SPUR, DICKENS COUNTY, TEXAS, NOVEMBER 9, 1928.

NUMBER 2

15-Ton Ice Plant and Whole Milk Plant is Planned for Spur

Thursday of this week Mr. Ashcroft, of Sulphur Springs, was in Spur with the view of building and establishing in the city a 15-ton ice plant and "whole milk plant" in combination, and we are assured by Secretary Patrick of the Spur Chamber of Commerce that the plants will most probably be located in Spur.

Mr. Ashcroft is at the head of a big concern operating a number of such plants successfully at points in East Texas. In fact it is said that the concern is one of the strongest financially of the entire country, rating with Armour & Co. and others of that standing and capacity.

Should the ice plant and "whole milk plant" be located, we understand that regular delivery and receiving lines will be instituted to reach every point in the country, in receiving and making deliveries of milk and ice.

Such a plant will not only convenience and profit all farmers now engaged in dairying in a limited way but will encourage and assure an extension of dairying interests throughout the country, and within a short time every farm home could and would provide "whole milk" along the delivery lines.

The production of milk for the markets provides a daily income, and with dairy, as well as other interests fully developed, the Spur country will soon become recognized as the richest and most prosperous section of America.

American Legion Will Observe Armistice Day November 11

Next Sunday evening, November 11th, at the Methodist Church South the Boyd Williams Post No. 161 of Spur, will observe Armistice Day with a religious service. Rev. Chas. E. Ball will deliver the Armistice address.

How sacred we should hold the day which has been set apart to bring remembrance to four cherished loved ones. The heroes which were sacrificed in the supreme conflict of all human history. They saw democracy and challenged and defended it. They saw civilization threatened and rescued it. They saw America accented and resented it. They gave all which men and women can give. We shall give our most and best if we make certain that they did not die in vain. May we not forget the boys in the hospitals, who were left maimed for also the rest who are with us up to carry on.

The American Legion Post of Spur invites the full cooperation of the community to help make this a great hour, not forget the time and place, at the Methodist Church South next Sunday evening.—American Legion.

BEN RUTLEDGE DIED.

In the death of Ben Rutledge, announcement of which is made elsewhere in this issue of the Texas Spur, we, among his other friends of the town and country, were surprised and shocked. Just the day before his death we walked down the street with him in friendly and confidential conversation—impressing us of the uncertainty of life and the nearness of approaching death. He had been in failing health for some time, a year or more, having gone recently to Marlin for treatment. Ben Rutledge was a good man, fair and square in his dealings, and stayed with his friends. He has gone on to his reward in the Great Beyond, and we feel certain that he has found greater reward than in this life.

DIED

An infant girl, born Monday morning to Mr. and Mrs. R. D. Lucas, died and the little remains were interred Tuesday in the cemetery at Red Top, several miles southwest of Spur.

The Texas Spur joins friends in extending Mr. and Mrs. Lucas sympathy in this misfortune and bereavement.

Hoover and Curtis Sweep the Nation and Break Solid South and Political History

Herbert Hoover and Charles Curtis, Republican candidates for President and Vice-President, swept the country in the General Election Tuesday, carry 40 of the 48 states of the Union, including Texas, Virginia, Florida and North Carolina of the Solid South. Al Smith and Joseph Robinson held six Southern States, Alabama, Georgia, South Carolina, Mississippi, Arkansas, and Louisiana, and Massachusetts and Rhode Island of the East. In the Electoral College Hoover will have 441 and Smith 87 votes. For the first time in history Texas voted the National Republican ticket. In Dickens county Hoover carried every voting box in the county, except Dickens which gave Smith a majority of only seven votes.

Election Returns are Received by Radio Tuesday Night

The returns from the general election held Tuesday throughout the United States, was heard over the radios in Spur Tuesday night. Radios were had at the Red Front, City Drug and Spur Drug, and this favor on their part was appreciated by a large number of citizens.

The messages came in distinctly, and before 1:30 o'clock that night Spur was made aware of the fact that the Republican party had made a clean sweep of the nation, including Texas and Dickens county.

The fact that the radio made this intelligence possible, coming from every state in the Union within six hours after the closing of the voting polls, would have been unbelievable only a few years ago.

Judge Brummett Delivers 1300 Head of Calves, Yearlings

This week Judge H. A. C. Brummett delivered to H. Ward of Swenson, eight hundred head of calves and yearlings formerly sold at a price of \$49 for calves and \$60 for yearlings.

He also delivered to Johnston & Stovall of Floydada, five hundred calves sold earlier in the year.

HALLOWEEN PARTY

Nedra Hogan and Tinnie Glasgow were hostesses with a Halloween party on Saturday evening of last week at the home of Mr. and Mrs. Ned Hogan.

Peggy Jane assisted them. Guests present were: Isobel Campbell, Polly Clemmons, Annie Laurie, Francis Morris, Hazel Ann Wilson, Helen Hale, Jane Godfrey, Julia Jo Reed, Tinnie Glasgow, Julia Mae Albin, June Lisenby, Elizabeth Johnson, Beth Blackwell, Dick Shields, Mozelle Powell, Katherine Ensey, Bonnie Campbell, Mariam Reed, Wynell, McClure, Robbie Clemmons, Peggy Jane and Nedra and Pat Hogan.

BOX SUPPER AT STEEL HILL

A box supper will be had at the Steel Hill school house, Saturday night, November 10th. Several prizes will be given, and everybody entertained.

Miss Dorothy Williams has been a guest of Mrs. Joe Stotto in Lubbock this week.

Have you seen those new Xmas Electric Ranges at West Texas Utilities office?

Misses Nelly Welch, Sadie Harrington and Edna B. Albin were visitors in Matador Sunday.

Mrs. Jopnie McKnight, of Lubbock, was a guest of Mrs. Weldon McClure Wednesday of this week.

Mrs. Chalk Brown and daughter, Mrs. Lowell Putman, returned this week to their home in Pecos, after a few days visit with friends and relatives in Spur.

A. C. Burgeson received a message Friday of the death of a nephew at Ayoka. A child of Mr. and Mrs. Burgeson was sick at the time and they were unable to attend the funeral.

Have you seen those new Xmas Electric Ranges at West Texas Utilities office?

Miss Verna Davis underwent an operation Wednesday in Lubbock, having her tonsils removed. She returned home Thursday. Her father, J. W. Davis, and Mrs. Mack Watson accompanied Miss Verna to Lubbock.

STRAYED—Black French Bulldog pup, was wearing harness. Return to Dr. P. C. Nichols for reward. It

THE STAMPS QUARTETTE WILL GIVE PROGRAM AT PRAIRIE CHAPEL

The noted Stamps Quartette will give a program at Prairie Chapel Wednesday night, Nov. 14th. This is one of the very best quartettes on the road, each of them having had numbers of years experience as entertainers.

West Texas Utilities Company Suspends Work Pending Suit

The West Texas Utilities Company this week temporarily suspended the work of rebuilding their lines in Spur, pending the termination of an injunction suit recently filed and granted in federal court at Abilene, restraining the City of Spur from executing an ordinance recently passed pertaining to corporations building and operating within the city limits without a franchise.

The West Texas Utilities Company had some fifty or sixty men employed in laying new poles and stringing wires in rebuilding their lines throughout the city.

This suit and ordinance came about from the fact that the City of Spur is now arranging for the construction of a light and power plant in competition with the West Texas Utilities Company.

The suit hearing, we understand, was to have been heard in Fort Worth this week, but was postponed because of a heavy docket, and will be heard later but at an early date. Attorney W. D. Wilson, of Spur, is representing the city in the suit.

K. P. Lodge Entertains Foot Ball Boys With Banquet Tuesday

Members of the K. of P. Lodge entertained the Spur High School foot ball boys Tuesday night with a banquet at the lodge hall over the Kellam Dry Goods Co.

The banquet was highly enjoyed by the twenty seven members of the foot ball squad.

The Spur foot ball team will play the Idalou team in Spur today, Friday. Let's all go and root for the home team.

PRAIRIE CHAPEL PUPILS PRESENT PROGRAM

Program Friday night. Miss Angelina—By Alma Morris. Dead Kitty Cat—By Paula Mae Johnson.

MRS. HENRY ENTERTAINED HOME DEMONSTRATION CLUB AT AFTON THURSDAY

Mrs. F. F. Henry entertained the Duncan Flat Home Demonstration Club, Thursday afternoon, Nov 1st with a Halloween party. The house was decorated to suit the occasion. A number of interesting games were played after which a plate luncheon was served to the following:

Mrs. Alexander, Mrs. D. W. Hughe Mrs. W. F. Clements, Mrs. C. D. Wilson, Mrs. Verba Goodsell, Mrs. Robert Meacham, Miss Lottie Clements, Miss Jennie Osborne, Mrs. Henry and Mrs. Joe M. Rose.—Reporter.

SHUGART'S STUDIO

Don't forget our opening date, November 14th. They will all be there, will you be there? Special prices on this day. Hurry, have them made for Christmas. Location in the new Campbell building. You all know us, we were here last year. Mr. and Mrs. Shugart.

The Great Story of "Wings" will be Shown in Spur Nov. 19, 20, 21

B. F. Trammell, of the West Tex Theatres Co., with headquarters in Dallas, has been in Spur this week looking after his theatre interests in Spur, the Spur and Lyric Theatres combined and under the management of W. W. Flournoy who is also one of the owners.

Mr. Trammell is doing the booking of pictures for Spur at his office in Dallas, and gives especial care in selecting the very best and latest pictures, and giving Spur preference above other shows in his selections and bookings.

The latest picture booked for Spur is "Wings," one of the greatest pictures in film today. This picture was produced in Texas, airplanes being furnished by the government as well as individuals and coming to San Antonio where the scene was laid and enacted for the production.

"Wings" will be shown in Spur November 19th, 20th and 21st, thus giving every individual in both town and country an opportunity to see this wonderful picture produced on our own Texas soil.

A synopsis of "Wings" portrays that when the World War involved the U. S., John Powell and David Armstrong enter the United States air service. John has the love of Mary Preston, for which he doesn't care, and a locket from Sylvia Lewis who intended the locket for David with whom she is deeply in love.

This rivalry of Jack and David arouses a deep enmity between the boys but events at the training camp develop a strong friendship between them although Jack still thinks Sylvia loves him and David knows Jack is mistaken.

Meanwhile Mary joins a truck outfit and is sent to France. Jack, David and Mary have many exciting adventures during which Jack and David now fast friends are decorated for bravery and allowed leave in Paris. Mary is also in Paris at this time and, when Jack is threatened with court martial, Mary sacrifices her reputation to save him. She is sent home.

Back at camp, Jack and David have a misunderstanding over Sylvia, David, in order to save his friend anguish, withholding the information that Sylvia has given him with regard to the direction of her affection. They nearly come to blows but orders to attack two observation balloons come in time to prevent this.

During this engagement, David is brought down in flames but he escapes alive and, after hiding all night in a swamp, reaches the outskirts of a German air camp in the morning. He succeeds in stealing a German plane and wings his way back to his own lines.

Meanwhile, a German aviator has brought word to the American camp that David has been killed. Filled with regret and a desire for revenge, Jack takes off. All day he terrorizes the German forces and, toward evening, while returning to camp, he sights David's plane. Unaware that David is in the German plane, Jack attacks him and brings him down. David is mortally wounded.

David dying, is taken into a small French farmhouse. Jack, elated with his victory, swoops down to cut the insignia from the airplane. He discovers that he has caused the death of his friend. David dies in Jack's arms.

Going through David's belongings preparing to take them to David's parents, Jack discovers Sylvia's love for David. He is broken hearted. Back home, the war over, David discovers "the girl next door" and his love for Mary.

