WHAT A COAT OF PAINT WILL DO

It will make a house, a barn, any building look like new.

It will make the fence set off the house and lot it incloses to good advantage.

It will make the old wagon or travel scarred buggy spick and span.

Used in the house it freshens the woodwork and gives the rooms a look of newness.

Above all this it acts as a preservative wherever it is used.

Aside from its ornamental value its use is an economy that cannot be ignored.

But you need the right sort of paint.

If you will come here we will show you how and why our paints are the best to use.

THREE MEN JAILED

On Charge of Theft of a Horse and Other Offenses.

From Monday's Daily:

Sheriff Spradley and a posse of his deputies returned to the city yesterday afternoon after a day and night run, bringing back with them Mat and Holt Nerren, brothers, and John Thomas, whom they lodged in jail for alleged marauding and theft of a horse. The prisoners were arrested at or near Marion, not far from where a horse belonging to Tom Pate was stolen while he was visiting a fishing party's camp. Pate had hitched his horse at the ferry and walked some distance to the camp and when he returned the horse was gone. The horse was recovered, being found tied out in a thicket after the parties were arrested.

Each of them plead guilty this morning to malicious mischief and were fined \$10 and costs each, aggregating \$91.

A Play That Never Grows Old.

"Ten Nights in a Bar Room" never grows old. There runs through it a vein of pathos peculiarly touching and sweet. It speaks the universal language of the heart. It reflects like a prism the innermost phases of human emotion. Such plays are better than sermons; they point a moral and adorn a tale; they teach us a lesson in thoughtfulness and charity; they impress our minds with the precepts of the golden rule.

T. S. Arthur's book is one of the great books of literature because it deals with questions of immeasurable human import; and the play itself is one of those simple masterpieces that can never die.

Little Agnes Geyer has gained the reputation of being the greatest child actress before the American public at this date. Don't fail to see her and have your little ones see one who has gained praise and comment in every large city throughout the United States. She can be seen at Nacogdoches Saturday night, May 14th, with Geyer & Griswold's Ten Nights in a Bar Room Company.

SAPP PLEADS GUILTY

In Ten Cases and Gets Dismissal in Remaining Six.

Tom Sapp, who was indicted by the last grand jury in sixteen cases for embezzlement and swindling, plead guilty Saturday in ten cases and was fined one dollar and sentenced to five minutes in jail in each case. The other six cases against him were dismissed. The report that the grand jury had returned twenty-five bills of indictment against Sapp was erroneous, the exact number being sixteen. The cases were all for alleged crookedness of Sapp while organizing camps of the Woodmen of the World at Cushing and Sacul.

The total fine and costs in each case is \$23.30, aggregating \$233.00.

Notice.

CORRECTED REPORT

Of the Deplorable Accidents at Hayward Mill Yesterday.

The Sentinel was incorrect in its report of the unfortunate accident at the Hayward mill yesterday. The accident in which Mr. Pipkin was hurt occurred at about 7:15 in the morning and was caused by the striking of a piece of timber that was being elevated against a ladder which Mr. Pipkin was ascending, twisting it in such a manner as to throw him off, and he was hurt in the fall, not by falling timbers.

The accident in which Mr. Dickerson was killed occurred about 11:45. He was at work on the second floor and in moving some timbers had pulled out some planks so that the ends projected in a manner that made them easily tilted. In a few minutes afterward he stepped upon the trap and fell some fifteen feet striking his head on the timbers below and crushing his skull, from which death resulted in about five minutes.

Mr. Pipkin was badly hurt but will recover.

The remains of Mr. Dickerson were taken to Cove Spring this morning for interment. He was a member of the Garri-son Camp Woodmen of the World and was buried with Woodmen honors under the auspices of the Camp at Swift.

OFF TO THE BIG POW WOW.

Alabama Tribe Improved Order of Red Men at Galveston.

At the quenching of the last Great Council fire of the Improved Order of Red Men, at Austin last great sun, the Chiefs in Council selected the hunting grounds of Galveston, and the tenth sun of Flower Moon, G. S. D. 413, at the 10th run as the time for kindling the new council brand.

Therefore in obedience to the speaking leafs of the tribes of Galveston announcing that much corn and venison had been prepared for the tribes throughout the great reservation, Alabama's chiefs decided to trail to the great wigwam. Last night Chiefs W. O. Crain (representative), J. D. Mcknight, Jno. E. Floyd, W. X. Pressler, Henry Carraway and John Pressler took the big iron horse for the city which is surrounded by variegated and angry waves of the mighty ocean, called the hunting grounds of Galveston.

Whooping Cough.

"In the spring of 1904 my children had whooping cough," says Mrs. D. W. Capps, of Capps, Ala. "I used Chamberlain's Cough Remedy with the most satisfactory results. I think this is the best remedy I have ever used for whooping cough." This remedy keeps the cough loose, lessens the severity and frequency of the coughing spells and counteracts any tendency toward pneumonia. For sale by Perkins Bros.

CURG BORDERS KILLED.

Shot to Death While Resisting Arrest At San Augustine.

The news of the killing of Curg Borders by Sheriff Noble at San Augustine was received at Nacogdoches Saturday afternoon a few minutes after the tragedy occurred, though definite particulars were not obtained until the arrival of Hal Tucker yesterday evening, who was in San Augustine at the time of the killing. Mr. Tucker's report is that Border was parading the streets in a threatening manner and was armed and had made threats against Sheriff Noble, against whom he entertained a bitter feeling for causing his arrest at Lufkin last week. The fact that Border was armed with a pistol was reported to Sheriff Noble who undertook to arrest him for carrying a gun. As he approached Border, the latter being mounted, he wheeled on his horse and drew his pistol, when the sheriff shot him through the head killing him instantly. Several shots were fired but only the first took effect.

WITH Cleveland and Bryan both on the rostrum there will be no lack of disturbance during the present campaign.

THE Houston Post gets war news by the "bunch." And some of it is as "mushy" as a bunch of over ripe bananas.

EVERYBODY must do something toward the entertainment of the people who will attend the Normal School here. We must make good all our promises.

HEARST carried Iowa by a vote of 515 to 371, and the Parker papers say it cost Mr. Hearst a hundred thousand dollars. Wonder what Illinois cost him.

THE cost of the last term of district court to the county was \$1,486.40. This does not include costs paid by the state for witnesses, sheriff's and clerk's fees in felony cases.

THERE may be a lot of Hearst money being spent in this campaign, but it is so it is coming out of Hearst's own pocket and not from the people, extorted by taxation and trusts.

HEARST has carried eight out of ten congressional districts in Chicago. This insures Illinois to Hearst by an overwhelming majority, in spite of opposition of local and state democratic machines.

THE Center Champion says the oil mill at that place has only run half the season but has cleared a good dividend for the stock holders. The mill will close down the last of this month for the season.

BRYAN and Watterson are agreed on Geo. B. McClellan for president. The man these two extremes can come together on ought to be acceptable as a compromise with all the other factions of the national democracy.

ORANGE wants the newspapers of Texas and Louisiana to meet in that city. That would be nice. An inter-state press convention between the "Pelicans" and "Lone Stars" might result in great benefit to both states and could not fail to be profitable to both the newspaper fraternities.

THE heavy rains of the past week extended nearly all over Texas. A great deal of damage is reported caused from lightning, wind and hail. Near Austin three children were drowned in a gulch while returning from school. A number of drownings are reported from various portions of the state.

THE Normal school commences on the thirtieth of this month, and it is up to the citizens of Nacogdoches to make it a success. By providing board at moderate rates, and making the teachers welcome by extending their cordial friendship, and we can make lasting friends for the city, as well as profiting by the presence of the Normal.

INCREASING COST OF GOVERNMENT.

Houston Post.

Just how long the country can stand the progressive increase of the cost of the Federal government is problematical. The nation has wonderful resources and is growing rapidly, and the people are patient and long-suffering. But surely a halt must come in the near future, else there will be wholesale depression of public industry and hardships unbearable for the masses of people.

In the closing hours of congress, Senator Culberson pointed out the rapid growth of Federal expenditures. He showed that during the Roosevelt administration there has been expended the enormous total of \$2,640,000,000. This sum is \$211,000,000 in excess of the expenditures of the McKinley administration; \$515,000,000 in excess of the total expenditures of the last Cleveland administration and \$883,000,000 in excess of the first Cleveland administration.

