NACOGDOCHES, TEXAS, WEDNESDAY, JULY 22, 1903.

NO 29

Pure, Fresh Drugs and Chemicals.

The main point which we are very particular. A great many inferior drugs and chemicals are on the market now and constantly being offered to druggists throughout the country, and a great many druggists are buying them because they are cheap. But we will not buy them. They are cheaper, of course, but we know they are not as good as the genuine, pure drugs, and therefore we will not have them in our store.

We have built up our trade by handling only the best articles. On that account doctors are glad to have their prescriptions brought to us and we are not going to abuse their confidence at this late day.

Bring your prescriptions and recipes to us and you will get the best to be had every time, sure.

PERKINS BROS.,
Druggists, Jewelers and Stationers.

NACOGDOCHES TOBACCO.

S. P. Officials Are Seeing the Crop Harvested.

Colonel S. F. B. Morse and General Passenger Agent, T. J. Anderson will not return to from Nacogdoches Texas, until tomorrow.

Messrs. Morse and Anderson are in Nacogdoches to see the harvesting of the great tobacco crop at the United States experimental station at that place.

Besides these prominent railroad men there are several prominent tobacco experts from the old world and Cuba. They are examining the first year's yield as it is taken from the field.

A photographer is at Nacogdoches taking a number of pictures of the work and these pictures, together with many other views taken while the tobacco was in its earlier stages of growth, will be used to illustrate a tobacco booklet which the Southern Pacific will put out setting forth facts

which indisputably show that Texas tobacco is equal to the best Havana leaf and equal to any grown anywhere in the world. — Houston Chronicle, July 17th.

We Want School Teachers.

We want every school teacher in Nacogdoches and adjoining counties to know that we carry in stock, ready for use, the regulation weekly school report cards.

Haltom & Haltom,
Nacogdoches, Texas.

Swapping Lies.

It is practiced, but don't swap off Hunt's Lightning Oil for a worthless article. Ask your druggist or merchant for a free sample bottle.

E. M. Roberts and family are here from Nacogdoches visiting Mrs. Robert's parents, Mr. and Mrs. T. J. Pack. — Jacksonville Banner.

Heaven Help Us.

In our trouble, but use Hunt's cure for Itch, tetter, ring worm, itching piles and eczema. Guaranteed.

FLOUR

34 barrels in wood.

50 barrels in 48lb sacks.

All received last week. We are determined to sell at once as we have two more cars on the road.

Our supply of Oats, Shorts, Bran and Meal is complete.

SALT—Our Leader, 100 pound sack fine salt, 50c.

Remember we guarantee everything as represented. See us before buying.

Baucom & Son.

EXCITEMENT AT JACKSONVILLE.

Negro Breaks Into the Room of Young Lady.

Jacksonville, Texas, July 20.—About 2 o'clock this morning a negro pried open a window and entered the room of the 20 year old daughter of Dr. J. H. Lane, a prominent physician here and had her by the throat when she awoke.

Her screams frightened him and he fled.

She recognized him as one Alle Brown, a negro who occupied a house in the yard, and City Marshal Mathis and Deputy Forrest were summoned and promptly placed Brown under arrest. He stoutly protested his innocence.

He was taken to Rusk and placed in the penitentiary for safe keeping pending further investigations.

When found in his bed he was dressed exactly as the girl described her assailant and his breath smelled of whiskey as did the breath of the man who entered her room.

The shoes of the prisoner and the tracks found at the window also correspond, and there is little doubt here as to him being the man wanted.

Citizens are now in consultation by long distance telephone with the district judge and attorney as to what course to pursue.

The people are of course much wrought up and the present safety of the would be assaulter is due no doubt to him being captured and carried away before his deed was generally found out.

Big Land Suits.

The oil excitement of Nacogdoches, like that of Beaumont, is bringing forth some big law suits, with the promise of many more to come. The topic of the town just now is the suit of E. A. and S. W. Blount, and Jno. T. Garrison, and also the suit of W. O. and H. T. Crain against Dr. A. A. Nelson for 520 acres of the J. M. Mora grant in the heart of the Oil field. In the Crain suit the petitioners ask for the land and \$10,000 damages.

Every person who has relatives buried at North church, or who is in any way interested in the cemetery there, is requested to go there on the last Friday in July, or send a hand to help clean off the grounds, repair the graves and fences and otherwise beautify the place. There is no rule prohibiting preachers from being present, and this invitation is intended to include big, little, old and young, male and female, secular, or secta-

This invitation is published at the request of Josh Millard, and other citizens of the North church community, who were present to take the lead in the proposed work.

A VERY GRAVE OFFENCE.

Young Man Caught In The Act of Poisoning Syrup.

From Monday's Daily:

A great deal of excitement was occasioned this afternoon, about 1 o'clock by the arrest of a young man named Runnels, who had charge of Perkins Bros. Soda Fountain.

Runnels, it is alleged, was caught in the act of putting strychnine in a can of syrup that had just been made up at Stripling Haselwood & Co.'s to be used in making cold drinks. Runnels had been suspected and a watch was kept on him resulting in his being caught in the very act. He was detained, witnesses were called in and he was turned over to the officers.

He was at once arraigned before Justice W. D. Peevey and his bond fixed at \$1,500. Up to going to press he had not made bail and is still in custody of the officers.

The syrup was destroyed and all the vessels thoroughly cleaned and there is no danger in anyone being poisoned at Stripling, Haselwood & Co.'s fountain. The strangest feature of the matter is that a salaried clerk should be guilty of such an act, and Perkins Bros., for whom he worked, are horrified. What motive he could have for the commission of such a grave crime is a mystery to everyone.

Refused Bail.

The negro, Bob Forney, charged with the murder of Will McGaughey, colored, was tried under habeas corpus proceedings before Judge Davis Saturday and was remanded to jail without bail. From the evidence adduced at the trial the court was of the opinion that the killing of McGaughey was murder in the first degree and the defendant was not entitled to bail. Forney will be compelled to lie in jail until the meeting of district court, as there is no session of the court of criminal appeals until October and an appeal to higher courts could not be acted on before the September term of our district court.

Cesar Conquered Britain.

Malaria was conquered by Simmon's Liver purifier (tin box) protected from moisture, dust and insects. Clears the complexion, cures constipation, aids and corrects action of the liver.

Shingles, Shingles.

We have started our shingle mill up again and now have a stock of fine shingles ready for delivery, on short notice.

A. B. Muckleroy & Son.

Well improved farm 3-4 mile west from Melrose.

J. N. Wilson.

Cane Mills and Evaporators.

When in the market for a CANE MILL remember the

"VICTOR."

The "Victor" is beyond question the heaviest, strongest, most durable and lightest running cane mill in the market, and you get more juice out of your cane by using a Victor than with any other mill.

Galvanized Iron and Copper Pan Evaporators. A large stock and low prices.

For anything in the Hardware, Stove or Furniture line, or Buggies, Wagons and Farm Implements, call on

Cason, Richardson & Co

The best stock of mill supplies and machinery in East Texas.

Some Big Machinery.

From Saturday's Daily:

Cason, Richardson & Co. received a consignment of two carloads of machinery this morning consisting of one boiler and one engine, which is said to be the largest machinery of its kind ever shipped to Nacogdoches. This machinery was sold by Cason, Richardson & Co. and is consigned to them for delivery.

The boiler is one hundred horse power and is sold to the Nacogdoches Light and Power Co., and will be put up at once at their plant, greatly facilitating the company's service.

The engine is one hundred and seventy horse power, and was sold to the Ragley Milling company and will be re-shipped from this point to Ragley, on the line of Shelby and Rusk counties.

Cason, Richardson & Co. are now extensive dealers in heavy machinery and they have sold a large number of saw mill and gin outfits, but this is their first sale of machinery of such capacity, although they can fill orders for even larger machinery on comparatively short notice. They carry a line of engines and mill and gin machinery in their warehouses in Nacogdoches and handle orders for lighter machinery and machinery supplies from their stock, but these unusually large engines and boilers have to be built at the factories after orders have been received.

Aunt Lucindy.

Always carries Hunt's Lightning Oil around with her, says it's fine for swelling, toothache, colic, weak back, and back-ache, cuts, burns, neuralgia, catarrh. Aunt Lucindy has sixty nine grand children and ought to know what she is talking about.

ONE HAD A RAZOR.

Two Negro Women Engaged in Fierce Battle.

From Monday's Daily:

An exciting fight took place in the grocery store of R. H. Iron late Saturday evening between two negro women, both denizens of the colored quarter on Mound and Houston streets. Their names are Genie Edmunds and Annie Terry.

The women came in the store at first thought they were playing. The fight became fiercer as they proceeded toward the back door and Genie finally got Annie down. They were separated, but only till the latter could secure a razor which she had secreted in her stocking. She then renewed the attack and became a perfect tigress. She slashed Genie across the back of the neck and on one arm inflicting serious wounds, and cut and slashed at every one who undertook to part them. She cut a long slit in Mr. Paul Delamar's shirt front and inflicted a slight wound on his arm. Josh Millard, Howard Iron, Mr. Baker, Mr. Delamar and J. H. Summers, Jr. were all present, and she kept them dodging to keep clear of her dangerous weapon. Finally she was knocked down and Mr. Millard put his foot on her neck while two other men grasped her hand and succeeded in disarming her. She was crazed with rage and her fury was terrible. Had it not been for the men present she would have whittled her antagonist into shoe strings. She was turned over to the officers and was placed in jail, where she was given time to reflect and cool her rage. She was released on bond yesterday to await examining trial before Judge Peevey.

The Weekly Sentinel

R. W. HALTOM, Editor

DISTRICT COURT is now in session at Center.

LET'S have an old settler's reunion in Nacogdoches.

REAL ESTATE in the vicinity of Nacogdoches are now coming in demand.

EVERYTHING is going wrong in Nacogdoches. The people living outside of the old lines did not vote at all, but those that did were almost unanimously for corporation.

Nacogdoches is a "dry" town. A good portion of the time these days of numerous and frequent elections.

WHEN you go to the city to build that \$50,000 hotel. We will need it pretty quick, if the city and Nacogdoches keep spreading.

CENTER is going to banquet the East Texas editors and a lot of railroad men on August 19th. We must see that Nacogdoches is represented.