Mrs. Lorraine Brittain is visiting with her parents, Mr. and Mrs. H. P. Bell

—Hargrove Gins Cotton Square—

Misses Elva Lee and Reba Dot McGaughey were visitors in Matador and other points this week.

BABY DIED WHILE PARENTS WERE EN ROUTE TO SPUR

The little child of Mr. and Mrs. E. S. Spencer, of Motley county, died Sunday while the parents were on their way to Spur to visit Mrs. Spencer's mother, Mrs. M. M. Clark. The remains of the little child were interred Monday in the Spur cemetery.

One and One-Half Inch of Rain Falls Over the Spur Country

During this and the past week one and one-half inches of rain has covered the Spur country.

While this rain may not have been needed or appreciated by cotton pickers, yet an excellent season is provided for the sowing of wheat and other grain crops, as well as barley, rye and other winter pasturage.

The Spur country is more and more recognizing the advantages in dairying, the raising and care of registered cattle, and consequently more interest will be given the sowing of winter pasturage and varied feed crops.

In addition to promoting and properly caring for dairy cows, the Spur country could be made as fine point as there is in the world for feeding and finishing beef cattle for the markets—and we have long wondered why cattle were shipped to Iowa, Kansas and other states for feeding and finishing when this is the finest feed producing country in the world. In fact Spur could make it to the interests of Kansas and Iowa to ship cattle here for finishing.

Mrs. Jennings Injured in Automobile Accident This Week

Mrs. J. W. Jennings, of four or five miles south of Spur, was painfully injured the first of the week when the car in which she was riding was overturned at the bridge east of Spur on the highway. Mrs. Jennings' daughter was driving, becoming excited and losing control of the car as she approached the Duck Creek bridge, the car running into the creek and overturning.

20TH CENTURY CLUB

BLUE BONNET CLUB

Mesdames M E Manning and Chas. Whitener were hostesses on Thursday evening of last week to the Blue Bonnet Club and their husbands.

The home of Mrs. Whitener was decorated for Halloween, carrying out a color scheme of orange and black.

The refreshments were cunningly made to represent Halloween figures. Forty-two was played throughout the evening.

Guests present were: Messrs. and Mesdames W. S. Campbell, E. L. Caraway, G. S. Link, Birl Hight, Wooten, Dr. and Mrs. B. F. Hale, Mesdames Barrett, Stovall and Sample.

Information comes from Mineral Wells that Mrs. Flournoy is rapidly improving and regaining good health, we are glad to report.

HOOVER HOLDS LEAD OF 17,506 VOTES IN TEXAS OVER AL SMITH

Dallas, Texas, Nov. 7.—Sweeping the state like a West Texas sandstorm, Herbert Hoover today continued to increase his lead over Alfred E. Smith, and tonight was ahead by 17,506 votes.

Rural communities, where Smith had been expected to overcome the Hoover majority returned in larger centers, in many instances added to the Republican nominee's majority. A lead of about 8,000 when tabulation ceased after midnight he jumped to 11,000 a. m., and had dropped only one vote in the 12 o'clock tabulation by the Texas Election bureau.

At 5:00 reports had been received from 247 of the 253 counties, 66 complete, giving Hoover 301,841 and Smith 284,335.

Although the state was increasingly Republican at this hour on the presidential question, other Democratic nominees increased their leads, winning in all instances but one by decided majorities. Dan Moody, governor, was winning from W. H. Holmes, Republican gubernatorial candidate, by growing majorities; Tom Connally for the U. S. Senate had overwhelmed the Republican, T. M. Kennerly; 17 of the 18 representatives had been chosen from Democratic nominees. In the remaining contested district, the lead wavered between Harry Wurzbach, for the last seven years the only Republican congressman from Texas and the first member of the G. O. P. to be elected to that office for 25 years, and August McCloskey, Democrat. The vote at 5:00 p. m. was McCloskey 19,288, Wurzbach 15,570.

City Extending Sewer Lines to the East and to the West Parts

The City of Spur, as well as the individual business and citizenship interests, is building and improving in a most substantial and permanent manner.

This week a car load of sewer pipe was received by the city, and at this time sewer lines are being laid, extending the sewer system to both the east and west parts of the city, including the West Addition and also extending to the new school building now under construction in the northeastern part of the city.

The City will start work within a short time on providing other wells for the city water supply, the contract having recently been let to a Sweetwater concern, the contract amounting to approximately seven thousand dollars with a guarantee of providing four hundred gallons of water per minute.

Work is progressing on a forty five thousand dollar ward school building in the East part of the City, and which will be complete and ready for use by the first of January.

Thus it will be noted that Spur is building and progressing most substantially in public works and improvements.

CARD OF THANKS

We wish to thank the friends who so willingly assisted in the illness and death of our dear father and husband Ben Rutledge especially do we thank Mrs. J. C. Payne and Edd Potts for their untiring efforts. Again we thank you for the beautiful floral offerings. May God bless each and every one of you is the prayer of the family.

JOI DE VOL

Mrs. Dan H. Zachry was hostess Wednesday afternoon to the Joi De Vol Bridge Club and a few guests. Table and wall vases were placed in profusion in the reception rooms, filled with beautiful bronze and yellow chrysanthemums. High prizes were awarded to Mesdames C. I. Love and James O. Smith; low scores going to others.

The tallies and score cards were of red, white and blue, the motif being carried out in the table spreads. Those present were Mesdames McGee, Hyatt, Davis, Perry, Manning, McClure, Robbins, Gibbs, Love, Smith, Wester, Brannen, Rector, Ripley, Russell, King, Reed, Laverty, Hall, Schrimsher, Jones.

Post Prisoner Slain by Jailer

Post, Texas, Oct. 18.—E. L. Bracken, 54, being held in Garza county jail awaiting the arrival of penitentiary agents who were to take him to Huntsville to serve a two year term for assault with intent to kill, was fatally shot here shortly after 7:30 o'clock this morning and J. H. Ramsdy, deputy sheriff and jailer, was formally charged with murder as a result of the shooting. A coroner's inquest held before county judge H. G. Smith at 10 o'clock today, resulted in Ramsey's waiving preliminary hearing and his bond being set at \$7,500.

This morning's shooting climaxed the trouble between the jailer and prisoner which had its first flare-up Tuesday when two of the men held in jail attacked Ramsey in an attempted jailbreak. A negro prisoner, being held on pro-law violation charges, attacked the jailer with an iron bar, but the break was frustrated, although Ramsey was struck to the floor upon two different occasions during the struggle.

The coroner's verdict brought out that while Bracken was not connected with the Tuesday trouble, he is said to have threatened the life of the jailer at breakfast time this morning. Three bullets from a heavy calibre revolver in the hands of the jailer took effect in the prisoners anatomy and he died almost instantly.

Bracken at the time of the shooting had been convicted on a charge of with intent to kill Horace "Dick" Redding, Post barber, who was seriously wounded by Bracken in a street gun fight here about a year ago. County attorney, Leon O. Moses said today that Bracken, a day laborer had been indicted on a charge of violating the prohibition laws, partially as a result of the testimony of Redding, which fact is credited to have brought about Bracken's shooting the barber.

Ramsdy declined to make a statement following the inquest this morning. He has been a resident of Garza county for the past twenty years and for six years immediately past has served as deputy sheriff and jailer. Bracken has resided in Post for about three years and penitentiary agents were expected to come here for him early next week.

EDGAR HUTCHINS APPOINTED JUDGE CROSBY CO.

Judge Jake M. Mabe filed his resignation as County Judge of Crosby county last week with the commissioners court, to take effect Monday October 15. The court accepted the resignation and met Monday and appointed Edgar Hutchins, county judge-elect, to fill out the unexpired term of Judge Mabe. Judge Hutchins was immediately sworn in and took charge of the office.

Judge Mabe left Tuesday for Levelland where he will take charge of his business at that place. Mrs. Mabe and the children will probably leave next week.

Judge Hutchins is the Democratic nominee for County Judge of Crosby County and would have taken the office on January 1st. Hutchins is perhaps the youngest judge in the state of Texas, being 22 years of age at the time of his election to the office of county judge here. Mr. Hutchins has been principal in the grammar school of Crosbyton for the past two years. He is a graduate of Burleson College and the University of Texas.—Crosbyton Review.

TWO CHILDREN ACCIDENTALLY POISONED

One of the saddest incidents in the history of Terry county was enacted when Joe Doyle and Jerry, sons of Mr. and Mrs. W. E. Dorman, who live on the Hartsill place were given sodium chloride in place of salts which was intended. As soon as the mistake was seen the children were rushed to Brownfield and died an hour later in the office of a local physician.

It seems that one of the children had been complaining as he had eaten too much melon and such like, but refused to take salts until the fond parents promised jam. Where upon the other little fellow announced that he would take a dose for some jam, which was administered, as they did not consider the medicine would do any harm. The poison, which had been given them to put on the chickens to kill insects, was in a salts box is the reason for the sad mistake. A baby is all that is left of the children and for awhile it was very ill as it insisted on licking the spoon and got some poison.—Brownfield Herald

AND THIS WAS ONLY SIXTY-TWO YEARS AGO

"Sixty-two years ago in an Eastern paper," says the Boston News Bureau, "appeared the following news item:

"A man about forty-six years of age, giving the name of Josua Coppersmith, has been arrested in New York for attempting to extort funds from ignorant and superstitious people by exhibiting a device which he says will convey the human voice any distance over metallic wires so that it will be heard by the listener at the other end.

"He calls the instrument a "telephone" which is obviously intended to imitate the word "telegraph" and win the confidence of those who know of the success of the latter instrument without understanding the principles on which it is based. Well-informed people know that it is impossible to transmit the human voice over wires, as may be done with dots and dashes and signals of the Morse code and that, were it

possible to do so, the thing would be of no practical value.

"The authorities who apprehended this criminal are to be congratulated and it is to be hoped that his punishment will be prompt and fitting, that it may serve as an example to other conscienceless schemers who enrich themselves at the expense of their fellow-creatures."

STUDEBAKER'S Dictator
\$2000-worth of automobile
in appearance performance and riding ease!
\$1265
F.O.B. FACTORY

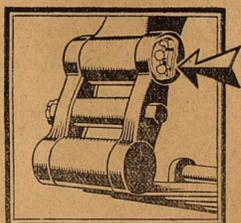

ANYONE looking at the Studebaker Dictator would estimate its cost at \$2000 or better. It looks like a lot of automobile inside and out... it is!

And when you drive The Dictator it feels like a costly car—you sense the inbuilt ability which sent a stock model Dictator 5,000 miles in 4,751 minutes—breaking all records for stock cars under \$1400.

Studebaker's 76 years of manufacturing experience,

the advantage of its mammoth One-Plant facilities, and the genius of its great engineering department are combined in this fine car. It is so carefully built that it may be driven 40 miles an hour even when NEW.

Permit us to lend you a Dictator on a get-acquainted basis, because there is so much more to its story than words and pictures can possibly tell. Phone—today—for a Dictator for a thorough test run!

