WHAT A COAT OF PAINT WILL DO

It will make a house, a barn, any building look like new.

It will make the fence set off the house and lot it incloses to good advantage.

It will make the old wagon or travel scarred buggy spick and span.

Used in the house it freshens the woodwork and gives the rooms a look of newness.

Above all this it acts as a preservative wherever it is used.

Aside from its ornamental value its use is an economy that cannot be ignored.

But you need the right sort of paint.

If you will come here we will show you how and why our paints are the best to use.

SATURDAY NIGHT'S FIRE.

The Central Hotel Reduced to a Heap of Ashes.

From Monday's Daily:

At about ten o'clock Saturday night the Central Hotel on corner of Hospital and North streets, caught fire from the explosion of a five gallon can of kerosene oil, and within a few minutes the entire building was enveloped in flames. The fire spread so rapidly that most of the contents of the building were destroyed. Two small houses between the hotel and Oge's livery stable were burned, including several hundred bushels of corn belonging to J. J. Ogg and S. F. Baucom.

It was by hard fighting that the fire was kept from spreading to the residence of Frost Thorn, adjoining on the East, which, if it had burned, would have made it almost impossible to save at least a half dozen other houses, possibly reaching the business portion of the city.

All the property burned or damaged was partially covered by insurance. Mrs. Kenebrew, lessee of the hotel, had \$1,000 insurance on the furniture.

The fire originated in the store room, and was caused by the striking of a match by Miss Mildred Kenebrew, who had gone to the room to put away a bill of groceries that had been delivered late in the evening. It being dark in the room she struck a match to light a lamp, which in some way caused the explosion of the oil can. The can, it is said, had been leaking and it is probable that the explosion was caused by the match falling in the oil on the floor. Miss Kenebrew was severely burned about the hands and lower limbs, but her burns are not regarded as serious.

Mrs. Kenebrew, proprietress of the hotel, was visiting in Omen, and nearly every one staying at the hotel had gone to the show, and if it had not been for two gentleman guests of the hotel, who were in the office and rushed to the rescue in answer to Miss Kenebrew's cries, she might have been burned to death.

HELD FOR ROBBERY.

Three Young Men Obtain Money Through Novel Plan.

From Friday's Daily:

Three young white men were arrested near Cushing Wednesday by Deputy Sheriff A. D. Wail on the charge of robbery, and are being held for an examining trial. The three went to a negro woman's house on Baxter's place near Nat, at night some weeks ago, claiming they were officers. They arrested a small boy of the woman's and claimed that they were going to take him to jail but would release him on a cash bond of \$50. But the woman had only \$2.50 which she put up for security. The men requested the boy to meet them at Nat the next morning to come to Nacogdoches to answer to the charge they alleged were against him. The boy went to Nat and remained there for quite awhile but no one showed up to convey him to jail. The matter was reported to Mr. Baxter and Mr. Baxter reported it to the officers. The boy recognized the young men but was afraid to say who they were. Sheriff Spradley advised Wail to propose to one of the parties to turn State's evidence. Briggs confessed and implicated the other two. Robbery with firearms is punishable by death or lifetime in the penitentiary. F. P. Brewer, Esq., has gone to Cushing to defend the young men.

EVERYBODY opposed to the big barbecue will please stand on his head.

THE Japs have put the "kiboshki" to the Russians at every "turnski" and at last accounts they were running like "hellski."

THE famous African explorer, Sir Henry M. Stanley, died at his home in London, England, Tuesday.

CUSHING is building a new hotel. If it is as good as the Wallace, Cushing will have two mighty good hotels.

THE Indiana State convention yesterday went for Parker by a large majority, so large that the Hearst people are charging fraud.

THE Beaumont Journal has moved Huntington over into Nacogdoches county. Huntington will please join us in registering a kick.

THE Russians have destroyed the magnificent docks at Port Dalny presumably to prevent the landing of the Japanese at that point.

FORTY million dollars have been turned over to J. Pierp Morgan & Co., by this government to be paid in installment on the Panama Canal Purchase.

DIVING in shallow water is dangerous. A soldier is now lying at the point of death in the post hospital at San Antonio with a broken neck caused from diving in a shallow pool.

IN the school trustees election Saturday only fifty votes were polled. There being no opposing candidates very little interest was shown in the election.

IT would be strictly in order for the democracy of Nacogdoches county to express its choice for president in the primary conventions June 6th.

THE refusal of Mr. Folk to allow his name used in connection with the presidential nomination is further evidence of his sincerity of purpose and his fitness for the highest office within the gift of the people.

ANOTHER young man, well known, and honored throughout Texas, Hon. Joe Lee Jameson, has passed over the river. He died at his home in Beaumont Monday. He was prominent in Texas politics, finance and society and all Texas mourns with his family over his untimely death.