Two wealthy Japanese have bought 100 acres of land in the vicinity of Houston and will locate a colony of their country men upon it.

SOME scientist has discovered that the cause of consumption. We must see that it is, at the present prices.

ALFALFA will be added to the East Texas crop diversification, and some of our hillsides will soon be classed as the most valuable lands of this section.

Tomato shippers of Lufkin have lost three cars of tomatoes. "Swiped," car and all," says the Daily Herald. "Didn't even have a trace of the number on the books" of the receiver.

There is unusual activity in the oil fields of Nacogdoches and excitement is running high. We seem to be on the eve of a regular Beaumont and Sour Lake boom. There are several visitors now on the ground, and quite a number of land deals have taken place within the past few days.

LETTERS from all parts of the county; in fact all over East Texas, say both corn and cotton crops are fine. Cotton generally has a bad stand and in some places is attacked by the boll weevil, but as a general thing the prospect is very good for an average crop.

LOTS of people without brains enough to make a success of life and stay good seem to imagine that they will be first under the wire if they try the other state, when the fact is, competition is keener along the crooked course, and it really takes more brains and acumen to succeed in rascality than in honesty.

THE ELECTION.

Only one hundred and ninety-four votes were polled in the city election, the vote standing 178 for and 16 against the corporation. The antis seem very much surprised at the result as they expected a good strong vote against reincorporating the city. The election was very quiet and voting was slow all day. A good many of the people living outside of the old lines did not vote at all, but those that did were almost unanimously for corporation. Fully half the antis that voted live within the old limits—some of them within the fire limits.

The election for city officers will be held on Monday, July 27th, after which date we will once more be under the protection of an efficient city government.

ARE you doing your duty towards the strangers that are visiting Nacogdoches. They are all prospecting, and many of them would make desirable citizens. Make a good impression upon them by showing them the right courtesies and hospitality and we may gain many as permanent citizens.

THE saloon men of Nacogdoches are now doing a thing that should have been done long ago. That is, agreeing to vigilantly prosecute the first of their number who violates the Sunday law. It cannot be denied that the disregard to the Sunday law and looseness in observing all laws governing the liquor business among saloon men throughout the state is responsible for the prohibition wave that is passing over Texas.

THE better class of negroes in Indianapolis are taking sides with the white people against the lawless and worthless element among their color. If they succeed in driving this latter class into the country and into the rural districts where the people are less able to deal with them and protect themselves they will find that the race problem is far from being settled. Nine-tenths of the brutal crimes committed by ignorant, sheffless, worthless and vicious negroes occur in the sparsely settled agricultural districts, which are invariably followed by lynchings.

THE tomato growers of East Texas are having a hard experience this season. Between the low prices, loss in shipping and rotting in the patches, some of them haven't even made enough to pay for the crates.

THE SENTINEL is asked why it don't "puff up" the Nacogdoches oil boom. What's the use? It has puffed itself into a perfect fever. It don't need any "puffing" from the home papers. Let it get into the press on the outside. That's where the puffing does the most good in cases like our oil and tobacco excitement. We have the goods to show folks when they come here to take a view of things, and the local press has been telling them that all the time.

THE SCHOOL QUESTION.

Mr. Taylor insists that Present Procedure is Unconstitutional. Attorney General's Department, State of Texas. Mr. L. S. Taylor, Nacogdoches, Texas.

Austin, July 9, 1903.—This department is in receipt of your favor of the 1st inst., containing clippings from newspapers written by you in regard to the issuance of bonds by Independent School District No. 3 of Nacogdoches county, Texas. We note that you ask that when these bonds are presented to this department it give consideration to your communication upon the question. We filed the same and when such bonds are presented will carefully consider them in connection with what you have to say upon the question.

Yours very truly, T. S. Johnson, Asst. Atty. Gen'l.

The citizens of the old corporation of the city of Nacogdoches are requested to consider carefully and respectfully the Attorney General's ruling upon the issues of constitutional and statutory law presented to him in the communications mentioned in the foregoing letter and briefly stated herewith. Municipal corporation of Nacogdoches with one square mile of territory was and now is an independent school district under the constitution and statutes, and is therefore supreme over all others, and can assume control of its public schools at any time. Afterwards a corporation for school purposes only was organized, including the city limits of one square mile. These two corporations having jurisdiction of its public school and having equal power to tax its citizens and their property, and illustrated the fact thus: The state constitution limits taxation by cities and towns for school houses to 25c on the \$100. The school corporation had voted \$32,000 for school buildings say 25c on \$1.00 for 20 years, and the city or municipal corporation could and did tax 25c on the \$100 for its public buildings, which must include school houses under the statute, and thus the taxes exceeded the constitutional limit of 25c on the \$100 for this purpose, by these two corporations against the citizens within the one square mile of municipal corporation, while those who reside outside the city limits, would pay only 25c and that is not equal, and I presume the Atty. General's ruling applies to these facts while an examination of the legal statutes of said bonds was being investigated by him under the law.

Another assault is reported today. It occurred at Sherman and the victim is less than seven years old. Talk about it being murder to lynch or burn the beast that committed this deed! As well call it murder to slay a lion or any other wild beast that was taking the lives of people. The animal is away above the negro rapist.—Athens Daily Review.

A law had as well be passed authorizing the prompt dispatching of such characters. The people know no law in cases like this.

The Houston Chronicle is admittedly the paper of Houston. The Post is on a down grade in subscription patronage.—Tyler Courier.

Does the Courier make that assertion with malice, or as a matter of information to its readers? If the latter, where does the Courier get its information. It has more of the sound of the "boot lick" to the Chronicle than that of reason. The Post and Chronicle are both good papers, and the field is big enough for both, even if they were rivals. But they are not in each other's way since one is a morning and the other an afternoon paper. The man who thinks the Post is on the decline in the matter of patronage is certainly blind or terribly cross-eyed. The Post is at the very foot of a money making street.

THE grammarian and mathematicians of Texas are discussing the possibility, as well as the correct construction of the following sentence, which occurred in the Houston Chronicle for July 4th: "Before Colonel Morse began booming the land it was selling for easily from 100 to 150 per cent less than it brings now."

Some sticklers for accuracy say that a thing cannot lose more than 100 per cent of its value, and grammarian assert that the sentence cannot be diagrammed. The sentence would make the author of a rhetoric throw a fit and it reads as though the composer's train of thought had left the rails and was traveling on the ties, but barring the very unnecessary word "easily" the sentence is comprehensible, with care. All the Chronicle wanted to say is, that the land is worth over twice as much now as it was before Col. Morse began booming it. And that could have been said more easily.

BUILD CANNING FACTORIES.

Orders have come from the agents in the markets to ship no more tomatoes until further notice. The markets are glutted and they will not bring enough to pay freight and icing charges. This hurts Nacogdoches, which is now shipping two carloads a day, and simply means that anywhere from four to ten carloads must rot in the patches before the price comes up again sufficient to justify shipping. What a pity we have no canning factory to utilize this waste! — Nacogdoches Sentinel.

There will always be loss to tomato growers unless the people prepare to save the surplus through the instrumentality of canning factories. The truck farmers of east Texas get good prices for tomatoes early in the season, for the reason that the crop matures earlier here than in the North. At this season tomatoes are ripening all over the country, and Northern consumers cannot afford to pay the freight on vegetables raised at a distance. Unless the tomatoes ripening in Texas at present are canned they will be lost. It is best to build the canning factories so that next winter Texas people may have canned tomatoes without paying freight on those packed in Baltimore.—Galveston News.

HANG HIM.

The people up in Nacogdoches county are having trouble with a certain picture agent who during the past year has made at least three unsuccessful attempts at criminal assault upon women. In one instance he criminally assaulted a lady while her husband was at work in the field, and a few days ago it seems that he contemplated the same crime upon the daughter of Mr. Owens near Mahl. Such men as this need stringing up to the first limb. The law is too good for them, and while he and his sort are permitted to tramp over the country no woman is safe in the absence of her husband even if in her own home. If more shotguns and less law were handed out to men of this ilk times would be better and society safer.—Lufkin Tribune.

This fellow is playing crazy, claims to be a somnambulist and all such stuff to excuse himself. But if he gets out of the last scrape, for which he is now behind the bars, he had better keep his eyes open and his wits about him. If he makes any more such breaks in Nacogdoches county the suggestions of The Tribune will most aptly be carried out in the latest approved style.

The business league of Nacogdoches is going after every enterprise that will help to make the town greater and better. This is the only correct way to build a town up. If we sit idly by and wait capital and enterprise may in the natural order of events or accidents, come our way and yet on the contrary they may never come. The better plan is to organize go to work, grab prosperity by the whiskers and jerk him in out of the wet.

THE season opens next month. Nacogdoches is looked for several of the best attractions.

Lufkin will in due time reach out and get a whole lot, if not all the Huntington shopping trade that now goes to Nacogdoches. The time has about passed when the farmers of Angelina county are compelled to go out of the county with their products to find good prices.—Lufkin Tribune.

Nacogdoches will always have the cash to buy their cotton and the goods to sell them at the right prices. If they desire to save money they will continue to come across the Angelina.

THE season opens next month. Nacogdoches is looked for several of the best attractions.

New Books.

George Ade has published another volume of his inimitable fables; these are "The Girl Proposition," and are the best yet.

Marie Corelli's new book "Temporal Power," is one of her strongest. The heroine "Gloria," is all that a heroine should be, and the story is thrilling.

"Ethel" by the author of Wee McGregor, is to be recommended to all who wish to know "what to say to a jelly fish at a ping pong party."

Of all the new books however, Frank Stockton's last work, published after his death is the most interesting. All who loved the man as shown in his books, grieved for his death, and this last work of his, "The Captain's Toll Gate," will be read with double interest, for the author's sake and its own.

"Oil has again taken a drop at Beaumont and Sour Lake. Galveston Tribune.

We are sorry to hear that oil is getting so dissipated.

In compliance with law and upon the return of G. L. Muckleroy, County Commissioner for precinct No. 4, Nacogdoches county, Texas, I hereby give notice that there has been found running at large, and estrayed, the owner of which is unknown,
One deep red sorrel mare about 9 years old about 15 hands high, no brands. Said animal now ranging 8 miles east from Nacogdoches and left in the care of Porter Sullivan.
If not legally proven away by the owner thereof within twenty days from the date hereof, the same will be advertised and said commissioner will proceed to sell the same according to law.
Dated, Nacogdoches, Texas, this 13th day of July, 1903.
E. M. WEEKS, County Clerk

APPLEBY LETTER

The News From Our Flourishing Little Neighbor.

