter Brown who was arrested on the charge of forgery had worked for Contractor Brown for several months during the past year.

The bank had mailed to Walter Brown a statement and the man who attempted the forgery got it. In this way he found out that Brown had a balance in the bank and attempted in the manner above described to appropriate it to himself.

Both men were lodged in jail to await the action of the grand jury, which is to convene next week.

W. A. BRADLEY ENDS LIFE WITH CARBOLIC ACID.

Gainesville, Tex., May 28.—W. A. Bradley, formerly of Wichita Falls, ended his life last night by swallowing a large quantity of carbolic acid. His health was the cause assigned. He left a note saying that he had lost all hopes of recovering his health. He was a member of the Woodmen of the World. A wife and five children survive.

JONES COUNTY MOB WREAKS VENGEANCE UPON SLAYER OF ALEX. SEARS.

TOM BARNETT KILLED

Mob Fails to Break Down Cell Door and Fires Volley Into the Defenseless Prisoner.

Abilene, Tex., May 28.—After a one-hour desperate attempt to batter down a cell door at the county jail, a mob at 2 o'clock this morning fired into the cell, shooting to death Tom Barnett, who was recently convicted of killing Alex. Sears, a prominent West Texas cattleman. There were forty men in the mob and they went about their work without any demonstration.

Jailer Peavy resisted the mob, which fell upon him, overpowering him. His back was wrenched and he was otherwise injured.

Finishing with Peavy, the mob then sought the keys but failed to find them. They rushed to Barnett's cell but all efforts to pry open or break down the door proved futile. Barnett was then called upon to stand up and face the mob. While in the act of rising a volley was emptied into his body, fifteen shots taking effect. He died immediately.

Alex. Sears was a Jones county stockman, and was robbed and killed in this city and the body carried to a school house in Callahan county where it was burned. This took place on February first. Barnett soon afterwards was arrested. His trial ended April 7th and the jury found him guilty, assessing his punishment at ninety-nine years in the penitentiary.

A motion for a new trial was overruled and the case was appealed.

The mob which killed Barnett was made up chiefly from farmers near Sears' ranch in Jones county. They came to Abilene during the night in carriages and left them on the outskirts of the city, and marched upon the jail.

Sheriff Weir followed the carriage-tracks three miles toward Jones county this morning. It is believed that the mob intended to burn Barnett as a pile of brush and fagots was found.

Judge Blanton is reticent, saying that he will perform his duty. It is believed that the grand jury will be called immediately and an investigation ordered.

Notes From the Labor World.

The next annual convention of the International Union of Printing Pressmen will be held in Omaha, Neb., next June. The delegates from California are determined to make a strong fight to have the next convention called for San Francisco.

The report of the ninth annual conference of the British Labor party, recently published, showed that at the 172 trades unions, with a total membership of 1,321,256; and two Socialist societies, with a membership of 27,465; an aggregate of 1,348,721.

An organization that has become part of the American Federation of Labor has been established in Washington, D. C. The new body is composed of representatives from all organizations that have a label, and the purpose is to promote the union label products in all parts of the United States.

There was a decided falling off in 1908 in labor strikes, and the record for arbitration was made that year, according to the report of the Massachusetts State Board of Arbitration and Conciliation sent to the legislature recently. Applications for the adjustment of 140 controversies were considered, adjustments made in 13 cases; 24 cases are pending and decisions were given in 113 cases.

An organization to be known as the Hucksters and Peddlers' Protective Association, which it is planned to affiliate with the American Federation of Labor, has been formed in Memphis, Tenn., and according to its objects. It will be of considerable benefit to the general public. Under-selling and favoring of certain customers will become things of the past in Memphis, according to the plans of the organization. The organization has a large number of members already and it is reported to be rapidly gaining.

INSTANT RELIEF FROM DREAD CATARRH

Why don't you get rid of that nasty, humiliating disease catarrh. You can do it if you really want to. But you can't cure catarrh in a few days, that's an utter impossibility, because there is no remedy known that will kill the catarrh germs in that short time.

But you can cure catarrh if you will have a little patience and breathe in Hyomei (pronounced High-o-me) three or four times a day.

Hyomei cures catarrh by killing the germs and it kills the germs because it gets where the germs are.

Hyomei is a powerful antiseptic and germ killer air; it is made from the fluid extracted from the eucalyptus trees of inland Australia where catarrh has never existed.

It gives relief instantly, stops hawking in a few days and is guaranteed to cure catarrh, asthma, croup and bronchitis or money back. A complete outfit, including inhaler, costs \$1.00, and extra bottles of Hyomei if afterward needed, cost but 50 cents. Sold by leading druggists everywhere.

Hyomei certainly saved my life and I accord it the credit which it deserves in my (led, sased)-dashdushdlohshrdl and merits. There is nothing too strong for me to say regarding Hyomei."—Mrs. Ada Hopkins, 8 Cutter Ave., Coldwater, Mich., August 22, 1908.

