### TALK OF TRAWICK.

News Items from The Sentinel's Correspondent.

Tarwick, Jan. 4.—Mr. Cleveland Brewer of Georgetown is visiting his brother, Mr. Albert Brewer this week. The Woodmen of the World is to give a big supper tonight at Flat Woods, proceeds are to go to the church which is being built at this place.

It is thought that Dr. Reeves of Linn Flat will build a residence and move here in the near future.

Mrs. W. J. Chandler is on the sick list this week.

Mr. Bluford Todd of Bunker Hill has been here the past week visiting Mr. J. M. Dawson and family.

Messrs J. Y. Baucum and Perry Richards of Center, are here to be present at the rally at Flat Woods tonight. Mr. H. Dial of Nacogdoches will speak for them after the supper.

S. H. Watkins of Linn Flat was here today but failed to tarry long.

We have no more of the big mill but they will build in this county.

If you want a Hereford bull call on Jno. W. Davis.

### A Correction.

The Sentinel was in error in its yesterday's account of the Jas. S. Skillern sale. Mr. Allan Seale was the purchaser, and bought only a portion of the Skillern farm. Mr. E. A. Blount purchased 75 acres and Mr. Seale sold Lindsay & Harris 25 acres of his interest.

### Texas Lady a Victim

San Antonio, Tex., Dec. 31.—Among the victims at the Inquirer Theatre fire in Chicago last night was Mrs. Elma Adamek of San Antonio. Mrs. Adamek was on a visit to friends in Chicago.

### A New Year's Gift

The East Texas Business College of Nacogdoches, Texas, will give five dollars in cash to each of the first fifty students taking a full scholarship in either department in 1904. Our patronage has been double what we expected during 1903, and we wish to share our prosperity with our students of 1904. Send for a free catalogue of the East Texas Business College, Nacogdoches, Texas. 4w

During the past year there has been a net gain in membership of 19. 21 new members have been initiated, while the lodge has lost five—three by death and two by transfer card.

There is probably not another lodge in Texas with a better record. None can surpass it on its record for promptness in its reports to the Grand Lodge, payment of its per capita tax and in installing its officers. The new officers took their stations last night, the first day of the New Year and the first meeting in the new term. Other lodges may have done as well but it is not possible for them to have done better.

### Our

Premium business has proven so satisfactory to our customers as well as to us, that we have concluded to continue it during 1904. We will accept any ticket given out in 1903 for premiums during 1904. We will give out tickets, but will not begin to redeem them until February 15th as it will require sometime to get the premiums in and get the list made up as we will make up a new list for this year, which will be much more extended than last year's list as we will add new things to the list for the benefit of those who have gotten all the decorated table ware that they need. Many of our customers have supplied their tables with ware during the last two years without a cent of cost to them. You can do the same thing by trading with us. Our prices and the quality of goods that we sell must be satisfactory or we would not have the constantly increasing business that we are receiving. Come to the right place.

### KELLEY'S STATEMENT

Cannot Explain Why "Dad" Shot Him With Winchester

In reply to a paper which was in the Sentinel some few days ago, I wish to make a true statement as being there myself and in the vicinity.

That no hard words, at least I have always considered "Dad" my friend.

He came to my place of business on Christmas morning and everybody was pleasant. He stayed till dinner time then went with Mr. Ike Patton and myself to dinner. After dinner I took a nap and did not get up till 2:30 or 3 o'clock. After rising and getting dressed by "Dad's" and there was no one there but him and the negro mail driver, and "Dad" was sitting down with a Winchester across his lap.

I asked him what he was going to do with the gun and he arose, came and went out. I stepped to the door and he was slipping back with the gun cocked and I fired with about equal result. When I was found I had only a scratch on my person. As to the cause of this I don't know. When it is known there will be other parties connected.

Respectfully

W. B. Kelley

With thanks for past favors, and wishing each and all of our customers a happy and prosperous New Year, we beg to announce that we are still handling the good old Jno. Deere plows and their full line of Farming Implements, also a complete stock of Buggies, Surries and Farm Wagons, together with the most up to date line of Furniture ever shown in Nacogdoches and will be pleased to have our friends call and lay in their supplies in this line at our store.

Yours very truly,

CASON, RICHARDSON & CO.

### Horses and Mules

We have a fine lot of horses and mules for sale. Some of them are pure bred and some are mixed. They are all well bred and suitable for any purpose. If you are interested, please call on us at our store.

## We sincerely thank our friends

and customers for their liberal patronage in 1903 and shall strive to serve you better in 1904 than in the past. We have just finished taking stock and have a great many bargains in winter wearing apparel to offer you. We have to move them out to make room for a fresh new Spring stock. Come and see us; you won't be disappointed. Wishing you a happy and prosperous New Year, and that your troubles and bill weeds may be few, we are

Yours truly,

## A Revelation in Harness Making.

I have recently purchased a LANDIS wax thread lock stitch HARNESSE MACHINE. This machine uses hard wax and does work far superior to hand work, because it uses a smaller awl, larger and stronger thread, pulls the stitches in tighter and makes more stitches to the inch than hand work. It is absolutely guaranteed that harness sewed on this machine will wear longer than the best hand work.

A farmer who cradles his wheat cannot afford to sell his grain as cheap as the farmer who uses a self binder. This is a machinery age and the same rule applies to the harness business.

Of course there is a vast difference between "factory" made harness and harness made on a Landis machine in my shop because the factory uses poor material, as well as cheap labor, whereas I use the best of leather and thread, and construct the work myself.

SEVENOT HAYES has positively declined to act as chairman of the National republican committee. No telling what that means.

The Zionists of San Antonio are on the lookout for Eljah H. Q. is expected to pass through that city on his way to Australia.

THE SENTINEL is ready to receive announcements for office from those who will be before the democratic primaries. It is better to announce early than not, if you have made up your mind.

RADWELL removed a cancer that covered half of an old man's face in New York. The treatment lasted six weeks, at the end of which time the cancer disappeared leaving the cheek in a normal state.

THE editorial excursionists of the East Texas Press association, got left in Beaumont, while on their way to New Orleans, but it didn't set them back much. Beaumont took good care of them until the next train arrived.

The poultry business is going to be a prominent industry in Nacogdoches. Several poultry farms are being planned on a large scale near the city.

The Wood investigation committee has intimated that its report will give Wood a "spotless reputation." They have whitewashed and sugar coated him to perfection.

NACOGDOCHES ought to take more interest in the world's fair exhibit. There has never been a dollar contributed outside of the Fruit and Truck Growers' Association and a donation of ten dollars by a visitor to the city which he was generous enough to let go to the credit of the town.

In the announcement of Hon. Lee Blanchett of Beaumont as a candidate for the office of Comptroller, Jefferson county presents for the first time a candidate for state office, and she will be joined heartily by all the counties of this section of the state in an effort to secure his election.—Kountz News.

The presence of Mr. M. B. Treveant, chief of the Southern Pacific literary bureau, at the East Texas press convention at Athens was a courtesy very much appreciated by the members. Mr. Treveant rendered the association an excursion to New Orleans, many availing themselves of the opportunity to visit the Crescent City.

Isn't it a common thing in this country for a lady to handle a mule but there is a young lady over at Carthage who is doing it skillfully and gracefully. Col. Bowers has turned his "Mule" over to Miss Mollie Neal, who is now proprietor and editor-in-chief. Col. Bowers has retired from newspaper work on account of failing health.

Isn't it the best every time to "feel around" a month or two before coming out for office. Mighty few people these days pledge their unequalled support until they see the list of candidates in the announcement column. If you know you are going to be a candidate it is always best to announce the very moment you have made up your mind.

