## Alteration Clearing Sale.

WE NEED MORE SPACE to display to better advantage our Mammoth Stock. Our patrons expect that we show the latest. The carpenters will take possession of our store on July 15th to build a new room for our Ready-to-Wear Department. Our Shoe Department will also be remodeled.

This has been the coldest June in many years; that's why within a short time of August finds us tremendously overstocked with Summer Goods, Good Goods, seasonable Dry Goods, Clothing and Furnishing Goods. Just the kind of goods that you want, but we have too many of them. Therefore, determined as ever that nothing shall be carried over from one season to another, we've resorted to drastic measures. The extraordinary PRICE REDUCTIONS on first-class Dry Goods, Clothing and Furnishing Goods as shown by the items below tell the true story:

R. W. HALTOM, Editor

THE tomato situation is discouraging.

REUBIN is staying at home these days to watch his crops grow.

THESE rains are spoiling all the nubbins—making big ears of 'em.

SAN AUGUSTINE is now nibbling at the East Texas Baptist College bait.

"WHEN Reubin comes to town" next fall he will be able to fetch something with him.

THE next time The Sentinel has so much to say about a picnic, it will know what it is talking about.

THERE is some tampering with the tomato market going on. That's the way it looks at this distance, at least.

TERRIBLE rain storms did great destruction to property at Beeville and other South Texas points this week.

RAISING hell is about the only free competition these days. No one seems to have a corner on that avocation.

KILLING frosts damaged the crops to the value of a million dollars in the Valley of Mexico during the past week.

THE next city election will be held probably about the 14th inst. The order will be issued by Judge Bergen in a day or two.

STEEL rails are being laid on the Kirby road between San Augustine and Center. The work will be pushed until the road reaches Center.

MRS. CHAS. A. DANA, widow of the renowned editor, died at her home in New York this week. She was 78 years of age. Her death was caused from accidentally falling down a flight of stairs.

GAINSBLE was visited by a waterspout on the 2nd, and the water got seven feet deep at the depot. Great damage was done to stocks in warehouses along Pecan creek, which flows through the city.

BROWN, the New Orleans cotton king, bulled the cotton market until he had two hundred thousand bales of cotton unloaded on him which is about all there is in sight. He now wants fifteen cents from the mills for this cotton and the mills threaten to close down. The question is which would be hurt worst, Brown or the mills.

TOMATO shippers should be more careful in making consignments, especially by express. Several commission merchants of St. Louis and Kansas City have received shipments from Nacogdoches consigned by number only, and they cannot tell who to make remittance to. Some of the shippers may lose their shipments entirely by such carelessness. The name and address of the shipper should be furnished the consignee, if returns are expected.

## ALL TEXAS HORRIFIED.

All Texas is thrilled with horror over the assassination of Comptroller R. M. Love, which took place at Austin yesterday. If the question had been asked, "has our beloved Comptroller an enemy on earth?" it would have been hard to find a man who could have answered the question in the affirmative. A man aged in years, a long life of public service and usefulness behind him, faithful to every trust, impartial and fearless in the discharge of duty, kind and considerate to all, even the lowest criminal who fell in his hands during his long service as sheriff and United States Marshal, with a brilliant record as a Confederate Soldier, and lastly capping his glorious career with a most able and lustrous administration of the Comptroller's department of the State of Texas, he attracted friends to him and never made enemies. His murder while premeditated and cold blooded, could not have been the act of an enemy, as we interpret the meaning of the word; but the deed of the madman. It is not possible that a man of sound mind could enter the office of a public official of the character of Col. Love and shoot him down in cold blood after cunningly devising a method by which his victim would be utterly thrown off his guard, as was the case in this instance. It could not be Hill, the slayer, must have been unbalanced. In his desperation and madness he is shot to death by his own pistol in his own hands. This much we have to be thankful for. There is no tinge of the Kentucky feud in this deplorable circumstance. All Texas mourns the death of an illustrious and dearly beloved public servant, yet all Texas rejoices that the sneaking, cunning, crafty scoundrel who took his life, whether sane or insane, has met summary justice, seemingly at the hands of providence, in the accidental taking of his own life.

THE new city council, if there is ever one elected, and there will be, may make up its mind to face the water problem. If we don't get some fire protection we'll keep up a bigger fuss than we ever did about a Karnival or any other old thing.

WE are just in receipt of the premium list for the fifth Annual International Fair to be held at San Antonio, Texas, October 17th to 28th, next. The premiums offered this year by this Association are very liberal and have been increased considerably in live stock and agricultural departments which ought to encourage the farmers and live stock breeders to make an effort to show the the best they have. The premiums in the agricultural department cover both dry and irrigated farms, also very liberal premiums are offered for county exhibits. This ought to bring together one of the grandest displays of agricultural products ever seen in the State, for with the magnificent crop prospects this year, farmers ought to be able to make a mammoth exhibition.

WE will have an election within the next two weeks upon the proposition to re-incorporate the city. Let us speed the day. Goodness knows we need the corporation, and we are presuming there is not the slightest probability of its not carrying.

ORDERS have come from the agents in the markets to ship no more tomatoes until further notice. The markets are glutted and they will not bring enough to pay freight and icing charges. This hurts Nacogdoches, which is now shipping two carloads a day, and simply means that any where from four to ten carloads must rot in the patches before the price comes up again sufficient to justify shipping. What a pity we have no canning factory to utilize this waste.

The total mileage of railroads in operation in Texas is 11,105 miles. 190 miles of railroad have been built in the state since January 1, 1903.—Nacogdoches Sentinel.

