Brushes.

How many Different Kinds do You Know of?

There are so many different kinds of brushes, and every one of them with a good use, that it is hard to keep track of them. Our plan has been to take each different line and work over it until we get our stock perfect; consequently, no matter what kind of a brush you need, if you come here, you can find the greatest variety of styles and grades to select from.

Tooth Brushes—the best tooth brush ever made and guaranteed for 25c. Hair brushes, nail brushes, bath brushes, hat brushes, hand brushes, baby brushes, paint brushes—if there is any other kind we have it.

When you want a brush of any kind you can buy it most advantageously of us. Experience will prove this to you.

PERKINS BROS.

Obituary.

Died at Chireno, Texas, Aug. 14, 1903. Little Mattie Lou Teutsch, aged six years three months and three days.

It is hard indeed for a home to be deprived of a darling little girl so angelic and sweet, but she has gone to join the Heavenly angel band.

Her little playmates and brothers whom she spoke of with so much pity and love the night before she died, she has gone to live with them before her pure little heart was stained with the sinful things of this life.

Oh how it grieves us to give up one so tender and the jewel of the home and family, but what a sweet thought to know that she has gone to the "Good Shepherd," who is ever watchful over his flock, whom she was taught to love. She was always so eager and happy for Sunday morning to come so she could go to Sunday school.

Oh, how we miss Little "Mattie Lou."

And long once more her sweet face to see,

Long to hear her childish voice. In her young and childish glee. Yet blessed are they who die in youth.

The pure and undefiled. Some road to Heaven, perchance, through

The grave of this little child.

May our Heavenly father in his infinite love and mercy comfort the broken hearts of each member of the family, and as there is another link of the family union, broken on earth, may each one be drawn nearer to "Him," and that they may so live, that when the day of Reunion, shall come there will be no missing link in that Beautiful Home beyond. One who loved her.

Of all the county prohibition elections of the past summer, none have given so decided a majority for the antis as Anderson county, and none so emphatic a majority for the pros as Nacogdoches.

THE BUSINESS LEAGUE.

Regular Convention For September Held Last Night.

From Tuesday's Daily:

The Business League met last night, with just a quorum present. There was nothing especially before the meeting outside of routine work and the attendance was unusually poor. Some accounts were allowed and the Secretary was instructed to call upon the members for dues, fines etc. A discussion arose over the public road question, resulting in the appointment of I. L. Sturdeuant, D. K. Cason, John Schmidt, F. C. Ford, Jno. M. Weeks and J. C. Harris as a committee to wait upon the commissioners court, and also to confer with the road overseers throughout the county with the view to getting the roads repaired and put in good condition before the busy season opens.

The committee on securing a lot for the proposed foundry and machine shop reported that the conditions asked by its promoters had been complied with and the matter was now up to them. The committee was discharged.

There was no report from the committee on the Banita Manufacturing plant proposition.

The Hayward mill proposition having been turned over to the citizens at large there was no report upon that matter, but it is understood that success has crowned the League's efforts unless some hitch occurs in securing right of way which is not probable as the people living along the proposed line realize the importance of this enterprise and as far as the right of way committee's work has gone not a man over whose land it will run has hesitated a moment in signing a deed in fee simple to the right of way across his premises.

The League adjourned until the next regular meeting, which is the first Monday in October, unless special call is made by the chairman.

For Sale.

My home place on Virginia Avenue, Harris Heights, where you get the fresh southern breeze at all times. This is a well finished and very convenient little home, nicely finished inside and out and is built throughout of all heart material, new fences, barn, chicken house, buggy house etc. Size of lot 120x200. See Lindsey & Harris or me at the court house.

W. H. Harris.

Miss Dollie Wells, of Ganesville, arrived last night in the city, on her way to Timpson where she will teach this fall. Miss Wells will spend a few days in Nacogdoches, and is the guest while here, of Miss Bessie Perkins.

APPLEBY LETTER.

The News From Our Flourishing Little Neighbor.

Appleby, Texas, Sept. 6.—Our Red land city is getting very dry and dusty.

Some cotton is being picked, but only one bale ginned yet. Every one seems to be in high spirits over good crops and high price this season.

The Methodist meeting is still in progress and doing much good. Large crowds and much interest is being shown. Several have already joined. Our Rev. Brown is a fine preacher a good worker.

The election passed off quietly with a large majority for the pros.

Mr. Eli Wells, son of Mrs. Sally Wells, died at his home 2 1/2 miles west of Appleby last Friday night and his father is quite ill at present and hardly expected to live long.

Mr. N. Payne made a trip to Galveston yesterday.

Mr. Will Tucker, of Beaumont, and Miss Maggie Tucker, of Nacogdoches, spent this week here visiting their sister, Mrs. F. F. Skeeters.

Misses Ollie Hart and Fannie Williamson, of Garrison, are visiting relatives in Appleby.

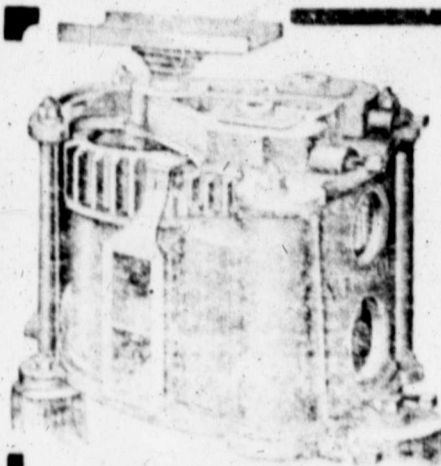

Mr. Geo. Haney, of Appleby and Miss Nina Powers, of Nacogdoches, were quietly married last Thursday night at Nacogdoches. We wish them both much happiness and success in their future.

Prof. G. M. Hale, of Nacogdoches, one the principals of our school next year, has been here this week rustling school business. Our large college building will soon be completed, ready for school to begin in three or four weeks and we expect one of the best schools in this country, as we have a very fine building and the best teachers the state affords, and by far the best little town in the state for a school.

We have four good strong churches, a good Sunday school and prayer meeting weekly, a large W. O. W. Camp, a Military company, Ladies' Aid Society, Good Word Society and a large band of ladies organized to carry prohibition and prevent the sale of whiskey here by blind-tigers. And a large crowd of the best and most moral boys of any town in the state ever ready to lend a helping hand to the right thing in every respect, and we have everything that goes to make up a nice clean, moral, and social little town.

People are here nearly every day seeking homes to move here this fall for the school.

Messrs. Geo. H. and I. J. Weaver returned from the river yesterday, where they have been fishing, and report very good luck.

Cane Mills

and
Evaporators.

When in the market for a CANE MILL, remember the

"VICTOR."

The "Victor" is beyond question the heaviest, strongest, most durable and lightest running cane mill in the market, and you get more juice out of your cane by using a Victor than with any other mill.

