MELROSE LETTER.

News Notes From Our Flourishing Little Neighbor.

Melrose, April 27.—The picnic at Melrose is postponed until June.

School will close without a "funeral" procession.

The farmers are so busy we think it best to have a merry-making later on, when perhaps, the dust will be settled and spring provisions more abundant.

R. W. Haltom left for Fort Worth on Sunday morning to attend the Grand Lodge of the Knight of Pythias now in session there, he will be absent the entire week. Mr. Haltom was accompanied by his wife, who is the representative of the Rathbone Sisters of Nacogdoches, to the Grand Temple, which meets in Fort Worth at the same time.

10 lbs. best green coffee for \$1.00. G. H. Davidson.

COMPETITIVE EXAMINATION.

For Appointment of a Student to the Girls' Industrial College of Texas at Denton.

I hereby give notice that on the 22nd day of May 1903, I will appoint one white girl student who must be at least 16 years of age to the Girl's Industrial College of Texas located at Denton. The appointment will be determined by a competitive examination to be held in the city of Nacogdoches on the 22nd day of May 1903.

Board of examiners are Prof. R. F. Davis, F. P. Marshall and G. I. Watkins. Robert Berger, Co. Judge of Nac. Co. Texas.

The tent meeting on Fredonia Hill still grows in interest. More seats have been placed in the tent and all can be accommodated. Rev. A. J. Holt will preach.

Buy Arbuckle shoes at Jno. W. Davis'.

JOHN R. BURRIS KILLED.

Patroon Adds a Bloody Chapter to the Crimes of 1903.

Special to The Sentinel:

Center Texas, April 27.—The little town of Patroon, a few miles from this place is in a high state of excitement today on account of the death of John R. Burris which it is alleged was caused by Gaylard Watson.

Some years ago bad feelings arose between the two men over a trival matter and their differences were patched over and it was thought that the matter was permanently settled and that nothing serious would ever arise. This morning, however, the men reopened the old wounds and the outcome of which it is alleged Gaylard Watson shot and instantly killed John R. Burris.

It is reported that everything is quiet at Patroon and officers have gone to the scene of the tragedy.

Dallas Commercial Club.

The Sentinel is in receipt of the itinerary of the third annual tour of the Dallas Commercial Club. The club will visit Nacogdoches on Tuesday May 14th, and will make a stop here of two hours and thirty minutes, from 11 a m to 1:30 p m. The party is composed of sixty or seventy of the most representative manufacturer importers, wholesale dealers, bankers, and business men generally of Dallas. In view of the fact that we have no commercial organization, The Sentinel is of the opinion that it is the duty of some one of our representative business men to call a meeting at the earliest possible date and arrange to extend a welcome to the visitors. Much good can be accomplished by a little effort on the part of Nacogdoches. Nacogdoches will do her part if some one will make the motion. Do we hear the motion?

The new water work tank in the jail burst on Saturday and caused great excitement and made things rather moist for a while. The water is pumped into the tank by a hydraulic pump, run by compressed air. A darkey was stationed at the pump and told to keep it till the commanding officer returned. The darkey pumped so energetically that the tank was filled, over filled, and exploded with a noise that roused the neighborhood. No damage was done except to the tank. The darkeys face was a study in black and white and it is safe to say he will approach the next hydraulic pump with fear and trembling.

H. V. Fall, of Chireno, was in town today, and carried his little grand daughter, Winnie Davis Smith home with him on a visit.

CONSTABLE REDDRICK KILLED.

Tried to Enforce the Sunday Law at Beaumont and Shooting Affray Result.

Beaumont, Texas, April 26.—Yesterday it was announced that Constable Reddrick would have the State Sunday law strictly observed today and that all saloons must stay closed from midnight to midnight. There was a partial observance of that order today, but Constable Reddrick is dead.

He reported to The Post correspondent this afternoon that he had been having some trouble in making it understood that the saloons must really close, but that generally the liquor men had observed the law.

Tonight at about 10 o'clock Reddrick went into the Metropolitan bar on Bowie street and shortly thereafter the shooting began, several shots being exchanged by Reddrick and Doc Harris, one of the proprietors of the bar. Just who started the shooting has not been learned, but it is reported that Harris had received a wound in the arm before he fired the shot which killed Reddrick.

The facts of the killing are as yet meager, as no witness out side of those immediately concerned in the tragedy have as yet been found to tell their story.

Constable Reddrick had been to a number of places during the day. Shortly before 10 o'clock he went to the Metropolitan bar on Bowie street, which is run by Doc Harris and Tom Deis. The officer went up to Harris, accompanied by Deputy Constable Holloman. Harris says that Reddrick fired the first shot, the ball passing through his arm. Holloman claims that Harris fired the first shot.

The constable fell, dying almost instantly. It is said that he fell on his face and that his deputy turned him on his back and took his gun from him. He was in this position when Justice Pope came to view the body. The coroner raised the dead man's shirt and on examination stated the ball had passed through the constable's heart. Nothing further than this was done in the investigation and the verdict will be rendered later.

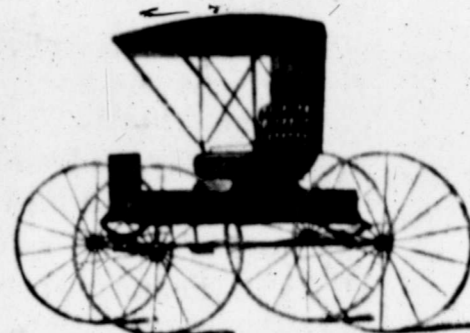

Harris surrendered and after his wound had been dressed was locked up.

There is a great deal of excitement over the killing tonight. The fact that it grew out of an attempt to enforce the law has added greatly to the bad temper which is shown on such occasions.

Walter Gilbert is the owner of a white possum. It is a regular albino, having pink eyes. Walter is quite proud of his pet which he bought from its captor.

The Time

For taking Buggy rides has come again and we are here with the largest and best selected stock of **Columbus and Moon Bros. Buggies**, ever shown in Nacogdoches.

We have buggies,
Buggy Harness,
Buggy Whips,

Who handle everything in the Hardware, Furniture, Implement and Machinery line.

Nacogdoches, Texas.

OUR APPLEBY LETTER.

The News From Our Flourishing Little Neighbor.

Appleby, April 27.—The continued dry weather is causing almost every one in this vicinity to wear a trown. Cotton is not coming up yet and corn stopped growing.

The crowd that left here last week for Clear Lake, returned on last Friday and all report a very nice time and plenty of fish to eat all the time.

Rev. McLowry preached here yesterday (and last night).

Mr. Latayette Shoemate led Miss Connie Adams to the Hymenial altar last night at the Christian church. Mr. Bennie Fields and Miss Dora Hill, and Mr. Porter Hill and Miss Annes Fields piloted them through the march.

Mr. Ed Hunt and wife, and Miss Mollie Weatherly are visiting Mr. and Mrs. Tally Melton at Shepherd.

Mr. Hardy Williamson and Miss Fannie Williamson and Miss Ollie Hartt spent Saturday and Sunday here.

Dr. Jim Weatherly who has been attending Dental school at Atlanta Ga. came home yesterday. We hope he will remain in Appleby to practice his chosen profession.

Mr. and Mrs. J. M. Blacksher spent yesterday with relatives in Nacogdoches.

The young people enjoyed themselves very much Saturday night at a social entertainment given by Mrs. Dr. Fears. All report a nice time.

Messrs. A. W. Hunt and H. R. Doolittle left yesterday for Tyler, to serve as Jurors in the Tyler court this week.

We have several cases of

small pox 2 1/2 miles from Appleby, in the very worst form.