New York could secure the next National democratic convention for the asking, and leading democrats are astonished that she has not asked. New York has a new democratic mayor and local politicians are too busy looking after the distribution of patronage to stop and think over a small matter like the democratic or any other convention just now.

SELENA WILSON of the department of agriculture estimates that 20 carloads of free cotton seed have been given the Texas members of congress for distribution among those of their constituents whose crops were injured by the boll weevil, and yet requests for more are pouring in from all parts of the State. He desires it understood that the supply is exhausted and at present he has no funds with which to purchase additional cotton seed.

A JAP is coming to Texas to inspect the locality as a place to locate countrymen who will raise tea and silk. Will not pan out. This is not for the reason that such culture is impracticable but because better paying crops can be raised in Texas. Whenever any country begins to talk tea and silk, you will notice that it has begun to run down at the heels. There is nothing in that line the matter with Texas.—Beaumont Enterprise.

JOHN HOWARD, known throughout the land as "John Howard, of and for Texas," is dead, and his death is universally regretted. He was a great advocate of progressiveness on the farm and was a constant contributor to the press upon farm topics. During recent years he has served as immigration agent for various railroads, and a few months ago moved to Tulsa, Indian Territory, for his health. The move did not benefit him and he died at that place on Dec. 20th.

COL. JNO. T. PATRICK, former chief of the industrial department of the Seaboard Air Line, has returned to Texas, after officially resigning his position with the Seaboard, and will take up the same line of work with the Southern Pacific. The engagement of Col. Patrick is only in line with the extremely liberal policy pursued by the Southern Pacific in inducing immigration into the States penetrated by this great trunk line, and it is, indeed fortunate for Texas that this is so.—Orange Leader.

ATHENS did the honors to the East Texas press gang in the most modern and approved style. Athens is a fine town and is made up of the best people on earth. The city was turned completely over to the quill drivers and the citizens vied with each other to see that we were shown a good time. The hospitable and elaborate entertainment was crowned with a grand reception at the magnificent home of Mr. and Mrs. Geo. T. Wofford Monday evening. The reception was tendered by the citizens of Athens, this lovely home being selected and freely granted for the purpose. The entertainment was grand beyond description.

SUCH the New York Cotton Broken thinks the government estimate of 9,622,000 bales is too high by many thousands of bales, also that high is cotton is, it is still too low. He asks the question, pertinently, "what does fifteen, sixteen, twenty, even twenty-five cents a pound mean when you can't get the cotton." This would have been a fine season for farmers to hold back their cotton. Last year's consumption of cotton amounted to 10,890,000 bales, over a million bales more than this year's crop, according to the government estimate, which is considered the outside limit. Under those conditions even an unprecedented large crop next year could not run the price below ten cents, if the crop is marketed judiciously.

THERE is a pension reduction of \$139,847, and that indicates that we have arrived at the maximum of pensions, and we may hereafter expect a rapid decline in the amount appropriated.—Austin Statesman.

CAN'T Mr. Roosevelt keep his nose out of anything? Mr. Fullerton of Montana writes: "I stand prepared to furnish indisputable proof that the president, the assistant secretary and Major Pitcher, superintendent, have been in collusion for a year to allow H. W. Childs to run a lot of illegal saloons in Yellowstone park." The president of the United States should not be mixed up with a lot of illegal or any other kind of saloons.—Austin Statesman.

THE Lufkin papers and the Orange Tribune are alone in the fight against Lee Blanchette on the ground that he is not loyal to home print shops. The "home print shops," however, constitutes the Rein Lithograph Company at Orange, owned by a republican and never had a lithograph stone for a lithograph press in its office. The Beaumont printing offices are for Blanchette for Comptroller, and that is a sufficient refutation of the charges of outside papers. We'll wager six bits that Blanchette carries both, Angelina and Orange counties.

GOVERNMENT Engineer Gillespie has given it as his opinion that the improvement of Red River from Fulton Ark. to Denison, Texas, would be too expensive as compared with the benefits, yet he favors the improvement of the Trinity. The project to make the Trinity navigable to Dallas is not only enormously expensive but almost impossible, and it is hard to see how Mr. Gillespie figures out his conclusion that either would justify the expense. We would rather have a few millions devoted to "public road improvement" in Texas than see a waste of money on such streams as the Trinity and Red rivers in the northern portion of the state where they are hardly bigger than a spring branch.

THE law-breakers among strikers are daily weakening the cause of organized labor, says Texas Farmer. There can be no argument against labor unions per se, and none against orderly strikes. But when violence is resorted to, punishment, quick and severe, should be inflicted, and none should be more in favor of this than the reputable citizens among laboring people, because the disreputable are weakening labor's cause. The hearse-driver strike, for instance, in Chicago, have to be restrained by the police from interference with funerals. This sort of strikers ought to be strung up to a telephone pole. Blowing up cars at San Antonio, and the killing of the motorman at Waco, are other cases in point. The people won't stand this much longer, and preventive measures are liable to go so far as to interfere with legitimate rights of labor.

CONTINUED and persistent exposure of his crookedness while carpet bag governor of Cuba has at last punctured the tough hide of General Wood and he is now demanding the appointment of a committee who will whitewash his "grafting" proclivities and give him a certificate of good character. Wood will get this certificate. The committee will be composed of men military that to whitewash Wood assures recognition from Roosevelt which will be followed by honorable mention if not promotion for conspicuous service in behalf of his candidacy for the presidency.—Beaumont Journal.

A local paper recently declared that fraternal orders were becoming more numerous than necessary, and that many of them were nuisances without excuse for existence. Possibly this may be true; and it is also true, though this did not occur to the editor, that there are more alleged newspapers than necessary, many of which are nuisances without excuse for existence. This allegation can also be lodged against many other things.—Pacific Echo.

Similar remarks are frequently heard from the pulpit. May not preaches also be included in the allegation? It is possible sometimes to have too much of a good thing.

Mary Jane Cox of the Forney Messenger has announced as a candidate for tax assessor of Kaufman county, and the Chronicle would here and now serve notice on other prospective candidates for that office in our sister county that it is unalterably for Mary Jane. Other things being equal, the Chronicle's sense of chivalry always induces it to give the ladies preference.—Wills Point Chronicle.

It is to be hoped that the voters of Kaufman county will prove as gallant as our Van Zandt contemporary. Mary Jane has fought, bled and died several times for Kaufman county and his chivalry deserves reward.

Editor Fuller of the Huntington Enterprise and the Lufkin correspondent of The Houston Post are about the only ones left who insist on pulling the prohibition question into politics next year. Cut it out, gentlemen, or you will likely get lonesome.—Lufkin Tribune.

Yes, for heaven's sake cut it out. We'll have enough to chew the rag over in politics without injecting prohibition into it. Still, there will have to be some prohibition in the next legislature or the whiskey ring will throttle prohibition all over the State. The question of "consti-tootationality" has to be settled some way.

Statistics show that there are three times as many insane persons in Massachusetts as there are in Texas. That goes to show that life is much easier in Texas than in the New England states. It takes but one-third as much labor to sustain life comfortably in Texas as it does there, and the certainties in getting the necessities of life are two-thirds greater in Texas. This argument is based upon the fact that there are three insane persons in Massachusetts to one in Texas, and it is correct.—Austin Statesman.

