NO 11

HOW'S YOUR LIVER?

Do you wake up in the morning with a dull headache, a bad taste in your mouth, a thickly coated tongue, no appetite for breakfast? Do you start the day with no ambition, no energy? Do you drag yourself to work? It's your liver that needs shaking up.

PERKINS' BLACK PILLS

put new life into a sluggish liver and increase activity. They move the bowels gently and without unpleasant griping, curing any disposition to constipation. They cleanse the stomach and make the breath pure and sweet and take the fur off the tongue. They start you off in the morning with a smile on your face and a spring in your walk. They make you feel so good. Try them tonight.

PERKINS BROTHERS

Druggists and Stationers.

BURGLAR CAUGHT

Proved to be Near Relative of Man He Robbed.

From Monday's Daily:

It will be remembered that on last Tuesday night Low Phillips' house was burglarized and \$560 in money and other valuable things taken. Sheriff Spradley was away from town when the theft was reported, but came in Thursday morning and took charge of the matter. For some reason he suspected G. W. Walker, who married Phillips' niece. Walker had left the day previous to the robbery and had written his wife a letter from Shreveport Monday night, saying that he would leave Shreveport the next morning for Zwoller, La. Spradley made free use of the wires and mail and this morning received a message from Sheriff Cranford, of Sabine Parish, La., that he had captured Walker and recovered \$491 of the money, and that Walker had made a full confession. Spradley left today for Louisiana to bring Walker back. Spradley is elated over the splendid piece of detective work he has accomplished in this case.

Walker will be brought back and will doubtless be tried at the present term of court, and as he has made confession he cannot escape

the lowest penalty, if he does not get a long sentence.

Wanted Long Leaf Pine Timber.

We are in the market for Long Leaf Pine Timber, 10,000 acres and up. If you have any to offer call at our office in front room over the Commercial National Bank, or address us at Nacogdoches, Texas. Please do not submit bad titles so as to endanger delivery.

J. H. Poulter & Sons.

A Boy's Wild Ride for Life.

With family around expecting him to die, and a son riding for life, 18 miles to get Dr King's New Discovery for consumption, coughs and colds, W. H. Brown, of Leesville, Ind., endured death's agonies from asthma; but this wonderful medicine gave instant relief and soon cured him. He writes: "I now sleep soundly every night." Live marvelous cures of consumption, pneumonia, bronchitis, colds and grip prove its matchless merit for all throat and lung troubles. Guaranteed bottles 50c and \$1. Trial bottles free at Stripling, Haselwood & Co's., drug store.

Mr. M. F. Whitaker, of Nat, was a caller at The Sentinel office today, while on a business visit to the hub.

Plow Time.

When you get ready to commence plowing in earnest, don't ruin your teams by trying to use that old worn out harness. Let us fit your horses out in new collars, collar pads, hames, back bands, etc. Also buy a new curry comb and brush.

STROUD & COX.

The Saddle and Harness People.

THE DOUBLE PRIMARY.

And a Moderate Test Adopted by the Democrats.

The democratic executive committee held a harmonious session Saturday and there was no dissension whatever from any of the rules or resolutions adopted governing the coming primary elections. The test adopted is an exceedingly liberal one, and the doors are thrown open for all who are willing to stand by the results after participating in the democratic primaries.

The meeting was called to order at 11 o'clock by chairman, W. H. Caampbell, and by request E. W. Smith, Esq. acted as secretary.

The double primary and majority rule was unanimously adopted and the following test prescribed:

"Democratic Ticket—In voting this ticket, I pledge myself to support all the nominees of the democratic party at the coming November election."

The following resolution was offered by J. J. Watkins and was unanimously adopted:

"Be it Resolved, That any one candidate in the primary election that shall receive a majority of all the votes cast in said primary shall be declared the nominee of said primary, and furthermore, where a majority is not cast for any one candidate, the two candidates receiving the highest number of votes in first primary shall be declared eligible to enter the contest in the second primary.

"Resolved, That all county candidates be assessed the sum of one dollar for the purpose of raising means to defray the expenses in the primary elections to be held, and precinct candidates be assessed the sum of fifty cents, and said assessments to be paid over to the chairman of the executive committee of Nacogdoches county, and for said chairman to pay the same for tickets and for other expenses incurred in holding said elections."

The following judges of the primary elections were appointed for their respective precincts:

East Nacogdoches—R. T. Shindler.
South Nacogdoches—E. W. Smith.
West Nacogdoches—W. A. Parmelly.
Alanza—J. Y. Baugh.
Appleby—Jno. W. Hill.
Shady Grove—W. G. Hand.
Martinsville—Jas. Adams.
Melrose—D. C. Mast.
Attoyac—W. H. Morgan.
Chireno—H. P. Fall.
Etoile—J. A. Sowell.
Douglass—J. F. Bingham.
Nat—Jno. H. Whitaker.
Lilbert—F. M. Nelson.
Indian Creek—B. F. Shirley.
Linn Flat—W. A. Barry.
Sterne—J. V. Russell.
Garrison—S. L. Harris.

The following resolutions by J. W. Cariker, were adopted:

Resolved, That the commissioners court be requested if within their power to give Cushing and Sagul a voting box each.

Resolved, That the county judge be requested to procure a sufficient number of copies of the Terrell election law for the several election precincts of the county.

DISTRICT COURT

Convened for March Term Promptly at 10 O'clock Today.

From Monday's Daily:

Judge Davis convened the March term of district court promptly at 10 o'clock this morning, all officers being present including the local bar, Judge Jas. I. Perkins, of Rusk, and H. P. Fall, Esq., Chireno.

The grand jury was impaneled as follows:

Gus Simpson, R. C. Monk, T. J. Williams, R. H. Baxter, Jerrie C. Birdwell, W. J. Campbell, T. K. Crueton, B. F. Hardeman, John Teutsch, A. K. Layton, G. P. Parks and C. B. Patton.

B. F. Hardeman was appointed foreman, after a brief but comprehensive charge.

The petit jury for the first week was impaneled as follows:

Floyd Moore, W. G. Reid, J. P. Mixon, M. J. Barton, Geo. Hogan, S. C. Muckleroy, Geo. Matthews, Jr. (Melrose), Jesse Muckleroy, W. J. Shepperd, Jas. P. Sharp, T. J. Maroney, Sam P. Smith, Jno. M. McCuston, G. H. Meisinhemer, B. V. Tucker, J. G. Strahan, Jr., Isaac Lawler, Jno. M. Richards, D. M. McDuffie, F. T. Pasley, John Weatherly, C. B. Watkins, R. Alex. Menefee, A. A. Martin, B. J. Smith, J. W. McBride, J. N. Thomas, Luther Swift, J. O. Martin, H. W. Slay, John Skillern, Tom Spurgeon, and Dick Harris.

It's House Cleaning Time

And as you change things around you're almost sure to find some pieces of

FURNITURE

that ought to be discarded. We want this store to come to your mind in supplying these spring wants.

A big new stock of FURNITURE from which to select.

CASINO & RICHARDSON

A young man entering upon life without a business education is like a ship at sea with out a rudder. The place to get the very best business education for the least money is at the East Texas Business College at Nacogdoches, Texas.

Uncle Billy Ballard, died yesterday at his home on B. F. McBoe's place near Trinity. He was quite an old man and had been in feeble health some time. He leaves many relatives and friends who regret his death.

IN THE MARKET.

Our Mr. J. M. Seale is in the market buying a new fresh lot of goods to fill in the gaps caused by our COST SALE, and within the next few days these goods will begin to arrive.

Watch our advertisements and take advantage of the opportunity to get the newest and best offerings to be had.

Seale & Donegan,

Weekly Sentinel.

HALTOM & HALTOM, Proprietors.

R. W. HALTOM, Editor.

PLANT some tomatoes. They will pay this year.

THE pay-as-you-go farmer is usually of the diversification class.

THE fruit prospect is still good in spite of the frosts the past week.

PRACTICAL farmers are sticking close to the farm these days.

Whoop up the canning factory. Encourage it by taking some stock, whether much or little.

If every truck grower would take stock in the canning factory, it could not fail to be a success.

DON'T let a tomato plant die in the bed. Texas tomatoes will fetch money this season.

K-LAMITY don't want any treaty with the "little measley republic, Panama." Some folks al'ers wus agin water.

IT will be as easy to get a tap to the Cotton Belt as it was to get the two roads we have and the prize is worth the effort.

WONDER why the steamed Lufkin Herald worries so much about the lethargic tendencies of Nacogdoches? What's it to 'em, down there, any how?

THE early season this spring will be conducive to tomato growing. It is probable truck growers will make a mistake this spring by not planting tomatoes.

THE boll weevil's "bark" last year was worse than his bite. Let us hope it will be so this year. And it will if the plan of planting and cultivating for early maturity is carried out.

THIS government wants to do too much "experimenting" to suit common folks. Too many of the "biled shirt" gentry with a "graft" have got their hands in Uncle Sam's pockets up to the elbows, and too much of the "experiment" money is going out in salaries to mere wind jammers.

THOSE who are inclined to sneer at the Hearst movement are probably overlooking the fact that Hearst is lining up the young men and laboring people of every town and hamlet throughout the United States. There will be a real Hearst boom on before some folks will realize that he is anything more than a "mere kid."

THERE are prospects of a canning factory for Nacogdoches, to be in operation in time to utilize all the surplus fruit, vegetables, etc., grown in the vicinity this spring and summer. There should not be a tomato plant allowed to go to waste. Spring is going to be early and those who raise tomatoes will get a good price in the market or a "living" price at the canning factory.