It was a sad thought to think when little Frankie Odum, 3 years old, died Wednesday night, there was no one but her grandmother to lay her on the cooling board and wrap her up in the winding sheet, and no one to participate in the funeral except Rev. Brown, T. C. Adams, Lensy Blake and Dr. Hartt, who have had small pox. This child's father died at Lufkin three or four weeks ago with small pox, and her mother and only sister has it now very bad, and also two of her aunts. One has it very very bad, hardly expected to live long, and several others exposed. We are looking for Dr. Campbell, the county health officer, to assist Dr. Hartt, who is treating them, to provide some plan by which this dreaded malady can be stopped in this community.

We have had small pox near here for several months but it was all very light and scarcely no attention paid to it, but this is so very bad that it is to be dreaded by all. Vaccination has been applied to all who would accept, but we have no law or power to enforce vaccination.

Estrayed.

Sorrel pony with flax main and tail, bald face, right eye out, branded O1 on left shoulder, 4 years old and very thin. Any one taking same up and notifying me at Garrison will be suitably rewarded.

Lost.

Saturday April 25th a small white and red speckled bitch about 8 months old. Will pay for information of her whereabouts.

R. E. Driver,
Woden Texas.

Baucom & Son.

The Weekly Sentinel

E. W. HALTOM, Editor

POLITICS is politics in Missouri these days.

A BABY show is an attraction soon to be pulled off at Fort Worth.

AN exchange says the girl that does fancy work doesn't always fancy work.

JUDGE HURT of the court of criminal appeals, died at his home in Dallas this week.

SILENCE isn't always golden. We'd like to hear everybody talking Karnival right now.

THERE is certainly something lacking in this old town. There is too much "distinction" without a difference.

APRIL 21st was the 265th anniversary of the foundation of the city of Rome. That town is a little older than Nacogdoches.

JOAQUIN is soon to have a newspaper, which will make seven papers for Shelby county. That looks like "crowding the monkey."

TYLER shipped a solid car of strawberries Tuesday. Lindale and Swann each shipped a car the day before. The price received was \$2 per crate.

TEXAS carried off the honors in the recent debate in New Orleans between students of the Texas University and the Tulane University. This gives Texas two victories out of three contests.

SOME people wont get a move on themselves even if you put fire on their backs, and yet they are the first to raise a kick if one insinuates that Nacogdoches isn't doing much these days.

THEY are sending boodle alderment to the pen by the bunch in St. Louis, and the Attorney general is about to tie up the Missouri legislature in bunches of the same kind. Politics are warm up in Missouri.

IT is intimated that the report of the present grand jury, which will be submitted at its adjournment, will be as warm as a mustard plaster. We will give it to the public if it takes the hide off or blisters us all.

RAILROAD wrecks are of far more frequent occurrence in the North than they are in this country, where the roads are considered inferior and slower time is made. A wreck occurred on the Erie railroad Monday near Jamestown, N. Y., in which eight persons were killed and several wounded.

THE Galveston News publishes the battle march, played by the Texas band on the battle of San Jacinto. It is "The Spider and the Fly." We wish we could print the music but cannot, so as the next best thing, the city editor will whistle the air for those that we really think want her to do it.

WANTED, A REST ROOM.

Many towns and cities are now providing "rest rooms" for people who come from a distance to spend the day shopping. Such an institution is badly needed in Nacogdoches. There are several buildings available for such a purpose at present. It is not necessary to explain what the "rest room" means. Every one knows the inconvenience experienced by country people, especially ladies, in coming to town shopping, with no place to rest or take their lunches, or to arrange their toilet. When men come to town they may go to a saloon and find a place to sit down and rest, saloons being about the only place where comforts are provided for customers or visitors. Ladies must either go to the hotels or stand around all day, and when dinner time comes eat their lunch in a store or on the sidewalk.

The business men should not delay renting and equipping one of the vacant buildings on Church street, which are very suitable and appropriately situated for such a purpose, and proceed at once to fit it up for the comfort and convenience of their country customers. The cost would be slight to each individual and the reward would be the lasting gratitude of the hundreds of women and children who actually suffer for a resting place when they are compelled to remain in the city all day.

ORANGE is expecting a visit from the Texas newspaper men in a body in May, and the Tribune wants that city to appear in real Orange colors on that occasion. We will wager the orange cider that the press gang will enjoy the visit.

NACOGDOCHES is not a dead town by any means, but the preacher who said in the pulpit recently that it would require a large number of funerals to get the town started off as it ought to be, came mighty near hitting the nail on the head.

THE Galveston News has found a Texas newspaper which does not advocate building good roads. But the freak is accounted for by the fact that it is printed in a town where the merchants do not believe advertising in newspapers pays.

THE revolutionists are carrying the day in Honduras. Gen. Bonilla, the revolutionist leader has succeeded in overthrowing President Arias and has installed himself as constitutional President. The prospects are favorable for the success of the revolutionists in Santo Domingo also.

VERILY this is a day of accidents and calamities. Monday seven people were killed in railroad wreck in New York. Tuesday ten men were killed in a railroad tunnel in Mexico by a cave in and the same day three men were killed in a railroad wreck in Missouri. These are just "samples" of the reports of disasters that the papers are teeming with these days.

SENATOR FAIRBANKS, of Indiana, has authorized the announcement that he will be a candidate for the republican nomination for president next year. The Senator is doubtless emboldened by Teddy's absence out west.

AN electric railway is soon to connect Beaumont and Sour Lake. Beaumont will soon be the "center of the surrounding country," with Sour Lake, Port Arthur, Sabine Pass and all those little towns in her suburbs.

THE latest discovery in ailments in "cat fear." It is a brand new disease. Here are some of the symptoms, according to a medical scientist: "If the sight of a cat makes you shudder, you have it. If you can feel the presence of a cat without seeing it, you are in one of the advanced stages. If you can throw a bootjack at a cat in the middle of the night, you are normal." We are normal so far.

THE Matthews girl that was assaulted by the negro brute in Shreveport recently has been discharged from the Sanitarium, having fully recovered her physical and mental faculties. She has never been able to throw any light on the horrible night's work, in which her mother was outraged and murdered and she was so nearly killed. The child was evidently struck with the axe while asleep.

THE scientists are laughing at the Texas legislature for offering \$50,000 as a prize to the person inventing a boll weevil exterminator. Other folks are laughing at the scientist for recommending early cotton as the only plan to stop the ravages of the boll weevil. Most people think they know there is no remedy against the pest except the cessation of raising cotton in the boll weevil infested districts. And most people are right.

NEITHER fire, flood nor bank failure has hurt Nacogdoches as much as the selfishness and clannishness of our people. There has got to be a general revival of old time social customs and more mixing among our neighbors to bring things out of the kinks. The habit of everybody disagreeing with everybody else upon everything that is suggested for the good of the community is becoming too much the characteristic of a Nacogdoches citizen. Let us all mend our ways and pull together a little more.

THERE are more or less mossbacks in every town or city. A mossback is a man who spends his life in a community, enjoys all the blessings attended upon civilized people, never spends a cent for the public welfare and looks upon his neighbors as legal game. Such men, if in business, never advertise their goods, and the sight of a tax assessor or collector gives them delirium tremens and St. Vitus dance. Such people never advance the interests of their town, and seldom give it a good word.—Austin Statesman.

BRYAN and Cleveland may not be "nutty" but they are getting awful "chestnutty." Wonder if there is no way to induce them to give us a rest.

It is said that Dame Fortune knocks once at every man's door. It isn't stated how many times Miss Fortune knocks, but to most of us she seems to come round rather often.

THE Dreyfus case may be reopened. Dreyfus has written a rather sensational letter asking that the case be opened for further investigation. He charges improper influence upon the court which condemned him, and asserts that Esterhazy stands before the world as the real culprit.

