WHAT A COAT OF PAINT WILL DO

It will make a house, a barn, any building look like new.
It will make the fence set off the house and lot it incloses to good advantage.
It will make the old wagon or travel scarred buggy spick and span.
Used in the house it freshens the woodwork and gives the rooms a look of newness.
Above all this it acts as a preservative wherever it is used.
Aside from its ornamental value its use is an economy that cannot be ignored.
But you need the right sort of paint.
If you will come here we will show you how and why our paints are the best to use.

THE PROPOSED BARBECUE.

Masons to Lay Corner Stone and Hold Public Installation.

At the meeting of the Masonic Lodge Saturday night the Lodge took formal action upon the matter of laying the corner Stone of the new central school building and holding public installation of officers in connection with the proposed barbecue for June 24th. There was an unusually large attendance present and without a dissenting vote the invitation from the school board to lay the corner stone with Masonic ceremonies was accepted. It was also decided to hold public installation of officers on this occasion and fifty dollars, or as much thereof as might be required, was appropriated toward the expense of the barbecue. A committee on program and arrangements was appointed with preliminary powers, consisting of V. E. Middlebrook, D. K. Cason, J. H. Summers Rev. A. J. Holt and R. W. Hatton. Many of the preliminaries have already been disposed of and there is nothing to do but get busy and do the work necessary to make the occasion a success. Twenty-five beeves, twenty-five mutton and twenty-five kid have already been subscribed or guaranteed. Five hundred dollars will be raised by popular subscriptions for the various expenses, and the good ladies will no doubt provide well filled baskets for the "trimmings."
Hon. Peyton F. Edwards of El Paso, has written his acceptance of the invitation to deliver the oration, and other prominent Masons and high officials of the order will be present who will speak. Political speeches will be barred, the day being dedicated to educational and Masonic interests and the general pleasure of the people who attend.

The various Masonic Lodges of the county will be invited to participate in the day's exercises.

The Confederate veterans are also invited to take part and become a feature of the day's festivities, and they will be given a place at the first table as an acknowledgment of the high and high esteem in which the old soldiers are held and to mark the fact that they are still with us.

Now let every body get to work. If you can't do anything else, talk about it. Get every body interested.

Test Its Value.

Simons' Liver purifier is the most valuable remedy I ever tried for constipation and disordered liver. It does its work thoroughly; but does not gripe like most remedies of its character. I certainly recommend it whenever the opportunity occurs. W. M. Tomlinson, Oswego, Kansas. Price 25 cents.

QUITTING THE ROAD.

After 32 Years Commercial Touring C. A. Hotchkiss Retires.

Mr. C. A. Hotchkiss, of Dallas, is spending a few days with his Nacogdoches relatives and friends of his native home. Thirty-two years ago Mr. Hotchkiss became a knight of the grip and from that day to the present he has been a commercial tourist. He has tendered his resignation to take effect the 1st day of this month, when he will retire finally from the road and will spend the remainder of his life on his 1400 acre farm at Swan in south county, where he will enjoy every comfort of a well-to-do farmer. He has been planning for this final move for two years, and has carried out his plan most successfully. On his farm are now eight thousand bearing peach trees, and this number will be increased to ten thousand next year. He believes in an early start.

HALTOM & HALTOM, Proprietors.

E. W. HALTOM, Editor.

LET us be "sane" and all will be "safe."

THERE is a boom coming, if it isn't killed by high prices.

NACOGDOCHES will soon have oil to burn and tobacco to smoke.

DANFORTH has gone forth and declares the South for Parker and so forth.

THERE will be plenty of democratic harmony after the St. Louis convention.

THE Russian motto seems to be, "He that fights and runs away lives to fight another day."

If The Sentinel man gets to go to the legislature he will not only take it as an honor but will endeavor to honor the office.

JUST keep your eye on Folk. If there is a rumpus in the St. Louis convention there is no telling what may happen.

THE East Texas Press Association will meet in Beaumont on June 6th and 7th. The Sentinel is going to send a reporter.

THE apology of the Tyler Democrat and Reporter is accepted, and "if we have said anything we are sorry for, we are glad of it."

FUNNY what a mote some people can find in The Sentinel, who are almost bent double under the weight of the beam they carry themselves.

IT is repeatedly asserted by his friends that "Judge Parker admires the Southern people greatly." They all do when votes are needed.

FEED the boll weevil poison. If he won't take it straight sweeten it a little for him. That is the latest advice of experts, and it sounds reasonable.

STRANGERS have been numerous in Nacogdoches the past week, which is itself a good indication that there is something here attracting attention abroad.

THE scheduled indebtedness of D. J. Sulley & Co., the New York cotton firm as filed in the U. S. district court amounts to \$540,691 less than the assets of the firm.

JAPAN has had to arrange for another fifty million dollar war loan. The war debts of the two belligerent nations are worse than war, and "war is hell."

SEND the knocker on a little trip over the country and let him see with his own eyes how far Nacogdoches is ahead of any other town in East Texas. It is a sure cure.

THE papers are announcing that Texas is for Hearst or Parker, just according to how the editor stands on the question. Either will do The Sentinel, but it does look a little Parkerish from our view point.

TEDDY is showing his teeth again. Kansas has aroused his anger by opposing some of his campaign plans, chief of which is making Secretary Cortelyou manager.

LEADING citizens of Lufkin are making a strenuous effort to create an independent district for the Lufkin schools. They are having a similar road to travel to that just gone over by Nacogdoches.

THE SENTINEL almost envies the editor of the Timpson Times when we read his daily acknowledgements of cabbage, beans, turnips, jellies and other good things to eat, too numerous to mention.