POLITICAL LINES ARE BROKEN.

The following from the Plaindealer, erstwhile our bitterest foe, is indisputable evidence that the lines have been broken and that strife no longer exists between populism and democracy. It is reproduced, not for its praise of the editor of The Sentinel, nor with the vanity of one who feels himself flattered, but for the good news that it brings that we brethren are going to be permitted to once more dwell together in unity.

Bro. Henning says: "R. W. Haltom has announced for the legislature to succeed V. E. Middlebrook, as foreshadowed herein several weeks ago. It hasn't been many years since this would have made us feel like buying another gross of lead pencils and laying awake o' nights to bring about much confusion and consternation beneath this good man's hat. Things have changed since those days, howsomever, and we no longer harbor malice. In fact it will be highly agreeable to us if he is favored with the nomination and elected, for a variety of reasons, chief among them that he will not try to get up a new road law or propose any constitutional amendments. He will represent the county in a creditable manner as a decent citizen should without endeavoring to set the woods aflame. We should not be afraid to trust the lawmaking of the State to a legislature composed of men like him."

A TEXAS newspaper man, J. J. Dickenson, of San Antonio, has been appointed inspector of corporations for the department of commerce at a salary of \$4,000 a year.

THE next meeting of the East Texas Banker's association will be held at Lufkin. Timpson was a candidate but somehow Lufkin got the "pull" and there were only two voters in favor of Timpson.

THIS country has been kept a hundred years behind the procession because it is so easy to make a living and requires so little effort. Prosperity has actually retarded the progress of East Texas.

THERE is no use of candidates for the Legislature to be converting themselves into hot air dispensators upon the question of electing United States Senators. The people will tell them who to vote for when the primaries are held.

NACOGDOCHES has had a proposition for the establishment of a first-class canning factory for a bonus of five hundred dollars. If we don't want to go into a stock company, the next best thing to do is to dig up the five hundred dollars.

THE industrial enterprises of Nacogdoches are good so far as they go, but we have as yet only made a start in that direction. There is room for hundreds of factories here. There is nothing manufactured in the United States that could not be manufactured here. The field is broad and opportunities are plentiful

if we will only reach out after them. Lets be up and doing. Raw material that ought to be worked up at home is being shipped thousands of miles, some of it even across the sea, to be made into finished product of the factory. It is a shame! We need some Yankees here to show us what we are neglecting.

THEY are putting women on the stand in the Smoot case and some more important secrets are being developed. The Smoot case gets blacker as the trial progresses, and it appears at this distance that enough evidence has already been brought out to deprive Smoot of the right to a seat of in the United States Senate.

LON PRICE has bought Dr. Swearingen's interest in the Center New Era and is now connected with that paper. Lon is an experienced newspaper man and a practical printer, and with two such men as Gibs and Price at the helm the New Era will be kept on the high plane of excellence it has heretofore maintained.

THE democratic executive committee of Henderson county has decided upon the double primary, strictly to be a white man's primary, with the following test: "I am a democrat and supported the nominees of the democratic party at the last State election, and I agree to support the nominees of the democratic party at the fall elections."

THE SENTINEL does not deride the efforts of the Central East lines towards educating the farmers upon a higher plane of agricultural pursuits, but it is too late in the season now to get the attention of the farmer or to give him advice for this year's plans. The farmers of East Texas are doing their best to be progressive and they are adopting new and improved methods, but they cannot come out at every beck and call when the value of a day's work is inestimable, as it is at this season of the year.

NONE of the Texas congressmen seem to figure among the list of persons whose "influence" has been good with the post office department in getting allowances for clerk hire, etc., in excess of the amounts various local post offices were entitled to. A closely printed document of 218 pages has been filed in congress exposing the secret methods by which money has been extorted from the department, for expenses that were superficial, and several cases are recorded wherein members of congress own buildings leased to the government for postoffices.

THE Brownlow good roads bill, which provides for experimental road building in all the states in the Union, will soon be passed by congress, if all reports are true. We shall be glad to see the National Government spend a few millions on actual road building, but we don't like to see the word "experiment" flung in so much. The Sentinel fails to see the necessity of

experimenting in road building. Thousands upon thousands of first-class macadamized roads now exist in various states and they have existed long enough to pass the experimental stage. Give the money to contractors who have built roads that stay and let them build a section in each state for a pattern and then let each state finish its own job by taxation, convict labor, or whatever plan that is most efficient.

NACOGDOCHES now has one of the handsomest and most conveniently situated public reception halls to be found anywhere, to which strangers and visitors to the city are invited and will always be welcomed. The gymnasium adjacent will soon be arranged under the auspices of the Y. M. C. A. and literature in abundance will be provided for a reading room. The Business League and Y. M. C. A. are jointly doing a good work in the move for providing comfort for the city's guests.

A FIRM in New York states that they are keeping a complete and perfect record of all important dispatches in regard to the war in the Far East and can furnish a perfect report of all moves made by either army up to the present time. If this be true there is evidently a lie out somewhere. It has been stated at least twenty times that Port Arthur was captured; as many more that the Japanese fleet was whiped out, along with positive sworn statements that both the Russian and Japanese armies have been captured and driven out of every city in Korea and Manchuria respectively. Like the prisoner that told two tales to the negro soldier that New York firm will find it hard work to sell their "True and Authentic History of the Russo-Japanese war."—Beaumont Enterprise.

UNDER the Terrell election law only candidates nominated by primaries can be placed under party headings on the official ballot to be voted at the November election. This ruling will place some of the local patriots between the devil and the deep blue sea. Heretofore they have successfully fought democratic organization in Jefferson county and have been permitted to put their names on the regular state and national democratic tickets. The Terrell law says they must either be a democrat, a republican, a populist, union labor, socialist or an independent. The more the Journal learns of the Terrell election law the better it likes what the tricksters are denouncing as an "abortion."—Beaumont Journal.

IT would pay truckers along the Texas and New Orleans railroad to visit Beaumont and study this market for a few days. The Southern Pacific does not bring a train from the east or west which has not an express car loaded with vegetables, chickens and eggs for Beaumont market. There is no reason why the truck farmers and chicken raisers up the Texas and New Orleans

should not supply this demand. Their goods would have a better demand because, on account of distance, they would be fresher and in much better condition when received here. The same could be said of fruit in season, and Irish and sweet potatoes.—Beaumont Journal.

THE firm of Sully & Co., of New York, with which Col. S. F. B. Morse is connected, has donated one thousand dollars to the boll weevil sufferers of Thornton, Limestone county. The money was tendered through Stanley H. Watson, who is a member of the relief committee on behalf of Thornton, and will be used exclusively in buying cotton seed which will be distributed among the farmers of that vicinity. Col. Morse is given credit for being chiefly instrumental in securing the liberal donation.

A NUMBER of papers in the State are urging Hon. R. T. Milner of The Henderson Times to become a candidate for Lieutenant Governor. The News most heartily endorses the call. Mr. Milner is well known to the people of Texas and holds the confidence and esteem of all who know him well. He has been faithful to every trust reposed in him. He is a life long democrat of the old school. He understands democracy and devotes himself to its interest. Socially he stands without a blemish. The State would be fortunate in securing the services of one so competent and trustworthy.—Rusk County News.

Nacogdoches bids fair to become an important tobacco growing center if present plans materialize and the present promise of success crowns the efforts of those who are now entering the work of growing the finer grades of tobacco. If the government will continue their experimental station another year and with the results of practical growers who are engaging in the business this year we will be able to judge definitely as to what rank it may be assigned as a revenue producer for East Texas. With a large Florida company operating at Nacogdoches, another association at San Augustine, thirty miles east, under the management of A. H. Prince and another to be operated at Redfield, it is not difficult for us to believe that the results of experiments for 1908 were flattering, otherwise these government experts would have hesitated to resign a good position to engage in the commercial growing of tobacco on their own responsibility.—Jacksonville Fruit and Truck.

THE Czar of Russia has recognized the great importance of the press, but is urging newspaper men to print nothing but the truth concerning the war. The Russian press has shown its patriotism by having already raised 15,000,000 roubles for warships.

THE Grand Lodge of Independent Order of Odd Fellows has closed its annual session at Sherman. Hon. B. J. Hubbard, of Kaufman, was elected Grand Master.

THE LAZY EDITOR.