A true Journal will not be led or swerved by public opinion, but will stand for what it considers right, even though it stands alone. A newspaper that will do less cannot be relied on. That is all.—Palestine Herald.

Did you ever see one of those kind of journals standing "all alone?"

THE legislature did finally succeed in making an appropriation of \$25,000 to be given as a reward to the individual who will discover a method of successfully exterminating the cotton boll weevil. If the legislature ever had any fears that the prize money will be taken they may rest assured from this date. The money is safe. That amount will not induce the farmers to quit planting cotton.

CONGRESSMAN RICHARDSON, of Alabama, the democratic leader of the House, announces that he will quit politics and in future devote himself to the work of Scottish Rites Masonry. He is the highest ranking Mason in the world and his duties as a mason and those of a congressman are too much in conflict for him to hold both positions. He will devote all his time in future to the furtherance of Scottish Rite Masonry.

JOHN DE WITT WARNER, in a lecture delivered in Brooklyn recently declared his conviction, based on experience, that the South affords better opportunities to negro ability than the North and colored men would do well to stay in the South, where he is appreciated and understood. Mr. Warner has the correct idea. If the negro "sympathizers" of the North will quit liping about the negro in the South the negro problem will settle itself.

THE following report of a shooting is taken from an English newspaper, published in Siam: "Shooting Outrage. O! Fearful Agony. Khoo Tong, one of Phya Song's Staff, was on a mission to lampoon, and on his return instantly shot dead by some miscreants, scoundrels. O! Unlucky death. O! Fearful. O! Hell. All friends express their morne. The cowardice dog is still at large. Six soldiers six policemen were at once dispatched." Folks in this country would call that plain English, any how.

It has been asserted that the negro who was recently shot and killed near Sherman, charged with outrage and murder, was innocent of the crime. He was approached by two officers in citizen's clothes, who tried to arrest him. He ran and was shot and killed. Guilty or not, officers are not justified in shooting a man who is trying to escape. It is true we are seldom called to account for it, but it is legal. Especially is this the case when the man has never been tried or found guilty of the crime charged.—Austin Statesman.

There is no excuse for innocent people running from officers of the law. Such a course naturally arouses suspicion and makes the officer more eager to capture the fleeing suspect.

In the last session of Congress, \$12,600,000 was appropriated for the extension of rural free delivery of mail. A bill was introduced requesting the federal government to appropriate \$20,000,000 to cooperate with the several states and territories for road improvement. This bill will be among the prominent measures for legislative consideration in the Fifty-eighth Congress. It has taken years to agitate, organize and center public attention to the necessity of highway improvement, and with the view to pushing the move to ultimate success a National and International good roads convention is to be held in St. Louis Monday, Tuesday and Wednesday, April 27th, 28th and 29th, inst. Leading officials of all the states are manifesting the deepest interest in the objects of this convention, and so are all railroad officials and farmers' organizations. In fact every body is ready to join in the general movement for road improvement, and there is little doubt but that in a few years, the government, both state and National will be influenced to make large appropriations for this purpose. Wherever it is hoped to secure benefits from the rural free delivery there must also be an especial effort in road improvement.

Southern Pacific's "Sunsets Porters" At Houston. The Southern Pacific-Sunset Route has inaugurated other decided innovation for the convenience of the traveling public, and at Houston a squad of blue uniformed and red-capped porters will be found at all hours of the day and night to handle the baggage of travelers to and from the train free of charge. The porters know all trains and on which track they stand, and their use will prevent confusion to strangers or to ladies and children, who heretofore have had to handle their own baggage, or let it be done by hotel porters. The Grand Central station at Houston is the first to adopt this convenience to the public, and signifies the further use of Metropolitan railroad methods in Texas.

The money to represent Texas at the St. Louis World's Fair should have been raised long ago.—Palestine Herald. That's what we 'lowed about the Nacogdoches Karnival.

A NEW ICE PLANT.

To Be Erected by Shreveport and Marshall Capital.

Col. L. R. Logan, secretary and treasurer of the Shreveport Ice and Brewing Company, spent Wednesday and Thursday in the city, returning to Shreveport yesterday afternoon. Mr. P. G. Whaley, of Marshall, who is associated with Col. Logan in several enterprises, mainly an extensive hardware and foundry establishment at Marshall, was also here Tuesday, but returned to Marshall Tuesday night. The object of the visit of these gentlemen to our city was to inspect and place an estimate upon the Nacogdoches Ice Factory, which is now for sale by the trustee in bankruptcy of that portion of the Wettermark estate, and which has been appraised at something near eight thousand dollars. Mr. J. B. Embry, an expert chemist and engineer, and the employ of the Shreveport Ice and Brewing Company, was also here and once close inspection of the plant.

In conversation with the Sentinel reporter this afternoon Col. Logan said that it was impossible to say whether or not his company would buy the old plant, that he would be willing to buy it at a reasonable figure, notwithstanding it would be practically useless to them, owing to the fact that it is only of ten or twelve ton capacity at best, and they could not think of operating with a plant of less than thirty or forty tons capacity; but that in any event he would put in operation in a very short time such a plant as was required to handle the business of the city and to fulfill contracts already entered into. His company are already under contract to supply the Armour Company twenty tons of ice daily at this point.

There is unlimited capital back of this enterprise, and Nacogdoches may now feel assured that within a short time she may boast of one of the completest and largest ice plants to be found anywhere nearer than Houston and Shreveport.

TEXAS people used to have plenty of milk and butter, but each family had to keep up about two dozen old long horn bucket kickers in order to get the necessary quantity of milk. Now they get more milk from one good thoroughbred cow than they formerly obtained from a dozen of the native breed. Just think of it! One real good cow and a few dozen first class hens that don't object to attending to business will make a living for the average family. Still some people are grumbling about monopolies and combines preventing them from making a living, when it is impossible to corner the milk cows, chickens and eggs. Go to, thou grumbler.—Austin Statesman.

DON'T use a pile-driver to pin a ribbon.—Ohio Penitentiary News.

Save it to spank the baby with.

LOOK OUT FOR MALARIA.

An epidemic of Malaria is sure to follow the wet season and the high waters which have prevailed all over the South. Malarial and kindred fevers will develop to an alarming extent. General health conditions will be bad; every precaution should be taken.

The System Best Especially to Resist Malarial Attacks.

A trial of fifty years has demonstrated that for this emergency, Dr. Harter's Iron Tonic has no equal. Iron is the fighting element in the blood, and the kind of iron supplied by Dr. Harter's Iron Tonic is just the kind the system requires to successfully combat malarial conditions. Don't wait until you are attacked. Take it now and fortify yourself; it is an absolute safeguard and, at the same time, it is the best tonic and invigorant for the entire system. On the other hand, quinine disturbs the system and its cumulative poison begets greater physical troubles than those it is employed to remedy.

Where a bad case of chronic Malaria already exists, take DR. HARTER'S FEVER AND AGUE SPECIFIC. It is guaranteed to cure. Price 50 cents. BUT IF YOU WILL

Take **DR. HARTER'S IRON TONIC**

It will drive Malaria. Price \$1.00. Get it at your druggist, or send to Dr. Harter's Medicine Co., Dayton, Ohio.

Houston, Tex., Aug. 1, 1888. "I have used Dr. Harter's Iron Tonic myself and in my family over twenty-five years, and fully recommend it. I regard it as nearly invaluable to ward off malarial fevers."