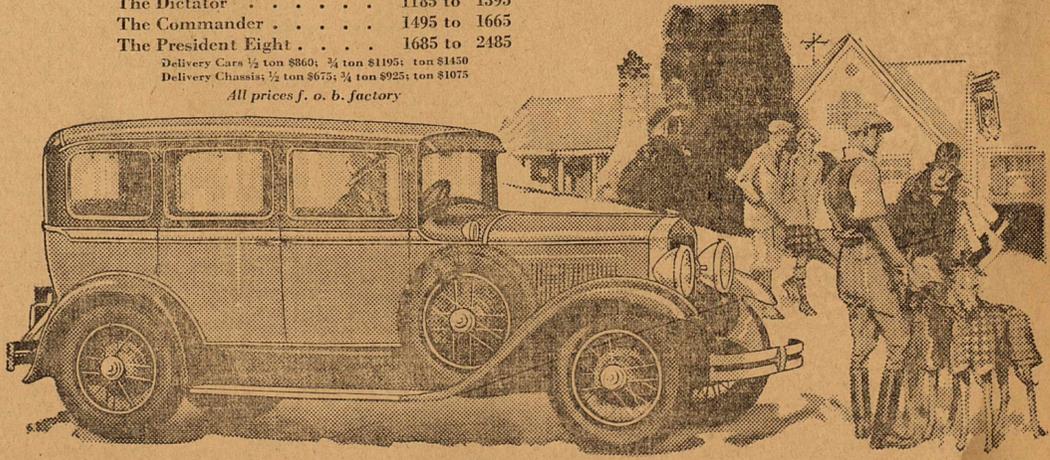

Literally floating the chassis friction-free on 172 balls of polished steel, Studebaker's exclusive ball bearing spring shackles permit unhampered action of Studebaker's plant springs and hydraulic shock absorbers. Lubricant sufficient for more than 20,000 miles is sealed in each shackle. They will never bind, nor squeak, nor rattle. And because of all metal construction, there is no deterioration.

MAKING THE FARM SELF-SUPPORTING

(By R. L. Holmes)

J. M. Haynes operates a 400-acre dairy farm in Central Tennessee on which he keeps a herd of 70 excellent Jerseys. He has a modern home equipped with electric lights, a water system, hardwood floors, and everything that it takes to make a modern home comfortable. Water is piped into his barn and to all his fields. He has orchards of apples, peaches, and pears, and a grape vineyard. His immense garden grows an abundance of vegetables—all his family needs—and plenty to sell.

In short, he has a complete farm maintained so elaborately that one is reminded of a rich man's estate built up by the money made in some business other than farming. Yet this farm has been made to pay its own way and to buy all these improvements—without drawing a dollar from any other source.

The main secret of this farm's success is the system of livestock farming in which the farm has been made to support the livestock and the livestock made to support the farm. The 70 cows are supporting altogether on home-grown feed with the exception of about \$200 worth of cottonseed meal a year. Some of his cows have topped the monthly reports of the American Jersey cattle club's register of merit list. At the start of the winter his barn is full of the choicest alfalfa hay and his two 150-ton concrete silos are filled to the top with silage made from corn and sorghum. Corn and

oats are ground in his grinder and mixed with the purchased cottonseed meal to make a balanced ration.

Mr. Haynes not only has all the farm conveniences and all the comforts of farm living, but he doesn't owe a dollar on his entire 400 acres. Whatever critics may say about this system of farming, they cannot deny that it is profitable.

Up in the bluegrass section of Kentucky, near Hopkinsville, lives John P. Foard, who operates the most self-supporting modern farm I have ever seen. I have heard quite a lot about the advisability of making the farm take care of itself, but never in my life have I seen the man who has carried the idea to the extreme as has Mr. Foard.

He has 25 Jerseys raised on this 175 acre farm and all descended from one foundation cow purchased 25 years ago. He markets 50 to 100 hogs every year, all of his own raising and every work horse and mule used on the farm was foaled there. All of the feed given this bunch of livestock is produced on the farm. He has bought only one load of corn during the entire 58 years of his occupancy of the farm, and he cannot remember of ever buying any hay. He has an abundance of ice all the summer, which he himself stored away during the winter before. All of his buildings were built of lumber cut and dressed from trees grown on the farm. Needless to say, he has every kind of fruit and vegetables that he can make his soil produce, and his family stores and cans them in abundance. Does Mr. Foard benefit financially from this policy of living so exclusively from his farm? We need only to point to the fact that he is the only farmer in his county who has not owed a dollar since farm values crashed in 1920. He has practically every modern home and farm convenience, is making his farm pay him an income of \$5,000 a year, and has been lending money when practically all other farmers were borrowing.

Perhaps it would not be advisable for every farmer to go to this extreme in making his farm self-supporting. In fact, I believe it would pay Mr. Foard to buy certain feeds which his farm cannot produce, but which would improve the dairy ration. But the farmer who makes his farm take care of both family and livestock to as great an extent as possible does not have to consult his banker so frequently.

It is a well-known economic fact that the nation whose volume of exports show the greatest margin of excess over its imports is the place where prosperity is most abundant. You can narrow this truth down to the individual farm and the fact will lose none of its force. The farmer who hauls off the most and brings in the least has little occasion to fear bankruptcy.

I don't know of any farmer to whom the application of this truth has greater significance than the dairy farmer. If the dairyman has to bring in feeds as fast as he carries out milk and butterfat, his margin of solvency is usually going to be too narrow to be comfortable.

We must emphasize, however, that usually it is more profitable to buy certain feeds than to go without them. Such feeds as cottonseed meal, linseed oilmeal, and other high protein feeds essential in making a balanced ration cannot be produced on the farm. But the dairy farmer who makes the best use of home-grown feeds is the one who reaps maximum profits.

There are many feeds that can be produced on nearly every farm. Probably the most ideal crop program for dairy farms includes alfalfa, oats, and corn for both silage and grain.

Alfalfa is included because there is no hay so high priced when bought nor so cheaply grown. The market value when sold is high because, for feeding value, it has no equal. It is the cheapest hay crop to grow because one preparation and seedling, if properly done, will get 20 or more crops of high yielding hay. But it is not grown quite so extensively as other hay crops because the first cost of seeding is heavy, a cost which can be spread over five years instead of one. I know one Tennessee dairyman who gets all the hay he needs for 20 cows and heifers through winter and summer drought from a 4 1/2-acre alfalfa field. He keeps this patch of alfalfa at its best by liberal application of manure from the herd to which the hay is fed.

Where one needs a legume hay, and time or circumstances prevents the growing of alfalfa, there is no crop that will fill the gap better than soybeans. Soybean hay is rich

in protein and palatable and most varieties produce excellent hay. Under Tennessee conditions I have found the laredo to be very satisfactory as it stands dry weather and produces a good crop even on thin land.

There is probably no combination of roughages better balanced than alfalfa and soybean hay with silage. Instances have been reported of cows being tested for the register of merit of these two roughages, without any other feeds. But, unless concentrates are abnormally high in price, it is doubtful economy to attempt getting along with these roughages only.

The home farm should produce most of the concentrates to supplement these roughages. Where corn and oats are grown and ground for feed, there is little need for purchasing anything except cottonseed meal, linseed oilmeal or other high-protein feed in order to add sufficient protein to the home-grown feeds. Under most conditions such a program of feed production, together with an abundance of pasture, fits the average farmer's needs. When these feeds are transformed into dairy products and the dairy products into money, the money can then be used for family necessities instead of going back into feed.

SPUR CREAMERY

We Pay Premium Prices on Sweet Cream.

During Cold weather it is a simple matter to keep your cream sweet, so why not take advantage of our prices?

Texas Spur Advertising is a paying proposition.

The Buyers of
110,000,000
TIRES
Can't be Wrong!

Goodyear has built and sold more than One Hundred and Ten Million Tires, millions more than any other manufacturer.

Goodyear uses nearly one seventh of all the crude rubber produced annually on the earth—50% more than any other manufacturer.

Year in and year out—for more than ten years Goodyear has held undisputed leadership in the tire field. Goodyear builds the World's Greatest Tire—the acknowledged standard of quality.

More people ride on Goodyear Tires than on any other kind.

In this newspaper, in nearly every magazine you pick up, on the billboards—everywhere tire advertising appears you will find a lot of extravagant statements and heavy claims.

Up and down the streets and in and out alleys tire dealers feed the public on "Special Deals," "Big Sales" "Below Cost," the best this—the best that and a lot of other applesauce. In the face of all this, aren't a few facts refreshing?

Because after all, what you want is a good dependable place to go where you will get the most for every tire dollar you lay on the counter.

You get just that, plus our prompt, expert, courteous service, when you step in here and buy a Goodyear Tire.

SPUR PRODUCE CO.
SPUR, TEXAS

T. S. Lambert, of old Draper, was transacting business in Spur Thursday.

Mrs. E. C. Edmonds and son, E. C. Jr., are in Waco to attend the Baylor University Home Coming Week, and also attending the annual Cotton Palace.

Sheriff M. L. Jones was in Spur Thursday, summoning numbers of witnesses to attend court at Mator Monday.

Mrs. R. A. Stewart returned Thursday to her home in Stamford after a visit with her sister, Mr. and Mrs. F. W. Jennings.

J. R. Rogers, of the Draper section of country, was trading in the city Thursday.

Mesdames Dick Speer, Howell and Al Bingham, were guests on Monday at the Swenson Ranch, where they attended the big Fall round up and rodeo.

World's best lamps at world's lowest prices.—West Texas Utilities Company. 2-2t

Ned Bowers was greeting friends on the streets Thursday. He remarked that he and Bob Forbis apparently would "go dry" on their prospects of a cotton crop this fall as heretofore arranged.

Mr. Crowell of the Pathe Film Company, with headquarters in the city of Dallas, was in Spur Thursday, conferring with W. W. Flournoy in providing film productions for the Spur theatres.

J. B. Morrison was in town Wednesday. He deplored the prevailing cotton picking weather, but no doubt appreciates the season not only for growing winter pasturage but also for supplying a season for next year's crops.

Sim Moss, of north of Dickens, was in the city Thursday. He said he now fully realized that the "Republicans were taking the country." The general election was an eye-opener as well as unprecedented surprise to many.

George Harris came down Thursday from McAdoo with a cheery smile and consoling with his repeated political friends. He says McAdoo voted for Hoover by a majority of about ten votes, the vote being 31 for Al and 41 for Herbert. If there is a voting box in the county that "went for Al" except Dickens, we haven't heard of it. Dickens is our seat of government as well as political leader.

Texas Tech Enrollment Shows Large Increase

Lubbock.—Latest figures from the registrar's office show a total enrollment for the term of 1807 students in Texas Technological College. Of this number 1094 are men and 713 are women.

NOTICE

No hunting or fishing on the J. Carlisle estate.—Martha Carlisle 1-4p

For Sale—80 acres northwest of Dickens. Would trade for Spur property.—H. L. Pullen, Rt. 1, Spur, Texas. 1c

FOR SALE

My Nine-room residence, situated on Hill Street, in Spur. For price and terms see me at Spur or Dickens.—O. L. HALE. 50c

FOR SALE—6 head of mules or horses, 2 cultivators, 2 go-devils, 2 planters, 1 wagon. Will sell at a bargain for cash.—G. H. Cowan, 1 mile west of McAtcer's on the Jeff Harvey place. 2-2tp

FOR SALE—Modern home, six rooms, bath, hall, two porches, plenty closets, lights, electrical water heater, hot and cold water, cement walks, large garage, nice fence. If you need a good home see this one priced to sell.—J. A. Marsh, Phone 283W. 2-tf

FOR SALE—A good place, 375 acres, ten miles northwest Dickens City, no incumbrance, 100 acres fine land in cultivation, balance good grass, never failing well, good water, windmill and stock tanks. \$20 dollars per acre. Small cash payment, balance good terms.—Mrs. S. Williamson Elton, Texas. 2-tf

Edd Lisenby was in from his ranch on Croton Tuesday.

M. F. Hagar, county commissioner of precinct two in Kent county, was in Spur Wednesday of this week and while here was a very pleasant caller at the Texas Spur office. Mr. Hagar reports everything in Kent county progressing and everybody busy gathering the staple crop. In fact, he stated that he had been so busy he did not even know there had been a general election—and yet he was reelected to serve another term as commissioner of his precinct. Mr. Hagar has made possibly one of the best and most conservative county officers Kent county has ever had.

ACETYLENE AND ARC WELDING

Mr. and Mrs. C. A. Jones and Mr. and Mrs. C. B. Jones returned Thursday of last week from Junction where they had been fishing and outing the past ten days.