Appleby, July 14th.—We are all living in very high spirits in the Red land city since the crops are just extra good, especially corn, and cotton is doing fine too.

We had an election Saturday to decide if our school district should be taxed 1-4 of 1 per cent to build a new school house. And there was only four votes against it; so we will soon have a very handsome school building under construction.

The board of trustees met yesterday and elected Prof. Geo. M. Hale, of Nacogdoches, and Prof. John Weatherly, of this city, as Co-principals. Assistants will be elected later. With these two educators we expect a school next year second to none.

A protracted meeting is being carried on this week at the Christian church by Rev. Jno. Strode, of this place, assisted by the Hon B. A. Calhoun, of Chireno.

Mr. Will Melton and Miss Dora Peterson were married at the Christian church last Sunday night.

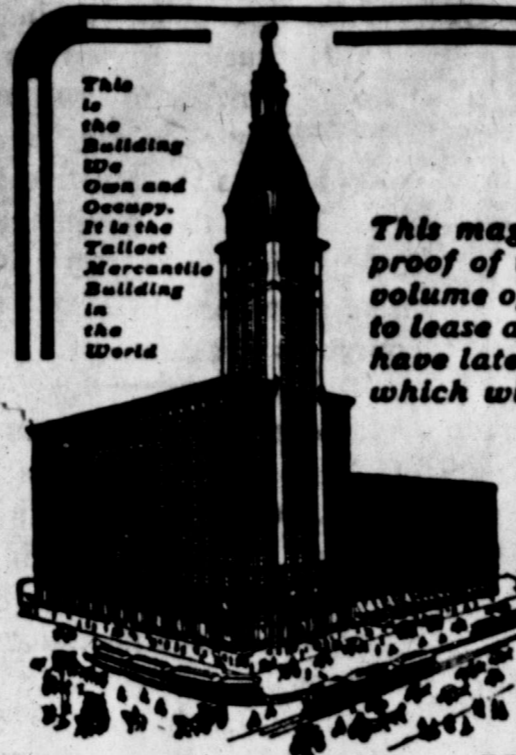

Mr. Oscar Justice and Miss Sallie Smith, of Martinsville, have been visiting in Appleby this week.

The Perfect Liver Medicine.
Mrs. M. A. Jolley, Noble, O. T., writes: "I have used Herbine for a number of years, and can cheerfully recommend it as the most perfect liver medicine, and the greatest blood purifier. It is a medicine, of positive merit, and fully accomplishes all that is claimed for it." Malaria cannot find a lodgment in the system while the liver is perfect order, for one of its functions is to prevent the absorption of fever producing poisons. Herbine is a most efficient liver regulator. 50c at Perkins Bros.

Mr. Jno. W. Davis is now the most popular man in town with the small boys. He received a Shetland pony yesterday, shipped from his horse ranch near Abilene and the boys are following him about in droves. The pony is a thoroughbred stallion, 41 inches high, is five years old perfectly domestic in disposition. He seems to love children, and there is no question about the children all having fallen in love with him. The pony is the property of Morgan, Mr. Davis' little son. He had been parted from it some time, and will never be happier in his life than he was this morning as the beautiful little pony was led through town, with Morgan caressing his pet at every step.

Sour Stomach

No appetite, loss of strength, nervousness, headache, constipation, bad breath, general debility, sour risings, and catarrh of the stomach are all due to indigestion. Kodol cures indigestion. This new discovery represents the natural juices of digestion as they exist in a healthy stomach, combined with the greatest known tonic and reconstructive properties. Kodol Dyspepsia Cure does not only cure indigestion and dyspepsia, but this famous remedy cures all stomach troubles by cleansing, purifying, sweetening and strengthening the mucous membranes lining the stomach.
Mr. S. S. Bell, of Ravenswood, W. Va., says:—"I was troubled with sour stomach for twenty years. Kodol cured me and we are now using it in milk for baby."

The Boss Worm Medicine.

H. P. Kumpe, Druggist, Leighton Ala., writes: "One of my customers had a child which was sick, and threw up all food, could retain nothing on its stomach. He bought one bottle of White's Cream Vermifuge, and it brought up 119 worms from the child. It's the boss worm medicine in the world." White's Cream Vermifuge is also the children's tonic. It improves their digestion and assimilation of food, strengthens their nervous system and restores them to the health, vigor and elasticity of spirits natural to childhood. 25c at Perkin Bros. w

Mr. B. Peppers, son of A. C. Peppers, a former resident of Nacogdoches county, but now living in Arkansas, is here on a visit to his old friends. He went out on a visit to the old home, near Melrose, this morning.

Cures Sciatica.

Rev. W. L. Riley, L. L. D. Cuba, New York, writes: "After fifteen days of excruciating pain from sciatic rheumatism, under various treatment, I was induced to try Ballard's Snow Liniment, the first application giving my first relief, and the second, entire relief. I can give it unqualified recommendation. 25c, 50c, and 1.00 at Perkin Bros. w

A young man named Munro, from Beaumont, is here taking a look at our oil lands and prospecting with the view to investing. He has already purchased a small tract of land in the oil district and may invest in other lands here.

Want all Your Peach Seed!
Peach seed are very scarce this year and I will pay highest price for all I can get. None but this seasons seed wanted. Leave them at my nursery at Rose Lake, or at Cason, Richardson & Co.'s store. I have a general line of fruit trees and flowers, and would be glad to exchange for seed, but if you don't want the trees will pay cash.
Jno. B. Power.

During the winter of 1901, Mr. R. O. Bell, Pontiac, Ill., contracted a severe cold. In speaking of how he cured it he says, "I had been suffering from the effects of la grippe, followed by a severe cough for several weeks last winter, had tried nearly every remedy known to myself and friends, but found no relief up to the time I began using Harts' Honey and Horehound. I received benefit even from the first bottle of this medicine, and three 25c bottles effectually cured me. Sold by Perkins Bros. druggist.

A Surgical Operation

is always dangerous—do not submit to the surgeon's knife until you have tried DeWitt's Witch Hazel Salve. It will cure when everything else fails—it has done this in thousands of cases. Here is one of them: I suffered from bleeding and protruding piles for twenty years. Was treated by different specialists and used many remedies, but obtained no relief until I used DeWitt's Witch Hazel Salve. Two boxes of this salve cured me eighteen months ago, and I have not had a touch of the piles since.—H. A. Tisdale, Summerton S. C. For blind bleeding, itching and protruding piles no remedy equals DeWitt's Witch Hazel Salve. Sold by Perkin Bros.

Rev. J. H. Case writes from Lone Dove church, near Garrison, that he officiated at the marriage of Mr. J. H. Miller and Miss Sarah Seal back on the 12th. Many friends and relatives were in attendance. After the wedding all repaired to the church where a delightful song service was held until the hour for preaching. After the church services the wedding party returned to the bride's parent's, where a bountiful repast was enjoyed and the remainder of the day was pleasantly spent. Many congratulations and well wishes for future usefulness, prosperity and happiness were showered upon the bride and groom.

Plumbers and Doctors Agree to This.

The bowels are the great sewer of the body, stop the drainage, and the house is full of deadly sewer gas. Allow the bowels to become constipated and every portion of the body becomes corrupted. Your doctor will tell you that nine-tenths of the disease that afflict humanity are caused by the bowels becoming constipated. There is only one absolutely sure cure for constipation. It is Re-Go Tonic Laxative Syrup and it costs only 25c to prove this statement. Sold by Perkin's Bro's. druggist.

The Roberts boys are erecting a small cottage on the old Roberts homestead lot for a home for their mother.

Two Bottles Cured Him.

"I was troubled with kidney complaint for about two years," writes A. H. Davis, of Mt. Sterling, Ia., "but two bottles of Foley's Kidney cure effected a permanent cure." Sold by Perkins Bros.

Mr. L. Zeve, is building an addition to his residence on North street, and improving a very pretty home.

Repulsive Features.

Blackheads, pimples, greasy faces and muddy complexions, which are so common among women, especially girls at a certain age, destroying beauty, disfiguring and making repulsive features which would otherwise appear attractive and refined, indicate that the liver is out of order. An occasional dose of Herbine will cleanse the bowels, regulate the liver and so establish a clear, healthy complexion. 50c at Perkin Bros. w

Andrew Davis, of San Augustine, is spending a short time in Nacogdoches.

Just About Bedtime.

take a Little Early Riser—it will cure constipation, biliousness and liver troubles. DeWitt's Little Early Risers are different from other pills. They do not gripe and break down the mucous membranes of the stomach, liver and bowels, but cure by gently arousing the secretions and giving strength to the organs. Sold by Perkin Bros.

Oil Land for Sale.

20 acres off a 74 acre track, 2 and one half miles west of Oil Springs. Address W. J. Blackmon, d3w2 Nacogdoches.

OSTEOPATHY.

Three weeks ago Dr. Wm. Teer came to our city and placed his ad in the Daily Sentinel. The prominent rating given him by the press of the state as a physician and a christian gentleman gave him an immediate introduction to the sick, and he is now doing a good practice with splendid results, and his patients are from the most prominent families of our city.

He only expected to reach the town by his first ad but he was agreeably surprised that he is receiving patients from remote parts of this and adjoining counties and other towns as well (owing to the extensive circulation and good influence of the Sentinel). The sick are coming from remote parts of this county, Angelina, Cherokee and other counties to take Dr. Teer's treatment.

This method of treating diseases is forging its way into almost every town, city and county in our nation. Cures are being made which appear miraculous even upon people in our midst. Our friends have been rescued from the brink of the grave, after medical skill had been exhausted.

Asthma. Osteopathy is the only rational method of treating this awful trouble. It absolutely removes the cause. If you have it, try it and be convinced. Epilepsy: We can show sworn statements from the very best people of our country demonstrating the fact that this dreadful disease has been cured by this method after medical skill had declared it incurable. Paralysis, Neuralgia, Rheumatism, Constipation, Indigestion, Gout, St. Vitus Dance, Locomotor Ataxia, Curvature of the Spine, with all kindred nervous troubles. Ear and Eye diseases. In Female Diseases there is no method that even approaches the Osteopath.

