**Parker Nominated On First Ballot.**

St. Louis, July 9th.---Parker was nominated at 5:45 this morning on first ballot. After roll call and majority given for Parker, the nomination was made unanimous by acclamation. Parker was placed in nomination by Martin Littleton, of New York, seconded by Kerrns, of Indiana.

Hearst, Gray and Miles were placed before the convention, but the Sage of Esopus put them all out on the first roll call.

**ENGINE THIRTY-ONE**

Has Arrived and is An Object of Universal Admiration.

James Philp, traveling engineer for the H. K. Porter Locomotive Works, of Pittsburgh, Pa., arrived in the city yesterday. His mission here is to deliver to the Nacogdoches and Southeastern Railroad Co. engine No. 31. The engine is a 15x24 and has three drivers and weighs fifty tons. The engine is on the pattern of the new engines on the Houston East & West Texas and is a first-class machine. The contract with the Porter Company calls for the engine in running order on the Nacogdoches Southeastern's track by July 16th.

When asked if the new road had other contracts with his company, Mr. Philp stated he thought that an order had been placed for two more of the same model as No. 31, and also for a cog engine.

Six miles of the new road is covered with steel and the new engine will be given a trial run tomorrow afternoon.

**From Geo. W. Cavin.**

To my friends and voters of Nacogdoches county: I am one of the lucky two having received votes enough to place me before the voters in the second primary of July 30th. Language fails me to express my thanks and gratitude for the honor conferred on me in placing me before the voters on July 30th. Commissioner's Precinct No. 3 has never had a county officer elected since the Civil War, while all other parts of the county have had the honor of

being represented by county officers. I wish to say if I am the nominee and elected I will never offer but once more for the assessor's office, believing two terms is long enough for one man to hold the same office.

Again thanking you all for the past votes and hoping to receive the nomination on July 30th, for which I would be under lasting obligations,

I am sincerely yours,  
 Geo. W. Cavin.

**Sing at Lola.**

A two day's singing in the Old Sacred Harp will be held at Lola on the 4th Saturday and Sunday in July. All singers and lovers of music are cordially invited.

W A Skillern,  
 Jno W Lewis,  
 J W Daniels,  
 I C Skillern,  
 I R Murphey.  
 Committee.

**From Will McMillin.**

To the voters of Prec. No. 1: Please allow me to offer to you my most sincere thanks and heartfelt gratitude for your consideration and support in the primary just past, and to ask your further support in the coming primary July 30. If again successful and elected constable of this precinct, I promise to give to the office my whole time and attention, and to the best of my knowledge and ability discharge the duties entrusted to me without fear or favor, always remembering that I am a servant of the whole people. Again asking your support, I am  
 Gratefully yours,  
 Will McMillin.

**Just Received**

One car load STUDEBAKER WAGONS.  
 One car load LINSTROTH WAGONS.  
 One car load Victor and Kentucky CANE MILLS and EVAPORATORS.  
 Another car of Moon Bros BUGGIES on the road.

All of the above, as well as our entire line of Hardware, Furniture and Mill Supplies will be sold at close prices, and we invite one and all who are in need of anything in our line to give us a call before purchasing.

**DEMOCRATS OF BEAT NO 1**

Elect Delegates to the County Convention.

Nacogdoches, Texas, July 9th, 1904.--Democracy of Beat No. 1, of Nacogdoches county met pursuant to call of Chairman E. W. Smith, for the purpose of electing a chairman of the democracy of this precinct for the next two years, and electing delegates to the county convention July 16th.

On motion Judge Geo. F. Ingraham was elected temporary chairman and R. W. Haltom, secretary.

On motion, C. D. Mims, S. W. Blount and G. H. Matthews were elected a committee to select a list of delegates to the county convention. The committee reported as follows:

We your committee beg to report the following names as delegates to the county convention.

Geo F Ingraham, R F Davis, B E Strong, J M Weeks, Dock Burrows, Henry Millard, Ed Muckleroy, R C Shindler, J P Clevenger, A W Daniels, J C Harris, J T Garrison, A H Price, Dr F R Tucker, J W Byrd, E Hogan, John Watkins.

On motion the following names were added to the committee's report: C. D. Mims, S. W. Blount, G. H. Matthews, E. W. Smith and S. H. White.

On motion of S W Blount the report was adopted as amended.

Giles M. Haltom was placed in nomination by S. W. Blount for chairman for the ensuing two years, and there being no other nominations he was elected by acclamation.  
 Adjourned.

**No Guatemala Ants in His.**

An old darkey on the street today was herd to ask: 'What's dese here watah melon ants I been hearin' so much about. Dey may be pizon for boll weevils but if dey eats up watah melons I'ze sho agin 'em.

**From Lum Martin.**

To the Voters of Nacogdoches County;

I desire to thank those who gave me their support in the first primary, enabling me to be one of the candidates in the second primary for the office of collector. I have not words to give full expression for my gratitude, but will endeavor to always merit the compliment paid me. I now ask the renewal of the support given me, as well as that of those who are not committed to my worthy opponent, promising that in case I am fortunate enough to secure the nomination in the next round I will acquit myself in a manner that none shall regret the favors bestowed, and should I be elected in November I will endeavor to make a faithful and efficient servant of the whole people.

Very respectfully,  
 C. H. Martin.

**Congressional Convention.**

Center, Texas, July 11, 04. --By virtue of the power vested in me as Chairman of this, the 2nd Congressional district, I hereby call a democratic convention to meet in the town of Lufkin, Texas, at 10 a. m. on Saturday, July 23rd, for the purpose of nominating a Congressman and attending to such business as may come before said convention.