## STRAINING AT A GNAT.

Lee Blanchett, of Beaumont, has announced himself as a candidate for state comptroller. Mr. Blanchette has been county clerk of his county for years, and in all that time he has not had any printing for his office, or for his personal use done except in St. Louis or Chicago. That is on a par with sending to Montgomery Ward & Co. for a hat, suit, or anything else because we can buy those things for a dime less than our own merchants who contribute to the wealth of our city and assist to build up, ask for them. When Mr. Blanchette asks your support, tell him to go to St. Louis and Chicago for votes, where he does his trading.—Texas people want for office only men who patronize home institutions, men who spend at home the money they make there instead of sending it to distant cities.—Lufkin Herald.

Hon. Lee Blanchette, county clerk of Jefferson county, has announced his candidacy for the office of state comptroller. Blanchette is one of these fellows who, it seems from the evidence at hand, does not believe in patronizing and building up home institutions. Of the thousand of dollars paid out for blank books, legal blanks, letter heads, envelopes and other stationery for his office since he has been county clerk, it is absolutely safe to say that not \$100 of it has been paid to Texas printers, book manufacturers and stationers. It has gone to St. Louis, and that is where Mr. Blanchette should go for votes.—Lufkin Tribune.

Admitting that every word uttered by the Herald and Tribune is true (which are not, it we are correctly informed) it is down right littleness in any paper to oppose a man for office on such charges. Not a word is alleged against the qualifications of Mr. Blanchette for the office of comptroller, and his home papers, who could be the only papers interested as to where he places his orders for printing, are among his strongest supporters. Mr. Blanchette has held the office of county clerk of Jefferson county for fifteen years, and if his offense has not been sufficient to beat him for a county office, it can certainly cut very little figure in a state campaign. We regret to see this spirit of littleness displayed on the part of our exchanges. It is a departure from that dignity which has characterized the country press of Texas.

The president of this country should be impeached for his attitude towards Gen. Wood, and if he cannot be convicted, try him for the theft of Panama and bringing on a revolution. He is indeed a most dangerous man to be at the head of this government. We do not believe the patriotic republicans of the north will endorse or support him. To have him at the head of affairs is like putting a blind, mad bull in a crockery shop.—Lockhart Register.

That's an honest view of it. But this Panama business reminds us of the old darkey who scolded his children for stealing chickens and then ate up the chickens with an exceeding relish. We all know it was a rascally deal, but most of us are glad to be in on it as long as Teddy is held responsible.

**SEVEN HUNDRED LIVES LOST**

In the Burning of the Iroquois Theatre in Chicago.

Chicago, Dec. 31.—The burning of the new magnificent Iroquois theatre with its attendant appalling loss of life, has cast a gloom over the city the density of which pales all else and causes mourning in every block on every street in the city.

So terrible and so swift was the descent of the blow that people were staggered and even today many are incapable of realizing its enormity.

It is simply beyond the power of man to convey an adequate description of the horror nor can the most vivid imaginations fully compass all the frightful phases.

In some instances entire families have perished while in others there is a sole survivor. Fathers and mothers have been bereft of their little ones and the latter have lost parents and protectors and to add to the awfulness of the situation a multitude of children are among the missing and of their fate there must in some instances be life long doubt, for without the actual evidence of the death angel's work the hope or thought will not down that perhaps after all there was escape and even a sadder fate.

It is estimated now that the deaths will eventually reach very near if not quite the seven hundred mark, for each hour tells of injured to die from burns and bruises.

The task of compiling an accurate list of the victims is herculean, for in many instances recognition of the bodies is impossible.

The sorrowful task of interring the dead began today and it will continue throughout the week. The fearful calamity has stricken all classes in all strata alike.

All things disast' are embarrassing as well as annoying. Hunt's Cure will instantly relieve and permanently cure all forms of such diseases. Guaranteed. Price 50c.

**For Sheriff.**

Mr. Eugene Buckner, of Chireno, is the first to lay his candidacy for sheriff before the democracy of Nacogdoches county. Mr. Buckner announces subject to the action of the democratic primaries. He is a native of Nacogdoches county, a true and staunch democrat, an upright man and a useful and loyal citizen. He is good material for the office he seeks and we are willing to vouchsafe that he will make a brave and faithful officer if elected.

**Missourians Coming.**  
Mr. A. H. J. Bailes recently bought 160 acres of farm land, eight miles west of Nacogdoches, from Lindsey & Harris. The purchase was made for Mrs. Carrie Z. Kilgore, of Nevada, Mo., who is a sister-in-law of Mr. Bailes.

Mr. Bailes says it is their intention to bring his wife's parents and several other members of the family down here and that they will ultimately buy more land nearer town and start a poultry and truck farm. They are expected to arrive soon on a visit and may remain here. At least plans will be arranged for their coming at an early date to stay.

**Brutally Tortured.**  
A case came to light that for persistent and unmerciful torture has perhaps never been equaled. I came across Electric Bitters and its the greatest medicine on earth for that trouble. A few bottles of it completely cured me." Just as good for liver and kidney troubles. Only 50c; satisfaction guaranteed by Stripling, Haselwood & Co.

Prof. Booker T. Washington, whose oratorical voice seems to have lost none of its rhetorical richness from working overtime, recently delivered an address to an audience of Andrew Carnegie's favorites in which he stated that the negro should regard the offer of money for his vote as an insult. What is the professor driving at? To eliminate the perquisites from the right of negro suffrage would tend to estray the colored brother's interest in popular government and turn its administration over to the spoils man and the grafters.—Wills Point Chronicle.

**Pleasant and Most Effective.**  
T J Chambers, editor Vindicator, Liberty, Texas, writes Dec. 25, 1902: "With pleasure and unsolicited, by you, I bear testimony to the curative power of Ballard's Horehound Syrup. **\*RAH for the Nacogdoches schools.**

THE immortal seventeen lost a man somewhere in the last election. Only sixteen of them showed up.

You must pay your poll tax on or before Jan. 31st, isn't it if you want to vote this year. Feb. 1st will be one day too late.

THERE will be a big crowd of candidates in Nacogdoches county this year, and it need not be charged up to the boll weevils, either.

THE port of Galveston during the past year has broken all previous records in exports. In some instances all past records have been doubled.

SIXTEEN candidates for county offices have announced in the papers of Coryel county. There are six candidates for tax collector in that county.

THE saloon license has been increased to \$1,000 a year in Shreveport, resulting in about forty saloons going out of business on the 1st of January.

THERE seems to be very little interest in the school bond election today. Up to 2 o'clock this afternoon only about 35 votes had been polled.

It is reported that W. J. Bryan will declare for Wm. R. Hurst for President immediately on his return from Europe. Wonder who Grover will declare for now?

THE official social season was opened in Washington on New Year's by a brilliant reception at the White House, according to a custom established a hundred years ago.

NINETEEN theatres and museums have been ordered closed in Chicago as a result of the Iroquois horror. They were not considered safe and Chicago does not want a repetition of the last horror.

Two carloads of Georgia immigrants arrived at Minden, La., on the 1st of January. They would be coming to East Texas in car lots, if the right effort was made to bring them here. This is a better country than North Louisiana.

THE school outlook is a little more promising than it has ever been before in Nacogdoches. In the course of another year, if a trace don't break or a cog slip somewhere unexpectedly we will be able to point to our school buildings with some degree of pride, which we cannot do now.

THE terrible Chicago disaster is the talk of the world. No such a catastrophe has ever before gone on record. The builders and owners of the Iroquois opera house, the burning of which destroyed over seven hundred lives, will be prosecuted for criminal negligence in providing against such a horrible disaster.