H. C. Allen, of Dry Lake, was on the streets Thursday. He was among the many surprised and disappointed in Texas voting the Republican ticket for the first time in the history of the state. The Solid South is now a matter of history—but its past history will be long cherished by many of us.

W. J. Clark, of Dickens, was in Spur Thursday of this week, transacting business and meeting with his friends—also seeking information upon the final returns from the general election of Tuesday. There is no mistake about the election. Hoover swept the country clean, carrying every state in the Union except seven of the Southern States—and some of these are yet doubtful as to whether or not they, too, joined the Republican ranks on this occasion, for the first time in the history of the world.

Manager Pinson, of the Southwestern Telephone Company, with his headquarters at Stamford, was in Spur during the week looking after the local interests of the company at this point.

W. E. Fletcher has been very critically ill this week. He was carried to Lubbock Thursday afternoon for a more thorough diagnosis of his illness. Jesse Fletcher came in Wednesday night from Pecos, and with the family accompanied Mr. Fletcher to Lubbock. It is sincerely hoped by his many friends that W. E. Fletcher will get relief from his condition and soon be completely recovered. W. E. Fletcher is one of the very best men of the country.

Attorney W. D. Wilson and Water Commissioner J. E. Johnson this week spent several days in Fort Worth, looking after legal interests in defense of the injunction suit filed by the West Texas Utilities Co. against the City of Spur in executing a City Ordinance recently passed affecting the interests of the company.

National Girl Scout Week, Nov. 5 to 12.

The week November 5 to November 12 is officially designated as Girl Scout week throughout our nation. Let each person in Spur this week pledge himself to encourage Girl Scouting in Spur. We have a fine troop now. Give the girls some words of encouragement and cheer to keep the work going.

THE AMERICAN GIRL VALUABLE TO GIRLS

The American girl is a clear, wholesome magazine for girls. It is owned and printed by the Girl Scouts of America.

Most people think of the American Girl as a "kid's magazine." In a way they are right. It is a magazine that will suit any age or sex and give them enjoyment. Dad will like it; mother will enjoy it; brother will adore it; and the girl or Scout will call it grand. The latter will really and truly receive something from it. The American Girl gives her wholesome entertainment and at the same time it gives an insight to scouting.

Give it a chance. You will never regret it. See sample copies and take your subscriptions from any of the local girl scouts or their captain, Mrs. T. W. Whigham.

The Spur Girl Scouts congratulate the local Boy Scouts for their past accomplishments. We're for them.

Girl Scout motto: Be Prepared.
 Girl Scout slogan: Do a good turn daily.

Girl Scout promise: "On my honor I will try to do my duty to God and my country. To help other people at all times. To obey the Scout Laws."

A girl Scout's honor is to be trusted.

A Girl Scout is loyal.
 A Girl Scout's duty is to be useful and to help others.

A Girl Scout is a friend to all and a sister to every other Girl Scout.

A Girl Scout is courteous.
 A Girl Scout is a friend to animals.
 A Girl Scout obeys orders.
 A girl Scout is thrifty.
 A Girl Scout is cheerful.
 A Girl Scout is clean in thought, word and deed.

DID YOU KNOW—

That this is National Girl Scout week, November 5 to 12?

That Spur has a troop of Girl Scouts?

That the troop is one year old.

That, through the courtesy of the business men in Spur, the Girl Scouts own their own Scout House?

That this troop of Girl Scouts sent more girls to the National training Camp than any other one troop of girls in five states, with the exception of Roswell, New Mexico? That two-thirds of the girls are second-class scouts? That the Girl Scouts appreciate the cooperation of all the people in Spur? That the Girl Scouts are giving a banquet Friday evening for their parents and special friends of Scouting? That at this banquet they will entertain approximately 125 guests? That everything for the banquet will be prepared and served by the Girl Scouts? That you are wanted as a booster for girl scouting in Spur?

SHUGART'S STUDIO

Don't forget our opening date, November 14th. They will all be there, will you be there? Special prices on this day. Hurry, have them made for Christmas. Location in the new Campbell building. You all know us, we were here last year. Mr. and Mrs. Shugart.

Dr. W. M. Fulbright Died Last Week at Home Near Ralls

From the Ralls Banner it is noted that Dr. W. M. Fulbright died Wednesday of last week at the home of his parents near Ralls.

Dr. Fulbright is well known in Dickens and Kent counties. He formerly lived in Jayton where he practiced medicine and was at the head of a surgical hospital. Later he moved to Spur where he practiced medicine some time, moving to Ralls some twelve or fifteen years ago.

For several years Dr. Fulbright had been in ill health, having retired from the medical practice a year or more before death. Dr. Fulbright was generous, and in his profession never considered the "fee" before rendering his service in the relief of suffering humanity.

His friends throughout this section will learn of his death with sorrow and regret.

Mr. and Mrs. M. C. Golding this week made a trip to Dallas markets in restocking goods for the big fall trade anticipated in the immediate future. Mr. Golding returned Wednesday afternoon, while Mrs. Golding went on to Houston, Hempstead and other points to visit with relatives.

N. A. Baker, formerly with the Spur Hardware & Furniture Company of Spur, but now of Lubbock where he is engaged in the business of selling and distributing over the country a frigidaire. A year or two ago Mr. Baker was one of the Federal enforcement officers—but lost his job down at San Antonio, we understand, because he captured a big shipment of 'booze' being transported by the wrong party.

Miss Dorothy Elliot and aunt, Miss Margaret Elliot of England, were in the city Monday from the Elliot Spring Creek ranch and farm, shopping and visiting with friends. Miss Margaret Elliot is here from England to spend the winter with her brother, W. J. Elliot and family. Miss Dorothy has been spending the past year in England, and will return with Miss Margaret later in the year.

W. L. Webb, of twelve miles to the southeast of Spur, was in the city Monday. This is Mr. Webb's first year's experience in farming in this section, he and family having moved to the Spur country last year. He is making good crops, but having difficulty in securing cotton pickers. Mr. Webb has arranged to move to a farm nearer Spur next year, and where it is hoped he will be fortunate in making not only a bumper crop, but secure the highest prices.

LUKE DAVIS ARRIVES IN HIS CALIFORNIA HOME AND IS LIVING IN "PARADISE."

We this week received a letter from Luke Davis, stating that he and family had arrived at their ranch home in California Hot Springs, California, Tulare county. Luke stated that he found his California home very beautiful and inviting at this time, the home having running water, covered with fine timber of all kinds, including pines, sycamores, mahogany, oak, alders, the place also being covered with goose berries, grapes, and a fine garden; the apple, pear and peach crops no yet having been harvested. Luke is indeed fortunate in having such a place, and we envy him in the possession of such a garden of fruits and berries—and since the apple crop is not yet gathered we hasten to remind him that Christ mas is coming and Santa Claus may not be full yequipped.

RESOLUTIONS OF PLAINS MUSIC TEACHERS' ASS'N.

We, the members of the South Plains Music Teachers Association do hereby resolve to offer our appreciation to the people of Spur for their hospitality and cooperation in making this, our sixth annual meeting a success and a pleasure.

Especially do we thank the Methodist congregation for the use of their church for our sessions, the high school for our program and the P. T. A. for the delicious luncheon served to us at noon Saturday. To Miss Lena Belle Scudder, the hostess, to Mr. Clyde E. Whitlock of Ft. Worth Conservatory, Mr. Wallace R. Clark and Miss Pauline Brigham, both of W. T. S. T. C. Canyon, we wish to express our deep gratitude for their services so willingly given.

To Miss Jeannette Ramsey our retiring president, for her loyal and efficient work during her term of two years.

Be it resolved that copies be published in Spur.—Mary Dunn, chairman; Mrs. Lillian Butler.

Ten Commandments Neighborly Advice Given to People

I. Thou shalt not burn rubbish containing nailed wooden boxes or bottles or sharp surfaces of tin in places where thy neighbor driveth his car, for many are the punctures thus annoyingly acquired.

II. Thou shalt not stoke thy furnace with a low grade, bituminous when all about thee, for the sake of atmosphere purity, bun anthracite, or oil or other smokeless fuels.

III. Thou shalt not borrow from thy neighbor either sugar or eggs or roasting pans or lawn mowers unless thou canst return them promptly and stand in readiness to render like service when it shall be required of thee. For the chronic borrower is a nuisance in many communities.

IV. Thou shalt not be a bearer of tales which would reflect on the character of thy neighbor, or his wife or his children, for if such statement be true, it places upon him a stigma which neither repentance nor years of exemplary conduct can wholly remove; and if it be false, a gross injustice has been done.

V. Thou shalt not, without permission pluck the fruit from thy neighbor's tree whose expanding branches have reached over thy property line and dangle their ripe harvest before thy admiring eyes.

VI. Thou shalt apply paint to thy house, shears to thy hedge and the mower to thy lawn as often as may be required to keep each in orderly condition, for such prudent practice tones up neighborhood morale and bears fruit in increased property values.

VII. Thou shalt inform thyself in so far as is possible, of the merits of party platforms and of the qualifications of party candidates and cast thy ballot thoughtfully both in local and national elections, remembering that if politics is sordid, it can only be cleansed by the active interest and participation of high minded citizens.

VIII. Thou shalt not delegate, either to instructors in day school or to teachers in Sunday School, the responsibility of implanting in the minds and hearts of thy children the principles of honesty, courtesy, kindness and courage upon which character is based, for, while character may be developed and tested by contact with the outside world, its foundation must be laid within the home itself.

IX. Thou shalt remember that the broken pane of glass, the despoiled flower bed, the trampled newly seeded lawn are just cause of provocation and that if thy son, however thoughtlessly, has been a party to this trespass, thou must voluntarily make amends before neglect permits so small a source of irritation to grow until a friendship has been lost.

X. Thou shalt ever be mindful of the fact that thou art passing this way but once, that lost opportunities cannot be recovered, that rash steps cannot be retraced and that a friendly word or a helping hand will lighten the burden and brighten the journey for both thy neighbor and thyself.—Woman's World.

IN MEMORIAM

Ben Rutledge prominent farmer of the Dry Lake community died Friday November 2, 1928, 4:25 a. m. was born September 26, 1860. The funeral was held at the home, Rev. R. F. Rodgers conducting the services. Interment was made in the Spur cemetery.

He was married in 1880 to Miss Adie Bow of Birksville, Ky. She with three of the children having preceded him in death.

Mr. Rutledge came to Texas from Kentucky in the year of 1900, living near Moody, Texas, until 1917 when he moved to Spur where he resided until death.

In 1908 was converted and joined the First Baptist Church at Moody, Texas.

In 1915 he was married a second time to Miss Lula Miller of Mississippi. She with the following children survive him: C. O. Rutledge, of Spur; C. E. and W. S. and Mrs. Joe Siragusa of Waco; Mrs. E. E. Spencer and Mrs. Edd Welch of Moody. He is also survived by the following grandchildren: Minnie Lee Rutledge of Waco; Mrs. Lee Wade of Spur; Mrs. Joe Crouch of Denison; Marine Welborn of Spur, L. B. and Otis Welch of Moody and Joe Siragusa, Jr. of Waco.

The pall bearers were W. A. Kimmel, G. H. Snider, J. C. Payne B. Williamson, Bert Jamison and C. R. Green.

FOR SALE—Holterman Aristocrat strain of Barred Rock Cockerels at \$2.50 each. See either poultry house in Spur or me personally. L. C. Murphy, Dickens, Texas 24p

..and all Next Week..

IN LINE WITH OUR USUAL CUSTOM WE ARE GIVING SOME SPECIAL VALUES TO OUR FARMER FRIENDS ON SATURDAY AND ALL THE NEXT WEEK. MANY GOOD BUYS IN—

MEN'S SUITS AND LADIES COATS & DRESSES

We are crowded for time and will not give any special noted prices; however you will find that we are here for business and will sell you a class of merchandise that shows the real value in quality.

