## IT'S EASY TO CLAIM "PURE DRUGS."

Every drug or chemical used here is actually tested by us or by a reputable concern. We insist on purity—absolutely. It costs us more, of course for our material than it does less particular druggists, but we are satisfied with the increased patronage that rewards the superior quality of our goods.

Remember that this high quality costs you not a penny more than you are required to pay elsewhere. Isn't purity—prescription purity—worth coming here to get?

### LITERATURE WANTED.

Good Reading matter Appreciated at the Penitentiary.

In response to a request published in the Alcalde Chronicle for literature for the prison hospital a bundle of books and magazines was shipped to their address the other day. A naive being left on the books, the following acknowledgement was received from the head nurse which shows how the act was appreciated.

Kind Friend: The package of literature was received this morning, and I must say they were thankfully received, as that is one thing we are greatly in need of. There has been more sickness here in the last three months than was ever known before, especially pneumonia. So far it is shown that one man out of every 13 in prison has had pneumonia, and in spite of the best medical treatment and nursing, there have been several called away and the prayers were that they should enter a land where they have no prisons. I close thanking you again for the charitable act rendered to the sick in the hospital.

Any one wishing to send literature to the sick prisoners must address Prison Hospital Library, Rusk, Texas, Box 103.

It can be seen from the letter that the literature is needed and that the sick prisoners will be grateful for (we quote from the above) "clean, instructive and entertaining literature of any description."

Dr. Henry Rulls, one of the brightest students in the Tulane Medical College at New Orleans, and a young man of whom Nacogdoches is especially proud, is home from New Orleans spending his summer vacation. He will return for his last year's study in the fall, and then will be an M. D. with a diploma from one of the best known Medical Colleges in the United States, and backed by the intelligence and ambition that will place him in the foremost rank of physicians.

### FROM LONE STAR.

May 2.—Bro. G. W. Jefferson preached an able sermon for us Saturday, and Bro. Rowlett an equally good one on Sunday.

Crops are very backward in this section on account of so much rain.

The health of the community is very good at present.

A Sunday school has been organized and all seem to be taking an interest in it.

News from Houston is to the effect that the report in the Houston Post of Rev. Ellis Smith's encounter with a crazy negro who entered the church on Wednesday night were exaggerated. The negro did not knock him down, or offer any objection to leaving the church when Mr. Smith told him to. The pastor and gentlemen in the congregation followed him outside, as they knew the lunatic ought to be secured, and after the darkey got out of doors, he asserted that he was Christ, and it took the united efforts of a dozen or more, to keep him from standing on his head as incontrovertible proof of the fact. The account of the difficulty that the officers had in taking the maniac to jail was in strict accordance with what occurred, but Rev. Smith was not struck or hurt in the fracas.

### Cured His Mother of Rheumatism.

"My mother has been a sufferer for many years with rheumatism," says W. H. Howard, of Husband, Pa. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried, in fact, she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by Perkins Brothers.

### THE TOBACCO FARMS.

Hundreds of People Visited Redfield Yesterday.

Hundreds of people from Nacogdoches, Appleby and surrounding country visited the tobacco fields at Redfield Sunday. The day was beautiful and the weather was auspicious for pleasant driving and there are no roads in East Texas that excel those headed to Redfield from every direction, hence with the "show" that greets the visitor and the pleasantness of the drive have made Redfield, or as it will henceforth appear on the map, "Tobacco," the most popular Sunday resort within reach of Nacogdoches.

To one who has not before visited this farm, it is indeed a revelation, as has been frequently said heretofore. A whole farm covered with frame work ready for canvass, large warehouses and barns under construction, acres of tobacco already planted out, and growing under shade, it is a scene never before witnessed by people here. Many thousands of dollars have been spent in preparation and yet but a bare start has been made. During the present year a hundred thousand dollars will be spent on this farm, and the acreage under shade will be increased from the few acres (some ten or fifteen) now to be seen, to more than a hundred acres.

There are two companies now operating there—the Florida Havana-Sumatra and the Webb Laylor company. Both have unlimited capital and money will not be spared in the improvement and equipment of the two farms which lie side by side in the heart of one of the richest agricultural sections of Nacogdoches county.

It is widely known that this and is equal, if not superior, to any of the tobacco lands in Florida or the Carolinas, and scores of tobacco experts have visited them recently with the result that many orders have been placed for small tracts of land, and thousands of inquiries are coming in by mail, indicating that tobacco is destined at an early date in the future to become the leading industry among our agricultural pursuits—thanks to the two companies that are now spending thousands upon its development.

### An Open Letter.

From the Chapin, S. C., News: Early in the spring my wife and I were taken with diarrhoea and so severe were the pains that we called a physician who prescribed for us, but his medicines failed to give any relief. A friend who had a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy on hand gave each of us a dose and we at once felt the effects. I procured a bottle and before using the entire contents were entirely cured. It is a wonderful remedy and should be in every household.—H. C. Bailey, Editor. This remedy is for sale by Perkins Brothers.

### ACCIDENTAL KILLING.

Boy Killed While Playing With a Loaded Gun.

The sad news of the accidental killing of Ben Trawick, the little son of Mr. and Mrs. James Trawick living near Mahl, was reported to The Sentinel this morning.

The killing took place late last Saturday afternoon, while three little boys, including the unfortunate victim were playing together. It seems that the boys had a gun, and a boy's express wagon and were hauling the gun around in the wagon when it was discharged, the load entering the boy's breast and killing him almost instantly.

### For County Commissioner.

The Sentinel is requested to announce Mr. G. L. Muckleroy as a candidate for reelection to the office of county commissioner of Precinct No. 4, subject to the action of the democracy at the ensuing primaries. Mr. Muckleroy is the present incumbent and has filled the office the past two years with credit to himself and so far as we know, with satisfaction to the people of his beat. He is an honorable, conscientious and upright man and is worthy of the confidence of everyone. It is regretted he will continue to serve his constituency in the same honest, fair, impartial and faithful manner in which he has endeavored to do in the past.

The newspaper reports say the Japs are licking the stuffing out of the Russians along the Yalu.

RAIN has fallen during the past few days in the dry sections of Texas, extending throughout the Panhandle.

BOURKE COCHRAN was true to his Irish ancestry in his famous philippic of Saturday; wherever he saw a head he hit it.

The Marshall Morning News was sold under execution Monday to satisfy a judgment for \$900. The plant brought only \$300, and was bid in by John Copeland.

The loss of life in burning buildings seem to be of unusually frequent occurrence of late. Especially is it so in the burning of hotels. Four lives were thus lost in Lansing, Mich., Thursday night.

The chief is again inditing his politics from close range. He lost all confidence in the snake editor as a politician after that astute gentleman asked if the flatorial districts were those submerged by the Missouri floods.

The people of Brenham are disturbed over the mysterious disappearance of Adolph Kessling, a wealthy stock feeder and cattle dealer. The missing man was last heard of at a St. Louis hotel from which he suddenly and mysteriously disappeared two weeks ago.

The death of Judge Schultze, which recently occurred in Austin is deeply regretted by the press of Texas and by musical organizations and all musicians who knew him. As an editor and musician he has been honored in Texas for more than a quarter of a century.

It sounds funny to hear Louisiana talking about quarantining against probable yellow fever in Texas. But they are actually establishing sites for quarantine camps for that purpose along the Texas line. But Texas will get even when the boll weevil gets on the wing.

The Empress dowager of China is mad because Russia is about to enforce martial law west of the Liao river, and has called off her birthday celebration and has ordered that the money to be spent for that purpose be used to equip 72,000 troops immediately.

It has now been decided that whiskey causes typhoid fever. That's because water has been accused of causing the disease until some people had stopped using water as a beverage entirely. A rapid change of base, but wont the human race after a while have to emulate the festive lizard and stop imbibing any liquid whatever?

The democratic masses would be glad to see Bryan and Cleveland both muzzled during this campaign year. The first is constantly breeding discord while the latter engenders distrust every time he opens his mouth. Bryan's opposition to Parker is no worse than Cleveland's endorsement.

It is intimated that D. B. Hill is about to drop Judge Parker and that a new lieutenant will be chosen for the Parker forces. It is also rumored that New Jersey will present the name of Grover Cleveland for the presidential nomination at St. Louis. Things are changing up slightly in the East.

The United States is going to start a geological survey in search of radium in this country. We hope they will find lots of it and make it cheaper if the mineral is ever expected to be brought into general use. There isn't much coming to an editor as long as the stuff is worth so many million dollars an ounce.

The mayor of Center and John McLendon have been to Beaumont this week trying to move the big compress from that city to Center. If they fail to fetch it Center had as well give up the job. But compresses are getting too thick in East Texas to be profitable, and there will be a lot of them for sale right here in the cotton belt the first we know.

The most important legislation enacted by the present session of congress is the ratification of the reciprocity treaty between Cuba and the United States, initiated by President McKinley, and the Panama Canal treaty by which the United States is committed to the construction of the Panama Canal connecting the waters of the Atlantic and Pacific oceans.

There will be no bolting at St. Louis unless Judge Parker fails to carry the convention. The regular democracy has always stood to the rack no matter if the fodder has been "musty" at times. It's the Parker backers that tote the rag as boltocrats. The fear expressed by the Parker shriekers that there will be a split will prove groundless unless their man goes down.