## THE ELECTION.

The election Saturday resulted in carrying the proposition to issue school bonds to the amount of \$40,000, forty years, 5 per cent interest.

There was not as much interest as should have been shown in an election of such importance, but, taking into consideration the inconvenience resulting from the law requiring the voter to show his poll tax receipt, the showing was not a bad one. 174 votes were polled, amounting to more than half the entire vote of the district. Of these 158 were for and 16 against the tax.

THERE are four candidates mentioned for County Clerk, as follows: E. M. Weeks, for re-election. Dr. E. D. Williams, Prof. J. A. Spere and P. M. Sanders. A good hand to draw from.

THE Galveston-Dallas News is interviewing the people upon the Panama proposition, and so far the published interviews show that a large majority of the people are in favor of ratifying the treaty and proceeding at once with the Panama route.

THE last saloon has been run out of De Soto parish, La., by high license. Last year there was only one, at Mansfield, and when the license was run up to \$4,000, which took effect Jan. 1st, it had to close its doors.

POLITICS makes people funny sometimes. Old secessionists are denouncing the Panama affair, while old unionists are endorsing it. Men fought four years in the civil war on opposite sides from the stand they are taking in the Panama embroglio.

HIGH license seems to be a good way to get rid of the liquor business, as has been adopted in Louisiana. There are few country towns in that state where a saloon can afford to pay the license, hence a great portion of the state is dry.

THE Jacksonville Daily Banner has made its appearance and is a credit to Jacksonville. J. E. McFarland is a practical newspaper man and will succeed with the Daily Banner if it is possible to make a daily paper a success in that place and we believe it is.

THE compress at Timpson has handled 17,500 bales of cotton this season, about two-thirds of which has been cut off from the Nacogdoches compress. Compresses are getting too thick to be profitable in East Texas. Like the cotton oil mills, the business is overdone.

THE American Tinplate company at Monessen, Pa., must have wanted to close down, when it reduced its scale of wages one-half. Everything, from superintendent down went on a strike and there is nothing doing now in the Monessen factory. The Carnegie steel works at Brad dock and the Thompson steel works at Pittsburg scaled their wages 10 per cent which was accepted by the employees.

THE total number of poll tax receipts issued for 1903 up to this date 1954. The total number assessed for Nacogdoches county is 4,600. There are 2646 delinquents yet and they have only the remainder of this month to pay up in. January 31st is the limit. If you wait till February 1st you will have to pay a penalty.

THE East Texas good roads convention at Tyler Thursday probably did not do much, but it has made a start in the right direction and will bring forth good results in the end. There is nothing of so much importance to East Texas today as the road question, and with the right move and a persistent effort along lines set out in this convention it may not take many years to completely revolutionize the road system. Until our public roads are worked by taxation and convict labor we will have hills and hollows, mud holes and washouts, bad fords and broken bridges, where we should have roads. There is no way of making and keeping up good roads under the present system.

THE Maryland legislature will probably pass a special law to enable Rear Admiral Schley to vote. Although a native of Maryland, and not withstanding the fact that he has never claimed more than a temporary residence elsewhere. Admiral Schley is not qualified to cast his ballot there. It is said he never voted in his life, although he reached the legal age of voting forty five years ago. He celebrated the twenty-first anniversary of his birth while a cadet at Annapolis Naval Academy, and since that time, by reason of his service in the navy, it has been impossible for him to perform the citizen's duty on election day. It is proposed that the legislature shall pass an enabling act, naming him specifically and giving him the right to register and vote in his state.

AND once upon a time there happened a Smart Alex who received a telegram from his Boss, saying: "Go thou to Athens, the seat of Learning, and show your ignorance by fighting a man who is your superior in all respects." And Straightway Smart Alex applied for mileage and a tooth pick and landed in Athens. Thinking that he alone would be weak and insignificant he took upon himself one great big assistant called in the ancient times A Jag. Now A Jag was about the height of Smart Alex's ambition and he thought it an exhibition of great learning and a way to earn his fifteen per to say "I came here (hic) to fight Lee (hic) Blanchette. He's too stuek up (hic) to give me business when (hic) I'm drunk and he oughn't to be (hic) state comptroller." And so it come to pass that the men of Learning in Athens, which was a place unaccustomee to such creatures as Smart Alex and A Jag, thought that Lee Blanchette should be commended for having nothing to do with such beings—and they determined to support him to a man.—Beaumont Enterprise.

THREE Missouri boys, George and Joseph Christian, aged 18, 16 and 12 years earned \$4,145 raising corn last summer. They planted and cultivated 450 acres, without help except labor saving machinery, under contract with the land owner to pay them 12 cents a bushel for their crop. When the crop was gathered it was found that they had made 34,621 bushels, for which their land lord gave them a check for \$4,145. The pictures of the boys will be one of the features of the Missouri exhibit at the World's Fair at St. Louis.

THE fruit and truck growers held a meeting Saturday and elected a committee to look after seed, fertilizers, etc., for the spring planting. A much smaller acreage for truck farming has been pledged than was pledged at this date last year and the outlook does not indicate that the local truck growers will go far on tomato growing this year. There seems to be more interest in potatoes. The interest, or lack of interest, at present seems to be based on the success or failure last year. Potatoes were profitable last year, while there was a loss on tomatoes. It may be reversed this year, but last year's experience was so had on the tomato growers that most of them have declared their everlasting abandonment of tomato growing. The best plan to pursue is diversification. Raise a little of all money crops.

EXPERIMENTS have been made by several ginners in Texas, proving that it pays to gather the unopened bolls from the cotton fields, after frost has killed the vegetation. They may be fed, burrs and all, into the gin, but the lint is separated from everything else, the same as from the seed and the cotton classes strict ordinary. A load of bolls weighing 1,740 pounds was fed through a gin at Sherman the other day, turning out a bale that netted the owner \$63.86. Another experiment of the same kind was made in Collin county, turning out a bale that brought \$67.43 from a load of bolls weighing 1,510 pounds. These experiments will put an end to the great waste that usually occurs at the end of the cotton picking season, especially if the price of cotton remains above ten cents.

HON. SAM DIXON was in the city again yesterday. He says the outlook for a creditable exhibit from Texas at the World's Fair brightens a little all the time, but that it takes a deuced lot of hard work to get the people interested. He is untiring and incessant in his efforts, and frequently has to "dig" for articles to be put on exhibition, but that doesn't lessen his zeal. Take Nacogdoches, for instance. The only individual donation of cash that has been made here was given by him, when he placed ten dollars at the disposal of the Fruit and Truck Growers committee. He did this because he has interests here and ultimately expects to make Nacogdoches his permanent home. But he

has less interests than hundreds of others have, who refuse to give a cent. This instance brings vividly to mind the adage that it takes new people to bring new life into a community. We old "land marks" become "set fasts" and fossils, unless stirred constantly by a thrifty, hustling, enterprising immigration. If it wasn't for the new people coming among us constantly Nacogdoches would be a hundred years behind the times today.

### Announcement.

To the public:  
I take this method of notifying the public that I have sold a half interest in my nursery business to T. E. Burgess. The firm name in the future will be Rose Lake Nursery Co. I wish to express my thanks to the people for the encouragement and patronage which has enabled me to build the business to its present standard, and can assure every one that our efforts and ability in the future will more than double that in the past.

Respectfully,  
J. B. Power.

We, J. B. Power and T. E. Burgess, announce to the public that we will from this day continue the business of the Rose Lake Nurseries as equal partners, and that the firm name is changed to Rose Lake Nursery Co. With our experience in propagating, growing and handling nursery stock, we are prepared and propose to conduct a strictly first class business. We are now planting and propagating for one of the most complete lines in general nursery stock to be found in the Southwest. We ask the co-operation and business of our fellow townsmen and of the public, and promise to use every effort to give our customers the best in our line.