FROM the expressions of many of the leaders of the peoples party of Nacogdoches county, the majority of the populists will not stand for the ukase issued by a mere handful of their number against the inclination of an overwhelming majority. Of the seventeen voting precincts of the county, only one sent delegates instructed for a county ticket.

BURLARS secured fourteen thousand pennies from a slot machine in New York, but the boodle was so heavy it was dropped in the haste to escape. This is a case of "penny wire and pound foolish."

THE Houston Post is making much ado over Joe Bailey's declaring himself for Parker and now feels assured that Texas is safe for the Speechless Sphinx of Sopos. Puts us in mind of a case of the tail wagging the dog.

THE man that invented the barbed wire, died a few days ago in a poor house. He didn't get "the world with a barbed wire fence around it," but made a fortune and lost it six years ago mining in California. His name is Henry Fuchs.

THE president has appointed Gen. Geo. W. Davis governor of the "canal strip" just purchased from the new republic of Panama. Gov. Davis hasn't much domain to preside over, but he will likely have enough government to keep his hands full.

GEORGE CARNES ESQ., who seemed to be the propelling power in the move to put out a straight populist ticket, is announced in the Cushing Enterprise for both county commissioner and justice of the peace on the democrat ticket. Strange consistency!

THE Lufkin Herald is printing some sensational correspondence between the editor of the Tribune and the manager of the Scarff & O'Connor Co., at Houston in which a fool and a knave are exposed. One is a fool to write such a letter, and the other is a knave for betraying the confidence intrusted in him. We are looking for something warm out of this affair.

HENRY FULLER will sever his connection with the Orange Tribune this week and enter upon the work of writing up every county on the line of the Beaumont Dallas extension of the T. & N. O. railroad, for Col. T. J. Anderson, to be used for immigration purposes. He will begin with Hardin County and take the counties as they come until he completes the work. Col. Anderson could have made no better selection than Mr. Fuller for this undertaking.

SENATOR FAIRBANKS, burning with fire of philanthropy, nearly set congress aflame with his eloquence for an appropriation of \$20,000 for an experiment in granting special service by telephone to farmers on rural mail routes. His scheme was to enable anyone to send a stamped message to the postmaster with authority to open letters and telephone the contents to any one along the rural route. He was very properly ruled out of order. The idea is absurd. People get precious little mail matter that they would care to have postmasters peeping into, and the scheme would have been a flat failure and a waste of the money spent in experimenting. The valiant Senator will have to try some other string.

REV. Cranfill took a couple of fancy shots at Dr. Haden on a Pullman car near Texarkana yesterday. Both were on their way to the national Baptist convention, and neither knew the other were on the train until the unexpected meeting. Neither of Cranfill's shots took effect.

THE prospects of political harmony in Nacogdoches county have been encouraging up to the present. It is hoped that a half dozen discordant office seeking individuals will not be permitted to endanger the county with another fierce and unfriendly political fight, such as we have gone through during recent years. And this after political lines had seemingly been entirely withdrawn, many of the erstwhile populists leaders having announced for office on the democratic ticket. It can hardly be possible.

THE killing of a little child in New York by one of Judge Parker's fine horses is a bad omen. The horse was being clipped by a liveryman when it became frightened and plunged through the plate glass window of a shoe store, killing the little five year old daughter of the shoe dealer, which was passing the window just as the horse leaped into it. The horse was one of a team that had just been sent down from Judge Parker's larn at Esopus. The accident, of course, has no connection with Judge Parker's campaign, but his superstitious supporters would much rather it had not occurred at this time.

THE proposed barbecue must be on the elaborate scale. No "basket dinner" proposition will go at all. We must provide for fifteen thousand people and expect them all to be hungry. We must gather up a drove of beeves, mutton, etc., and make up a purse of five hundred dollars for "trimmings," cooks and soforth. It won't cost as much as the "damnable" carnival and will bring more people and be more enjoyable and doubtless more satisfactory to those of our people who oppose carnivals. We must do something, or the town will shrivel up with the dry rot. And that is not all. We ought to do something, the Lord knows, to make amends for the miserable farce we perpetrated upon the Confederate veterans last year. Now get busy.

John Young Gooch Dead.

Judge John Young Gooch of Palestine, dropped dead while sitting in a chair at his home in that city last night at 8:15 o'clock.

Judge Gooch was filling the position of district judge, and on yesterday held court in Palestine, being apparently in good health, and making the remark just a few minutes before his death that he "never felt better in his life." After supper he picked up a paper, and while glancing over its contents suddenly fell from his chair, and in a moment was dead. His family and friends are greatly shocked at his untimely taking off.—Jacksonville Banner.