WEATHER FORECAST.
For Wichita Falls and Vicinity
Tonight and Saturday, unsettled weather. Scattered showers to night and Saturday.

Wichita Falls, Texas, May 28th, 1909.

"Down with the demagogue" is the cry with which a number of self-seeking politicians in Texas are trying to elevate themselves. To this end they are prostrating before the Moloch of the liquor business and are displaying abject todayism to those representing capital.

The old fashioned demagogue who sought favor with the populace by occasionally harassing a legitimate enterprise with unfavorable legislation, was bad enough, but is he any worse than the fellow who fawns and crawls in the dust before any man he thinks has any interest or connection with the big corporations?

"The Maxwell 30."

The Wills Automobile Co. will have on exhibition in this city next week one of the big "30" horsepower four cylinder "Maxwell" cars. This car will be exactly the same model that two months ago broke the world's record in a ten thousand mile endurance run. One of these cars was officially started on March 18th and ran continuously without stopping the motion until April 12th, at which time it was officially stopped, having covered in actual service a distance of 10,074 miles, which was over 642 hours more than doubling the best previous non-stop record. This car will also be an exact model of the Maxwell which won the cup in the Fort Worth to Waco and return endurance run last week through the mud. 12-11

A treat in store for you at the Auditorium tomorrow night. No expense has been spared to give Wichita Falls an airshow equal to the best in the State. 13-11c

Pure Jersey butter at Sherrod & Co Only 30c per pound. 203-11

CLIFFORD AND CAMP

Friday and Saturday at the Majestic.

These clever entertainers are first class, as pronounced by the large audiences that witnessed their act last evening. They change their program completely tonight, also tomorrow night. We wish to call special attention to the special program Saturday afternoon for the ladies and little folks, making a special price to all children, 5 cents. Doors open promptly at 8:30. Come out tonight and enjoy an hour of pleasure at the Majestic, the coolest place in the city. We also protect you from the rain. Same old stand, same old price, same old hearty greeting of welcome to everyone.

NOTICE TO ADVERTISERS.

It is impossible for the Times to get display ads in the paper when they are not in the office by 9 a. m. Patrons of the paper will confer a favor and, at the same time, get better service by getting their ads in earlier than the hour above named. 12-11

The Auditorium will be open tomorrow night with vaudeville and motion pictures. An airshow equal to the best in the State. Admission, 10 cents. 13-11c

Have you tried that pure Jersey butter at Sherrod & Co.'s. It is better Only 30c per pound. Phone 177. 303-11

Two thousand cape jasmines to be given away to the ladies at the Auditorium opening, that new up-to-date airshow, next to Nutt, Stevens & Hardeman's.

Fancy evaporated apricots, peaches, apples, prunes, figs, at D. B. King's, successor to King & White. 309-11

ADDRESS OF WELCOME DELIVERED BY R. E. HUFF

The following is the address of welcome delivered by Hon. R. E. Huff at the meeting of the Commercial Secretaries' club yesterday:

Ladies and gentlemen: Realizing that the delegates present represent the most progressive and enterprising citizens in the wide awake towns on Northwest Texas and Southwest Oklahoma it affords me great pleasure on behalf of the Chamber of Commerce of Wichita Falls to welcome you to our city, and to express the hope that the result of your visit and of this meeting may prove to be of lasting benefit to the entire section.

For some time it has seemed to us that the work, not only by Wichita Falls, but by all of our towns has been entirely too local, with too much tendency to direct attention to the towns alone rather than to encourage the development of the great agricultural resources of our section, which are the foundation on which all healthy and permanent growth must build.

While undoubtedly every one has sought to call attention to the agricultural territory immediately surrounding them, yet as the people of the towns contributed the means for printing the literature it was very natural that a great deal should be said about the towns themselves and their advantages.

Speaking for ourselves locally, we have found it difficult and expensive to make permanent arrangements to divert the great tide of immigration flowing from the older states into Texas to our immediate territory. And we have no doubt that the same thing has been tried to some extent with all of you.

The country represented by the delegates present is one of the most fertile in the United States and has wonderful possibilities in its agricultural and mineral resources, and while the Oklahoma section of it is much more thickly settled than our part South of Red River, yet every county throughout this entire section could absorb great additional agricultural population with immense benefit both to the new comer, and those who are already here. It is our desire to consult with you as to the best means of bringing people into this territory.

With crowds of prospectors pouring into the Panhandle and Southwest Texas, neither of which have the wonderful variety of resources that this country can boast of, we feel that our past progress is not what we can make it if we all will unite and "pull together."

With no desire to seek advantage for ourselves, except such as you will share, we bid you welcome to Wichita Falls and ask that you give us the benefit of your assistance in devising some means to attract more attention to this section.