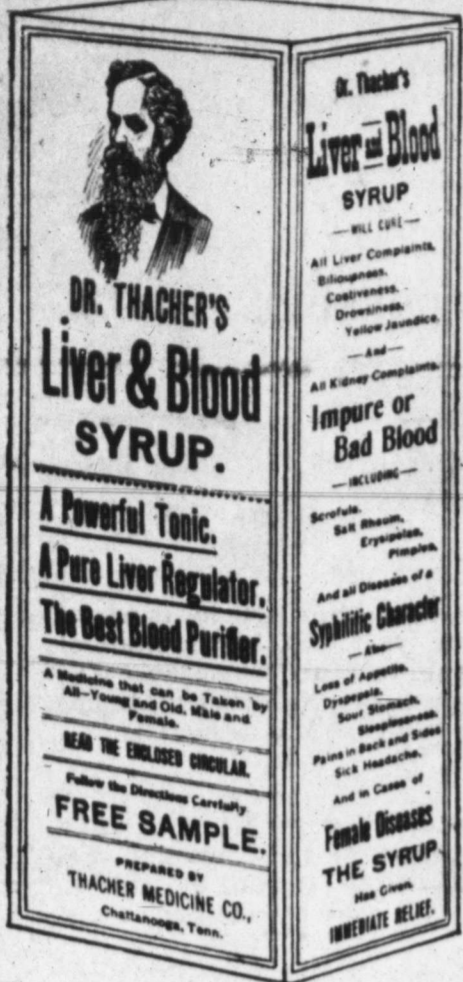

Editor Milner, of the Henderson Times, reiterates the contention of The Sentinel that more papers are killed by editorial laziness than from any other cause. His language is more emphatic and his illustrations more forceful, but he expresses the same ideas embodied in a "paper" read by the editor of The Sentinel before the East Texas Press Association at Athens last December. The Times says:

"There is no kind of laziness so loathsome as editorial, or journalistic, laziness. There is so much to be done to make a paper readable—the field is so wide, attractive and prolific—that idleness in it is not to be tolerated. A farm half cultivated, with weeds and brambles crowding out the corn or cotton, is a sight that is unpleasant to all eyes. But a paper whose columns are devoid of any appearance of either mental or mechanical skill is about the most deplorable looking thing in the world that makes any pretensions to respectability or Christian decency. There is no excuse in the world for it. We have always thought that an educator in any line, whether he keeps school, stands in the pulpit, or runs a newspaper, ought to have mental energy sufficient to command the respect of those who come in contact with him, and sufficient physical energy to wash his face and hands at reasonable intervals. But there are papers, judging from their poverty of matter and heterogeneity of make-up, whose editors are too insufferably lazy to get out of the way of a falling house. Laziness in a person who pretends to be a mark for the emulation of mankind, is as bad, and as sinful and as degrading almost as drunkenness. It shows a slack, loose character, and a total want of purpose, and a submissive mind. The great, good men, in all ages, have possessed a mental energy that developed mental vigor and strength capable of defending any position of life. In the absence of great mental energy there is lack of convictions."

At planting time farmers ought to bear in mind that short cotton crops make long prices.—Nacogdoches Sentinel.

On this occasion they consider not only the truth of the above, but further, that if there is a great cotton crop and the war between Japan and Russia lasts for a year, which is altogether probable, many consumers of cotton may be cut off from us and the price will go down in consequence thereof. Suppose England should get tangled up in this war? Does anyone think her manufacturers of cotton goods would want as much of the staple as they always want when England is at peace? The farmer who prospers is the farmer who reads and thinks. His reading and thinking just about this time ought to make him careful in his dealings with the cotton crop. He ought to plant cotton, but he should not make it exclude attention to hogs and the like.—Galveston News.

Thacher's LIVER & BLOOD SYRUP CURES

FOR SALE BY ALL DRUGGISTS.
TWO SIZES, 50c AND \$1.00.
If you have never tried this
great remedy

SEND TO-DAY
for a free sample and state
your symptoms.
We simply ask you to try it
at our expense. We know what
it will do.

**Thacher Medicine Co.
CHATTANOOGA, TENN.**

C. J. Blackshear, representing the Massachusetts Mutual Life Insurance Company, of Springfield, Mass., is in the city, and will make Nacogdoches his home and headquarters. The Massachusetts Mutual is an old line company, well established and strong financially, and possesses more up-to-date features than any of the numerous substantial companies. Those interested may see Mr. Blackshear at the Banita hotel for the present, and at his office when he gets himself established in Nacogdoches.

Itch on human cured in 30 minutes by Woolford's Sanitary Lotion. This never fails. Sold by Perkins Bros. druggists.

QUIET AT RAGLEY.

Principals Removed to Carthage and No Further Trouble Feared.

Timpson Times: There have been no further developments in the trouble at Ragley. Capt. Jennings received orders from governor to take his company to the scene and left with them about seven o'clock yesterday evening. Sheriff Forsythe carried Will Lee, white, Dick Smith, Richard Menetee and another negro to Carthage this morning, but the Fory Fusileers will probably remain on guard until tomorrow. The elder Lee was not hurt much, several small shot taking effect in his hand, arm and leg; the negro Dick Smith, who was thought to be badly injured immediately after the melee had three wounds in the thigh and leg, but was able to be taken to Carthage this morning.

Proper Treatment of Pneumonia. Pneumonia is too dangerous a disease for any one to attempt to doctor himself, although he may have the proper remedies at hand. A physician should always be called. It should be borne in mind, however, that pneumonia always results from a cold or from an attack of the grip, and by the proper treatment of these diseases a threatened attack of pneumonia may be warded off. There is no question whatever about this, as during the thirty years and more that Chamberlain's Cough Remedy has been used we have yet to learn of a single case of a cold or attack of the grip having resulted in pneumonia when this remedy was used. It is also used by physicians in the treatment of pneumonia with the best results. Dr. W. J. Smith, of Sanders, Ala., who is also a druggist, says of it: "I have been selling Chamberlain's Cough Remedy and prescribing it in my practice for the past six years. I used it in cases of pneumonia and have always gotten the best results." For sale by Perkins Bros.

Several papers seemingly belonging to G. C. Ellison, of Hamlet, Texas, have been left at The Sentinel office.

A Petition.

To the Singers Reunion. We, the undersigned citizens of New Friendship and adjacent communities, take this method of petitioning the Reunion to meet with us at New Friendship church on Saturday and Sunday, March 26th and 27th, 1904.

We promise that the interests of the Reunion shall be guarded carefully; that visitors especially will be cared for and that everyone will be welcome and treated nicely.

Yours for good singing,
M. D. Baxter, H. V. Sitton, R. H. Baxter, G. W. C. Self, M. F. Whittaker, Frank Richardson, J. B. Pain, R. D. Sell, J. M. Sell.

A Favorite Remedy for Babies.

Its pleasant taste and prompt cures have made Chamberlain's Cough remedy a favorite with the mothers of small children. It quickly cures their coughs and colds and prevents any danger of pneumonia or other serious consequences. It not only cures croup, but when given as soon as the croupy cough appears, will prevent the attack. For sale by Perkins Bros.

RACE troubles have broken out at the Ragley Mill in Panola county, and the Forey Fucelliers, of Timpson were ordered to the seat of war Tuesday night. It seems that there is a saloon near the mill and that whiskey is the cause of the trouble, a white man under the influence of liquor first being shot by a negro.

Inflammatory Rheumatism Cured. William Shaffer, a brakeman of Dennison, Ohio, was confined to his bed for several weeks with inflammatory rheumatism. "I used many remedies," he says. Finally I sent to McCaw's drug store for a bottle of Chamberlain's Pain Balm, at which time I was unable to use hand or foot, and in one week's time was able to go to work as happy as a clam." For sale by Perkins Bros.

Citation.

The State of Texas. To the Sheriff or any Constable of Nacogdoches Co., Greeting: You are hereby commanded to summon W. R. Cheney by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the Second Judicial district; but if there be no newspaper published in said Judicial district, then in a newspaper published in the nearest district to said Second Judicial district, to appear at the next regular term of the Justice Court of precinct No. 1 Nacogdoches county, to be holden at the court house thereof in Nacogdoches, the 28th day of March, A. D. 1904, then and there to answer a petition filed in said court on the 23rd day of Jan. A. D. 1904, in a suit numbered on the docket of said court No. 1733, wherein Mayer & Schmidt, a corporation, is plaintiff, and W. R. Cheney is defendant, said petition alleging that defendant is due plaintiff upon two notes, in the aggregate of \$109.84, bearing 10 per cent interest from date, and ten per cent attorneys fees. Said notes are long past due, and a mortgage upon one mare which lien is asked to be foreclosed.

Herein fail not, but have before said court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same.

Given under my hand and seal of said court at office in Nacogdoches this 22nd day of Feb. A. D. 1904.

W. D. PREEVEY,
Justice of the Peace, Precinct No. 1, Nacogdoches county.

Read Mayer & Schmidt's advertisement.

Cancer Cured by Blood Balm—All Skin and Blood Diseases Cured.

Mrs. M. L. Adams, Fredonia, Ala., took Botanic Blood Balm which effectually cured an easting cancer of the nose and face. The sores healed up perfectly. Many doctors had given up the case as hopeless, hundreds of cases of cancer, eating sores, snapping swellings, etc. have been cured by Blood Balm. Among others, Mrs. B. M. Guernsey, Warrior Stand, Ala. Her nose and lip were raw as beef, with offensive discharge from the eating sore. Doctors advised cutting, but it failed. Blood Balm healed the sores, and Mrs. Guernsey is as well as ever. Botanic Blood Balm also cures eczema, itching humors, scabs and scales, bone pains, ulcers, offensive pimples, blood poison, carbuncles, scrofula, risings and bumps on the skin and all blood troubles. Druggists, \$1 per bottle. Sample of Botanic Blood Balm free and prepaid by writing Blood Balm Co., Atlanta, Ga. Describe trouble and special medical advice sent in sealed letter. It is certainly worth while investigating such a remarkable remedy, as Blood Balm cures the most awful, worst and most deep-seated blood diseases.

It was a clever trick of a woman that secured for the Japs valuable official charts and maps of the Russians. She stole the papers and documents at Port Arthur and got away as a refugee and delivered them to the Japanese government. The Japs promptly honored her for heroism.

Stands Head.