ANTI-FREE PASS RESOLUTIONS.

The railroad commissioners will, as a body, pass upon the free pass question soon, to dispose of an anti-pass resolution put forth by Commissioner Colquitt. The resolution does not interfere with the present system of issuing transportation to newspapers under advertising contract, but is directed chiefly against the railroads issuing passes to public officials. The attorney general has been asked for his ruling upon the motion of Mr. Colquitt, which is as follows:

"Whereas, it is the policy of the law of this state that railroad companies shall be prohibited from discriminating against or in favor of persons and places, therefore,

Resolved, That in the opinion of the railroad commission the practice of railroad companies in this state of giving free passes to public officials and others amounts to a discrimination in favor of the recipients that is at variance with and denounced by our constitution and statutes.

"It is therefore ordered by the railroad commission of Texas that from and after December 31st, 1904, that railroad companies in Texas shall be prohibited under penalties of the law for discrimination from issuing free transportation to any person whomsoever, except their own officers and employees.

"This order shall not be construed as prohibiting railroad companies from paying for advertising space in newspapers in transportation to be used by the owners or employees of such newspapers."

The law under the head of discrimination, reads:

"And nothing herein shall be construed to prevent railroads from giving transportation to any railroad officers, agents, employees, attorneys, stockholders or directors, or to the railroad commissioners, their secretary, clerks and employees, * * or to any person not prohibited by law."

Under the present law there seems to be no person prohibited and the only relief lies in electing a legislature that will pass an anti-free pass law that will so clearly define the word "discrimination" and its application that there can be no misconstruction of its meaning.

Until this is done such "spurts" as this of Colquitt will only serve to give the instigator a little cheap notoriety.

What Three Links Did.

Last week a wandering boy from far away Illinois was run over and killed by a passenger train down below Sanderson. No money could be found on his person, and the Val Verde authorities were preparing to put him away as a pauper, when a bystanding Odd Fellow discovered three links pinned on the lapel of the dead man's coat. Further investigation was made, and on his inside pocket a receipt was found showing him to be a member in good standing of a certain Illinois lodge. The wires quickly told the news to the far away lodge and the message came flying back to

have the body embalmed and shipped to Illinois. In an hour or so all that was mortal of the poor boy instead of being lowered into a paupers grave was conducted at Del Rio by the entire lodge in regalia and sent home, where a mother's tears could dampen the soil above his grave and a mother's hand could place flowers on his tomb.

Far reaching in the power of these mystic links. Those bound together by the ties of friendship, love and truth, never get so far away but their faintest cry is heard—Exchange.

John Sharp Williams was approached by a young Washington reporter who said: "Your name has been mentioned in connection with the presidency. Mr. Williams. Are you a candidate?" The southern joker looked the young fellow over for a moment and then said, gravely: "I was, but I had to give it up. Several districts in Mississippi have come out strong for me—Yazoo, Shabuta, Narkeeta, Stein's Siding and others—and things seemed all right until Mrs. Williams came here. She asked me some questions about my presidential boom and then she laid down the law. 'Now, see here, John,' she remarked, 'I don't want to hear any more about it. You know that with my sick headaches I couldn't possibly live in the White House. So I passed up the presidency.'—Houston News.

Come Too High.

The County Commissioners have refused to adopt and accept the iron voting boxes sent here on approval from the Dorsey Printing Company of Dallas. The iron boxes are constructed to conform with the Terrell election law, and cost about four dollars apiece. There being four required for each voting precinct, their adoption would cost the county about \$275.00. The court has decided that it comes too high, inasmuch as they can provide boxes that answer as well at fifty cents each, bring the cost down to \$34, a little over twelve per cent of the cost of the Dorsey boxes.

Shipping Patatoes And Cabbage.

We are informed that Dialville is loading today two cars of potatoes and one of cabbage.

The tomato crop there is coming along nicely, and will be ready to move in a few weeks. There will also be a number of cars of peaches shipped from Dialville.

A telephone from Mt. Selman late Monday afternoon announced that they were loading two cars of Irish potatoes on this date.—Jacksonville Banner.

We have the following report from Love & Jarratt as to their shipments: Five cars were sold yesterday, all for \$1.00 per bushel. There were two cars from Alto, two from Jacksonville and one from Flint. One car from Jacksonville sold today for 95c. Previous to yesterday all cars sold for \$1.10. Correspondents are wiring today that other Texas points are offering potatoes at 85c.—Jacksonville Banner.

AFTER A HOT FIGHT.

Cushing Captures The Indian Creek Voting Box.