Galvanized Iron and Copper Pan Evaporators. A large stock and low prices.

For anything in the Hardware, Stove or Furniture line, or Buggies, Wagons and Farm Implements, call on

Cason, Richardson & Co

The best stock of mill supplies and machinery in East Texas.

To the Public:

It has been reported through the country that I sold out my cotton yard, which is a mistake. My 5-year lease on yard formerly occupied by myself has run out and I could not renew lease, so I will open on my father's lot between his residence and Mr. L. Zeve's on North street about 200 yards above my old stand. Thanking you for past patronage, and hoping to receive a continuance, I am, Respectfully,

Wm. Taylor.

P. S.—I have just received a brand new pair of Fairbanks scales which always gives satisfaction. I will also have a complete system of water works for fire protection.

Taylor.

The ladies of the Cemetery association will give a lawn party on Thursday evening that ought to and no doubt will be, attended by every one in the city who takes an interest in the work done by this organization. The funds are low in the treasury, for the contributions made and collected each month, do not near pay the wages of the man who keeps the grounds in order. Besides this, it has been necessary to purchase some tools which are not yet paid for. The money that the ladies hope to raise by this entertainment is badly needed, and it is hoped that the sum raised will surpass their expectation.

The ladies of the Cemetery Association, will give a lawn party Thursday night from 6 till 12 on the college grounds. Proceeds to go to the cemetery.

MELROSE LETTER.

A Budget of News from Our Regular Correspondent.

Melrose, Feb. 7.—It I had a million tongues they would praise God for the overwhelming majority of votes cast for prohibition in our county on the 3rd. Our prayers have been heard and answered and with grateful voices we shout Hurrah for the noble men that voted the whiskey out.

Mrs. J. M. George and children are spending a couple of weeks at Melrose for their health.

Miss Ollie West, of Alto, is visiting friends at her old home.

Mr. Jim Mangham and Miss Ina Mangham were married on the 2nd of Sept., Mr. John Matthews officiating. We wish them a long and happy voyage through life.

Bro. D. S. Burk is having a splendid revival meeting at Simpson's camp ground. Up to date he has had 19 accessions to the church. Let us all be up and doing something for the Master, for human responsibility is the greatest consideration of life. We are all responsible for the blood of men to the extent of our ability and influence. We should ask ourselves these questions. Can God trust me to be true to him in all his requirements, to give liberally to his cause, to reflect his image in my life before the world, can he trust me to bear patiently the burdens of life, rejoicing that my name is written in the book of everlasting life and an heir to God's kingdom.

Misses Lena and Rachel Zeve returned yesterday from a pleasure trip of several weeks to Mineral Wells, Dallas and Minola.

FLOUR

34 barrels in wood.

50 barrels in 48lb sacks.

All received last week. We are determined to sell at once as we have two more cars on the road.

Our supply of Oats, Shorts, Bran and Meal is complete. SALT—Our Leader, 100 pound sack fine salt, 50c.

Remember we guarantee everything as represented. See us before buying.

Weekly Sentinel.

R. W. HALTOM, EDITOR

EVERYBODY hustle.

Now is the time to talk up Nacogdoches.

The old town is beginning to look live again.

UPSHER county has been carried by the prohibitionists.

The new Baptist church at Beaumont has been completed.

THERE is lots of trade in reach of Nacogdoches if she will just go after it.

TEN millions of dollars have already been spent on the St. Louis World's Fair, which entitles it to five millions more from the U. S. government.

A GIRL in Rutland, Vt., refused to marry her betrothed unless the word "obey" is stricken from the ceremonies. She don't want to be bossed.

THE City Council, in regular session last night, elected the Sentinel as the official organ of the city of Nacogdoches, for which it makes its grateful acknowledgement.

THE colored people of Taylor, Texas, have organized a fair association and are meeting with a great deal of encouragement. This is a good example for the enterprising colored people of Nacogdoches county to emulate.

TWENTY-FIVE saloon men have been sued for \$5,000 each, at Corsicana, by Mrs. John D. Lee, who alleges as the principal ground for damages the selling of liquor to her husband, now dead, who was during his prime one of the ablest lawyers of the State.

THE world's total average cotton crop for the past six years has been 13,470,000 bales. Of this the South produced an average of 10,500,000 bales, and Texas has produced an average of nearly one third of that. The Texas crop for this season is estimated at near 3,000,000 bales.

THERE is a war against vagrants all over the country, which if kept up will soon put the loafing negroes and "Weary Willies" to work. The tramp season will soon be on in this section of the country and there will be jobs ready for them when they begin to come in. They will have to go to work or move on.

A NEW "graft" is being worked among the negroes in some parts of the country. A new Liberian scheme has been sprung and as a result many negroes in various parts of the country are subscribing to the shares of the projected corporation which is to return large profits. These shares have been placed at \$20 in order to get as many subscribers as possible. It is stated in the prospectus that new towns are to be built, railroads constructed and steamships built and operated, all by negroes, and all to the profit of the shareholders, who are confined to negroes.

THE ELECTION.

The election yesterday resulted in an overwhelming victory for the prohibitionists, the county going dry by 906 majority with one box still to hear from. Now that it is over, let us all settle down quietly with no guying of the opposite side, to those who won. The antis are taking the defeat quietly, they put up a hard fight and lost, and a generous victor will do nothing to make their defeat bitter. Leave all hard feeling behind, and all work together for the good of Greater Nacogdoches.

The following is the vote by precincts:

	For	Against
Nacogdoches	569	244
Douglass	94	39
Melrose	130	54
Chireno	105	9
Linn Flat	86	99
Garrison	175	36
Smyrna		
Martinsville	46	52
Indian Creek	68	23
Nat	87	17
Black Jack	51	26
Sterne	26	20
Appleby	112	32
Alazan	41	36
Lilbert	48	29
Shady Grove	103	49

Total 1741 835
Pro. maj. 906.

The Additional Returns.
The Smyrna box was 23 for, and 24 against prohibition, and the entire result is 1764 in favor of prohibition and 789 against, giving the pros. a majority of 975.

EVERYBODY in East Texas will be sorry to hear of the resignation of Sam H. Dixon as the immigration agent of the Central East Texas lines. He has tendered his resignation to take effect Monday, Sept. 7th, and will connect himself with the World's Fair commission for the purpose of taking charge of the Texas Exhibit at the St. Louis Worlds Fair. No better man could have been selected for that position and Texas, especially East Texas, will have as good a friend in him at St. Louis as he has been during the past three or four years as the employee of the railroad people. We owe much to the personal efforts and influence of Mr. Dixon for the rapid progress East Texas has made in recent years.