We also want to mention that we will be open on next Monday the 12th to serve our trade as usual; we note that the information is out that all stores in Spur will be closed on the 11th. We, at this time of the year, will respect a holiday, but not to the detriment of the country when the real holiday comes on Sunday.

ADAM'S STUDIO

WORK IS A GOOD THING

(Dr. Frank Crane.)

According to accepted traditions, work was a curse pronounced upon man by the diety when man was expelled from the Garden of Eden.

If this is true, then it is true that the curse of God is better than the blessing of man.

For there can hardly be any doubt that working for one's daily bread and butter and shelter is about the best thing that ever happened to a man.

Suppose all the teeming millions in New York were idle, that they had nothing to do but amuse themselves it would not be a week before the city was burned down. It is the fact that most of us have to put in a certain number of hours a day in earning our livelihood that keeps us sane.

The sanest thing on earth is work. Men who devote their time to imagining, to theology, to philosophy, or to other speculations are fertile soil to all kinds of disorder. It is men who have to work that are the flywheel of every nation. As a rule they want things to remain as they are.

And as a rule they are the bulwark of morality. Crime news and divorce scandals originate in the idle classes largely. Chesterton has said that when a man puts in ten hours a day at street car driving he is not likely to be tangled up with the wife of some one else. He has not time even for his own wife.

The workers are the security of a country and the best guarantee of that country's prosperity.

The greatest menace of militarism is that a large body of men are kept in comparative idleness. If the millions under arms in Europe could be disbanded and go to work it would be the best insurance of peace.

How many a divorce trouble would be avoided if both man and woman were economically independent.

It was not a bad idea of the Jews of old to instruct their children in some useful trade. The best life insurance policy a man can leave his family is to have them all so trained that they can make their own way in the world.

It is doubted that the man with the hoe, the laborer, should be the object of so much sentimental pity. For after all the man who knows how to use his hoe has a greater prospect of happiness in this world than the man that is left an endowment of a million dollars.

NOVEMBER 11.

The writer has a vivid recollection of that first Armistice Day, just ten years ago, when we learned that the guns were stilled along the battle lines in France and that the carnival of murder and destruction was ended.

What an event it was! How relieved, how jubilant, and how happy the whole world seemed. So important was the day that we hope its true significance may be remembered for many decades to come.

But let us hope that it becomes something more than a mere holiday—a chance to quit work, close up business, and spend a few hours in thoughtless entertainment.

Rather it should be a time when we honor the courage, the heroism, and unselfishness and the patriotism of the fine young men who threw away the dearest thing they owned for the protection and defense of our country. It should be a time when we remember the sacrifice of the mothers and fathers and the sisters and brothers for whom this day will always bring back its sad memories.

But above all it should be a time when we dedicate ourselves nationally and individually to the task of making that war the last great war. Many of us have grown cynical on this subject. We see in the world today the seeds of another great conflict. But it may never become a reality if people everywhere realize that modern warfare is stupid, savage, and a menace to civilization—utterly devoid of glamour and romance. It is a perversion of the tools of modern science to the task of destroying civilization.

If November 11 arouses these sentiments in people everywhere it may indeed be regarded the greatest single red letter day on our calendars.

Mr. and Mrs. A. Lollar returned Thursday of last week, from Anson, where they had been to attend the funeral of Mr. Lollar's brother, T. L. Lollar, who died recently at his home in Snyder, he being carried back to the old home at Anson for burial.

Linseed Meal and Alfalfa Make Good Corn Supplements

Tankage and skim milk are highly efficient protein supplements to corn for hogs, points out Grady Sellards, an extension field agent for the Kentucky College of Agriculture.

"Unfortunately," he continues, "the production of these two good supplements is insufficient to balance all the corn fed hogs, necessitating the use of other supplementary feeds.

"Although tests show that protein supplements from animal sources are more efficient than those from vegetable sources, it has been found that combinations of animal and vegetable supplements are more effective than either type used singly.

"Of the best of these combinations is found tankage, 50 parts, linseed meal 25 parts, and alfalfa meal, 25 parts, all by weight.

"Alfalfa meal is not necessary when hogs are running on good pasture. Some hog men use the following proportions: Tankage, 50 parts; linseed meal, 35 parts, and alfalfa meal, 15 parts.

"Alfalfa hay may be used instead of alfalfa meal. In practically all tests the two have given equally good results. In the event alfalfa hay is not available, clover or soybean hay may be used."

MRS. LOWELL PUTMAN IS HONORED.

On last Thursday evening Miss Estelle Collett entertained with a dance at her home, honoring Mrs. Lowell Putman, of Pecos. Guests present were Misses Lenora Lisenby, and Estelle Collett; Mesdames John Pennell, Elbert Jones, Lowell Putman, and Messrs. Jim Sample, Maurice McElreath of Greenville, Van Vactor, Hubert Carr, Paul Enlow and Elbert Jones.

—A square deal at Hargrove's—

TEA PARTY

A beautiful tea was given on Friday afternoon of last week, at the home of Mrs. G. R. Elkins, with Mrs. Houston Scarborough a gracious hostess.

The guests were served tea, with Mrs. Edwin Ripley presiding over the tea service and Mrs. James Smith presiding over the plate.

The home was attractively decorated with Autumn leaves and cut flowers. An open fire on the living room hearth and candles in silver holders lighted the rooms and gave a true Autumn tint to the occasion, accentuating the color scheme carried out in reds and in browns.

42 PARTY

Mrs. George M. Williams and Mrs. Oran McClure were joint hostesses on Thursday morning and Thursday afternoon to the Entre Nous and Friday Afternoon 42 Clubs and other guests at the home of Mrs. George M. Williams.

Table covers of red and blue with white napkins, assisted with dainty Betsy Ross tallies and white score cards with red bows carried out the national color scheme. The rooms were attractive with beautiful bouquets of bronze, yellow and white chrysanthemums in cut glass vases.

Four tables of 42 were in play in the morning and six in the afternoon. At the end of the play the guests were served a salad refreshment plate.

Morning guests were: Mesdames G. R. Elkins, R. C. Forbis, L. R. Barrett, Ned Hogan, C. A. Love, George S. Link, W. L. Gibbs, Horace Hyatt, Weldon McClure, Bowman, J. Mort Smith, J. E. Berry, T. B. Dickey, G. L. Barber, Herbert Swann, Patrick, Miss Julia Mae Hickman.

Afternoon guests were: Mesdames F. W. Jennings, L. H. Perry, Jas. B. Reed, Wooten, M. E. Manning, William Manning, W. C. Gruben, W. F. Godfrey, C. L. Love, P. C. Nichols, S. H. Twaddell, Ray Sanders, Cal Martin, J. P. Carson, W. R. Lewis, Newman, Webb, Jno. Hazelwood, J. Boyd Jr. and Hubert Wester.

HALLOWE'EN PARTY

Little Charles Eugene Harkey was entertained with a "spook party" at the home of Mrs. Kate Senning with his mother, Mrs. W. B. Dillard, as hostess, this week. Little friends present were Hazel Ann Wilson, Bill Copeland, Jean Verner, Ma'ly Copeland and Dorothy Don Flynn.

A BUFFET LUNCHEON.

Mrs. W. D. Wilson entertained with a buffet luncheon Thursday evening, honoring her daughter, Miss Jane Douglas on her sixteenth birthday anniversary. Other than the honor guest Mrs. Wilson invited the high school faculty and a few other guests. After luncheon bridge was played. Mrs. Wilson was a gracious hostess and guests considered themselves fortunate, leaving at a late hour wishing Miss Jane Douglas many happy returns of the day.

—Hargrove is square—

GIRL SCOUTS ENTERTAIN THE BOY SCOUTS.

The Spur Girl Scout Troop entertained the Spur Boy Scout Troop in the basement of the Methodist church last Thursday evening. As each guest arrived they knelt at a small table and registered. Many games were played, the 'Halloween Tag' being the feature, and in which Scout Master Abbott won high. The 'Smiler' game was played, causing much laughter, Mary Wooten and Morris Laine being the winners.

A big refreshment plate of cake and sandwiches with chocolate, was passed to the following Scouts: Elizabeth Ann Lee, Betsy Wilson, Ruth Spivey, Dot Lisenby, Leona Denson, Mary Wooten, Dorothy Carson, Mona Mae Berry, Eleanor Ensey, Evalene Hazel, Virginia Harris, Mavis Stafford, Nell Collett, Ruby Rae Williams, La Nell Heffner, Lillie McArthur, Bernice Morgan, Royce Blackwell, Eda Bell Hogan, Aly aInce, Beth Blackwell, Morris Laine, Devere Luke, Jack Senning, Cecil Wolfe, Melvin Ensey, John Jackson Payne, Clinton Barrett, J. P. Carson, Truman Moore, Giles Buchanan, Dudley Wooten, Luther Garner, Deck Lewis, J. A. Marsh, Chester Edwards, Jack Blackwell, Robert Glasgow, Eldin Rawlins, Marian Chrystal, Alfred Payne, Dean Redell. Special guests were Rev. Abbott, Dr. Blackwell, Mr. and Mrs. Stafford, Messrs. and Mesdames Carson, T. W. Whigham and W. B. Lee.

After the refreshments the boys gathered around their camp fire, and the girls at their camp fire and exchanged jokes and sang, each group to outsing the other. Those present report the most fun ever had before.

A Dangerous Policy to Advocate

It is the opinion of Farm and Ranch that if the farmers of this country ever secure power and influence enough to force the Government to fix prices on the products of agriculture, then they will have the power to correct the abuses now complained of without the sacrifice of their liberty and the destruction of their initiative. Farm and Ranch believes that the Government price-fixing method of bringing prosperity to the farm, as advocated by some, would prove extremely dangerous and most unsatisfactory, and that in the end would turn over the control of a great industry to the politicians in Washington.
The American colonies fought 8 long years to establish freedom of speech, freedom of religion, and freedom of individual action. The Bill of our Rights, which is the most important part of our Constitution, is a guarantee against Government interference with property rights except in cases of war and National peril. Some of the men who are now advocating price-fixing by the Government fought four long and bloody years in an effort to establish State rights, and won a moral victory, the influence of which should last as long as history. Why should we, then, resort to methods which of themselves are an admission that as a class farmers are unable to run their own business?
Those who argue for Government price-fixing call attention to Government regulation of railroads, banks, and insurance companies. Some claim that the protective tariff system is merely price-fixing under another name. Let us call attention to the fact that railroads, banks, and insurance companies are creatures of Government enjoying special privileges and also live under certain restrictions. The Government has the right to regulate what it creates. The farmers of the country cannot be subjected to that kind of regulation. The tariff does not fix prices as our friends would want prices fixed on agricultural products. The Government neither buys nor sells manufactured products, nor does it say how much any article should sell for. It does not prohibit a manufacturer from selling for less than does his competitor, nor does it tell him that he cannot charge as much as he wants to. If there is a surplus the Government does not take it off his hands, thus encouraging him to increase his production. The tariff, it is true, protects him from foreign competition and he, himself, takes care of his surplus by unloading it on Europeans for as much as he can get, maintaining the domestic price at a profitable basis.
If our farmers should insist on Government price-fixing and secure the needed legislation to put that system into operation, the next logical step would be Government regulation of acreage and other farm operations. The farmer would lose his independence as a citizen and as a business man and would become a mere employee of the Government without having a fixed salary. Without having control of production price-fixing by law would fail.
If the politicians of this country

ever consent to the price-fixing program it will be because they see more jobs for themselves and not because they are interested in making producers prosperous. —Farm and Ranch.