Thanking the public for its past liberal patronage and hoping to merit a continuance of the same, we are

Yours very truly,

J. B. POWER,  
T. E. BURGESS.

Nacogdoches, Tex. Jan 1, 04.

### Oil Land Sale.

Another big land transaction has been consummated in the oil field, in which Mr. Jas. Skillern conveyed 150 acres to Lindsey & Harris. The price paid for the land is \$4,500. This land lies immediately in the proven territory, and has one flowing well upon it already.

Are you looking for a really good, all round school with quiet home-like surroundings at reasonable rates? If so Omen over here in Smith county, 2 1/2 miles west of Arp, is the place. They say that school is now as good or better than ever before.

The young people who came flocking home from college to spend Christmas have nearly all returned to study. The school bells rang this morning to call the children in from two weeks of play and freedom, and the old town has settled down into its usual routine, after a more than usually enjoyable and lively holiday season.

## KAPLAN SELLS OUT.

John W. Davis Takes in Another Nacogdoches Plum.

A trade was closed last night between Kaplan Bros. and John W. Davis, by which the latter becomes the owner of the big stock of goods of Kaplan Bros. of this city. Mr. Davis also takes possession of the stand occupied by Kaplan Bros. The deal has no connection with the stores of the Kaplans elsewhere. Mr. Sol Kaplan, manager of the Nacogdoches house, whose home is in Nacogdoches, refuses to give out any information as to his plans for the future, but it is surmised that he will not stay out of business. He has a splendid business lot on south side of central Main street and it is predicted that he will build upon it and ultimately re-establish himself in business.

The Kaplans have had 14 years of business prosperity in Nacogdoches, during which time they have constantly enlarged their business and increased their circle of friends. Being still young men, full of energy and enterprise, it is not believed that either of them have the remotest idea of retiring from active business life. Whatever course they may pursue, their friends, who are legion, will ever wish them pleasure and prosperity.

As to Mr. Davis, who succeeds the Kaplans, while he has scarcely been in Nacogdoches as many months as the latter have years, he is one of the best known men already throughout East Texas. He came from Abilene as the successor to John P. Davidson, and he has let no grass grow under his feet since he landed here. He is still on the ground and will speak for himself. Whater his plans may be the prospects are good that he will become a fixture in Nacogdoches, a probability that is hailed with pleasure by all who have watched his movements since he came among us.

### For Sheriff.

Geo. W. Blackburn authorizes the announcement of his name as a candidate for the office of Sheriff, subject to the action of the democracy of Nacogdoches county. Mr. Blackburn is well known to the people of Nacogdoches county, having made the race two years ago, at which time he visited many parts of the county and made many friends and new acquaintances. He made a good race and came out second best, being defeated by W. J. Campbell, by only a small majority. He will present his claims once more, asking a fair consideration at the hands of the democratic voters. He is well qualified and if elected will ably fill the office.

### Wedding at Mahl.

Mr. Eli Box and Miss Frankie Chambers were married at 3 o'clock yesterday afternoon at Mahl, Rev. S. F. Baucom of this city performing the ceremony.

KNIGHTS OF PYTHIAS BANQUET.

LaNana Lodge Entertains Lady Friends with Brilliant Reception.

The Knights of Pythias hall was beautifully decorated with holly, bamboo, pot plants and stately palms; and, brilliantly lighted, flashed a welcome on the knights and ladies who attended the reception.

The house was called to order, when the lodge sang one of the opening odes. Mrs. E. H. Blount accompanied them on the piano.

Mr. E. A. Blount then made an address—not long—but in his happiest vein, suggesting that new resolutions, as to attendance, be made and kept for the following year, and that as friendship was one of the tenets of the order that the members be held more friendly in the future than ever by the golden bond.

A vocal solo by Mrs. W. W. Perry was next on the program, after which a quartette by Mrs. Perry, Tom Baker, Eugene Blount and I. L. Sturdevant was rendered.

Refreshments were then served, consisting of sandwiches, salad, olives and saltines, and cake of all kinds together with the finest punch ever manufactured.

The gathering was large and brilliant, and the Knights of Pythias reception goes on record as one of the swellest society functions given in Nacogdoches.

*We are now starting out with the new year. Among the many things to be decided, is where to buy your drugs for the next twelve months. We now have Mr. Dumas Simpson with us as a partner in the business and we feel that we will be more able to take care of your business than ever, and we ask that you give us the opportunity to show how much we appreciate your trade by giving us a trial. We also wish to thank each one of you who have traded with us this past year and we hope you will see fit to continue our patrons.*

R. T. Shindler Drug Co.

Cured After Suffering 10 Years.

B. F. Hare, supt. Miami Cycle Mfg Co., Middletown, O., suffered for ten years with dyspepsia. He spent hundreds of dollars for medicine and with doctors without receiving any permanent benefit. He says "One night while feeling exceptionally bad I was about to throw down the evening paper when I saw an item in the paper regarding the merits of Kodoi Dyspepsia Cure. I concluded to try it and while I had no faith in it I felt better after the second dose. After using two bottles I am stronger and better than I have been in years, and I recommend Kodoi Dyspepsia Cure to my friends and acquaintances suffering from stomach trouble." Sold by Perkins Bros.

We have about fifty scoops and forks missing, some people have taken them off through mistake, as we know no one would willingly take them off, especially if there branded as ours. Please, everybody look around your premises, and should you find one or more, return same as we need them in running the mill, and besides they cost us money. Yours Truly, Merchants & Farmers Cotton Oil Co.

MELROE LETTER.

Newsy Items From The Sentinel Correspondent.

Jan. 4.—Mrs. Lena Fall from Chireno, visited Melroe last week.

The Xmas tree was a joy and pleasure to all, laden as it was with nice presents amounting to 590 in number.

Mrs. Della Simpson returned to her home in Garrison, after spending several days with her father's family.

Miss Bessie Wilson after enjoying the holidays at her home begins teaching this morning at Pisgah school house.

Mrs. H. A. Hardeman is at home again from a visit to Garrison.

Two of our good neighbors, Mr. Oscar Barret and wife and Mr. John Hill and family, have moved out in the suburbs of our town.

Just One Minute.

One Minute Cough Cure gives relief in one minute, because it kills the microbe which tickles the mucous membrane causing the cough, and at the same time clears the phlegm, draws out the inflammation and heals and soothes the affected parts. One Minute Cough Cure strengthens the lungs, wards off pneumonia and is a harmless and never failing cure in all curable cases of Coughs, Colds and Croup. One Minute Cough Cure is pleasant to take, harmless and good alike for young and old. Sold by Perkins Bros.

Messrs Rate Stripling and John Burrows, two of the finest young men in Nacogdoches both as regards business quality and moral worth; have bought out the drug store of L. S. Cage in San Augustine, and will open an up-to-date Drug and Jewelry business in that city about February 1st. They have ordered a swell set of soda fountain fixtures and will have a first-class soda fountain in connection with the store and intend running the business in a style that will be an eye opener to the red land city. Success is assured for the firm in advance, from the character of the gentlemen composing it, and we wish them all prosperity even while regretting to lose them as citizens of Nacogdoches.

Children Poisoned.

Many children are poisoned and made nervous and weak, if not killed outright, by mothers giving them cough syrups containing opiates. Foley's Honey and Tar is a safe and certain remedy for coughs, croup and lung trouble, and is the only prominent cough medicine that contains no opiates or other poisons.—Perkins Bros.