If we are to have four years more of Roosevelt, it is quite evident that his next administration will cost the country more than \$3,000,000,000. This enormous expense will inevitably entail an increase of taxation, for which the country is not prepared, or a large increase in the interest-bearing public debt. Already the people are suffering the stress of constantly increasing cost of living expenses, and the republican party has done nothing whatever to afford relief in this quarter. To have the present high prices of living augmented by increased taxation is just a little more than the country can stand for at the present time.

Strangely enough, this swelling tide of public expense comes at a time when there is a palpable recession of the tide of prosperity which has prevailed for years, when in many branches of industry wages are being reduced and production curtailed. It is the rule, however, that government expenses increased in the day of prosperity can not well be curtailed in the time of depression. The road to economy is difficult at best, but there is no such road when a republican administration is in power.

We know that whatever the increase, the republican party will never impose it upon the wealth of the country. The producing and consuming masses must pay practically all of it. If it were an income tax, the millionaires with whom the administration is in league would call a halt pretty soon on all the reckless extravagance.

Senator Culberson has done well to present the situation so tersely before the country. His statement ought to be read by every voter in America. It shows the dangerous pathway the Roosevelt administration is pursuing. It is argument enough to justify the overthrow of the party in power, even if Rooseveltism in other directions were not so dangerous to the peace and prosperity of the country and to republican government as instituted by the fathers.

THE editors of Texas have had a glorious time at the Tamale City. The 26th annual convention of the Texas Press Association closed there today.

It is estimated that two hundred thousand people visited the World's Fair the first day it opened, and yet the travel toward St. Louis has not begun.

PARKER, in the solemn stillness of his silence, reminds us of Owen Wisters cayuse horse, who "puts all the worth on his serious brothers, and tries to look useful and not have a fit."

THE Caro Townsite Co., has been chartered with a capital stock of \$30,000. Incorporators, W. Y. Garrison, W. T. Whiteman and C. C. Galoway. Purpose, to do a general building and loan business.

THE Beaumont Enterprise has put on an afternoon edition—The Beaumont Evening News and Enterprise. The News is a two-cent paper, and while it may not fill a "long felt want," it will help the Enterprise hedge on the heavy expense of getting out a morning edition. The Enterprise is all that its name implies and both its editions are a credit to Beaumont and Southeast Texas.

THE men of New Jersey have organized an anti-euchre club, protesting against their wives playing progressive euchre so much. Whether the revolt will be successful remains to be seen. The president is a man named Kicks who says that many a time he has walked the floor with the baby till two or three o'clock, waiting for his wife to come home from a euchre party. Poor fellow, no wonder he kicks.

THE Japanese have at last succeeded in corking up Port Arthur. The deed is described as one in which desperate courage was displayed. A Japanese sailor who came ashore when summoned to surrender sprang forward with a revolver in his hand and died fighting. Another Japanese sailor who was pulled out of the water, tried to throttle himself with his necktie. One of the rescued Japanese officers committed suicide by disemboweling himself, declaring that he would rather die than to go home in disgrace.

THE Taylor-Webb company will build a large tobacco warehouse just as close in as the people will provide the site for the building. If this warehouse is built in town it will afford employment for scores of boys and girls and women who seek light work. There will also be a cigar factory in connection which will employ a large force of skilled labor. It will bring a number of new families to locate in the city and will aid in various ways to the prosperity of the community. The location desired for this purpose could be easily supplied and the cost would be nothing compared with the benefits to be expected in return.

THE TROUBLE AT MANTON.

Prof. August F. Buck, recently of Colorado, who has been in charge of the cantaloupe farm of the Angelina Orchard Co., at Manton, is stopping in the city pending the troubles at Manton. He will remain here until peace is restored, preferring to keep himself clear of all complications there. He declines to be interviewed with reference to the matter further than to say that he very much regretted the turn of affairs that has recently taken place and that he had used his best endeavor to promote peace and restore harmony, advising the men against any rash step that would bring discredit upon the company. The trouble at Manton has been brewing for the past three months, and seems to have had its origin between the manager of the company and citizens of the vicinity, gradually drawing the employees of the company into the row. At present there is intense feeling and possible danger of further trouble of a more serious nature than has yet occurred.

THE last words of the negro, Henry Williams, who was hanged at Austin Monday for the murder of Lula Sanberg, a beautiful white girl, near Manor ten days ago, were that the white people were the negro's best friends and advised all negroes to live as good citizens and not bring disgrace on themselves as he had done. He also asked the white people not to be hard on his race for the crime he committed. Williams was an intelligent negro barber, and his crime can not be attributed to ignorance as is urged in most cases of this kind. The brutish instinct simply outweighed all the intelligence and moral training that had been given him in schools which this country liberally provides for his race, and which will in our opinion never be overcome by book learning.

THE Beaumont Journal, an ardent Hearst advocate, after reading the figures in the Galveston News, sums up the presidential situation as follows: "According to the Galveston News, which is not only fair and unprejudiced in its news columns, twelve states have held democratic conventions, of which five with a total vote of twenty-eight votes have been instructed for Hearst. In addition, Hearst has six votes in the Massachusetts delegation, and Kansas, with thirty votes, indorsed him by resolution and commended his political career in the platform adopted. Parker has instructions from New York alone, or seventy-eight votes. Olney has twenty-four of the thirty votes in Massachusetts, while New Hampshire, Oregon, Pennsylvania, West Virginia and New Jersey, with a total of 108 votes, send un-instructed delegations. In addition to the Kansas and state instructed vote, Hearst has instructions from four districts in Ohio, which makes his total vote to date fifty-four coming from seven different states, while Parker has eighty

instructed votes from but two states, and those two states are New York and New Jersey, the former the home of the money trust, and the latter the incubator of all other trusts. In the above Journal gives the actual condition of the campaign for the democratic nomination for president as it is today, and it pictures the phenomenal democratic landslides for Parker which the Houston Post and Fort Worth Record have been publishing in their news columns for the past several months. Politically speaking when you see it, in either of the two last named papers it is pretty safe to put it down as not being so."

FORMER President, Grover Cleveland lectured at Princeton, N. J., Monday night. His chief theme was the upholding of the government during his last term of office, during which the memorable Chicago strike occurred. It would appear from a long distance as if Uncle Grover is trying to remove some obstacles from the path to a third term.

DUDLEY D. BRYAN, well known to the newspaper fraternity of Texas, died at his home in Houston Wednesday morning. Though he had spent most of his life as a journalist, at the time of his death he was city secretary, a position he has held since the election of Hon. O. T. Holt as mayor of Houston. He was the first editor of the Houston Post, was a number of years city editor of the Galveston News, and has himself owned and edited several papers. He was thoroughly identified with the press of Texas, and his death will be deeply and universally regretted.

A paper which handles as many personal items as the Herald is almost certain to get one wrong occasionally. If we call you Pendersnort when it should be Hendersnort, we assure you it will only be an accidental overshoot and trust it will not seriously injure you. If we send you somewhere you did not intend to go, we will do the square thing about it and not charge you a cent for transportation and travelling expenses.—Tio-ga Herald.

People who complain of mistakes in the spelling of names should be careful in the kind of names they get. Mr. Hendershort may expect to be called Pendershort just about half the time. Let the Pendersshorts and others with uncomfortable nomenclature get something simpler. The good old name of Jones, for instance, is never misunderstood in a printing office.—Galveston News.

Even the troubles of the local reporters are not eliminated, for Jones, Smith, Brown et al have initials that occasionally get mixed and it is difficult to convince the owners thereof that they are not, like the Irishman, "fatally twisted."

By all means lets have a committee meet Congressman Burton when he comes to Port Arthur. If we cannot induce Mr. Burton to come to Orange let's see that a number of representative citizens meet him at Port Arthur.—Orange Tribune.

What are you going to do to him? Drown him?

APPLEBY'S GALA DAY.

The W. O. W. Picnic Eclipses all Expectations.

From Friday's Daily:

Well, in the first place, where is Appleby, and who lives there, anyhow? Why, everybody and his whole family ought to have known, long ago, that it is located eight miles northeast of this big city of Nacogdoches, right in the middle of the very garden spot of the county, just beyond the noted Redfield or Tobacco, and that the folks that live there are the finest on earth, with the biggest hearts and hospitalities ever known. And better still, the Woodmen of the World are strong there. They control the situation and are equal to the occasion. And they sure did prove it yesterday, by that big barbecue at a point three miles north known as Boyett lake, where Mr. Lallie reigns as lord of that big creation.