While the policy of the state of Texas and its people toward the railroads is liberal, the railroads have done and are doing much for Texas; for self interest, of course, but the policy is that broad policy of self-interest that helps the state and the people of the state by diffusing prosperity and by making progress general.—Houston Chronicle.

THE Southwest Texas Holiness Camp meeting, Evangelist Sam Holcomb and wife in charge, will be held at Woodville, from July 29th to August 6th. Circulars have been sent out inviting everybody to come and bring tents. There will be a restaurant on the grounds where meals may be had for 25 cents each. Preachers of all denominations are invited. Railroads have been asked for special rates for round trip tickets July 28th to August 6th, good to return August 10th. Ask the agent for camp meeting ticket, if you want to go by rail.

NEGRO preachers and agitators are making a mistake in harping upon the race problem so much from the pulpit and on the rostrum. It will let alone, there is no race problem. It is no credit to the race to raise a howl every time a brute is lynched and it only intensifies the bitterness of feeling where it exists. If they would not have lynchings let them put a stop to the committing of the hellish crimes for which these fiends incarnate are lynched. The slow cause of the law as administered these times is in the greatest measure responsible for mob violence, and the constant carping of negro living(?) Yankees and republican politicians and negro agitators and half-crazy preachers are responsible for the discord, wherever it exists between the better element of the negro race and the white people. But, still, we observe the dearly beloved negro is treated just the same, "if not a little samer," North of the Mason & Dixon line as he is South of it. It all depends upon whose ox is gored.

## THE E. & W. T. RY.

For some time past the H. E. & W. T. Railroad has been considered one of the best paying roads in the state, and has also been looked upon as an index to the prosperity of the country through which it traverses. It cannot be denied that through the efforts of this road East Texas has progressed and developed more rapidly than any other portion of the state, in a general way. Crop diversification, manufacturing, mining, milling, etc., fostered and encouraged by this road, have all combined in the development of the country and the increased traffic of the railroad and both have prospered together. We see and feel the effects of the country's prosperity and the following from the Houston Post of July 2nd, is proof of the prosperous condition of the railroad: The Post says: "The Houston East and West Texas will report an increase in both freight and passenger earnings. The Houston East and West Texas presents an interesting study. Five years ago the net earnings of the road approximated about \$500,000. During the past five years the net earnings have increased over a 110 per cent, and the report last year showed \$1,200,000 in net earnings. For net results there is not a line in the state that has made a more satisfactory showing than the Houston East and West Texas. This fact is due not only to increased freight traffic and diversified farming, but to the fact that the road has been operated very economically. The section which the Houston East and West Texas traverses is acknowledged to be one of the richest of the state. Not only that but as a passenger line the Houston East & West Texas is believed to hold the key to the passenger traffic situation in the state. The directness of the line and the direct connections which it makes with fast lines to the North and East with added improvement which are forthcoming, will make the road, which was once conceded to be the black sheep of Texas lines, the fast direct line to the North and East. The Rock Island doubtless understands the possibilities."

WE can't understand why the markets are so glutted with tomatoes at present. The crop is not abundant, and there are other cities besides Chicago, Kansas City and St. Louis. We can't believe but there is something wrong; some discrimination against Nacogdoches. To say the least of it, agents sent to the great markets to watch the tomato movement are doing precious little good.

ONE is apt to forget that the city of Washington is the Mecca for the colored population of the United States until he picks up a Washington paper and reads an advertisement like the following: "Professor Blank, medium, removes spells and conjurations." A negro can be educated until he thinks in four dimensions and quotes classics; but never does he rise above his belief in "hoo doos" and "cunjers" and the Washington "Professor" is doubtless making a mint of money.

Nacogdoches is a little town sitting on a branch of the Southern Pacific railroad in east Texas, near the Louisiana line and about 120 miles north of Beaumont.—Shreveport Times.

Now wouldn't that jar your mamma's preserves? Calling Nacogdoches, with her 3,500 inhabitants and nearly four square miles within her city limits "a little town." If the Times man ever comes to Nacogdoches, he'd better get himself locked up before the people find him out. It will take the protection of the police to save him.

IT is simply folly to talk about deporting the negroes from the United States, and sensible people do not indulge in it. The truth is, the negro is the best laborer for this Southern country and the Southern whites themselves know and appreciate this fact.—Houston Post.

NEGRO labor has a monopoly in the Southern corn and cotton fields but no where else. This is because white and black labor cannot be mixed and the black predominates. The negro is capacitated chiefly for farm work, and as long as he stays on the farm he does well. It is the worthless, loafing negro that is responsible for the talk of deportment. Yet should this much-talked-of deportment ever come to pass, it would, in our opinion, prove a blessing in the long run. It would make room for and give employment to the millions of white people who are cramped up in tenement houses in the great cities or starving in the mines and factories because they cannot find employment elsewhere. The deportment of ten million negroes would make room in the rural districts of the South for ten million white laborers who would gladly take their places, and when we once get used to them would prove more satisfactory than negro labor. Of course this is a matter of supposition; merely an argument. There is no more probability of the negroes being deported than that the sun will be made to rise in the west.