THE business men of Nacogdoches ought to be at work for the trade of adjoining counties. There is no necessity of losing any great amount of trade that has heretofore been coming here, and it will require but little inducement coupled with the mere asking to hold for at least another season nearly every dollar's worth of business we have been getting from San Augustine, Shelby, Rusk, Cherokee and Angelina. Let all put their heads together and get to work. We feel assured that a little missionary work which might be done in various ways, will do a vast amount of good.

THE rice crop of South Texas, it is estimated, will net the grower \$75 per acre. Even cotton is netting the grower a profit this year.

AN HOUR WITH THE EDITORS.

A Texas negro editor says: "What the negro needs is six days work in every week, in fifty-two weeks every year, and stick to it." The northern people seem to think he needs milk and honey.—Shreveport Times.

There are few negroes who cannot get what they need in this country, if it is only work. But that is not what most of them want. They prefer six days of idleness every week and if possible more than fifty two weeks every year.

Our poetry scared Easterling away from the editorial meeting and we have decided to quit the poetry business.—Center Daily News.

Maybe that is what run him clear out of the State.

Easterling is away and Ford is gone today; as we cannot write a "rime," we will have to bide our time. When Easterling comes home, he'll answer with a "pome."—Orange Tribune.

Try and bridge it over 'till Ford returns.

It is suspected that Prof. Langley's motive for waiting for cold weather to launch his airship is to get pointers by watching how the snow flies.—Greenville Herald.

He might be able to launch it now if he would watch a horse fly for awhile.—Houston Post.

He could watch an ox fly if he were in the pine woods of East Texas.

All of the papers that had representatives at the Press Association at Center are loud in their praise of same. We are sorry indeed that we could not attend, but circumstances alter cases. Our business was such that we were unable to be there, but we will go to Athens or burst a trace.—San Augustine Visitor.

We are going, too, if the "Greece" holds out.

The new gusher at Corsicana threw out small stones. The only way Nacogdoches can beat this is to strike one that sends out scrap iron and brickbats.—Lufkin Herald.

If Nacogdoches don't beat it she will make people believe that she can.—San Augustine Visitor.

No necessity for trying to deceive people. The world knows that Nacogdoches can and does excell in everything that is possible in East Texas.

Melissen wires that he is "Fit as a fiddle." It is to be hoped that he is not stringing us.—Houston Post.

Oh, fiddlesticks.

We'd like to know if there is a woman in the country with faith enough to say her evening prayer without first looking under the bed for a "bugger." Wonder if there is.—Grape-land Messenger.

She is obeying scripture anyhow, for doesn't the Bible instruct one to 'Watch and Pray?' We regret to see that the Messenger doesn't spell correctly. It is 'booger,' not 'bugger.'

A SYNDICATE of American capitalists are making an effort to corner the whole South American crop of coffee. If they succeed coffee will come high next year.

ORDINANCES

OF THE CITY OF NACOGDOCHES.

Be it ordained of the city council of the city of Nacogdoches, that the following articles shall, after legal publication go into effect and constitute a part of the penal ordinances of the city of Nacogdoches:

I Want all Your Peach Seed!

Peach seed are very scarce this year and I will pay highest price for all I can get. None but this seasons seed wanted. Leave them at my nursery at Rose Lake, or at Cason, Richardson & Co.'s store. I have a general line of fruit trees and flowers, and would be glad to exchange for seed, but if you don't want the trees will pay cash.

Five bales of new cotton were marketed in Timpson today, from almost as many different neighborhoods. O. M. Ramsey sold the first bale for thirteen cents, but the premium made it net him 15 1-2. Some of the other cotton sold as low as 11.75. Tant Hairgrove came near being first, and but for an unlooked-for delay would have been.—Timpson Times.

THE NEWS FROM ATTOYAC.

New Buildings and Renewed Activity in School Affairs.

There has just closed at this place an all around good old time protracted meeting, with 15 converts and between 20 and 30 accessions to the church. Bro. Wheeler ably held out Christ as the only means by which they could gain that blissful abode in heaven, from Saturday 15th and closed at the water on the 27th, running nearly two weeks. He was again called to serve this church for the ensuing year, and Bro. Tindall as clerk for the church.

Mrs. Ethel Morgan has returned home to stay, as her school closed at Mt. Moriah Friday.

Mr. W. H. Morgan and his wife and Miss Rebecca Fowler left yesterday evening for his old home above Melrose.

Our little town is gradually coming to the front. We already have one gin and another is nearing completion, but the best of all is that lumber is being put on the ground for a first class school building. The building will be a framed house 30x60 feet, sealed inside. This place has as good a location for a good school as any place in the county, because we have good health, good water and plenty of pupils to go to school. There are about 102 scholastic pupils here, and we are glad to know that people are waking up to a sense of their duty, as a good school is the life of any community. Prof. J. B. Tindall is principal of the school for the coming year and we hope he will have success.

Devoured By Worms.

Children often cry, not from pain, but from hunger, although fed abundantly. Their entire trouble arises from indigestion, their food is not assimilated, but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once, very much to the surprise and joy of the mother. 25c at Perkins Bros.

TALK OF TRAWICK.

The News of The Little Town and Surrounding Country.

Trawick, Sept. 2.—We are all feeling good over having a good crowd, plenty of dinner and water yesterday, and the speaking was interesting to quite a number. The crowd was estimated at about fifteen hundred.

We also attended the speaking last night at the negro church by A. J. Spradley and Will Martin.

Mr. Walter Dawson and two little brothers came in yesterday from Overton and Henderson, where they have been visiting relatives and friends the past few days.

Miss Lena Paine is visitor brother, Eugene Paine, of this place this week.

We are expecting to attend a musical at Mr. J. B. Paine's next Saturday night if nothing happens.

We learn Mr. B. S. Shirly will move to Oak Flat and teach their next school, we are glad even to have such a man as him near us, and any community should be proud of him. Health of community good.

21 Years a Dyspeptic.

R. H. Foster, 318 S. 2d St. Lalt Lake City, writes: "I have been bothered with dyspepsia or indigestion for 21 years; tried many doctors without relief; recently I got a bottle of Herbine. One bottle cured me. I am not tapering off on a second. I have recommended it to my friends; it is curing them, too." 50c at Perkins Bros.

Sour Stomach

No appetite, loss of strength, nervousness, headache, constipation, bad breath, general debility, sour risings, and catarrh of the stomach are all due to indigestion. Kodol cures indigestion. This new discovery represents the natural juices of digestion as they exist in a healthy stomach, combined with the greatest known tonic and reconstructive properties. Kodol Dyspepsia Cure does not only cure indigestion and dyspepsia, but this famous remedy cures all stomach troubles by cleansing, purifying, sweetening and strengthening the mucous membranes lining the stomach.

Mr. S. S. Ball, of Ravenswood, W. Va., says: "I was troubled with sour stomach for twenty years. Kodol cured me and we are now using it in milk for baby."

To The Public.