THE Dallas News advises those who find it a trifle dull in town to go out into the country and get busy. Good advice. There's where the business is being done at this season of the year.

HAVING had a Green finish put on him at home, Editor Cook of the Tyler Democrat and Reporter is now trying his hand on long range controversies. The Sentinel seems to have unwittingly become a target for his mud balls.

JEFF McLAMORE has caught a senatorial bee and is going to let off his pent up hot air on the stump, State Topics seeming to be inadequate as an escape valve. He will have a hard fight to get elected on his iconoclastic platform.

ALABAMA and Tennessee have both joined the Parker forces. No instructions were given in Alabama but Parker delegates were elected to the National convention. The unit rule was adopted in Tennessee.

INDUSTRIAL journalism is being overdone in Texas. There are too many little jim crow sheets being devoted to agriculture and other branches of industry, very few of them affording any information not obtainable in the average local newspaper.

MEXICO has a brigade of nine hundred men fighting the mosquito, says Dr. Howard, chief entomologist of the department of agriculture at Washington. That morning, Beaumont has a standing army of fifteen thousand fighting mosquitoes almost the year round.

THE Texas building at the World's Fair has been completed, presented and dedicated with elaborate ceremonies, which were carried out Thursday. The dedication of the Texas building was the feature of the day's program and has been written down as an epoch in Texas history.

THE promiscuous planting of mines by the Russians has aroused neutral nations and may lead to an ending of the war in the Far East. An international council is talked of to define the extent to which mines may be used, and if no other action is taken, Russia will be asked to refrain from the reckless use of those infernal machines which are endangering neutral ships.

Such a conference may, however, be able to suggest a fair basis of settlement between the belligerent nations by which the war may be brought to an end, as it is inevitable bankruptcy to both winner and loser to continue in a long and costly conflict.

THE situation in Manchuria seems to have changed in favor of the Russians, though it has been brought about by the Russians placing floating mines in violation of the laws. Japan has been badly crippled by naval disasters.

THE Parker organs now concede that the Sphinx of Esopus will not be nominated on the first ballot. Even the Houston Post admits that Out of the twenty-six states that have held conventions, only 146 votes have been instructed for Parker. Hearst has 87; Olney 24; Wall 26; uninstructed 241.

THE democratic committee of Angelina has declared for a single primary and adopted the following test: "I am a white man and a democrat. I will be a qualified voter at the succeeding general election and pledge my support to the nominees of the democratic party from president to constable."

IT is announced from Austin that State Chairman Wells has promised to support Attorney General Bell for governor two years hence. That will not keep East Texas from bringing up a solid column for Tom Campbell, which, added to the strength he has gained throughout the entire State during recent years, makes it pretty near safe to predict that he will succeed Lanham.

THE Angelina county chairman of the State anti-prohibition organization is taking a great deal of "dish" in Nacogdoches county politics. He seems to be especially interested in the candidates for two particular offices over here. The Sentinel has been anxious to keep the question of prohibition out of the local campaign, and regrets to see it being injected by outsiders.

A FIFTEEN year old lad dropped a lighted match in an empty wood alcohol barrel in Houston Monday. The result was a terrific explosion, the boy knocked senseless, his skull fractured, necessitating the services of a surgeon and his final conveyance home in an ambulance. The careless tossing of lighted matches is responsible for many of the greatest calamities of this country.

THE SENTINEL has said about all the say it has about the proposed barbecue. Nobody has budged an inch and no one seems to be interested enough to take the lead. Such an undertaking must have a head to it, and unless there is some sort of an organized move there will be nothing done. However, the matter will probably be taken up in the Masonic lodge at the next meeting, and if the Masons get interested the scheme will be a success.

THE CUSHING BAPTIST CHURCH.

The members of the Baptist church have taken the initiative in a move that is hoped will prove a solution to the question that has hung like a pall over the church since the breach occurred between the Hayden and Cranfill factions, by passing the following resolutions, which the newspapers have been requested to publish.

"Whereas peace and harmony are necessary to the growth, prosperity and good influence of this church at home and abroad, therefore be Resolved:

1. "That inasmuch as the membership of this church are not perfectly agreed as to co-operation with the general Baptist bodies of this state, that we will not officially affiliate with either the Baptist General convention or the Baptist Missionary Association, so long as any division of sentiment exists.

2. "That the contributions of the members of this church to any or all State or Foreign Missionary enterprises shall be accredited to the donor and not to the church, and shall be given to any object designated by the donor.

3. "That the right of private judgment and the liberty of each member to affiliate where he or she may elect shall in no case be interdicted, only the affiliation of such members shall not be accredited to the church, but to the individual member thereof.

4. "That any opinion regarding State issues shall not be a bar to fellowship.

5. "That it will be deemed disorderly for any discussion of these state issues to be had, either publicly or privately, where such discussion tends to disturb the peace and harmony of this church.

6. "These resolutions shall be read and approved by any professed member if there is reason to believe that such a member might be inclined to violate the spirit of these resolutions."