J. E. HAYES, Immigration Agent, Frisco, Texas. (See also testimonial in pocket.)

USE TOM PADGITT COMPANY'S FAMOUS TEXAS SADDLES 35 YEARS THE STANDARD

Ask your dealers for them TOM PADGITT COMPANY Wholesale Manufacturers of Saddles and Saddlery. WACO

Things We Like Best Often Disagree With Us

Because we overeat of them. Indigestion follows. But there's a way to escape such consequences. A dose of Kodol will relieve you at once. Your stomach is simply too weak to digest what you eat. That's all indigestion is. Kodol digests the food without the stomach's aid. Thus the stomach rests while the body is strengthened by wholesome food. Dieting is unnecessary. Kodol digests any kind of good food. Strengthens and invigorates.

Kodol Makes Rich Red Blood. Prepared only by E. C. DeWitt & Co., Chicago. The 81 bottle contains 2 1/2 times the size. For sale by PERKINS BROS.

The best settlement of the negro question is the speedy elimination from politics of the discussion of social equality. No man, in office or out of it can break down the social barrier, which is best maintained by dignified reserve. The common sense of the country is fast disposing of the negro as a factor in politics, and white immigration to the South is reducing the difficulties of the industrial situation. The poor negro wants to be let alone. With proper watchfulness of his weakness this is the duty of the white man.—Shreveport Journal.

On account of the Street Fare at Shreveport May 4th-9th the H. E. & W. T. will make a rate of \$3.65 for the round trip, tickets on sale May 4th, 5th and 6th good to return May 9th.

FROM FLOWERY MOUNTAIN.

Our Correspondent sees Rights in Houston County.

Flowery Mountain, Apr. 22.—As the sun has been shining so long, the farmers have about caught up with their work. Of course hunting and fishing is the order of the day. The ground has got so hard in places that it is almost impossible to plow till it rains. Very little cotton has been planted yet. Everything looks well but a good rain would be very acceptable. Gardens especially need rain.

On April 16th I paid a visit to relatives in Houston county. Of course I saw several things on the road. The truck farms around Alto look exceedingly fine, tomatoes especially. Some were almost large enough to be stuck. The sticks were hauled and ready to be used at once. The next beautiful sight after leaving Alto was the "Fairris Farm," said to be the largest farm in East Texas. Seventy-nine hands are at work on the farm. About 200 acres in Irish potatoes which looked very fine; fifty acres each in tomatoes and cantaloupes, besides corn and cotton and other things raised on a farm, the ground just as clean as a floor, save the crop. Not a weed or bush to be seen growing. The whole farm is planted in peach trees, which in a very few years will be a fine orchard.

The big saw mill in Houston county is the largest thing of the sort imaginable, almost. The mill furnishes employment for 2500 hands, cuts about 300,000 feet per day, has a railroad running to the mill. The lumber is being shipped just as fast as trains can carry it off. All the work around the mill is done by machinery; nothing for the hands to do but load cars and haul logs. The commissary has as many goods as a good size town.

O. H. VAUGHT.

Due Notice Is Served.

Due notice is hereby served on the public generally that DeWitt's Witch Hazel Salve is the only salve on the market that is made from the pure unadulterated witch hazel. DeWitt's Witch Hazel Salve has cured thousands of cases of piles that would not yield to any other treatment, and the fact has brought out many worthless counterfeits. Those persons who get the genuine DeWitt's Witch Hazel Salve are never disappointed, because it cures. Perkins Bros.

The estimated value of the Wettermark estate, subject to the liabilities of the bank of A. Wettermark & Son, as made by the appraisers, is placed at \$163,107.93. This does not include the individual estate of B. S. Wettermark.

For liver troubles and constipation There's nothing better in creation Than Little Early Risers, the famous little pills. They always effect a cure, and save doctor bills.

Little Early Risers are different from all other Pills. They do not weaken the system but act as a tonic to the tissues by arousing the secretion and restoring the liver to its full performance of all its functions naturally. Perkins Bros.

Cures Blood Poison, Cancer, Ulcers, Eczema, Carbuncles etc. Medicine Free.

Robert Ward, Maxey's, Ga. says: I suffered from blood poison, my head, face and shoulders were one mass of corruption, aches in bones and joints, burning, itching, scabbing by skin, was all run down and discouraged, but Botanic Blood Balm cured me perfectly, healed all the sores and gave my skin the rich glow of health. Blood Balm put new life into my blood and new ambition into my brain. "Geo. A. Williams, Roxbury, face covered with pimples, chronic sore on back of head, suppurating swelling on neck, eating ulcer on leg bone, pains, itching skin cured perfectly by Botanic Blood Balm—sores all healed. Botanic Blood Balm cures all malignant blood troubles, such as eczema, scabs and scales, pimples, running sores, carbuncles, scrofula, etc. Especially advised for all obstinate cases that have reached the second or third stage. Improves the digestion; strengthens weak kidneys. Druggist \$1. To prove it cures, samples of Blood Balm sent free and prepaid by writing Blood Balm Co., Atlanta, Ga. Describe trouble and free medical advice sent in sealed letter.

Ice Factory at Timpson.

Our people were supplied this morning with Timpson made ice; the first from the new factory, and we hope every loyal citizen will see to it that there is no other kind in use here. When you use ice at home be sure it comes from the home factory, and when you buy cold drinks or refrigerated goods insist that they be cooled with home made ice.—Timpson Times.

Wait till they begin to deliver you day's supply of ice about 2 p. m. instead of 8 a. m., and then let us hear from you. It takes competition to make the ice wagon go. We have seen it tried.

Good For Children.

The pleasant to take and harmless One Minute Cough Cure gives immediate relief in all cases of Cough, Croup and LaGrippe because it does not pass immediately into the stomach, but takes effect right at the seat of the trouble. It draws out the inflammation, heals and soothes and cures permanently by enabling the lungs to contribute pure life giving and life-sustaining oxygen to the blood and tissues. Perkins Bros.

Mr. W. G. Barron has completed his contract with the county commissioners court for repainting and renovating the jail and putting in a sewerage system. The job was entirely satisfactory to the court and was received at its special meeting last Saturday.

We Guarantee Safe Delivery

Montgomery Ward & Co., Michigan Ave. & Madison St., Chicago

Now Is the Time to Think

WINDY TOBE EXTENDED.

San Augustine Has Made a Proposition to the Owners.

San Augustine, Texas, April 21.—An enthusiastic railroad meeting was held at the court house here today. The owners of the road commonly known as "The Windy" leading from Longview via Carthage to Timpson, propose to extend the road in this direction, and have submitted a proposition to run it to this place for a bonus of \$15,000, with right of way and depot grounds. The meeting yesterday appointed a committee to confer with a similar committee from Timpson. The local committee was authorized to offer right of way, depot site and \$5000, to bring the road here. Surveyors have been inspecting the route from here to Timpson. Tena ha and Center and also bidding for the road.

A Sweet Breath.

is a never failing sign of a healthy stomach. When the breath is bad the stomach is out of order. There is no remedy in the world equal to Kodol Dyspepsia Cure for curing indigestion, dyspepsia and all stomach disorders. Mrs. Mary S. Crick, of White Plains, Ky., writes: "I have been a dyspeptic for years—tried all kinds of remedies but continued to grow worse. By the use of Kodol I began to improve at once, and after taking a few bottles am fully restored in weight, health and strength and can eat whatever I like. Kodol digests what you eat and makes the stomach sweet. Perkins Bros.

Caesar Conquered Britain.

Malaria was conquered by Simon's Liver Purger (tin box.) Protected from moisture dust and insects. Clears the complexion, cures constipation, aids and corrects action of the liver.

Robbed the Grave.

A startling incident is narrated by John Oliver of Philadelphia as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50c, guaranteed, at Stripling, Haselwood & Co's drug store.