WE can't understand why the markets are so glutted with tomatoes at present. The crop is not abundant, and there are other cities besides Chicago, Kansas City and St. Louis. We can't believe but there is something wrong; some discrimination against Nacogdoches. ## FUEL FOR THE

A negro preacher, pastor of the First African Methodist Church at Wilmington, Delaware, used the following language in a sermon on the lynching of George: "The negro rapist who lives at that city, who would add to the flame and produce a bloody race war that would probably regret all his life, if he should be permitted to live until it was too late with. He said: 'I am a white man, in face of his boasted civilization, stands before many enemies the demon of the world's races, the monster incarnate, and in so far as the negro is concerned, seems to give no quarter. The white man is a heathen, a fiend, a monstrosity before God, and is first in the category of crime. I would sooner trust myself in a den of a hyena than in his arms. With courts, law and officers of law in his hands, the despised negro can expect no mercy, justice or protection. The negro is unsafe anywhere in this country. He is the prey at all times of barbarians, who know no restraint and will not be restrained.'

There is only one part left for the negro when charged with crime and when innocent. Be a law unto yourself. You are taught by this lesson of out age to save yourself from torture at the hands of the blood-seeking public. Save your race from insult and shame. Be your own sheriff court and jury, as was the outlaw Tracy. Die in your tracks, perhaps drinking the blood of your pursuers.

"Booker T. Washington's charity, humanity so on and so on, will never be reciprocated by white men."

The pulpit may serve as protection to the fool that gives utterance to such incendiary remarks as the above in times in peace, but they will not be forgotten should hostilities break out, in which we wouldn't promise much for his hide. It is a matter deeply to be regretted that hot heads continue to shoot off their mouths on both sides of this race question. Nothing will ever stop lynchings for such crimes as White committed, whether the criminal be white or black. The record of the past few months show that several white men as well as negroes have been lynched. The atrocity of the crime is what stirs the people; not the color of the criminal. White men could no more escape the vengeance of the mob than the negro White did for the same crime. The crazy talk about persecution is sheerest rot, which would not be thought of if it were not for the utterances of a few northern politicians of the Rooseveltian stripe and a handful of negroes puffed up by the notice he has taken of them.

EDITOR GREEN of the Tyler Courier has had another nightmare. He dreamt that the railroads had issued free passes to the commissioners' court of Smith county, and that when they sit as an equalization board they will not be able to "equalize."

# Women Need

a constant supply of blood-making material or their systems break down under the constant drain. The very moment there is lack of blood, or when the blood is impoverished, the signal appears upon the face in sallowness or pallor. The remedy is Dr. Harter's Iron Tonic. Nothing restores this particular condition so well. It has made hundreds of thousands of women look younger and made them feel younger. It not only restores energy and beauty, but it is a prompt and sure cure for all ailments peculiar to the female sex because it removes the first cause of all ailments—just what nature needs to bring her back to health.

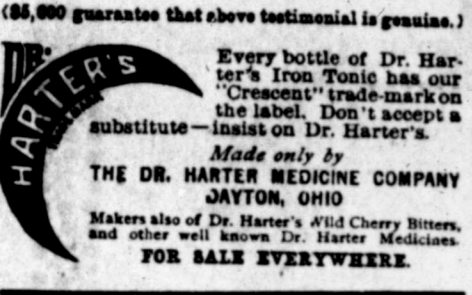

## Dr. Harter's Iron Tonic

strengthens debilitated organs, gives tonicity to muscles and ligaments, rounds out wasted tissues and restores the vigor of the nervous system. It helps quickly and just as surely and permanently. Loss of appetite, of ambition, nervousness, pain in the head, back, kidneys, limbs, etc., are all cured by Dr. Harter's Iron Tonic. The following is one of thousands of similar endorsements that we have received:

Houston, Texas, Dec. 4, 1907  
 "My father has used your medicine since the war, and when I married in December, 1872, I commenced housekeeping with one bottle of Dr. Harter's Iron Tonic, one bottle of his Wild Cherry Bitters, and two boxes of his Little Liver Pills. I am now nearly sixty-two years of age. Looking backward I feel attached to the old medicines and would not change them for any of the new ones made."

# Comptroller Love Assassinated

Austin, Texas, June 30.—Comptroller R. M. Love was murdered in his office this morning by W. G. Hill, a former employee of the department under Comptroller Finley. The murderer was caught by Chief Book-keeper Stephens as he was making his escape from the room and in his scuffle was himself fatally shot by his pistol, the same that killed Comptroller Love.

As nearly as can be ascertained, at 10 o'clock. Mr. Love was seated in his office with Rev. M. Cowden of Bonham, and they were discussing religious questions.

W. G. Hill, a former clerk under Comptroller Finley, entered the room and Love greeted him cordially. They shook hands and Hill was introduced to Cowden.

Hill drew from his pocket a letter, handing it to Love and requesting him to read it.

Mr. Cowden, thinking it was a private matter, stepped from the room, and just as he got outside he was startled by hearing a shot, followed almost immediately by another.

He rushed back into the room and saw Chief book-keeper Stephens, whose office adjoins that of the comptroller, struggling with Hill, and Comptroller Love was just falling from his chair.

Stephens says that when he hurried into the room Hill was running around Love's desk toward the door. He intercepted him and in the struggle Hill attempted to kill him.

His pistol finally went off, accidentally, Stephens thinks, and the ball entered Hill's breast, inflicting a wound from which he cannot survive, although he was alive at 12:10.

Love was shot twice, both balls entering the left breast. The cause was an old grudge because Love would not give Hill a clerkship.

Mr. Love died in the office, surrounded by his family, state officials and clerks. The scene was pathetic and strong men wept.

**Catarrh of the Stomach.**  
 When the stomach is over loaded; when food is taken into it that fails to digest, it decays and inflames the mucous membrane, exposing the nerves, and causes the glands to secrete mucin, instead of natural juices of digestions. This is called catarrh of the stomach. For years I suffered with catarrh of the stomach caused by indigestion. Doctors and medicines failed to benefit me until I used Kodol Dyspepsia Cure.—J. R. Rhea, Coppell, Texas. Sold by Perkin Bros.