IT was shown that the negro Simmons who murdered Miss Sanberg near Austin, and who was tried and executed within a week, had ever been an idle, profligate and lousy man. He was ever in a row among his own people and never sought profitable employment. It is such as he that commit black crimes for which the better class of his race are censured and held under suspicion. At Lockhart a negro made the remark that Simmons did not get justice at his trial. For this he was taken out and flogged within an inch of his life. That was right. Simmons confessed his guilt and there was nothing else to do save hang him. He waived the 30 days granted him by law, saying he deserved to die and go on to hell. No honest colored man can or will condone his crime or regret his fate further than to wish he had been a better man.—Railroad Echo

AT the earnest solicitation of the people of Travis county Judge A. W. Terrell, author of the Terrell election law, has consented to become a candidate for re-election to the legislature. He ought to be elected. Judge Terrell himself admits that there are some imperfections in the Terrell law, and it is expected that some amendments will be offered at the next session. The law as it is, is a vast improvement in the election laws of the State, and if it is to be amended in any manner whatever, its author should be there to see that it is not stripped of any of the features that make it, even in its present form, far more preferable to the people than any former law governing elections. In consenting to become a candidate Judge Terrell said to his friends: "You invite me to a greater field of usefulness, than can be found in congress. The protection of the persons and property of our people can best be promoted by the passing of good laws and the repeal of bad ones here at Austin. When the people come to realize that they have a pure ballot and that corruption in elections will be made odious through the penitentiary, they will turn their attention more to State and less to National honors." It is true in this instance

All laws that are not enforced ought to be repealed.—Sentinel. That's just what the violators want. No, don't repeal them until they are enforced. Let everybody get in behind the officers and assist in enforcing the law. A bad one when once enforced, if the law is bad, the legislature will at once have in stricken from the statute.—Cushing Enterprise. All right; we won't repeal 'em. But what good is there in laws not enforced, and if they are not enforced how will we know they are bad? Since Hearst's vituperative admission that he cannot be nominated for the Presidency at St. Louis, what has become of our James Stephen Hogg? Has he crawled into a cave and corked it up? Hogg has been getting more and more out of touch with the people for several years, but his espousal of the cause of Mr. Hearst has injured his influence more than all else combined.—DeKalb Enterprise.

The Enterprise is now edited by Col. Tom Bowers, who for several years has been sitting up nights and worrying himself nearly to death over the waning influence of James Stephen Hogg. It is difficult to say what Mr. Hogg will do if he happens to hear about it.

There has been quite an exodus of negroes from Texas in the past week. They are seeking homes in those states where they think they will be on equality with the whites. When their dream is over they will return sadder but wiser coons.—Orange Tribune. The negroes "exodusted" from Houston county some time ago and went to Louisiana, but after experiencing the warm reception held out for them "booted" it back to Texas. Texas is the most liberal state in the Union toward the colored people. They have more liberty, more kindly consideration, better educational advantages and better treatment in every respect in Texas than anywhere else, in spite of the brutal democratic majority and their persistent opposition to democracy.

The city is full of distinguished looking strangers today. Are they receiving the proper courtesy.

WHAT are "some important questions" now demanding discussion at the hands of the press, any how? Will some politician please put the Sentinel "next" on them.

By virtue of authority vested in me, I hereby call a democratic convention for Precinct No. 1, to meet at Nacogdoches, June 4th, 1904, at 10 o'clock a. m., for the purpose of appointing delegates to the county convention to be held June 11th, 1904, which will appoint delegates to the State convention at San Antonio, June 21st, 1904, which will appoint delegates to the National convention to be held at St. Louis, July 6th, 1904, and for such other business as may come before said precinct convention.

E. W. Smith, Dem. Ch'm. Pre. No. 1. The Amends Honorable. It appears more every day that the money power and monopolies are the chief backers in the Parker movement. Parker may be right, and he may be the very man we need as a Moses to lead the democracy to success, but in spite of all the promises that have been made for him, we cannot but look upon this Parker clamor with a feeling of distrust. Only a dozen words from Judge Parker would stampede the whole nation for or against him. Why will he not utter them, if he is the man he is represented to be.—Nacogdoches Sentinel.

Yesterday we thought our Nacogdoches confere had taken a seat in the boot of the Parker band wagon. We were too hasty in our conclusion and we beg his pardon. The foregoing intereance shows that Bro. Haltom is still level headed. What he says above is to the point and it is eminently wise and prudent. We are glad to know that he has not been swept off his feet by the blowing of the city papers and by the exaggerated, doctored dispatches sent out by the Associated Press.—Tyler Democrat-Reporter.

EXPOSURE

To cold draughts of air, to keen and cutting winds, sudden changes of temperature, scanty clothing, undue exposure of the throat and neck after public speaking and singing, bring on coughs and colds. Ballard's Horehound Syrup is the best cure. Mrs. A. Barr, Houston, Texas, writes Jan. 31, 1902: "One bottle of Ballard's Horehound Syrup cured me of a very bad cough. It is very pleasant to take." 25c, 50c, \$1.00. Sold by Perkins Bros.

Hon. J. V. Tackerberry, of Houston, spent yesterday in the Nacogdoches oil fields. Upon being asked on his return to the city if he saw anything out there, he said he thought he did, and he displayed a bottle of oil that he found mighty close to the top of the ground.

Growing Aches and Pains.

Mrs. Josie Summer, Bremond, Texas, writes, April 15, 1902: "I have used Ballard's Snow Liniment in my family for three years. I would not be without it in the house. I have used it on my little girl for growing pains and aches in her knees. It cured her right away. I have also used it for frost bitten feet, with good success. 'It is the best liniment I ever used.'" 25c, 50c, \$1.00. Sold by Perkins Bros.

HE WAS DRY.

An Old Darkey Walked 20 Miles to Get His Accustomed Nip.

Lufkin Herald.

An old darkey named Adam Lee walked from Nacogdoches to Lufkin last Sunday with no other object in view except to get a "nip" of "o-be-joyful." He said he smacked his lips in contemplation of a copious draught of the exhilarating fluid as he approached the city and it was a trying moment to him when he found all places of resort closed as tight as bank vaults; but said he could wait until another day dawned to realize his most earnest desire.