The Alliance Cotton yard will be ready for weighing and shipping of cotton about the first of Sept. We have had the Scales thoroughly repaired and the weights tested and corrected in accordance with United States Standard weights, and the correctness of same fully guaranteed. Thanking the public for their very liberal patronage in the past, we most respectfully ask a continuation of same. Our yard is located near the depot, we have a good shed free to our customer. Bring us your cotton and we promise you correct weights and courteous treatment. Our agent, A. J. Murphey, will have charge of the business and will give his personal attention.

Yours Respectfully
Wm. M. Alders,

Raised From the Dead.

C. W. Landis, "porter" for the Oriental Hotel, Chanute, Kan., says: "I know what it was to suffer with neuralgia, 'deed I did, and I got a bottle of Ballard's Snow Liniment and 'I was raised from the dead.' I tried to get some more, but before I had 'deposited' of my bottle, I was cured entirely. I am telling the truth too." 25c, 50c and \$1.00 at Perkins Bros.

The Sporting Editor.

The sporting editor came in to The Sentinel office yesterday afternoon very much amused, but with a regretful undercurrent to his mirth.

"You know," said he, "that the saloons closed today at twelve. Yesterday morning a man came in, and he hid a dozen or two bottles in a horse trough near town, and one of the ladies found them accidentally, and smashed the whole lot. They do say that the man's face was a study, as he contemplated the ruin and realized that the saloons were closed that day."

"Reminds me of something I saw once," said the chief. A horse attached to a hickey was running away and struck a telephone pole. The hickey resembled a match factory; the horse went on hurriedly

down the street, and I picked the old darkey driver up out of the scraps. 'Whose hickey is that?' I asked.

'Taint no bodys, hickey' he answered, rubbing his head and surveying the small fragments.

'Hit war mine, but fo'de Lawd taint no body's hickey now.'

'I'm sorry for your disappointment' he added to the sporting editor.

Then as the first stirring notes of the band were heard, the chief remembered the street concert.

'I have got to go to the post office,' he said, 'dont any of you leave, and go to loafing on the street because there's a brass band out there. The paper is nearly ready to go down.'

And by the time the chief was out of sight, The Sentinel office was deserted.

WHAT are you doing to help that big mill and railroad scheme along?

THE latest will of the late Chas. L. Fair is accused of being a forgery. In that case it is not a Fair will.

ANGELINA county will hold a prohibition election next Saturday. It remains to be seen what influence the result of the Nacogdoches county election will have on Angelina.

IF the people living along the proposed railroad from Nacogdoches to Oil City will lend a helping hand in obtaining right-of-way, it will be an easy matter to get the Hayward mill and railroad.

WE can't afford to "fall down" on the proposed railroad to Oil City, and that big mill. This is a matter that our country friends are interested in every materially and we are expecting help from them.

THE saloons are going to be closed in Nacogdoches in about thirty days. Any man who owes a saloon bill and fails or refuses to pay it ought to be exposed as a dead beat. It is a fact well established that after a business is closed it is exceedingly hard to collect its accounts, but in a case like this every debtor ought to voluntarily and promptly pay every cent of his indebtedness. Them's our sentiments, at least.

THE total resources of the Endowment Rank, Knights of Pythias, now amount to \$558,320.29, and the total liabilities to \$166,289.11, thus giving resources in excess of liabilities in the sum of \$392,031.18. There is no safer life insurance than the Endowment Rank, Knights of Pythias, and none cheaper that is absolutely safe. All Knights of Pythias ought to carry insurance in the Endowment Rank.

THE chemical department of the Agricultural and mechanical college of Texas has issued a bulletin treating on the manufacture of syrups from sugar cane, which is a valuable little publication and might prove useful to every farmer in this country, and may be obtained by addressing a postal card to passenger and immigration department of the H. E. & W. T. Ry., at Houston or to Prof. Harrington, State Chemist at College Station.

WE regret that we omitted to mention before that the oyster season has opened. It is very painful not to rank in the first hundred Texas newspapers that have made this statement, instead of being about the thousandth. We insist however that it is still too warm to eat the critters, that they are still in poor condition and that the season is that of which the poet sings. "The melancholy days have come, the saddest of the year, When its too warm for oyster stew, too cold for lager beer."

J. C. HARRIS, ESQ., returned from Chicago Saturday. He has been North the past two weeks, where he has been in conference with parties who are contemplating heavy investments in Nacogdoches county farm lands. For many months past Messrs. Lindsey & Harris have been at work in the endeavor to locate a large colony of thrifty farmers and fruit and truck growers near this city, and Mr. Lindsey has made one trip north with this purpose in view. The scheme has not been consummated entirely, but they feel hopeful that they will yet be successful. The fruit and tobacco lands of this section are attracting the attention of experts in this line and it would be a great impetus to the agricultural progress of this county to secure a large number from this class to locate among us and show us what is hidden in the bosom of mother earth hereabouts. May good fortune speed the efforts of this popular and enterprising firm.

WE got a scent of Kansas City the other day, we had much rather see the little town than smell her through the jug. No doubt she has some very enterprising people up there, but if we could not make a better product than they transport down here, in jugs, we'd go to Arkansas and make ice for the ladies to utilize in their Ice Cream parlors. Lovely little Carrie hasn't smashed them all.—Colmesneil Times.

THE fruits of prohibition. But there is no law compelling people to eat rotten fruit.

A rice estimator who makes Osy Wilson, Gray, and the Houston Post, look like thirty cents has been discovered by the Nacogdoches Sentinel. It says: "The rice crop of South Texas, it is estimated, will net the grower \$75 per acre." Haltom must have bumped up against a Houston real estate agent.—Beaumont Journal.

WE plead ignorance as to rice, but we saw that in a South Texas newspaper and thought it was so. Newspapers never lie.

Stephen Day, of Emilee, brought in the first Tyler county bale of cotton last Wednesday, and captured the prize. The bale weighed 475 pounds, classed strict low, and was sold to J. N. Collier for 11.30c. \$53.67, with barrel flour premium.—Colmesneil Times.

HURRAH for Uncle Stephen. He is a old Nacogdoches county man and The Sentinel vouchsafes the congratulations of scores of his friends up here.

VIRGINIA recommends and encourages the planting of oysters. Nacogdoches county has proved a better tobacco field than the old Dominion, but we believe she will keep the drop on us, when it comes to oysters. There is not lime enough in the soil to develop the shells properly. Still, any one interested can get a few oyster plants and experiment.

"DEBT is a wild horse," remarks the sage of the Houston Chronicle, wisely "and the rider Mazeppa." This is a case where the horse breaks the rider.

"DEATH is a dark lantern slide" says the Houston Chronicle. Yes, but the good, slide home.

THE streets are crowded daily and business is improving. Nacogdoches is not only holding her own but increasing her trade. She will do a bigger business this season than ever before.

CHICAGO is suffering from a banana famine and now all the inhabitants of that city can boast of having banana famine. That is they can, but they're liable to get hurt if they do.