Tuesday afternoon Mrs. J. M. Hood entertained a number of friends, complimentary to her sister, Mrs. J. D. Burrows of Nacogdoches. The reception was held between the hours of 4 and 6 p. m. and the ladies made good use of the two hours in social conversation and, of course, discussed the merits of the youngsters present.—Logansport Journal.

# Marks of Merit

This magnificent building is a monument to honest values and fair dealing. Another proof of the confidence of the people in Montgomery Ward & Co. is the unparalleled volume of business we are enjoying this year. Twice since January 1st we have been forced to lease additional buildings in order to take care of our ever increasing business. We have lately leased the entire buildings of the old, well-known Schuttler Wagon Company, which will be known as Warehouse No. 5 and used for the storage of heavy merchandise.

### Blood Poison, Cancer, Ulcers, etc.

If you have offensive pimples or eruptions, ulcers on any part of the body, aching bones or joints, falling hair, mucous patches, swollen glands, skin itches and burns, sore lips or gums, eating, festering sores, sharp, gnawing pains, then you suffer from serious blood poison or the beginning of deadly cancer. You may be permanently cured by taking Botanic Blood Balm (B. B. B.) made especially to cure the worst blood and skin disease. It kills the poison in the blood thereby giving a healthy blood supply to the effected parts, heals every sore or ulcer, even deadly cancer, stops all aches and pains and reduces all swellings. Botanic Blood Balm cures all malignant blood troubles, such as eczema, scabs and scalds, pimples, running sores, carbuncles, scrofula, etc. Especially advised for all obstinate cases that have reached the second or third stage. Druggist, \$1. To prove it cures, sample of Blood Balm sent free and prepaid by writing Blood Balm Co., Atlanta Ga. Describe trouble and free medical advice sent in sealed letter.

Our friend A. L. Jones, (that's "Windy" Jones.) has the thanks of the editor for a 11 pound cabbage head, Jones is no cabbage head, but he can show cabbage heads with most people. He is one of the most practical farmers in Nacogdoches county, and is one of those kind that never come to town without making expenses. We need more of his kind.

Dr. Campbell has left for Trawick where he will take charge of the practice of Dr. John Brown. Dr. Brown is contemplating moving to Tennessee and locating in that state.

**Domestic Troubles.**  
 It is exceptional to find a family where there are no domestic ruptures occasionally, but these can be lessened by having Dr King's New life pills around. Much trouble they save by their great work in stomach and liver troubles. They not only relieve you but cure. 25c at Stripling Hazelwood & Co.'s drug store.

Seventy-five cars of tomatoes have been shipped along the line of the H. E. & W. T. Ry., this season, fourteen of which were shipped from Nacogdoches. All of them were iced here by the Armour company.

### Saved From Terrible Death

The family of Mrs. M. L. Bobbitt of Bargeton, Tenn., saw her dying and were powerless to save her. The most skillful physician and every remedy used failed, while consumption was slowly but surely taking her life. In this terrible hour Dr. King's New Discovery for consumption turned despair into joy. The first bottle brought immediate relief and its continued use completely cured her. It's the most certain cure in the world for all throat and lung troubles. Guaranteed. Bottles 50c and \$1.00. Trial bottles free at Stripling Hazelwood's & Co.

While digging onions on the Fairis farm a few weeks ago the hands picked up one of the large ones and weighed it. It balanced the beam at 52 ounces, which is heavier by four ounces than any we have yet seen reported in the daily papers. Who says grand old Cherokee can't raise onions? —Alto Herald.

Indigestion arises from a weakened condition of the stomach, caused by the over-eating or eating indigestible or improperly cooked food, alcoholic drinks, etc., thus exhausting nerve force and the stomach resulting in indigestion, dyspepsia, biliousness and constipation. A cure of those complaints can be effected in a short time by the regular use of Re-Go, the famous Tonic Laxative Syrup. The expense is only 25 or 50 cents and is certainly a modest doctor bill. Re-Go is sold by Perkin Bros. druggist.

Mr. D. Rulls is repairing the woodwork of the Ingraham building that was damaged by the burning of the Roberts house.

**Just About Bedtime.**  
 take a Little Early Riser—it will cure constipation, biliousness and liver troubles. DeWitt's Little Early Risers are different from other pills. They do not gripe and break down the mucous membranes of the stomach, liver and bowels, but cure by gently arousing the secretions and giving strength to the organs. Sold by Perkin Bros.

### Repulsive Features

Blackheads, pimples, greasy faces and muddy complexions, which are so common among women, especially girls at a certain age, destroying beauty, disfiguring and making repulsive features which would otherwise appear attractive and refined, indicate that the liver is out of order. An occasional dose of Herbine will cleanse the bowels, regulate the liver and so establish a clear, healthy complexion. 50c at Perkin Bros.

Never were prospects brighter than now in this community. It is said that a bad beginning makes a good ending, and it looks to be true in this instance. It rained until late in the season and when it quit it looked as if we would never have another rain, but they finally did come and have been coming in great regularity.—Alto Herald.

During the winter of 1901, Mr. R. O. Bell, Pontiac, Ill., contracted a severe cold. In speaking of how he cured it he says, "I had been suffering from the effects of la grippe, followed by a severe cough for several weeks last winter, had tried nearly every remedy known to myself and friends, but found no relief up to the time I began using Hart's Honey and Horehound. I received benefit even from the first bottle of this medicine, and three 25c bottles effectually cured me. Sold by Perkin Bros. druggist."