Mr. Marshall Smith went to Houston last night and will make that city his home in future. He is going into business there with his brother, Mr. Bert Smith. The brothers are both experienced business men and the firm will undoubtedly be a prosperous one.

A Life at Stake.

If you but knew the splendid merit of Foley's Honey and Tar, you would never be without it. A dose or two would prevent an attack of pneumonia or la grippe. It may save your life. Perkins Bros.

# The Story of Uneeda Biscuit

We never tire of telling the story of **Uneeda Biscuit**. **Uneeda Biscuit** are the result of two ideas. That soda crackers could be made better than they had ever been made before. That it was possible to convey them to the home fresh, crisp and clean.

The importance of the soda cracker as an article of daily consumption made it well worth while to make the best soda cracker that could be made, and to place it on the table as good as it had been made.

To do the first required the selection of the best materials and the highest skill. To do the second upset all traditions. The oldest bakers said there was no way to keep a soda cracker good. That people were satisfied to eat them stale, as they had been in the habit of doing. And so it fell to the lot of broader minds to do this unheard of thing—to keep a soda cracker good until eaten.

The result was a beautiful royal purple and white package—that kept out the air, moisture and dust; that retained the natural flavor of the biscuit, keeping it crisp and fresh until it reached the table.

To-day, nearly three hundred million packages of **Uneeda Biscuit** have been consumed by the thoughtful people of this country and the demand is ever increasing.

That is the story of **Uneeda Biscuit**. Some day we will tell it over again for the benefit of those who are still "in the habit" of buying staid and broken crackers in a paper bag, when they can get **Uneeda Biscuit** whole, fresh and clean in an air-tight package.

Prof. Persons attended the State Teachers Association at Marlin and returned last night delighted with the meeting and with the hospitable treatment of the Marlin people.

Prof. R. F. Davis returned yesterday from Marlin where he attended the annual session of the Texas State Teachers Association. He reports an intensely interesting and profitable meeting, a large attendance and a glorious good time, for the city was thrown open to the teachers and the hospitable citizens vied with each other as to who should pay the visitors the most attention. Prof. Davis made a speech that was highly praised in the Marlin press, and together with Prof. R. W. Persons and Miss Zillah Langley quite upheld the reputation of Nacogdoches as having the best that is going of everything including teachers and superintendents.

Mr. E. C. Muckleroy, of the Trinity community, was a caller at the The Sentinel office this morning. He brought in a bale of cotton which he sold for over 13 cents a pound bale bringing \$82.00

Mr. Chas. Ringer of this place came in this morning from Ardmore, Indian Territory with his bride, who was Miss Mary White of that city. Mr. Ringer left Nacogdoches last Thursday for his wedding and returned at once with his wife who is a lovely and accomplished young lady. Mr. and Mrs. Ringer are staying for the present with Mr. Ringer's sister, Mrs. J. D. Gray

Don't become Discouraged But use Simmons' Liver Purifier (tin box). Many imitations of the original, so be careful and see that it's "Purifier" and manufactured by the A. C. Simmons Jr. Medicine Co.

Elbert Weeks and Leland Mast will open a grocery store at San Augustine on the first. They are energetic and capable young men and we predict great success for them in their business venture.

At best life is but short. Do not make it shorter yet by rank neglect of that cough of yours, when one bottle of Simmons' Cough Syrup would cure you. Guaranteed. Price 25 and 50c.

Describe trouble and free medical advice sent in sealed letter. This is an honest offer—Medicine sent prepaid.

Messrs Edgar Wade and Zeno Cox Jr. have decided to go into business for themselves and will open up a general furnishing store on Feb. 1st, in the building formerly occupied by the opera saloon. Both of these young men were raised in Nacogdoches and are able business men, and both resign lucrative positions to launch into the business world. They are possessed of every attribute to success, being honorable and high minded in every particular and experienced in the business they are entering. Everyone in the county knows them and words of praise are unnecessary but we wish them the fullest measure of success. The McKnight building which they are to occupy is being remodelled, with large display windows and up-to-date shelving, etc. The new firm is out for business, and indications are that they will find what they are looking for.

C. Heitman has received a new machine for making and repairing shoes. It is a beauty and is useful in facilitating his work.

Mr. W. S. Thompson has opened the doors of the new hotel at the Union Depot to the public. He is an experienced hotel man and proposes to run a first-class two dollar house.

Night was Her Terror. "I would cough nearly all night long," writes Mrs. Chas Applegate, of Alexandria, Ind. "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood, but, when all other medicines failed, three \$1 bottles of Dr. Kings New Discovery wholly cured me and I gained 38 pounds." It's absolutely guaranteed to cure coughs, colds, lagrippe, bronchitis, and all throat and lung troubles. Price 50c and \$1. Trial bottles free at Stripling, Haselwood & Cos. drugstore.

### DR. DENMAN INDICTED.

Grand Jury at Rusk Finds True Bill Against him.

Rusk, Tex., Dec. 30.—The district court and grand jury convened to fill out the regular term of the court after the holidays.

Quite a number of prominent witnesses were in attendance from Lufkin, brought here as witnesses in the case against Dr. A. M. Denman from Lufkin on the charge of criminally assaulting Cora Wright, a girl of 12 years at Lufkin.

Under the present law this charge can be brought before any grand jury in session within the district, and as district court is now in session, the prosecuting witnesses appeared before the grand jury of this place and a true bill was found charging Dr. A. M. Denman with criminally assaulting Cora Wright.

All parties are prominent people of Lufkin and the defendant is a physician of high standing and the mayor of Lufkin. The prosecutrix is a girl of 12 years of age and from an estimable family.

This term of court will adjourn within a day or so by operation of law.

For Sale or Trade. Two good horses 8 years old and well broke, cheap for cash, or will trade for pair of small mules and a pony, which must be well broke and not too old. J. W. McCall, w2 Chireno, Texas.

## AS OLD AS THE PYRAMIDS

That blood poison existed among the ancients has been proven beyond question. It has been traced back thousands of years, and is as old as the Pyramids. This blighting curse has been handed down from nation to nation and from individual to individual till it has spread to all parts of the world.

Contagious blood poison, as it is called in modern times, begins with a small sore or ulcer through which the virus enters the blood. This is followed by inflammation and swelling of the glands of the groins, a red eruption breaks out on the body, sores appear in the mouth and the throat becomes ulcerated, and as the disease takes a deeper hold and the blood becomes more thoroughly infected, the hair and eyebrows drop out, the skin is spotted with copper-colored spots, the bones and muscles ache, and it seems to the victim of this monster scourge there is not a sound spot in the whole body.

The horror of this awful disease can never be told. The one who contracts it suffers in body and mind, and if the poison is not eradicated transmits the taint to his children, and Contagious Blood Poison thus becomes responsible for many of the ills of childhood—Skin Eruptions, Catarrhal Troubles, Sore Eyes, Scalp Disease, White Swelling, Scrofula and others just as bad. S. S. S., the great vegetable blood purifier and tonic, has long been recognized as a radical and safe cure for Contagious Blood Poison. It counteracts the deadly virus and cleanses and purifies the diseased blood, and under its tonic effects the general health improves and soon all signs of blood poison are gone. The strong mineral remedies, Mercury and Potash, which are so often prescribed for the disease, dry up the sores, skin eruptions and all external signs, but leave the stomach and digestion ruined and the system in such condition that the disease finally returns in worse form than ever.