Who was there? Oh, they came in droves from all the surrounding territories, towns and counties, especially from everywhere. The number attending was estimated variously from 2,000 to 5,000. Everybody that could get away from here went, including candidates galore.

The speaking did not come off. No body had time to listen to a speech. Too much howdy-do and hellow-billew, and Hoo-Hoo.

Yes, that inimitable and unsurpassable Hoo-Hoo band—the Woodmen's pet, as well as the Lumbermen's, was there in large numbers, to the intense delight of the immense crowd.

Music, well truly "there was music in the air."

But the tables and the grub, Oh, my! This feature was simply grand. The neighbors had "shook the bushes." Everybody got all he or she and his household could eat and carry away, and still there was an excess, and so it was good to be there, and will be long remembered.

Appleby, Appleby, the apple of my eye, "Hope you'll never die."

The base ball game between Garrison and Nacogdoches made a part of the program.

The boat rides on the limpid waters of the lake were charming. M.

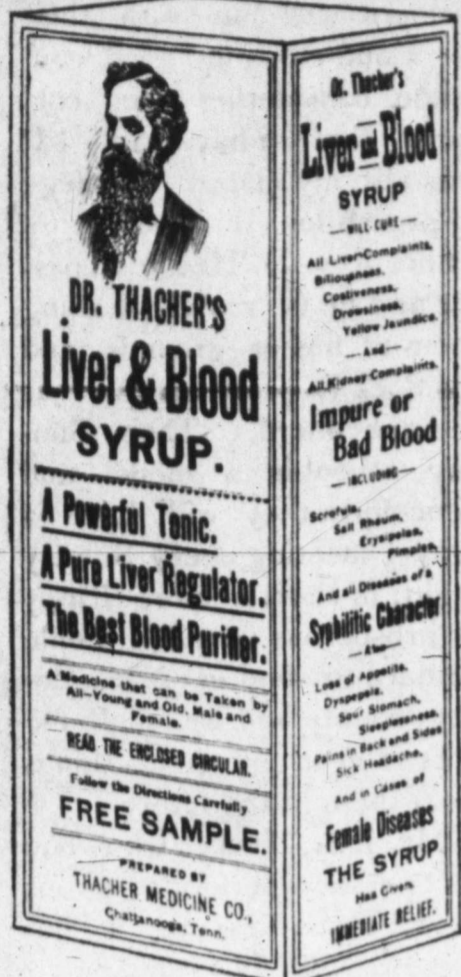

In the Nacogdoches Plain-dealer of this week Jno. W. Davis has four full pages of advertising. We just bet Mr. Davis is not complaining of trad: falling off.—Timpson Times.

It was also in the Daily and Weekly Sentinel, and five thousand extra were printed for circulars, and it was all done in The Sentinel office. No one has heard Mr. Davis complaining about results.

Mr. Folk has run his opponents off the track in the race for governor of Missouri. He was elected circuit attorney, and soon after he was sworn in office he began the prosecution of corrupt officials and bribe takers and bribe givers. He exposed to public gaze official rottenness in that state, and now the people will make him governor.—Tyler Courier.

By the way, how would Folk do for a compromise for the presidential nomination.

Passed Confederate Bill.
From Friday's Daily:

While Joe Zeve was at dinner today two negroes entered his store, which was left in charge of his little son, Leo, and purchased 85 cents worth of goods tendering a ten dollar bill in payment, which was taken by the boy and the necessary change given in return. Upon the return of Mr. Zeve to the store he discovered the bill to be Confederate money, and at once notified Sheriff Spradley. Spradley and the boy are still on the lookout for the swindlers who have not yet been found.

CONTRACT AWARDED.

For Erection of Central School Building.

The board of trustees of the Nacogdoches school district yesterday awarded the contract for the erection of the central school building to J. M. Innis, of Greenville, the lowest bidder, at \$20,898. Under the terms of the contract the building is to be completed and ready to be occupied by Nov. 1st next. There were six bids, as follows:

- J. M. Innis, \$20,898.
- J. R. Hartgraves, \$22,450.
- Tucker & Thompson, \$22,750.
- Henderson, Shearer & Miller, \$23,167.55.
- Jas. F. Taylor, \$23,580.
- P. A. Harris, \$25,891.

Cost of heating appliances, plumbing, seating, etc., is not included in any of the figures quoted.

The trustees will hold a meeting next Tuesday, the 10th inst., at the court house at 2 o'clock, p. m., for the purpose of hearing and passing upon propositions for sites for the ward and colored school buildings, contracts for which will be let later on.

ALONG THE H. E. & W. T.

Wonderful Development and Progress of Country and Railroad.

W. A. Reinhart, traveling passenger agent of the H. E. & W. T. Ry., spent yesterday in Nacogdoches. While here Mr. Reinhart took a drive to the tobacco farms and visited other objects of interest in and around Nacogdoches, and expressed himself as most agreeably surprised at the wonderful development that has taken place here and elsewhere along the line of the H. E. & W. T. Ry., within the past year, especially with reference to tobacco and fruit.

To keep pace with these improved conditions; in fact keeping in the lead of the march of progress, the H. E. & W. T. has improved its train service so as to give its patrons three double daily passenger trains in each direction. The World's Fair train, with through sleeper and dining car service, making the time from Nacogdoches to St. Louis in 22 hours is a revelation within itself. East Texas and her railroads are now in the front rank, giving us quick connection with Kansas City, and points north and east, West Texas, Mexico and California and all points west and northwest, with no layovers nor transfers. "Considering our service in toto," says Mr. Reinhart, "and the connection at both ends of the line, I believe we afford all that could be given. Our World's Fair train between Houston and St. Louis is maintaining its schedule at terminals, putting the passengers into St. Louis at 11 a. m., daily, thus affording time for them to locate in day time."

Mr. Reinhart had much more to say in regard to the railroads and the co-operative interests between the railroads and the country in its future development and progress, but space forbids quoting him further. He reports crop conditions excellent all along the line and throughout East Texas, and he thinks there is a good prospect for a knockout blow to the boll weevil. He attributes a great deal to the work of Dr. Knapp and associates, assisted by the railroad officials.

Never Fails.

There is one remedy, and one I have ever found, to cure without fail such troubles in my family as eczema, ringworm, and all others of an itching character. That remedy is Hunt's Cure. We always use it and it never fails. W. M. Christian; Rutheford, Tenn. 50c per box.

Nacogdoches has been selected as the place for the next meeting of the Federated Clubs of Texas. The ladies' clubs of Texas form one of the most influential bodies of the State, and our own have accomplished so much in their particular fields that we would be glad to see them enter the federation and learn how to do more.—Timpson Times.

The boxes for the Rural Free Delivery No. 3, are here and the route will be opened on the 28th.

**"WHAT'S BRED IN THE BONE
WILL OUT IN THE FLESH"**

Is true of mankind as well as lower animals. We do not expect blooded stock from common sires, physical giants from dwarfs and midgets, nor well-developed, robust children from tainted ancestors and sickly parents. It is contrary to the laws of nature and heredity, which are inviolable, unchangeable and fixed.

Children not only inherit the features, form and disposition of their parents, but the mental and physical qualities, infirmities and diseases as well. That certain diseases are transmitted from parents to children, are bred in the bone and handed down from one generation to another, can not be denied, for we see evidences of it every where and every day.

SCROFULA, a disease almost as fatal as Consumption, is a disease of the blood, is bred in the bone and will out in the flesh in the form of glandular swellings, deep abscesses and sores, boils and eruptions. It affects the eyes and ears, weakens the digestion and destroys the red corpuscles and solids of the blood, resulting in emaciation, stunted growth and poorly nourished bodies.

RHEUMATISM is handed down from gouty ancestors and rheumatic parents. The acid poisons in the blood that cause the sharp, shooting pains in muscles and joints have been there may be from birth, and exposure to bad weather, night air, or cold; easterly winds only hastens the attack by exciting the acid blood. The blood must be purified and the poisons filtered out of the system in order to get relief from this painful disease.