### Cures Sciatic

Rev. W. L. Riley, L. L. D. Cuba, New York, writes: "After fifteen days of excruciating pain from sciatic rheumatism, under various treatment, I was induced to try Ballard's Snow Liniment, the first application giving my first relief, and the second, entire relief. I can give it unqualified recommendation. 25c, 50c, and 1.00 at Perkin Bros. w

### A Very Close Call

"I stuck to my engine, although every joint and every nerve was racked with pain," writes C. W. Bellamy, a locomotive fireman, of Burlington, Iowa. "I was weak and pale, without any appetite and all run down. As I was about to give up, I got a bottle of Electric Bitters, and after taking it, I felt as well as I ever did in my life." Weak, sickly, run down people always gain new life, strength and vigor from their use. Try them. Satisfaction guaranteed by Stripling Hazelwood & Co. Price 50 cents.

Two new street lights have been put in by the citizens on Mound street and this beautiful residence street is now well lighted. North street is rather behind the procession when it comes to street lighting. Fredona and Mound being both ahead of it.

## Pure, Fresh Drugs and Chemicals.

The main point which we are very particular. A great many inferior drugs and chemicals are on the market now and constantly being offered to druggists throughout the country, and a great many druggists are buying them because they are cheap. But we will not buy them. They are cheaper, of course, but we know they are not as good as the genuine, pure drugs, and therefore we will not have them in our store.

We have built up our trade by handling only the best articles. On that account doctors are glad to have their prescriptions brought to us, and we are not going to abuse their confidence at this late day.

Bring your prescriptions and recipes to us and you will get the best to be had every time, sure.

NACOGDOCHES can secure another railroad if she wants it. It will not come so very high either. Do we want it?

AN overwhelming corn crop means both bread and meat for East Texas next year. When the corn crop is short the pork crop is also short, and vice versa.

TOMATOES were quoted in Topeka, Kansas at 75c to \$1.00 per crate, the day Nacogdoches was notified to cease shipping because they would not bring the price of icing and shipping.

THERE is nothing wrong with the tomato crop. The low prices, in our opinion are due more to bad management than anything. There certainly is not an over production.

THE truck growers should see to it that another season does not come upon us before we erect a first-class little canning factory. One just big enough for home use, in which every truck grower should be a stockholder. This plan would put a stop to the waste or loss that must occur whenever the market becomes "glutted" as happened last week.

### THE FOURTH AT MAHL.

Independence Day Duly Observed by Patriotic People.

Independence day was duly observed at Mahl. The thrifty citizens of the little village acquitted themselves with credit. Barbecues in great quantities, besides basket-fuls of good things ordinarily prepared for such occasions.

This writer got there the second day but still found plenty and a great variety of fuel for the hungry. The melody of the music furnished for the occasion was still audible, and the voices of the "Orators of the Day" had not died away, and will not till American's cease to love "Liberty." In this connection three names deserve special mention, to-wit: Messrs. Homer A. Dotson, Carl E. Oleson, and Pink Lilly. Every one acquainted with Homer, knows there is a treat in store when he appears on the platform. As an historian he stands at the top and his speeches are interesting and attractive because of his recognized ability on that line.

Mr. Oleson, the popular agent of the T. & N. O. R. R., won more laurels for himself, his burning eloquence thrilled the heart of every patriot present. He described the wonderful achievements of the 19th century, and with such eloquence as the Immortal Reed called "Logic on Fire" he layed the honor for it all at the feet of our Independence.

Pink Lilly spoke in his own glowing style, of the heights to which we have climbed morally, and with a storm of words removed the curtain between his audience and the future and dazzled all with a picture of what is so soon to be our reward, and for it all he credited Independence.

It was a day well spent. We must be there next time Mr. Editor. Texan.

### The Perfect Liver Medicine.

Mrs. M. A. Jolley, Noble, O. T., writes: "I have used Herbine for a number of years, and can cheerfully recommend it as the most perfect liver medicine, and the greatest blood purifier. It is a medicine, of positive merit, and fully accomplishes all that is claimed for it." Malaria cannot find a lodgment in the system while the liver is perfect order. For one of its functions is to prevent the absorption of liver producing poisons. Herbine is a most efficient liver regulator. 50c at Perkins Bros. w

# MISTROT'S GRAND SWEEPING SALE

N O W O N .

\$7,000.00 of our Present Stock Must be Converted into CASH.

The following letter from our Galveston Head Office explains why we are doing this.

Mistrot Bros. & Co.  
Wholesale.

Galveston, Texas June 24, 1903.

C. C. Hamilton, Manager, Nacogdoches.

Dear Sir: It is absolutely necessary that you close out at least one-third of Nacogdoches stock within the next 30 days. We find that our stocks throughout the state are entirely too large for the advanced season as well as our stock in warehouse here, and in view of our extra heavy fall contracts we deem the above more imperative. Would advise that you inaugurate sale at once. Disregard profits. Simply cut prices to such level that the merchandise must and will move even though you will have to make losses to do it.

Yours very truly,  
S. P. MISTROT.

As a result of the above letter the greatest trading event of the year has been created and a magnificent array of seasonable merchandise swept clean of every vestige of profit awaits you at our store. Many lines of goods will be offered at even less than the cost to make, and there is not a single article in our house but that bears evidence of the price makers broom.

Sound kidneys are safeguards of life. Make the kidneys healthy by Foley's Kidney Cure. Sold by Perkins Bros.

There is a large crowd of Ex-Confederate soldiers in town today. They are swapping stories of war experiences and seemingly having a good time.