We see by our Shelby and Panola county exchanges that "Uncle Buck Lacy is still dropping in on his friends." Uncle Buck has quit us cold South of the Attoyac and we nevermore gaze upon his beaming countenance, always radiant with the reflections of a clean conscience, a happy nature and a death of soul. One always feels better for having come in contact with Uncle Buck.

Bak-Ake Specific is the only kidney remedy on the market guaranteed to cure. Buy no other Sold by Stripling, Haselwood & Co.

SALES OF A WEEK.

Index to the Fruit Business of East Texas.

Following is a list of the salesmen of Nacogdoches Nursery Co. (the Monzingo Nursery), and their sales for the week ending Saturday night, April 19th, which would indicate that there is really something doing in the fruit business in East Texas:

The Weekly Sentinel

R. W. HALTOM, EDITOR

THE Boston Globe says that hard work keeps people young and that people with nothing to do grow old very soon. This is terrible.

WHY should the legislature be blamed for not making appropriation for the World's Fair exhibit? They couldn't help it being "unconstitutionally."

THE American land grabber has begun operating in Cuba, and it is said land values are greatly increased by recent acquisitions of large bodies in that country.

THE general appropriation bill has been finally passed by the house and is now in the hands of the senate. It carries nearly seven millions of dollars for the next two year's expenses.

A WRITER in the Galveston News says if the months of June and July are dry the boll weevil will not be troublesome. Very likely they will not. There will be very little for them to trouble.

A WACO man declares that the boll weevil has attacked his peaches. If the pest is going to attack everything we had better raise more cotton to feed him on to keep him out of the fruit and other crops.

THREE men have been sentenced to the pen from Shreveport for robbing Adams the Shelby county farmer, of \$3,500 in gold some two or three months ago. But there is not much consolation in that for Adams. He never got a cent of his money back.

THE report comes from Gleason Tenn., that great interest and excitement has been caused by the unearthing of a petrified chicken at that place recently. We fail to see anything extraordinary about the find; we've seen a thousand that were so nearly petrified that an expert could not tell the difference if he tried to eat them.

EVERY body is in favor of having Texas represented at the St. Louis Fair. provided some one else foots the bill. A dollar a voter would raise the money and some to spare, but the dollars are not going in fast.

THE fight for supremacy between Gov. Odell and Tom Platt for leadership, of the republican party in New York state, is making Roosevelt uneasy. The prospects are that the fight will cause New York to fall into the democratic columns next year. Let the scrap go on.

THE Commoner mentions James Robert Williams, Congressman from Illinois, as worthy of being considered as a candidate for the democratic nomination for president next year. The Commoner says "Bob Williams is right politically and is one of the ablest men in Congress."

TIMPSON'S acreage in truck this year is 303 and 1-4 acres, divided as follows: Tomatoes, 88 and 3-4; yams 75; Irish potatoes, 26; cantaloupes, 90; miscellaneous, 23 and 1-2 acres. In addition to the above 35,000 peach trees have been put out the past winter.

THE New Era is the largest paper in Shelby county. Had you thought about it?—Tenaha New Era.

Correct; but it has taken on that "woody" complexion again. Eight columns is lots of advertising matter to run, for which you get nothing. A "patent side" does not improve a country paper, even though it is a very cheap way to enlarge. Cut it out, Gibbs. You don't need it.

The Snake Editor gives as a timely agricultural item, that spring is the time to plant hops. But the Snake Editor's statements are not always to be relied on. He was overheard the other day gravely informing an inquirer from urban wilds that a humming bird that buzzed into sight was a "Jersey bee" and that one of them could be depended on to gather a quarter of a pound of honey per diem.

THE GRAND JURY'S REPORT.

The grand jury adjourned finally yesterday, having completed its labors. The following report was submitted and filled:

"To the Hon. Tom C. Davis, Judge.

We, your jury, having completed the work assigned us beg to submit the following report:

"This body was duly organized Monday, March 16th, and continued in session six days, taking an adjournment till April 6th.

"On April 6th the Grand Jury convened and continued in session till April 16th, taking an adjournment till April 23rd. Meeting again on April 23rd your jury continued in session to this date, April 24th, 1903.

"We have to the best of our ability observed the terms of our oath, having enquired diligently into all violations of law by any and all persons whomsoever. 490 persons have been summoned before your body as witnesses, and every lawful means has been used to obtain evidence to convict all violations of the law.

PUBLIC BUILDINGS.

"We have inspected the Court House and Jail. We find the Court house in fairly good state of repair, but very much in the need of the service of a janitor. Old books, papers and debris is piled promiscuously about the hallway and some of the rooms. The jail has lately been repaired and is a safe place for prisoners. The sanitary conditions could be improved. The bedding is soiled and infected. It is but proper that we add that this condition is attributable to the fact that heretofore no bath privileges have been furnished at the jail.

VIOLATIONS OF THE LAW.

"We have diligently and deliberately inquired after all violations of law, and find an astonishing number of persons guilty of such an offense as gambling, violating local option and Sunday law, carrying concealed weapons and theft.

COUNTY OFFICERS.

"We deplore the disposition in many of our peace officers to use violent means in the discharge of official duties. The common use of the gun, when same is in direct violation of law and wholly unnecessary, we strongly condemn. We earnestly recommend that all citizens use due diligence in assisting peace officers in the enforcement of all laws.

"We endorse the report of the Finance committee, and herein incorporate same." [Here follows the finance committee's report, which under the present Texas libel law a newspaper is not permitted to publish without becoming liable to suit for libel.]

RECOMMENDATIONS.

"We would respectfully recommend to the commissioner's court that they require all officers whose duties it is to do so, to make regularly all reports required to be made by them, and should any officer fail to refuse to make all reports required by law, that

proceedings be instituted against them for such failure.

"We would also recommend that the Commissioner's court require all officers who are reported delinquent in this report, to come before them at their next regular term and make a report in full showing all credits to which they may be entitled, and if anything remains due the county, that they be required to pay same over to the County Treasurer.

"We further recommend that the Commissioner's Court secure two accountants, experienced in this class of work, to audit the books of the county, covering a period of four years past.

W. W. WATSON,
Foreman of the Grand Jury,
April 24th 1903.

Big Increase in Peach Tree Planting.

Nothing in recent years has so strikingly caught the eye of agricultural investors and intelligent farmers than the marvelous growth of the peach industry of East Texas, along the line of the Houston East & West Texas Railway, the raising and shipping of peaches to the eastern and northern markets proving a source of handsome income from the gathering of the very first crop. East Texas has shown the greatest increase in peach raising in the State.

Plain figures tell the story, and according to reports, personally gathered and carefully compiled there were just ten times the number of peach trees planted this year over last, the actual number in this territory in 1902 being 46,575 and the actual number in 1903 being 430,625—an increase of 384,049 trees! In one district alone there was planted 117,000 trees and in another 102,000.

There is money in peaches and the farmer who realizes it and tall into line will come in on the tide of prosperity.—Southern Pacific Literary Bureau.

L. H. Shelfer, the tobacco experimental agent says that the outlook for tobacco this far is, very promising. All the plants have been set out at this station but about two acres. In adjoining counties and the coast country they are all set out. Mr. Shelfer is shipping plants from here, and has filled orders from Alabama and South Carolina, and will ship some to Ohio.

Eyes burn or water? Light hurts them? Call on R. C. Shindler, Optician—over Nacogdoches Drug Co.

Mr. and Mrs. B. T. Burk left Sunday for Linn Flat, where they will visit friends and relatives, the guests of Mrs. Burk's mother.

G. B. Walton and sons Ed and Ike of Altonia, were in town this morning on business.

Hand Mashed.
From Saturday's Daily:

Andy Lewis, colored, one of the hands at Jean's mill, had the misfortune yesterday to get one of his hands badly mashed while loading cross ties on a car.