As every organ of the human body is controlled by special nerves, the Osteopath thoroughly understanding anatomy, reaches those troubles through the nerves which control the affected parts. To illustrate: Singultus (hiccup) kills many people annually under medical treatment. Now, this disease is caused by a momentary spasm of contraction of the diaphragm and a simultaneous contraction of the clottis. The Osteopath by making a pressure upon the phrenic nerve cures this disease in less than one minute. This will positively cure any case of hiccup instantly when scientifically applied (when not caused by approaching death).

Cholera Morbus kills thousands of people annually under medical treatment. This terrible disease is instantly cured by controlling the action of the great splanchnic and right pneumogastric nerves. The writer has cured many cases of this trouble instantly by the above methods after medical treatment had failed. There is positively no guess work about it. We know absolutely what to expect. This treatment correctly applied will cure the above diseases. In chronic diseases longer time is of course required to make a cure in some cases, even months. We treat all curable diseases and we reach many diseases by our methods which medicine does not reach.

Now, reader you will admit that if the above statements are true that Osteopathy is a great and valuable therapeutic science. Then please investigate and it is a fact that you will be convinced of a great truth.

Remember that it is the ignorant that condemns without investigation, which then is a barrier to his acquiring knowledge, hence that class seldom rises above the plane of superstition and ignorance. The most intelligent and cultured are always the first to investigate and take hold of the most valuable things of this life. In our nation governors, ex-governors, congressmen, lawyers, judges, and divines were the first to investigate and reap the benefit of Osteopathy. Members of the best and most cultured families of this city were Dr. Teer's first patients. Osteopathy is a rational therapeutic method, is strictly scientific, will stand against any and all opposition, has stood the test of the severest scrutiny, and will cover the whole earth.

Call upon the undersigned for any information you need in regard to this science. Consultation free. Office at Peavy's residence. Office hours 8 to 12 a.m. and 1 to 4 p.m. Phone No. 359.

WM. TEER, D. O.

The Weekly Sentinel

R. W. HALTOM, Editor

Don't forget next Friday is election day again.

Gushers continue to come in at Sour Lake.

The slump in the cotton market has put a quietus on Mr. Brown. He is as mum as an oyster.

Two more school elections and one city election, and then "the tug of war"—the local option fight.

ALTO has organized a business men's League. We had better keep an eye on that town this fall.

We presume the Daily Journal of Jacksonville is a "dead issue." Hasn't appeared at this office in two weeks.

HIS STRENUOUSNESS is suggested by the Wheeling (W. Va.) Register, as a title for our president. Why not His "I-ness"?

SMITH, Brown and Jones are not taking any liver pills around Nacogdoches these days. They are hanging their hopes on oil.

AN Austin preacher has just married his mother-in-law. He is 60 years old. It looks like a fellow would know better at that age.

If Easterling of the Orange Tribune, will come up now we'll give him a bath in Nacogdoches oil and a fine cigar from Nacogdoches tobacco.

NEXT Friday we will vote on the school tax, and Wednesday week we will vote again for city officers. We are progressing with our elections.

THE Nacogdoches tobacco crop has all been cut and housed. The big curing barn near the depot is chuck full and it is a beautiful sight to gaze upon.

TWO or three thousand dollars invested in a canning factory would save the truck growers more than its cost next season, if put in operation in time.

A NEGRO at Mineral Wells, charged with killing his wife, gave a fifteen thousand dollar bond. That doesn't look like the negro is entirely friendless in the South.

NEAR Humble in the northern part of Harris county there is a good deal of oil excitement at present. Indications are said to be fine and several wells are being sunk.

ASSISTANT auditor W. C. Parker, of the Southern Pacific Ry. Co., has been promoted to the position of auditor of the H. & T. C. vice James Appleby, resigned.

THE last two cars of tomatoes shipped from Nacogdoches netted the growers 30 cents a crate. Two more cars will be shipped Monday or Tuesday. Growers are warned not to crate anything but choice stock.

THE Sabine hotel at Port Arthur was destroyed by fire Friday morning at 4 o'clock. The loss amounts to \$80,000, with \$52,000 insurance.

BELTON is going to pull off a novel entertainment on the 21st. One feature of the program is a sham battle between the Red men and the Military company.

IT is a very easy matter to violate the new game law. The sportsman who kills anything outside of the months of November, December and January takes great risk.

FOR the third time the Morris faction has won the case in the Baptist church suit in Shelby county. The case will now be taken up to the court of civil appeals.

AN insurance company has offered to add insurance against strikes to its line. The new feature ought to meet the encouragement of both capital and labor, and doubtless will.

SOME of these days a gusher will be brought in the Nacogdoches oil field that will eclipse anything that has yet happened. All this perseverance and industry is bound to be rewarded.

THE Rams Horn says it is always an easy matter to reform the city if you live in the country. Yes and vice-versa. Its an awful easy matter to kill boll weevils and web worms and raise big crops—when you live in the city. Some theories are like tramps, they wan't work.

WHILE you are spouting oil so industriously, don't forget that we are going to have a school tax election next Friday. This subject is of as much importance to Nacogdoches as oil or anything else. In fact it ought to be our leading topic until we get our educational system once more in running order.

THE name of the "Insane Pavilion" in Belleville Hospital N. Y. has been changed to the "Psychopathic Ward." It the papers ever get to alluding to the "Psychopathic Asylums" at Austin and Terrell, we are afraid the asylums will be over crowded with people who went psychopathic trying to find out what the word meant.

THE first bale of new cotton for 1903, came from Zapata county and was received in Galveston on the 18th inst. It was consigned to W. L. Moody & Co. The bale was sold at auction to Carl Eichenberg for \$136. It is said that this is the first bale of cotton ever raised in Zapata county, and was hauled 107 miles to a gin and railroad station.

THE oil excitement continues unabated. Outside parties are appearing on the scene and several purchasers have been made for Beaumont companies during the past day or two. The old pipe flats of the oil region are becoming so valuable now that lawsuits are being instituted, where heretofore they have been a drag on the market and too poor to raise a disturbance.

THE Oklahoma Texas Oil Company has struck a strong flow of gas in one of its wells now being sunk near Colmesneil. It keeps on getting closer and closer to Nacogdoches.

THERE has been a dozen or so indictments filed against prominent officers and politicians since the beginning of the postal scandal investigation. We haven't heard of any trials and convictions yet.

AFTER a service of twenty-four years as county and district clerk of Chambers county, the Hon. J. R. Wooten has laid down his pen and passed to his final reward. He died at his home in Wallisville on July 16th.

H. SULLIVAN was arrested at San Antonio for alleged violation of the game law. He gave a dinner to a party of friends and the dinner consisted in part of wild quail and doves. The dinner gave him away. He perhaps was not familiar with the new game law.

THE Saloons at Sour Lake are running in spite of the recent election, in which Hardin county went for prohibition. The posting of improper election notices has rendered the election in that county void, and it is so held by the court of criminal appeals.

DON'T forget about the election next Friday. If you are not posted get to work and inform yourself as to its objects and vote right. If you favor good schools and buildings adequate to the health and comfort of your children, vote in the affirmative. We can never have good schools without a school tax.

THE Hogg-Swayne Syndicate has sold its oil lands in Texas and Louisiana for a million dollars. They still retain their stock in the Texas Company, which it said has refused to sell its property for thirty-five million dollars. We repeat our question to Col. Bowers of the Mule: Don't you wish you were as poor as Jim Hogg?

COTTON is being raised in Zapata county this year as an experiment. It is the first crop ever planted in the county, yet it produced the first bale for the season of 1903-4. In that county they raise two crops of corn a year, the fall crop usually being the best. Corn and hogs ought to be the crop in that section, and it looks foolish to be experimenting with such a valueless thing as cotton.

BRO. FRICK did not find the newspaper business more profitable than preaching, and he has suspended the Trinity County Press and turned over its subscription list to the Groveton Star. There seems to be a tendency among the preachers of the present day to break into journalism, but as a rule they find printing and preaching avocations of such wide distinction that they soon have to give up one or the other, and as printing is the less profitable and decidedly the most laborious, it is usually abandoned.

THEY have thier lynchings up in Kentucky, regardless of color. A white man was taken out of jail by a mob and hanged after he had received a life sentence in the penitentiary for murder. The mob said the penalty assessed by the court was not sufficient.

CONGRESSMAN LITTEAUER, of New York, President Roosevelt's "closest political adviser," made a profit of ninety thousand dollars out of a glove contract with the government during the Spanish-American war, in spite of the fact that the laws of the United States forbid a member of Congress to take any government contract. In 1900, in a public speech, Roosevelt acknowledged Litteauer as his closest friend and political adviser. The Litteauer scandal is a stunner to the President, and the question arises what is he going to do under the circumstances? The President has said that he will have everything about him "as clean as a hound's tooth," and Charley Edwards, the clever newspaper correspondent, suggests that it is time he is buying a carload of tooth brushes.

THE dispatches sent out yesterday have been confirmed. Pope Leo XIII is dead. After the memorable struggle His Eminence at last succumbed to the death angel, death occurring at 4:04 p. m. yesterday, as was announced. The Pope's last words were his blessings upon the Court, to which he added "Be this my last greeting." In his official capacity, Pope Leo has been in receipt for several years of an annual income of \$1,250,000. Leo, the individual, has for ten years or more enjoyed a return on his own personal investments of not more than \$100,000. His fortune of less than a million dollars will probably be distributed among his five nephews in equal shares. His pontifical fortune is to be placed under the trusteeship of three cardinals, to be handled and disbursed until the next pope shall have ascended the throne.

THE annual session of the Texas Farmer's Congress which has just closed at College Station was bigger, broader and better than ever before. The attendance, it is said was larger than ever before by thousands. There was never before such interest shown in agriculture and the increasing attendance at these congresses is evidence of the increasing interest in agricultural pursuits. But with all its increased interest and its splendid reflection of industries throughout the state, there was no exhibit from Nacogdoches, which has hitherto been successful in winning the prize for the best East Texas display at the Congress. We have no idea why our county was not represented, unless it was an oversight. We still have the prize money on hand from the former congress, which is held for no other purpose than to pay expenses in making an exhibit at the succeeding session. We must not let this happen another year.