S. S. S. is guaranteed a purely vegetable remedy. \$1,000 is offered for proof that it contains a single mineral ingredient. If you have blood poison write for our special book, describing the different stages and giving all the symptoms, with directions for treating one's self at home. Our physicians will furnish any information or advice wanted free of charge.

### EAST TEXAS PRESS ASSOCIATION.

Not Largely Attended But a Pleasant and Profitable Session.

The meeting of the East Texas Press Association at Athens, while not as well attended as it ought to have been, was one of the most pleasant and profitable sessions ever held since its organization. Every section of East Texas, from Orange to Tyler, from Logansport to LaPorte and from Bronson to Athens was represented. Some splendid speeches were made, papers read and a general discussion indulged in upon many questions tending to the advancement of the press and the improvement of the country and the promotion of mutual interests.

Col. Falk, of Athens, read a very able paper upon the question of public road improvement.

Athens was completely turned over to the editors through Judge Watkins, who had been chosen to deliver the address of welcome, and her hospitalities were gracefully accepted by President Milner in his response on behalf of the association. The doors of every home were thrown open and a cordial greeting was met on every hand.

Athens is a beautiful and thriving little city and has many attractions, and during their short stay the editors found much to entertain and interest them.

A drive over the city revealed many extensive enterprises. A splendid system of electric lights, telephone, oil mill, two immense potteries, brick works and numerous other manufacturing enterprises were visited.

Athens is the only town equal to Nacogdoches in musical talent. Music was furnished by the biggest and best organized country band in the State, at the day session, and at the reception by a matchless orchestra.

Space forbids mention of more of the splendid features of this splendid little city. Suffice it to say that its gallant men and beautiful women; its unstinted hospitality; its cordial greetings upon our entrance and unfeigned regret at our departure, completed the conquest, capturing the entire body and leaving a deep and lasting impression upon the mind and heart of every individual member of the East Texas Press Association.

Rev. Carlisle P. B. Martin, L. L. D. Of Waverly, Texas, writes: "Of a morning when first arising, I often find a troublesome collection of phlegm which produces a cough and is very hard to dislodge; but a small quantity of Ballard's Horehound Syrup will at once dislodge it, and the trouble is over. I know of no medicine that is equal to it, and it is so pleasant to take. I can most cordially recommend it to all persons needing a medicine for throat or lung trouble." 25c, 50c and \$1. Perkins Bros.

To Fill a Long Felt Want.

Messrs. Charley Shin die and Tony Rulf's have gone into the poultry business on a large scale. They have rent-

ed Mr. Rulf's farm three miles from town which they will stock at once with 600 hens. They have ordered three incubators with a capacity of 350 eggs each and will build their own brooders. They are going to supply the market with eggs and frying chickens and will not go into fine poultry for the present. The business is one that cannot help but be profitable, in the hands of these two energetic practical and ingenious young men, and will be another success scored for Nacogdoches in the way of a business venture that will attract attention to this section and draw others. There is not the slightest danger of this business being overcrowded, Nacogdoches is too fine a shipping point.

Messrs. Shindler and Rulf's are building a residence on their poultry farm and of course will live there. Keeping bachelor's hall, but they will have a phone for the girls would never consent to their going away so far without it, as they are two of the most popular boys in Texas.

Congratulations.

Mr. John H. Cullom, editor of the Garland, Texas News, has written a letter of congratulation to the manufacturers of Chamberlain's Cough Remedy, as follows: "Sixteen years ago when our first child was a baby he was subject to croupy spells and we would be very uneasy about him. We began using Chamberlain's Cough Remedy in 1887, and finding it such a reliable remedy for colds and croup, we have never been without it in the house since that time. We have five children and have given it to all of them with good results. One good feature of this remedy is that it is not disagreeable to take and our babies really like it. Another is that it is not dangerous, and there is no risk from giving an overdose. I congratulate you upon the success of your remedy." For sale by Perkins Bros.

The Cuban reciprocity bill was signed by the president with a gold pen supplied for the occasion by Senor Don Gonzales de Quesada, the Cuban minister. The bill passed the senate by a vote of fifty-seven to eighteen, many democrats supporting it and one republican voting against it. On the last day of the debate Senator Bailey made an able argument against the constitutionality of the action of the president and senate in negotiating a treaty which called for a reduction of the tariff and of making the validity of the treaty contingent on the approval of the house. He declared that such an act was contrary to the provision of the constitution which declares that all revenue acts shall originate in the house. This question will probably be taken before the supreme court as soon as the reciprocity bill goes into effect.—Denison Gazette.

### NACOGDOCHES SOUTHEASTERN.

Charter Has Been Filed For the New Railroad.

The charter of the Nacogdoches Southeastern Railroad was filed with the Secretary of State at Austin, Monday, Jan. 28th. Capital stock \$50,000. Purpose to own and operate a railroad, telegraph and telephone lines. The principal business office will be at Nacogdoches, from which point the road will run to the Attoyac river, a distance of thirty miles. Incorporators: G. W. Cable, Sr., and Jr., E. B. Hayward, W. H. Kimball, A. Burdick, J. W. Gilchrist, of Davenport, Iowa, C. C. Hayward, George Meisenheimer, E. A. Blount, John Schmitt, G. F. Ingraham and C. A. Hodges, all of Nacogdoches.

Serious Stomach Trouble Cured. I was troubled with a distress in my stomach, sour stomach and vomiting spells, and can truthfully say that Chamberlain's Stomach and Liver Tablets cured me.—Mrs. T. V. Williams, Laingburg Mich. These tablets are guaranteed to cure every case of stomach trouble of this character. For sale by Perkins Bros.

Make it a point to plead with each and every farmer in the county to diversify his crops the coming year. It means far more to the farmers than at first sight seems. If they properly diversify there will be no need to stand in such deadly fear of the boll weevil, but in case they do not diversify and the boll weevil ruins the cotton, they are hopelessly left.—San Augustine Visitor.

A Prisoner in Her Own Home. Mrs. W. H. Layha of 1001 Agnes avenue, Kansas City, Mo., has for several years been troubled with severe hoarseness and at times a hard cough, which she says "Would keep me in doors for days. I was prescribed for by physicians with no noticeable results. A friend gave me part of a bottle of Chamberlain's Cough Remedy with instructions to closely follow the directions and I wish to state that after the first day I could notice a decided change for the better, and at this time after using it for two weeks, have no hesitation in saying I realize I am entirely cured." This remedy is for sale by Perkins Bros.

THE KIND WE ALL WANT.

San Augustine Visitor: A party of well-to-do farmers from Alabama have been in the county for the last past week taking in the situation as to the advantages that San Augustine county offers in the way of cheap lands and good farming country. When interviewed they made the statement that they had been over a considerable portion of the farming lands adjacent to the town and they were more than pleased with what they had seen. They are in search of land that will be a home for them and their children, and have about decided that this county is the place for them. We have a good many of these people here already,

but then there is by no means enough of them. Such kind of farmers are needed to develop the country. They bring with them new ideas. They teach our farmers to live on what has heretofore been wasted, and also how to economize in a hundred different ways. There should be a special effort put forth by the farmers of this county to induce every one of them that is likely to come west to locate in San Augustine county. There is plenty of room for them here and the land is almost without price.

Startling Evidence. Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for consumption, coughs and colds to be unequalled. A recent expression from J. T. McFarland Bentorville, Va., serves as an example. He writes: "I had bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all lung and throat troubles, consumption, pneumonia and grip. Guaranteed by Stripling, Haselwood & Co. Druggist. Trial bottles free, regular sizes 50c and \$1.00.