A heavy tie fell on his hand crushing the bones and injuring the member so that amputation may be necessary.

Selling Out

Our president, Mr. R. C. Shindler, having decided to retire from the Drug business and apply himself exclusively to the

Optical Profession

We have decided to place our entire stock of Drugs, Patent Medicines, Stationery, Soaps, Perfumery, etc., at

Greatly Reduced Prices.

As long as the stock lasts, the sale will be without reserve, both wholesale and retail; and interior druggists, merchants and physicians will do well to call on us before the stock is depleted.

Capt. Jno. S. Doughtie returned this morning from a business visit to Houston.

W. B. McCreary, a prosperous farmer of Stevens, Rusk county, was in the city today on a trading trip.

Miss Clytie Paine left yesterday for San Augustine, where she will spend the summer with her sister, Mrs. J. L. Day.

Miss Marguerette Raye, of Beaumont, who spent several months in Nacogdoches last year translating the old Spanish records, arrived yesterday evening from Austin. She has accepted a position as stenographer and type writer with Mr. J. C. Harris.

J. S. Smith went to Burke today to view the ashes of that defunct town. There is not a single business house left at that place since the recent fire. One half of the place was burned several months ago and the remainder went up in smoke this week.

Nacogdoches is honored today by a visit from Col. E. S. Peters, of Calvert. Col. Peters, as everyone who reads knows, is the president of the Trans-Mississippi Cotton Growers Association, and is one of the best known men in the South. He is here for the purpose of getting an estimate of the acreage planted in cotton in Nacogdoches county the present year. He is being assisted by Capt. Jno. S. Doughtie of this city.

Herbine Cures.

Fever and Ague. A dose will usually stop a chill, a continuance always cures. Mrs. M. Stroud, Midlothian, Texas, May 31, 1899, writes: "We have used Herbine in our family for eight years, and found it the best medicine we have ever used, for la grippe, billious fever and malaria." 50c at Perkins Bros.

Beauty and Strength

Are desirable. You are strong and vigorous, when your blood is pure. Many—may most—women fail to properly digest their food, and so become pale, sallow, thin and weak, while the brightness, freshness and beauty of the skin and complexion depart. Remedy this unpleasant evil, by eating nourishing food, and taking a small dose of Herbine after each meal, to digest what you have eaten. 50c at Perkins Bros.

For all forms of kidney trouble take only Bak-Ake Specific. Sold and guaranteed by Stripling Hazelwood & Co.

A SHOOTING FEE.

Eleven Shots Fired Without Even An Accident.

From Friday's Daily: Yesterday afternoon a shooting scrape took place a mile and a half south of town between A. Chesnutt, Esq., and Will Jones. The shooting took place in the horse lot of Mr. J. A. Jones, who is a tenant on Chesnutt's farm. Both men claim the ball was opened by the other. Jones fired six shots and Chesnutt shot five times. Neither combatant received a scratch. There was a horse or two in the lot and they even escaped without injury.

Mr. Chesnutt claims that he was stretching a wire fence around the place, assisted by a negro man, and that young Jones approached and opened fire upon him without warning. He drew his pistol and exchanged shots. Jones fled after shooting six times without effect.

The case is before the grand jury for investigation. Chesnutt claims that he and the old man Jones had been a little at outs, but that he was hardly acquainted with Will Jones, who did the shooting, and had never seen him until a day or two previous to the shooting. He claims that J. A. Jones had rented land from him, but had refused to work it or even get out and give up the place which is the cause of bad feelings between them.

Walks Without Crutches.

I was much afflicted with sciatica, writes Ed C. Nud, Iowaville, Sedwick county, Kan., "going about on crutches and suffering a deal of pain. I was induced to try Ballard's Snow Liniment, which relieved me. I used three 50c bottles. It is the greatest liniment I ever used; have recommended it to a number of persons, all express themselves as being benefitted by it. I now walk without crutches, able to perform a great deal of light labor on the farm." 25c, 50c and \$1 at Perkins Bros.

Fred Harlocker was appointed street commissioner with P. M. Sanders at the last meeting of the city council and is now working city convicts on the streets. By this new method a great improvement is being made on the streets and the city is not losing so much feeding lazy convicts who lay their fines out in the calaboose to be fed by the city.

You Know What You Are Taking.

When you take Grove's Tasteless Chill Tonic because the formula is plainly printed on every bottle showing that it is simply Iron and Quinine in a tasteless form. No cure, No pay. 50c.

The brick bats from the ruins of the Huntley building are being used to fill up the washouts on North street at the end of the Compress bridge. The street is being greatly improved and the work now being done is permanent.

Safe, swift and sure is the proper description of Cheatham's Laxative Tablets. Cure colds in a day. Can be carried in vest pockets. Easy to take. Guaranteed. Price 25 and 50 cents.

Take Things As They Come

When you buy soda biscuit in a paper bag, take them as they come; stale—soggy—spoiled.

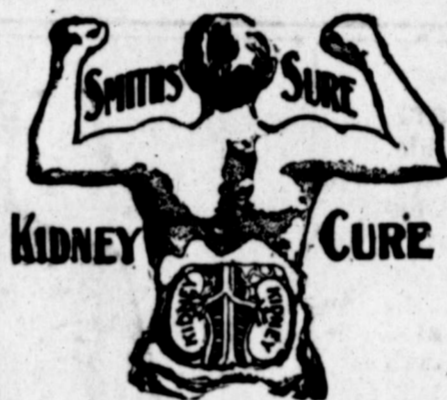

Don't blame the baker.
Don't blame the grocer.
Don't blame anyone but yourself.

When you buy **Uneoda Biscuit** look for the In-cr-seal—the famous red and white trade-mark design that identifies the package which keeps them fresh—clean—good.

Credit the baker for baking them.
Credit the grocer for keeping them.
Credit yourself for buying them.

Uneoda Biscuit 5¢
NATIONAL BISCUIT COMPANY

Why Suffer With Backache?
I have suffered several years with backache, and after taking one bottle of

I have been cured. Since then I have not been troubled with my back. Too much cannot be said in its praise.

Capt. Wm. Forrest, Memphis, Tenn.

Price 50c and \$1.00. For sale by Perkins Bros.

Only Rumors.

A rumor is current that next year Hon. Tom. C. Davis will be a candidate for the legislature. Hon. H. B. Short will be a candidate for district Judge, that Hon. W. M. Imboden will also shy his castor into the ring and that our own Ed Carter will then take the district attorney's office with the unanimous consent of everybody in the district. Of course these are only rumors, and we hand them to our readers just as we found them.—Timpson Times.

A Great Sensation.

There was a big sensation in Leesville, Ind., when W. H. Brown of that place, who was expected to die, had his life saved by Dr. King's New Discovery for Consumption. He writes: "I endured insufferable agonies from Asthma, but your New Discovery gave me immediate relief and soon thereafter effected a complete cure. Similar cure of Consumption, Pneumonia, Bronchitis and Grip are numerous. It's the peerless remedy for all throat and lung troubles. Price 50c, and \$1.00. Guaranteed by Stripling & Hazelwood & Co. Trial bottles free.

For Sale.

160 acres of land in Angelina county on line of T. & N. O. Ry. 110 acres hill and fruit land, 50 acres bottom land. Also 76 acres 1 mile north of junction on T. & N. O. Ry., 50 acres in commercial orchard. Call on C. G. Monzingo.

Makes a Clean Sweep.

There's nothing like doing a thing thoroughly. Of all the Salves you ever heard of, Bucklen's Arnica Salve is the best. It sweeps away and cures burns, sores, bruises, cuts, boils, ulcers, skin eruptions and piles. It's only 25c, and guaranteed to give satisfaction by Stripling, Hazelwood & Co.