In answer to the question as to his name, said it was Adam. "Ise not de fust Adam, boss; but I got here jus' as quick as I could and here Ise been for nigh seventy years. I was born in ole Vaginy and my ole massa useter leave a little tea in de bottom of his glass every time he tuk a drink and I uster drain dat glass of ebry drop and Ise been drainin glasses and bottles ever since. Hit's a long time to wait 'til 12 o'clock, but I walked 20 miles for dat bottle and Ise sho got to git hit. Yes, boss, I uster live right down dar and I hauled de lumber from a little ole mill on de creek to build de fust house in Lufkin. Is it most 12 o'clock, boss? I sho wants a drink of water or something else," and he turned the corner and went away mumbling to himself about the dryness of his present home and also his present dryness at that particular moment. It is supposed he was standing at the door waiting for the midnight hour that he might be the first to fill, an aching void.

He Got the License.

The following is a bona fide letter received by our County Clerk E. M. Weeks, on Saturday:

Mr. County Clerk, Nacogdoches, Texas. Please send me a pair of licence I want to marry a black woman for I am a black man and will pay you for your trouble just as soon as I get married and my wife can get some washing to do. I don't want to put you to any trouble an old pair what has been used will do just as good as any for I spects to get a nigger what cant read to say the ceremony. Yours very respectfully.

The licences were forwarded by the next mail, no one could refuse the above petition, but whether they were a second hand pair or not, the genial county clerk refuses to disclose.

Herbine

Will overcome indigestion and dyspepsia; regulate the bowels and cure liver and kidney complaints. It is the best blood enricher and invigorator in the world. It is purely vegetable, perfectly harmless and should you be a sufferer from disease, you will use it if you are wise.

R. N. Andrews, Editor and Mgr. Cocoa and Rockledge News Cocoa, Fla., writes: I have used your Herbine in family, and find it a most excellent medicine. Its effects up on myself have been a marked benefit. I recommend it unhesitatingly." 50c. Sold by Perkins Bros.

ECZEMA KEPT SPREADING.

Six years ago my wife had a breaking-out below her knees. At first red bumps appeared, but soon white, husky scabs came, and when these would shed off the place became red again, and would itch and burn so that she found it impossible to sleep. At times a yellow water ran from the bumps, and it kept getting worse and worse. Our family physician pronounced it Eczema, and prescribed ointments and powders, but it kept spreading, breaking out on her body and arms, and almost closed up her ears. The druggist at Garner told me to try S. S. S., which she did, and after taking several bottles was cured, and is well to-day and has been for years. **Garner, N. C. W. A. HOOUT.**

The humors and poisons that produce the itching eruption, roughness and redness of the skin, must be rooted out before there is complete relief from the terrors of Eczema. Nothing applied externally does any permanent good, for whenever the blood is overheated, or the skin is reacting during Spring and Summer, the disease breaks out again. You can't rely upon washes, soaps and salves, or such things as are applied to the surface, for they do not reach the seat of the trouble, which is internal and deeply implanted in the system; the blood is aflame with the itching, burning humors, which are carried by the circulation to the surface and are being constantly forced out through the glands and pores of the skin, and you can never heal the sores or stop the aggravating eruptions with external applications.

To neutralize the acids in the blood and expel the humors and poisons is the only way to get permanently rid of this torturing skin trouble, and no remedy known does this so quickly and thoroughly as S. S. S. It purifies the blood and restores it to health, and the outbreak of the poison through the skin ceases, and the sores and eruption gradually disappear. S. S. S. builds up the thin acid blood, makes it rich and strong, and restores to it all the elements of nutrition, and drives from the circulation all impurities; and under the tonic effect of S. S. S. the general system is invigorated and toned up, and you not only get rid of your old skin trouble, but the health is benefited in every way. S. S. S. being a strictly vegetable medicine, acts gently, leaving no bad after-effects, as do Arsenic, Potash and other minerals which are usually prescribed in skin diseases.

SSS

will find S. S. S. does its work well and thoroughly, and relieves the itching and burning, soreness and pain, and soon produces a lasting cure.

Write us, and medical advice or any special information desired about this King of Skin Terrors will be given without charge. **THE SWIFT SPECIFIC COMPANY, ATLANTA, GA.**

GET on the band wagon for the big barbecue June 24th.

THE East Texas oil fever has almost reached a radical stage. It is contagious.

THE teachers are coming in from every county in East Texas. Give them a cordial hand shake.

SENATOR QUAY, the well known political leader of the republican party of Pennsylvania, is dead.

THE populists of Cherokee county will meet in Rusk June 7th and nominate a full county ticket.

Go to the primary convention in your beat next Saturday and express your choice for president.

If the boll weevil could read the papers he would meet his finish. It would tickle him to death.

THE farmers of Orange county have joined with the business men of Orange and have organized an enthusiastic Fair association.

THE "Boll Weevil" specials on the T. & N. O. will meet in Nacogdoches after this date, stopping 30 minutes for dinner. See time table for schedule.

THE commencement exercises of the University of Texas will take place June 5th to 8th inclusive. A formal invitation to be present is acknowledged by the Sentinel.

THE Japanese have been victorious at Kin Chou, Nan Shou and Talien Wan, but at a fearful cost. Three thousand Japanese and four hundred Russians were left dead on the battle field.

The Eighth International Geographical Congress will be held at the World's Fair. The object of the assemblage is to correct and change the spelling of geographical names and settle all questions of an educational nature concerning the geography of all nations. Delegates from thirty-five countries will participate.

ON account of the Reunion of the United Confederate Veterans at Nashville, Tennessee, June 14th to 16th, the local agent is authorized to sell round trip tickets from Nacogdoches to Nashville at \$14.55. If purchaser desires to go or return by St. Louis, \$25.00; if he desires to go and come by St. Louis, \$29.90.