From Thursday's Daily:

The Commissioners Court, which is still in session, had rather a stormy sitting yesterday on the question of moving the Indian Creek voting box from the little schoolhouse some two or three miles from Cushing to the town of Cushing. After a lengthy discussion and hearing both sides a vote was taken resulting in a tie, Thomas and Muckelroy voting to retain the box at Indian Creek, and Byrd and Williams voting for Cushing. The tie was voted off by county judge, Berger, who voted in favor of Cushing. Commissioner Thomas is indignant over the result, and was for a few hours yesterday in a humor to speak his mind in mighty plain talk about things. All is peaceful today.

Secured Samples.

The meeting of the Stockholders of the Nacogdoches Tobacco Association was held, as previously announced, at the government tobacco warehouse yesterday afternoon. The object of the meeting was merely to make formal request of the management (the government) for samples of the tobacco to be placed among the Texas exhibits at the World's Fair by Mr. Sam H. Dixon. The request was granted and Mr. Dixon will have a splendid exhibit of our tobacco at St. Louis. Mr. Henson, who has the warehouse in charge on behalf of the government, has already forwarded samples to St. Louis but another lot was turned over to Mr. Dixon.

Shipping Truck at Lufkin.

A carload of Irish potatoes, this year's growth, were shipped to Kansas City, Mo., by Messrs. F. J. Berry, P. T. Gibson, B. D. Jackson and others, for which they were guaranteed one dollar cash per bushel. Other carloads will soon follow. Berry has about twenty thousand head of cabbage weighing an average of 5 pounds which he will begin shipping in a few days. He will also have blackberries ready for market this week and ripe peaches by first of next week. Up to date no killing frost has fallen in this county, while the adjoining towns of Jacksonville, Tyler, Rusk and Garrison have materially suffered from its blighting effects.—Lufkin Herald.

Texas Onions.

S. Z. Alexander returned last night from Kansas City and St. Louis, where he represented the firm of Alexander Bros., of Laredo, in the sale of their crop of Bermuda onions.

They marketed 45 cars off of 40 acres, and were unusually successful in getting good prices. One car, sold in Indianapolis, brought them \$765 net, and several others sold for a little over \$700.

Sam visited the World's Fair several times while he was in St. Louis, and was present at the opening. He says that the exhibits are still very incomplete, and the fair will not be in full swing for at least two months.—Jacksonville Banner.

BLOOMING GROVE, TEX., Nov. 13, 1902. I was suffering terribly with indigestion and kidney trouble and sent to my druggist for something to relieve me.

As he sent me a package of Dr. Thacher's Liver and Blood Syrup I concluded to try it, and now I am deeply grateful to my druggist as well as to you.

I had been a sufferer from these things and a general run-down condition for ten years, and had only received temporary relief from other medicines. But after using not quite two packages of your Liver and Blood Syrup I feel as stout and hearty as I ever did in my life, and I am satisfied that I am entirely cured. I feel no symptoms whatever of kidney trouble, and my digestion is as good as any living man's. I can now eat whatever I choose.

I never had any remedy give me such quick and permanent relief, and I can not put a correct estimate on the value your medicine has been to me. I would not take any amount of money for it. Very gratefully yours, J. C. BROWN.

If you need a medicine write to-day for a free sample bottle and "Dr. Thacher's Health Book." Give symptoms for advice.

We simply ask you to try it at our expense. We know what it will do.

My Mother is Gone.

At my residence in Garrison Texas, at 7:30 A. M., on the 8th of May, my mother, Mrs. Susan Dotson, passed from earth to the glorious beyond where she will receive a crown of righteousness. She was born in Williamson County Tennessee, December the 29th 1814. When she was a small child her father moved to Pickens county Ala., where she grew to womanhood, and married Garner M. Dotson in 1835. She was converted and joined the Missionary Baptist Church in 1839, and was baptised by "Uncle Billy Nash." In 1848 she and my father moved to Attala county Miss., and lived near French Camp. In 1850 they settled nine miles south east of Kosciusko—that country then was little less than a wilderness. They, with a few other Baptist, organized a church at once, and the struggling few built a house for worship and called it Jerusalem church. It was here, in this wild country, that they moulded the character of their children. They were strict disciplinarians, and taught their children to observe the Sabbath, to attend church, and by precept and example taught the principles and value of christianity. In 1869 they moved to Washington county Texas, and lived in Washing and Grimes counties until 1879. All of their children now being married they broke up housekeeping, making their home with their son, E. M. Dotson at Herderson Texas. They had ten children, two died in infancy, eight—six boys and two girls—lived to be men and women and all members of the Baptist church. Birket their oldest son, who married Van Culberson, a sister of Dave B. Culberson, was killed in 1863 at the battle of Big Black, Miss. Alva, the next oldest, who married Priscilla Tubb in Atalla county, Miss., died at his home in Navasota in 1889. Ella, the oldest daughter, who married Wiley Landers, of Atalla county, Miss., who is now state senator of that district, died in 1882. Theo, who married Dr. Lipscomb of Washington county, Texas, died in 1896. My father died in 1889 and was buried at Henderson Texas. Too much can't be said of his influence for good, both in the church and in the community where he lived. He was a leader in church and all benevolent work.