SHAKE
us tell you some-
thing about the
ca re
eyes.

Mr. Shindler has been fitting eyes scientifically for several years and is not only a graduate having all the latest instruments, his expense is large and his patrons have the benefit of it without extra charge.

It is extremely sad that so many overlook the fact that the eye is the most sensitive and delicate of all the organs. The nerves that govern the sight and the muscles of the eye are intimately connected with the stomach, and of course with all parts of the head. While headache and neuralgia are frequently the result of other causes than eye strain, it is well known by the medical profession that studious persons or those whose occupation requires constant and severe strain upon the eye are much more subject to headache, dizziness and other like ailments than those whose occupation does not demand constant use of the eyes for close work.

Book-keepers, seamstresses, school children, students of all kinds, artists, draughtsmen, especially if doing their work in a changing or insufficient light, almost invariably suffer more or less with headache, vertigo or other troubles resulting from constant over-use of this wonderful organ, and in a very large percentage the strain can be alleviated, and in many cases entirely relieved by glasses properly fitted and adjusted.

The writer when a young man once had a sick horse—a drugstore was handy, and friends and neighbors around, with help and advice. One suggested a remedy for colic, which was given, but he got sicker, another called it bots, and he was drenched with another sure cure, and so on from drench to drench and the poor animal was found, and with the best intentions, tormented and died, when probably if he had been left to the purchaser's good sense, and so doubt an ordinary surgeon would have soon cured, sound and well.

Many persons go into a store and buy spectacles, trying one pair after another until they find a pair they can see through. Sometimes with one eye, sometimes with both eyes alike, the glasses the purchaser goes off and wears, spectacles as being the best.

However, find something wrong with the spectacles bought of Jones & Co. and your eyes have been irritated and they either return them or go to an optician? He is not a doctor, but a person who has made a careful study of the refraction of the rays of light with the purpose of correcting errors of refraction in the eyes of those calling upon him. If he is intelligent, experienced, patient and honest, and has all necessary instruments for accurately measuring errors of refraction, or to say, detecting the strain on the eyes, it is well to call on him, as he makes no charge for examination, and if glasses are not needed he will take pleasure in saying so to you. In fact, he would be the last man to recommend glasses, except where benefit would accrue to the wearer.

The writer finds his eyes benefited by the constant wear of glasses, yet he assures all that if he could get along reasonably without them, he would not go in forty yards of a pair of "specs," except to benefit someone who really needed them, for a "consideration" or other wise.

All intelligent physicians, oculists and opticians agree that no person reaches the age of fifty years without having needed artificial aid for perfect vision either near and at a distance. One who has done without spectacles and can read fine print without them at the age of fifty or more, was short-sighted in youth, and still remains so for distant objects. In our southern country this error of refraction is rare, and in many cases of this kind a diseased condition of the eye exists, though not in all.

The most common error of refraction is Hyperopia, mis-called farsightedness. Many, like the writer, reach manhood and early middle age without discovering the trouble, but oh! the headaches, dizziness and other worries that might have been avoided by going to a competent optician if such had been known thirty years ago.

Persons suffering from this trouble frequently do without glasses until those of forty, and if the error is slight, perhaps forty-five, but if their occupation demands anything like constant use of the eyes at the near point, suffering ensues in proportion to the error, and the constitution of the sufferer.

Astigmatism is an error of refraction much more common than Myopia or nearsightedness, but far more common than Hyperopia, the latter often combined with it, and studious persons, or those compelled by their occupation to constantly use the eyes for near work, and are afflicted with either or both of these errors, suffer more or less intensely according to their error or the amount of error of refraction.

Strabismus, or crossed eyes, is usually the result of error of refraction, which ordinarily in time, can be permanently cured by fitted glasses.

A competent optician can correct with spectacles the above troubles, which are not incurable, and if expert in his profession can also detect diseases of the eye, in which case he invariably advises the patron to go to the nearest competent physician or oculist.

The object of this writing is to explain that the optician while in no wise setting himself up as a Doctor of eyes, or one who can operate on, or treat with medicine, diseases of the eye, or eyelids, yet by his knowledge of refraction, or diverting the rays of light by properly fitted glasses can in many cases relieve troubles of the eye that no physician or oculist could help unless himself expert as a refractometer.

Mr. Shindler has just received a new Geneva Ophthalmoscope, which enables physicians to examine the eye for disease, without the use of a dark room, and is an immense improvement over the old-fashioned instrument. The profession are cordially invited to examine and use it at any and all times.

R. C. SHINDLER, Optician
Children's eyes a specialty.

Improved Mail Facilities—Death of Esteemed Lady.

Locklin, Tex. Apr. 18th.—This section is so closely identified with Nacogdoches in a business way that news items would be appreciated by quite a number of the readers of the Sentinel.

This section of Rusk county is perhaps the best farming section in the country. Our tax assessor says so, and he has been in every part of the county. Of course we are proud of this.

The health of our section is o. k. Farm work is going on all right. This spring has been a whole unfavorable for farm work. Too wet, too cold, too dry. This is always the cry. I guess everything will be all right in the end. "All things works together for good to them that love the Lord."

It was with sadness that the earthly remains of Mrs. Annis Matlock, a former resident of our section, was laid to rest here on last Sunday, she having died quiet suddenly at Cushing on the 11th, leaving two children, one: an infant of only a few months. This is one of the saddest scenes of life; to see a young wife and mother leave her little ones. The children have a good home at their grand father's, Mr. Sam Matlock. They will have the care and advice of a noble woman in the person of Mrs. Matlock.

We now have a regular established mail line from Mt. Enterprise via Locklin, to Linn Flat, which gives us direct communication with all Southern Texas. All mail matters from any section of South Texas, that is that comes up on the T. & N. O. or H. E. & W. T., addressed to any point in Rusk county should be sent via Mahl and Linn Flat. It will get to its destination sooner.

We read The Sentinel just 4 days earlier; and right here I desire in behalf of my people to thank Capt. H. H. Cooper for services rendered us in getting this service.

The regular session of the legislature has adjourned without giving us a general road law. It is a shame and disgrace. There is nothing of so much importance to the people as good roads. I want to go on record as one who will never vote for another man for the legislature who has not something tangible to offer to better the conditions of roads. If we Republicans had this matter in hand we would have a bond issue and work these roads at once.

It is this not best will some one tell why.

R. H. COSTON.

A Thoughtful Man.

M. M. Austin of Winchester Ind. knew what to do in the hour of need. His wife had such an unusual case of stomach and liver trouble, physicians could not help her. He thought of and tried Dr. King's New Life Pills and she got relief at once and was finally cured Only 25c, at Stripling Hazelwood & Co.

Mr. T. K. Rayner of Decoy, was in the city Wednesday on his return from Louisiana, where he has been on a

Business trip. He reports the

and Miss Lizzie Procetta, which took place at Decoy Monday, Rev. Burkhalter officiating. The groom had a comfortable home already prepared and as it was a sort of a runaway affair he brought the bride elect to their own home where the marriage nuptials were performed. Many friends join in wishing the couple happiness and prosperity.

After La Grippe—what?
Usually a hacking cough and a general feeling of weakness, often leading to fatal results after the patient is supposed to have passed the danger point. Foley's Honey and Tar is guaranteed to cure the "grippe cough" and make you strong and well. It never fails to stop a cough it taken in time. Take no substitutes. Sold by Perkins Bros.

Leg Broken.

Mr. R. W. Murphey, who has been traveling in Angelina county in the interest of Monzingo's nursery, had the misfortune to get kicked by a horse several days ago and had a leg broken. The accident occurred about nine miles out in the country from Lufkin. Mr. Murphey returned home as soon as he could after the accident, and was reported this morning as doing well and improving rapidly.