THE primaries next Saturday are for the purpose of electing delegates to the county convention Saturday week, which will elect delegates to the State convention at San Antonio June 21st. The San Antonio convention will elect delegates to the National convention to nominate a candidate for president. Begin at the beginning and express your choice at the primaries. Will you have Hearst or Parker?

Nacogdoches is to have a great foundry. The county has iron ore enough to supply the country with iron until the "Toyac" is as large as the Mississippi.—Willis Saxton

Indeed she has but it will take a lot of "digging" to turn it out into "pigs." The foundry mentioned, however, is not for that purpose, but to convert it from its crude state into manufactured articles of usefulness.

If Bro. Halton of the Nacogdoches Sentinel goes to the legislature he will surely make a record the entire State will be proud of. No man in Texas knows her history and needs better than he.—Willis Saxton.

Many thanks for the nice compliment, Sister Myrtie. If we should go to the legislature our endeavor would be to make a record the 17th district would not be ashamed of, if nothing more.

THE law of threats and self-defense is very imperfectly understood by most people. It is generally supposed that if a man threatens to kill another, or do him some great bodily harm, that the threatened man has a right to hunt him up and kill him. That is not true. If A threatens B, it is necessary for him to do some physical act calculated to induce a man of reasonable courage to believe that he is about to execute his threat. Also, the threat must have been seriously communicated to B.—Willis Saxton.

Henderson will ship peaches by the carload this season. The crop is large—trees too full, and the fruit would have been better and more salable if thinned. Before our people can reach the highest success in the fruit business they must learn how to prune the trees and when to thin the peaches, and then do it. Fruit culture is a science, and those who apply it will unquestionably succeed. There is always a market and a good price for the highest quality of fruits.—Henderson Times.

Farm life illustrates the ideal condition of society. The family may gather around the fireside, the parents strong in the knowledge that their children are free from the evil influence which claims so many victims in the city. In the country everyone knows his neighbors, and there is a natural bond of sympathy, good cheer and fellowship, such as the Creator contemplated when the world was evolved. It is Nature which guarantees independence and teaches man how to enjoy freedom without encroaching upon the rights of others.—Farm and Ranch.

The probabilities are that the East Texas Press Association will make arrangements to attend the World's Fair in a body. Of course, it will depend on the wishes of the association as it will be no trouble to make arrangements to go. The Texas Press Association will go to St. Louis on the same date that the East Texas association meets in Beaumont, and in doing so they gave our meeting no consideration, although it would have been an easy

matter to have started a few days later to St. Louis and had the combined membership of the two associations. As it is, it is entirely too early to go to the Fair, as the exhibits are in an incomplete state and a month later will be much more desirable. We trust that none of the members of the East Texas Press Association will abandon their own meeting to go on the state excursion, when they can add to their own prestige by going as an individual association.—Beaumont Journal.

Nearly all the fighting so far between Russia and Japan has been in the papers, only. A way late in the summer hostilities may commence in earnest, and then the rivers will run with blood. Who will win? It is enough to say now that Russia is a mighty nation, with inexhaustible resources, rich in all that it requires to make a great nation except liberty. The Japs are brave, it is true, and their progress along the lines of civilization during the last fifty years has been rapid, but Russia exceeds her in strength, and it does not seem possible that Japan stands any chance to win ultimately. However, the race is not always to the swift nor the battle to the strong.—Henderson Times.

Last Thursday night began a general scattering of pupils and teachers. The long school term of nine months made 'em all anxious to get home, and each one took advantage of the golden opportunity to get away as fast as steam or other motive power could do the work. Misses Olivia Fraser and Dasie McGraw returning to their home in Mansfield and Miss Norma Switt to Melrose.—Logansport News-Boy.

Thirty thousand chairs and benches have been placed at different points on the World's Fair grounds for the convenience of visitors. These seats are absolutely free. The only charge for seats is that made for a limited number which immediately surround the band stands. These are reserved for the small fee of ten cents.

Dr. Hawthorn, of Ellis county, has spent some time lately on the red lands of Nacogdoches county in search of certain herbs and barks. As a result he last week shipped 300 sacks, 4000 lbs of Prickly Ash bark, and will in about 30 days ship a car of Mandrake. These barks go to Jacksonville, Fla., and will be converted into medicine.—Cushing Enterprise.

For Constable.

P. H. Murray authorizes The Sentinel to announce him as a candidate for constable of Precinct No. 1, subject to the action of the democratic primaries of July 9th, Mr. Murray is a most worthy young man, of upright character, honorable and trustworthy and popular with all his associates and acquaintances. He is fully qualified to fill the office, and if elected will make Nacogdoches beat a most excellent officer. He has always stood true to the democratic banner and is entitled to the thoughtful consideration of the voters.

MELROSE ITEMS.

May 30.—Sunday morning came with its clouds and falling rain. At ten o'clock the rain ceased and the funeral procession came from San Augustine county with a young man that was accidentally killed at Oscar Buckner's saw mill by a piece of timber breaking his skull. Sad indeed for a young life to be suddenly cut off without a moments warning.

At 11 o'clock an immense crowd gathered in the spacious school building to be present at the children's day service, carefully prepared by Bro. Burk and the Sabbath school pupils, the program, with appropriate songs and recitations, was creditable to all and the hour passed off pleasantly with a good lecture on the origin and importance of Sabbath schools by the Pastor, after which dinner was served in abundance.

At night Bro. Burk preached a short sermon from Mat. 8-25, "The foolish said unto the wise, give us of your oil for our lamps have gone out," after which ten sweet girls dressed in white represented the five wise and five foolish virgins with a song and music on the organ that was very impressive, carrying with it a lesson to be remembered by all.

The efforts of the day were crowned with success and honor to the Melrose preacher and people.