P. G. Swearington, M. D.  
 H. K. Polk, Chairman.  
 Secretary.

THE Russian exiles to Siberia have been executed for refusing to enlist in the Manchurian Army.

THE rain has overdone things in East Texas the past week. In most places there has been too much.

THE populist have nominated Watson of Georgia for president and Tribbles of Nebraska for vice-president.

IF it wouldn't be too hard on your pessimistic spirit, just say a good word or two for your town. It really might make you feel better. Risk it once.

THE time is no many years distant when New York will no longer run the politics of this country. The discordant factions have almost done the work already.

ONCE more Nacogdoches has failed to have an exhibit at the Farmers Congress, notwithstanding she has won the prize every time she had an exhibit there.

THE only thing that kept Senator Bailey, of Texas, from being permanent chairman of the St. Louis convention was his refusing to accept it. The honor was offered Texas first, anyhow.

THE Alcalde Chronicle has changed from a semi-monthly publication to a weekly. The change is welcome, as the Chronicle, published at the Rusk Penitentiary, is one of the brightest papers of Rusk.

THE strikers have begun blowing up the street cars in Houston as they did in San Antonio some time ago. That is a bad move on the part of the strikers while they are courting the sympathy of the public.

THE negroes are now being organized into farmers unions. Farmers unions ought to be good for both white and black, but, like the alliance, it will not keep out of politics and therefore will not prove a success.

FREE passes were distributed almost lavishly to the farmers on the Central East Texas railroads in order to encourage them to attend the Farmers Congress at College Station. The railroads are doing more than any other one influence toward the advancement of agriculture, horticulture and fruit culture in East Texas.

## PERTINENT POINTS.

### Galveston News.

Permanent Chairman Clark believes that King David who in his haste declared that "All men are liars" would have reiterated the remark more leisurely if he had heard Senator Lodge read the Republican platform. He asserted that more mendacity was never packed into the same space in any other document purporting to be a grave state paper.

The Democratic contention begins with the demand that exorbitant taxation shall be reduced to just and reasonable taxation; that extravagance in appropriations shall cease; that economy shall prevail in transactions of the Government. Democrats stand by the doctrine that the Constitution follows the flag. They do not adhere to the fiction that the King can do no wrong.

Chairman Clark makes the point that nobody knows and that nobody can tell the policy of the same party on reciprocity or the money question. The President is an opportunist, whose scheme is to stand pat. Where tariff rates are so high that they enable American manufacturers to sell their goods cheaper in foreign lands than they sell them at home, they should be reduced. Let any Republican spellbinder tell, if he can, why the American farmer should pay more for his American plow than his competitor in farming pays in far away Australia, counting all the freight. Napoleon, on signing the deed to the Louisiana Purchase, declared that he had given to England a maritime rival, and this was so until the insatiate greed of the protectionists banished the American flag from the sea of commerce. In 1660 we had the second largest merchant marine in the world. In thirty-five years Republican misrule has driven it from the sea. Under Republican misrule trusts have sprung up like mushrooms in a damp cellar. They have nothing to fear from their creator, as the record shows, yet the Republicans pose as the world's greatest trust-busters. Why were three trust magnates permitted to name Mr. Knox for the Senate if his prosecution of trusts had not been a bunco game? The President submitted to and approved the work of the trust magnates heartily.

THE republican national convention cost \$60,000. If a little affair like that cost so much, what will the national democratic convention come to, with its four days session and ten thousand delegates.

JUDGE JOHN H. REAGAN has completed the manuscript of his memoirs of the Southern Confederacy, and has placed it in the hands of the publishers for their consideration. He says he had enough material to make six volumes, but condensed it into one. The book will be brought out shortly by the publishing house, providing they make favorable terms, otherwise Judge Reagan will publish it on his own account. The

public have been waiting patiently; and long for this work, and should it be necessary Judge Reagan can get ample financial assistance to publish the book without delay.

THE expense of the national republican convention was like a circus and seeing only the side show. Sixty thousand dollars for a performance like that is a regular hold-up.

TEXAS imported the first English sparrows as street cleaners during Mayor Baker's administration at Houston some fifteen years ago. Since then the sparrow has increased beyond its usefulness and has become a great pest, especially about the towns and cities. If the Mexican ant increases in like manner, the whole country will be glad to swap him back for the boll weevil.

THE Houston County Herald is the latest arrival on the Sentinel's exchange table. The Herald is printed at Ratcliff-Kennard, the terminal of the Eastern Texas railroad, where the biggest mill in the South is located. The new paper is indeed a credit to the village of twelve stores. It is a five column, eight page sheet, handsomely printed from a well selected assortment of type, industriously edited and contains the advertisement of every business man in Ratcliff. May it ever merit the universal patronage it now holds.

THE Troupe Banner contains a letter from Prof. F. W. Mally, of Nacogdoches, accepting an invitation to deliver an address on Horticultural topics on July 14th in Troupe. Prof. Mally's letter goes on to state that he is collecting extra fine samples of fruit grown in East Texas for exhibition purposes. Prof. Mally is one of Nacogdoches' most valued and valuable citizens and has done and is doing incalculable good in bringing the resources of this section prominently before the world. He is not selfishly working for Nacogdoches county alone; "Texas," and especially "East Texas" is his slogan.