There is something about Hunt's Lightning Oil that no other liniment possesses. Others may be good, but it is surely the best. It does all you recommend it for and more. For sprains, cuts, bruises, burns, aches and pains it has no equal on earth. It stands head on my medicine shelf. Very truly yours, T. J. Brownlow, Livingston, Tenn. 25 and 50c bottles.

REAL ESTATE FOR SALE.

H. T. & W. O. CRAIN.

A Household Necessity. I would almost as soon think of running my farm without implements as without Hunt's Lightning Oil. Of all the liniments I ever used, for both man and beast, it is the quickest in action and richest in results. For burns and fresh cuts it is absolutely wonderful. I regard it as a household necessity. Yours truly, S. Harrison, Kosciusko, Miss. 25 and 50c bottles.

I have purchased the stock of O. F. Baxter groceries and feed stuff. I shall devote more space to feed stuff than ever before and endeavor to always keep this department of my business the very best in Nacogdoches. The grocery line will by no means be neglected but I will handle the best at all times and solicit all of my old customers and new ones as well, at regular terms and prices.
Respectfully,
S. F. Baucom.

W. N. Burris, the jewelry man, has returned to the city, and will remain here during district court.

LOST—One bay pony mare 7 years old, small body, some white in face. Left my lot the 3rd inst. Finder will be liberally rewarded by returning to me or phone 352.
E. C. Baker.
Nacogdoches.

Weekly Sentinel.

HALTOM & HALTOM, Proprietors.
R. W. HALTOM, Editor

RHODE ISLAND has instructed for W. R. Hearst for president.

DONLEY county has gone into the prohibition column by a large majority.

HAIL stones as large as hen eggs fell at Plano Saturday, doing a great amount of damage.

FROM newspaper reports of the past few days, the scrapers in the far East are getting busy again.

HON. LEE BLANCHETTE has established campaign headquarters at Dallas, where his address is room No. 209, North Texas Building.

THERE are several hundred bales of cotton still held by farmers in Nacogdoches county, waiting for cotton to get back to the 16 cent mark or higher.

THE war moves of a day or ten days, in the far East do not change the aspect. The situation at present is very much the same as it was a month ago.

THE republicans held county conventions all over the State Saturday. Lyon carried the day for national committeeman and "Gooseneck" Bill got it in the neck.

THE Galveston News has polled the national democratic committeemen from Texas and finds that nine are for Parker, four for Hearst, three for Cleveland and three for Joe Bailey for president.

THE Tyler county democrats have declared for a white man's primary, with this test: "I am a white democrat and hereby pledge myself to support the nominees of the democratic primary election."

It will be necessary under the requirements of the election law, for the voter to show his poll tax receipt or exemption certificate at the primary elections, just the same as at the general election. The voters should not lose sight of this fact.

THE race troubles at Ragley have caused several men both white and black, to get jailed. An attempt to fire the negro quarter there was thwarted by the appearance of Sheriff Forsythe to arrest three men who are now in jail at Carthage. Three negroes had been previously jailed for shooting white men.

THE Austin Journal, Vol. 1, No. 22, has reached The Sentinel's exchange desk. The Journal is a new paper presumably started up for campaign pie and is devoting its energies to the re-election of the present State officers. The copy before us is very much blue penciled and is strictly agin Lee Blanchette. In fact it is fighting everything opposed to or dares criticize the present administration. It seems to be a pliant tool in the hands of the capitol clique. It will not cut much ice.

MANY negroes who left Houston, Robertson and other counties west of here and went to Louisiana during the fall and winter, are now tramping back to their old homes and begging to be put to work again. They say they have had enough of Louisiana. Agents from the Pelican state spent a great deal of time in Texas last fall inducing negro labor to emigrate to the plantations over there, succeeding in luring thousands of them across the Sabine where they expected to find a land of milk and honey. But it didn't pan out and they are glad to get back, even on foot.

It is with unalloyed pleasure that The Sentinel once more hails the Garrison Gleaner upon its exchange table. The Gleaner, only recently reduced to ashes, has again, phoenix like, sprung into existence, better, brighter, and more sprightly than ever. It is under the management and editorship of C. F. Barret successor to Simpson & Barret, though "Uncle June" still conducts his page. The Gleaner is printed from an entirely new plant and is a model of mechanical neatness and a gem in literary effort. The paper is profuse in its recognition of assistance tendered it in distress by our mutual friend and broad-gauged benefactor, W. V. Garrison, a leader in all public enterprises, banker, financier, capitalists, lumberman, and withal the biggest hearted man in Garrison.

For Commissioner.

Eli Box authorizes The Sentinel to place his name in the announcement column for county commissioner of precinct No. 1, of Nacogdoches county. Mr. Box is not without experience as county commissioner, having served in that capacity in the past, and with as little complaint from his constituents as any other man who has ever filled the office. He is a plain, practical man, with practical business sense, and sufficient knowledge of the wants and interests of the public to enable him to fill the office with fairness to all and partiality to none. He announces subject to the democratic primaries.

For Alderman.

A. F. Henning, editor of the Nacogdoches Plaindealer, announces himself in The Sentinel as a candidate for alderman. No one is more fitted for a city dad than an editor. He has, as "we", pointed out the crying needs of the city, begged for improvement, fought against apathy in this regard for so long, that when, as one of the managers of the cities affairs he is "I," he knows every weak spot. Besides this qualification for the office, in which he excels, Mr. Henning is a man who has the interest of the city at heart. He is progressive and eager to see the city all it can be, yet conservative and with a cool clear business head when it comes to managing its finances. The city of Nacogdoches will make no mistake if she elects A. F. Henning as alderman.

BRING IN YOUR BUGS.

Sept. Doughtie Will Help Farmers Fight Insects.

To The Sentinel:

The State entomologist, Mr. E. Dwight Sanderson, has engaged my services as an expert know-nothing in his line, to report twice per month during the present growing crop, the ravages of any, and all kinds of insects upon all kind of crops. This includes the garden, field and orchard crops. If the farmers will assist me in gathering up the various insects, while I know but very few insects by their common names, and not a single one by the technical name, I will send them to the State entomologist, and he will come in person, make a thorough inspection of the premises, and furnish a remedy for their destruction. I am willing to aid the farming interest in Nacogdoches county, or in Texas, in any manner that I can to advance their interest, and will state right here that there is not a single solitary cent in the way of pay coming to me for this job, therefore bring in your bugs, worms, flies and every other kind of insect that is committing depredations upon your crops, and I will use every means at my command to assist you in their destruction. For thirty years of my life I was a farmer, and know something about how a farmer feels when his crop is being destroyed without a remedy to stop the evil.

John S. Doughtie.

The East Texas Business College of Nacogdoches, Texas, has been incorporated with an increase of capital, and is now giving a business education to its students that is unexcelled anywhere in this country. Bookkeeping, short hand, typewriting, business law, penmanship, arithmetic, spelling, grammar, correspondence, and all kindred branches are thoroughly taught. The board of directors are: Prof. R. F. Davis, president; E. A. Blount, vice-president; J. W. Saunders, treasurer; C. D. Mims, secretary; Prof. R. M. Gannon, superintendent and assistant secretary; John Schmidt and Allan Seale. This is a strong board, and under their management the continued success of the college is assured.

"Come to Douglass."

On Thursday, March 31st 1904. There will be a working at the Cemetery on said day, and every one, who has relatives interred in this cemetery, are cordially invited to come and assist in cleaning off the same.

Bring your axes, briar cutters, and weeding hoes and also your dinners and lets do all we can toward cleaning it off that day. J. J. Watkins, F. L. McKnight, Silas Thomas and R. F. Paine have been appointed to arrange for the day.

Had you heard it? Baucom has bought out O. F. Baxter, and is selling shelf goods for cash at actual cost for the next thirty days.

W. M. Walker, of Swift, is in the city today. He is a candidate for constable of the Shady Grove beat.

Massachusetts Mutual Life Insurance Co

of SPRINGFIELD, MASS.
(Organized 1851.)

Under the Famous Non-Forfeiture Law of Massachusetts.

Assets: \$33,590,999.39.
Reserve Massachusetts Standard: \$30,314,692.00.
Surplus: \$2,647,491.38.

The Policy will contain

PAID-UP AND ALTERNATIVE CASH SURRENDER VALUE,

Fixed by law and available at the end of the third or any succeeding Policy year, also the Extended Term Insurance which the Company will grant together with the conditions on which it may be obtained.

These Paid-up Cash Surrender Values are Independent of Dividends, which latter may be used as written in Policy.

THE COMPANY.

THE MASSACHUSETTS MUTUAL LIFE INSURANCE COMPANY, of Springfield, is one of the oldest in the United States. It was incorporated in the year 1851 by the State of Massachusetts, which was the first in the Union to inaugurate an "Insurance Department," thus instituting State supervision over its companies. No other State has done so much or so good legislation for the policy holder's benefit as Massachusetts.

THE LAW.

This law requires that all policies issued by the MASSACHUSETTS MUTUAL LIFE INSURANCE COMPANY shall be non-forfeitable after the payment of three annual premiums, without any further stipulation or act. This makes the amount of paid-up insurance, or cash surrender value, to which the policy holder may be entitled, absolutely guaranteed.

POLICY LOANS.

The Company promises to loan, on the third or any subsequent anniversary of the policy, and at other times at its convenience, an amount, which, together with the then existing loans, if any, shall not exceed ninety per cent of the cash surrender value, provided the policy is assignable and provided that all premiums due on or before the date of making such loan shall have been duly paid. Interest on policy loans is not collected in advance.