THE lumber traffic at Orange has been seriously retarded by the scarcity of lumber cars. The mills are unable to ship out lumber to fill orders received long ago, and new orders are coming in rapidly.

The Nacogdoches Sentinel is all the time newsy and cheerful.—Tyler Courier.

WE appreciate the Couriers word of praise to its fullest extent, and encouraged, will continue to try and deserve it, if we are three men short in the office just now.

CUBA is infested with a mysterious plague and is appealing to the United States to send medical experts to diagnose the disease, which resembles bubonic plague, but it is more swift in its progress and more deadly in its effect.

A SYNDICATE of Stockmen from different parts of the West has been organized with headquarters at Kansas City, for the purpose of fighting the packers' trust. The company will have a capital of five million dollars. The Independent Packing Company is to be the name of the new organization, and two extensive packeries are to be built at once—on in the Missouri valley and the other probably in Texas.

THE incident of the wireless telegraph failing to work, is evidently regarded as grave, by the members of the company; for they say that "the incident does not worry them in the least." This remark is always made when things look bad. The probability is that the yachts were traveling too fast for the message to catch up, but the fact remains that the yachts did not receive 'that air' message, and the question is, how to repair the wireless wires.

TYLER is to celebrate Labor day in the near future. The program is elaborate and all Tyler is enthusiastic over making it an event in the history of that city. These public celebrations are of untold value in advertising a city, the returns cannot always be computed in dollars and cents. A successful business carnival or Labor day celebration in a city is often a powerful factor in determining the future of a town. We wish Tyler the fullest measure of success in this enterprise, and the realization of our wish is a fore gone conclusion, in a city that has the push among its citizens that Tyler possesses.

A PERSON of a country who gives only as returns are expected; who does nothing for the good of the world at large, will as surely at the last be the victim of the selfishness displayed, as that the law of effect following cause, is immutable. The Irish have a saying that if you want your prayers to be heard, you must "pray large;" and illustrate the point by telling that once a man was caught in a storm, and thrusting his head in a cranny in a stone wall, prayed, "Lord, save all of me that is out of this hole." The storm blew the fence till the stones slipped and mashed his head off. His prayers was answered however. In a like way, looking out for his own interests absolutely, with no thought for the larger growth of the town, is apt to prove quite as disastrous to the short sighted manager; who may get his head mashed off in a shrinkage of values just when he thinks himself safe. Think large, work large, and pray large, for your town as well as yourself.

THE compress is a place of considerable interest at the present time. Since the well being drilled there reached a depth of 35 feet there have been traces of oil and today, at the depth of 140 feet there is considerably more than a trace of the greasy fluid. Developments are being awaited with considerable interest.—Timpson Times.

MAYBE somebody has been salting that well. "The boys" had some fun here in that line when the artesian well was bored at the ice factory.

IT has been discovered that Senator Bailey visited Washington City quietly last Sunday, coming and going without even registering at the hotel where he was stopping. The Senator ought not to impose on the public at Washington like that.

FIRST too much wind, and then none at all, has prevented the third race between the Reliance and Shamrock for the past week and everybody is growing awfully impatient. The Reliance has won two races already out of the five, and if she wins the next race it will be all over with the Shamrock. It is not likely that the latter can win three straits, which it will have to do if it carries that cup off.

THE Center News says John McLendon can get a good paying position on half a dozen papers, or words to that effect, the exchange having been misplaced. We rise to remark, however, that the News does not state half the truth. John McLendon can get a position on any paper able to pay for his brains and talent. He is an acquisition to any newspaper office in the state, and Center having secured him will do well to keep him.

THE Houston School Board has decided to remove restrictions in regard to corporal punishment. The boys of today are lively witnesses that we have gotten too sentimental in regard to corporal punishment. The old school master with his rod who seemed to think that education was to be applied externally, was one extreme that has faded with the years, and the femininities that has taught the boy to be too good and smart to be whipped is the other extreme that must vanish like the disarming dream of the Kaiser of Germany. With many, kindness will suffice. But there are refractory pupils who would join heartily in the sentiment against corporal punishment and then run the school. No restrictions should be placed upon the teacher. Simply employ teachers who understand their business and back their judgment by your co-operation.—Lutkin Herald.

NACOGDOCHES COTTON RECEIPTS.

The cotton prospects for the year, according to statistics gathered by the Galveston News, are better than last year, though the past three weeks since the boll weevil appeared, has wrought a great change. The increase for Nacogdoches county is 15 per cent.

The wagon yard receipts for the season of 1902-03 were:

Barrett & Burrows,	3700
Alliance yard	4868
Sanders	4214
Renfro	440
Taylor	4224

Total 17,446
This does not represent by any means the cotton handled by Nacogdoches, as the compress receipts are not included, and would probably nearly double the figures. Altogether the prospects for the coming year are favorable in the highest degree and if the price holds up as it seems likely to do, will be far more profitable to the producer than a bumper crop at five cent figures.

THE benefit that the Hayward mill and railroad will be to the country people cannot be overestimated. They must help secure right-of-way for the road. Nacogdoches has secured the mill site at a heavy cost and with some difficulty. The people living out in the direction of Woden are earnestly and especially appealed to, to help secure the right-of-way. It will build up quite a little town for them some where out there.

THE country people must help secure the right-of-way for the Hayward railroad. The town will do the rest.

CENTER'S first bale brought the producer 22 1/2 cents a pound, netting him \$121.50. There was no premium to the producer.

Grateful Book-keeper.

Mr. Steve Schilling, a book-keeper of Lincoln, Ill., states: "As a user of Re-Go Tonic Laxative Syrup I wish in a small way to show my gratitude for the good as done me. I have been a sufferer from constipation and my digestion has been impaired, heart-burn and sometimes sick headaches and billiousness. Since I began taking Re-Go Tonic Laxative Syrup I have had none of these troubles. The Laxative effect is truly the most pleasant that I have ever experienced, mild but sure, without the griping effect so common with many such remedies. Re-Go is certainly a wonder. Sold by Perkins Bros."

The new Catholic church at Lutkin was dedicated on the 23rd of August, the Nacogdoches choir assisting in the services. The Lutkin Herald of Sept 3rd contains an account of the ceremony, which was conducted by Father Dreese, the pastor of both the Lutkin church, and the Nacogdoches one. The Bishop, Rev. Gallagher of Galveston, Father Roche, of Houston; and Father Hurley, of La Porte, assisted in the dedication.

We always give it to our children to regulate and correct any bowel troubles." Sold by Perkins Bros

The Civic clubs can see that weeds are cut and streets named, and by seeing that trash is kept off the streets, can add greatly to the beauty of the city; but it is the work of the city council to see to the drainage of the town, and that it is not allowed to remain in an unsanitary condition. Unless this is attended to properly, the work done by the ladies in making the outside of the city beautiful, is on the order of a whited sepulchre.