Capt. M. Mast.

By authority of Capt. M. Mast, of Melrose, his announcement appears in The Sentinel today for sheriff, subject to the action of the democratic primaries. Everybody knows Capt. Mast. His life is an open book to the people of Nacogdoches county. They know him as an officer, citizen and neighbor. Big hearted, broadgauged, loyal and patriotic he stands high in the estimation of the public. He is still vigorous and active although advanced in years, and still says he had "rather ride than to eat."

TRAWICK LOCALS.

May 27.—Trawick has been quiet for several days. All the farmers are busy preparing for the expected rain, which may be several days off. Had a small shower yesterday, but not enough to call it a rain.

It seems like summer is here, the last few days being so warm.

Lumber is all the go now. They don't fail to ship it, sending out cars every day.

Messrs Cariker, Dunn and Morris have bought a new planer, which they will have in operation in a short time.

We expect a large school here this fall, and if we get the district that will be some encouragement.

Albert Brewer accidentally got a very bad sprain in the ankle one day this week. While out catching ball he made a leap for a wild ball, his foot caught on some obstacle, which almost dislocated his ankle.

Measles is still on hand at Mr. Crawford's, though they are getting along splendidly. M. E. Baucom killed a fine

hog today. Guess he will divide.

Albert Brewer's residence is complete. J. L. Drury is occupying the same. There is a demand for rent houses here.

We have church twice a month now and Sunday school every Sunday. We are coming to the front.

Miss Anna Barnes, of Duncan, I. T., is visiting Miss Mary Trawick this week.

Cyron Dawson is on the sick list this week.

The nicest way to ride on the "Boll Weevil Special" is in the coal car with "slim."

FROM LONE STAR.

May 27.—Everybody is as busy as bees, trying to handle their crops. The corn is small and the cotton is trying to die out, so the boll weevil can't make his appearance. The oat crop is very good in places; cotton chopping is the order of the day.

R. J. Tucker visited home folks Sunday, he reports everything dull up around Jacksonville.

The Children's Day will come off the 4th Sunday in June.

Mr. and Mrs. Dave Beavers' little girl fell out of doors and broke the little bone of her arm and fractured the big bone. She is improving.

Health of the community is good at present.

Corn is needing rain on red land.

Bro. Rowlet will preach for us again the first Sunday in June. Everybody come out to hear him.

Farmers Union Picnic.

There will be a grand Farmer's Union Picnic, free to everybody, at Holley Springs, three miles north of Appleby, on the 22nd day of June 1904.

Everybody is invited to come and bring dinner.

All Farmer's Union people are expected to come with baskets well filled.

We expect to have our state lecturer with us on that day, so everybody come.

J. J. Boyett,
Pres. Nac. Co. Union.

Singers Reunion.

The Nacogdoches county Singers Reunion meets at Rock Springs, eight miles northwest of Nacogdoches, on the Tyler road, beginning Friday night before the second Sunday in June and continuing over Sunday. All singers especially invited. Dinner on the ground. Don't fail to come. We are expecting J. E. Thomas and other good singers. President.

Notice.

Those that are expecting crates of us this season will please notify us at once the number they will require this season, so that we may know how much outside business to take orders for. You will also remember that we are selling for cash this season.

Nac. Crate & Lumber Co.

FROM ATTOYAC.

May 30.—Crops are looking very well but are needing rain, most all cotton is chopped although there are some spots to chop yet.

Health of community very good.

Miss Alice Rhodes who has been visiting relatives and friends at this place, returned home yesterday.

Dr. Will Fuller and wife of Lufkin, visited his brother, Dr. T. G. Fuller, of this place, the latter part of last week, returning home Saturday.

The boys are feeling so good over everything these days that they have decided to have a good tournament riding here June 10th. There will be 12 or 14 Knights to compete for the crown.

The riding will be three-fourths of a mile south from here in A. K. Layton's pasture and will begin not later than 10 o'clock and as soon as the riding is over every one will be asked to return to the Black Jack grove in front of the school house where dinner will be served, and we will then have a regular old time picnic and jubilee in general. Refreshments will be furnished both at the place of running and also on the return of the crowd to Attoyac by the Knights participating in the tournament.

Everybody has a special invitation to come and bring some one with you, for we are expecting a grand old time on June 10th.

We also kindly ask the old folks of this community to help us out all they can with dinner.

Respectfully,
J. E. Balch.

Children's Day at Melrose.

From Monday's Daily:

Yesterday was the day set apart for the Sunday schools to hold a joint celebration at Melrose, and was designated "Children's Day." It was a big day there and the occasion drew a large crowd, numbering a thousand or fifteen hundred people. The "children" were in evidence; yea, even to Dode Sanders, Jim Ray, George Blackburn, Johnny Gilbert, Austin Roquemore, Bob Berger and Will Haltom, of Nacogdoches, as well as other "orphans" of the same class from other localities. The exercises lasted all day and will be mentioned in detail by the Melrose correspondent.

There was a splendid basket dinner on the ground and everybody feasted to the full satisfaction at a keen appetite. The day was immensely enjoyed by all present, and though Dood Stallins was in a powerful threatening mood, the candidates all escaped uninjured.

Look for T. B. Hardeman's ad and be profited thereby.

\$50,000

GIVEN AWAY.