Local Option at Orange.

Orange, Texas, April 20.—At a meeting of the county commissioners court, held today, a petition was presented signed by 350 citizens, asking the court to order a local option election for Orange county. At a late hour this afternoon the court took up the petition and passed an order calling a local option election for the 20th of May.

Pneumonia is Robbed of its Terrors

by Foley's Honey and Tar. It stops the racking cough and heals and strengthens the lungs. If taken in time it will prevent an attack of pneumonia. Relieve substitutes. Perkins Bros.

Messrs. Charley Stewart, Vail Fall and Rate Stripling returned from Lufkin this morning, where they stood an examination before the board of Pharmacy that met at that place. The three gentlemen are now qualified pharmacists, having passed with great honor, and doing credit to Nacogdoches.

Foley's Honey and Tar contains no opiates, and will not constipate like nearly all other cough medicines. Relieve substitutes. Perkins Bros.

Lambert Ala., broke the record for high jumping cars last week. Eight cars left the track and landed squarely on top of the depot. The incident reads like the freak of a "wild cat" train, but it was a sober thought freight on the M. & O. R. R. The grade is very steep at Lambert and the road makes a sharp curve. The depot stood at the foot of the curve, so that when the cars left the track they lit on the depot. No one was in the building at the time which was fortunate for it was utterly demolished.

Foley's Kidney Cure makes kidneys and bladder right. Don't delay taking. Perkins Bros.

NACOGDOCHES PUBLIC SCHOOLS

Nacogdoches Independent District is Declared Invalid.

Austin, Tex., April 14th. E. M. Dotson, President Board of Trustees, Nacogdoches, Texas.

Dear Sir:—On the 25th day of May 1898, Nacogdoches, which I understand is incorporated as a city or town, undertook to incorporate as an independent district for free school purposes only, and the notice of such incorporation was filed in this Department by Judge H. F. Dunson, on the 27th day of July, 1898. Since that date Nacogdoches has received its share of the State available school fund, the same as an independent district incorporated for school purposes only. However, on yesterday I was advised by the Attorney General's Department that the incorporation is invalid, because Nacogdoches, which is a city or town, should have assumed control of its schools, instead of incorporating as an independent district for free school purposes only.

In view of the invalid incorporation, I beg to advise you and through you the Board of Trustees of Nacogdoches, that Nacogdoches will not longer be recognized as an independent district, and under the present status it would be necessary to organize a community school on or before the first day of August of this year, in accordance with section 92 to 100 of the school laws. The trustees will be permitted to continue the schools until this session is out. Of course, that town could assume control of its schools in accordance with Sections 111 to 114, inclusive, of the School Laws of 1901.

Yours faithfully,
ARTHUR LEFEVRE,
State Superintendent.

Parents do not neglect your children's coughs, sore throats, colds etc., they often lead to fatal results. Try Simmons' Cough syrup. Pleasant, safe and sure. Guaranteed. Price 25 and 50 cents.

A Free Scholarship.

The Sentinel is going to give a scholarship in the East Texas Business college to the most popular young lady in Nacogdoches who would like to take a course in stenography or book-keeping. The contest will be decided by ballot, ballots to be cast on coupons clipped from The Sentinel. Look out for the contest. It is going to open up in a few days. We mention the matter in advance that all may have time to "think up" a candidate. All you have to do to start off your candidate is to clip the coupons from the paper and hand them in. Of course extra copies of the paper will cost something, but you needn't buy them unless you want to. The contest will run for a certain length of time, not yet decided upon, and the scholarship will be

awarded the young lady receiving the largest total number of votes during the time.

Ne equal on earth has Hunt's Lightning Oil for Rheumatism and neuralgia, as well as sprains, cuts, burns, bruises and insect bites and stings. Guaranteed. Price 25 and 50 cents.

Mr. G. W. Nettles, who lives above Linn Flat in the northern portion of the county, was in the city a few days ago. He came down to deliver a brood sow which he sold to some one in the city. He says he has sold over three hundred dollars worth of fine pigs from this sow and yet she is comparatively young. Mr. Nettles has been engaged in breeding fine hogs for several years and has made a great success of his enterprise.

One or two doses of Bak-Ake Specific will relieve kidney trouble. One bottle guaranteed to cure, by Stripling Hazelwood & Co.

Peculiar Accident.

Rev. J. T. McClure and City Attorney Daniel Walker owned a horse they valued at \$100. A negro was plowing him this morning in the parsonage lot when the horse stepped on a piece of plank about five feet long. The other end of the plank flew up and snagged the horse in the flank, penetrating almost through the body, from the effect of which he died in a few minutes.—Timpson Times.

My friend, are you suffering from any painful and annoying skin disease, such as Ringworm, tetter, eczema or anything similar? If so, just try one box of Hunt's Cure. It never fails. Guaranteed. Price 50 cents.

Prof. W. H. Davidson of Appleby has moved to Nacogdoches to attend the East Texas Business college.

If your back hurts you, your kidneys are out of order. Don't neglect them. Bak Ake Specific is guaranteed to cure you. Sold by Stripling Hazelwood & Co.

Burke Fire

Burke was visited by another destructive fire Monday night which destroyed all the business houses of that prosperous little town. The general merchandise stores of A. J. Crager, G. W. Fairchild & Son and J. S. Faircloth were totally destroyed. Mr. Crager alone carried insurance but the amount of his policy could not be ascertained. The building destroyed belonged to R. L. Guinn, A. Arrington and Mrs. Jordan. The loss will probably reach \$12,000 and leaves Burke without a general store.

The Tribune has been unable to learn how the fire originated but it is supposed to have been of incendiary origin, this being the second attempt to destroy the town, the first being only a few weeks ago and destroyed several stores. The loss falls heavily on our neighbors and the Tribune sincerely sympathizes with them.—Lufkin Tribune.

Bak-Ake Specific is sold on a guarantee to cure all forms kidney disease. Have no other Sold by Stripling Hazelwood & Co.

Wanted.
Teams to haul oak ties. Will give you steady work and good prices. For information, apply to my Supt., R. O. Baker, Huntington, Tex. dtwtl A. D. Eglin.

Mrs. Birdwell, of Linn, Flat, the mother of Pink Birdwell, fell Saturday, breaking her leg and dislocating her hip. She was resting as easily as possible at last account, but her injuries are considered serious.

FREE 30 DAYS LONGER.

Dr. Sturgis' office is daily thronged with patients. On account of not being able to await their turn, many are unable to see him. Others who wish, have not had the opportunity. Therefore, for the time, in order to be fair to all, he extends the free period one month longer, during May.

This will positively be the end of the free services. It will be repeated under any circumstances whatever, but will end the month of May, after which time the usual charges will be

During the past four years Dr. Sturgis has been advertising his office and his office has been thronged with patients. In fact, he has the greatest special practice ever known in Nacogdoches.

On account of not being able to await their turn, many patients have been unable to see him, and others who wish have not had the opportunity; and still others have begged for an extension of the free services, and for that reason he has decided to once more and for the last time extend the free period during the month of May, during which time he will continue to treat all who apply to him for merely what the medicines for the cure will cost. The actual cost of the medicines used in each case for a cure is all that will be charged anyone under any circumstances. These remedies Dr. Sturgis will furnish from his private laboratory. This liberal offer will be withdrawn fully and forever on the last day of May and under no circumstances will it be renewed, and after that time the usual charges will be made. Therefore to be sure of its great benefits it is advisable to act at once. Many persons will be turned away during the last few days as they have been in the past, as Dr. Sturgis insists on giving every case time and attention it deserves and it is better to apply now than to risk losing the offer by deferring action until the last week or day. Medicine furnished from private laboratory.