My mother, who was known as Aunt Susan in her younger

days, and as Grandma Dotson when older, was intellectual and high minded; always trying to elevate herself and children to a high standard of moral and christian life. To the poor and unfortunate, she was considerate and tender. Her life was for her children and those she loved, and extended to the whole human family, and for the up-building of christianity, a mirror reflecting the christian love that she always felt. We are proud that we had such a consecrated christian mother. Her greatest pleasure was in sacrificing everything for her children. She proved to them by her christian motherly love and close attention that her life was for them. Profound sympathy and pity should be extended a child whose mother is not a christian.

Mother was ready to go when the summons came and she often spoke of it. A few days before she died, she called the writer to her bedside and said she wanted to talk of death and things pertaining to death. She spoke of it as though she was going on a pleasant journey. Among other things she said "O, if I could go to sleep and never come back again wouldn't that be glorious!" And she did. She went to sleep on Saturday and did not awake.

She would open her eyes when called, but could not speak. About an hour before she died she was asked if she wanted to be moved, and she shook her head.

To her it is "glorious" but O, how we miss her!

Four sons survive her: O. C. of Garrison Texas, E. M. and F. A. of Nacogdoches Texas and Luke of Bentonville Ark. I am over sixty and for the first time can say with sorrow "I have no mother now." She is at rest. Another beautiful hand is now held out beckoning us to come. While we miss her we know she is happy, singing the song of the redeemed with the glorified host.

May we emulate her life, and say and feel "Thy will be done." Her Son, O. C. Dotson.

The Reagan Literary Society will meet at Appleby in public debate on Friday, May 20th. Nacogdoches will be represented by Harry Pearson and G. C. Smith; Appleby by Messrs Parrot and Athur.

A Positive Necessity.

Having to lay upon my bed for 14 days from a severely bruised leg, I only found relief when I used a bottle of Ballard's Snow Liniment. I can cheerfully recommend it as the best medicine for bruises ever sent to the afflicted. It has now become a positive necessity upon myself. D. R. Byrnes, Merchant, Doversville, Texas. 25c. 50c. \$1.00 sold by Perkins Bros.

BOILS PYRAMIDS OF PAIN

Most Plentiful and Troublesome During Spring and Summer.

It takes warm weather to bring out the hidden impurities, humors and poisons in the system and stir up the sluggish blood, and this is why boils are so common in Spring and Summer. They sometimes come singly, but oftener in pairs and triplets, and even in bunches and clusters, and generally upon the tenderest part of the body. They are the most painful of all skin eruptions, and the blood is in a turmoil, and the system in a feverish commotion from the time these volcanoes of misery begin to form until they burst and the matter is all discharged. But lucky is the unfortunate sufferer who gets off with only one boil, for even if another does not follow immediately, the poison that is left in the blood is bound to collect somewhere else and break through the skin, and these pyramids of pain may be coming and going all through the Spring and Summer.

Some people have an idea that boils are good for the health, that they are evidences that the blood is too rich, but nobody's blood ever gets too rich; neither are boils conducive to health. Impoverished or polluted blood, or a riotous, feverish condition of this vital fluid causes boils, carbuncles, and other dangerous skin eruptions.

Long-continued sickness leaves the blood too weak and sluggish to throw off the bodily impurities and relieve the system of the waste and refuse, which then concentrates at some spot and a carbuncle or boil is the result. To one already enfeebled by disease boils seem to come with more frequency, causing the intensest pain and greatest danger to the already weak and debilitated sufferer.

All skin eruptions, from the sometimes fatal carbuncle to the spiteful little cat-boil, are caused by bad blood, and the only way to avoid or get permanently rid of them is to purify and build up the deteriorated, polluted blood, and counteract the humors and poisons, and nothing will do this so quickly and thoroughly as S. S. S., which is the acknowledged king of blood purifiers and greatest of all tonics.