CATARRH is something more than a cold in the head; the poison extends into the Throat and Lungs, attacks the Stomach, Kidneys and Bladder, and every part of the system. We inherit a predisposition or tendency to Catarrh, just like other blood diseases; it is bred in the bone and can not be reached with sprays and salves, but requires constitutional treatment and a thorough cleansing of the disease-tainted blood.

CONTAGIOUS BLOOD POISON is responsible for more suffering than all other diseases combined, and none is so surely transmitted from parent to child. Fearful ulcers and sores and disgusting skin eruptions often break out in infancy, and those whose blood is tainted with this awful poison are handicapped from birth, and unless the poison is eradicated carry the taint through life.

CANCEROUS ULCERS and old sores seem to pursue some families through generations, and in spite of washes, salves and ointments, continue to spread and grow because the taint is in the blood; is bred in the bone and grounded in the flesh.

Nothing but a real blood remedy like S. S. S. can reach these deeply rooted, inborn diseases. It goes to the fountain source of the trouble, uproots the old taint, drives out the poisons that have been lurking in the blood for years, and tones up the weakly constitution.

S. S. S. reaches diseases of this character that no other medicine does or can. It has been tested in thousands of cases during the nearly fifty years of its existence, and its reputation as a cure for chronic blood troubles is firmly established.

S. S. S. is guaranteed purely vegetable and suited to old and young and persons of delicate constitution. If you have inherited a predisposition or tendency to some family taint, the sooner you begin a course of S. S. S. the quicker and more certain the cure. The disease may develop in childhood or later on in life, but is sure to make its appearance sometime, "for what is bred in the bone will out in the flesh," as sure as you live.

Our physicians make diseases of the blood and skin a special study. Write us all about your case, and medical advice or any special information desired will cost you nothing.

The boys are talking up a big barbecue. Lets push it along.

In the place of a Carnival lets go into that proposed barbecue on the large scale.

Nobody seems to want a carnival this year, but there is lots of barbecue talk. A barbecue suits us to a t-y ty. Lets have the barbecue.

The Sentinel promised to furnish the "hot air" for a big barbecue. Charlie Clark and Jim Christian promised to hustle up the fresh meats. Who'll do the rest? Lets be at it.

Those fellows like Merandy Johnston and Elliott Danforth who are trying to answer for Judge Parker's politics are mere toadies exploiting their acquaintanceship with His Silenceness. They know as much about it as any other man who reads the papers, and not a bit more.

The Treasury Department has issued a warrant to Texas for \$50,874 in payment for Greer county, which has been sliced off from Texas and added to Oklahoma. The money is not for the value of the territory embraced in Greer county, but a reimbursement of expense incurred in maintaining a government for that territory while under Texas jurisdiction.

The contractors for the new central school building will be ready for the laying of the corner stone by the 24th of next month. As the 24th of June is the day for the annual installation of officers in the Masonic Lodge, it has been suggested that the corner stone be laid with Masonic ceremonies in connection with a public installation of officers of Milam Lodge No. 2., and if it does not conflict with Masonic law, include the lodges of Chireno, Swift and Garrison. This would afford a splendid occasion for the proposed barbecue and would go on record as the biggest and grandest affair that has ever happened in Nacogdoches. Let's have it.

SEASON excursion tickets, rate 80 per cent double one way, sixty day excursion tickets, one and one-third fare, ten to fifteen day excursion tickets, rate one fare plus \$2.00, to St. Louis, have been arranged for by Mrs. Geo. W. Parker, chairman of the transportation committee, on account of the G. F. W. C. The committee asks that each arriving Club Woman wear a knot of pale blue ribbon for the purpose of identification. On incoming trains, before arrival, a special baggageman wearing a badge marked "Baggage, G. F. W. C." the letters in black on a blue ribbon, will pass through the trains. Visitors are earnestly requested to simplify work at the station by giving their baggage checks to these men. All may rest assured that necessary information and assistance will be forthcoming immediately on leaving the coaches in the Union Station at St. Louis.

DECLARED FOR A FULL TICKET.

The remnant of Nacogdoches county populists held a meeting at the court house Saturday. Only two precincts we represented by duly elected and instructed delegates—Alazan and Etoile. Alazan was for a full county ticket, while Etoile had instructed against it. The following is the report of the proceedings as furnished the press by the secretary, Capt. A. J. Murphey:

Nacogdoches, May 7.—The people's party met pursuant to previous call. The temporary chairman being absent, Hon. Wm. A. Skillern was elected to fill his place. Object of the meeting being stated, the chair appointed A. J. Spradley, W. H. Dial, Jno. N. Rogers, J. M. McClure and G. W. Carnes, as a committee to formulate plans and resolutions expressive of the sentiments of this meeting in regard to what action shall be taken by the people's party in the coming election, the committee to report as soon as practicable.

On suggestion of W. H. Dial, the delegates present were called upon to state to the best of their understanding the wishes of the people's party in their respective precincts. After the statements were heard and the matter being discussed at length, a motion carried that a vote of all populists present be taken as to whether or not the people's party of this county shall put out a ticket in the coming November election. The vote was taken which resulted in favor of a county ticket.

A committee of five was appointed by the chairman to formulate a plan by which the ticket shall be put out, as follows: J. O. Thomas, G. W. Carnes, W. M. Alders, W. F. Carnes and A. J. Murphey. On motion the meeting took a recess until 3 o'clock p. m.

At 3 o'clock the house was called to order and the chair announced ready for business. The committee on plan to put out a county ticket made report, to-wit: "We, your committee recommend that candidates of the people's party of this county be put out under the regular primary election system to be held on July 9th, 1904, and favor as many offerings for each office as may desire to do so, and that the candidate receiving the greatest number of votes in said primary election be declared the choice for office for which he offers."

On motion the report was adopted.

Motion prevailed that the county go into a permanent organization of the people's party by electing permanent chairman and secretary for the ensuing two years. W. L. Rawlinson was elected chairman, and A. J. Murphey secretary. Following chairmen of the various precincts were appointed and requested to at once proceed to organize their respective precincts into people's party clubs: Appleby, B L Melton; Shady Grove, J B Rushing; Alazan, A P M Waggoner; Nacogdoches, J M McClure; Melrose, Dick Muckleroy; Chireno, L I Nations; Black Jack, T A Dean; Martinsville, E S Thrash; Linn Flat, Wm Long; Douglass, J A Murphey; Indian Creek, H R Cornelius; Looon, eyville, J M Cook; Swift, J J Fulmer; Etoile, E J Spinks; Libert, J O Thomas.

It is furthermore suggested to the precinct chairmen that they call a meeting for their respective precincts not later than the fourth Saturday, it being the 28th of May, and

organize their clubs by electing president, secretary and treasurer, and work for the best interests of the people, regardless of party.

Adjourned subject to call of chairman. W. L. Rawlinson, A. J. Murphey, Chairm'n. Secretary.

It seems that no one is considered bound by the decision to put out a ticket. The closing admonition, "work for the best interests of the people, regardless of party," is evidence of that fact. There was not sufficient representation to give the meeting the stamp of authority. There was no dissenting committee reports though it is well known that a number of the committeemen are adverse to putting out a ticket or perpetuating the organization. They simply washed their hands of populism and ignored the proceedings. As to how the result of the meeting will be received by the masses remains to be seen.

POLITICS will be lively in Indiana the next day or two. The State democratic convention will be held Thursday and upon Indiana depends the prospects of both Parker and Hearst. If Indiana instructs its delegates for Judge Parker his managers believe that their fight will be won. If the State instructs for Wm. R. Hearst, or fails to give any instructions to its delegates, the battle will be prolonged until the National Convention with the ultimate result in doubt. The efforts of the friends of both candidates are concentrated there at present.

Cushing has a laudable ambition to become a county seat, but Nacogdoches county can't afford to give up so much good territory. If Cushing were allowed to establish a county for her benefit, Garrison would want to do the same thing. In fact Garrison has had an ambition of this kind ever since it was the age Cushing is now. We can't give either of them up.—Sentinel.

Bro. Haltom will look upon the grandeur of the United States and remember that she was once subject to the dictates of England.—Cushing Enterprise.

Nothing dictatorial about this. Just don't want to give up a good thing. That's the reason we always opposed dividing Texas into two or more states.

S. B. Cooper realizes that he is up against it and that he must act pretty if he again gets to go to congress from this district. He is now trying to tickle Nacogdoches by speaking of an appropriation for the post office building there. We hope Nacogdoches will get this needed appropriation, and she should have already had it, but we don't want to see our neighbor sell her votes on such a confidence scheme.—Cushing Enterprise.