THE State republican convention which met at Louisville, Kentucky, Thursday nominated the following ticket: For governor, Morris B. Belknap; for Lieut. Gov., J. B. Williams; State Treasurer, John A. Black; for Auditor, Geo. W. Welch; for Attorney General, Wm. J. Becner; for Secretary of State, J. C. Speight.

AN invitation to attend a Woodman Log Rolling at Tyler, 23rd and 24th, has been received by the Sentinel from Bro. McDougal, of the Tyler Courier, who is Chairman of the Press Committee. It would be a great pleasure to be present and mingle with our brother "Choppers," and we regret that it is impossible to accept the invitation. An old fiddler's contest will be held in connection with the Woodmen celebration.

THE Sentinel's snake editor claims that the sporting editor of that great family journal recently went over to Panola county fishing on Sunday and caught a mammoth tarpon out of the Murvaul; and that the creek fell 9 feet after it was removed and cites a man from Center as a witness. We would like to see his name and photograph in print—Center Daily News.

Here is his picture. Do you recognize him?

A YOUNG white man, a worthless and disreputable character, was killed by a negro at Joaquin a few nights ago, and in this one instance sympathy is on the negro's side. The white man was killed while depreddating upon the negro's premises with lude purposes, and after having been repeatedly warned by the negro to stay away. The white people of Tenaha who are familiar with the circumstances, are in sympathy with the negro. The white man had been a common nuisance in the vicinity until he had no friends nor sympathizers and it was a relief to the community to be rid of him.

No race war in Center. We have the best niggers here in the world. They are sober, industrious and law abiding. Many of them own their own homes and vote the Democratic ticket. We are proud of the condition of affairs here. Niggers are so much better than they are anywhere else.—Center Daily News.

We have always noticed that the best negroes in a community are those that always vote the local and state democratic ticket. In this section they are never asked to vote the national democratic ticket, and they most always vote for a republican for president. But the best contented and most prosperous among them always stand by the democratic ticket and pay no attention to the political blatherskyte that is always taking up some new politicalism. We have a few dozen of this kind in Nacogdoches county and they all stand well with white people.

Our sister of Nacogdoches has spread over several more hills. We are glad she is growing we'd hate to run right off from her down here at Lufkin. — Lufkin Daily Hera d.

If it weren't for the Angelina bottom, we'd soon have Lufkin in our suburbs. Expense of keeping up streets and bridges is all that keeps her out.

It matters little what may not be inscribed upon our grave stones after we have gone, if during life we have succeeded in writing the proper message upon the hearts of those with whom we come in contact.—Grapeland Messenger.

If we have to write a message on some of the hearts with whom we have come in contact it will take nitric acid or sand blast to do it properly. Most newspaper men we know sail in the same boat.

THE Sentinel and Plaindealer of Nacogdoches have dissolved partnership and will be published in separate shops as previous to the combination. With this arrangement both papers will be appreciated more in the future, the old arrangement having destroyed all rivalry and originality.—Center New Era.

Now, if the New Era will do likewise and take the back track to Tenaha it will be itself again.

John T. Richardson is in receipt of a letter from Sam H. Dixon in which the opportunity is offered Timpson to get in on the tobacco proposition. Briefly stated, if Timpson will plant fifty acres in tobacco, a government expert will be stationed here to give all needed instructions. Now let the truckers get busy.—Timpson Times.

Any section of East Texas that will plant fifty acres in tobacco may obtain the services of a government tobacco expert as a general supervisor without charge, if we are not misinformed. This is a tobacco country and only needs experience to develop it. Uncle Sam will freely and cheerfully assist any and all who wish to acquire the instructions and experience necessary to the successful growing of the plant.

Texas Text Books.

Hon. G. B. Griggs of Houston, before the state book board last Wednesday, took the position that the text books for Texas should be written by Texas authors and manufactured in Texas, of Texas material. It is an entirely feasible suggestion. Over a half million dollars a year would thus be spent in Texas that would otherwise be sent away, and this would be about the least of the benefits. The stimulus to home talent, state spirit and pride, and to Texas manufacturers would be worth more than could be estimated in figures, if the plan prevailed.—Bryan Eagle.

Nacogdoches, by a practically unanimous vote, has expanded its city limits. That is an evidence of enterprise and with the numerous good things going that way there is no reason why the historical old city should not become conspicuous among the commercial marts of East Texas.—Beaumont Journal.

Come Early And Avoid the Rush

For Our
**MITCHELL
TENNESSEE
OLD HICKORY Wagons**

Are going fast. They are all fast goers, light running and very handsome and durable.

The "Fasting Going" things on wheels are our up-to-date

Buggies, Surries, Phaetons, Run-Abouts, Stanhopes, Hacks and Spring Wagons.

Come and inspect and price them. Our repository is full of beauties. For the next 60 days we are going to make special low prices on all pleasure vehicles. See us before buying.

Cane Mills, Evaporators, Furnaces and Furnace Fixtures are going to be our strong point this season.

Five Car Loads of Furniture.

Of every description and grade. Don't say you didn't know we handled Furniture. We are in the furniture business to stay and will sell you what Furniture you want for less money than you can buy elsewhere.

Save fully 25 to 33 1-3 per cent by trading with us.

Garland Stoves.

The celebrated "Garland" Stoves in any size wanted from a Baby 7 to an Elephantine Range. Doors and Windows, Hardware, Guns Amunition, Crockery, Harness, Saddlery, and the best Rubber Belting on earth.

Come and buy the Tools, Nails, Doors, Hings, etc., to build your new barn.

REMEMBER We haven't gone out of the Dry Goods, Clothing, Shoe, Furnishing and Tailoring Business. Our Mid-Summer Prices are the cheapest in Nacogdoches.

Yours truly,

MAYER @ SCHMIDT.

P. S.—A Car Load of Delta Log Wagons to arrive next week.

LETTER FROM MELROSE.

The News and Personals From Our Little Neighbor.

Melroe, July 21.—The oil interest is high in our part of the country, deals are being made every day for lands in the oil fields.

Mrs. Della Simpson and family, from Garrison, are visiting relatives this week at Melroe.

Crops are fine and we are all very much encouraged over the prosperous condition of our county. Also the spiritual interest is increasing.

Bro. Gaddy's meeting was a blessing to Melroe, and he is now holding an interesting meeting at Chireno. His great success is owing to his dependence on God and pure unselfish way he has of getting into the hearts and homes of every one. He is toiling to get people to heaven regardless of the churchism.

Mrs. Morgan and her son John Morgan were buried last week. The funeral services were performed by Bros. Baucum and Burk. Mrs. Morgan was loved by every one who knew her, for her sweet disposition and loving kindness. In her affliction and sickness at the close of her well spent life God gave her that faith and full assurance of her acceptance with him which enabled her to go sweeping through the gates, washed in the blood of the Lamb. Weep not loved ones. She has gone to that sweet rest prepared for those who die in the Lord. Our glori-

ous privilege is to follow on. Bro. Burk preached two good sermons yesterday. Our school is progressing nicely under the management of two nice young ladies of Nacogdoches.

Don't fool with your eyes. If they need a remedy go to the square dealing firm of Stripling Haselwood & Co.'s and get a bottle of Dickey's Old Reliable Eye Water. This store sells it because it is good.

The Pope is Dead.

The news of the death of Pope Leo XIII was received here about noon today. According to our time the Pope passed away about 9 o'clock this morning.

The first dispatch received stated that at 3:34 this afternoon the Pope could not live more than two hours. A second message flashed over the wire 30 minutes later announcing the death of His Reverence. After that no further dispatches were allowed sent out, and as none of these have been confirmed it is not absolutely certain that the Pope is dead.

Residence Burned.

From Saturday's Daily: The residence of Mr. J. E. Harrell, on South Fredonia Hill was destroyed by fire about 11 o'clock today. The building was totally destroyed though nearly all the household effects were saved. The house was the property of Dr. J. E. Mayfield and was known as the Dick Moors place.

The fire originated from the stove flue in the kitchen.

OUR CUSHING CALENDAR.

Current News, Notes and Personals. Improvements.

Cushing, July 19th, 1903.—A business firm of Lutkin will locate here soon. The new business will be conducted in the Williamson building. Mr. Williamson will occupy, (when completed) his new store house on the opposite side of the railroad.

N. G. Wade, of Nacogdoches, has been visiting near Cushing the past week.

The telephone line from Henderson, via Glenfawn is completed, and now we have communication with all the principal towns of East Texas.

Mr. R. Petre, of Lake Charles, La., is visiting his cousin W. J. Brackin.

Mr. D. J. Williams, brother of our fellow-townsmen, J. T. Williams, was here a few days the past week.

Mr. E. E. Thomas will begin the erection of his dwelling in a short time.

Dr. Wickware will build a handsome residence in the near future. The Dr. lives 4 miles south of town and has telephone connection with Cushing.

Mr. Jody Long, of Nacogdoches, was here a few days the past week.

Mr. A. A. Selner will complete his building soon.

Mr. Geo. McDaniel, representing Nacogdoches Grocery Co., was shaking hands with his customers last week.

Mr. Chas. Jackson, of Shreveport, La., representing Dreyfus Dry Goods Co.,

of Shreveport, was here Wednesday and Friday.

Mrs. H. B. Davis is visiting home folks in Nacogdoches this week.

Mr. C. C. Rowland is critically ill at his home with slow fever.

Mrs. M. Peterson is visiting relatives in Garrison this week.

Quite a number of our citizens left for Nacogdoches on Sunday's train. They go to attend County Court as witnesses in the local option cases.

Mr. A. B. Martindale had the misfortune to stick a nail in his foot, and while quite painful is not serious.

Work is being rushed on the school house, and when completed Cushing can boast of a good school building, and better than all a fine spring of ever flowing water near by.

A Sunday school was organized here last Sunday.

Mrs. Rawland, of Gibbs, La. is here on account of the illness of her son, Mr. C. C. Rowland.

Mr. Cal Scott, of Swift, is here.

As an evidence of the overwhelming corn crop in the west end of the county, Uncle Love Legg sends us a corn-stalk containing five matured ears of corn and a stack of fodder. There is nothing short about Nacogdoches county's corn crop this year.

Mr. C. S. Southern has nearly completed the painting of the Banita hotel, which is being repainted and papered.

BACK FROM NACOGDOCHES

Col. Morse and Mr. Anderson Looked Over Tobacco Fields There.