The Willis Point Chronicle is having spasms over girls who can look pleasant and cook. They are not as scarce as that, over here. Labor Day.

From Monday's Daily:
The banks are closed today on account of this being Labor Day. This holiday, while not noticed much here, is a great thing for the laboring classes in larger places. Everybody in Nacogdoches seems to be celebrating by working twice as hard as usual, and will read accounts of how others spent it, in tomorrow's paper. Labor day is all right, we have nothing against it, but where it occurs about five hundred days in the year, it grows a trifle monotonous to the average person. If any carrying critic enquires how five hundred labor days can be crowded into one short year we refer him to the editors of the country, who are used to doing the work of two men in one day.

Death of Little Anita Rulfs.

From Monday's Daily:
Anita, the six year old daughter of Mr. and Mrs. Will Rulfs, died yesterday morning at one o'clock, and was buried in the city cemetery at six o'clock, yesterday afternoon. The little one had been in delicate health ever since she suffered with scarlet fever some years ago, and when she was taken with brain fever it was only a question of a very short time until the baby was freed from pain forever. The many friends of Mr. and Mrs. Rulfs sympathize deeply with them in their grief over the long suffering, and death of their loved child, and The Sentinel joins with them in condolence and sympathy.

There are now two saloons in town, H. Dial having filed a petition in voluntary bankruptcy and the license of the Hellow Log having run out will not be renewed.

George H. Muckleroy came in from Cleburne last week and spent several days on a visit to his brother, R. P. Muckleroy, near this city. He returned home Sunday afternoon. George is making arrangements to move back to Nacogdoches and says that when he gets located at his old home once more he never will leave East Texas again. They will come back.

The East Texas business college is rapidly getting to the front. The grades of work there, and the rapid advancement of the students who work coupled with the fact that all the graduates so far have walked right into good positions, is attracting the public in that direction. This college is a great thing for East Texas.

"The Mettle of the Pasture," by James Lane Allen, is not a book about horses, as the title would indicate, but a very interesting story of people that really seem to live. True, the good people do more harm by extreme conscientiousness, than the bad people by mischief making, but it all comes about so naturally, that the reader feels as though they could not help it. A touch of tragedy lends depth to the book, which never less is not a sad one.

THURSDAY'S LOCALS.

Robt. Tentsch, of Melrose, was here today.

W. R. Mast, of Melrose, rose, was in the city today.

John Lewis, of Lola, community is in town today.

Ed Cochran, a prominent druggist of Lufkin, is paying Nacogdoches a visit today.

The Business College wants a young man to do janitor work for his tuition. There is your chance young man.

Mrs. J. D. Davis, of San Augustine, is visiting her daughter, Mrs. J. B. Power, at Rose Lake.

Mrs. H. B. Davis, and children, who have been visiting relatives in the city returned to their home in Cushing today.

Miss McFarrlane, of Beaumont, who has been visiting Miss Helen Mims, left today for Lufkin to spend a few days, but will return to Nacogdoches on Monday.

Mrs. Steinbach, and her grand-daughter, Miss Nellie Journey, who have been the guests of Mrs. J. G. Orton for some time past, returned to their home in Waco today.

Oscar Slay came up from Sour Lake yesterday. He is now engaged in the saloon business at that place and says he has found his new location a profitable one. He will return to Sour Lake tomorrow.

The big tent, the refreshments, the music and the presence of many ladies on the streets today makes Nacogdoches look like she was in the midst of another carnival or a May day picnic.

J. W. Byrd has leased the cotton yard on the Walker estate from Mr. Summers and will weigh cotton there this season. The Summers boys will not operate it, as was formerly stated in this paper.

Eph Muchleroy, the pressman of The Sentinel office, is seriously ill, the fever having a typhoid form. The entire Sentinel force is much concerned as Eph is a favorite, and much missed. His brother Norman, was sent for this morning and went out to his brother's at once.

Mr. Hal Tucker returned last night from New York, where he bought all the best that he saw, for his firm, Tucker, Zeve & Co. They will tell the fall shoppers about them. Mr. Tucker is looking much improved by his trip north, and his friends are glad to have him home again.

A. P. Thompson, of Melrose, was in the city yesterday with two bales of new cotton. He failed to get in the first bale on account of sickness, but was the first to get in with more than one bale. He sold his cotton yesterday to Mayer & Schmidt at 11 1/2 cents all round, and says he does not mind raising cotton when it will bring nearly sixty dollars a bale. Mr. Thompson is one of the best farmers in the county and is a substantial citizen and a mighty good man.

Mrs. B. F. Thompson has left for Kenosha Wis., where she will spend the month of September with her sister-in-law, Mrs. Lewis Thompson.

FRIDAY'S LOCALS.

Harry Mize of Mineola, is visiting friends in the city.

Mrs. S. T. Jones, of Houston, is visiting Mrs. H. C. Fuller, of this city.

Miss Ollie West, of Alto, is visiting friends at Melrose, and is the guest of the family of Capt. M. Mast.

Mrs. W. W. Perry and children left this afternoon for Tyler to spend some time.

Miss Gertrude Sisk, of Sacul, is in the city visiting her sister, Miss Maud Sisk.

Rey. A. J. Holt left today for Cushing, where he will organize a Baptist church to-night.

Miss Mabel Hill, of Beaumont, and Miss Rosa White, of Lufkin, are visiting their cousin, Miss Ida White, of this city.

Cates Robbins, the son of Mr. Frank Robbins, who has been sick for the past three months, is recovering health and strength rapidly.

Mrs. Dr. Ratcliff and her daughter Mrs. Will Parker, of Jasper, who have been visiting Mrs. J. F. Robbins, of this city, returned home yesterday.

If your back hurts you, your kidneys are out of order. Don't neglect them. Bak-Ake Specific is guaranteed to cure you. Sold by Stripling Hazelwood & Co.

Mr. J. A. Owens, called at the Sentinel office today, left a silver dollar and renewed his subscription. We like to meet with such men as him.

Mr. Owens says he has sold out again, as usual, and has now bought property at Nat. He remarked that it looks as though he can move on any old place and the people are all ready to shove him off with the money, but that if any body wishes to buy him out any more, to come on at once for forever after hold their peace.

The shades that have concealed the display windows at Seale & Donegans, were rolled up this morning, revealing the handsome plate glass front in all its beauty. The windows are the largest in Nacogdoches, making the front, and are set in genuine old oak. The finish is superb, it would reflect credit on any cabinet maker in the United States, and stands, a testimony to Ireson Bros. skill and experience in work of this kind. More than just accuracy of detail is needed to turn out a piece of work of this kind. It takes an artists eye for proportion and modeling, as well as the workman's skill. This artistic sense cannot be learned by every one, and Ireson Bros. possess it to the highest degree. Nacogdoches should be, and is, proud of this firm, as the work done by them in beautifying the city is pointed out to strangers. Seale & Donegan have been rewarded for patronizing home industry, by the fact that their store front is not only one of the handsomest in Nacogdoches, but in point of finish, work and proportion, challenges competition with any in Texas.