There was a jolly crowd at the opera house corner this afternoon, when Dr. Wm. Teer, of Co. K., J. V. Victory, of Co. F., and G. B. Crain and F. M. Rambolt, of Co. H., 4th Texas C. S. A., casually met and drifted into a conversation of war times. It is seldom that a meeting of this kind occurs these times; and it is a great pleasure to the old soldiers when they do occur.

**Plumbers and Doctors Agree to This.**  
The bowels are the great sewer of the body, stop the drainage, and the house is full of deadly sewer gas. Allow the bowels to become constipated and every portion of the body becomes corrupted. Your doctor will tell you that nine-tenths of the disease that afflict humanity are caused by the bowels becoming constipated. There is only one absolutely sure cure for constipation. It is Re-Go Tonic Laxative Syrup and it costs only 25c to prove this statement. Sold by Perkin's Bro's, druggist.

Mr. L. G. Stanley writes from Zana, San Augustine county, that good rains have fallen in his section and that crops are fine; there is some sickness and a doctor is needed in his neighborhood.

The largest tobacco experimental station and warehouse in the world is to be established by the United States government at Nacogdoches. Verily all things good are either in East Texas now are headed this way.—Lufkin Tribune.

**The Foundation of Health.**  
Nourishment is the foundation of health—life—strength. Kodol Dyspepsia Cure is the one great medicine that enables the stomach and digestive organs to digest, assimilate and transform all foods into the kind of blood that nourishes the nerves and feeds the tissues. Kodol lays the foundation for health. Nature does the rest. Indigestion, dyspepsia and all disorders of the stomach and digestive organs are cured by the use of Kodol. Sold by Perkin Bros.

**Heaven Help Us.**

**The Arcadia Tragedy.**  
Mrs. Len Hanks, one of the victims of the recent Arcadia tragedy, died last night, after weeks of suffering. Every effort possible was made to save her life—as a last resort physicians yesterday amputated her arm, dissecting the broken bones of the shoulder, but it failed to save her life. This is the third death resulting from that unfortunate row. Mrs. Hanks leaves a host of friends to mourn her tragic taking off.—Timpson Times.

**A Surgical Operation**  
is always dangerous—do not submit to the surgeon's knife until you have tried DeWitt's Witch Hazel Salve. It will cure when everything else fails—it has done this in thousands of cases. Here is one of them: I suffered from bleeding and protruding piles for twenty years. Was treated by different specialists and used many remedies, but obtain no relief until I used DeWitt's Witch Hazel Salve. Two boxes of this salve cured me eighteen months ago, and I have not had a touch of the piles since.—H. A. Tisdale, Summerton S. C. For blind bleeding, itching and protruding piles no remedy equals DeWitt's Witch Hazel Salve. Sold by Perkin Bros.

H. C. Fuller, an experienced newspaper man of Nacogdoches, arrived in the city yesterday afternoon and accepted a position as local reporter and solicitor for the Tribune. Any favors shown Mr. Fuller by friends of the paper will be appreciated.—Lufkin Tribune.

**We Can't Tell a Lie.**  
When we say there is no shaking of bottles, no licking of spoons, no wry faces when Cheatham's Laxative Chill tablet are used. 25cts. No cure—no pay.

I have a surry to sell cheap for cash or will trade for gentle horse that will work single. This surry has high wheels and is especially adapted for service over country roads.

### Year's Work at the A. & M. College Closed.

The commencement exercises of the Texas A. & M. College, which closed last week were attended by a large number of visitors, including the directors, a large number of the Alumni, and many prominent citizens from different parts of the state. The baccalaureate sermon was delivered by Bishop Kinsolving and the commencement address by Senator Bailey. It is needless to say that these deliverances were marked with strength and appropriateness. The following is the graduating class, and how go to add to the strength and influence of the state.

C. A. Heldenfels, of Beeville; R. E. Barham, of Nacogdoches; T. R. Beeman, of Comanche; J. A. Baum, of Corsicana; O. J. McKnight, of Marlin; R. H. Mansfield, of Tyler; J. M. Davis, of Forney; J. W. Oliphint, of Huntsville; G. W. Risien, of Oak Cliff; H. Gleason, of Hico; N. Lockett, of Houston; G. G. Moore, of DeKalb; H. S. McCall, of Sabine Pass; H. F. McGregor, of Weimar; T. B. Warden, of McKinney; W. H. Tilson, of Plainsview; J. M. Isbell, of Pankey; Ray Ridenhower, of Hico; J. B. Sterns, of Houston, all of whom acquitted themselves creditably.—Farm and Ranch.

### Two Bottles Cured Him.

"I was troubled with kidney complaint for about two years," writes A. H. Davis, of Mt. Sterling, Ia., "but two bottles of Foley's Kidney cure effected a permanent cure." Sold by Perkins Bros.

Mrs. Hardeman, wife of Mr. Sam H. Hardeman, died at their home near Cushing on June 16th 1903, of congestion. Mrs. Hardeman left four children three of them being small, who have been deprived of a mother's care. To them and to her husband, the sympathy of the Sentinel is extended in the bereavement that has befallen them.

### No False Claims.

The proprietors of Foley's Honey and tar do not advertise this as "a sure cure for consumption." They do not claim it will cure this dread complaint in advanced cases, but do positively assert that it will cure in the earlier stages and never fails to give comfort and relief in the worse cases. Foley's Honey and Tar is without doubt the greatest throat and lung remedy. Refuse substitutes. Sold by Perkins Bros.