Traffic Passenger Manager S. F. B. Morse and General Passenger Agent T. J. Anderson got back from Nacogdoches this morning. Messrs Anderson and Morse have been over to the region where the United States government is planting tobacco, and incidentally raising some as fine leaf as was ever grown in Cuba or the world to show a very wealthy New York party over the field.

Col. Morse said that the harvesting of the tobacco was very nearly finished and that everybody interested in the great Texas tobacco field were boiling over with enthusiasm. He said that the 30 acres would yield 800 pounds to the acre and that expert tobacco people said that in quality of leaf and aroma of smoke it would be a revelation to tobacco people all over the world.

Col. Morse brought a lot of the tobacco home with him and samples of it he is having done up in oil paper and send-

ing to tobacco people in the East who are friends of his and who are interested in seeing the results of the first year's crop.—Houston Chronicle.

We Can't Tell a Lie

When we say there is no shaking of bottles, no licking of spoons, no wry faces when Cheatham's Laxative Chill tablet are used, 25cts. No cure—no pay.

Runaway.

I have a dark brown mare, five years old, about 16 hands high, with long mane and tail, white star in her face, no brand. She has a rope under her stomach from a hurt. To any person who will take her up and write me, or bring her to me, I'll pay well for his trouble. I live at Carraway's mill. Postoffice Appleby, Texas. Rev. A. L. Charlton.

The Sentinel was presented with another mammoth radish this week. The last was raised by J. M. Matthews of Melroe, is white, measures 20 inches in circumference and is 12 inches in length.

FANCY
GLASS
WARE.

We have the Biggest Stock of
China and Glassware
In the city.
DINNER SETS our specialty.

CAMPBELL'S
RACKET STORE.

THURSDAY'S LOCALS.

Frank Moore, of Chireno, is in the city.

W. J. Grimes, of Melrose, is here today.

Robt. Scott, Jr. of Melrose, is in the city today.

Mr. Warner Wilson, of Chireno, is in the city today.

Col. F. L. McKnight, of Douglass, is in the city today.

Jackson Parrott was in the city yesterday shaking hands and "jolly" with his friends.

John Weatherly, of Appleby, was in the city yesterday afternoon on a business visit.

Miss Norma Swift, of Melrose, is visiting friends in Nacogdoches and will spend the week here.

Rev. A. J. Holt and family left for La Porte this morning to spend about ten days at the popular summer resort.

Luther Swift is here today. He likes our city and spends a good deal of his spare time with his Nacogdoches friends.

Mr. and Mrs. Tom Gillis, of Stoker, were pleasant callers at the Sentinel office, while in the city on a shopping trip yesterday.

Rev. Dr. John Washburn, of Ewing, Illinois, is in the city on a visit to his daughter, Mrs. Dr. W. H. Campbell, and will spend a week or two in our midst. Dr. Washburn is part owner and is connected with the Ewing College, one of the leading Baptist schools of the state of Illinois.

The little grand child of Mr. W. H. Stuckey, of Mahl, Abbie Cora Hughes, died at Mr. Stuckey's residence yesterday morning at five o'clock, and was buried this morning at North church, Rev. S. F. Baucom performing the services. The baby was three and a half years old, when she went to find her parents who had both gone before her to the other world. She was the pet of her grand parents, and all sympathise with the loss of the sunbeam of the house.

Rev. J. A. Burkhalter died last night at his home one mile south of the city. He had been in feeble health many months and for the past few weeks had been confined to his bed. He leaves a widow and a large family of children, including a grown son and daughter, the son, Frank, a resident of San Augustine, and daughter, M. S. Lane, a resident of Anderson, Grimes county. His remains will be laid to rest in the city cemetery this evening at 5 o'clock.

Indigestion arises from a weakened condition of the stomach, caused by the over-eating or eating indigestible or improperly cooked food, alcoholic drinks, etc., thus exhausting nerve force and the stomach resulting in indigestion, dyspepsia, biliousness and constipation. A cure of those complaints can be effected in a short time by the regular use of Re-Go, the famous Tonic Laxative Syrup. The expense is only 25 or 50 cents and is certainly a modest doctor bill. Re-Go is sold by Perkins Bro's. druggist.

FRIDAY'S LOCALS.

E. M. Morgan, of Melrose, is in town today.

B. Corley, of Libbert was in the city this morning.

Mr. Butler, of Shady Grove, was trading in the city this morning.

Mrs. Huff of Edwards county, is in the city on a visit to her nephew, A. W. Eddings.

Wm. Slay has returned from Dallas, where he has been for the past six months.

Misses Ora and Balma Simmons, of Appleby, were in the city yesterday afternoon on a shopping expedition.

Rev. W. W. Watts has an appointment to deliver a lecture on "Books" at Garrison on Friday night, the 24th inst.

Mr. J. M. Roberts brought the biggest watermelon to this office this morning that we have seen this year.

There was a large crowd of strangers in Nacogdoches yesterday, presumably attracted here by the oil excitement. Quite a lot of land in the Oil Wells vicinity has changed hands during the past week.

Frank Jones returned this morning from Beeville, where he and F. J. Baucom went to buy horses. Mr. Baucom stayed to bring back the horses, of which they have a fine lot.

Cards are out for the wedding of Mr. W. F. Wilson, of Orange, and Miss Willie Mae Bowler, of Nacogdoches, on Wednesday July 29th, at the residence of Miss Bowler's parents, Mr. and Mrs. W. B. McKnight.

Mr. and Mrs. A. W. Grimes went to San Augustine yesterday to spend several days with friends. They were accompanied by Miss Evie Day, who has been visiting them here.

B. F. McBee brought a dressed pork to town this morning and sold it at Geo. W. Blackburn's market for \$24.50. He sold one last week that netted him \$15.50. Mr. McBee has quit cotton and gone into the fruit, corn and hog raising business and will make a success of it.

Frank Summers and W. G. Harrington attended the public sale of E. J. Hunt bankrupt stock of lumber and mill fixtures at Appleby yesterday. They bought in the stock of lumber at \$4.10 per thousand, they also bought the plainer shed and dollyways. The houses were bought by farmers in the vicinity of the mill.

A Very Close Call.

"I stuck to my engine, although every joint and every nerve was racked with pain," writes C. W. Bellamy, a locomotive fireman, of Burlington, Iowa. "I was weak and pale, without any appetite and all run down. As I was about to give up, I got a bottle of Electric Bitters, and after taking it, I felt as well as I ever did in my life." Weak, sickly, run down people always gain new life, strength and vigor from their use. Try them. Satisfaction guaranteed by Stripling Hazelwood & Co. Price 50 cents.

Saved From Terrible Death.

The family of Mrs. M. L. Bobbitt of Bargeton, Tenn., saw her dying and were powerless to save her. The most skillful physician and every remedy used failed, while consumption was slowly but surely taking her life. In this terrible hour Dr. King's New Discovery for consumption turned despair into joy. The first bottle brought immediate relief and its continued use completely cured her. It's the most certain cure in the world for all throat and lung troubles. Guaranteed. Bottles 50c and \$1.00. Trial bottles free at Stripling Hazelwood's & Co.

Mr. and Mrs. J. M. George and their two children have rooms at the residence of Mrs. W. J. Sechrest and are temporarily citizens of Nacogdoches. Mr. George will be remembered as delivering some eloquent temperance lectures in the city about a year ago. He is in the insurance business, and speaks of locating in our town permanently, where he and his charming family will be a welcome addition.

Wonderful Nerve.

Is displayed by many a man enduring pains of accidental cuts, wounds, bruises, burns, scalds, sore feet or stih joints. But there is no need for it. Bucklen's Arnica salve will kill the pain and cure the trouble. It's the best salve on earth for piles, too. 25 cents Stripling Hazelwood & Co., druggist.

Dr. E. A. Blount, and his charming wife returned to their home in Dallas this afternoon, after a visit of about two weeks to Dr. Blount's parents, Mr. and Mrs. E. A. Blount. Their many friends in Nacogdoches regret that their stay in the city was so short.

Domestic Troubles.

It is exceptional to find a family where there are no domestic ruptures occasionally, but these can be lessened by having Dr. King's New life pills around. Much trouble they save by their great work in stomach and lives troubles. They not only relieve you but cure. 25c at Stripling Hazelwood & Co.'s drug store.

Rev. J. T. McClure and family left this morning for Nacogdoches, to visit friends a day or two.—Timpson Times.

You Know What You Are Taking.

When you take Grove's Tonic: Chill Tonic because the formula is plainly printed on every bottle showing that it is simply Iron and Quinine in a tasteless form. No cure, No pay. 50c.

To see seven or eight men bending over a map of the oil fields looks as though there was a rumor or two abroad at least.

Bak-Ake Specific is sold on a guarantee to cure all forms kidney disease. Have no other Sold by. Stripling Hazelwood & Co.

Mrs. W. Y. Garrison, of Garrison, and Mrs. Henry, of Timpson, are visiting in the city, the guests of Mrs. Arthur Ireson.

One or two doses of Bak-Ake Specific will relieve kidney trouble. One bottle guaranteed to cure, by Stripling Hazelwood & Co.

W. O. W.

There was a large attendance of members at the Woodmen meeting last night and the Camp had a lively session. Two new members initiated into the mysteries of Woodcraft and Liberty Elm now has 93 members on her roster. It is confidently expected that the membership will reach 100 before the close of 1903. The Camp is in a flourishing condition and has a first class team for degree work. The meetings are especially interesting whenever there is degree work on hand.

To the Public.

You are hereby notified to purchase either of the following two notes given by the undersigned in favor of W. H. Alders, dated May 29th 1903, one for \$425.00 due 90 days from date and one for \$430.00 due 6 months from date retaining a lien on 221 acres of the J. M. Mora grant in Nacogdoches Co., Texas.

C. A. Jones.
W. L. Lloyd.
O. P. Stephens.

To Cure a Cold in One Day

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

A report has reached here that the Rev. D. L. Cain was dead, that he succumbed to that terrible disease typhoid fever. This news has cast a gloom of sorrow over the town. Bro. Crain was Pastor of the Methodist church here for four years, the limit, and was universally respected as an exemplary good man, a kind and true friend and earnest christian divine.—Garrison Signal.

For all forms of kidney trouble take only Bak-Ake Specific. Sold and guaranteed by Stripling Hazelwood & Co.