Nearly all the merchants are enlarging and improving their stores, which would indicate that they expect a fine business season.

SATURDAY'S LOCALS.

H. Bickham, of Melrose, is here today.

W. A. Berry, of Linn Flat, is in town.

James Sowell, of Etoile, is in the city today.

J. Perritte, of Etoile, is in the city today on business.

Mr. T. Melton, of Beaumont, is in Nacogdoches today.

Will Martin, of Attoyac, was in town this morning. He left for Lufkin today.

Elmer Weaver, of San Augustine, is spending a few days with his home folks.

Messrs. Tom, Baker and Louis Muller, have gone to Buffalo, New York, with the Lufkin Hoo-Hoo band.

Jack Lock is building a wagon yard on Dr. E. D. Williams' property, formerly the old Hart Hotel premises.

W. A. Gunning, of Orange, who has been visiting relatives at Melrose, is in the city today on his way to his home.

C. Blankenship, of Attoyac, sold a bale of cotton to G. H. Davidson Est., yesterday for 11 1/2 cents, the bale netting him \$59.70. He says he feels good to get such prices as it is the most he ever got for cotton.

Mr. Will Sanders, who has been an efficient and popular salesman at Geo. H. Davidson's for some time, and was a favorite alike with customers and employers, resigned his position on the first of the month, owing to the fact that he wished to rest for a few months.

Messrs. R. C. and C. L. Southart, of Mt. Enterprise, sold two bales of cotton in Nacogdoches yesterday at 11 1/2 cents. The cotton was bought by Jno. W. Davis for all cash. The proceeds from the sale were nearly all spent in Nacogdoches, Cason Richardson & Co. selling them two new wagons. These gentlemen were well pleased, and promised to come back with their next load of cotton. Nacogdoches is, and will continue to pay the highest price for cotton, and she never has been undersold as to farmers' supplies or any other goods.

If you buy medicine at Stripling Hazelwoods & Co.'s you get it right. They sell John R. Dickey's Old Reliable Eye Water, because it is an honest medicine.

R. W. HALTOM, MANAGING EDITOR.

The Snake Editor.

"This treat is a 'tin roof' remarked the snake editor, who had been reading 'Chimmie Fadden,' as the entire editorial staff were lined up in front of the soda stand, the day after the election.

"How's that?" asked the chief.

"Its on the house."

"You're mistaken" calmly rejoined the chief. "Its a brass front,—its on you."

"In that case, its a picture, because it is going to be hung up," answered the snake editor sadly.

Here the soda water clerk took a hand.

"Your scheme is a plate glass front," said he, "it can be seen through."

"That," remarked the sporting editor, "is the natural stone finish, its rough."

"You fellows make me dizzy," said the snake editor, making for the door, "I'm going down to the planer and engage board in a front room," and he had vanished before the crowd realized that the drinks were drunk and not paid for, and that the snake editor had wriggled out of it again.

Staff Captain Andrews, Mrs. Capt. Frances and Mrs. Hale, of the Salvation Army, were in the city this morning en route for different points.

Mrs. Hale returned this afternoon to Lufkin, where the interest taken in the meeting now going on there is as remarkable as it was here.

Mr. H. Weis, arrived in the city yesterday from Dallas, and is now installed as a salesman at Tucker Zeve & Co's. Mr. Weis is a Shreveport man. He came to the city with the highest recommendations, and we are glad to welcome him as a citizen.

Miss Lilly Davidson entertained her school friends last night, and the children say they never had a better time. Mrs. Davidson's beautiful home on North street was thrown open to Miss Lilly's guests, who romped and played on lawn and in the parlors until the time came to leave. The occasion was a farewell party to Vincent Davidson and Herbert Schmidt, who leave tomorrow for St. Edwards college at Austin.

Mr. Tom Burrows living east of town a few miles brought some first class sorghum syrup yesterday, and left a sample at The Sentinel office. It is clear, bright and of a fine quality. If people would make a practice of using home made syrup, they would eat far less glucose and poisonous stuff, and get a more palatable article into the bargain.

Cards were received this morning in this city inviting their friends to attend the wedding of Mr. Ralph Muckleroy and Miss Nona Kirkland, of Huntington, on the 13th of September, at the first Baptist church in that city. Ralph is a Nacogdoches boy and much interest is taken in his wedding here.

Now that the returns are in, and Prohibition is victorious. You voters who have heretofore drank our whiskey on a credit and who stood at the polls yesterday and destroyed our business, would but be doing a manly part to come forward and pay your account. To those who do not. Just to put you on record we will see each and all after the expiration of 30 days.

The expected has happened. We told him the dog was tied and the latch string was hanging on the outside some time ago. We are expecting some more of Timpson's good people to make headquarters at Nacogdoches before a great while longer.

MONDAY'S LOCALS.

If you want a lunch when you come to town go to Will Presslers.

Miss Lou Hart, of Garrison, has entered the East Texas Business college.

Mr. John Schmidt left for Austin yesterday to enter his son Herbert in St Edwards College.

Mr. Baine, of Houston, a cotton buyer, is in the city and will make his headquarters here during the coming season.

Mr. Sam B. Bates and Miss Bertha L. Marler, both of this city were married on Saturday night by Judge W. D. Peevey.

Mr. H. E. Dyson returned from Shreveport yesterday, and left today on the noon train for Lufkin, on another business trip.

Mrs. Lacy and dughater, Miss Luella, who have been visiting the family of Mrs. T. J. Roquemore, returned yesterday to their home in San Antonio.

M. P. Renfro will weigh for Mr. Byrd this season at the old Matthews cotton yard. Mr. Renfro is an experienced weigher and well and favorably known to those who handle cotton.

Mr. and Mrs. Ayers, of Ohio, are now boarding with Mr. and Mrs. J. F. Summers, on North street. Mr. Ayers is one of the government tobacco experts now located in Nacogdoches.

Mr. Geo. Muckleroy, living about six miles from town, has such a terrible bone felon on his hand that the physicians fear he may lose his arm, the arm being swollen and purple to the shoulder.

G. B. Engledow is seriously sick at the home of his sister, Mrs. N. G. Roberts, on North street. Attention of Knights of Pythias is called to the fact that his condition requires close attention night and day.

Mr. Tom Burrows living east of town a few miles brought some first class sorghum syrup yesterday, and left a sample at The Sentinel office. It is clear, bright and of a fine quality. TUESDAY'S LOCALS.

Link Summers is spending this week in Chireno visiting relatives.

Mrs. A. J. Chamoutka, of Houston, is visiting Mrs. O. M. Miller, of this place.