IMPORTANT CONSIDERATION.

Estimates made by any agent or other person necessarily depend upon future conditions for their realization. Under any form of Tontine Insurance however, the conditions of the future may change, or however changed, his own purposes or circumstances, the policy holder must continue, willing or unwilling, to pay premiums, or lose all share in the estimated surplus which was his chief inducement to take such a policy. But the holder of a policy in the MASSACHUSETTS MUTUAL LIFE INSURANCE COMPANY can intelligently pay his premiums undisturbed by the uncertainties of the future.

Cash Values of Policies which have become paid-up, increase from year to year. If paid-up insurance equals or exceeds \$100 it will be entitled to share in the surplus.

Dividends may be applied either to increase the amount insured and consequently the cash value, or to reduce premium payments, or may be left with the Company to accumulate at interest under its special agreement for that purpose.

Provision may be made, if desired, to have the proceeds of the insurance paid in annual installments.

AS TO THE DIVIDEND QUESTION.

Just as soon as the policy is one year old the first dividend is declared, and becomes payable on settlement of the premium then due. There are three methods of applying dividends, which are fully explained as follows:

- (1) The dividend may be taken to reduce the premium.
- (2) The dividend may be applied to the purchase of reversionary additions to the amount insured. When so used the Company states upon your receipt annually the amount of additional paid-up insurance purchased by these dividends. In event of your death these dividend additions will be paid together with the policy. The dividend additions may be surrendered for their cash value in any future year, and the proceeds may be used in the payment of premiums.
- (3) Dividends may be applied to hasten the time when the policy will become paid up in full. Under this plan the dividends remain to the credit of your policy as declared, and are credited annually with interest. Whenever these accumulations, together with the reserve on your policy, equal the reserve on a fully paid-up policy of the same kind and amount at the age attained, no further premiums will be required and the company will, on execution and delivery of a proper form of request and release, endorse the policy as "Paid-up in full." To be more explicit, while you are paying the premiums from the beginning of your policy, the dividends with interest are paying them from the other end, thus shortening the time during which premiums are to be paid. Before the policy becomes paid up, any part or the whole, of these accumulations may be applied to the payment of current premiums; or if, under the same circumstances, the policy becomes a claim or is surrendered for its cash value, the accumulations will be paid, in addition to the amount otherwise due.

We request that at least ten days before your first anniversary premium falls due you advise us which plan of dividend you decide to accept, in order that we may obtain proper papers from the Company, in due season.

A careful perusal of the above will convince you that every facility is offered to make the dividends available and flexible. If allowed to accumulate on either the second or third plan the premium receipts show the accumulations. You are never in the dark. The policy itself contains the paid-up, cash surrender, and extended insurance values, and your premium receipts show the dividends.

C. J. BLACKSHEAR, Agent,
Banita Hotel, Nacogdoches.

Caught at Athens.

Some time last year, Constable Millage Beck attempted to arrest a negro near Sack, name Iron Caldwell, for some violation of the law. The negro was hid in an old gin house and when Beck approached the hidden negro he fired point blank at Beck's head but missed and made his escape. Sheriff Spradley received a telegram from Sheriff Williams of Henderson county Sunday saying that he had the negro in jail awaiting the order of the Sheriff here.

John Weatherly, of Appleby, was in the city today. He is still considering the race for tax assessor, and informed The Sentinel that he will make up his mind finally this week.

Mr. J. S. Skillern, of Oil

City, is spending a few days in town. He says his son J. Skillern, killed a hog a short time ago that weighed 551 pounds net, from which he got 20 gallons of lard. Mr. Skillern says that in the neighborhood of Oil City the hogs never have the cholera, nor are ever troubled with insects. The oil in that section keeps them in good health and destroys the insects. He advises hog raisers to use the Nacogdoches oil and guarantees that it will keep the hogs slick and healthy. After feeding it in small quantities hogs will soon learn to eat it without mixing it with feed, and he also says that it may be applied to advantage externally by pouring the oil in the wallow.

Treadway-Crain.

Mr. Oscar Treadway, of Nacogdoches, and Miss Mandy Crain, of Timpson, were married at Timpson Sunday morning at nine o'clock.

The ceremony took place at the residence of the brides parents, Mr. and Mrs. S. A. Crain.

The bride and groom left on the next train for Nacogdoches accompanied by friends and on their arrival were given a wedding dinner by Mrs. Treadway, mother of the groom. Mr. Treadway is section foreman of the H. E. & W. T. and a steady reliable young man. His bride is a sweet and lovable young lady, and they have many friends who wish them good luck on the voyage of life. They will make this city their home.

THE TEACHERS ASSOCIATION.

Exercises Last Night Attended With Crowded Opera House. From Saturday's Daily:

The city of Nacogdoches showed the appreciation felt for the presence of the teachers meeting, by the crowd that assembled at the opera house to attend the evening exercises last night. There was not standing room—as one expressed it, there was hardly breathing room, for the windows were utilized as seats. It was an enthusiastic and encouraging crowd for the performers, as the audience was instantly responsive to each point made.

Prof. Davis' address of welcome was responded to by Prof. W. L. Prather, of the University of Texas, Prof. Whiteside being absent.

Miss Field, of Center, a graduate of a Northern Conservatory of Music and a finished musician, played an instrumental solo.

Prof. J. L. Henderson then spoke eloquently on the subject of "Better things for East Texas," urging education as the best, and that all other good things would follow in its train.

Miss Clytie Harris sang "Sweethearts" very sweetly, after which Mr. Arthur Lefevre read an able and timely address.

Miss Ray Goldberg's recitation "The Joiners" was encored but the encore only consisted of three or four lines, much to the disappointment of the audience.

Dr. W. S. Sutton of the Texas University declined to take up the subject allotted to him, on account of the lateness of the hour, but won the audience by a humorous and delightful talk of a few minutes, deferring his address until the morning session today.

Mrs. Perry's solo "Spring Tide" received an encore but the lateness of the hour prevented a response.

It would be idle to attempt praise of the distinguished gentlemen who addressed the Nacogdoches people last night. They are authorities on the subjects they handled, have reputations that extend all over the English speaking world, and it was a privilege to hear them, and appreciated as such by the listeners.

The music and recitations which lent variety to the program were fine. The male quartette was not able to appear however, and Miss Field was prevailed upon to favor the audience with a piano solo in their place.

Altogether, one of the most interesting, instructive and enjoyable meetings ever held in this city was held last night with the Texas teachers.

The following teachers are in attendance:

Appleby—Agnes Fears, Annie Skillern, Walton Day, R R Arthur, B C Castleberry, W E Fezell and Clara Dial, I L Pack, W B McCall, G M Hale.

Livingston—H M Brown, Burke—I M Wright, Jr., Chireno—Mary Denman, Louis H Deuman, Etta Calhoun.

Patron—B F Beckley, W C Hurst.

Lawsonville—W M Wood, Huntsville—Lucy D Hill,

H C Pritchett, Alto—J T Crook, Etoile—M L Spinks, San Augustine—K a t e Flournoy, Carron Gillaspie, Mary Campbell.

Woodville—T W Hatcher, Garrison—Inez Kimball, Bertha Cook, J W Mullins, T A Jones, J S Frederick, R L Williamson, W B Hargis, Kennare—R L Dewees, Siisbee—W P Runnells, Center—Emmett Rowden W H Rushing.

Lufkin—Francis Woolters, Edna Lee, Julia Massengill, Stella Bonner, Lorena Smith, Nola Benton, Jennie Cox, Maggie Massengill, Bessie Moses, H. Lee, Chester Collins, T J Painé, Dell Posey, Clara Stewart, Vada Powell, J M Massengill, W R Smith, Logansport—Fannie Clark, Lillie Speights.

Tenaha—Ellen Scarbrough, L F Pace, J H Sullivan, M B Brown.

State University—Dr W L Prather, Dr W S Sutton.

Tyler—Supt J L Henderson;

Austin—Hon Arthur Lefevre, Mrs Lewis Muller.

Moscow—C K Wilbanks.

Nacogdoches—W B Carnes, Beulah Gaston, Mrs W E Thomason, R N Burrows, Joe R Day, J O Cox, T H Postell, I J Harris, Jennie Harris, Mattie E Wood, Maggie McNeil, Mrs Geo C Ingraham, G M Hale, Little Woolworth, Bessie Freeman, Zillah Langley, Mary Elkins, R F Davis, J A Spears, R W Persons.

THE TEACHERS ASSOCIATION.

Session Closed Saturday Night After Two Days of Pleasure and Profit.

The teachers association closed Saturday at noon after an exceptionally well attended and profitable meeting.

The principal business transacted during the business session was the selection of a city in which to hold the summer normal. This honor was awarded to Nacogdoches and the people of the city are highly appreciative of the compliment. The officers and conductor for the Normal will be published later. The next place of meeting for the association will be decided upon by the executive committee.

Prof. Pritchett, of Huntsville spoke eloquently on the necessity for developing equally the five principal heads into which the training of children is divided. He made some telling points and was frequently interrupted by bursts of irrepressible applause from the teachers who made up the bulk of the audience.

Dr. Sutton followed by speaking on the needs of the Texas public schools.

He showed that while Texas is to be congratulated on a good many counts, she falls far short in many others. With the aid of charts of statistics, he proved each point so conclusively that every one in the house felt impelled to see to it personally that Texas takes her place as leader of education among the states, hers by right from her large permanent school fund and other sources of income, instead of ranking far below the average, on account of depending too absolutely on that

school fund, and for other reasons.