Cushing has a laudable ambition to become a county seat, but Nacogdoches county can't afford to give up so much good territory. If Cushing were allowed to establish a county for her benefit Garrison would want to do the same thing. In fact Garrison has had an ambition of this kind ever since it was the age Cushing is now. We can't give either of them up.

The State Medical Association has been in session at Austin this week. There are now 115 county medical societies organized in Texas and the membership has reached nearly 2,500. The doctors, like every other fraternity, are organizing for self protection and mutual interest and there will doubtless be much

good accomplished. If they could succeed in devising some plan by which good patrons may be relieved from paying enough to make up for bad ones the organization would prove a public benefactor. But this is a useless suggestion. It can't be done. It is the same in all avocations and professions run on credit system.

A NUMBER of editors and other individuals in Texas announced for Hearst before Hogg declared himself, still the Houston Post would have people believe supporters of Hearst are followers of Hogg. The accusation is unjust. Hogg simply happened to be with the masses, as he generally is.—Upshur County Echo.

NEW YORK has gone for Parker. The delegates elected at Albany on the 18th were instructed by a vote of 301 to 149 for Alton B. Parker as the state's candidate for president. Since New York is Hearst's home this proclaims his defeat, for it has always happened that where a man cannot control his own state he has never been elected President.—San Augustine Visitor.

The executive committee of the State prohibition party has decided to hold a State convention at Waco on August 23rd next, at which time and place a state ticket will probably be nominated. Delegates to the national convention were selected but their names are not given to the public, and will not be until it is known that their appointment has been accepted.

With the entire congressional delegation from every state in the Union almost as a unit against him, Hearst has too much odds to overcome to make it possible for him to secure the democratic nomination for president. Parker may not be the nominee, though his chances seem favorable, but for Hearst it is impossible. The ambiguity of the Albany platform is a burden to the Parker movement while the extravagant and almost fanatic course pursued by Hearst make his election impossible, hence his nomination beyond possibility.

The best interest of the schools should be considered, and if the conditions require it, the office of the superintendent should be created without delay. The county teachers institute is inaugurating a move in this direction and the matter should be given careful attention at the next term of the commissioners' court. If the office is to be created, it should be done in the May term, so that the candidates for county judge may know how much "pie" is to be cut off from that office and candidates for the new office may have time to offer themselves before the democratic primaries. The county is entitled to a county superintendent of public schools if it wants it, and there can be no doubt that the school interest would improve under such a supervision.

## SOME OBJECTIONS ANSWERED.

### A Few Reasons Why We Should Have a School Superintendent.

There is an organized effort on the part of the teachers of Nacogdoches county to secure the office of county superintendent of public instruction. Among the objections met with are the following:

1st. We don't need it. Ask the prosperous merchant who employs a number of clerks how he manages to handle so large a quantity of merchandise, wait on so many customers, and yet have everything so orderly and effectively done, and he will tell you that it is possible only through a well regulated system and constant supervision.

Ask the mechanic who is working on an imposing building how he manages to lose so little time and labor, and produce such finished work, and he will tell you that there was a plan before the work was begun, and that a skilled superintendent is directing and seeing that the plan is followed.

Ask the county teachers about their work, and you will find that each has his own plan, that their standard of excellency in school work is not the same, and that there is a vast difference between their finished products. Here we have a great unorganized force wasting time, means and energy. In this county there are over one hundred schools, a greater number of teachers, over 65,000 scholastics, hundreds of overs and unders, and between \$35,000 and \$40,000 to be spent spent on public schools and practically no system or supervision.

2nd. Not ready for it. It is true that kittens must be nine days old before their eyes open sufficiently to appreciate the light; before that time they are "not ready for it."

Surely the above figures show that Nacogdoches county has passed that stage of her existence. Turn on the light.

The following figures show the scholastic population (exclusive of independent districts) in the following counties; all having county superintendents but Nacogdoches:

Galveston	826
Jefferson	1437
Clay	1820
El Paso	2013
Waller	2643
Ft. Bend	2924
Walker	3220
Brazoria	3296
Bexar	4083
Freestone	4240
Cameron	4349
Shelby	4554
Nacogdoches	5581

You see there are a dozen counties in the State that have fewer pupils in the rural schools than Nacogdoches county, and yet each has a superintendent.

3rd. Its too expensive.

Remember the maxim, "The cheapest thing is always dearest." We now give the county judge \$400 to approve all contracts, vouchers, etc.—things that legal form requires—and get nothing in return but legal formality. By giving \$1,200 we could put an active man in the field who

would not be over burdened by duties foreign to the subject, and who might make returns more than pay the amount necessary to make up his salary. There are several ways in which he might do this, 1st, by looking closely after the scholastic census, every pupil overlooked means over \$5 loss to the county. Over one hundred pupils might be found by looking over the county.

4th. By increasing attendance. If 50 per cent of the scholastics attend school all the time now, and the superintendent should succeed in raising the attendance to 75 per cent, his services would be worth just \$8173.85 on an equivalent to an addition of one-fourth months to the school term (basing these calculations on an average term of months) a very handsome return indeed.

The commissioners would make no mistake in placing this office before the people. The only mistake, as had been said, that could be made would be in selecting the wrong man.

Think about this matter, and talk for the office.

T. H. P.

It looks as if the Texas Press association seriously contemplates transacting business of general interest and benefit of the association at the annual meeting to be held in San Antonio next month. There is a possibility of the publishers organizing a mutual fire insurance company. At least a movement to that end has been inaugurated and it seems to be approved by those publishers who run newspapers as business propositions rather than for complimentary tickets to shows and a questionable kind of glory.—Beaumont Journal.

The Grand Lodge K. of P. grows bigger and grander each succeeding year. There were over two thousand Knights in Houston last week, and within a few years there will not be a hall in Texas large enough to hold all its members and representatives. The hall in which the Grand Lodge was held in Houston was inadequate, and the delegates were cramped and uncomfortable during each sitting. The time is coming when a permanent meeting place will have to be selected and an ample hall erected, as has been done by the Masons. Houston, the birthplace of Pythianism, though extending a hearty and most cordial welcome, was not entirely equal to the occasion upon the return of two thousand of the "prodigals." She had a sufficiency of the fatted calves, and her hospitality was unbounded, but the Pythian Castle was but as a can for sardines compared to the requirements of that vast body with regard to comfort.

Lake Charles has better than gold mines. The inexhaustible wealth of an incomparable soil is ours, if we will only dig.—Lake Charles Press.

The Lake Charles editor is the only man we ever heard of who likes to "dig."

## It was a Texas Boy.

It seems that the hero of the Missouri was a Texas boy. Of the two men who escaped with their lives, who were in the turret or the magazine, one was a young man named Wells from Oklahoma and the other was J. M. McDade, a Washington county boy, born and raised at Chapel Hill and educated at that place and in Brenham, where he is well known. Young McDade was in the twelve-inch magazine, when the explosion occurred, and as the draft forced the flames down the shaft of the ammunition hoist and along the passageway leading to the magazine he grabbed an empty case, knocked a landsman named Wells to one side and held the case over the slot of the door in the magazine, thus preventing the explosion of the magazine, which would have resulted in the destruction of the vessel and an appalling loss of life.—Galveston News.

The Question of the hour; "How did that nice rain strike you?"—Lake Charles Press.

Not much, its "how did that hail storm hit you?"

Fifty bearing pecan trees are a source of independent income, and this is the natural home of the pecan. If you have a vacant yard or ground plant a pecan, and let it be a fine one.—Lake Charles Press.