THE "nigger plank" in the republican platform means sectional trouble and bitter hate for four years more, at least, if that ticket is elected. The work of Cleveland and McKinley in allaying that prejudice is all undone by the Rough Rider, and the nation is to be thrown back to the close of the war to catch the neg. vote in a few places. This may be well for the campaign, but not so well for the negro and the nation. This plank will breed discord between the sections and cost the negroes a thousand lives. The friction between the races under McKinley was rapidly passing away, but when the Rough Rider struck the stage the war trumpet blew a blast and discord put on the war paint. Will any white man in the South endorse this plank? If so he is not the friend and well wisher of his people.—Rusk County News.

### Eulogy On Texas.

"Texas is a whopper; she is a peach. She is the broadest and longest country on earth, extending from east to west and also from north to south. She could put Rhode Island in her vest pocket. She could the day three or four picnic. The Maryland and Vermont and Vermont down by drinking the Mississippi dry, and could digest them without ever having the colic. Texas is the empire state of the Union, without any Kaiser Bill for Emperor. She's the chiefest among 10,000 and altogether lovely, wild and reckless. She's one of the old blue hen's chickens; she's the cock of the walk and the democrat of the world; she's a wolf and its her day to howl. Texas is bounded on the east by Louisiana and the huckleberry thickets of Arkansas; she is bounded on the north by tomahawks and war whoops of the Red Men; she is bounded on the west by the Chile Con Carne of New Mexico and the hot tamales of old Mexico, and if it wasn't for the measly body of salt water, she would extend beyond the south pole. As I said in the beginning, Texas is a whopper, she's a jim dandy and don't you never forget it.—Houston News.

IF the World's Fair commission could find about thirty men like R. H. Downman, of New Orleans, it would make matters easy for the Texas exhibit. Mr. Downman was formerly a lumber dealer of Waco, but is now a resident of New Orleans. He still loves Texas, and a day or two ago he presented his check for \$1000 to the Texas World's Fair Commission. In speaking of the matter Mr. Downman said: "I am still a Texan. I glory in her past and am proud of her present supremacy and have implicit confidence in her future. I am surprised and pleased beyond measure at the magnificent exhibit sent by Texas to this Exposition. It is a revelation to the visitors from other States and more; her cotton record can't be touched and her cattle record is in the same calendar. I want to see Texas hold the lead she has gained at the World's fair and my donation was to assist her other patriotic citizens in helping her to hold it."

THE tragic suicide of Robert H. Plant, a prominent business man and banker, the other day teaches a striking lesson to the thousands and tens of thousands of men who believe the Almighty dollar is the ruler of the earth. Beaten down by speculation and losses he could not face the world and placing a pistol to his forehead blew his brains out. He died without a word of explanation leaving more than \$1,000,000 life insurance for his creditors to fight over. So far as his life is concerned it is better that poor Plant had never lived to bring into the world a family and leave them under the cloud. What was his millions worth? What gain was there in the mad race for wealth, power and earthly glory when it all disappears in the turbu-

lent streams of speculation and his life goes out amidst the smoke of a deadly weapon in his own hand, and found alone sweltering in his own life-blood. There was madness in these acts and they are a solemn warning to men endowed with reason to turn away from the worship of the golden calf—"For what shall it profit a man if he gain the whole world and lose his own soul?"—Georgetown Commercial.

THE papers speak of Judge Reagan as the "pet" of all great gatherings wherever he is present. It is right that he should be. The only survivor of Jeff Davis' cabinet and one of the very oldest confederate veteran now living, a life long servant of the people, with a public career absolutely unspotted, a man of superior wisdom, and withal, the grandest old "Roman" ever honored by Texas and the South, he is eminently entitled to this recognition.

IT will be remembered that among Senator Fairbank's telegraphic communications alter his nomination was the following from a prominent republican: "Accept hearty congratulations. Your nomination will mean additional great strength to ticket in quarters where help is absolutely needed. Unless, however, democrats, as usual, make awful blunder in their nominee we will have the biggest fight on our hands in history." He may just as well get ready for the fight. The democrats are not going to make any blunders. But, besides, where are those particular "quarters" located?—Indianapolis Sentinel.

HORSE race gambling has become so virulent in Chicago that two bonding companies, Guarantee Company of North America and United States Guarantee Company, have issued a circular announcing that they would immediately cancel the bond of any patron against whom proof of gambling or sporting had been obtained. The circular states that in the bank and railway offices the tendency to gamble on the races has spread to an alarming extent. Thousands of employes in various capacities are affected by the order, which, it is hoped, will do much to check the evil. Many of the large mercantile establishments are preparing to issue a similar order, proof of gambling being tantamount to dismissal.—Galveston News.

### A Good Record.

THE following figures shows the amount of business done by the Eastern Texas railroad company at the Kennard Mills office alone for the month of May which goes to prove the prosperity of this immediate section.

Ticket receipts	\$272.90
Freight received	3,480.84
Freight forwarded	6,506.80
Telegraph receipts	65.00
Money orders	1,280.80
Express received	355.33
Express Forwarded	172.23

Total \$12,133.99  
There was shipped over the road for the same month, 404 cars of lumber.—Kennard Herald.

## NEW OIL COMPANIES.

### Recent Developments Gives New Impetus to Oil Movements.

The Nacogdoches Oil and Development Company, is a new firm organized for the development of oil lands and conducting a general real estate business in Nacogdoches. Offices have been opened over the Commercial National Bank. T. J. Williams is President; D. J. and J. L. Williams, vicepresidents, and G. W. Brown is secretary of the company.

The real estate firm of Brown & Williams is a new organization. It is composed of G. W. Brown and D. J. Williams, and has offices with the Nacogdoches Oil and Development company, with which both members are connected.