Dr. Sutton has a humorous style of driving each point home, and his pungent wit and good natured holding of the mirror up to a few egotistic foibles of the human race made those other wise dry (and extremely unpalatable) statistics, of absorbing interest.

After Dr. Sutton's remarks, the association adjourned sine die, and the only thing that Nacogdoches regrets is that the next meeting will not be held here. There are no guests she more delights to entertain or whom she feels more honored in being granted the opportunity than the teachers.

Fearful Odds Against Him. Bedridden, alone and destitute. Such, in brief was the condition of an old soldier by name of J J Havens, Versailles, O. For years he was troubled with kidney disease and neither doctors nor medicines gave him relief. At length he tried Electric Bitters. It put him on his feet in short order and now he testifies: "I'm on the road to complete recovery." Best on earth for liver and kidney troubles and all forms of stomach and bowel complaints. Only 50c. Guaranteed by Stripling, Hazelwood & Co. druggists.

Bell-Phillips.

Mr. Milton Bell and Miss Jennie Phillips, both living near Appleby, were married on Mar. 1st at the residence of the grooms brother, Wiley Bell, Rev. Case performing the ceremony. The wedding was very quiet, only the near relatives and a few friends being present.

To The Women

Who study the hygienic interests of their families, there is no subject of greater importance than that of the bread problem—what the methods of making and how baked are questions which have become of greatest importance from a health standpoint.

Uneededa Biscuit

solved the problem of how to get a bread food at once wholesome and palatable. **Uneededa Biscuit** contain all the nutriment of the wheat, made in the cleanest bakeries in the world; by most skillful bakers. Sold in air-tight packages—always fresh, always ready for use.

NATIONAL BISCUIT COMPANY

Pneumonia Weather.

From the New York Herald. "The wide prevalence of coughs, colds, grip and pneumonia marks an experience of severe and protracted winter weather the like of which we have not seen for many a year. The stubborn persistence of catarrhal troubles is also a marked feature of the depressing influences which follow a long siege of rapidly changing low and raw temperatures. The man is fortunate indeed who has not been at some time since Christmas confined to his bed with a 'cold' of some sort that he cannot succeed in curing. This condition of affairs has existed for months, and the end is not yet. In fact, it behooves all careful people to be on their guard against all catarrhal troubles more than ever.

"March is a typical pneumonia month and gives a high rate of mortality for the disease. One reason for this is that after our long and hard winters the system loses its natural resistance to cold. Only the hardy ones are likely to withstand the strain, and even these are by no means safe when grip is increasing almost to epidemic manifestation.

"The ordinary cold, the grip and pneumonia belong to the same family of winter diseases. Although they may be excited by different infectious influences, their ultimate effects are the same when the attacks are sufficiently severe.

"An acute catarrh is always the result of undue exposure

to low temperatures. The rapid cooling of the surface, when not balanced by proper reaction, produces congestion and inflammation of the nasal and bronchial membranes. Obviously such an ailment is not communicable in the ordinary sense, from one individual to another. As the slightest 'cold' predisposes the individual to attacks of the most severe and dangerous catarrhal affections, the necessity for its quick cure need not be enforced.

All these facts emphasize the necessity of extraordinary precautionary measures against the ordinary cold. Every one can not change his climate at will but may make the most of what he has at home, viz., take Chamberlain's Cough Remedy as soon as the first indication of the cold appears. It not only cures a cold quickly but counteracts any tendency of the cold to result in pneumonia. This fact has been fully proven during the epidemics of colds and grip of the past few years. No case of either of these diseases having resulted in pneumonia when the remedy was used has ever been reported to the manufacturers, which shows conclusively that it is not only the best and quickest cure for colds but a certain preventative of that dangerous disease. For sale by Perkins Brothers.

For Sale.

Full blood Barred Plymouth Rock eggs at 50c per setting of 15 at my yard. Miss Elma Greer, Appleby, Texas. Box 44.

A BAD NEGRO.

Spradley Captures Negro and Rewards.

About a year ago at a boarding car near Ft. Worth, Robt. Bonton, alias "Red," stabbed to death another negro and then made his escape. Sheriff Spradley got a tip that Red, the fugitive, was in this part of the country and so wrote Sheriff Honea, at Ft. Worth, for a capias for Bonton. Spradley located him at Center and sent the capias to Sheriff Booth who landed the fugitive in jail and phoned Spradley of the fact. Spradley informed Sheriff Honea at Ft. Worth, who went to Center Saturday after the much wanted fugitive. There was a small reward which passes to Sheriff Spradley.

Do You Want Strength?

If you want to increase your strength you must add to and not take from the physical. In other words, the food that you eat must be digested, assimilated and appropriated by the nerves, blood and tissues before being expelled from the intestines. Kodol Dyspepsia Cure adds to the physical. It gives strength to and builds up strength in the human system. It is pleasant to the taste and palatable, and the only combination of digestants that will digest the food and enable the system to appropriate all of its health and strength giving qualities. Sold by Perkins Brothers.

Mr. J. H. Stuckey, assistant depot agent, of Cushing, was in the city yesterday on a business visit.

Ayer's

If your blood is thin and impure, you are miserable all the time. It is pure, rich blood that invigorates, strengthens, refreshes. You certainly know

Sarsaparilla

the medicine that brings good health to the home, the only medicine tested and tried for 60 years. A doctor's medicine.

"I owe my life, without doubt, to Ayer's Sarsaparilla. It is the most wonderful medicine in the world for nervousness. My cure is permanent, and I cannot thank you enough."
—Mrs. J. A. King, Newark, N. J.

for
Poor Health

Laxative doses of Ayer's Pills each night greatly aid the Sarsaparilla.

THURSDAY'S LOCALS.

J. P. Mangham, of Melrose, is in town today.

Z. C. Vaught, of Garrison, was in the city today.

Jas. Mixon, of Cushing, is in the city on a business visit.

R. R. Loy, of Nat, spent last night in the city on a business trip.

Miss Corrie Calhoun, of Chireno, is visiting relatives in the city.

Dr. H. A. Hardeman, of Melrose, was in the city this morning.

Miss Maud Joplin, of Garrison was shopping in the city yesterday.

Mr. Jas. Fussell, one of the leading merchants of Cushing, was in the city today.

J. W. Strode and N. Payne, of Appleby, were in the city a few hours this afternoon.

Col. A. B. Seale, of Melrose, was in the city today, buying farm supplies and shaking hands with friends.

Miss Daisy Teutsch, of Chireno, is visiting friends and relatives in the city, and is the guest of her sister, Mrs. T. J. Kinsey.

Col. A. B. Martindale, the mill man, of Cushing, is in the city today. He is still carrying a cripple hand from too close contact with some of the mill machinery, in which he lost a portion of one finger.

W. M. Gatlin, of Mt. Enterprise, was in the city yesterday and sold cotton at 14 1/2 cents. He hauled the cotton to Cushing and sold it here by sample, getting a half a cent more than he was offered at Cushing.

Mrs. Ed Muckleroy and Miss Inez, were in the city yesterday and were the guests of Mrs. Muckleroy's mother, Mrs. W. B. Parrish. They returned home yesterday afternoon, accompanied by Master Guy Parrish who will spend a few days with his sister.

Mr. Bailes received a letter from his wife this morning bringing the sad news of the death of his mother-in-law, Mrs. Middleton, which occurred at Nevada, Mo., last Saturday. Mrs. Bailes arrived only a short time before the death of her mother.

The Original.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. Ask for Foley's Honey and Tar and refuse any substitute offered as no other preparation will give the same satisfaction. It is mild laxative. It contains no opiates and is safest for children and delicate persons. Perkins Bros.

SATURDAY'S LOCALS.

J. M. Stalling, of Melrose was in the city yesterday.

Miss Ida Ross, of Garrison, spent a day or two in the city this week.

Messrs. J. W. Carraker and Editor Carter, of Cushing, are in the city.

Capt. M. Mast and George Muckleroy, of Melrose, were in the city today.

Miss Field, of Center, is the guest of Miss Freeman for a few days.

Mr. C. S. Baings, of Cushing, spent the day in the city on a business trip.

Miss Mollie Walling, of Timpson, is in the city visiting Mrs. Arthur Ireson.

Miss Norma Swift, who is attending college in Logansport, accompanied by Miss Burgess, are spending a day or two in the city visiting friends and relatives.

Women's Kidneys.

Women are more often afflicted with kidney disorders than men, but attribute the symptoms to diseases peculiar to their sex, while in reality the kidneys are deranged. Nervousness, headache, puffy or dark circles under the eyes, pain in the back are signs of kidney trouble that must not be ignored, or a serious malady will result. Foley's Kidney Cure has restored the health of thousands of weak, nervous and broken down women. It stops irregularities and strengthens the urinary organs. It purifies the blood and benefits the whole system.—For sale at Perkins Bros.

Geo. H. Muckleroy and family have moved from South Church street to the old Davidson homestead place on South Fredonia street.

Cured Hemorrhages of the Lungs.

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake, of Wood, Ind. "I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar, and my lungs are now as sound as a bullet. I recommend it in advance stages of lung trouble." Foley's Honey and Tar stops the cough and heals the lungs, and prevents serious results from a cold. Refuse substitutes. Sold by Perkins Bros.