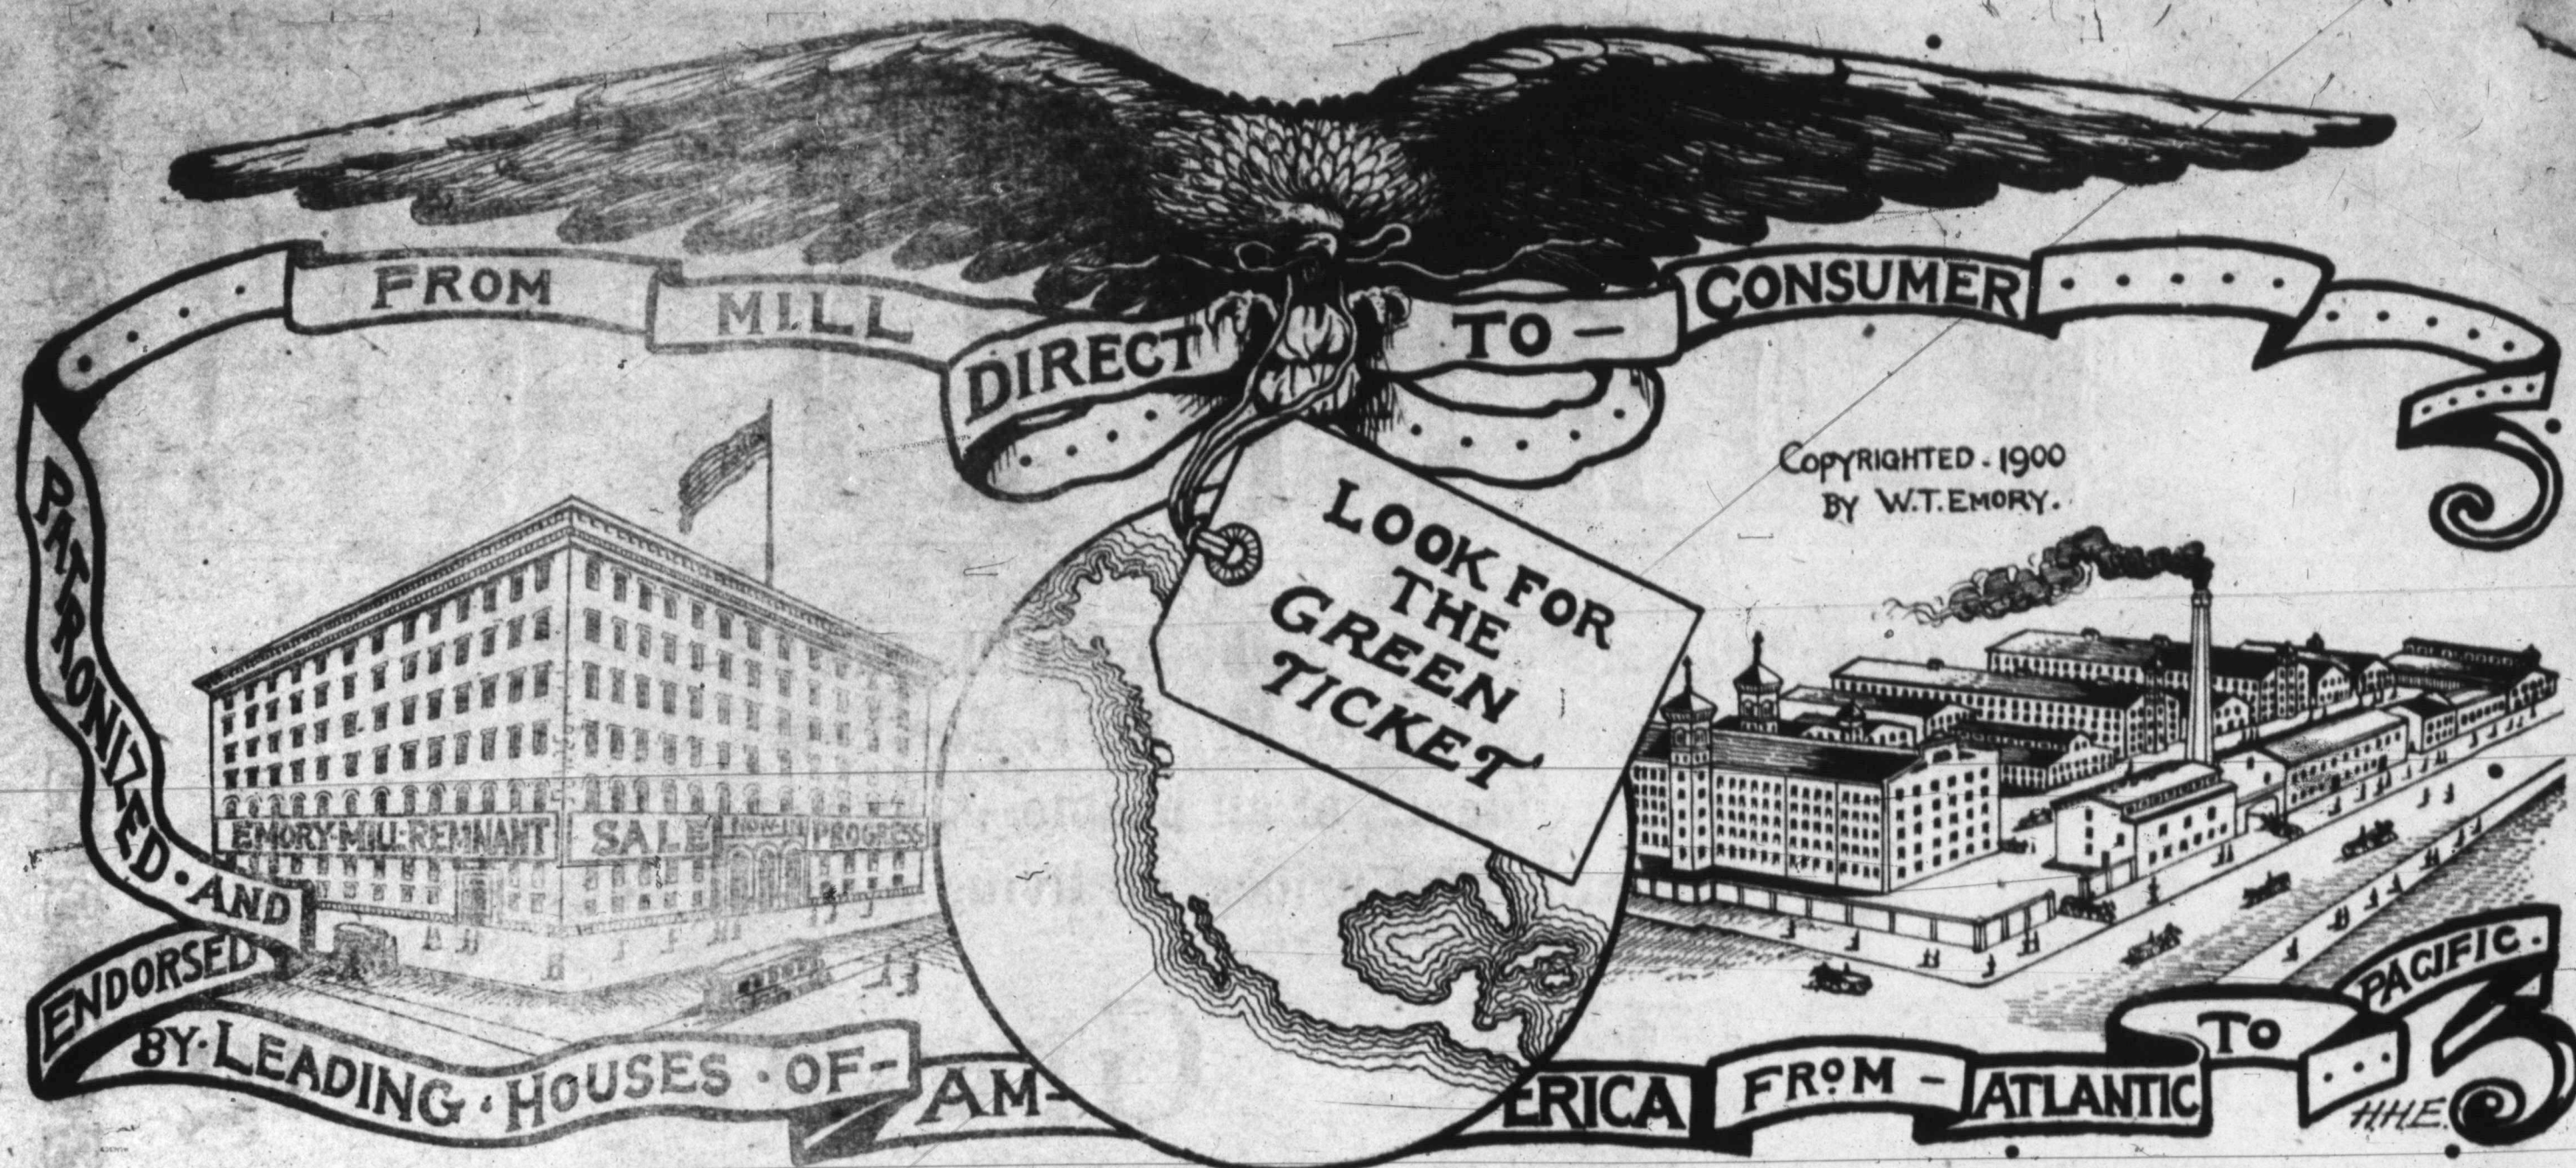

That's good advice, only the Press wants too many trees planted. Pecan trees planted a yard apart, strikes us as being rather crowded.

Nacogdoches is trying to get certified, among other late additions she has a Y. M. C. A. reading room and gymnasium also a bowling alley owned by a club of the representative men of Nacogdoches, for the amusement of club members and visitors to the city.—Cushing enterprise.

Nacogdoches is not "trying to be certified." She is a bona-fide city.

The Orange Tribune contains an editorial on an incident that occurred in New Orleans; of a mother that watched her little one die because she could get no medicine, and had no one to help her bury her dead. A sad and pitiful story surely, but The Tribune goes on to remark: "In the great city of New Orleans with its splendid schools and churches and great hearted people, is it possible that such a thing can happen? What has become of that loving, helping, sustaining charity of which Christ spoke?" This seems to hold a reflection on a city that is noted for its real "Charity" Hospital. Every one who has ever spent a day in New Orleans knows that poor woman had only to carry her sick child to the doors of that institution for it to have every attention that skill and nursing could bestow. Despite the most careful work and thought, human charity falls short and some creep off into a corner and die alone, the terrible case The Tribune mentions is evidently one, but New Orleans should not be blamed for what wrings every heart. She has never refused to extend aid to suffering humanity. The doors of Charity Hospital stand open.

## DO YOU NEED A MEDICINE?

IT COSTS YOU NOTHING TO INVESTIGATE.

There is no one who does not need a Liver Medicine occasionally.

The symptoms of Liver Complaint are well known to every one, such as constipation, dyspepsia, loss of appetite, sleeplessness, headache, a tired feeling and many others of a similar nature.

Thousands die annually by not heeding the warnings of nature.

Many acquire some chronic disease from which they never recover.

Many of these could be spared for years of usefulness, by keeping in the home some reliable remedy.

We believe that we can convince any fair-minded person that there is no better remedy for the Liver known, than Dr. Thacher's Liver and Blood Syrup.