It is but justice to Mr. Cooper to inform the Enterprise that he stated most emphatically to the Business League that such an appropriation was entirely out of the question at this time. He promised, however, to be ever on the alert as long as he is in congress, and at the very first opportunity he would use one of his strongest pulls in our behalf and make his best effort to secure such an appropriation for Nacogdoches.

TOO GOOD FOR PIPE.

Texas Tobacco to Be Used Only in Cigar Trade.

Houston, Tex., May 5.—United States Government Tobacco Expert Hinson of Nacogdoches and Giddings, at both places having supervision of expert work, was in the city today. Mr. Hinson states that conditions have never been better for an excellent yield than they are this year; that the young plants are in a healthy state, and he sees nothing to prevent a fine crop. Said he: "The experimental stage has passed. We raised a rare quality of the weed in those localities last year, and my business now is mostly to teach the farmers who have the right soil how to raise the leaf, and also trying to produce still a better quantity. We are after the very best and are going to succeed beyond a doubt. To paraphrase a homely old saying, those Eastern scoffers who have been deriding the idea of raising first-class tobacco in this State will yet be glad to put some of that very article in their mouths and smoke it. I do not say pipe, because Texas tobacco is such a superior article that it will only be used in the cigar trade.—Galveston News.

Twenty-Four of Them.

Nacogdoches can boast of 24 local societies, which speaks well of the social energy of the citizens for a town the size of Nacogdoches. Following is the list. The Guild of Christ church, the Woman's Auxiliary, Baptist Aid, Methodist Aid, Presbyterian Aid, Daughters of the Confederacy, Cum Concilio club, Shakespeare Class, Woodman Circle, Chataqua Circle, Flinch Club, Card Club, Christian Endeavor, Epworth League, a Y. M. C. A., Reagan Literary Society, Knights of Pythias, Red Men, Woodmen of the World, Masons and Odd Fellows. Every Society has its especial object as an organization, and the members are untiring in their efforts to keep them all in "full blast." They are all flourishing, and have bright prospects for the future.—Plaindealer.

And the Plaindealer left out three after all; the Catholic Church Society, the Cumberland Presbyterian Society and the Bowling Alley Club, which are all well organized.

Honesty is Power.

As is his practice at all times, County Attorney Beeman Strong is here today guarding the interests of the State at Judge Carnes justice court. Beeman is one of those broad gauged fellows that never stoop to prosecute a man whom he believes to be innocent. But when he has reason to believe him guilty he never lets up until he runs him in. His honesty gives him power.—Cushing Enterprise.

For Commissioner.

The Sentinel is authorized to announce Mr. John J. Boyett, of Sterne, as a candidate for the office of county commissioner of precinct No. 3. Mr. Boyett's friends are urging him to make the race claiming that Sterne is entitled to the office this time, and recognizing in him the

right kind of material to make a most excellent and trustworthy commissioner. Mr. Boyett is a good man, trusty and reliable, and possesses superior qualifications for the office. If elected he will fill the office to the satisfaction of his constituents and with credit to himself. Mr. Boyett announces subject to the democratic primaries.

Democratic Convention.

By virtue of authority vested in me, I hereby call a county convention to meet at the town of Nacogdoches June 11th, at ten o'clock a. m., for the purpose of appointing delegates to the State convention to be held at San Antonio June 21st. for the purpose of appointing delegates to the National convention at St. Louis, and for such other business as may come before said county convention. I hereby recommend that precinct chairmen call their conventions to meet June 4th, to appoint delegates to county convention.

Respectfully.

Jacksonville Oil Mill.

THE BANNER learns that the cotton seed oil mill at this place will be operated this season, on a more extensive scale, perhaps, than it has ever been in the past.

Some time since the mill was sold under execution, and it is now owned by a new corporation, known as the Jacksonville Cotton Oil Co., G. W. Burkett of Palestine being president of the concern, and the stock being held by Palestine people. Messrs. Trice, Hulsmith, Bowers and others are stockholders. They have ample capital to operate the mill, and it will no doubt make money under the new management.

Extensive repairs and improvements are to be made during the summer, and a number of seed houses are to be built along the lines of railroads running into this city.—Jacksonville Bander,

Seymore Thomas, the celebrated artist has been elected to represent the colony of American artists in Paris, at the St. Louis Exposition, and is on his way to the United States now. Mr. Thomas' last picture, a portrait is called the finest painting in Paris, and the honor has fallen on one well able to sustain it. He has many near relatives in Nacogdoches and his mother is a sister of the Blounts of this city.

Canning Factories.

The Nacogdoches Sentinel has a well-written article in Saturday's issue regarding the cannery plant with a capacity of 3000 cans per day recently started up and owned by W. H. Dial of that city, which promises to very materially aid in the upbuilding of the truck industry in East Texas. Lufkin already has a plant, and by a united effort among our merchants and business men, could soon have the machinery placed in said plant to can every acre of vegetables or cereal products raised in Angelina county during the coming season. Get a race-horse move on you, gentlemen, else our sister city will surely walk off with the cake so far as truck culture is concerned.—Lufkin Herald.

FROM LONE STAR.

Lone Star, May 16. —I had the pleasure of visiting this community recently and found every body in good spirits, farmers well up with their work and crops in good condition—considering the cold spring that we have had. It was also my happy privilege to preach for this people of whom Rev. D. Hewitt is pastor and he is rapidly leading them to higher grounds and his flock is proud of him as their shepherd. Their Sunday school is a model and henceforth they will have a prayer meeting every Sunday night; in short a more happy or prosperous people it would be hard to find in Nacogdoches county and we shall expect to hear of great things from them in the future.

Mr. J. A. Tucker who had an operation performed on his breast last Tuesday is improving. G. W. Jefferson.

Died at Garrison.

Grandma S. L. Dotson died Sunday morning at 7:30 o'clock, at the residence of her son, O. C. Dotson, at Garrison. The body was brought to Nacogdoches Sunday afternoon, where it was taken to the residence of Mr. E. M. Dotson until three this morning when it was taken to Henderson for interment. Mr. and Mrs. E. M. Dotson and F. A. Dotson, went to Henderson with the remains.

Grandma Dotson had almost reached her ninetieth milestone on her journey of life, and in the fullness of years she passed to her reward, leaving the record of a useful and well spent life behind her. A large family of grown sons honor her memory and mourn her loss, and grandchildren and great grandchildren clustered around her in her later years. An example to the community in which she lived and an inspiration to the later generation, "Her works shall praise her in the gate."

For Commissioner.

Mr. J. N. Lyles, of Linn Flat, authorizes The Sentinel by letter to announce him as a candidate for the office of county commissioner of Precinct No. 3 subject to the democratic primaries. Mr. Lyles is a good man for the place, honorable, upright and fearless in the discharge of duty. He will it elected serve the people ably and honorably. He is well known not only in his beat but throughout the county and will no doubt make a strong race for the office he seeks.

The perspective view, attractively colored, of the new college, is on display in the window of the Nacogdoches Drug Company's store. A group is constantly gathered round the picture and the universal opinion is that it is a beautifully planned structure and will be an honor to the city. The old college, much to the joy of those to whom the building is endeared by association, will not be pulled down, but will be thoroughly repaired and used for a music hall, while the new college building will be erected just in front of it.

CITY COUNCIL PROCEEDINGS

The First Session of the New Board Held Last Night.

The new council held its first regular meeting last night. After roll call and reading minutes of the called meeting, the order of business taken up was as follows:

Marshal J. M. Spradley reported collections for month of April:

Occupation tax	\$139.50
Fines	73.00
From Pound Pen.	6.50
Advalorem Tax	23.45
Total	\$242.45
Paid to Treasurer	\$242.45

The chairman of the sanitary committee made quite a lengthy verbal report, recommending several important measures relative to the future sanitary conditions of the city.

The following resolution in writing was introduced by Henning: "Be it resolved by the city council of the city of Nacogdoches, That the City Marshal be instructed to notify keepers of livery stables to have their yards cleaned at least three times in each week, and all manure removed from the premises."

On motion of Hall and seconded by Bridwell, the resolution was adopted.