An effort is being made by Mr. Harry Garner, of the Maryland Texas Oil company to organize the Nacogdoches Oil Company for the purpose of testing the oil proposition here finally. The idea is to make it strictly a Nacogdoches enterprise and the scheme is to bore a number of wells on the proven territory and testing it to the satisfaction of the company. The capital stock is placed at ten thousand dollars.

### Unity and Harmony Does it.

The Enterprise claims non of the credit for the rapid growth of our stirring little city. All the newspapers Christendom could not call a town to grow unless herizens stood shoulder to shoulder on every proposition. course the Enterprise has what it, could and feels siderably elated over success so far attained for itself and the town. again nearly all our friends the country round are oughly identified with town and are no less elated over its rapid growth than those living on our street. All these things are responsible for the rapid growth of Cushing.—Cushing Enterprise.

### The Nacogdoches Barbecue.

From a Logansporter who attended the barbecue down to Nacogdoches Friday. The Newsboy is informed that there was dinner enough for a multitude and plenty to spare for another barbecue; that the day passed without a disagreeable incident, except a short and swift fistfight at the ball game, and everyone apparently enjoyed themselves. Those Nacogdoches people know how to entertain and the bigger crowd the better the entertainment.—Logansporter Newsboy.

Every man, woman and child in the United States took, on an average, sixty-three rides on the street cars last year, according to a recent report of the census bureau. That was thirty-one more rides than they had taken in 1899.—Ohio Pen. News.

When we look around over this colony and observe the number of men who didn't take a street car ride at all, it is easy to see that a great many people took rides that weren't coming to them.—Alcalde Chronicle.

## ANTS CANT COME.

### Court Grants a Temporary Writ Against Experts.

Houston Chronicle:  
 At the instance of Attorneys C. R. Wharton and H. E. Masterson, Judge Hamblen of the Fifty-fifth civil district court this morning granted a temporary restraining order against Dr. S. A. Knapp of the government, engaged in exterminating the boll weevil as an enemy of the boll weevil. The time for the hearing was set for Monday morning.

This is the action forecasted Sunday by Mr. Ross Clark, at whose instance the action was taken. The text of the petition follows:

Mr. Clark alleges that he has invested \$100,000 in his Placido farm near Port Lavaca, Victoria county, and that among other things he is growing cotton on the farm. He then sets up the fact that Dr. S. A. Knapp, a special agent of the United States government, had been conducting a boll weevil extermination experiment station about 12 miles from the farm of the petitioner. He relates the various experiments that have been made, and states that an ant has been discovered in Guatemala, South America, by a government expert, and that a great number of them has been procured and will within a few days be left at some Texas port and then released at the Victoria experiment station to prey upon the cotton boll weevil.

The petitioner sets up the claim that the ants would soon become so numerous as to become an intolerable pest. That it would be impossible to pick cotton because of their presence in the fields and their stinging of the laborers, and that they would destroy the plant itself, and also all other vegetation. He speaks of the pests that have been imported into this country to aid in exterminating other evils and cites the English sparrow and horn fly as specimens of mistakes that have been made in the past.

### Baseball Players and Foot Racers!

Louis J. Kruger, ex-champion long distance foot racer of Germany and Holland, writes, Oct. 27th 1904: "During my training of 8 week's foot races at Salt Lake City, in April last, I used Ballard's Snow Liniment to my greatest satisfaction. Therefore, I highly recommend Snow Liniment to all who are troubled with sprains, bruises or rheumatism." 25c, 50c, \$1. bottle. Perkins Bros.

Messrs Lindsey and Harris are equipping the Sanders building formerly occupied by Cox & Wade for the complete land office in East Texas. They will occupy the building as soon as it is made ready.

Zeno Cox Jr. of the firm of Cox & Wade, left this morning for Chicago, where he will lay in a full supply of stock. He believes in being first in the market to secure first choice. After business is transacted he will go over to St. Louis and take in the Fair for a few days.

# SSS THE OLDEST AND BEST BLOOD PURIFIER

## THE GREATEST OF ALL TONICS.

**A Spring Medicine that adds vigor and strength to the system, purifies and enriches the Blood, and lays the foundation for a strong constitution and good health during the hot summer.**

Most everybody feels bad in the spring. Some are particularly so. They are just tired, worn out and totally unfit for work or anything else that requires effort. They mope around upon the border-land of invalidism, irritable, peevish, hysterical and unreasonable.

A good appetite in the spring is a rarity, and we sicken at the sight of food, or thought of eating, and what little we do eat is a burden to the stomach and a tax upon the digestion.

Warm weather is sure to bring out the hidden poisons, germs and seeds of disease that have been collecting in the blood and system during winter, and you may look for some old chronic trouble to make its appearance. It is a time, too, when boils and carbuncles, and pustular or scaly skin eruptions like eczema and tetter, pay their annual visits and make life miserable by their intense pains and intolerable itching and burning.

The fight for health should begin before any warning symptoms of physical collapse are felt, or before the seeds of disease have time to germinate if we would avoid the usual spring sickness; and with S. S. S., the acknowledged king of blood purifiers and greatest of all tonics, you can put your blood and system in such perfect condition and so strengthen the constitution that one may be as free from sickness and as vigorous and strong during the trying months of spring and depressing summer season as at any other time.

S. S. S. not only builds you up, but searches out and destroys any poisonous germs or impurities that may be lurking in the blood. The benefits derived from the use of S. S. S. are permanent because it acts directly on the blood and purifies and cleanses it of all impure matter, leaving nothing to cause fermentation and deterioration of this life-giving fluid.