The formula is known, consisting of: Buchu, Hydrangea, Mandrake, Yellow Dock, Dandelion, Sarsaparilla, Gentian, Senna and Iodide of Potassium. You know just what you are taking. How many other formulas of a liver medicine are published? Ask your druggist about this. It is already prepared and can be taken immediately.

The strength is extracted in the most skillful manner, certainly superior to any powdered preparation known. (We also manufacture a Liver Medicine in powdered form, with which any druggist can supply you, but this, like all other dry Liver Medicines requires preparation.)

Dr. Thacher's Liver and Blood Syrup is pleasant to take, does not lose its strength, as Liver Medicine in dry form, and will keep in any climate.

Your doctor, however skillful, could prescribe nothing better.

There is no opportunity for a doctor to make a mistake in writing a prescription, or a drug clerk to make a mistake in compounding the same, (besides a doctor's bill and the cost of the medicine.) You can be absolutely sure of the proper proportion being in every dose.

Dr. Thacher's Liver and Blood Syrup has been used with the greatest confidence and success in thousands of homes for 52 years, and is prepared by a pharmacist of 25 years' experience, in a laboratory equipped with the most modern appliances for the most perfect safety.

If you do not understand your case, write today for a Free sample bottle and "Dr. Thacher's Health Book" Give symptoms for advice. We simply ask that you try it at our expense. We know what it will do.

### Died.

From Thursday's Daily:

Mrs. Anderson Parton died yesterday at her home three miles from the city and was buried today at Fairview. Mrs. Parton had been ill with measles, and relapsing took pneumonia. She leaves four grown children to mourn the loss of a loving mother. She was a noble woman and her loss will be keenly felt in the community in which she was a loved and honored member.

The Sentinel extends condolence and sympathy to those who are bereft.

Some one tied a wire across the South Fredonia foot bridge last night with the result that a stranger in our city got a fall that bruised him up severely, and he narrowly escaped more serious injury. The tying of the wire in such a dangerous place, was evidently some person's idea of humor, and that person is probably not to be blamed if the Lord made him lacking in brains, but it has set people watching for the perpetrators of this sort of malicious mischief, and a fine may cause the doer to view his work in a less humorous light. As for what the stranger thought, it is not recorded, but any stranger would be excused for neither investing capital or moving to a city where such silly pranks endanger life and limb.

### Herbine

Will overcome indigestion and dyspepsia; regulate the bowels and cure liver and kidney complaints. It is the best blood enricher and invigorator in the world. It is purely vegetable, perfectly harmless and should you be a sufferer from disease, you will use it if you are wise.

R. N. Andrews, Editor and Mgr. Cocoa and Rockledge News Cocoa, Fla., writes: I have used your Herbine in family, and find it a most excellent medicine. Its effects upon myself have been a marked benefit. I recommend it unhesitatingly. 50c. Sold by Perkins Bros.

### BROKE UP SERVICES.

Insane Negro Assaults Rev. Ellis Smith at Houston.

Rev. Ellis Smith, pastor of the Methodist church at Houston, had an exciting experience at prayer meeting Wednesday night. A crazy negro entered the church and when Mr. Smith attempted to make him leave, the negro knocked him down and it took several men to subdue the lunatic and turn him over to the officers, who in turn had their hands full as the negro fought and kicked and bit like a dog. The disturber was found to be Manuel Williams who had been adjudged insane sometime ago and lodged in jail, but had been released because his friends had promised to care for him, and his condition had greatly improved.

It is safe to say that he will not be released again. The advent of the negro in church broke up the services and demoralized the entire congregation.

The many friends in this city of Rev. Ellis Smith, who was formerly stationed at Nacogdoches, and is one of the most loved pastors that ever filled the pulpit, were much concerned over his danger, for the negro would undoubtedly have killed him if aid had not come promptly.

### Growing Aches and Pains.

Mrs. Josie Summer, Bremond, Texas, writes, April 15, 1902: "I have used Ballard's Snow Liniment in my family for three years. I would not be without it in the house. I have used it on my little girl for growing pains and aches in her knees. It cured her right away. I have also used it for frost bitten feet, with good success. It is the best liniment I ever used." 25c. 50c, \$1.00. Sold by Perkins Bros.

### Remember the Y. M. C. A.

Ed. Sentinel: I would like to ask through the columns of The Sentinel that every one in voting for the library remember the the Y. M. C. A. There is no place in the city where such a library would and could do so much good and be of benefit to so many. Given to the Y. M. C. A. it would be for the use of not only the members and their friends, but would also be at the service of any strangers who might visit our city, it would in fact be as good as having a public library in our midst.

The Y. M. C. A. is one of the grandest and noblest institutions in the whole world, wherever there is a Y. M. C. A., the city is bound to advance and become better in every way, and every stranger is sure of a clean, hearty welcome.

We, as citizens, should do our utmost to see to it that now we have such an institution in our midst, that it should prosper and grow, and do everything in our power to make it a grand and glorious success.

When voting remember it and vote for the Y. M. C. A., and get your friends to do the same. Yours for the good of the city.

# SSS THE OLDEST AND BEST BLOOD PURIFIER THE GREATEST OF ALL TONICS.

A Spring Medicine that adds vigor and strength to the system, purifies and enriches the Blood, and lays the foundation for a strong constitution and good health during the hot sultry summer.

Most everybody feels bad in the spring. Some have no particular ailment but are just tired, worn out and totally unfit for work or anything else that requires energy or effort. They mope around upon the border-land of invalidism, irritable, peevish, hysterical and unreasonable.

A good appetite in the spring is a rarity, and we sicken at the sight of food, or thought of eating, and what little we do eat is a burden to the stomach and a tax upon the digestion.

Warm weather is sure to bring out the hidden poisons, germs and seeds of disease that have been collecting in the blood and system during winter, and you may look for some old chronic trouble to make its appearance. It is a time, too, when boils and carbuncles, and pustular or scaly skin eruptions like eczema and tetter, pay their annual visits and make life miserable by their intense pains and intolerable itching and burning.

The fight for health should begin before any warning symptoms of physical collapse are felt, or before the seeds of disease have time to germinate if we would avoid the usual spring sickness; and with S. S. S., the acknowledged king of blood purifiers and greatest of all tonics, you can put your blood and system in such perfect condition and so strengthen the constitution that one may be as free from sickness and as vigorous and strong during the trying months of spring and depressing summer season as at any other time.

S. S. S. not only builds you up, but searches out and destroys any poisonous germs or impurities that may be lurking in the blood. The benefits derived from the use of S. S. S. are permanent because it acts directly on the blood and purifies and cleanses it of all impure matter, leaving nothing to cause fermentation and deterioration of this life-giving fluid.

In selecting your blood purifier and spring tonic get one that long experience and thorough test have proven the best. In S. S. S. you will find a remedy whose purifying properties are unquestionable, and just such a tonic as your system needs. Ask your druggist for S. S. S.—there is nothing else just as good.

For the past 40 years we have had a standing offer of \$1,000 for proof that S. S. S. contains the least particle of any mineral whatever, and this offer is still open.

EX. GOV. HOGG is too busy to take the stump for Hearst. What's the use?

"BRYAN speaks out at last," says the Tyler Democrat Reporter. Gee-Whiz!

NO USE trying to leave Nacogdoches after you have lived ten years in the county. You can't stay away.

THE fruit and vegetable crops of Henderson county have been seriously damaged by recent wind storms.

THE socialists have nominated Eugene V. Debbs for president and Benjamin F. Hansford for vice-president.

THE World's Fair is now in full blast and the trains are running over each other hurrying the people to the great show.

TIMPSON is going to work city convicts on the streets hereafter. That beats feeding them in the calaboose until they lie out their fines.

APPLEBY is going to kill a whole cowpen full of fatted calves and wants everybody in Nacogdoches to come and help eat them up next Thursday.

THE Japs and Russians had a land battle last week, resulting in a victory for the Japs, in spite of large odds in numbers on the Russian side. Those Japs are devils to fight on land or water.

THE land forces are at it now along the Yalu, and it is reported that the Japs have effected a crossing and are forcing the Russians back step by step. That's about all the war news received this week.

AN easy way to settle the question of creating the office of county superintendent of public instruction would be to submit it to the voters at the primaries on July 9th. If it is adopted a candidate could be nominated at the second primary.

SULLY vows that he will never buy another bale of cotton in the speculative market, and is now endeavoring to organize a large company for the economic and scientific handling of cotton from the time it leaves the field until it reaches the consumer.

CURR BORDERS, who was recently arrested at Lufkin on a charge of alleged shortage with San Augustine county, made his bond at Center and has been released. According to the Center Daily News Border does not deny being indebted to San Augustine county, but claims a balance due him from the county more than sufficient to offset amount he is due the county, which will be easily straightened out in a final settlement. Border asserts that he is being persecuted and is being charged with many offences that he is entirely innocent of. He says that he can prove that he was sick in a hospital at Fort Worth at the time Bourland broke jail, in which he is accused of having assisted.

## FAVORS PENSIONS FOR MOTHERS.

The following is a copyrighted editorial by W. R. Hearst, which is reproduced at the risk of prosecution for "swiping" it. It is good enough to run some risk for: "Modern government displays queer ideas of justice in its treatment of mothers.

A boy is born into the world—and only women know how much more the mother of that boy suffers at his birth than any man ever suffered upon the field of battle.