The Board of Directors of the Louisiana Purchase Souvenir Coin Company will set aside an appropriation of \$50,000, which will be presented, in its entirety, to the person who sends us a correct estimate of the exact number of paid admissions to the Louisiana Purchase Exposition, which opens at St. Louis April 30th and closes December 1, 1904. Should no one succeed in estimating the exact number, the money will be presented to the one who sends us the nearest correct estimate. This Golden Opportunity to secure a magnificent fortune costs nothing. Our object in making this unprecedented offer is to advertise and promote the sale of our Souvenir Coins of Admission to the World's Fair. These Souvenir Coins of Admission are of artistic and appropriate design, are invaluable as mementoes of this greatest of all Expositions and are similar to the Columbia Half Dollar, aside from their intrinsic value, we will accept them in exchange for regular tickets of admission to the World's Fair, and for this purpose will maintain a ticket office at the main entrance to the Fair Grounds, which will be open every day during the World's Fair period. Everybody wants one of these souvenirs, but only a limited number will be offered for sale. With every Souvenir Coin

of Admission purchased we allow one estimate to be made and filed, of the total number of paid admissions to the Fair. No one has any advantage in this contest. You are just as likely to get the \$50,000 in Gold as any one. It is all pure luck. Should there be more than one correct estimate, the \$50,000 will be divided equally between the persons making the exact or nearest correct estimates. There may be no ties or dividing of this money; the enormous sum of \$50,000 may be received by one person. Why not you? The lucky winner will be notified the instant the official announcement of the total number of paid admissions is made by the Louisiana Purchase Exposition Company. We will also pay all of your expenses to St. Louis and deliver the \$50,000 in one great bag of Gold as soon as you reach this city.

The total paid admissions to:
Chicago World's Fair were 21,480,141
Paris, France, Exposition 16,785,167
Pan American Exposition 5,360,859

DON'T DELAY! Write immediately and remember that all you have to do to entitle you to participate in this intellectual and profitable contest, is to enclose 50 cents for a beautiful, rare and artistic

Crushed Under a Train.

A negro named Andrew Jackson, one of the mill hands at Ragley, was caught under the train and fatally injured yesterday afternoon. The train was passing in front of the company store going down to set a car on the planer track when the negro attempted to jump on it. He missed his footing, and fell under a box car with the result that both legs were crushed into pulp up to the knees, both arms were crushed and several bruises about the head and body. He was given prompt surgical attention, but never recovered from the shock and died at three o'clock this morning. No blame seems to attach to the railroad company.—Timpson Times, May 25th.

PAID TAX PENALTY.

Show Man Pays Dearly for Attempting to Evade Taxes.

From Saturday's Daily:

Alex Glasscock, manager of the Glasscock Shows, which have been exhibiting at various points in Nacogdoches county the past week, was arrested yesterday evening near Huntington by Constable Doc Watson and was brought back to Nacogdoches last night. He was arraigned before Justice W. D. Peevey and plead guilty to violating the tax law in two cases and his penalty and costs amounted to nearly sixty dollars. Glasscock was billed to show at Huntington last night and when Constable Watson received the papers for his arrest yesterday he proceeded to Huntington to await his arrival. Fearing he might possibly miss his man he got a team at Huntington and went out to meet the show, and caught him near the Angelina river. It takes a smooth artist to beat the tax collector of Nacogdoches county.

Messrs C. W. Butt and W. O. Crain, of Nacogdoches, were in Cushing yesterday in the interest of the order of Knights of Pythias. It is to be hoped that their efforts will meet with success as the K. of P. is strictly a fraternal order and no good town can well afford to be without a lodge.—Cushing Enterprise.

Enormous Boll Weevil Loss.

Notwithstanding the destructive effects of the boll weevil and boll worm and early frosts, the Texas crop in 1903 shows a decrease of only 26,932 bales, or a little over 1 per cent, as compared with 1902. Careful inquiry regarding the boll weevil has developed the fact that this insect is now in 97 of the 178 cotton-producing counties of Texas and destroyed cotton of the crop of 1903 amounting to 739,360 bales, which is the difference between an ample and a short crop for the country. Including the value of the seed the loss is equivalent to \$49,272,989.

A conservative estimate of the loss resulting to Texas from the imperfect weather conditions which affected that section, in common with the other cotton states, is placed at 227,945 bales. The proportion of the Texas crop to the total crop increased from 23.5 per cent in 1902 to 25.1 per cent in 1903.—U. S. Census Bureau of April 20th.

CURES CATARRH.

"Hyomei the Most Wonderful Cure for Catarrh Ever Discovered," Says Stripling, Haselwood & Co.

Do not try to cure catarrh by taking drugs into the stomach; it cannot be cured in that manner. The only way in which this too common disease can be cured is through a direct application that will kill the bacilli of catarrh and prevent their growth. Hyomei is the only known method of treatment that accomplishes this. It is the simplest, most pleasant, and the only absolute cure for catarrh that has ever been discovered.

Thousands of unsolicited testimonials have been received from the most prominent men and women in the country who have been cured by this remarkable remedy. Ministers, bankers, lawyers, even prominent physicians have given testimonials as to the remarkable powers of Hyomei to cure catarrh.

The complete Hyomei outfit costs but \$1.00, consisting of an inhaler, dropper and sufficient Hyomei to last several weeks. This will effect a cure in ordinary cases, but for chronic and deep seated cases of catarrh, longer use may be necessary, and then extra bottles of Hyomei can be obtained for 50c. It is not alone the best (it might be called the only) method of curing catarrh but is also the most economical.

Stripling, Haselwood & Co have so much confidence in the power of Hyomei to cure catarrh that they will for a limited time sell this medicine under their personal guarantee to refund the money if the purchasers can say that it did not help them.

Champ Kerr Poisoned

About 4 o'clock Sunday afternoon, having drunk freely of mayberry beer, Champ Kerr was seized with violent convulsions, with every indication of strychnine poisoning. Several physicians were in attendance and at the present writing Mr. Kerr still lies in a precarious condition, although his early restoration to health is shortly expected, with careful medical attention.—Lufkin Herald.