The highest prize and the first honor medal at the Yale law school have been won by a Chinaman and a negro; if this was at Princeton now one would say that the examiners were biased by a partiality for the college colors.—Houston Chronicle.

As it happened at Yale, the intentions probably was to make the other students blue, which is the Yale color. The southern boys should have a Yale lock out when it comes to attending a college with a mixed color scheme like the above.

For all forms of kidney trouble take only Bak-Ake Specific. Sold and guaranteed by Stripling Hazelwood & Co.

### A New Line of Work.

Mr. Vestall, who is working adjoining our plant and under our supervision and direction, is prepared to do all the finest repair work about buggies and surries. He does the finest grade of painting and upholstering on buggies and surry work and can work your old rig over and make it same as new. He will also repair your furniture, revarnish etc., and is preparing to make and fit up all broken and missing parts of furniture. But positively cannot do upholster work on furniture. If your incubator wont work call on him. He knows how to repair or make them.

Call on Mr. Vestall for all kinds of little special work. He is ready at any time to answer your inquiries. Ireson Bros.

### Bronchitis for Twenty Years.

Mrs. Minerva Smith, of Danville, Ill., writes: "I had bronchitis for twenty years and never got relief until I used Foley's Honey and Tar which is a sure cure. Sold by Perkins Bros."

### The Buckshot Bridge.

The contract for the bridge across the Angelina river at Buckshot crossing was let last Friday, Messrs. Fields & Montes, of Nacogdoches county, being the lowest bidders. There was three bids filed, but the one by the above firm was considered the lowest and best, and was accepted. The contract price was \$525. The bridge will be 180 feet long, and is to be completed by the August term of our commissioner's court. Mr. Starling, our alert commissioner, has been very active toward having this bridge built, for which our people are very grateful.—Alto Herald.

### Aunt Lucindy.

Always carries Hunt's Lightning Oil around with her, says it's fine for swelling, toothache, colic, weak back, and back-ache, cuts, burns, neuralgia, catarrh. Aunt Lucindy has sixty-nine grand children and ought to know what she is talking about.

The establishment of a Government tobacco warehouse at Nacogdoches will mean great things for that city, Houston and Galveston.—Houston Echo.

We are right glad to have Houston and Galveston interested. Shreveport is also laying claims to some "great things" in connection with East Texas tobacco industry.

### Wonderful Nerve.

Is displayed by many a man enduring pains of accidental cuts, wounds, bruises, burns, scalds, sore feet or stiff joints. But there is no need for it. Bucklen's Arnica salve will kill the pain and cure the trouble. It's the best salve on earth for piles, too. 25 cents. Stripling Hazelwood & Co., druggist.

At a recent wedding in London King Edward appeared wearing a red cravat with a frock coat, thus pulverizing the old tradition that the king can do no wrong.—Kansas City Star.

How these newspaper reporter's conflict! The Shreveport Times asserts positively that the cravat was yellow, but whether this is better or worse, we leave for the Star and the Times to decide.

### There is Room For More.

Mr. J. W. Saunders has accepted the position of cashier of the Stone Fort National Bank. He took charge today but will not be here regularly until August 1st, at which time he will move his family here, make this his permanent home and devote his entire attention to the interest of this bank.

Mr. Saunders is at present cashier of the Center bank and owns an interest in the San Augustine bank. This bank, in securing his services, is making no experiment. He is a success as a banker and business man. We judge men by what they have accomplished. Mr. Saunders' work at Center in building up that

own is assurance that day will be of vast assistance here. We need all the men like him we can get. Our town is now on a boom. We not only need enterprisers but we need as many pushing, entergetic men like Mr. Saunders as we can get. With officers and directors from such men as Hoya, Hayter, Sturdevant and Perkins, and experienced banker like Mr. Saunders as cashier, the confidence in this bank is unbounded and its success assured.

Mr. H. H. Howell who is succeeded by Mr. Saunders, resigned his position to accept a similar position with the Commercial National Bank at Shreveport.

### Triple Hanging.

Smith Brown and Jones hang their hopes of recovery upon Cheatham's Laxative Chill Tablets. They will be around soon shaking hands with friends. 25c. No cure—no pay.

Grover Cleveland, of New Jersey, and Geo. M. Bailey, Washington correspondent of the Dallas News, are in a controversy regarding the truthfulness of an interview. If George holds his hand with Grover, he will be a good one.—Carthage Mule.

Your idol has already been smashed. Col. Bailey called Grover's hand in the first play and forced him into "inocuous desuetude."

### Swapping Lies.

It is practiced, but don't swap off Hunt's Lightning Oil for a worthless article. Ask your druggist or merchant for a free sample bottle.

A man entered the county the first of the week at San Antonio crossing on the Navasota river with several hundred guineas, with which he is destroying boll weevils in the cotton fields of that section. He turns the fowls loose on the cotton patches and it doesn't take them long to eat every weevil and thoroughly rid the fields of them.—Madisonville Meteor.

Another remedy. We will best the boll weevil yet.

### Cesar Conquered Britain.

Malaria was conquered by Simmon's Liver purifier (tin box) protected from moisture, dust and insects. Clears the complexion, cures constipation, aids and corrects action of the liver.

Wanted 50,000 Spot Cash and Nut Cracker tobacco tags at one half cent each in goods at spot cash prices. Tucker, Zeve & Co.

### Jailed on Serious Charge.

R. O. Ridley, a traveling agent for a picture concern was brought to town yesterday afternoon by Constable Beck of the Nat Beat, and was lodged in jail on a charge of assault with intent to rape.