The beginning of a child's life means intense physical suffering for the mother; the first years of his life means intense devotion, watchfulness and self-sacrifice on that mother's part.

The boy grows up to be a man, and he leaves the mother, who has grown old taking care of him. He joins the army, the police department or the fire department, and is killed in the discharge of his duty. Meantime he has married a young wife, and at his death she receives a pension.

The pensioning of the wives of heroes is, of course, simple justice. If a man dies in the discharge of his duty, the least that a community can do is to provide for the wife and children that he has left behind him.

But how about the old mother who gave that son to the country?

Should not something be done for her, when her only support is taken away from her?

In all the big cities, without much trouble, and in many little towns and villages, you will find old women with gray hair, poverty-stricken, working hard for a living—sometimes as scrubwomen in office buildings.

These old women, who have no means of support except their feeble remaining strength, have given a son to the public. His death has meant absolute poverty for them—a pension has gone to the younger and stronger woman whom he married.

Such a system is unjust, unreasonable and cruel. The first claim against the State or the city should be the claim of the mother."

The News regrets that Mr. Emery Ray, of Nacogdoches, saw proper to come over here legging for Mr. Perkins, of Rusk. We have two candidates for district judge over here in Shelby county, and they are both better men than Judge Perkins on any part of the ground. So far as we know, neither Judge Davis nor Mr. Short have tried to send emissaries into Cherokee county to electioneer against Mr. Perkins, nor do we believe that either one of them will do it. We concede Mr. Perkins' county to him, and Mr. Perkins ought to concede Shelby county to Mr. Short or Judge Davis. That is the decent way, and any other way is not decent.—Center Daily News.

The Sentinel is not informed as to whether Mr. Ray has been "legging" for Judge Perkins or not, but admitting that he has, we fail to see the impropriety or indecency in any one going any where on any occasion in the interest of

any candidate he may favor for any office. Shelby county is in the district in which Judge Perkins is a candidate and any friend of his candidacy has a right to "leg" for him in that county. This idea that a candidate for a district office should confine his candidacy to his home county is preposterous and ridiculous.

HON. LEE BLANCHETTE is becoming more popular through the attacks of his enemies of the state press. He may be a professional officeholder as they declare, but he is capable, and that is why such are kept in office. The state too long has been burdened with that class of "I need the job" and incompetents. That word "incompetency" is one of the greatest curses in the world.—San Augustine Visitor.

BILL STERRETT, of the Dallas News, says that during the Parker demonstration in New York last Monday, democrats and republicans alike took part in the parade, and hurraed for Parker. The indications so far look as if the republicans will be as well pleased with Parker's nomination as the democrats can be. With Cleveland, Belmont and Hill for him, most democrats in Texas are pretty well convinced that he is little more than another agent of Wall street, as Cleveland was.—Bonham News.

THE Houston News is a new arrival upon our exchange table. The News is edited by W. H. Bailey, formerly of the Houston Herald which was absorbed by the Chronicle. Bailey is too much in love with journalism to stay out of the newspaper business, and his brethren of the press are glad to have him return to the fold. The News is an ardent supporter of Hearst for president, which, of course, is a hopeless fight, but the Hearst crowd are to be congratulated upon winning him to their cause.

DR. KNAPP writes to managers of the experimental farms co operating with the Agricultural department as follows: "We have had so many letters asking whether it is possible to poison boll weevils that we have decided to write you. In many sections weevils are reported eating the small, tender terminal leaves and buds of the volunteer cotton, sprouting out from last year's stubble. In some fields, where the cotton was planted very early, and is now throwing out terminal leaves, they are also reported. As long as the weevils are actually eating the young terminal leaves and buds, many of our co-operative farmers say they can be poisoned by application of Paris green exactly as you would do for the leaf worm or caterpillar. So many farmers say they have been successful in poisoning boll weevils that we deem it best to make a thorough trial of poison in all parts of the State where weevils are found. We ask your co-operation. Carefully observe whether the boll weevils are eating the tender leaves and buds of the cotton in your fields. If they are, apply Paris green or other poison, and note results."

## TOBACCO.

Billy Gleaves Goes to Nacogdoches and Smokes Up. Colmesneil Times.

Billy Gleaves, the genial drummer, who sells tobacco, burns tobacco and talks tobacco, came in Saturday night and spent Sunday here with his family. He has got the tobacco fever right, and if there is a man in Texas that beat Billy talking tobacco from field to factory we don't want him to come this way, for if he could down Billy talking on this subject he could convince our merchants that a good stock of cigars and tobacco would be the only commodity necessary for them to handle, and we would be forced to live on this article, and even have our clothes made of it. Billy has been in Nacogdoches the past week, where they are making extensive preparations to grow the weed this year, and he has caught the fever of enthusiasm that pervades that section, and his prophetic soul sees wonderful possibilities for this part of Texas in the culture of this plant. For the past several years government experts have been testing the adaptability of soils in Tyler, Angelina and Nacogdoches counties for tobacco culture, and their reports, based on actual experience, have attracted the attention of capitalists, and a number of companies have been organized this year who have purchased large bodies of land, and will operate extensively in the growing of the product in Nacogdoches county. The first operations were begun in this county, but in some manner Nacogdoches county out talked us and got the government expert to locate there, made him resign his position, take out citizenship papers, invest in their lands, and engage in the business. Naturally therefore he is taking a great interest in the "red lands" of that county as a tobacco proposition, and so enthused have planters become over his reports and their prospects in that county that they have abandoned their prospective oil fields and will set it out in tobacco, preferring to have one good stalk of "wrapper" to their prospects for a gusher. Among those engaged in the culture of this product in that county that Mr. Gleaves met with was Miss Alice Webb, a northern capitalist, who has invested heavily in Nacogdoches land, and will personally supervise the cultivation of 75 acres of shaded tobacco besides a large acreage in the open field. Miss Webb, he says, spent much time in Cuba, and became impressed with the culture of this plant as practiced there, and the remunerative possibilities that a well conducted plantation of this kind afforded investors. Being a firm believer in the possibilities of the soil of the southern states of America to successfully reproduce any plant grown. Miss Webb returned to this country and began investigation that resulted in her location in Nacogdoches county, and the organization of the Texas Cuban Tobacco company, chartered under the laws

of the State with a capitalization of \$150,000. Mr. Gleaves describes Miss Webb as a most remarkable lady, thoroughly imbued with the possibilities afforded investors in land in not only Nacogdoches county, but all South East Texas, and he says that she has promised to visit Colmesneil soon and investigate the soils of Tyler county. Billy is selling lots of New South tobacco, but Miss Webb is developing a "New South" that will grow more.

"HASTE makes waste" is a maxim as true as it is old. In this mad rush on the part of the railroads, hurrying the people to and from St. Louis, eight lives have already been lost, to say nothing of the immense loss to the railroads in the wreckage caused by this unnecessary haste.

THE first democratic convention has just been held in the Philippine Islands, electing six delegates to the national convention at St. Louis. The convention passed resolutions condemning the republican party, which was held responsible for depressed conditions in the archipelago, demanding a definite statement as to the insular policy of the United States and advocating early establishment of territorial government similar to that granted to Porto Rico, with the largest measure of home rule. The resolutions also demand that the proposed immigration laws and mining and forestry legislation be delegated to the Philippines commission, and urge liberal legislation toward the development of the islands, with free markets for their products.

THE negro, Henry Simons, murderer of Miss Lula Sanberg, has been tried and convicted in the district court at Austin and was hanged Monday. The crime was committed April 21st, inst. The procedure in this case was to some extent similar to that of the Buchanan case at Nacogdoches year before last. The killing in this instance is almost as atrocious and brutal as the crime committed by Buchanan. The young lady was driving in a buggy along the road and when she passed a lonely spot the negro struck her on the back of the head with a stick, drug her from the buggy by a stout cord placed around her neck, dragging her lifeless body some distance into a thicket, then cutting her throat from ear to ear with a razor. The details of the crime are most harrowing and some five military companies are required to keep the indignant and enraged people of Travis county from burning him at the stake. The brute asked to be permitted to plead guilty and waive all rights, the thirty days required by law to intervene between sentence and execution, and he will be executed in a similar manner to the scene witnessed here two years ago.

Master DeForest Allgood was taken out for a drive yesterday afternoon, the first time he has been out since his accident. The little fellow's speech is returning, though he is yet unable to connect his sentences.—Timpson Times.

## The Way the Straw Points.

In conversation with many congressmen they expressed the opinion that the indorsement in this case will result in weakening Parker, all of which is rather uncomplimentary comment on the intelligence of the democratic voter, since it parades him as a man who is more controlled by his antipathy to an individual like Cleveland than he is by a desire to see democratic success in candidates and principles.—W. G. S. in News.

The above is a fair sample of the analytical powers of Bro. Bill Sterrett. It is not antipathy to Cleveland personally that makes a real democrat tear Parker because of Cleveland's indorsement, but the fact that such indorsement shows where Parker stands, to-wit: with the Palmer-Buckner deserters of democracy for alignment with plutocrats.—Texas Farmer.

According to State Topics, employes at the State capitol threatened to boycott an Austin merchant because he displayed in his show window a picture of Lee Blanchette, candidate for comptroller. The threat was effective to the extent of removing the picture, but such methods will not make democratic primary votes for Comptroller Stephens or others of the State house gang. Beaumont Journal.