Where the blood has become impoverished and is poor and thin no medicine acts so promptly in building it up and restoring its richness, purity and strength. The time to cure a boil is before it develops; when it is in a state of incubation or formation in the blood, for boils are, after all, only the impurities and poisons bubbling up through the skin, and this will continue in spite of poulticing and lancing till the blood gets rid of its accumulated poison. The way to stop boils is to attack them in the blood, and this is what S. S. S. does. All danger of boils is past when the blood has been thoroughly purified and the system cleansed of all morbid, impure matter. If you are subject to boils, then the same causes that produced them last season will do so this, and the sooner you begin to put your blood and system in good order the better the chance of going through the spring and summer season without boils or other painful and irritating skin eruptions.

S. S. S. is guaranteed purely vegetable, and can be taken with perfect safety by old and young, and without harm to the most delicate constitution. It is mild and pleasant in its action, and unequalled as a cure for boils and kindred eruptions.

Write us if you would like advice from our physicians or desire any special information; this will cost you nothing.

THINGS are looking lovely in the rural districts.

ALL laws that are not enforced ought to be repealed.

THE presidential boomers have not entirely given up hope of nominating Sage of Princeton.

THERE is a lot of oil talk around here these days, though we don't know exactly what it all means.

THERE is not enough enthusiasm over the proposed barbecue to suit The Sentinel. Smatter with these folks, any how?

THE Japs lost a warship the other day, though there are "conflicting" reports about it. Eight casualties are also reported.

DIRT will soon be broken for the new school building. It is time to be making plans for the cornerstone barbecue. Let's get busy.

THERE is an excursion trip advertised, from Galveston to Bremen, Germany, for \$39.00. The regular fare one way is \$41.

THE result in Indiana will have a tendency to lower Hearst stock in spite of the optimistic views of Charley Edwards.

DR. KNAPP does not agree with Mr. Martson in his theory that Paris green will kill out the boll weevil, though he admits that it will help some.

IT is predicted that there will be a bolt, no matter which way the "cat jumps." If so, what's the use to worry about the democratic nomination? Just as well let "Roosy" go in by default.

WE are not expecting Jim Hogg to worry himself to carry Texas for Hearst. Even with Texas in the Hearst column the fight is hopeless and time devoted to the Hearst campaign from now on will be wasted.

WE would just like to know how much more these Parker papers know about Bryan's intentions than they do about Parker's. They are simply guessing at both and endeavoring to prejudice everything in Parker's favor. They have no more right to assert that Bryan will bolt than Bryan has to charge Parker with the intention to further Rooseveltism if he is elected president.

JOHN McLENDON has "swore off" from any more criticisms upon the free pass "system," the commissioner's court or any other question where there is a difference of opinion. He has discovered that there is nothing in it and he is going to print The News as a newspaper hereafter and get all the money he can out of it. He declares that he must eat, and the public is a poor paymaster when you rub the hair on its back the wrong way. Mac will stick to his new resolution about three days, if things are favorable.

HON. D. E. SIMMONS, present assistant attorney-general of Texas and candidate for the democratic nomination for that office at the ensuing election, is now in East Texas in the interest of his campaign. He is from Grayson county, is one of the brightest young lawyers of Texas, and as between the several aspirants now out for that office has flattering prospects of success. There is no ambiguity about his platform. He has it printed over his signature and has scattered it broadcast. He is a democrat, believes in party organization, stands by democratic platform demands, opposes free railroad passes, favors local option and opposes long distance injunctions, favors organized-labor to meet organized capital but is opposed to violence or boycott; has never as a lawyer represented railroads and has no bias in favor of or against them. He is 35 years old, was raised on a farm in Grayson county, which county he represented in the 23rd and 24th legislatures; is a member of the Baptist church. He believes in the enforcement of all laws, especially the anti-trust law. Judge Simmons spent Monday in Nacogdoches and made many friends and largely increased his acquaintanceship while here.

THE Parker papers are full of "doctored" press dispatches charging Bryan and Hearst with the intention to bolt the national convention if Parker is nominated, notwithstanding the repeated declaration of these men that they will stand by the nominee. It looks as if they were trying to drive Hearst out of the democratic party beforehand for fear he may either capture the nomination or cause Parker's defeat. It appears more every day that the money power and monopolies are the chief backers in the Parker movement. Parker may be all right, and he may be the very man we need as a Moses to lead the democracy to success, but in spite of all the promises that have been made for him, we cannot but look upon this Parker clamor with a feeling of distrust. Only a dozen words from Judge Parker would stampede the whole nation for or against him. Why will he not utter them, if he is the man he is represented to be?

MRS. R. S. BRYARLY, of Center, secretary of the East Texas Press Association, has recently visited Beaumont, and has perfected arrangements for the meeting of the association in that city on June 6th and 7th. There will be a grand program of entertainment on the part of the Oil City, and an interesting and instructive one on the part of the association.