To the Public.

I hereby forbid any work being done on one certain tract of land deeded by me to C. A. Jones, W. L. Lloyd and O. P. Stephens, on the J. M. Moore grant, until timber question on said land is settled. A. W. Alders.

Bak-Ake Specific is the only kidney remedy on the market guaranteed to cure. Buy no other Sold by Stripling, Hazelwood & Co.

A petition asking the county commissioners to order an election to determine whether whisky shall be sold in Angelina county is being circulated throughout the county for the purpose of obtaining the required number of signatures.—Lufkin Tribune.

If your back hurts you, your kidneys are out of order. Don't neglect them. Bak Ake Specific is guaranteed to cure you. Sold by Stripling Hazelwood & Co.

Estray Notice.

In compliance with law and upon the return of G. L. Mackleroy, county commissioner of Prec. No. 4, Nacogdoches county, Texas, I hereby give notice that there has been found running at large, and estrayed, the owner of which is unknown. One dun gray horse about 14 hands high, about 9 or 10 years old, Crestfallen, said animal now ranging 10 miles southeast from Nacogdoches and left in care of Gill Chism. If not legally proven away by the owner thereof within twenty days from the date hereof, the same will be advertised and said commissioner will proceed to sell the same according to law. E. M. Weeks, County Clerk. Dated at Nacogdoches, Texas, this 13th day of July, 1903.

NEW LIFE IN THE OIL FIELD

Numerous Wells Being Sunk With Rosy Prospects.

LANDS SELLING LIKE HOT CAKES

Two Dollar Lands Have Jumped Up to Eighty Dollars an Acre And Still Climbing.

From Friday's Daily:

For a hundred years, or very near it, the Nacogdoches oil field has been proven territory, but never before in all its known existence has there been such interest and excitement manifest as has taken possession of the people during the past week.

For some years past there have been "rigs" constantly at work "feeling" around for the oil strata believed to exist almost any where within the county lines. Some of them have been operating even beyond the county limits. Nearly all these rigs have been successful in finding oil, though the coveted "paying quantity" has not yet been obtained. Such a thing as an absolutely "dry hole" has not yet been reported.

But for some cause new life and activity has been engendered of late and during the past week excitement has been at fever heat. It may be on account of one well having brought forth a strong flow of gas, after passing several small stratas of oil; or it may be because one or two other wells have produced a small flow of oil. One or two new outfits have been set up and are now in appropriation. One rig was sent out this week. Several of these rigs are owned and operated largely by local capital.

During the past two days twenty-six transfers of lands in the oil field, ranging from one-half acre to three thousand acres, have been filed in the county clerk's office, and the price averages about eighty dollars per acre. One transaction involves the mineral rights alone on three thousand acres of land and the price paid was twenty thousand, five hundred dollars. Another transfer of one thousand acres for ten thousand dollars was made. A large number of deals have taken place which have not yet been filed for record.

During the past few days a large number of oil men and prospectors from a distance have visited the oil district. Some of these have made the heaviest investments. A party of gentlemen from Houston were here today, presumably to investigate the reports that have gone abroad.

The oil fever has completely possessed the people of Nacogdoches, and men have actually neglected their business to join a group of "oil spouters" or spend an hour studying a piece of blue pa-

per traced with white lines representing the oil field.

We do not know what it amounts to, but certainly our people have never before been so stirred up on the oil question.

Cures Blood Poison, Cancer, Ulcers, Eczema, Carbuncles, etc. Medicine Free

If you have offensive pimples or eruptions, ulcers on any part of the body, aching bones or joints, falling hair, mucous patches, swollen glands, skin itches, sores, sore lips or gums, eating, festering sores, sharp, gnawing pains, then you suffer from serious blood poison or the beginning of deadly cancer. You may be permanently cured by taking Botanic Blood Balm (B. B. B.) made especially to cure the worst blood and skin disease. It kills the poison in the blood thereby giving a healthy blood supply to the effected parts, heals every sore or ulcer, even deadly cancer, stops all aches and pains and reduces all swellings. Botanic Blood Balm cures all malignant blood troubles, such as eczema, scabs and scalds, pimples, running sores, carbuncles, scrofula etc. Especially advised for all obstinate cases that have reached the second or third stage. Druggist, \$1. To prove it cures, sample of Blood Balm sent free and prepaid by writing Blood Balm Co., Atlanta Ga. Describe trouble and free medical advice sent in sealed letter.

Starting the Campaign.

The prohibition campaign opened up in earnest last Saturday. A meeting was held in the old court house. Everyone enthusiastic over the outlook. Mr. Albritton was appointed to carry the petition over the county. He will start tomorrow. The petition will be laid before the next commissioners' court. Granville Jones, the noted temperance speaker, will be invited to come and help in the work. A meeting was called for next Saturday at 5 p. m. in the court house.—Lufkin Daily Herald.

No False Claims.

The proprietors of Foley's Honey and tar do not advertise this as "a sure cure for consumption." They do not claim it will cure this dread complaint in advanced cases, but do positively assert that it will cure in the earlier stages and never fails to give comfort and relief in the worse cases. Foley's Honey and Tar is without doubt the greatest throat and lung remedy. Refuse substitutes. Sold by Perkins Bros.

Nearly every daily paper contains an account of how some man was shot and killed for being too familiar with other peoples' women folks. This is as it should be. This is a great big wide world and there is ample room in it for every man to live and be a gentleman. When he steps beyond the role of gentlemen and assumes the guise of a human wolf and wrecker of virtue he has a good size killing coming and generally gets it.—Lufkin Tribune.

Amen!

Sound kidneys are safeguards of life. Make the kidneys healthy by Foley's Kidney Cure. Sold by Perkins Bros.

FIERCE BADGER FIGHT.

Col. Morse and Party Had a "Sporty" Time Last Night.

From Friday's Daily:

If Col. Morse escapes the penalty for violating the Texas anti pool law he may thank the officers of Nacogdoches for their leniency. Col. Morse came up from Houston last night with a party of friends and railroad officials as guests on his private car and the crowd remained over until this afternoon, when they went to Beaumont over the T. & N. O. Among the party were Col. Morse, T. J. Anderson, E. C. Robinson and M. L. Mills, of Houston; J. B. Dabney, of New York; C. B. Moring, of Columbus, Ohio, and R. D. Bowers, of Paris, Texas. These gentlemen all went out to view the tobacco farms and the big barn, and spent the forenoon taking a look at the country generally around Nacogdoches.

But, going back to the "original question:" During the evening while the party were "swapping yarns" and killing time as best they could at the Banita hotel last night, one of Luther Wade's big dogs came along and Col. Morse remarked that he would make a fine badger fighter. Luther answered that the dog was a "good un," that he was already trained and that there was a big old grizzly badger out in the barn that was a fighter from away back. Col. Morse offered to bet the dog could whip the badger and his bet was called before the words were fairly spoken. The terms were arranged, the rules fixed and the crowd repaired to the 'bus shed to pull off the fight.

As everyone knows, pulling the rope which drags the badger from his hiding is a dangerous thing, so when it came to deciding who should "pull the string" it brought on a parley and it seemed for a time that the fight would have to be called off. Finally, however, growing impatient to see the fun, Mr. Robinson volunteered to pull the rope. The badger was yanked from under a big box, the dog was released and the fighting was fierce and fun ran high. The badger won the fight, but Col. Morse got his money's worth, if he did lose, and Mr. Robinson had to set 'em up about 'steen times before he could effect a compromise for turning the rope loose in his excitement, thus endangering the lives of the spectators.

Last Sunday Miss Inez Lister was playing with a little dog, and holding him up she whistled in his ear. The first whistle made him growl. Then she whistled again and he barked at her. The third and last time she whistled shrilly in his ear and he bit her. The dog's teeth went through her upper lip and the wound is giving the young lady intense pain and causes her great inconvenience.—Center News.

We'd better begin to teach this new Texas game law in the public schools as a regular study if the future citizen is ever to learn it.—Orange Tribune.

Just cut out your hunting all the year round and you'll run no risk.

Shooting at Lufkin.

In a pistol duel between Milton Mantooth and G. F. Barnet, a deputy sheriff, at Lufkin a few nights ago Mantooth was shot in the knee and so badly wounded that his leg had to be amputated. The officer was not hurt, although Mantooth, it is alleged, emptied his pistol at him. Mantooth was resisting arrest and fired at the officer, says the Lufkin Herald, which brought on the duel.

The Foundation of Health.

Nourishment is the foundation of health—life—strength. Kodol Dyspepsia Cure is the one great medicine that enables the stomach and digestive organs to digest, assimilate and transform all foods into the kind of blood that nourishes the nerves and feeds the tissues. Kodol lays the foundation for health. Nature does the rest. Indigestion, dyspepsia and all disorders of the stomach and digestive organs are cured by the use of Kodol. Sold by Perkin Bros.

We the undersigned agree to close our places of business from 12 o'clock Saturday night until 12 o'clock Sunday night. And we furthermore offer a reward of \$100.00 to any person who will prove that this agreement has been violated by giving or selling intoxicating liquors of any nature in or out of the saloon.

(SEAL) E. M. Weeks,
County Clerk, Nacogdoches County, Texas.

Catarrh of the Stomach.

When the stomach is over loaded; when food is taken into it that fails to digest, it decays and inflames the mucous membrane, exposing the nerves, and causes the glands to secrete mucin, instead of natural juices of digestions. This is called catarrh of the stomach. For years I suffered with catarrh of the stomach caused by indigestion. Doctors and medicines failed to benefit me until I used Kodol Dyspepsia Cure.—J. R. Rhea, Coppel, Texas. Sold by Perkin Bros.

Miss Mattie Wood has secured the position of first assistant in the college at Nacogdoches. Miss Mattie is a young lady of rare ability having only recently graduated from Sam Houston Normal, and the people of Nacogdoches are to be congratulated on securing her service.—Center Champion.

Bronchitis for Twenty Years.

Mrs. Minerva Smith, of Danville, Ill., writes: "I had bronchitis for twenty years and never got relief until I used Foley's Honey and Tar which is a sure cure. Sold by Perkins Bros."

The UNIVERSITY of TEXAS

WM. L. PRATHER, LL. D., President.