WEST TEXAS SHOULD BE MADE FEEDING GROUNDS FOR CATTLE, SHEEP, HOGS.

In conversation with Frank Craddock of the Craddock & Schoolcraft mill this week, he stated that he hoped and really expected Ralls to become a feeding ground for cattle, sheep and hogs. He said that there are millions and millions of pounds of grain sorghum stalks wasted in this country each year which could very easily be turned into profit if feeders could be induced to place their stock here to fatten for market. We raise everything right here

that is needed to finish out cattle, hogs and sheep, and if the feeders would use this as a feeding ground it would create a demand for the stalks as well as the grain sorghums and corn that would be very profitable to the farmers as well as giving the feeders good fattening foods at a less price than they pay for them at other points. Cotton seed meal or cake is the only fattening substance that would have to be supplied from outside sources and oil mills at Slaton, Lubbock or Lockney are sufficiently close to insure low freightage on that commodity. And, of course, too, it might be that some fellow could build an oil mill at Ralls. We have plenty of cotton seed here to supply same. A great transformation is going to occur in this country during the next few years in our agricultural possibilities and making this a great feeding ground may be one of the things included in the advancement. Dairying and poultry and stockraising and feeding may be the three things that take this out of all cotton category and place it at the head of all agricultural districts in Texas as a rich farming territory. Some cotton is all right, but the country will never attain real wealth and distinction until its other possibilities are developed.
Craddock studies the feeding proposition and knows his okra relative to food value contents of our grain sorghums. He can tell you about how much protein that this and that higher, maize or corn contain, and then tell you how much feed per day to an animal to make it put on so much fat, etc. Of course all that kind of stuff is "dutch" to a newspaperman, but fellows who make it a study know very well that balanced rations are required to make money in feeding our stock or for milk production from cows or eggs from the barnyard flock.
What we need is more animals and flocks to feed the stuff to, and then raise more of the stuff to feed to them. Then the money will stroll around to all of us throughout the year instead of just in the fall.
It is something that deserves deep consideration in the hands of those who have the welfare of the country at heart.—Ralls Panner.

WOODMAN CIRCLE HOME FOR AGED MEMBERS AND ORPHANS

In the near future, Orphan Annie and other little orphans won't have to slum around in the cruel cold world, for they may live at the Woodmen Circle Home for Aged Members and Orphans at Sherman, Texas.

That is, if one or both of their parents belonged to the Woodmen Circle, or if the children themselves belong to the Junior Circle.

Likewise, if Grandma is not well-off and is alone in the world, she may make the Woodman Circle Home her home. Grandpa too.

That is if they are members of the Woodmen Circle.

Sherman won the home location in competition with a score of other cities throughout the southern part of the country. Time and time again the national officers have stated that they can always count on the utmost cooperation from the Texas members. Texas sets a pace for the rest of the states in leadership, ideas and spiritual cooperation as well as in regular and tremendous increases in membership. There is a combined membership of 38,776 in the state.

That the society has long appreciated this interest is shown by the fact that to date it has invested nearly \$5,000,000 in Texas state, county and municipal bonds.

At the present time a Texas architect is drawing up a plan for the ultimate development of the Home. A Texas engineer is making a topographic survey of the society's 214 acres. Work will soon begin on the Administration hall and on a number of two story brick cottages, each to accommodate fourteen orphans and a matron.

To make old folks and the little orphans happy and comfortable, to take an interest in them, and especially to make them feel at home is the aim of the society, which wants to get away from iron clad "institutionalism."

Texas members have contributed \$10,359 in cash for the Home and have pledged an additional \$5,000. When National President Mary E. LaRocca and National Secretary Deva Alexander Salley toured Texas recently the members at meeting after meeting pledged to give for the Home, "A dollar a year for two years."

There has been much discussion in the state of concentrating the Texas donations into a district fund to provide, eventually, a hospital or some other outstanding gift at the Home grounds. If even a good per cent of the members in this state make the \$2 donation the "Texas Gift" as many persons have called it, will materialize.

WOODMAN CIRCLE Palm Grove

On October 25 the woodman circle met in the home of Mrs. Boyd. Mrs. Goldsticker of Stamford, our district manager, met with us. After a regular chicken supper, we had our business.

We voted to donate \$5 to the home which is to be started the 14th of November at Sherman, Texas. This home is for the widows and orphans and is to be built on the cottage plan. We hope to be able to give more soon.

The following members were present: Mesdames Maude Seale, Katie Turvin, Lorraine Hazelwood, Helen Gibson, Leota Ensey, Emma Jane Perry, Beuna Boyd and Mrs. Tressie Goldsticker, of Stamford.

It is regrettable that so many of our members were unable to meet with us on this occasion and hope they can all attend the next meeting which will be held at the home of Mrs. Leota Ensey in the West part of Spur on the 14th of this month at 3 o'clock. If there is any woodman circle members who belong somewhere else, we would be glad to have you meet with us.—Reporter.

L. C. Murphy, of near Dickens, was in Spur Wednesday of this week, and while here was a pleasant caller at the Texas Spur office. Mr. Murphy raises fine Barred Rock chickens as well as grows cotton, and is one among the prosperous diversified farmers of the country. He has some fine cockerals for sale in helping to promote the poultry industry in this section, as will be noted by an advertisement appearing in the paper.

For Sale—My crop, teams, tools, etc. Span mules, two horse, two go-devils, two cultivators, wagon and planter. One fine Jersey cow whose milk tests 7%, fresh January 10, but giving two gallons now.—J. L. Jenkins, 6 miles northeast Spur. 2tf.

"SPUR'S OLDEST STORE"

W. E. Carter, of near Dickens was among the business visitors in Spur during the week.

H. C. Aston was in the city the first of the week, meeting with his friends and transacting business affairs.

Mr. and Mrs. L. N. Stevens, of Lorenzo, passed through Spur Thursday in route to Rotan to visit with their daughter, Mr. and Mrs. Johnson.

Mrs. T. G. Harkey and daughter, Miss Thelma, returned the first of the week from a trip to New Mexico and Arizona where they spent a week or ten days. They report a pleasant trip.

P. B. Souls, of the Colbert ranch west of Spur, was transacting business in the city Wednesday of this week.

Mr. and Mrs. J. E. Sparks and daughter, of west of Spur, were shopping and visiting in the city Monday, of this week, spending several hours here.

The little son of Mr. and Mrs. Murray, of the city, is reported in a critical condition at the Nichols Sanitarium at this time. Some time ago the boy, 6 or 7 years of age, underwent an operation for appendicitis. The wound has never healed, and it is from this that he is now suffering.

Miss Racheal Langston, who is attending Simmons University, was here the past week to attend the funeral of her grandmother, and also to be with her parents.

T. A. Smith and wife, old time residents of Dickens and Kent counties, returned last week from New Mexico and Arizona where they had been making their home the past year or two. Mr. and Mrs. T. A. Smith were among the first people of the country whom we met after the opening of Spur in 1909. They are among the best of the world. We are glad to have them return home, and wish them many happy, prosperous days among us in future.

W. W. Sample is in Spur this week from Pyote, spending the time with his family and looking after Spot Cash business.

John Aston, of the Plains country, was here recently. He and H. C. Aston, to Haskell to see a niece who was ill of scarlet fever at that place.

Red Mud Lambert, of the Pitchfork Ranch to the northeast of Spur, was in the city Wednesday, stating that everything on the ranch is progressing and that branding is now in full swing.

Roy Stovall, of the Spur Creamery and Bottling Works, is spending some time in Petersburg, looking after his power and light interests in that town. We understand that Mr. Stovall is doing extensive improvements on his power and light business in Petersburg.

G. W. Mayfield, of Girard, was in Spur Monday, buying supplies of the wholesalers, stating that business in Girard is now in the full swing of the fall season, merchants, farmers, bankers and all business interests being busy and meeting the conditions to the best possible advantage.

John D. Hufstetler, of the Dockum Valley, was in the city Monday and while here called in at the Texas Spur office and renewed his subscription for another year, and for which he has our thanks and appreciation. A voluntary subscription or renewal is one of the most invigorating items of the newspaper business.

Hoyle Jones, of Oklahoma, has been spending several days of this week in Spur with his parents, Mr. and Mrs. C. A. Jones, and his brother, C. B. Jones and wife. Hoyle Jones is now general manager of an oil pipe concern of Tulsa, Oklahoma, and is here also going through the oil fields of West Texas in the interest of his company.

Mr. and Mrs. T. G. Harkey are this week moving to Arizona where Mr. Harkey recently purchased a business in Arizona, consisting of a tourist camp, filling station and grocery, and will be interested with Bowse Conner in the business. The Harkey rural home, near Spur, was sold to Luther Jones who with his family will move to Spur after the first of January, upon his retirement from the sheriff and tax collector's office.

G. L. Barber came in Monday to cast his vote Tuesday, and spend a few days with Mrs. Barber. Mr. Barber is now doing extensive railroad construction work near the line of Texas and Oklahoma, stating that it would require a month or more yet to complete his contract. After the first of January Mr. Barber will be here permanently, on the job serving as sheriff and tax collector.

—A square deal at Hargrove's—

Mr. and Mrs. W. P. Simpson returned last week from Dallas where they attended a beauty show in gaining more information in the conduct of the Simpson Barber and Beauty Shoppe. Mr. and Mrs. Simpson have been to much expense in attending schools, conventions and beauty shows, studying beauty parlor work and the best methods of beauty parlor work, hair waving and other items connected with the work. In fact Mr. and Mrs. Simpson are among the best informed and most expert in their work, and conduct one of the most up-to-date beauty parlor shops within all of Western Texas. The ladies of the country can get here in Spur as good service in that line as in the largest city of the state.

Attended Dalas Beauty Show

We have just returned from the Dallas Beauty Show where we got some good ideas about our work. We feel that we are better able to do you first class work than ever before.

We have specialized in every line of the work. Mrs. Simpson is our specialist in finger waving and facial work. Mrs. Hyeppock is back with us again. Many of you know her, but to those who do not we are pleased to tell you that she is a Real Marcel Operator. We also specialize in

PERMANENT HAIR WAVING

We use the Frederic's Method, the Vita Tonic Process. We use only the best material made. Our Waves are not Cheaper—but Better. We will appreciate your business. For appointments, Phone 117.

Dairy Development Adds Millions To The South

Great strides of the Southern States in an important phase of development was most emphatically emphasized at the National Dairy Exposition at Memphis, October 13 to 20, and which attracted as visitors literally thousands of farmers and manufacturers from other dairying belts of the nation. The dairy industry of America is estimated to have a farm value of approximately \$2,500,000,000. From a point of virtual obscurity the sixteen Southern States have grown in 15 years to an estimated value of \$275,000,000, with notable progress now under way.

In coming to the South for the second consecutive time, dairymen of the nation had the opportunity again to see and study first hand the section of America that has the greatest natural advantages for dairying—a section that is developing more rapidly in agriculture than all others. Dairy money is pouring Southward at a rapid rate. For instance J. L. Kraft, president of the Kraft-Phenix Cheese Company says:

"Instead of writing 60,000 checks each month our concern is ready to write sixty times that amount, if it is necessary to supply the demand the South may create. And when I vision this great permanent prosperity for the South through dairying I am not gazing through rose colored glasses; I see it by the light of past experiences. Our company in one year wrote more than sixty thousand checks to Southern farmers and these checks, whether for ten or \$100.00 each, will add to the sum total of the South millions of dollars of new revenue. They will give the farmer new confidence. They will improve conditions and make possible greater herds and

the development of a higher type of cattle. Field crops will be bigger and better due to fertilization from increasing herds, and thus the land values will double. This is what the industry in the magic south is doing now, and it is only in its infancy."