HEARST has spoken out in plain language and declares that he will support the democratic nominee for president, no matter who he may be. Has anybody heard any such promise from the "reorganizers" who are boosting Parker?

THE drouth in Presidio county is drying up the streams and killing all vegetation. Cattle are dying.

Singing at Huntington.

On the fifth Sunday in this month the people of Huntington and surrounding country will have an old folks re-union at the Baptist church at Huntington by giving old sacred Harp singing all day and dinner on the ground. A large crowd is expected. Everybody is invited to come and bring your sacred harp song book and a box full of dinner. It will be a re-union for the old folks, and a good time for the young folks.—Huntington enterprise.

The debate at Appleby on Friday night between the Appleby and Nacogdoches debating societies is to be a part of the closing exercises of the Appleby school. The question to be discussed is: Resolved, that woman is man's equal intellectually. Nacogdoches handles the negative side of the problem.

PEOPLE who have to make a long trip to see the St. Louis Fair should not be in a big hurry to get to St. Louis. It will be two or three months before the fair is in real good running order, and it will be much better early in the fall than any time during the summer.

ATTRACTIVE REMNANT COUNTER.

At the close of our Emory Remnant Sale we had so nearly sold out all the goods left with us on consignment that it would not justify Mr. Emory to ship the remnants and odds and ends elsewhere, hence he sold us all that was left at a very low price and we expect to perpetuate a very striking and attractive remnant counter till this line is all gone. These remnants will be offered now cheaper than ever before for we will not put them in stock with our regular goods. Some nice millinery in the lot, a few beautiful waist patterns too, come and look them over, also a few pairs towels left and also a lot of ladie's vests. Our usual close prices on all goods throughout the house will not be forgotten.

GIVEN AWAY.

The Board of Directors of the Louisiana Purchase Souvenir Coin Company will set aside an appropriation of \$50,000, which will be presented, in its entirety, to the person who sends us a correct estimate of the exact number of paid admissions to the Louisiana Purchase Exposition, which opens at St. Louis April 30th and closes December 1, 1904. Should no one succeed in estimating the exact number, the money will be presented to the one who sends us the nearest correct estimate. This Golden Opportunity to secure a magnificent fortune costs nothing. Our object in making this unprecedented offer is to advertise and promote the sale of our Souvenir Coins of Admission to the World's Fair. These Souvenir Coins of Admission are of artistic and appropriate design, are invaluable as mementoes of the greatest of all Expositions and are similar to the Columbia Half Dollar, aside from their intrinsic value, we will accept them in exchange for regular tickets of Admission to the World's Fair, and for this purpose will maintain a ticket office at the main entrance to the Fair Grounds, which will be open every day during the World's Fair period. Everybody wants one of these souvenirs, but only a limited number will be offered for sale. With every Souvenir Coin

of Admission purchased we allow one estimate to be made and filed, of the total number of paid admissions to the Fair. No one has any advantage in this contest. You are just as likely to get the \$50,000 in Gold as any one. It is all pure luck. Should there be more than one correct estimate, the \$50,000 will be divided equally between the persons making the exact or nearest correct estimates. There may be no ties or dividing of this money; the enormous sum of \$50,000 may be received by one person. Why not you? The lucky winner will be notified the instant the official announcement of the total number of paid admissions is made by the Louisiana Purchase Exposition Company. We will also pay all of your expenses to St. Louis and deliver the \$50,000 in one great bag of Gold as soon as you reach this city.

THE WORK OF HOODLUMS.

A Negro Brakeman Taken Out and Severely Beaten.

Early Saturday morning a negro brakeman named Jesse Stanley was severely beaten by several white men, whose names were not obtainable today, pending the report of the grand jury which investigated the affair yesterday.

From parties who saw the negro after the occurrence it is learned that his wounds are serious and may prove fatal. The negro was removed to the hospital in Houston and Monday was brought back here on a stretcher to appear before the grand jury, but nothing was given out to the press, as the facts will not be brought out until the parties charged with the offense are arrested.

The Herald not being advised as to the causes which led up to the affair, is not prepared to express an opinion; however, this paper will say the method employed to seek revenge for a seeming wrong or an intended injury belongs to the darker days of savagery and butchery and vividly recalls the dark deeds and inhuman treatment inflicted upon the helpless and unprotected. The ones guilty of the assault cannot hurt themselves; Lufkin as a city is the sufferer.—Lufkin Herald.

DEATH OF A PIONEER.