One hundred and nineteen instructors and officers, 1086 students and 262 summer students. Women admitted to all departments. Tuition free. Total expenses \$150 to \$250. Students from approved colleges admitted without examination and properly credited.

R. W. HALTOM, MANAGING EDITOR.

SATURDAY'S LOCALS.

H. V. Fall, Esq., of Chireno, is in the city on a business visit.

Prof. Marsnall writes from Austin, that he will return home this week and be here in time to vote for the school tax.

Mrs. W. J. Sechrest left for Moscow this morning where she will spend several weeks visiting her parents, Mr. and Mrs. S. Bergman.

Mayer & Schmidt bought a bale of cotton today for which they paid \$62.11. It wasn't new cotton either. It has been a long time since a bale of cotton sold for that much in Nacogdoches.

Stout Ham, colored, brought a load of watermelons to town this morning which are said to be the largest and finest yet brought in. They weighed from forty pounds each up to fifty pounds.

The work of placing the glass front in the Seale & Donegan building is nearing completion. The work has progressed sufficiently to show that it will be one of the handsomest fronts in the city when finished.

Mr. W. F. Martin, of Attoyac, returned this morning from Austin, where he graduated in the Academic course in the State University. He has recently been on a surveying trip, and will return to Austin later on to complete a course in surveying.

Tripple Hanging.

Smith Brown and Jones hang their hopes of recovery upon Cheatham's Laxative Chill Tablets. They will be around soon shaking hands with friends. 25c. No cure—no pay.

Notice.

There will be a State Sabbath School Convention held at Nacogdoches in the Presbyterian church on August the 19, 20 and 21st. This convention is inter-denominational. The pastors, superintendents and teachers of all Sabbath schools in the city are expected to take part, and all Sabbath schools are expected to send delegates. Delegates will be present from all parts of the state, some of the best talent, both men and women will be present, and a splendid program of exercises will be provided for each day. Further notice of the meeting, and the programs will be given through the columns of The Sentinel.

Mr. Henry Carraway has severed his connection with the Plaindealer, and leaves tonight for Houston, where he has accepted a position in the H. E. & W. T. railroad office. Henry thus leaves the printing business altogether, for the present, but we should not be surprised if he came back to it eventually. The printing business is like the country Kipling writes of, "When you hear the East a callin' you can't hear nothing else."

Willis B. Richardson, of Caddo, Stephens county, is visiting his old friends and relatives of his native home. He was born and raised near Nacogdoches, but left here many years ago and settled in Stephens county, where he has continued to reside and prosper. He was called back to his old home this time on account of the serious illness of his mother, who is reported much better today. He has a host of friends here who are glad to see his familiar face and shake his honest hand again. While we regret the circumstances under which he pays us this visit, it is the universal wish that he may continue to prosper and live to pay his Nacogdoches relatives and friends many more pleasant visits.

Strength and vigor come of good food, duly digested. "Force," a ready-to-serve wheat and barley food, adds no burden, but sustains, nourishes, invigorates.

MONDAY'S LOCALS.

W. H. Morgan, of Attoyac is in the city.

T. M. Hooks, of Clevenger, is in town today on business.

Dr. S. H. Robinson, of Melrose, is in Nacogdoches today on business.

Mrs. Tucker and two grand children returned from San Augustine Saturday.

John Parrish came up from Huntington Saturday and spent Sunday with his home folks.

McNeil Chapman, of Huntington, came in this morning on business and to see his little daughter.

Mrs. King who has been visiting her sister, Mrs. Gabe Scoggins, returned to her home at Sacul, today.

W. E. Banks, an enterprising business man, of Cushing, is looking after business affairs in our city today.

Mr. and Mrs. Marwilsky, accompanied by Dollie and Harry Goldberg are visiting friends and relatives at Lufkin.

Mrs. Virginia Kempner, of Evergreen, La., who has been visiting her daughter, Mrs. W. U. Perkins, returned home on Saturday.

County court beginning this morning, has brought a large crowd of people to town, and they are all discussing the oil situation.

Mrs. S. O. Bennet, of Chaneyville, returned to her home on Saturday afternoon after several weeks in the city, the guest of her niece, Mrs. W. U. Perkins.

Mr. P. C. Meador left yesterday for a visit to his old home in Geneva, Sabine Co. From there he will visit friends in Shelby County and will be absent about ten days.

Mrs. Ann Willis arrived from Garrison on Saturday, where she has been visiting for a short time, and is the guest of Mrs. J. T. Garrison. Mrs. Willis has been sojourning at Frankston for the past few months.

Mrs. W. Y. Garrison, of Garrison, and Mrs. J. Henry, of Timpson, who have been the guests of Mrs. Arthur Ireson, for the past week, returned to their homes yesterday afternoon.

Hon. H. B. Short, of Center, was in the city yesterday. He is the representative of Mrs. Huntington in the recent extensive oil land deals and it was through him that the mineral rights on three hundred acres of land in the proven territory was sold last week.

Messrs. J. B. Allgood, J. Henry, and John Todd, leading citizens of Timpson spent the day in Nacogdoches yesterday. They expressed themselves as being carried away by the city and its advantages and prospects and equally delighted with the spirit of progress shown by its citizens. Nacogdoches would be delighted to welcome all three of the enterprising gentlemen in the city limits for keeps. They were guests while here by Mr. Arthur Ireson.

TUESDAY'S LOCALS.

G. W. Long, of Trawick, is in the city.

Albert Brewer, of Trawick, is in the city today on business.

Dr. Turner, of Garrison, was in Nacogdoches yesterday afternoon on business.

Bill Meadford, a prosperous farmer, of Melrose, is trading in the city today.

Mrs. Ellen Day, of San Augustine, is visiting her mother, Mrs. Anna Paine, of this city.

Bert Smith and wife, of Houston, arrived last night on a visit to Mr. Smith's brother, J. G. Smith.

J. R. Engledow and little daughter Cleora, of Troupe, are visiting relatives in the city.

Frank Mize returned to his home in Mineola this afternoon, after several months visit to friends and relatives in the city.

Mr. and Mrs. Jno. B. Nelson returned home yesterday afternoon from a month's visit to relatives and friends out West. They spent most of the time in Burnett county.

Rev. Wm. Gaddy is in town this morning from Chireno, where he has been conducting a very successful protracted meeting. Seventeen members were baptized into the church.

Mr. Luther Wade and Miss Rose Jordan were quietly married today at twelve o'clock at the residence of Miss Jordan's brother, Mr. Rob't Jordan, Rev. Geo. L. Crockett performing the ceremony. No guests were invited, and only the immediate family of both being present. The bride was dressed in a traveling suit and Mr. and Mrs. Wade left on the T. & N. O. train for Dallas, after dinner at the Banita Hotel. They will proceed at once to Muskogee I. T. where they will spend a short time. Miss Jordan's home is in North Carolina, but she has been in Nacogdoches for the past two years, as a stenographer. She is a lovely girl and everyone in Nacogdoches is her friend. Her brother, Mr. Rob't Jordan is clerk in the Commercial National Bank, and stands high both socially and in a business way. Mr. Wade is a Nacogdoches man, and one of the most popular and respected young men that has ever claimed Nacogdoches as his home. He is the son of Mrs. N. G. Wade, owner of the Banita Hotel. Born and raised in the city, and is known and liked by all at home, always a leader in social circles. He is still one of the best business men in East Texas. Lately he has traveled for the Peter's Cartridge Co., and is winning a national reputation as one of the finest shots in the field. Congratulations will be showered on both the bride and groom for they number their friends by the hundreds. The Sentinel joins in the sincerest good wishes, and bespeaks for Mr. and Mrs. Wade a life of uninterrupted prosperity.

Jim Dunge exulted, "We do not, On summer days so close and hot, Build up a fire and stew and steam! A dish of 'Force,' a bowl of cream, Is just the food to fit our whim, And keeps us cool," laughed "Bunny Jim."

"FORCE"
 The Ready-to-Serve Cereal
 not a blood heater.

Ideal Summer Food.
 "Force" is an ideal summer food because it contains elements for nourishing every organ of the body, is easily digested, creates what we know as vigor, and at the same time does not make a river of fire out of the blood. FRANK G. BRANTON.

LETTER FROM E. C. BRANCH.

Only Yankee Vim Needed to Develop East Texas.

Ed. Sentinel:

Buffalo, July 18th, 1903.— Please send me, care Genesee Hotel, the Sentinel beginning with the 16th.

We reached Buffalo today at 6 a. m. Had a very pleasant trip. Pretty cool here; flannels feel good. Will remain here about one week and then go down to Niagara Falls for a week. This brings my first trip up here every thing looks strange to me. The country is different; the people don't look like ours. But can't help but admire the "move" these people get on them. If our town could send some of our well meaning "moss backs" up here for a month, I believe they would catch the spirit of progress and move things up a notch. Down there we raise everything that grows and manufacture nothing. Here they raise nothing and manufacture everything. Just before reaching here I passed through little towns not much larger than ours, with broom factories, axe handle factories, canning factories etc. Some of the names seem quite familiar such as the Macormack implement factory.

For 100 miles before we reached Buffalo I saw nothing much growing but grapes. What corn they try to raise is now about six inches high, standing in the fields shivering.

The day will soon come when we will have this Yankee push and vim down in our country. When it does come and our soils, which grow

everything, are developed and our raw materials fully utilized and manufactured there will be built at Nacogdoches and other places down there, cities that will astonish our people.

Yours,
 E. C. BRANCH.

County Court.

From Monday's Daily:

County court convened in regular session this morning, Judge Robert Berger presiding.

The following jury was empaneled for the week:

- John Fountain,
- Boliver Williams,
- J A Sowell,
- Payton Ingraham,
- Bob Jordan,
- Greer Orton,
- Ed Stephens,
- A T Crawford,
- Henry Millard,
- G W Forsyth,
- Dave Smelly,
- J B Nix,
- Lee Joplin,
- John Strahan,
- D Rulls,

There is an unusually heavy docket, owing to the fact that no cases were tried at last term and the business of two terms have accumulated.

There is an unusually large crowd of country people in attendance, giving the town a regular Saturday appearance today.

The first case called on the criminal docket was the State against several parties who were indicted for whipping Jeff Ferguson, colored, which occurred about a year ago. At noon to lay the jury in the case had not been completed.

Wringles chewing gum, all flavors, fresh. 2 packages for 5 cents. C. W. Butt.