Jerseys set a new record for the National Jersey Exposition with a total of 355 head: Holsteins were next with 231; Guernseys third with 167, Brown Swiss total 123 and Ayrshires 90. In addition to these there were more than 200 head of club calves of all breeds.

Never before in the history of agricultural expositions in the South was interest so great or as widespread as it was in the National Dairy Show, which was combined this year with the National Cotton Show and the Tri-State Fair.

The development of dairying in the South says A. L. Ward, Director, Educational Service, cottonseed Product manufacturers, will give to our cotton farmers a home market for the products of their own cotton seed; as well as markets for the grain and forage crops produced on the farms.

Dairy farming will also aid in building up the soil fertility of the South, thereby increasing the cotton yield per acre.

The educational work that is essential to the proper balancing of cotton production and livestock production opens the way for the Cotton Oil Mill to join forces with other educational agencies such as the National Dairy Association, in bringing about a fuller and more complete utilization of the natural resources of the South.

Prosperity in Childress County, Texas, follows the dairy cow, according to J. R. Brummett, one of

the large farmers and producers of dairy products in the Panhandle of Texas. She furnishes the farmer with ready cash in the form of cream checks. She makes it possible to pay all running expenses without touching the revenue derived from the major crops. With this money the farmer can then buy more land, more livestock and better his standards of living.

Mr. Brummett and his sons, L. L. E. V. and D. M. Brummett and Frank Calvin, have proven this beyond a doubt. Annually, they produce 15,000 pounds of butter fat, from which is derived a gross income of \$6,750. Cream sales bring this sum to a yearly total of \$8000. Over the period of seven years the Brummetts have been able to pay off an indebtedness of \$12,000 on a section of land; in addition, the dairy has paid all living expenses and contributed a large share of the cost of raising cotton products.

All of this has been accomplished with a small outlay of capital. Starting with a small herd of only 25 cows seven years ago, J. R. Brummett and sons now have a herd of 100 mother cows. During this period not a single cow has been bought. Mr. Brummett attributes the success of his dairy venture to correct breeding and feeding. Their interest in dairying by no means causes the Brummetts to neglect their major crops. In all they have in cultivation some fourteen hundred acres. On this they annually produce a large amount of feed stuff and about 300 bales of cotton. As the dairy in a measure plants the cotton crop, it in turn helps to support the dairy. Mr. Brummett instead of selling his cottonseed outright exchanges them for meal and hulls. These he feeds

to his cows the year around. This year he hopes to have ninety thousand pounds of cotton seed to trade.

Speaking of this method of selling seed, Mr. Brummett says:

"If every farmer would take his seed to the cotton oil mill, for them get meal and hulls, go back home and feed these to the cows and then sell the cream and butter, he would be able to get ahead. He should do this rather than sell his seed right after ginning and blowing the money—it helps to make his farm self supporting."

"The best thing that ever happened to the farmers in this country are the cotton oil mills. They have started more farmers feeding cows than any other one thing, and after the farmer begins to feed scrub cows, he begins to think about getting some good stock."

POULTRY "PIN MONEY" NOW GONE SAYS AUTHORITY

The time when the farm poultry flock was a "pin money" pastime for the farmer's wife is gone. The farmer who does not make his chickens contribute liberally to his yearly profit is overlooking one of his surest sources of income, in the opinion of authorities interested in bettering farm conditions.

The whole secret of bigger profits from farm poultry is contained in three simple things—better stock more hen and better methods. It is just about as easy to handle several hundred hens as it is a few. Good layers eat no more feed than low producers, while the former return a good profit for the care they get.

Farm bureaus and state agricultural experiment stations have been stressing the need of better farm

flocks for several years past. Now comes the hatcheryman himself, joining the battle to eliminate "scrubs" from the farms of the country by pledging himself to improve quality of his chicks.

Leading hatcheries recently united under the slogan, "Hatchery Chicks For Greater Profits," promising fair dealing, cooperation with the farmer in raising the chicks purchased and better quality stock to increase the profits from the farmer's flock.

The United States Agricultural Department reports indicate good egg prices for the coming year, as well as a profitable market for poultry as meat. Nearly all students of market prices agree with this forecast. With a favorable season just ahead the farmer with the largest flock producing large numbers of eggs is going to reap the greatest profit.

Farm families have been too prone to look upon the poultry flock as a minor side issue instead of one of the most reliable sources of income. Particularly in winter when egg prices are high, and other farm operations at a standstill, can the farm home secure a steady and lucrative profit, if its flocks are of the kind which are capable of turning out a steady supply of eggs.

FEEDING POULTRY HALF THE TIME

The practice of forcing the farm poultry flock to subsist on scraps and waste around the farmstead is fast becoming obsolete in Texas along with the gradual disappearance of the mongrel flock and the use of trees for roosting places. At least this is the observation of E. N. Holmgreen, Extension Poultryman at Texas A. & M. College, who

points to the fact that scientific feeding is coming into quite general use. While it is true, he says, "that good feeding is of no avail where the flock is scrubby or wormy or preyed upon by vermin or poorly housed, it is also true that about half the failures to make poultry profits are due to improper feeding."

"How shall I feed my flock?" is a question asked in hundreds of letters monthly to the Extension Service, and the usual reply is a suggestion to try the "Big 5 Ration," as follows: 100 pounds each of corn or milo meal, ground oats, wheat bran, wheat shorts and meat scraps of 50 protein. The bran and shorts may be substituted by using an equal weight of finely ground wheat. For the scratch feed the proportions are 2 pounds cracked corn or milo, 1 pound wheat and 1 pound oats. This ration is designed for farms where no milk is available. It is easily changed for flocks having plenty of any kind of milk before them at all times by omitting the meat scrap in the mash as given, and feeding 3 pounds cracked corn or milo and 1 pound of wheat in the scratch feed, omitting the oats.

We this week received a copy of the Benjamin Post, which is now being published by Mr. Callan who for some time was in Spur. Mr. Callan is nephew of Claude Callan one of the most noted newspaper and magazine writers of the country. We are confident that young Mr. Callan will make a success of the Benjamin Post—at least in respect to news value, which is the main thing in newspaper success.

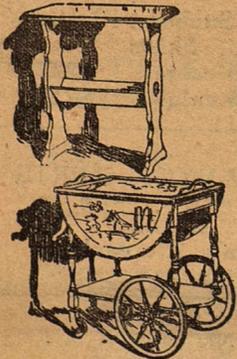

NOVEMBER Sale of Fine Furniture Offering Wonderful Values for Homemakers

ACETYLENE AND ARC WELDING

Charley Thomason, of Stephens county, was in Spur during the week meeting with old time acquaintances. He informed us that he is now moving back to the Roaring Springs country where he will farm next year. Charley formerly lived near Spur. The past several years he has been making big crops and prospering.

Hugh Gray, of three miles northwest of Spur, was in the city Tuesday.

J. M. Jones, of Afton, was in the city the past week end. Uncle Jimmie spent some time out on the Peecos during the year, visiting with relatives and friends and indulging his fishing desires.

SMITH & JOHNSTON GROCERY

VIRGIL SMITH

DALTON JOHNSTON

Dr. T. J. Earnest, of Dickens, was a business visitor Wednesday of this week in Spur.

Uncle Dick Holly was on the streets one day this week, meeting with his friends.

Editor Dick Hyatt, of the Ralls Banner, came down Tuesday, spending the afternoon here with us. Dick Hyatt is a good newspaper man, and runs a good newspaper in a good town.

Freeman Edmonds, Oran McClure, Jr., John A. Davis and Floyd McArthur, all spent the week end in Spur with their families, from the Tech College at Lubbock. The boys are all making progress in college, and very probably not one of them will "flunk."

J. B. Morow, of Elton, was one among the business visitors in Spur Friday of last week. He states that cotton is opening very slowly, and the probability is that "bolting" will be under way several months hence unless conditions change materially at an early date.

Sterling Davis came up from their Garza county farm, spending the week end in Spur with his mother, Mrs. Nellie Davis. Sterling, Lee and Dick Davis this year cleared up and planted about three hundred acres of cotton, Sterling stating that while the cotton had not yet opened, they expected to pick or pull a fairly good, average crop.

Will Watson, of east of Spur, was in the city Tuesday.

L. A. Grantham, of Red Hill, was a business visitor this week in the city.

Mr. and Mrs. Will Marshall, of the Duck Creek country, were in the city shopping during the week.

Rev. J. B. Hibbert returned Tuesday night from a trip to Stamford, making the trip safely, but somewhat interruptedly through the rain and wind storm of that night.

Mr. Davis, of Lubbock, but formerly of Spur and Roaring Springs, is here this week in the interest of sales of Delco Light plants for which he is district sales manager of this entire territory.

W. W. Stegall, of the Plains section of country, has been spending the past several weeks in and near Spur, winding up his business and land property affairs here. Several years ago Mr. Stegall bought land west of Lubbock where he and Mrs. Stegall are now making their home. He owned two or three farms in Dickens county which he is disposing of with the intention of becoming permanently located on the Plains. Mr. and Mrs. Stegall were among the very earliest settlers of Dickens county, and it is with real regret that their friends see them move elsewhere. However, we all hope they will prosper in their new home on the Plains.

THE MEANING—

According to the Standard Dictionary To Deposit, means "to put in a place of Security for Future use," the synonym being Entrust.

This definition only puts emphasis on the care you should exercise in determining the Bank with which you lodge the control of your money. Inquiry into the integrity of management, record facilities, and security offered in capital and surplus will satisfy you concerning this bank.

never bought such *style*,
speed and *sturdiness* as in
Studebaker's
ERSKINE SIX

See it! Here is style, modern to the moment—in long, low body lines—in color themes new and refreshing. Here, too, is economy in first cost, in operating expense.

Compare it! Reflect what it means to you that a twin to the Erskine you buy, traveled 1,000 miles in 984 minutes! No other stock car under \$1000 ever equaled this record. Today, the Erskine Six holds 11 official records for speed and stamina.

Drive it! Put the smart, swift

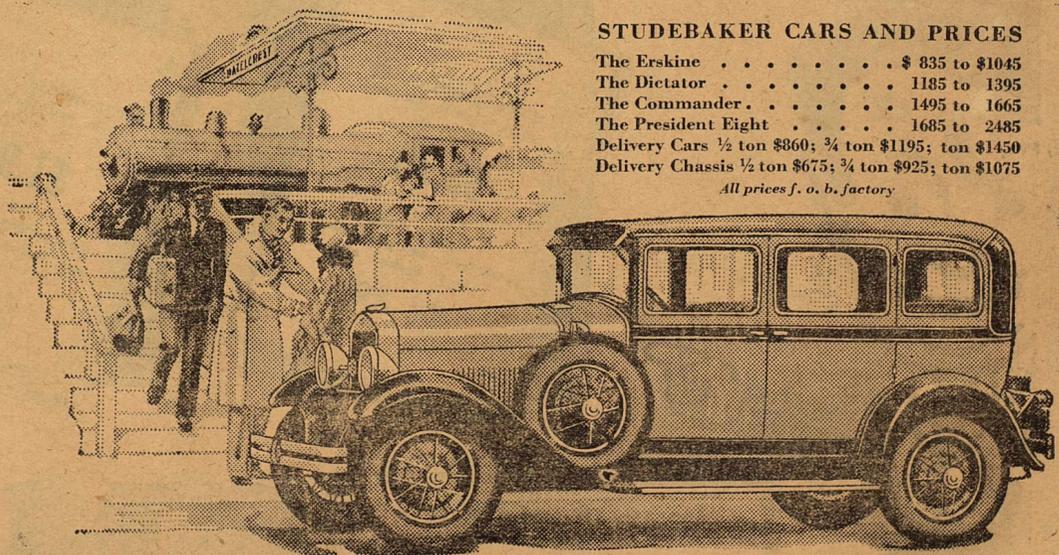

Erskine Six through its paces, in traffic or on open highway—so well built that it can be driven 40 miles an hour when new—62-mile speed later. Judge for yourself just how fast, how nimble, how comfortable it is to ride in and drive.