In selecting your blood purifier and spring tonic get one that long experience and thorough test have proven the best. In S. S. S. you will find a remedy whose purifying properties are unquestionable, and just such a tonic as your system needs. Ask your druggist for S. S. S.—there is nothing else just as good.

For the past 40 years we have had a standing offer of \$1,000 for proof that S. S. S. contains the least particle of any mineral whatever, and this offer is still open.

## A GOLDEN TOKEN.

Mark of High Esteem From Hoo-Hoo to Their Leader.

From Thursday's Daily:  
 Tom Baker and Louis Muller went to Lutkin yesterday to attend the Hoo-Hoo banquet last night.

The banquet was given by the band to those who had assisted them in getting up the barbecue and was, the returning gentlemen state, one of the most delightful entertainments they ever attended.

The barbecue netted one hundred and fifty dollars, and the members of the Hoo-Hoo band bought with the money one of the finest gold plated cornets that money could buy as a token of appreciation for their leader, Mr. Tom Humason.

Mr. Humason was entirely in the dark as to their purpose and when W. B. O'Quinn with a beautiful and eloquent tribute to Mr. Humason and the inspiration and assistance he had been to the band, presented the cornet, Mr. Humason was too much overcome to reply. Everyone in the band, and everyone in the audience was as pleased and proud as Mr. Humason himself, for all appreciate the unselfish work he has done, and when later he uttered a few words of thanks and tried to play a solo on the new instrument no one wondered that the words could not come freely or that the cornet tones faltered; for they understood a modest man's feeling over the deserved tribute. Mr. Humason's Nacogdoches friends congratulate him on the honor shown him by his home town, and congratulate the Hoo-Hoo band on having Mr. Humason for a leader.

## Change of Hours.

The big mill which has had an eleven-hour system heretofore, cut the time to eight hours, beginning Friday, July 1st. The object of the change is to reduce the cut of the mill, as the output was greater than the demand during the summer months. Almost all large saw mills are doing the same thing in order to get their prices for lumber. —Ratcliff-Kennard Herald.

## THE NOMINEES.

Enough has been said about Judge Parker for the whole world to know who the democratic nominee is, but very little is known of the man who has been selected for the people were Henry Gassaway Mondak, the democratic nominee for the vice-presidency of the United States was born in Baltimore, Nov. 16th, 1829. He was educated at the county schools, but being left fatherless, was compelled to go to work while still young. From superintendent of a plantation he became a brakeman, then conductor and later agent at Piedmont, W. Va., on the Baltimore & Ohio railway. Some years later he entered the mercantile business as an extensive dealer in coal. He projected and carried on to success the West Virginia Central & Pittsburg railway, of which system he is at the present time president. He is also president of the Piedmont & Cumberland railway and of the Davis National Bank of Piedmont. He was a member of the House of delegates from West Virginia in 1865, held a seat in the United States Senate from 1867 to 1869, and was again sent to the Senate in 1871, serving until 1883 and declining a re-election. He was a delegate to the Sixth Democratic National Convention, and was one of the American delegates to the Pan-American Congress. He is a member of the United States Intercontinental Railroad Commission, and a prominent figure in railroad circles. He has been a life-long democrat, and one of the leaders of the party in his state. His present home is Elkins, W. Va.

PARKER gave the democrats to understand that he was a gold standard man after the platform was made. Why did he not do it before?

REPORTS so far received indicate that Davidson or Schluter for attorney general, Stephens for Comptroller, Robbins for Treasurer and Cousins for Superintendent of public instruction, have carried the state. There was no competition for other state officers.

REPORTS from all over the second congressional district have been received sufficiently to make Brooks' nomination an assured fact. Brooks carried Harrison, Panola, Shelby, Nacogdoches, San Augustine, Hardin and Newton counties it is known, which makes him safe. He has probably carried Cherokee.

THERE was quite a number of errors in the election returns as printed in yesterday's Sentinel. The result is the same as given, but the figures were wrong in many instances. The totals were nearly all wrong owing to receiving some of the reports after they had been run up and our not having time to check them up carefully.

## THE ELECTION.

The big vote that was expected in the democratic primaries last Saturday failed to materialize. The vote will not exceed fifteen hundred in the entire county, which is about seven hundred short of the primaries two years ago. This is not due to indifference, for the voters did come to the polls, but for want of a better law, and because many objected to the test. There were at least a thousand voters who would have voted the ticket in Nacogdoches, yet only six hundred of them voted. It was the same way in the various other boxes throughout the county. The populists also cast a light vote, probably not exceeding two hundred votes in the entire county.

The democratic vote is given below, the figures coming in the order in which the election precincts are named in the following paragraph: Nacogdoches E, Nacogdoches S, Nacogdoches W, Alanzan, Appleby, Shady Grove, Martinsville, Melrose, Htoyac, Chireno, Etoile, Douglass, Nat, Libbert, Cushing, Linn Flat, Sterne and Garrissn.

The above figures are not given as authentic. The returns have been brought in in such a manner as to make it impossible to give the correct vote until an official count is made and the result is announced. The result, however will not be changed, though on figures may vary. The above figures were brought in during the Mississippi dry, out concerning the vote there except that the box gave Haltom and Burgess small majorities.

THE contrast between the prophesy of the Orange Tribune of June 29th, as to what would happen to Bryan at the democratic convention, and what actually did happen is amusing. The Tribune says: "We are cheered by the conviction that the proper disinfectants and deodorizers will be successfully applied to his case when the democratic convention meets at St. Louis. For any one to believe him when he says that he and his kind will control the convention is to believe that the democratic party is a conglomeration of idiocy and nothing more than that. If it is possible to accurately forecast any political action it is that in St. Louis on July 6 the Bryan nuisance will be forever removed both from sight and smell of democracy household." As a search light into politics, the Tribune missed it.