Uncle Neb Simpson, Colored, Hero of '36 Passes Away

From Saturday's Daily: Old Uncle Neb Simpson, known as "Uncle Neb" to every man, woman and child in the county, died yesterday morning at eight o'clock. The old colored man was 96 years old, was blind and paralyzed, and being cared for by his white friends when he died, but he was a historical character, and his name is woven with the stirring days of '36 when he assisted Mr. J. T. Chamberlain in putting the women and children across the Sabine in accordance with Sam Houston's orders. When, in response to the false cry "Santa Anna is coming!" baggage was thrown away in the mad flight, Uncle Neb picked up Mrs. Engledow's trunk containing eight thousand dollars in gold, and kept it for three or four days before he could find the owner, returning it safely.

Honest, reliable, truthful, he has always had the respect and esteem of the community.

The records of the courts may be searched from 1822, till now, and there is never a record against him.

He was buried today at 10 o'clock, a number of his white friends attended the funeral.

Thus passes one of the last disappearing features of the South. A member of the colored race who held the respect, yes and the affection of the white people by reason of his integrity, reliability and love and detestation to those who cared for and protected him. The new South has nothing to put in his place, but Uncle Neb is worthy of both an obituary and a monument.

FRUIT AND TRUCK GROWERS.

Held An Important Business Meeting Saturday.

The Fruit & Truck Growers met in regular session last Saturday. The Executive committee reported that they had made arrangements with Mayer & Schmidt to furnish all potato bags needed at 6 cents each, crate nails at 5 cents per pound, tomato twine at 12 cents per pound; with Mr. Bridwell for tomato crates at 7 1/2 cents each, and they employed J. W. Beckwith as inspector and bookkeeper.

The association agreed and instructed the inspector to not receive any potatoes smaller than a guinea egg, and all sacks must be new and of a uniform size and sewed at top end.
J. B. Power and T. E. Burgess were elected as sales agents.
Treasurer reported a balance of \$122.77 on hand. It was agreed to hold back 5 per cent of the net proceeds as an expense fund and to charge all outsiders 10 per cent on all produce shipped through the association. Potatoes are selling at a good price and truckers feel hopeful of a prosperous season.

LOTS of BERRIES

There are lots of berries this year, and will be lots of fruit. It is absolutely foolishness to try to eat all of this fruit while it is ripening. Of course we all agree that it should not be wasted, but the only common sense way to dispose of the bulk of the crop is to put it up in fruit jars and preserve it for the winter months when we have no other fruits. This will be but little expense if you will come to us and buy your **Fruit Jars, Jelly Glasses, and all the extra tops and rubbers** you may need. We have the best jars made and furnish them at least possible cost.

A Startling Test.

To save a life, Dr. T. G. Merritt, of No. 1 Mehoopany, Pa., made a startling test resulting in a wonderful cure.

He writes, "a patient was attacked with violent hemorrhage, caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver troubles so I prescribed them.

The patient gained from the first, and has not had on attack in 14 months." Electric Bitters are positively guaranteed for Dyspepsia, Indigestion, Constipation and Kidney troubles. Try them Only 50c at Stripling & Haselwood & Co.

DO NOT DOSE THE STOMACH.

Cure Catarrh by Nature's Own Method—
Every Breath of Hyomei Brings Relief.

Nearly every one who has catarrh knows how foolish it is to try and cure it by drugging the stomach. Temporary relief may be given, but a cure seldom comes.

Until recently your physician would have said the only way to cure catarrh would be to have a change of climate; but now with Hyomei you can carry a health giving climate in your vest pocket and by breathing it a few minutes four times a day soon cure yourself.

The complete Hyomei outfit costs but \$1.00 and consists of inhaler that can be carried in the vest pocket, a medicine dropper and a bottle of Hyomei. The inhaler lasts a lifetime, and if one bottle does not cure, an extra bottle of Hyomei can be obtained for 50c. It is the most economical of all remedies advertised for the cure of catarrh, and is the only one that follows nature in her method of treating diseases of the respiratory organs.

Stripling, Haselwood & Co have sold a great many Hyomei outfits and the more they sell the more convinced are they that they are perfectly safe in guaranteeing to refund the money if Hyomei fails to cure.

The singing at Mt. Moriah on Sunday, drew people from all over the county. Dinner was served on the ground two days and an abundance of the finest eating in the world was there for all and there had plenty left over. A number of Nacogdoches people went west Sunday and spent the day with the hospitable residents of the Swift neighborhood.

A Sure Thing.

It is said that nothing is sure except death and taxes, but that is not altogether true.

Dr. King's new Discovery for Consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. B. VanMeter of Shepherdstown, W. Va., says "I had a severe case of Bronchitis and for a year tried everything I heard of, but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely." It's infallible for Croup Whooping Cough, Grip Pneumonia and Consumption. Try it. It's guaranteed by Stripling & Haselwood & Co. Trial bottles free. Reg. sizes 50c, \$1.00.