Prove it! Satisfy yourself, by Erskine's performance in your own hands, that it is exactly what Studebaker deliberately planned it to be—the finest, fastest car under \$1000! Studebaker's 76 years of manufacturing experience stand back of the Erskine Six.

STUDEBAKER CARS AND PRICES

W. L. Lusk and family, of near Dickens, were shopping in Spur last Saturday.

J. A. Kerley, of east of Spur, was among the many here trading Saturday.

Henry McDaniel and family recently moved into the city from their suburban home just north of the city.

World's best lamps at world's lowest prices.—West Texas Utilities Company. 2-2t

W. D. Blair, of east of Spur two miles, was on the streets Tuesday, greeting friends and attending to business affairs.

Messrs. E. C. Edmonds, Dr. J. E. Morris and Jim Hahn left Wednesday for the Mountains of New Mexico where they will spend several days hunting big game.

Mrs. E. C. Edmonds and E. C. Jr., returned this week from Waco where they attended the Baylor University Home Coming Week and also the Cotton Palace.

Have you seen those new Xmas Electric Ranges at West Texas Utilities office? 2-2t

Will Garner was on the streets Wednesday. He informed us that the cotton on his place near Spur and also to the west was opening very slowly, the bolls already being soft and questionable if they will open. Favorable conditions is needed to insure the development of a bolly crop of cotton.

Mr. Pinson, district manager of the Southwestern Telephone Company, with headquarters in Stamford, spent several days in Spur this week, looking after the local business. He states that general conditions throughout this territory are comparatively good and in fact better in this immediate territory than elsewhere in the country.

Have you seen those new Xmas Electric Ranges at West Texas Utilities office? 2-2t

W. W. Flournoy made a trip during the week to Mineral Wells and Dallas, visiting with Mrs. Flournoy who is now in Mineral Wells for her health, and going on to Dallas in connection with business pertaining to the Spur Theatres of which he is part owner and general manager of both the Spur and Lyric.

Prof. H. L. Lovell, of the Duncan Flat school, was in Spur Saturday and while here was a very pleasant caller at the Texas Spur office. Mr. Lovell and his father, W. T. Lovell, recently returned from a trip back to Tennessee where they visited with relatives and viewed old scenes. W. T. Lovell was reared back in Tennessee and where his people now live. He has no intention of returning to live in the old country, but enjoys a visit back to the old home occasionally.

—A square deal at Hargrove's—

Mr. and Mrs. A. A. Allen, of Stonewall county, spent several days of this and last week visiting with relatives and friends of the Spur country. Mr. and Mrs. Allen formerly lived here. Their friends here can not forget them—neither can they forget their friends—so it is very probably that within the course of time they will remove to the Spur country and again establish here their permanent home.

E. D. Jackson, of near Dickens, was in Spur Wednesday, trading and transacting other business matters. Mr. Jackson stated that the little cotton that had opened on his place had been practically picked out, and that while there were many bolls yet to open yet there is a question as to what this late crop may do. Many of the bolls are already soft and with continued rainy and cloudy weather these bolls may sour and fail to open for bollies. It is hoped that favorable weather will prevail for both picking and maturing the crop. Mr. Jackson is among the old timers here, and rarely ever worries over conditions over which we have no control.

Al Vandyke, one of the seniors of Tech College, spent his regular week end in Spur with friends.

Ott Denson, of northwest of the city two or three miles, was on the streets one day this week, meeting with friends.

C. E. Thomason, of near Girard, was among the many trading in Spur Saturday of the past week. He reports everything in good shape around Girard.

E. N. Cochran, piano dealer of Abilene, spent a day or two in Spur this week, visiting with J. H. Clay and family, and looking after his piano interests in this section of the country.

J. J. Thompson, of Espuela, was in the city Saturday, calling in and insisting that his Texas Spur be transferred from Petersburg to his address here. Mr. Thompson recently returned from Petersburg where he had been living the past year or two.

All kinds of fresh and cured meats.

Mr. and Mrs. W. F. Foreman, of Foreman's Chapel, were shopping and visiting in the city Tuesday afternoon.

Cecil Scott, of the Duck Creek country, was in town Tuesday of this week. He had very little to say about the cotton crops and the prevailing conditions at this time. Cecil Scott is one of the best and most successful farmers of the entire country.

W. D. Robinson, of west of Spur, was among the business visitors on the streets Tuesday of this week. Mr. Robinson states that he and other farmers of his section are getting out their cotton slowly, and hope to gather a big late crop—even if it be bollies.

F. L. Lowery, of west of Spur, was among the crowds here Saturday, trading.

M. S. Faver, of the Prairie Chapel community, east of Afton, was among the business visitors here during the week. He reports every thing in fine shape.

J. M. Hahn, of Highway, was in the city Wednesday. Mr. and Mrs. Hahn are raisers of thoroughbred Rhode Island Red chickens which they are now getting in shape to exhibit at the various poultry shows over the country. Mr. Hahn expects to make a creditable showing in every instance. In fact, at these poultry shows he expects to demonstrate that as fine poultry is raised in the Spur country as anywhere else in the world.

W. L. Hudson, of the Kalgary section of country, was in the city last Wednesday, attending to business matters, trading and taking advantage of the numerous trading inducements now being offered by Spur merchants. In view of the backward fall season, the Spur merchants have very evidently decided to force business by throwing their stocks in the market at greatly reduced prices in order to stimulate business and get in the cash—and the trade is taking advantage of such an opportunity in the purchase of varied needs.

LOVE DRY GOODS COMPANY

To the first half-million new Ford owners

To the half-million men and women who have received new Fords in the last eleven months, there is no need to dwell on the performance of the car.

You have tested its speed on the open road. In traffic you have noted its quick acceleration and the safety of its brakes. You know how it climbs the hills. On long trips and over rough stretches you have come to appreciate its easy-riding comfort. Continuous driving has proved its economy of operation and low cost of up-keep.

This is an invitation to you to take full advantage of the service facilities of the Ford dealer organization so that you may continue to enjoy many thousands of miles of carefree, economical motoring.

The point is this. You have a great car in the new Ford. It is simple in design, constructed of the best materials and machined with unusual accuracy. It is so well-made, in fact, that it requires surprisingly little

attention. Yet that doesn't mean it should be neglected. Like every other fine piece of machinery, it will serve you better and longer if given proper care.

One of the best ways to do this is to take your car to the Ford dealer every 500 miles for oiling and greasing and a checking-up of the little things that have such a great bearing on long life and continuously good performance.

Such an inspection may mean a great deal to your car. To you it means thousands upon thousands of miles of motoring without a care—without ever lifting the hood.

Ford dealers everywhere have been specially trained and equipped to service the new Ford. You will find them prompt and reliable in their work, fair in their charges, and sincerely eager to help you get the greatest possible use from your car for the longest period at a minimum of trouble and expense. That is the true meaning of Ford Service.

FORD MOTOR COMPANY

John D. Hufstader, of the Dockum Valley farm, was transacting business in the city Tuesday of this week.

A Texas man has invented a device which sends and receives messages over the telephone.

Hargrove Gins Cotton Square

The Bluebonnet is the state flower of Texas.

Brittain Forbis, who is attending Wayland College at Plainview, spent the week end in Spur with his parents, Mr. and Mrs. R. C. Forbis. This is the first visit Brittain has made to Spur since the beginning of the college term.

HOOVER WILL HAVE 437 ELECTORAL VOTES IF LEAD MAINTAINED

VOTE BY STATES

Herbert Hoover will have 437 electoral votes, one less than Woodrow Wilson's record 1912 total, if he carries all of the States in which he is now leading. The following table gives the electoral votes in the column of the candidate who was leading in each such State on the first tabulations Wednesday:

State	Hoover	Smith
Alabama	12	12
Arizona	3	3
Arkansas	3	3
California	13	13
Colorado	6	6
Connecticut	7	7
Delaware	3	3
Florida	*6	6
Georgia	14	14
Idaho	4	4
Illinois	29	29
Indiana	15	15
Iowa	13	13
Kansas	10	10
Kentucky	13	13
Louisiana	10	10
Maine	6	6
Maryland	8	8
Massachusetts	*18	18
Michigan	15	15
Minnesota	12	12
Mississippi	10	10
Missouri	18	18
Montana	4	4
Nebraska	8	8
Nevada	3	3
New Hampshire	4	4
New Jersey	14	14
New Mexico	3	3

Hoover Congratulated by New York Leader

NEW YORK, Nov. 6.—Charles D. Hilles, Republican national committeeman from New York, tonight shortly after 10 o'clock sent a telegram to Herbert Hoover congratulating him on "the marvelous achievement of winning."

A second telegram sent by Hilles a short time later claimed New York States for the Republican candidate by 151,000. The message, addressed to Hoover at Palo Alto, Cal., said he had lost greater New York City by 441,000 and carried Upstate New York by 592,000.

The congratulatory telegram sent by Hilles to the Republican nominee

you have merited the marvelous achievement of winning by adhering to a discussion of economic doctrines in a year which other issues, improperly injected, were expected by the opposition to be determinative.

"By infusing into the campaign your own honest self respect and respect for others, you gave it tone and direction. The people have voted not only to hold fast to all that is good in government, but also to reward you for diligence and uprighteousness in the multiplied relationships of your many sided life.

"I extend heartfelt congratulations to you and Mrs. Hoover.
(Signed) "Charles D. Hilles."

HOOVER LEADS IN OKLAHOMA VOTE

OKLAHOMA CITY, Nov. 6.—Herbert Hoover, Republican presidential nominee, held almost a two to one lead over Governor Alfred E. Smith, Democratic nominee, with almost half of the Oklahoma precincts reported in the general election tonight.

Hoover had 214,673 and Smith 127,930 votes on the face of unofficial returns from 1,877 of the total 3,292 precincts, thus showing Hoover's lead to be 87,743 votes, more than three times the plurality of Warren G. Harding in the 1920 Republican presidential landslide. Oklahoma's swing into the Republican column in the 1920 presidential race was its first defection from the Democratic standard.

SENATORS ELECTED

NEW YORK, Nov. 7.—A list of United States Senators chosen in yesterday's national election follows:

- California, H. H. Johnson, Republican.

ORDER EARLY—OUR SUPPLY IS LIMITED.

ALBERT POWER, Afton, Texas

Dixon, W. D. Blair, Earl Thomas, Ferle Thomas, Muri Houze, Muri Richie, Ernest Kearney, Ruby Adcock, Kathryn Perry, Dorothy Harrington, Elizabeth Wolfe, Tommy Hisey, Newman Hutto.

Mr. Simmons, of north of Spur, was among the business visitors here during the week.

Spencer Sullivan is here this week from Borger, spending the week with Ira Sullivan and helping push the Spur Tailoring business.

Through mistake the following names were left off the honor roll last month: Lorene McArthur, Nedra Hogan, Mary Luise Lisenby.

Mr. and Mrs. W. F. Shugart, of east of Spur, were shopping in the city during the week.

Mrs. M. C. Golding returned Monday from Houston where she visited with her son who is attending one of the high schools of that city, and also with relatives at Hempstead. Mr. Golding met Mrs. Golding Monday in Dallas, they driving back home through the country.

Rev. C. S. Cameron, of Abilene, superannuated Methodist Minister, and father of W. C. Cameron who served as superintendent of Spur Schools for four or five years up to 1923, was in the city this week on business and visiting with Rev. Herbert of Espuela. Rev. Cameron is now engaged in the real estate and insurance business at Abilene. Prof. Cameron has a position as one of the teachers in McMurray College, where he is very probably permanently located.