Miss Virgie Gaddy, of Houston, is the guest of Miss Virgie Sanders for a few days.

R. T. Shindler left yesterday afternoon on a business trip to Dallas and other points.

Christ Church Guild held the first fall meeting yesterday afternoon with a very good attendance.

Miss Joe Weaver went to Tyler Sunday and will make that city her home for a while.

Mr. Jno. P. Davidson and his two sisters, Mrs. Slay and Mrs. Strode, left yesterday for Wells to visit a niece of theirs who is dangerously ill.

The board of school trustees held a meeting last night. The school bond question was discussed and will be submitted to the people soon.

The school building at Appleby is rapidly reaching completion and will be ready by the time the new school books arrive.

Mr. J. Cruse, and his neice, Miss Emma Crawford, left for Denton Co. today, where they will visit friends and relatives a week or so.

School will not open until the school books arrive, which seems to be an event to take place at some time indefinite in the future.

Will Rulfs came up from Houston Sunday morning to spend a few days with his parents, Mr. and Mrs. D. Rulfs of this city.

Mr. R. A. Hall and daughter, Miss Marie, left last night for Nashville, where Miss Marie enters college. They will visit Mr. Hall's sister as well, while there.

Lawn party on the College Campus, Thursday Sept. 10th from 6 to 12 p. m. Proceeds to be applied to the cemetery fund. Everybody is cordially invited and urged to be there and so help the cemetery as association raise the much needed funds.

Mr. Sims Allen, of Houston, who has been visiting Mr. and Mrs. E. A. Blount for the past few weeks left yesterday afternoon. He will stop at Huntington and other points before returning home.

E. M. Morgan and H. H. Kendrick, of Melrose, were in town yesterday afternoon. They carried out with them a steam cane mill which will be used to grind this year's crop. This is the first steam cane mill to be put in in this part of the country.

At a "sociable," which occurred since the prohibition election, a young miss just in her teens was very much shocked by a youngster in a nickerbockers asserting that he might give her a little more attention if she had been an anti. How could she be an anti when she was only a "kid" and had no brothers and sisters?

Monroe, the nine year old son of Mr. and Mrs. Alex Reid died yesterday afternoon, and was buried this afternoon

Not Only Are We Making

The largest Corn Crop Nacogdoches county has ever produced, but we are assured of an average Cotton Crop that will bring those who gather and market early, the best price for many, many years.

"The early bird catches the worm" this year. This applies not only to the price of cotton but to those of you who intend buying Wagons, Buggies, Surries, Cane Mills, Evaporators, Furnaces, Stoves, Furniture of any Kind, Doors and Windows, Saddlery, Harness, Guns and Ammunition and Hardware.

We are just getting in Three (3) Carloads

MITCHELL, TENNESSEE, OLD HICKORY WAGONS

They are beauties. Save money by buying now. Prices will advance.

We are selling our Buggies, Surries, Spring Wagons, Stanhopes and Runabouts at greatly reduced prices. See us before buying.

Save from 20 to 25 per cent by buying your Cane Mill outfit from us. We have the cheapest and best makes.

We will undersell all our competitors on Bedsteads, Bureaus, Wardrobes, Safes, Chairs and Furniture of all kinds. We surely will do it.

Don't make the mistake of selling your cotton before you get our bid. We buy most of the cotton that comes to Nacogdoches. Why not sell us yours? We pay the highest prices. Your friends,

Mayer & Schmidt.

A social was given last night by Mr. and Mrs. C. S. Southem, in honor of Ross Bowls, who leaves today with his parents. Everybody invited had a "perfectly splendid" time, and played, talked and enjoyed every minute of time until a late hour.

Mrs. J. G. Bowls and her son Ross, left today for Jacksonville on their way to San Antonio, where they will make their future home. Mr. Bowls will follow in a day or two. He still keeps his interest in the box factory, and we hope the move is only temporary.

Mr. Kensler, the head of the governmental experiments in tea raising in Texas, is in the city for a few days, and is the guest of Mr. and Mrs. Ayer. It would not surprise any body much to discover that Nacogdoches county is peculiarly adapted for the culture of tea, though Mr. Kensler has said nothing about it. Nacogdoches county can raise anything and not half try.

Mr. James Duke, a substantial citizen and one of the biggest farmers in San Augustine county, was in the city this morning. Mr. Duke is a "cash man," and says he will sell cotton where it is most profitable this season. He has begun by giving Nacogdoches the first trial, and we feel assured that she will get at least one more visit from the sturdy old gentleman.

Monroe, the nine year old son of Mr. and Mrs. Alex Reid died yesterday afternoon, and was buried this afternoon

at 3 o'clock at the Marony graveyard, Rev. S. F. Baucum conducting the services. Monroe was the oldest child, a bright handsome little fellow just beginning school, and a source of pride and love to his parents. This is the fourth time that death has entered the house hold, and each time borne away the oldest of the flock. Words of consolation are useless, before the overwhelming sorrow that has crushed the family, but the sympathy of all is with them in their grief.

Mr. and Mrs. Will Rulfs desire to thank, through the columns of The Sentinel, all those who by their sympathy and assistance rendered the dark hour of their trouble over the illness and death of their little daughter, Anita, easier to bear. The many kindnesses shown will always be held in grateful remembrance.

If any one wishes to contribute any amount monthly to the cemetery funds, if he will give his name to Mrs. W. D. Peevey, the president of the association, it will be collected each month. Any sum offered however small, will be thankfully received and appreciated.

Feet Swollen to Immense Size.

"I had kidney trouble so bad that I could not work," says J. J. Cox, of Valley View Ky. "my feet were swollen to immense size and I was confined to my bed and physicians were unable to give me any relief. My doctor finally prescribed Foley's Kidney Cure which made a well man of me." OLYMPIA OPERA COMPANY.

Will Appear at the Nacogdoches Opera House Saturday Sept. 19th.

Manager Wells begs to announce to the patrons of our local theater that he has been fortunate in securing the Famous Olympia Opera Company for one night, Saturday Sept. 19th, on which occasion the company will produce the beautiful little comic opera entitled "Olivette" in which the entire company participate. Miss Lottie Kendall who will be remembered as the beautiful little Prima Donna who scored such a pronounced hit here last season is still at the head of the company.

Nacogdoches is positively the only small town in the state of Texas that has been fortunate in securing the big Olympia Opera Company for even one night this season. The only towns or cities in which the company is booked are as follows: Beaumont, San Antonio, Dallas, Houston, Galveston and El Paso.

A Leading Institution.

East Texas is fortunate in having the East Texas Business college located in Nacogdoches right in the center of the territory that needs it. No college in the state is doing better work. This college has grown rapidly from the start and the graduates are the most competent in the state and every one that completes a course seem to get employment at once. Nacogdoches feels proud of this college.