It is useless for me to say that we are glad that you are here; we are always glad to meet with those who are trying to press forward, as has been done by every town in this section in the past five years, and wonderful advancements have been made. Texas and Oklahoma are just awakening now to their possibilities and the outside world is only beginning to realize that neither of these states are longer on the out-post of civilization, and that they offer the greatest opportunities still open upon the American continent.

We hope that we can unite on some plan to make the most of these opportunities.

Yes, you can have your old Panama Hat cleaned like new. See Willis, the hatter, with H. V. Collier, 722 Ohio avenue. 12-6t

THE CLOTHES BEAUTIFUL

Are Unquestionably the CORRECT CLOTHES for GENTLEMEN

The Adonis and Imperial Models are rare combinations of Style and quality. They will compel appreciation even from those who pay little attention to the niceties of dress.

Becoming Clothes are the best investment you can make.

You gain in self-confidence, in prestige, in a thousand and one ways too numerous to mention.

Hitherto such designs and craftsmanship in clothes were only for the elect, but owing to the splendid executive skill in the assembling and handling of such a large aggregation of Master Tailors as are associated in the Schloss Baltimore organization these splendid examples of the highest type of the tailoring art are within the reach of all. The clothes designed by the house of Schloss of Baltimore are

MODERATELY PRICED,

and to make certain of getting the genuine be sure to look for the label, which is the purchase's guarantee of getting the BEST there is in the Clothes world.

Don't Miss the Opening—ADMISSION 10c

PUTTING ON THE FINISHING TOUCHES AT SEATTLE FAIR.

Special to The Times. Seattle, Wash., May 28.—The grounds of the Alaskan-Yukon-Pacific exposition were closed to visitors today and will remain closed until the official opening of the big fair next Tuesday. This step was decided upon by the management to give the workmen a chance to go ahead about their work unhampered by the crowds, which have been steadily growing larger as the exposition neared completion.

A month ago the unknowing visitor might have viewed the seeming ability of the exposition management to finish the physical part of the exposition on time. But within the past few weeks the transformation of the grounds has been little short of marvelous. Today an enormous force of workmen, representing every craft, is working like beavers but with steady and well directed purposes to the end of making the exposition present a completed appearance by tomorrow night. And from all indications their efforts will be crowned with success. Tons of debris are disappearing like magic, fairy-like from behind the maze of scaffolding with which they have been surrounded, paved roadways and walks and flowering beds greet the eye in every direction, and flags and banners are being flung to the breeze to complete the picture upon which tens of thousands of visitors from far and near are expected to gaze during the coming summer. By the first of the week not a workman will be in sight engaged in the task of clearing and shaping up. The work will have been done.

Many visitors are already in the city and every train brings more. From the present indications the hotels will be taxed to their fullest capacity on the opening day, but 10,000 rooms in private homes are ready to accommodate the overflow. Excursions will be run from all points within a radius of several hundred miles, while the people of Seattle and its suburbs will naturally turn out in full force for the dedication of the big show. Foremost among the notable visitors will be the governors, with their gayly caparisoned staffs, who are expected to come from Oregon, Washington, Idaho, Utah and possibly one or two other states.

Seattle intends to leave nothing undone that will contribute to the pleasures and entertainments of the thousands of visitors who will attend the exposition. The street railroads have doubled their facilities in anticipation of the increased traffic, and the assertion is made by the management that the several lines connecting the exposition grounds with the business fully adequate to handle the crowds. Hotels and restaurants have cooperated in the movement to prevent extortionate prices. The city authorities after the entertainment and protection of visitors and the business men generally have contributed liberally in the work of decorating the city and in the erection of handsome "Welcome" arches to greet the visitor upon his arrival in the city.

Elks to Give a Fine Show. There is probably more genuine fun in a good home talent minstrel show than in any form of amusement and the Elks have a reputation second to none as minstrels. This year they have arranged to outdo their previous efforts in this line and already it is the chief topic of conversation on the streets. The special scenery and costumes to be used in this production have arrived and things are rapidly shaping up for the show on Tuesday and Wednesday. In addition to the eight end men, six soloists and chorus of 40, will be a big orchestra, which will play the accompaniments for the songs. Several dancing acts will be presented and the jokes to be handed out by the end men are full of local interest and will keep the audience in an uproar from the time the curtain rises until the close of the show.

Claude Woods, the Merry Minstrel Monologist, Who Will Tell the Dark Story of His Life.

The sale of seats opens Monday at the Mater-Magner drug store, where seats can be secured for either night. Several out of town excursions have been arranged for and the prospects are for two crowded houses to see the Elks' Imperial Minstrels.

THE FAVORITE GAS RANGE

Made entirely of stamped steel. No other like it. See it before you buy a gas range. Has heavy cast bottom and asbestos lined ovens. Rust does not affect them like the cheap, poorly constructed gas ranges.

When you buy the genuine FAVORITE you can bake beautifully cakes, pies and puddings. A poorly made gas range upsets the whole household, and a good one is necessary to the welfare of the kitchen. When you buy the FAVORITE you get our guarantee and the company's guarantee.