CRENSHAW IS MISSING.

Trans Cedar Desperado Believed to Have Drowned Himself.

Palestine, Tex., May 25.—The Herald today contains the following account of Dan Crenshaw, the man who was to have been tried Monday on a charge of murder, but failed to come into court at the appointed hour, and who was thought to have skipped his bond. He is now believed by some to have drowned himself in the Trinity river. Others believe he has resorted to a clever ruse to get away.

Sheriff Watts received the following letter today from Elkhart which explains the findings that lead to the belief that Crenshaw has committed suicide:

Elkhart, Tex., May 25. Mr. Henry Watts,

Dear Sir and Friend:—I write you to inform you that we struck the trail of Dan Crenshaw where he passed through Mr. George Whitley's field. A negro woman that knew him saw him pass Saturday morning. We trailed him to Navarro crossing, and found a hat, a vest, and coat, in the pockets of which was a pencil, a barlow knife, a Smith & Wesson five shot revolver loaded all around, a box of cartridges and a handkerchief, and a small bottle of strychnine, which had been opened and contained a small quantity of the poison.

There had been a note found pinned to the coat, but it had been removed and sent to Elkhart. George Beasley, a negro who saw the note said he told what disposition to make of his property, and that he was going to drown himself to keep from being hung, as Peavy had turned State's evidence. I have not seen the note, but will try and get it today.

I left the river about 8 o'clock. We had three negroes searching for the body. I believe he has committed suicide. Yours truly,

T. J. Starr.

The sheriff will make a thorough investigation of the matter, and if the man has drowned himself he hopes to be able to find his body.

Moore—Lilly.

Mr. D. Moore, a prominent lumber man of San Augustine, and Miss Lilla Lilly, daughter of our popular and leading fellow citizen, J. J. Lilly, were married at 12:30 today at the residence of the bride's parents on North street. The wedding was quiet, only a few intimate friends and the near relatives of both, being present, Rev. A. J. Holt performing the ceremony, and at its close, amid a shower of congratulations, rice and old shoes, Mr. and Mrs. Moore left on the one o'clock train for San Augustine where their future home is. Miss Lilla is a charming and beautiful young lady and has a host of friends who wish her every joy. Among them is The Sentinel, who extends the warmest congratulations to both Mr. and Mrs. Moore.

An Open Letter.

From the Chapin, S. C., News: Early in the spring my wife and I were taken with diarrhoea and so severe were the pains that we called a physician who prescribed for us, but his medicines failed to give any relief. A friend who had a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy on hand gave each of us a dose and we at once felt the effects. I procured a bottle and before using the entire contents we were entirely cured. It is a wonderful remedy and should be in every household.—H. C. Bailey, Editor. THE SNAKE EDITOR.

The unexpected had happened, and the snake editor had met a snake. Visibly excited, he was trying to tell the office of his adventure, and was interrupted by the inevitable question "How long was it?"

"As long as I am," averred the snake editor, puffed up with pride over having discovered such a long snake.

"You were very long getting to the office this morning," was the crushing comment of the chief.

"And yet he is always short of cash," amended the ad man.

"Oh, if that's the way you treat a fellow's stories," and the snake editor had gone down stairs. Half an hour later he was back again.

"I met a most singular man just now," he said. "It would make a fine item for the paper. He had just come in from the north. It seems that a machine accident had entirely scalped him, and while his life had been saved John D. Rocketteller wasn't in it with him for absolute baldness. The physicians decided to try and restore his hair by means of skin-grafting, the small pieces of skin used being taken from several different heads. The experiment was a perfect success except that the doctors had been so absent minded as not to notice the colors of the hair on the various heads that had contributed samples to the man's new crop of hair, and when it grew out, the man's head resembled a crazy quilt. It was every color that human hair is capable of, from the jet black locks of the dago banana man to the fiery thatch of the Irish coachman."

"Where is that man!" exclaimed the listeners, in one breath. "Is he here yet?" "Has he left town?" And they all made for the door.

"No," said the snake editor, "For a man of his sensitive disposition, nothing was left but death, so he dyed."

"That's one on the house," said the sporting editor when he could speak.

"Next time I have a good snake story that I saw myself, you'll let me tell it," said the snake editor as he bolted.

Whooping Cough.

"In the spring of 1904 my children had whooping cough," says Mrs. D. W. Capps, of Capps, Ala. "I used Chamberlain's Cough Remedy with the most satisfactory results. I think this is the best remedy I have ever used for whooping cough." This remedy keeps the cough loose, lessens the severity and frequency of the coughing spells, and counteracts any tendency toward pneumonia. For sale by Perkins Bros.

The Richest Man in the World.

The richest man in the world can not have his kidneys replaced nor live without them, so it is important not to neglect these organs. If Foley's Kidney Cure is taken at the first sign of danger, the symptoms will disappear and your health will be restored, as it strengthens and builds up these organs as nothing else will. Oscar Bowman, Lebanon, Ky., writes: "I have used Foley's Kidney Cure and take great pleasure in stating it cured me permanently of kidney disease, which would certainly cost me my life. Sold by Perkins Bros."

Cured His Mother of Rheumatism.

"My mother has been a sufferer for many years with rheumatism," says W. H. Howard, of Husband, Pa. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried, in fact, she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by Perkins Brothers.

Found a Cure For Indigestion.

I use Chamberlain's Stomach and Liver Tablets for indigestion and find that they suit my case better than any dyspepsia remedy I have ever tried and I have used many different remedies. I am nearly 51 years of age and have suffered a great deal from indigestion. I can eat almost anything I want now. —Geo. W. Emoro, Rock Hill, S. C. For sale by Perkins Bros.