Nacogdoches has secured the Summer Normal which is to continue six weeks, closing on July 7th. The officers and conductors have not as yet been decided upon.

Death Rate in New York and Chicago.

During November and December, 1923, one fifth of the deaths in New York and Chicago were from pneumonia. Foley's Honey and Tar not only stops the cough but heals and strengthens the lungs and prevents pneumonia, so do not take chances on a cold wearing away when Foley's Honey and Tar will cure you quickly and prevent serious results. Sold by Perkins Bros.

Within the next ten days I will receive machinery especially for the purpose, and will be ready to grind, repair and rebuild lawn mowers. A. W. Eddings.

For Representative.

S. M. (Steve) King, Esq., authorizes his name placed in the announcement column today for Representative, subject to the democracy of Nacogdoches county. It's a "dirty Irish trick" in Steve to go and force an opponent to write up his announcement, but it has to be did, and so here goes: Steve is a good boy, smart as a whip and full of laudable ambition. He is well educated, a good speaker for a "kid" and he declares he will wipe up the earth with Homer Dotson. Dotson says there won't be anything left of Steve when he gets through with the job, so this writer expects to fall into the office by inheritance. But this is digressing. In all seriousness, Steve King is worthy of the consideration of the voters, and if elected will make a record in the Texas Legislature. If he goes on the stump, as he declares it is his intention to do, he will tell the people what he is out for and what his platform is.

Work Continues.

Some work while you sleep and many others sleep while you work, but Re-Go Tonic Laxative Syrup is constantly at work. After being taken as directions require, it has only one duty to perform, that of keeping the bowels, stomach and liver in a healthy condition and then work is a pleasure. Try Re-Go today. Sold by Perkins Bros.

J. A. King now has one of the neatest and handsomest barber shops in East Texas in the Crain building, on West side of the public square, near the Stone Fort National Bank.

He Saved the Baby.

Logan Huffman, of Lewis-town, Ill., writes: "About the middle of March, 1901, my little girl three years old was suffering from a bad cold. One day she grew worse and a severe attack of croup followed. Various remedies were used but failed to relieve her, and I believe she would have died had I not been able to secure a bottle of Harts' Honey and Horehound, a few doses of that medicine saved her life. It is a most wonderful remedy for croup." The first symptom of croup is hoarseness, which is soon followed by a singular rough cough, easily recognized by anyone who has ever heard it. The time to act is when the child first becomes hoarse and it Harts' Honey and Horehound is freely given, a cure is certain. There is no danger in giving large doses of this medicine, as it contains nothing injurious. Sold by Perkins Bros.

The Tyler Courier says that the recent cold snap does not appear to have materially hurt the fruit crop. It seems to have done absolutely no damage in this section, but we don't want to risk another.

Weak Hearts

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased. Mr. D. Kauble, of Nevada, O., says: "I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me."

Kodol Digests What You Eat and relieves the stomach of all nervous strain and the heart of all pressure. Bottles only. \$1.00 Size holding 2 1/2 times the trial size, which sells for 50c. Prepared by E. O. DeWitt & Co., CHICAGO. For sale by PERKINS BROS.

PHYSICAL HOUSE-CLEANING

A Thorough Cleansing of the System Now is the Surest Protection Against Spring and Summer Sickness.

No good house keeper ever neglects Spring cleaning. With plenty of soap and water, hard scrubbing and scouring, sunlight and air, she soon gets rid of all rubbish, musty odors, germs and microbes, and the dust and dirt that have accumulated during the long winter months. But when the house has been put in order, and the premises cleared of all old plunder and trash, the great majority of house keepers feel that Spring cleaning is over, and forget that their systems may be in a worse condition than the house, and that the bad feelings, debility, loss of appetite, nervousness and sleeplessness from which they are suffering are due to neglect of the more important and necessary work of Physical house cleaning. A clean house does not insure against disease, but a clean system does. The poisons and humors engendered within the body, the waste matter that is clogging the system and contaminating and vitiating the blood, are far more dangerous to health than the dirt and dust of our homes. In the winter time we give free rein to our appetites, and eat more and oftener than is for our good. We inhale the polluted air of badly ventilated offices and rooms, take little or no exercise, and our bodies become a veritable hot-bed of disease-bearing germs, and our blood is loaded with impurities and poisons of every conceivable kind; and no wonder that Spring time is so often Sick time and finds us in such poor physical condition, with vitality slowly wasting away, our digestion impaired, the liver torpid, and all the bodily organs over-worked and out of repair. Unless our systems are given a thorough cleaning, and the blood purged and purified, the simplest malady may develop into some serious disorder or end in chronic invalidism, and often the pent-up impurities, poisons and humors break out through the skin, and all through the Spring and Summer you are tormented with boils, itchy rashes, sores, bumps and pimples, and all manner of ugly pustular and scaly eruptions.

Physical house cleaning should begin with the blood. It must be purified and strengthened, and when a stream of pure, rich blood is turned into all the nooks and corners of the system, the rubbish and disease-producing poisons are washed out, and the congested channels and avenues of the body are opened, and Physical house cleaning is made thorough and complete. S. S. S. cleanses the blood of taints and poisons and expels the waste and rubbish from the system. It is to the system what soap and water are to the house. Nothing else so quickly removes the stubborn, deeply-rooted poisons and humors that are destroying the purity of the blood and blocking the avenues of health and life.

A course of S. S. S. now will put your system in perfect order and fortify you against the debilitating diseases and aggravating skin troubles that are sure to come if your physical welfare has been neglected.

S. S. S. is not only the best of all blood purifiers, but an unequalled tonic and appetizer. It builds you up, improves the appetite, and aids the digestion and assimilation of food, and keeps the system in a healthy, vigorous condition. S. S. S. is guaranteed purely vegetable, and can be taken by the old, middle-aged and young without danger of any harmful effects. S. S. S. is a blood purifier and tonic combined, a perfect Spring medicine and indispensable in Physical house cleaning. Write us fully about your case. No charge for medical advice.

**THERE'S
A DIFFERENCE.**

Have you ever noticed what a marked difference there is in Furniture?

You can't always judge good furniture by the price—some dealers put high prices on cheap stuff because it happens to show up well. With us it's different—we have a small per centage we add to the factory cost to each article alike. We show our customers the difference, and how the cheap and the good kind of furniture is made. Come and see us and we'll convince you with the fact that our goods and prices are right. We'll appreciate your visit.

ABOUT THE INSURANCE OF PUBLIC BUILDINGS.

General surprise is expressed that the State of Wisconsin carried no insurance upon its capitol building. If The News remembers correctly the State of Texas carries not a dollar of insurance. Some day we may wake up to find that our magnificent \$5,000,000 granite capitol is in ruins; or that the penitentiary buildings, or the buildings of some asylum or school, are in ruins. Then there will be a howl. If all of the property of the State were in small risks well scattered, it might be judicious for the State to carry its own insurance; but so much of it is in large blocks that the risk is too great.

No insurance company would take all of the State's business without reinsuring it, and the officers of insurance companies are pretty wise in these matters. The State should put up no more buildings that are not reasonably fireproof, it ought to carry insurance. It had a pretty big loss at the Rusk penitentiary a few years ago, and recently had a considerable loss at one of the asylums.—Dallas News.

Gives Health, Vigor and Tone.

Herbine is a boon for sufferers from anemia. By its use the blood is quickly regenerated and the color becomes normal. The drooping strength is revived. The languor is diminished. Health, vigor and tone predominate. New life and happy activity results. Mrs. Belle H. Shirel, Middlesborough, Ill., writes: "I have been troubled with liver complaint and poor blood and have found nothing to benefit me like Herbine. I hope never to be without it. I have wished that I had known of it in my husband's lifetime." 50c. Sold by Perkins Bros. w

THE forty thousand dollar appropriation for retunding licenses to liquor dealers in prohibition districts has been exhausted and no more payments can be made until after September first, when the next fiscal year begins.

Invaluable for Rheumatism.

I have been suffering for the past few years with a severe attack of rheumatism and found that Ballard's Snow Liniment was the only thing that gave me satisfaction and tended to alleviate my pains. March 24th, 1902, John C. Degnan, Kinsman, Ills. 25c, 50c and \$1.00. Sold by Perkins Bros. w

THE ice manufacturers of Texas are holding a convention at Waco. Let us hope the expense will not be tacked on to the price of ice this summer.

LOW PHILLIPS ROBBED.

Thief Took Five Hundred Dollars and a Quart of Whiskey.
From Thursday's Daily:

The bachelor quarters of Low Phillips, two miles South of town were robbed yesterday, while Mr. Phillips was in town. The thief entered by breaking open the door. \$550 dollars, a suit of clothes, a pair of shoes and a quart of whiskey were stolen. In his haste the thief dropped or overlooked a bag of gold containing about \$160. Officers were notified and dogs were put on the trail. One of the shoes and the clothes were found on the trail, but the robber had got a good start and probably crossed the Angelina river as the trail was lost in the bottom. Officers are still on the hunt but at this writing no arrest has been made. It is believed that the thief is a one legged man.

Cured Consumption.

Mrs. B. W. Evans, Charwater, Kan., writes: "My husband lay sick for three months. The doctors said he had quick consumption. We procured a bottle of Ballard's Horehound Syrup, and it cured him. That was six years ago and since then we have always kept it. For coughs and colds it has no equal." 25c, 50c and \$1.00. Sold by Perkins Bros. w

THE telephone company has put a phone at the new mill above Mahl and call it White-man. Their lineman who was up there yesterday says they have already about 20 acres of ground cleared. Have up already one nice residence for the manager and have on the ground at work about 20 carpenters and about 40 other laborers. They are going to build 300 houses. This trade will nearly all find its way to Nacogdoches. If you don't believe we will grow, just watch us.