The negroes presented a petition asking for public conveniences, but the mayor ruled that the city had no jurisdiction in the matter, and recommended that it be placed before county commissioners' court.

The street and bridge committee presented a detailed report of the condition of the city's streets, avenues and bridges, and made some recommendations that, it carried out, will add greatly to the city, one of which was to extend the sewer on Fredonia street to the creek. They also recommended that the streets have name boards placed on corners of same.

It was moved, seconded and carried that the city extend the sewer on Fredonia street to the creek, provided that property holders on east side of said street deed to city six feet off of property fronting on the street for side walk purposes.

Sealed bids for the erection of a bridge across the Banita on Church street were opened, and the bid of the Harrington Lumber Co., to build and paint the bridge at a cost of \$78.00 was accepted, and the street and bridge committee was instructed to see that the work was done as per plans and specifications.

The following accounts were allowed:

Harrington Lumber Co	\$14.20
Gatlin & Chadwick	9.00
Mayer & Schmidt	1.50
Light & Power Co.	68.90
Dr. F. C. Ford	2.25
Stroud & Cox	2.25
Geo. H. Davidson Est.	3.50
R. T. Shindler Drug Co.	.95
J. M. Spradley	71.65
Fred Harlocker	21.25
R. T. Shindler	17.35
Geo. Stevenson	30.00
A. J. Still	23.30

The account of Littleton Herrin for \$17.50 was laid over until next meeting.

Fred Harlocker was appointed street commissioner until next meeting of the council, when the question of

making the office a permanent one will be considered. Joe Vondersmith, Roland Jones and W. H. Crouch were elected as a city board of equalization.

An Open Letter.

From the Chapin, S. C., News: Early in the spring my wife and I were taken with diarrhoea and so severe were the pains that we called a physician who prescribed for us, but his medicines failed to give any relief. A friend who had a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy on hand gave each of us a dose and we at once felt the effects. I procured a bottle and before using the entire contents we were entirely cured. It is a wonderful remedy and should be in every household.—H. C. Bailey, Editor. This remedy is for sale by Perkins Brothers.

Sear—Millard.

From Thursday's Daily: Yesterday afternoon at four o'clock the friends and near relatives of Mr. and Mrs. J. J. Millard gathered at their pretty suburban home on North St., to witness the wedding of their only daughter, Miss Mollie, and Mr. O. F. Sear, of Dallas, Rev. S. F. Baucom officiating.

The occasion was one of the prettiest home weddings that has ever taken place in Nacogdoches. The bride, a lovely brunette, never looked more beautiful, and the grief of her parents at giving her up even to her own happiness, showed what a loving ray of sunshine she has always been in the home where she is petted only daughter. Her father, Mr. J. J. Millard, is one of the leading, prosperous and influential citizens of the county.

Mr. Sear is a railroad man of Dallas, highly connected and respected. The newly married couple left last night for Dallas, where they will make their future home, and were followed by the congratulations and best wishes of a large circle of friends.

The Sentinel extends its heartiest congratulations, especially to Mr. Sear, who has won one of the Nacogdoches girls for his bride; better fortune can fall to no man's lot, and it hopes that the happiness of the present will last through all the coming years.

Cured His Mother of Rheumatism.

"My mother has been a sufferer for many years with rheumatism," says W. H. Howard, of Husband, Pa. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried, in fact, she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by Perkins Brothers.

Strayed from Appleby Thursday night, a medium sized sorrel pony mare, left side a small white spot. Had on bridle and saddle. Take up and notify T. F. Richardson, Libbert, Texas.

MEMENTO MORI.

The Knights of Pythias Decorate the Graves of Sleeping Brothers.

The ancient Romans remembered the dead, to remind the living of the futility of earthly greatness, but we living in this christian day remember our dead in promise and hope. The Knights of Pythias meet each year when spring has kissed every bud into blossom, and in loving memory of their brothers in the land of the hereafter, decorated their graves with the flower emblems of brotherly affection and immortality.

Sunday afternoon almost the entire city collected at the cemetery to witness the beautiful ceremony. Led by the K. of P. band and the lovely troop of little girls wearing the scarfs of K. of P. colors, the Knights marched to the hallowed spot and paused while Chas. E. Davis, acting Prelate, offered invocation to the Deity.

W. S. Beeson delivered the oration with eloquence and feeling in well chosen and appropriate language, after which the procession wended its way through the city of the dead, and touching the grave of each buried brother left it a mound of flowers. After the closing ceremonies by acting Chancellor Commander W. O. Crain the Knights marched back to Castle Hall, and the beautiful rite that on each recurring anniversary impresses the observer with new meaning and beauty was over till another year passes by.

Quick Arrest.

J. A. Gullede of Verbena, Ala. was twice in the hospital from a severe case of piles causing 24 tumors. After doctors and all remedies failed, Bucklen's Arnica Salve quickly arrested further inflammation and cured him. It conquers aches and kills pain. 25c. at Stripling & Haselwood & Co.

Died.

From Saturday's Daily: Mrs. T. C. Sharp died this morning at two o'clock after a long and painful illness. The end was inevitable, as she was a sufferer from consumption, but the entire community sympathizes with the husband in his sorrow, and the four little children deprived of a mother's love and care. The funeral will take place tomorrow at 3 o'clock at the city cemetery.

Found a Cure For Indigestion.

I use Chamberlain's Stomach and Liver Tablets for indigestion and find that they suit my case better than any dyspepsia remedy I have ever tried and I have used many different remedies. I am nearly 51 years of age and have suffered a great deal from indigestion. I can eat almost anything I want now.—Geo. W. Emoro, Rock Mills, Ala. For sale by Perkins Bros.

Truck Growers.

From Saturday's Daily: The Fruit and Truck Growers are holding a called meeting this afternoon. Messrs. Cowart, of Lufkin, Weaver, of Timpson, L. A. Lallier, of Appleby and Prof. Mally will deliver addresses. Mr. August F. Buck, from Colorado, expert on cantaloupes, who is stopping in the city, has also been invited to address the meeting.

A Startling Test.

To save a life, Dr. T. G. Merritt, of No. Mehoopany, Pa., made a startling test resulting in a wonderful cure.

He writes, "a patient was attacked with violent hemorrhage, caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver troubles so I prescribed them.

The patient gained from the first, and has not had an attack in 14 months." Electric Bitters are positively guaranteed for Dyspepsia, Indigestion, Constipation and Kidney troubles. Try them Only 50c at Stripling & Haselwood & Co.

Mr. J. C. Harris is spending a few weeks in Galveston recuperating, as his health has been impaired by constant work. His daughter, Miss Clytie accompanied by Mrs. Robt. Lindsey visited him last week, and report that he will be home in about two weeks, entirely restored to health.

A Sure Thing.

It is said that nothing is sure except death and taxes, but that is not altogether true.

Dr. King's new Discovery for Consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. B. VanMeter of Shepherdton, W. Va., says "I had a severe case of Bronchitis and for a year tried everything I heard of, but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely." It's infallible for Croup Whooping Cough, Grip Pneumonia and Consumption. Try it. It's guaranteed by Stripling & Haselwood & Co. Trial bottles free. Reg. sizes 50c, \$1.00.

D. 1904, the same being the 27th day of June, A. D. 1904, then and there to answer a petition filed in said court on the 6th day of May A. D. 1904, in a suit numbered on docket of said court No. 1804, wherein Mayer & Schmidt, a corporation, is plaintiff, and T. A. Bullard is defendant, said petition alleging that defendant is due plaintiff \$25.42, with 10 per cent interest and 10 per cent attorney's fees, as is endorsed by defendant's note to plaintiff for \$25.42 dated April 17, 1902, and due one day after date with 10 per cent interest from January 1, 1902.

Herein fail not, but have before said court—at its aforesaid next regular term this writ with your return thereon, showing how you have executed the same.

Given under my hand and seal of said court, at office in Nacogdoches, this the 6th day of May A. D. 1904.

John Weatherly, of Appleby spent yesterday in Nacogdoches.

Mr. and Mrs. J. E. Barnes, returned yesterday from a visit to Corsicana.

Mr. J. M. Hudman, of Huntington, came up yesterday on a visit to the metropolis.

Mrs. H. Halbrook and daughter, Mrs. Lilla, were friendly callers at The Sentinel office this forenoon.