## The Chicken Farm.

The Sentinel man, in company with Mr. D. Kults, paid a visit to the chicken farm of Tony Rulls and Charley Shindler yesterday. The farm is near the T. & N. O. railroad about three miles south from town. The boys have been busy out there for several months erecting houses, fencing in yards and "runs" and getting things in readiness for business. They have just about got a good start now, and in a short while will begin to reap the reward of their industry. They have at present only about five hundred chickens, and it will be three months before they will have anything to place upon the market. They have four large incubators, all "setting," and in a few days one of them will hatch out 750 young chicks, which will increase their herd to over 1200. From now on they can easily hatch out one thousand chickens a month, which at the age of three months will bring in the market from \$2 to \$3 and upward per dozen; so it will be seen that at the end of the next three months they will begin to get returns for their labor, in which they will realize handsome profits.

## About the Mails.

It seems to be a hard matter to make plain the arrival and departure of mail since the inauguration of the fast St. Louis train. The mixed, or local, does not carry mail. The night trains bring the mail as heretofore. The St. Louis train, north bound, brings mail from Houston and points beyond at 1:02 p. m. The south bound arriving at 3:38 p. m., brings mail from Shreveport and points beyond. T. & N. O. mail is carried on the night trains only.

**AT THE OPERA HOUSE.**

**Laurels of Debate Won by Reagan Literary Society.**

The debate and concert last night attracted a large crowd who came away perfectly delighted with the entire program.

The concert was opened by a piano duet by Misses Monk and Middlebrook, which was skillfully rendered, and this was followed by a sweet little song by little Jennie June Harris.

The debate consisted of four brilliant orations in which each individual speaker won unstinted praise and applause. Messrs. Hoya B. Short and Ross H. Moore, of Center, on the negative side of the question received especial praise for their forceful, logical and eloquent speeches.

The judges had a good deal of difficulty deciding to which side the victory belonged, but finally awarded the palm to the affirmative side, which was supported by Messrs. Arthur A. Seale and J. H. Summers, and it is resolved that Capitol will finally overcome Labor.

Mr. Cowden, of Center, Prof. F. W. Malley, of Garrison and Mr. Buck, a visitor from West Texas were the judges.

Little Juanita Tilly's recitation was next on the program and was encored, as the dear little lady of about seven summers is a great favorite and her recitation well done.

The violin solo by Helena Matthews, and the piano solo by Marguerite Harris, were both warmly applauded, the little girls acquitting themselves with credit.

Miss Louise Dotson's solo was one of the most highly praised numbers on the program. She has a sweet voice and was warmly applauded.

Miss Ray Goldberg's recitations (for encores followed as a matter of course) brought down the house as usual; and then, after a lovely tableau, the Sailor Girls appeared and were the climax to a well planned evening.

The proceeds of the concert were turned over to the Baptist Ladies Aid Society, and the Reagan Literary Society wishes to thank them for their aid in making the evening a success, and also to thank their friends for encouraging them by their presence, and Center and the Alamo club for courtesy.

They hope to meet the Alamo Debating Club again, and feel that their victory is something to be proud of when won over speakers as brilliant and eloquent as the Center gentlemen.

**The Shepherd Retained.**

In making mention of the meeting of the directors of the Merchants and Farmers Cotton Oil Co., last week The

Sentinel inadvertently overlooked the re-election, or re-appointment, of Mr. I. M. Shepherd as general agent, a position Mr. Shepherd has filled in a most satisfactory manner to the company ever since the mill was built. The retention of Mr. Shepherd is but a recognition of his merit and superior worth to the company in the management of its outside affairs. It is through him that all the seed buyers are employed, seed houses erected and cared for and he looks after all business requiring the attention of a traveling agent. The Sentinel tenders congratulations to both Mr. Shepherd and the company.

The great World's Fair opened Saturday and the most expensive book ever published in the world will be on exhibition, the official history of the Civil War, issued by the United States government at a cost of \$3,000,000. It took three years for the completion and consists of one hundred and twelve columns. Buying the manuscript made the cost so heavy.

We scarcely pick up a paper but we read of the death of some of our friends and we sincerely sympathize with those who are so bereaved, and must say that lack of preparation for the great issues of life which the majority of people display is one of the most difficult things to understand. When the shadows hover around a Christian he knows the sunlight will drive them away, but a sinner staggers in the face of misfortune. If I could I would throw a mantle of charity over all the misdeeds of life that come through ignorance or environment.

**JUNETEENTH CELEBRATION.**

**Colored People Will Give Big Barbecue at McBee Spring.**

The negroes of the Loco section of the county are preparing for a grand emancipation celebration to take place at McBee Spring on the 18th of next month. The 19th, which is the anniversary day, will come on Sunday, hence the celebration will take place on Saturday the 18th. Especial preparations will be made for the entertainment of white people, and all the candidates will be invited. The colored people who are leading in the move are endeavoring to interest the negroes of the various sections of the county, in an effort to make the affair at McBee Spring a grand central celebration covering the entire county. If the effort is successful it will be the biggest "Juneteenth" celebration that has ever happened in Nacogdoches county. White people, especially candidates, will be solicited to aid by contributions to the enterprise, and white speakers will be asked to address the colored folks on the occasion.

**A Cure For Piles.**

"I had a bad case of piles," says G. F. Carter, of Atlanta, Ga., "and consulted a physician who advised me to try a box of DeWitt's Witch Hazel Salve. I purchased a box and was entirely cured. It is splendid for piles, giving relief instantly, and I heartily recommend it to all sufferers." DeWitt's Witch Hazel Salve is unequalled for its healing qualities. Eczema and other skin diseases, also sores, cuts, burns and wounds of every kind are quickly cured by it. Sold by Perkins Bros.

L. I. Wade and G. C. Ingraham are in Houston shooting for the championship, with a first rate chance for both, as so far, their score is without a miss. Yesterday the event was for live birds, and today, clay pigeons. A long list of first-class Texas shots are competing for the \$450 diamond medal and the interest is great. The tournament will continue through the week.

**The Richest Man in the World.**

The richest man in the world can not have his kidneys replaced nor live without them, so it is important not to neglect these organs. If Foley's Kidney Cure is taken at the first sign of danger, the symptoms will disappear and your health will be restored, as it strengthens and builds up these organs as nothing else will. Oscar Bowman, Lebanon, Ky., writes: "I have used Foley's Kidney Cure and take great pleasure in stating it cured me permanently of kidney disease, which would certainly cost me my life. Sold by Perkins Bros."

**Mr. Saunders Resigns.**

Mr. J. W. Saunders has resigned his position as director and cashier of the Stone Fort National Bank and Mr. J. M. Weeks has been elected to the directory and Mr. I. L. Sturdevant has been elected cashier to fill the vacancies.

**A Splendid Library Free.**

The merchants and other named below will give any lodge, social club, school, college or other organization or institution, public or private, an opportunity to secure without cost, a magnificent library. This offer is open to any worthy institution in Nacogdoches or Nacogdoches county. There are over 150 volumes and they comprise some of the handsomest and most instructive books known to the bookmaker's art.

**HERE IS THE PLAN.**

For every 10c cash spent with the merchants named below you are entitled to a vote; if your purchase is 50c, it is five votes; if \$1.00, ten votes, etc. Write the name of your favorite institution on the "Free Voting Slip." The more you buy, the greater the vote. Any amount can be put on the ticket provided the cash purchase corresponds. "Vote early and often."

The merchants and others wish it distinctly understood that they will be perfectly neutral in this race, and will play no favorites. See the rules adopted by all interested. The merchants are making the offer partly to give some worthy organization a chance to get a start for a library, and partly as an advertisement for their business.

**You can Vote only at the Following Places:**

- T. J. SMITH, Staple and Fancy Groceries.
- R. T. SHINDLER DRUG CO., Drugs, Paints, Oils, Etc.
- SEALE & DONEGAN, Dry Goods, Clothing, Shoes, Etc.

**TO ANY WHOM MAY BE INTERESTED:**

This is to certify that the undersigned have examined the books comprising the library proposed to be given away by the merchants of Nacogdoches, and it is our opinion that the collection constitutes a valuable prize, and such as will be zealously sought for by the members of the various lodges of our city. The books are new, well bound, and on the whole are in splendid condition, consisting of One Hundred and Fifty Volumes.

C. D. MIMS, R. F. DAVIS.

**THE SENTINEL'S PRIVATE GIFT.**

The Sentinel's is also offering a prize for individuals on subscription. This is an artistic little library of handsome books to be given away at same time to any young lady or school teacher securing the highest score on the following plan: The contest runs four months, and we will allow four votes for every cent paid us on subscription up to May 15th; three votes on every cent paid us from May 15th to June 15th; two votes from June 15th to July 15th, and one vote till close of race. Therefore to get a good start you and your friends must get your hustling clothes on early in the game.

The Sentinel's Pony Library consists of the following books: One Webster's Unabridged Encyclopedia Dictionary, bound in sheep, thumb indexed, with gilt metal revolving stand. 39 volumes Little Classics, illuminated fronts. One set Shakespears, student's edition. 20 miscellaneous Fiction, in gold. 20 miscellaneous Fiction, in brown.

**The Timely Time.**

Last spring our entire family took a few weeks' course of Simon's Sarsaparilla and its effects were extremely gratifying. We enjoyed better health all summer than usual, which we attribute to its timely use. Very gratefully yours, Samuel Hinton, DeKalb, Miss. 50c and \$1.00 bottles.

Examination of Applicants to Attend the Girls Industrial College of Texas.