Smith—Houston. From Friday's Daily: Mr. Bob Smith and Miss May Houston were married last night at the residence of the bride's parents, Mr. and Mrs. G. A. Houston. The wedding was very quiet, only the family and a few friends being present. After the ceremony which was performed by Dr. Terrell, a dainty wedding supper was served. Many handsome and costly presents were received from the many friends of both. The Sentinel joins in the felicitations and good wishes of all to Mr. and Mrs. Smith.

Working Night and Day. The busiest and mightiest little thing that ever was made is Dr. King's New Life Pills. These pills change weakness into strength, listlessness into energy, brain lag into mental power. They're wonderful in building up the health. 25c box at Stripling, Haselwood & Co.

Hon. Lee Blanchette, of Beaumont, has formally announced for comptroller. Aside from being one of nature's noblemen, Blanchette can shake hands with more men in one day than any man in the State. And this is a big factor in the art of vote getting.—Farmersville Sentinel.

And he does it just the same when he is not a candidate as when he is. There is where he will win out. Blanchette is one of the most affable men all the year round one ever met. There is no low familiarity about him either. He is always dignified yet never stiff and formal. There is a cordiality about him that is natural and winning.

No Pity Shown. "For years fate was after me continuously," writes F. A. Gullidge, Verbena, Ala. "I had a terrible case of piles causing 24 tumors. When all failed Bucklin's Arnica salve cured me. Equally good for all aches and pains. Only 25c per bottle at Stripling, Haselwood & Co.

The streets are still crowded with farm wagons every day.

#### ANNOUNCEMENTS.

The Sentinel is authorized to announce the following candidates for office, under their respective heads, subject to the Democratic primaries of Nacogdoches county:

For Sheriff:  
EUGENE BUCKNER,  
GEO. W. BLACKBURN,  
C. M. (Note) WALTERS.

For District Clerk:  
CLIFTON WELLS.

For Constable Precinct No. 1:  
C. M. W. WALTERS.

### SATURDAY'S LOCALS.

E. M. Morgan of Melrose, was in the city yesterday.

G. S. H. Matlock of Mt. Enterprise is in the city today.

The Junior crowd enjoyed a social at the Banita hotel last night given them by Mrs. N. Wade.

Mr. and Mrs. Bert Smith, of Houston, are visiting friends and relatives in the city for a few days.

Marion Burrows gave a social to his friends last night at his family home a few miles from the city.

Miss Eula Bailey gave a party to a number of her friends last night in honor of Miss Minnie Law of Houston.

Mr. Geo. A. Watkins went out to the oil wells this morning. It is rumored that he is preparing to sink another well.

Miss Bertha Peason gave a party last night in honor of Miss Viridian Barham. The guests enjoyed the evening to its fullest extent.

Miss Viridian Barham left today for Austin, after spending the holidays at home, to resume her studies at the University of Texas.

Mr. T. J. Williams left for Beaumont today to take charge of the United Lumber and Export Company, of which he has been appointed general manager. Mr. Williams will make Nacogdoches his headquarters.

Arthur Seale returned yesterday from Melrose where he has been for the past week. He has entirely recovered from a severe attack of measles.

Mr. W. B. Boozer was a caller at the Sentinel office this morning. It is not often that subscribers dispute their accounts, but Mr. Boozer did, most emphatically, and insisted on paying a year's subscription when he was marked paid up to date. Now, we wonder how many subscribers are going to claim that credit given Mr. Boozer by mistake.

For District Clerk.

The announcement of Clifton Wells appears this week, for re-election to the office of clerk of the district court of Nacogdoches county. Mr. Wells has proved his efficiency and his thorough qualification for the office by past service and it is needless for The Sentinel to dwell upon his especial fitness for the position. He attends strictly to the duties of his office, is always at his post and is always courteous and obliging. He will receive the strong support of those who know him best, and will probably be re-elected without opposition.

A New Oil Company.

Charter has been granted the Nacogdoches Oil and development company of Nacogdoches; capital stock \$10,000. Incorporators T. J. Williams, J. L. Williams, and D. J. Williams. Headquarters will be Nacogdoches.

For Constable.

The name of C. M. W. Walters appears in the announcement column for the office of constable of Beat No. 1, Nacogdoches county, subject to the democratic primaries. Mr. Walters is well known throughout the beat, having made the race the same office last year. He has since declared allegiance to the democratic party and now offers his services under the democratic banner.

I have all classes of mules and horses broke or unbroke for sale at reasonable prices. Also pure bred Hereford cattle.  
Jno. W. Davis.

#### Consumption Cured

Foley & Co., Chicago. Dana, Ind., Sept. 28, 1902.  
Gentlemen:—FOLEY'S HONEY AND TAR cured me of consumption after I had suffered two years and was almost desperate. Three physicians failed to give me any relief and the last one said he could do me no good. I tried almost every medicine I heard tell of without benefit until FOLEY'S HONEY AND TAR was recommended to me. Its effect right from the start was magical. I improved steadily from the first dose and am now sound and well, and think FOLEY'S HONEY AND TAR is a God-send to people with Throat and Lung Trouble.  
Yours very truly, Mrs. Mary Ambrose.

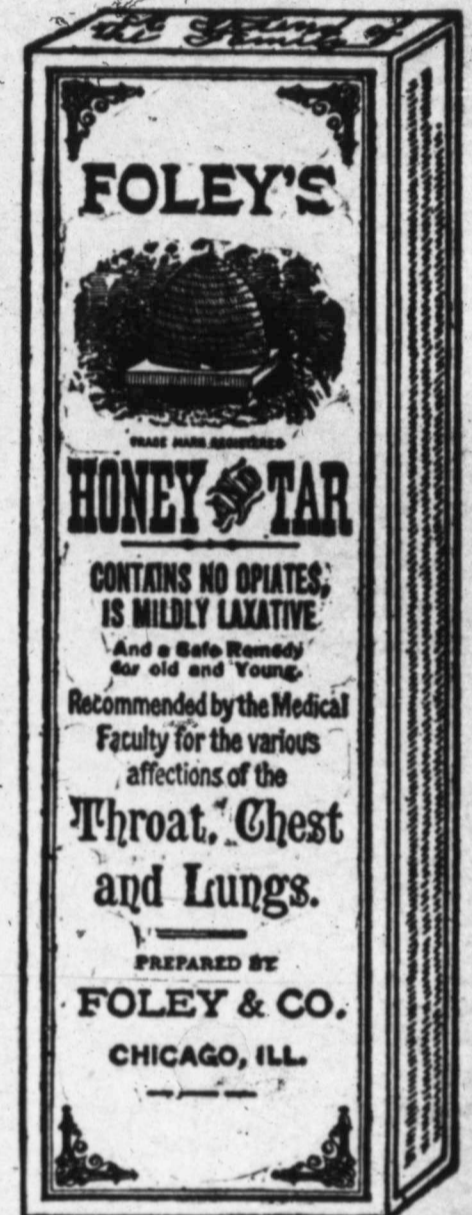

FOLEY'S HONEY AND TAR contains no opiates and does not constipate like ordinary cough medicines.

## There's a Difference.

Have you ever noticed what a marked difference there is in Furniture?

You can't always judge good furniture by the price—some dealers put high prices on cheap stuff because it happens to show up well. With us it's different—we have a small per centage we add to the factory cost to each article alike. We show our customers the difference, and how the cheap and the good kind of furniture is made. Come and see us and we'll convince you with the fact that our goods and prices are right. We'll appreciate your visit.