H. P. Fall, Esq., of Chireno, is in the city on his return from an extended trip to North and West Texas.

W. E. Monk returned from Shelby county, he was accompanied home by Mrs. Monk, who has been visiting her parents there.

Rev. S. F. Baucom went to Dallas last night to attend the State directors meeting of the Baptist church, he being a member of the board.

Messrs. M. M. Graham, Wesley Page, and Frank Sowell, of Etoile, came up yesterday on a business trip and spent last night in the city.

Aunt Jane, wife of Uncle Jabe Anderson, col., died at their home a few miles east from town at 4 o'clock this morning. These old darkies were well thought of and respected by many white friends who will deeply regret to hear of her death.

Mrs. F. L. Burkhalter brought ripe peaches to The Sentinel office this morning and says she has plenty that will be ripe in a day or two. The peaches are earlier this year than usual and Mrs. Burkhalter says she will have lots of fruit from now till frost.

Dr. J. E. Mayfield has won the blue ribbon this year for early peaches. He brought a perfectly ripe specimen to The Sentinel office yesterday morning. While there is no premium for the first peach, and it is not sold to the highest bidder; it is quite an achievement to raise early fruit, and as an evidence of things hoped for that ripe peach was one of the most welcome objects that could be displayed.

Thad Floyd, who underwent an operation for appendicitis several days ago, is rapidly improving and will soon be entirely recovered.

FRIDAY'S LOCALS.

W. F. Goodrich, of Hemp-hill, is in the city on business.

Gabe Scogin, of Lufkin, spent yesterday in the city on a business visit.

Mr. Kimball returned last night from a visit to his home in Davenport, Iowa.

Isaac Harris, who has been visiting his father in the country for the past two weeks, returned to the city yesterday.

Mrs. George Garrison returned to her home in Austin last night after remaining a week in the city with her parents. Mr. and Mrs. H. Perkins.

B. H. Lichtenstein, of Nacogdoches, arrived last night to join his family, who are guests of Mrs. Lichtenstein's parents, Mr. and Mrs. L. Zeve.

Mr. Jno. L. McFarland, of the Florida Havana Sumatra company, is here looking after the company's tobacco interests at Redfield. He will be in the city several days.

Mrs. J. A. Burkhalter complimented The Sentinel with another basket of ripe peaches yesterday. She brought in a lot to sell and sold them readily at the rate of \$2.50 per bushel.

T. K. Rayner, the postmaster merchant, and general hustler, of Decoy, was in the city today on his weekly visit. He says the trains now run so that he can come up on the railroad and spend almost an entire day in the city and return home before night.

Miss Emma Skillern, the twin sister of Mr. Ed. Skillern, whose tragic death is still vivid in the minds of the people, died at 10 o'clock today of typhoid fever at the home of her parents, Hon. and Mrs. W. A. Skillern, near La Nana. Her interment will take place tomorrow at 11 o'clock in the family cemetery near Decoy.

Jackson Parrot, the stave and timber man, was in the city yesterday and was a caller at The Sentinel office. He still has his camp located over in Angelina county not far from Manton, though he has squads of men getting out timber all up and down the river for miles in each direction. Speaking of the trouble at Manton, in which white cappers are threatening Mr. Brunsterman, he expressed the opinion that the affair was quite serious.

EXPOSURE

To cold draughts of air, to keen and cutting winds, sudden changes of temperature, scanty clothing, undue exposure of the throat and neck after public speaking and singing, bring on coughs and colds. Ballard's Horehound Syrup is the best cure. Mrs. A. Barr, Houston, Texas, writes Jan. 31, 1902: "One bottle of Ballard's Horehound Syrup cured me of a very bad cough. It is very pleasant to take." 25c, 50c, \$1.00. Sold by Perkins Bros.

\$50,000

GIVEN AWAY.

The Board of Directors of the Louisiana Purchase Souvenir Coin Company will set aside an appropriation of \$50,000, which will be presented, in its entirety, to the person who sends us a correct estimate of the exact number of paid admissions to the Louisiana Purchase Exposition, which opens at St. Louis April 30th and closes December 1, 1904. Should no one succeed in estimating the exact number, the money will be presented to the one who sends us the nearest correct estimate. This Golden Opportunity to secure a magnificent fortune costs nothing. Our object in making this unprecedented offer is to advertise and promote the

sale of our Souvenir Coins of Admission to the World's Fair. These Souvenir Coins of Admission are of artistic and appropriate design, are invaluable as mementoes of this greatest of all Expositions and are similar to the Columbia Half Dollar, aside from their intrinsic value, we will accept them in exchange for regular tickets of admission to the World's Fair, and for this purpose will maintain a ticket office at the main entrance to the Fair Grounds, which will be open every day during the World's Fair period. Everybody wants one of these souvenirs, but only a limited number will be offered for sale. With every Souvenir Coin

of Admission purchased we allow one estimate to be made and filed, of the total number of paid admissions to the Fair. No one has any advantage in this contest. You are just as likely to get the \$50,000 in Gold as any one. It is all pure luck. Should there be more than one correct estimate, the \$50,000 will be divided equally between the persons making the exact or nearest correct estimates. There may be no ties or dividing of this money; the enormous sum of \$50,000 may be received by one person. Why not you? The lucky winner will be notified the instant the official announcement of the total number of paid admis-

sions is made by the Louisiana Purchase Exposition Company. We will also pay all of your expenses to St. Louis and deliver the \$50,000 in one great bag of Gold as soon as you reach this city.

The total paid admissions to Chicago World's Fair were 21,480,141
Paris, France, Exposition 16,795,167
Pan American Exposition 5,366,859

DON'T DELAY! Write immediately and remember that all you have to do is settle you to participate in this intellectual and profitable contest, is to enclose 50 cents for a beautiful, rare and artistic

The Board of School Examiners was in session yesterday and today with about forty applicants for certificates. The examinations are being held at the College.

Mrs. John Durst, of Tyler, and her son Sam, arrived last night, and will remain some time, the guests of Mrs. Durst's sisters, Mrs. P. C. Meadow, and Mrs. C. D. Stinson.

Mr. Fred Brunsteman came up from Manton yesterday on a business visit to the East Texas metropolis, and in answer to the inquiry: "How's things at Manton," said "it was as quiet as a quaker meeting down there and that no further trouble is anticipated."

Mrs. Geo. Shelley left today for her old home in South West City, Mo., to visit her family. Mr. and Mrs. Shelley will not make their home in Nacogdoches on her return so that their friends, to their great regret, are bidding them a permanent farewell.

Mr. C. T. Scott, once a resident of Nacogdoches and for whom Scott Street, South Side, was named, spent yesterday in the city shaking hands with friends and acquaintances. He took a stroll through the suburban districts while here and noted the great changes and improvements since he left here. He says when his "ship comes in" he will have Scott street paved in recognition of the compliments paid him in giving it his name.

Growing Aches and Pains.

Mrs. Josie Summer, Brem-ond, Texas, writes, April 15, 1902: "I have used Ballard's Snow Liniment in my family for three years. I would not be without it in the house. I have used it on my little girl for growing pains and aches in her knees. It cured her right away. I have also used it for frost bitten feet, with good success. 'It is the best liniment I ever used.' 25c, 50c, \$1.00. Sold by Perkins Bros.

The friends of G. H. King are glad to see him out again after a months confinement with measles. Mrs. Lizzie King, his niece, who has also been seriously sick with measles, is convalescing.

Highest market price paid for chickens and eggs.

G. W. Morris, Melrose, Texas.

A Positive Necessity.

Having to lay upon my bed for 14 days from a severely bruised leg, I only found relief when I used a bottle of Ballard's Snow Liniment. I can cheerfully recommend it as the best medicine for bruises ever sent to the afflicted. It has now become a positive necessity upon myself. D. R. Byrnes, Merchant, Dovers-vill, Texas. 25c, 50c, \$1.00 sold by Perkins Bros.

Mrs. H. E. Dyson was suddenly called to Providence, R. I., by the serious illness of her sister, and left on Wednesday for the North. She had intended leaving the city in a few weeks to spend the summer in the North, but hastened her departure. Mr. Dy-

son speaks of buying cotton at other points next year and not returning to Nacogdoches, but their many friends hope that he will reconsider his decision and that they will welcome Mr. and Mrs. Dyson back in the fall.