THE refusal of Judge Parker to accept the nomination for president at the hands of the democracy without first notifying the convention as to his position on the money question was a commendable act, notwithstanding no finance plank had been inserted in the platform. His being a gold standard democrat, however, is of no great consequence, since the party is virtually committed to the gold standard.

Orange has two city school houses either of which would turn many other towns green with envy.—Orange Tribune.

And Nacogdoches has in process of construction, three city school houses that when completed will turn Orange, green.

WHO was it that said Parker was not a dictator?

## The Militia.

In answer to the question of the president's power to call out the National Guards I have the following Gem Adj. General Jno. A. Hulien, dated July 8th, 1904.

"For some reason your letter of the 26th ult. has been overlooked, and in reading it today I find that you state that the only trouble in the way of enlistment is the authority of the president to call forth to suppress insurrections, rebellion, etc. The point has been used strongly in argument by those who are opposed to the militia, and who are totally ignorant of the present or past militia laws. There is not one sentence or question in the new militia act that grants any more authority to the president to call forth the militia than was in militia act of 1775, and the methods of calling forth the militia for future purpose will be exactly in the same manner as was during the Spanish-American war." I have this published for the benefit of those who want to join the Stone Fort Rifles, but thought the authority of the president to call forth too strong. The National Guard is now on good footing and gets better help from the U. S. Government, and it costs the men less to belong to the militia than it used to.

From Frank Huston.

I most sincerely thank my friends for the support they gave me in the race I am making for Justice of the Peace of Precinct No. 1. My majority was not sufficient to complete my nomination and is now to be tested between myself and Mr. Martin Jones on the 30th inst. I trust my friends will stay by me and I solicit the supporters of Messrs Peevey and Dotson who drops out to give me their support and thus secure my nomination for which I will be ever grateful.

Sincerely,

Vaughan is Coming to Appleby.

Prof. J. B. Vaughan, of Athens, Ga., will begin his Normal Music School at Appleby, Texas, the 1st day of August 1903. Every lover of vocal music is invited to attend. For particulars write the secretary, Jas. D. Greer, Appleby, Texas, or Joe R. Day, Nacogdoches, Texas.

Tant Hairgrove says that the farmers around Buena Vista are finding a good many boll weevils in their cotton, but that they are picking up and burning all the squares that fall off the stalk. This is the most effective remedy to prevent the spread of the pests and save the cotton crop. The weevils have appeared at several different places in the county, but they do not seem to be generally scattered, and have not yet shown up in sufficient numbers to do much damage.—Timpson Times.

A. C. Hairgrove has a cow that gave birth to three calves a few days ago, two males and one female. This is the fourth time she has given birth to calves, and each of the previous times she brought twins. The cow is not for sale.—Timpson Times.

## APPLEBY LOCALS.

Appleby, July 11.—Our red land has at last had plenty of rain and crops are doing all O. K. Cotton is real fine and but very few boll weevils at present.

Messrs J. K. Hodges and Ed Coon have just returned from College Station, where they went as delegates to the Farmers Congress and report a delightful time.

The election passed off very quietly. Very little interest manifested.

The Appleby baseball team played the North Church team last Saturday eve—14 to 5 in favor of Appleby. Appleby always wins when we don't fail.

Mr. J. M. Blacksher, our efficient Druggist had an operation performed on him last week and is doing real well now.

Prof. R. W. Tillery, one of our principal teachers for next year, has moved here from Lainsville.

Misses Ora Simmons, Ethel Lanier and Adela Clark have just turned from the Summer Normal school held at Nacogdoches. Appleby is proud of her daughters who are striving for a higher education.

Dr. J. E. Weatherly, Dentist, can be found on the 2nd floor of the new Hartt building over H. H. Greene's new drug store with smiles for all in need of dentist work.

Mrs. Durrett has returned from a visit to her daughter at Center.

Mrs. J. W. Williamson, of Garrison, has been visiting her son-in-law, Dr. W. G. Hartt, this past week.

Prof. Vaughan, of Ga., assisted by the best talents in Texas will begin a Normal School here the 1st, of August. All of the singers in this county and adjoining counties are expect to attend and receive their knowledge of their voice music.

Nacogdoches is Invited.

Chireno has issued invitations for a big picnic on July 20th. There is to be a ball game in the afternoon between Junta and Chireno. Everyone in Nacogdoches is cordially invited, the candidates all receiving an especial invitation. Chireno is celebrated for its open handed hospitality and can be depended on to give its visitors a day of enjoyment and a fine dinner. There is no doubt that all who can possibly get off on that day will accept.

From Luther Swift.

To my friends and supporters: To say that I am sincerely grateful to you for the high honor you confer on me by giving me the highest vote of any who were on your ticket for assessor in the primary of July 9th, would be but a feeble way to express my gratitude. As you all know, I shall now be before you again in the 2nd primary of July 30th, and your friendliness and strength on that date will be doubly appreciated and I shall be glad to exert myself to bear well the confidence you repose in me. Again endeavoring to thank you, believe me,

Sincerely yours,  
Luther Swift.

## ANTS WERE SEASICK.

Bull Weevils Pecked the Hide Off Them in Battle at College Station.