It Matters Not.

No matter the name; no matter the place; if you are afflicted with that intolerable, often excruciating itching sensation, you want a cure and want it quick. Hunt's Cure is an infallible, never failing remedy. It cures. Only 50c per box, and strictly guaranteed. w

TERRIFIC floods are raging in the Wyoming Valley along the Susquehanna river in Pennsylvania. At Lancaster, Wilkesbarro and Harrisburg the floating ice is demolishing everything in its wake.

The Best Cough Syrup.

S. L. Apple, ex-Probate judge, Ottawa Co., Kansas, writes: "This is to say that I have used Ballard's Horehound Syrup years, and that I do not hesitate to recommend it as the best cough syrup I have ever used." 25c, 50c, \$1. Sold by Perkins Bros. w

"Makes it Go Way."

We simply can't do without it. We are not going to try. When Bobby stubs or cuts his toe, its "Ma, where's the Lightning Oil?" When Lizzie burns her hand or arm, its "Where's the Lightning oil?" When little Dick's been playing with a bumble bee, its "Where's the Lightning Oil?" The echo of our afflictions is "Where's the Lightning Oil?" Its the balm that makes the pain go way. Sincerely yours, P. Cassidy, Montevalo, Ala. 25 and 50c bottles. w

Antiexplo also prevents evaporation.

STRIPLING, HASELWOOD & CO.

Druggists, Jewelers and Newsdealers.

Died at San Angelo.

Mrs. S. J. Hood, formerly a resident of Nacogdoches, died at San Angelo on Saturday last. The family after Mr. Hood's death which occurred in this city moved to Louisiana, and from there to San Angelo in the hope of restoring Mrs. Hood's health, but consumption had claimed her as a victim and the change of climate was of no avail. She leaves several grown children and a number of relatives in Nacogdoches, besides a large circle of friends who extend sympathy and condolence to the grieving family.

What is Life?

In the last analysis nobody knows, but we do know that it is under strict law. Abuse that law even slightly, pain results. Irregular living means derangement of the organs, resulting in constipation, headache or liver trouble. Dr King's New Life Pills quickly re-adjusts this. Its gentle, yet thorough. Only 25c at Stripling, Haselwood & Co's, drug store.

On Wednesday, Feb 24th, a son was born to Rev. and Mrs. J. H. Case who live in the neighborhood of Appleby. The little fellow will bear the name of his grand father James Smith Case who was one of the early settlers of the northern part of the county, coming here from Alabama in 1853. May the new arrival bear the name as gallantly and make as good a record as the pioneer after whom he was named.

The Name Witch Hazel.

The name Witch Hazel is much abused. E. C. DeWitt & Co. Chicago, are the inventors of the original and only genuine Witch Hazel Salve. A certain cure for cuts, burns, bruises, eczema, tetter, piles, etc. There are many counterfeits of this salve, some of which are dangerous, while they are all worthless. In buying Witch Hazel Salve see that the name E C DeWitt & Co., Chicago, is on the box and a cure is certain. Sold by Perkins Bros.

Ollie Jopling, of Garrison, was in the city this afternoon.

Mrs. W. A. Skillern and daughter, Miss Lillie, were friendly callers at The Sentinel office yesterday. Mrs. Skillern says she is nearly sixty-eight years old, but had never before seen a printing press in operation. Both the newspaper and job presses were running during Mrs. Skillern's visit and it was an interesting sight to the visitors.

Colds Cause Pneumonia.

One of the most remarkable cases of a cold, deep-seated on the lungs, causing pneumonia, is that of Mrs Gertrude E Fenner, Marion, Ind., who was entirely cured by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I ran down in weight from 148 to 92 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength. Sold by Perkins Bros."

TUESDAY'S LOCALS.

There are several prominent citizens of Cushing in the city today.

C. Blankenship, of Attoyac, was in the city yesterday on a business trip.

J. H Satte rwhite, of Trawick, was a friendly caller at The Sentinel office yesterday.

T. B. Jordan, of Martinsville, was in the city yesterday and was a friendly caller at The Sentinel office.

W. D. Christian is the door bailiff for the grand jury. He has held this job for several terms in succession and thoroughly understands the duties of the position.

Messrs I. E. Lane and Kurg Wheeler, of Aiken, Shelby county, were callers at The Sentinel office last night. They were here on a trading trip.

J. F. Gaston, of Melrose, was in the city yesterday on a trading trip. Mr. Gaston says it's a poor farmer that can't get a day off to come to town with such continued fine weather as we have had this spring, and that he could not put his business off any longer for a rainy day. He still has a couple of bales of cotton on hand, which he says he is in no hurry to sell.

Happy, Healthy Children.

Any child can take Little Early Risers with perfect safety. They are harmless, never gripe or sicken, and yet they are so certain in results that robust constitutions requiring drastic means are never disappointed. They cannot fail to perform their mission and every one who uses DeWitt's Little Early Risers prefer them to all other pills. They cure biliousness. Sold by Perkins Brothers.

J. G. Grayson, of Linn Flat, came down yesterday on a business trip to the hub and remained over night in the city. Mr. Grayson reports farmers well advanced with farm work in his section of the county and that some have already begun plowing corn. He says he has corn up, is done planting and is now ready to plant cotton and that farmers generally are as well up as he is with their work.

Bucklin's Arnica Salve.

Has world-wide fame for marvelous cures. It surpasses any other salve, lotion, ointment or balm for cuts, corns, burns, boils, sores, tetter, ulcers, tetter, salt rheum, fever spres, chapped hands, skin eruptions; infallible for piles. Cure guaranteed. Only 25c at Stripling, Haselwood & Co. drug store.

For Sale—Good 10 horse engine and boiler, or will trade for larger size and pay difference. Adams & Bentley, Martinsville, Texas. w

\$100—Dr. E Dechthor's Anti-Diuretic may be worth to you more than \$100 if you have a child who soils bedding from incontinence of water during sleep. Cures old and young alike. It arrests the trouble at once. \$1. Sold by Perkins Bros. w

The friends of John H. Farmerly ("Big John") will be glad to know that he is recovering from a severe and dangerous spell of sickness, that has kept him confined at home several weeks.

For the next thirty days Baucom's grocery is selling shelf goods at actual cost. Better see him when you come to town.

MONDAY'S LOCALS.

J. B. Owens, of Douglass is in town today.

G. W. Cavin, of Trawick, is in town today.

Ab Stripling, of Shady Grove, is here today.

Bill Clevenger, of Douglass, was in town this morning.

Postmaster Baines, of Cushing, is in the city attending district court.

Prof. Leroy Fulmer, of Swift is spending today in Nacogdoches.

W. H. Tindall, of Garrison is in Nacogdoches looking after business affairs.

Lee Dennis, of Shady Grove is circulating among his Nacogdoches friends today.

Government Experts Say

The Boll Weevil will destroy 75 per cent of the cotton in Nacogdoches County this year that is planted in our late maturing home grown seed.

PRACTICAL FARMERS SAY (those who have tried them) that King's Improved and Shine's Early Prolific Cotton Seed mature a crop 3 to 4 weeks earlier than home grown seed. Why should you risk your entire year's work and expenses on old fogy ideas and late maturing cotton seed?

TO BE CONSERVATIVE you should plant at least one half of your cotton crop with

King's Improved, and Shine's Early Prolific

Northern Cotton Seed

Grown and shipped in sealed cars from North Carolina, and fertilize with Virginia - Carolina Royal Cotton Fertilizers

REMEMBER OUR OFFER.

To the farmer planting our King's or Shine's Cotton Seed and using our Virginia-Carolina Royal Cotton Fertilizer who obtains the greatest results (regardless of nature of land planted) we will give one of our justly celebrated Mitchell Farm Wagons, complete with body brake and lazy back seat. Size 2 1 2.

To the farmer planting our King's or Shine's Cotton Seed and using our Virginia-Carolina Royal Cotton Fertilizer who obtains the greatest results on upland we will give one of our premium winner Garland Cooking Stoves complete. \$30.00 grade.

To the farmer planting our King's or Shine's Cotton Seed and using our Virginia-Carolina Royal Cotton Fertilizer who obtains the greatest results on 1st or 2nd bottom land we will give one of our B. T. Avery & Son's or Eagle 7-Knife Corn and Cotton Stalk cutter.

No one contestant can win more than one premium.

Minimum test crop to be 6 acres. Nature of soil, quantity of fertilizer and seed per acre, time of planting and cultural methods the points to be considered in determining results. Written statement by farmer, corroborated by ginner and attested by nearest notary public must be furnished us before Dec. 15, 1904. Awards to be made on Dec. 21, 1904, by a committee of three competent judges.

Don't delay supplying yourself with Seed and Fertilizers. A great many are going to come in with a rush, just after we have sold out of both. Our supply of seed is dwindling rapidly, and we have notice from the Virginia-Carolina Chemical Co. that they are behind on orders for fertilizers, and our supply may be cut off at any time. Don't wait till the boll weevil has ruined you, as it has thousands of other good farmers south of here, but protect yourself with early maturing cotton seed, and farm this year upon new and up-to-date ideas.

MAYER & SCHMIDT.