Gus Rice, of Henderson, and Mrs. Kate Morrow arrived yesterday on a visit to Mrs. R. O. Woodall. Mr. Rice returned home this morning, accompanied by Mrs. Woodall's little daughter, who will visit relatives in Henderson, and Mrs. Morrow will remain some time with her niece.

BUSINESS LEAGUE MEETING.

Officers Elected For The Ensuing Year.

The Business League met Monday night and elected the following officers for the ensuing year:

E. A. Blount, president;
D. K. Cason, vice-president;
W. M. Anderson, secretary and treasurer.

The League then took up the matter of the Normal school.

The price of board was fixed at fifteen dollars per month and those willing to take teachers to board are requested to notify the committee in charge which is composed of Prof. R. F. Davis and C. D. Mims and D. Rulls.

The League will fit up rooms at the East Texas Business College in which to hold the Normal, with tables, seats and electric fans.

The Timely Time.

Last spring our entire family took a few weeks' course of Simon's Sarsaparilla and its effects were extremely gratifying. We enjoyed better health all summer than usual, which we attribute to its timely use. Very gratefully yours,
Samuel Hinton, DeKalb, Miss. 50c and \$1.00 bottles.

San Augustine Barbecue.

The returning visitors to San Augustine from this point bring back glowing accounts of Tuesday's celebration in that city. The barbecue was attended by everyone from San Augustine and adjacent counties who could possibly get there, and all were royally entertained. The ball at night was a brilliant affair that the hard rain that came up at dark did not interfere in the least. The San Augustine May day barbecue and ball has come to be an institution in this part of Texas, and is eagerly looked forward to each year.

Features of the day were a shoot in the morning, in which Frank Sublett won first money, and a ball game in the afternoon between Center and Jasper teams, the score standing 5 to one in favor of Center.

No Others.

It is a class to itself. It has no rivals. It cures where others merely relieve. For aches, pains, stiff joints, cuts, burns, bites, etc., it is the quickest and surest remedy ever devised. We mean Hunt's Lightning Oil, 50c and 25c bottles.

Several of the ladies of town remember to send flowers to the Y. M. C. A. rooms, thus adding greatly to the homelike air of the inviting rooms.

TROUBLE AT MANTON.

Whitecaps Threatening General Manager Fred Brunsterman. From Lufkin Herald.

The Herald has been informed that some time last week a small coffin, neatly made, about two feet in length was placed at night on the gallery of Mr. Brunsterman, the very gentlemanly general manager of the Angelina Orchard company, containing a 45 Colts cartridge and a note stating in substance, "You had better go back to Boston. The ways of the transgressor is hard. The wages of sin is death, etc." Mr. W. A. Ellis

has been there during the week at the request of Mr. Brunsterman and tells the Herald that while no active demonstrations have been made, there was a feeling of unrest among the people. One man telling him that he, Ellis, was in imminent danger of his life in staying at Brunsterman's house as a mob of 50 men were liable at any night to attack or shoot into that gentleman's house and kill Ellis also if found protecting him. Ellis remarked that he had passed worse looking graveyards, and as it was his sworn duty to protect any citizen threatened, he proposed remaining at Brunsterman's so long as there was the least appearance of danger.

The Herald sincerely regrets this, as the people of the Manton settlement have ever been noted for their good behavior, and sincerely trusts this unfortunate affair will result in no harm to Mr. Brunsterman, who is a good citizen as well as an honest, progressive gentleman, who has been of material benefit in the upbuilding of that portion of Angelina county and cannot understand the wherefore of the demonstration against him.

LOTS of BERRIES

There are lots of berries this year, and will be lots of fruit. It is absolutely foolishness to try to eat all of this fruit while it is ripening. Of course we all agree that it should not be wasted, but the only common sense way to dispose of the bulk of the crop is to put it up in fruit jars and preserve it for the winter months when we have no other fruits. This will be but little expense if you will come to us and buy your **Fruit Jars, Jelly Glasses, and all the extra tops and rubbers** you may need. We have the best jars made and furnish them at least possible cost.

Weak lungs should be careful. Coughs and colds are dangerous then. One Minute Cough Cure cures coughs and cold and gives strength to the lungs. Mrs. G. E. Feener, of Marion, Ind., says: "I suffered with a coughs until I run down in weight from 148 to 92 lbs. tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." Sold by Perkins Brothers.

J. F. Gaston, who recently went to Pineapple, Ala., to see his mother, who was dangerously sick, has, since his return, received the sad news that his mother died a few days after he left her.

Juggling With Dynamite.

Is no more dangerous than to neglect kidney disorders. Foley's Kidney Cure corrects irregularities and has cured many severe cases after other treatment has failed. It builds up the worn out tissues and restores health and vigor. "I was troubled with kidney complaint for about two years," writes A. H. Davis, of Mt. Sterling, Iowa. "but two bottles of Foley's Kidney Cure effected a permanent cure." Sold by Perkins Bros.

Obituary.

April 3rd, 1904, we were made to weep with those who weep over the death of Effie, daughter of Mr. and Mrs. A. L. Jones, age 12 years, 8 months and 17 days. Effie was one of the prettiest, sweetest and most obedient little girls I ever knew. The principal object of her short life was to make others happy. In school she was studious, diligent and faithful. At home she was a loving daughter, a sweet and kind sister and dutiful child. Before she died she called her parents, brothers and sisters to her bedside and kissed them good bye, and asked them to meet her in Heaven, and told them not to grieve for her for she was going to sing with the angels. Her little face was as bright as a sunbeam and clasping her little hands she began to sing "That Beautiful Home so Fair." Father, mother, brothers and sisters and friends weep not for Effie, she has gone to that Home of which she sang. Her relatives and friends loved her but she was needed in Heaven and God took her from this world of sorrow and trouble and gave her a place among the holy angels of light. Though now she sleeps in dreamless slumber in the cold unteeling earth, her virtues and noble disposition will ever dwell in the memories of those who are left to mourn her loss. The remains were laid to rest in the old Rock Springs cemetery Monday morning, quite a number of relatives and friends being present with sad hearts to witness the burial of one they had always loved so well.

At her bedside we surrounded
Listening to her struggling
breath;
Softer, softer each breath sounded
Till her eyes were closed in
death.

A precious one from us has gone
A voice we loved is stilled,
A vacant chair is in that home
Which no one else can fill.

It is sad from her to part
Let the will of God be done,
While we grieve with broken
hearts,

Earth has lost but Heaven won.
Effie, we will meet you
Overthere in that home prepared
for all.

Free from trouble, free from care,
In fair Canaans Golden hall.

do not hesitate to recommend Kodol Dyspepsia Cure to their friends and customers. Indigestion causes more ill health than anything else. It deranges the stomach, and brings on all manner of disease. Kodol Dyspepsia Cure digests what you eat, cures indigestion, dyspepsia and all stomach disorders. Kodol is not only a perfect digestant but a tissue building tonic as well. Renewed health, perfect strength and increasing vitality follow its use.

who can not stand the shocking strain of laxative syrups and cathartic pills are especially fond of Little Early Risers. All persons who find it necessary to take a liver medicine should try these easy pills, and compare the agreeably pleasant and strengthening effect with the nauseating and weakening conditions following the use of other remedies. Little Early Risers cure biliousness, constipation, sick headache, jaundice, malaria and liver troubles. Sold by Perkins Brothers.

H. T. Burke's hardware store was burglarized on Sunday night. A pane of glass was broken out of a rear window by the burglar, who must have been small as the pane was only 10x20 inches. Three pistols were taken, the thief leaving the empty boxes. Sheriff Spradley thinks he has a clue as to who the party was.

Warning.

You cannot have good health unless your kidneys are sound, for the kidneys filter the blood of impurities which otherwise act as irritating poisons and break down the delicate organs of the body and cause serious trouble. If you have kidney or bladder trouble and do not use Foley's Kidney Cure, you will have yourself to blame for results, as it positively cures all forms of kidney and bladder diseases. Sold by Perkins Bros.

The Richest Man in the World.

The richest man in the world can not have his kidneys replaced nor live without them, so it is important not to neglect these organs. If Foley's Kidney Cure is taken at the first sign of danger, the symptoms will disappear and your health will be restored, as it strengthens and builds up these organs as nothing else will. Oscar Bowman, Lebanon, Ky., writes: "I have used Foley's Kidney Cure and take great pleasure in stating it cured me permanently of kidney disease, which would certainly cost me my life.