The contest which was arranged between the Guatemalan ants and Texas boll weevils at the Farmer's Congress proved in a measure farcical and disastrous to the much praised and lauded ants. The contest was brought to a sudden end by interference of the Humane Society at the 23rd round. The contest stirred up the sporting blood of the farmers and professors and caused a run on magnifying glasses at College Station drug stores. The defeat of the ant is excused by those who championed them on the ground that they were tired and were seasick as a result of their long ride across the tossing waters of the Atlantic. They looked gaunt and mild and did not show their usual fighting propensities. Seventy-two of the ants were pitted against an equal number of boll weevils. The weevils went after them hot and fast and literally pecked off their hides. The ants were put to rout with the exception of a few which turned about and made gallant but unsuccessful stands. The authenticity of this story has not been officially established, but gossip has it as here given.—Houston Chronicle.

### No Pity Shown.

"For years late was altered continuously" writes F. A. Gullledge, Verbena, Ala. "I had a terrible case of piles causing 24 tumors. When all failed Bucklen's Arnica Salve cured me. Equally good for burns and all aches and pains. Only 25c at Stripling, Haselwood & Co's., drug store.

### The Meeting.

From Monday's Daily: Large audiences greeted the evangelist yesterday at both morning and evening services.

At the young peoples service at 5 p. m., there were a goodly number present. The preachers words made a deep impression on the young people too. He seemed especially fitted for the difficult task of making the great truths of salvation plain to minds of children. He explained to them in a very plain, earnest manner how to become a Christian.

His subject in the morning was "The love of God," based upon the familiar text—John 3:16. He showed that love was the greatest power among men. By frequent illustrations he showed the power of human love, and yet, how this is but the faintest shadow of God's love.

At night the house was filled to overflowing, there being no services at the other churches. At the service, "Sin" was the theme. After the sermon we must have all felt that sin is a fearful foe and one that is to be avoided and shamed.

Under the lead of Miss Hattie Thomas, the music was enthusiastic. The two solos by Mrs. Perry were greatly enjoyed.

Altogether the day was one of sweet fellowship—the drawing closer of God's people,

the marriage in our midst that righteousness.

The meeting will continue several days longer. Services as before at 10 a. m. and 8:30 p. m.

### Taylor—Bowler.

From Thursday's Daily: The beautiful country home of Mr. and Mrs. W. B. McKnight was the scene of a brilliant wedding last night, when Dr. Wright Taylor of Grapeland, and their daughter, Miss Elizabeth Amelia Bowler were married.

Miss Hattie Thomas played the wedding march. Mr. Elbert Summers and Miss Mary Rults led the wedding procession, followed by Mr. Frank McGee and Miss Nannie Culey. Next came Mr. Taylor, a brother of the groom, and Miss Carrie Bowler, who were best man and maid of honor. Then Dr. Taylor and Miss Bowler advanced and taking their position under the great white wedding bell, were made one for life by the Rev. W. W. Watts.

The bride was dressed in white liberty satin with veil, her vivid brunette beauty enhanced by the misty drapery, she carried white carnations and the bridesmaids had superb pink La France roses, the flowers being the gift of the groom.

On display were innumerable rare and costly gifts including hand painted china, cut glass, fine linen, and silver, remembrances from the many friends of both Dr. and Mrs. Taylor.

Miss Bowler is a favorite in Nacogdoches society, is widely connected with the most influential families in the county and is a lovely and charming young lady.

Dr. Taylor is one of the leading young physicians of Grapeland and has a bright future before him, a future that is the brighter for being shared by his fair bride.

Punch was served in the hall, and in the dining room, on the handsomely decorated table stood the wedding cake, and when the guests were served with chocolate, coffee, cream and fruit, the wedding cake was cut amidst much merriment.

The ring fell to the lot of Mr. Ed Rice, Miss Laura Taylor got the dime, while Mr. Fritz Swift got the thimble, but says that sign is not true.

Dr. and Mrs. Taylor left this morning for their future home in Grapeland, followed by the best wishes of all their Nacogdoches friends including The Sentinel.

A large number of Nacogdoches people attended the wedding which was one of the prettiest of the year.

### She Tried Five Doctors.

Mrs. Frances L. Sales, of Missouri Valley, Ia., writes: "I have been afflicted with kidney trouble five years: had severe pains in my back and a frequent desire to urinate. When riding I experienced much pain over the region of the kidneys. I tried five physicians without benefit and then concluded to try Foley's Kidney Cure. After taking three \$1.00 bottles I was completely cured." For sale by Perkins Bros.

The coming way & Garrison at Car...

burglarized Saturday night. Mr. Gallaway was in Nacogdoches and Sunday morning was notified of the burglary by phone. Sheriff Spradley was called up at immediately to investigate.

The investigation brought to light evidences of the guilt of Horace Fields, a negro well known in Nacogdoches, who had carried out a well laid scheme. After securing all the goods he wanted Fields reported to the night watchman that he had seen somebody in the store and they went on to see who was in there. No one was seen but Horace cried out at the back of the store, "here they go," and the night watchman fired his pistol in that direction. The negro declared that he saw two persons run off in different directions, and as proof that he was telling the truth he found bundles of stolen goods in the direction he had indicated. Some of the goods were rolled up. Nice clean ladies undershirts and everything pointed to the conclusion that it was white people who committed the burglary. A barefooted track led to one package of the stolen goods found and the other was a shoe track. A lot of goods were piled up on the counter and a side of bacon placed at the back window, the place of entrance. This was to show that the thieves were frustrated. Spradley believed that this was a cleverly laid scheme and he went to work and found where the undershirts had been stolen from a white lady, and from one thing to another pointed to the guilt of Horace Fields, the negro who first gave the alarm. All the goods that were taken away were found under a negro's house and when Horace saw that his well planned robbery was laid bare, he could stand it no longer and before Spradley could lay hands on him he made a run for safety and the last heard of him he was making a rate of ten miles an hour.