Ridley is the same man who was arrested a short time back for an alleged similar offense committed upon Mrs. Pirtle, who lives a short distance from town on the Tyler road. The last offense was committed in the northwest part of the county, it being alleged that he was caught in the room of a little daughter of the man with whom he was boarding.

If go on tobacco will grow in Nacogdoches county, good tobacco will grow in Shelby; the soil and climate conditions are the same. And if "the largest experimental station in the world is established in Nacogdoches," surrounding counties will share a part of the benefit and will quickly grasp the opportunity.—Center New Era.

The establishment of an experiment station at Nacogdoches was intended to arouse interest in tobacco with the view to benefitting every section of East Texas where there is tobacco land. If Shelby has tobacco land her people should proceed to develop it without delay. The government will render any assistance asked for. And we assure our neighbors that Nacogdoches will rejoice with Shelby in all her successes, and in all this East Texas county we know no such word as fail.

Capt. E. I. Kelly, of Jasper, an old newspaper man, steamboat captain, and captain of the celebrated Jeff Davis Rifles, as well as one of the most prominent, enterprising and thorough-going citizens of Jasper county, honored the Stone Fort City (without the Fort) with a visit yesterday. He is a cousin of Mr. W. F. Price of this city.

The editor of a Missouri paper, on being asked if he ever saw a baldheaded woman replied as follows: "No, we never did; nor did we ever see a woman waltzing around in her shirt sleeves with a cigar in her teeth and running into every saloon she came to. We have never seen a woman go fishing with a bottle in her pocket, sit on the damp ground all day and come home drunk at night. Nor have we ever seen a woman yank off her coat and say she could lick any man in town. God bless her, she's not built that way." There are some things in which a woman isn't equal to a man.

Steve King, of Garrison, is in the city on business and on a visit to his brother, Geo. S. King, Esq.

**The Best Worm Medicine.**  
H. P. Kumpe, Druggist, Leighton Ala., writes: "One of my customers had a child which was sick and tared up all food, could retain nothing on its stomach. He bought one bottle of White's Cream Vermifuge, and it brought up 119 worms from the child. It's the best worm medicine in the world." White's Cream Vermifuge is also the children's tonic. It improves their digestion and assimilation of food, strengthens their nervous system and restores them to the health, vigor and elasticity of spirits natural to childhood. 25c at Perkin Bros.

Mr. J. A. Owens returned yesterday with his two children from St. Louis. They went to have them treated in the Pasteur Institute, they having been bitten by a mad dog. They stayed the full time at the Institute and were pronounced absolutely safe. Mr. Owen accompanied by his father-in-law, Mr. G. W. Nettles, were callers at this office yesterday afternoon and requested the Sentinel to extend their sincerest thanks to their friends and acquaintances for the many favors and kindnesses extended them, and especially Mr. Will Reid, who accompanied Mr. Owens to St. Louis and assisted him in securing comfortable and convenient quarters and rendered him valuable aid.

John R. Dickey's Old Reliable Eye Water is sold by good druggist. Stripling Haselwood & Co handle it here. When this firm sells you a thing you can use it.

**LETTER FROM MT. ENTERPRISE**  
Fine Crop Prospect and a Thriving Little Village.  
Mt. Enterprise, July 8.—Crops look fine in this section of the country. Corn is fine. Most people have enough corn made to do them next year. We all hope we will make corn enough to do us another year so that our corn cribs will not be in St. Louis or somewhere else.  
Cotton is late but it looks fine. We will make cotton enough to do our quilting if the boll weevils will let it alone.  
Fruit is a total failure. Tomatoes are fine.  
The storm on Wednesday night, June 24th done but little damage. It blew down very little damage was done.

We have had plenty of rain for the last two weeks.  
We have a fine truck growing country in old Rusk county. All we need to come to the front is to have a railroad to ship our products, and we hope we will have one before many years. This land will grow anything from crab grass up. Nacogdoches had a nice Carnival, but just wait until Mt. Enterprise gets her railroad and we will show Nacogdoches how to have a Carnival. Mt. Enterprise is growing fast. North street and Avenue K, has grown rapidly in the last two years, and the future prospect is shining bright. When we get electric cars running here Nacogdoches will have to get in a trot to keep in sight. We are going to come to the front if nothing happens. There is a great deal of sickness scattered about here. P. A. Aldridge.

Jim Dumps and wife invariably had "Force" for Sunday evening tea. When cook went out that afternoon, "Tis but a saucer and a spoon To wash—a task not grim— And all are pleased," laughed "Sunny Jim."

## APPLEBY LETTER.

**The News From Our Flourishing Little Neighbor**  
Appleby, July, 6.—It continues to rain every two or three days, and corn is just doing all O. K. Prospects are flattering for crops in our red lands.  
Quite a number went from here to Mahl last Friday to the barbecue and reported a very nice time and plenty to eat.  
Several people from here spent Saturday, July 4th at a picnic 5 miles north of Appleby.  
Messrs. A. Doolittle, Jim and Ed League, Sam Wilson and Dr. W. G. Hartt and wife spent Saturday and Sunday in the Sea Wall City,

Galveston, and all report quite a pleasant time.  
Mr. N. Payne has purchased the place belonging to Mr. Oliver Branch.  
Misses Mattie Hunt and Lou Ella Hart spent last week visiting friends at Tenaha and Woods.  
Mr. J. M. Blacksher has gone to Thockmorton, to spend a few months for his health.

**JUST RECEIVED.**  
3 cars Corn.  
1 car pure corn chops.  
1 car Texas wheat bran  
1 car new Alfalfa hay.