Notice is hereby given that a girls competitive examination will be held at Nacogdoches, Texas, on Saturday, May 21st, 1904, for the purpose of selecting two girl students for the Girls Industrial College of Texas, at Denton. Robt. Berger, Co. Judge. 31 Nacogdoches, Co. Tex.

**No Others.**

It is a class to itself. It has no rivals. It cures where others merely relieve. For aches, pains, stiff joints, cuts, burns, bites, etc., it is the quickest and surest remedy ever devised. We mean Hunt's Lightning Oil, 50c and 25c bottles.

# Ayer's Sarsaparilla

Your doctor will tell you that thin, pale, weak, nervous children become strong and well by taking Ayer's Sarsaparilla. Small doses, for a few days.

The change is very prompt and very marked. Ask your doctor why it is. He has our formula and will explain.

When 12 years old, for many months he was thought I could live because of this blood. But in a few weeks, Ayer's Sarsaparilla completely restored me to health.

### FRIDAY'S LOCALS.

J. C. Harris is spending a few days in Houston on business.

Henry Schmidt returned last night from Dallas where he has been attending Saengerfest.

Mr. and Mrs. Wall, of San Augustine, are shopping in the city today.

John Perkins, of Henderson, is in the city to attend the funeral of Mrs. Spencer.

R. W. Haltom returned this morning from Houston where he has been attending the meeting of the Grand Lodge this week.

### THURSDAY'S LOCALS.

Bob Shearer came up from Lufkin this afternoon.

Dr. A. A. Nelson returned today from Austin.

Steve King left this afternoon for Garrison.

Miss Grace Linthicum went to Tenaha this afternoon to visit friends.

C. J. Blackshear returned today from a trip down the East & West Texas.

Miss Iva Gilliken is spending the week in town, the guest of Mrs. T. J. Carraway.

Dirt will be broken next week for a \$10,000 brick building to go up in Nacogdoches, others are to follow.

Jack Ryan, of Beaumont, a railroad representative of the Southern Pacific is in the city today on business.

Mrs. Overton and grand daughter, Miss Annie Lou Matthews, of Chireno, were visiting in the city this week.

Mrs. S. Y. Gunning and daughter, Miss Ollie, Mrs. Overton, Miss Matthews and Mrs. Frank Moore, all of Chireno, are shopping in the city today.

These nights are too cool for those who are interested in crops. As a gentleman remarked this morning, the weather just don't quite get down to frost, and that's about all.

Mrs. McKnight entertained a number of friends with a social at her lovely country home last night. Several couples of the young people from town attended and report a delightful time.

Messrs. Clyde Parrish, J. J. Ogg, H. Fitch, Mat Spradley, Hulan Crain, Ashur Mintz and Rev. S. F. Baum returned this morning from Tyler where they were witnesses in the Messec case. Messec was promptly acquitted yesterday afternoon.

Mr. J. R. McClure living on the crest of Iron Hill came very near losing his home by fire yesterday. The fire originated in a small room adjoining the kitchen and occurred while Mrs. McClure had left home to carry Mr. McClure his dinner. Mr. P. M. Sanders saw the flames and coming to the rescue with a fire extinguisher succeeded with the assistance of others in putting the fire out. The room in which the fire started and its contents were destroyed. There was no insurance.

Nearly all the candidates have gone to Cushing to attend the big church supper tonight.

Dr. Hall, of Huntington, was in the city this morning on his return home from the Grand Lodge Knights of Pythias at Houston. He was the representative from the Huntington Lodge.

G. H. King, one of victims of the measles, is able to be out on the street again.

Dr. F. C. Ford went to Houston yesterday afternoon and will be absent the rest of the week.

Miss Lizzie King has had a very serious attack of measles, but is better today and on the road to recovery.

Mrs. George Garrison arrived today from Austin to attend the funeral of her sister, Mrs. J. C. Spencer.

Mr. and Mrs. Beeman Strong returned yesterday from a trip to San Antonio, Houston and Galveston.

Doc Watson received a pair of fine blood hounds from Shreveport this morning. The first thing they did upon greeting their new master was to possess themselves of a good portion of his pants, an introduction not altogether pleasing to Doc.

Mrs. C. W. Butt arrived at home this morning after a visit to Marlin where she was a delegate from the C. C. Club to the Federated Club Convention and to her is due the credit of, by her graceful speech of invitation, winning for Nacogdoches the honor of the next Federated Club meeting. Mrs. Butt visited relatives in several cities after the club session was over before returning home.

**A Positive Necessity.**  
Having to lay upon my bed for 14 days from a severely bruised leg, I only found relief when I used a bottle of Ballard's Snow Liniment. I can cheerfully recommend it as the best medicine for bruises ever sent to the afflicted. It has now become a positive necessity upon myself. D. R. Byrnes, Merchant, Doversville, Texas. 25c, 50c, \$1.00 sold by Perkins Bros.

Tom Sharp has moved from his North street home to the house of D. Ruffs where C. D. Mims lived several years.

# \$50,000

# GIVEN AWAY.

The Board of Directors of the Louisiana Purchase Souvenir Coin Company will set aside an appropriation of \$50,000, which will be presented, in its entirety, to the person who sends us a correct estimate of the exact number of paid admissions to the Louisiana Purchase Exposition, which opens at St. Louis April 30th and closes December 1, 1904. Should no one succeed in estimating the exact number, the money will be presented to the one who sends us the nearest correct estimate. This Golden Opportunity to secure a magnificent fortune costs nothing. Our object in making this unprecedented offer is to advertise and promote the sale of our Souvenir Coins of Admission to the World's Fair. These Souvenir Coins of Admission are of artistic and appropriate design, are invaluable as mementoes of the greatest of all Expositions and are similar to the Columbia Half Dollar, aside from their intrinsic value, we will accept them in exchange for regular tickets of admission to the World's Fair, and for this purpose will maintain a ticket office at the main entrance to the Fair Grounds, which will be open every day during the World's Fair period. Everybody wants one of these souvenirs, but only a limited number will be offered for sale. With every Souvenir Coin of Admission per based we allow one estimate to be made and filed, of the total number of paid admissions to the Fair. No one has any advantage in this contest. You are just as likely to get the \$50,000 in Gold as anyone. It is all pure luck. Should there be more than one correct estimate, the \$50,000 will be divided equally between the persons making the exact or nearest correct estimates. There may be no ties or dividing of this money; the enormous sum of \$50,000 may be received by one person. Why not you? The lucky winner will be notified the instant the official announcement of the total number of paid admissions is made by the Louisiana Purchase Exposition Company. We will also pay all of your expenses to St. Louis and deliver the \$50,000 in one great bag of Gold as soon as you reach this city.

The total paid admissions to:  
Chicago World's Fair were 21,460,141  
Paris, France, Exposition 16,785,167  
Pan-American Exposition 5,360,859

### SATURDAY'S LOCALS.

L. T. Borders, of Woodville is visiting his brother, A. L. Borders of this city.

Mr. and Mrs. Dave Taylor, of Martinsville, spent yesterday in the city.

L. H. Shelfer returned yesterday from a trip to Houston and other South Texas points.

J. D. Taylor, of Martinsville, went to Houston last night where he will remain several months taking a business course.

Prof. H. B. Hargis, of Garrison, was in the city today on his way to Cushing to be present at the teachers meeting tonight, the purpose is to discuss the county superintendent question.

Mrs. T. J. Carraway left yesterday for Coleman, where she will visit her daughter, Mrs. Robt. Brown. She will visit other relatives before returning and will be absent all summer.

G. W. T. Collins, of Attoyac, was a caller at The Sentinel office yesterday afternoon. He has in his possession a copy of the Tennessee Baptist, printed in 1860, at Memphis Tenn., by Graves, Marks & Co. The paper, which he exhibited at this office, looked as bright and fresh as if it had only been printed last week instead of 44 years ago.

The Hoo-Hoo band, of Lufkin, has been employed to furnish music for the big Woodmen picnic at Appleby on May 5th. This ought to bring out the crowd. The Hoo-Hoo's are a musical organization worth going a long trip to hear. Sovereign Frazier, State Deputy, one of the best orators of the order in Texas, will also be present, if he can get back from Omaha in time.

### Cures Blood Poison, Cancer, Ulcers, Eczema, Carbuncles, Etc. Medicine Free.

### Election Called.

J. M. Weeks, president of board of trustees in the independent school district, has called an election to be held May 9th, for the purpose of electing three trustees.

## Weak Hearts

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased.

Mr. D. Knoble, of Nevada, O., says: "I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me."

Mr. W. T. Emory in speaking of his big sale with John W. Davis, said: "I find Mr. Davis a very suitable man to have a sale with. He keeps a keen knife and doesn't mind to let it into prices. This is very important too--it takes prices on goods to attract intelligent buyers. With some people I would not attempt a mill remnant sale for they want more than their goods are worth, but I feel sure that my sale here will be a startling success. It must be--people are not different here from people of the many towns and cities in which I have conducted mill remnant sales over the United States; they all know good bargains in honest goods and it is a fact that we are preparing now to offer in Nacogdoches next Saturday morning the greatest array of rich bargains that it has ever been my pleasure to introduce.

At this time it was found we needed \$50 more than the door receipts, so there was a cash collection of \$55.25 and it was thought that the amount will comfortably seat the house. Door receipts and collections amounted to at least \$160. One had to be present in order to appreciate the program, this writer must say it was great to be there. We had a number of candidates with us and their presence was appreciated.

In behalf of the church at Cushing I want to thank Bro. Holt for his great lecture on his travels through Egypt, which added much to the occasion.

Now in conclusion, allow me to say there are some we have not yet seen. Will you at once help us as we expect to publish the list at once as soon as all is in.

Nacogdoches Man Appointed to Assist S. H. Dixon.

W. A. Lang has been appointed assistant to Sam H. Dixon, to open and display the Texas exhibit at the World's fair. All Nacogdoches will rejoice over Mr. Lang's appointment as he is a Nacogdoches man and has friends by the score here. He is a self-made man and has won his way in the world by his own unaided efforts. Obliging, generous and a hard worker he is as ready to help a friend as he is to work for himself and is a universal favorite. The commission could not have chosen a better man for the position, as whenever decorative work was needed in Nacogdoches while Mr. Lang lived here, he was always depended on for effective designing and could get them up while other people were thinking how to begin.

The people who attend the World's Fair from Nacogdoches will now take a double interest in viewing the exhibit from this county.

## Special Notice.

I have been asked by a number of my friends what it cost to run the last term of district court. In answer will say I have just finished registering the scrip and it amounts to the sum of \$1486 80. This is scrip issued the grand jury, petit jury and the bailiffs. I know nothing of the other cost of the court.

Respectfully,  
J. O. Ray, Co. Treas.

## To the Singers.

There will be an all day singing at Oak Flat school house, three miles east of Cushing the second Sunday in May, also dinner on the ground. Everybody is invited to come, especially the singers. Come for we are expecting a grand time.

Yours for good singing,  
W. G. Hodges.

Ten passenger trains a day pass through Nacogdoches now and the time table has been changed materially especially in regard to the mixed trains.

Friday afternoon at four o'clock, all that was mortal of Mrs. L. C. Spencer was laid to rest in the city cemetery by a sorrowing concourse of friends, Rev. W. W. Watts conducting the services. All the stores were closed at the hour of the funeral and the entire city was gathered in sad hushed groups under the beautiful trees, where while her friends sang softly hymns that were dear to her in life, tender hands smoothed the mound above her and heaped it with blossoms. Velvety magnolias, easter lillies, as pure as the spirit that had fled, fragrant carnations and roses sent by sympathizing friends and coming from distant towns as well as from those who loved her here, covered the spot where she lay sleeping, with a carpet of fragrant beauty. And so her loved ones left her, sorrowing for the separation, but knowing she had entered into the joy of her Lord.

### Made Young Again.

"One of Dr. King's New Life Pills each night for two weeks has put me in my 'teens' again" writes D. H. Turner of Dempseytown, Pa. They're the best in the world for Liver, Stomach and Bowels. Purely vegetable. Never gripe. Only 25c at Stripling & Haselwood & Co.

The Y. M. C. A. entertainment which was planned for Thursday night has been postponed until Tuesday of next week, in order to make way for the W. O. W. barbecue at Appleby on Thursday. The attention of the committee members is especially called to the change of date.

### Warning.

You cannot have good health unless your kidneys are sound, for the kidneys filter the blood of impurities which otherwise act as irritating poisons and break down the delicate organs of the body and cause serious trouble. If you have kidney or bladder trouble and do not use Foley's Kidney Cure, you will have yourself to blame for results, as it positively cures all forms of kidney and bladder diseases. Sold by Perkins Bros.

Prof. Davis says that school will continue six weeks longer, closing the tenth of June. The children are very well contented to have the extra two weeks, for they are progressing well, and their studies have been made interesting for them.

### Perkins Brothers

do not hesitate to recommend Kodol Dyspepsia Cure to their friends and customers. Indigestion causes more ill health than anything else. It deranges the stomach, and brings on all manner of disease. Kodol Dyspepsia Cure digests what you eat, cures indigestion, dyspepsia and all stomach disorders. Kodol is not only a perfect digestant but a tissue building tonic as well. Renewed health, perfect strength and increasing vitality follow its use.

### Whooping Cough.

"In the spring of 1904 my children had whooping cough," says Mrs. D. W. Capps, of Capps, Ala. "I used Chamberlain's Cough Remedy with the most satisfactory results. I think this is the best remedy I have ever used for whooping cough." This remedy keeps the cough loose, lessens the severity and frequency of the coughing spells and counteracts any tendency to ward pneumonia. For sale by Perkins Bros.

### When the Sap Rises

Weak lungs should be careful. Coughs and colds are dangerous then. One Minute Cough Cure cures coughs and cold and gives strength to the lungs. Mrs. G. E. Feener, of Marion, Ind., says: "I suffered with a coughs until I run down in weight from 148 to 92 lbs. tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." Sold by Perkins Brothers.

The Nacogdoches Sentinel announces the marriage of Mr. Frank Mize and Miss Bertha Parrish. The editor of the Tribune is well acquainted with both bride and groom and hereby sends his heartiest congratulations. Frank Mize is a splendid good fellow, while his bride, Miss Bertha is a queen among women and if she will forgive us for all the bad copy we used to send up in The Sentinel office we will throw all our old shoes Mineola ward.—Orange Tribune.

### Do Not Be Imposed Upon.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. Ask for Foley's Honey and Tar and refuse any substitute offered as no other preparation will give the same satisfaction. It is mild and laxative. It contains no opiates and is safest for children and delicate persons. Sold by Perkins Bros.

Sheriff Spradley sold at public outcry in front of the court house this morning a full set of tanners' tools to satisfy a judgement for storage charges in favor of M. G. Hazle. The tools were bought in by Stack & Smith at \$61. They were left in a building belonging to Mr. Hazle by a man named Davis over two years ago, and are worth at least three times what they brought.

### Quick Arrest.

J. A. Gullidge of Verbena, Ala. was twice in the hospital from a severe case of piles causing 24 tumors. After doctors and all remedies failed, Bucklen's Arnica Salve quickly arrested further inflammation and cured him. It conquers aches and kills pain. 25c. at Stripling & Haselwood & Co.

Mr. C. H. Casely and family, who have been living in Ennis for several months, have returned to their old home, having fully decided that Nacogdoches is good enough. They have enjoyed health and prosperity, but not that homelike contentment they always felt at Nacogdoches.

### Found a Cure For Indigestion.

I use Chamberlain's Stomach and Liver Tablets for indigestion and find that they suit my case better than any dyspepsia remedy I have ever tried and I have used many different remedies. I am nearly 51 years of age and have suffered a great deal from indigestion. I can eat almost anything I want now.—Geo. W. Emoro, Rock Mills, Ala. For sale by Perkins Bros.

### A Startling Test.

To save a life, Dr. T. G. Merritt, of No. Mehoopany, Pa., made a startling test resulting in a wonderful cure.

He writes, "a patient was attacked with violent hemorrhage, caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver troubles so I prescribed them. The patient gained from the first, and has not had on attack in 14 months." Electric Bitters are positively guaranteed for Dyspepsia, Indigestion, Constipation and Kidney troubles. Try them Only 50c at Stripling & Haselwood & Co.

A daughter was born to Mr. and Mrs. J. M. Weeks on Saturday morning, the tiny lady is already immensely popular and has many admirers.

An interesting feature at the 11 o'clock service at the Methodist church Sunday morning was Baptising of little Louis Winston Ireson, baby son of Mr. and Mrs. J. W. Ireson. The little colonel, as he is familiarly called, is seven months old, he is named Louis for Col. Oppenheimer, and Winston for Mrs. Ireson's wealthy uncle, D. W. James, Sr., of Blakely, Ga. Winston is a family name and every family where there is a James keeps up the name. Bro. Watts received and baptised Mrs. Ireson into the church when she was a child at Martinsville, and when she married and moved to town she was received into the church here by Bro. Watts. He baptised little Amelia Ireson, named for Mrs. Clark, and was also Chaplain of Col. Oppenheimer's regiment, of which Mr. Ireson was a member, this making a chain of circumstances that will always endear him to Mr. and Mrs. Ireson. The baby colonel rose nobly to the dignity of the occasion, and elicited the admiration of the entire congregation both for his perfect behavior and his baby beauty, and it is safe to predict that he will grow up to be an honor to his name and his parents.

Miss Gladys Simpson who has been ill with measles at Sherman, has sufficiently recovered to come home. Her sister-in-law, Mrs. V. E. Simpson, went to Sherman to accompany her home and the party arrived yesterday.

### A Sure Thing.

It is said that nothing is sure except death and taxes, but that is not altogether true.

Dr. King's new Discovery for Consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. B. VanMeter of Shepherdtown, W. Va., says "I had a severe case of Bronchitis and for a year tried everything I heard of, but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely." It's infallible for Croup Whooping Cough, Grip Pneumonia and Consumption. Try it. It's guaranteed by St. Ipling & Haselwood & Co. Trial bottles free. Reg. sizes 50c, \$1.00.

### Notice.

Strayed or stolen from my place south of Douglass, on April 14th, one black mare 14 or 15 hands high, 9 or 10 years old, had on bell, right hind knee enlarged, one white foot, will pay liberal reward for any information leading to her recovery. J. L. Leg, wjt Douglass, Texas.

Wallace Ireson, one of the proprietors of the Banita Mfg. Co., of Nacogdoches spent Monday in our city looking after the interest of his plant. This is one of the best manufacturing plants in Texas and all East Texas should patronize it when in their power to do so.—Cushing Enterprise.