The meeting will continue all the week at that church. Born to Mr. and Mrs. Will Matthews, a daughter on the 7th. May the little girl be a blessing to the world. Miss Lena Fall and Winnie Smith passed through Meirose on their return from Chireno. Mrs. Cate Collins has gone to Jacksonville to visit her son.

### Doctors Said He Would Not Live.

Peter Fry, Woodruff, Pa., writes: "After doctoring for two years with the best physicians in Waynesburg, and still getting worse, the doctors advised me if I had any business to attend to I had better attend to it at once, as I could not possibly live another month as there was no cure for me. Foley's Kidney Cure was recommended to me by a friend, and I immediately sent my son to the store for it and after taking three bottles I began to get better and continued to improve until I was entirely well. ### Red Men Pow Wow.

The Red Men installed officers of Alabama Tribe for the ensuing term last night, as follows: Prophet, Chas. E. Davis, S. S., Will Pressler, J. S., Steve King, Collector of Wampum, Will McMillan. The occasion was celebrated by a feast and smoke provided by the Sacum and Senior Sagamore, Chiefs, Burk and Pressler. An unusually large attendance was present.

### Working Night and Day.

The busiest and mightiest little thing that ever was made is Dr. King's New Life Pills. These pills change weakness into strength, listlessness into energy, brain-fog into mental power. They're wonderful in building up the health. Only 25c per box. Sold by Stripling, Haselwood & Co.

Dr. and Mrs. Robert Paul returned to this city on yesterday afternoon. Dr. Paul has been traveling in different parts of the country and while in North Carolina he married Miss Bessie Freeman. They are the guests of Mrs. Tom C. Davis.—Center News.

Miss Freeman was a teacher in the Nacogdoches high school last year, and was popular with both pupils and parents. She has a large circle of friends in this city who extend congratulations.

People Speak Well of It.  
By His Work.

Dr. Tucker has people under his treatment who already are willing to say they are getting well and are well pleased with the most wonderful treatment he gives.

When he makes his examination he tells what he can do and what he cannot do. People who are sick should do what frankness, especially in matters pertaining to their health. Dr. Hugh H. Tucker speaks frankly. Since Dr. Tucker came to Nacogdoches he has made examinations free, but after the 15th of July he will be forced to make a charge of \$2.00 for examination of those not wanting treatment but simply want the doctor to examine them to know the trouble, while to those who want his treatment the examination will be free. This is because his time is being taken up with those he is treating. Therefore he makes this small charge to pay for his time taken up by those not wanting treatment but simply want examination.

Dr. Tucker wishes those wanting his treatment to call on him while he yet has time to finish all cases before his time here is out. He can't stay here all summer and will not have any unfinished work, therefore those wishing him to treat and cure them should call soon.

### The Snake Editor.

"The action of the agricultural department in importing the Guatemalan ants into Texas to destroy the boll weevil is perfectly logical," asserted the Snake Editor.

"How so?" asked the Sporting Editor, who is down on ants from principle.

"Why," said the Snake Editor, "the people said to the U. S. government, 'here is the problem of the boll weevil, how are we to solve it? give us an answer.'"

"Well!" said the Chief, impatiently.

"Well," answered the Snake Editor, "the government gave them an 'ant sir,' and he left via the tin roof of the upstairs gallery. The stairs were too slow.

Mr. Ben Frankfurt left Sunday morning for New York where he will buy the fall and winter stock for S. Mintz.

### Safeguard the Children.

Notwithstanding all that is done by boards of health and charitably inclined persons, the death rate among small children is very high during the hot weather of the summer months in large cities. There is probably not one case of bowel complaint in a hundred, however, that could not be cured by the timely use of Chamberlain's Colic, Cholera and Diarrhoea remedy. Mr. Frank Riggs, of Franklinville, N. Y., in speaking of this remedy said: "I have found it expedient to have a supply of Chamberlain's Colic, Cholera and Diarrhoea remedy on hand. It has been a family safeguard and while especially beneficial to children, it is equally good in adult cases. I recommend it cheerfully and without reservation." For sale by Perkins Bros.

### THURSDAY'S LOCALS.

M. M. Graham, of Etoile, is in the city today.

W. L. Skeeters, of Appleby, was in the city today.

D. B. Hodges was among the visitors from Appleby to the hub today.

Miss Ura Price of Melrose is the guest of Mr. and Mrs. C. D. Mims, of this city.

S. W. Blount returned yesterday from Center where he has been attending court.

Judge Acrey, of Linn Flat, was a friendly caller at The Sentinel office this forenoon.

M. M. Marshall, of Appleby, the presiding judge of the Appleby box, was in the city yesterday.

M. L. Brooks, of San Augustine, was in the city yesterday shaking hands with his friends.

C. D. Mims Esq., returned last night from an extended business trip throughout several adjoining counties.

J. C. Melton and J. H. Richardson, prominent farmers of the Appleby section, were in the city trading today.

Mrs. R. D. Chapman, of Huntington, arrived yesterday afternoon on a visit to her daughter, Mrs. Geo. S. King.

Green tobacco is coming in every day now. A big load was hauled to the barns this morning from the government farms.

Mrs. W. H. Williams and son, Horace, returned from a visit to relatives and friends in Nashville Tennessee this morning.

T. E. Fall, of Chireno, came up yesterday and spent last night in the city. He accompanied his cousin, Dr. Parks of Kaufman, who has been visiting him this far on his return home.

Dr. J. W. Park, of Kaufman, was in the city last night on his return home from a combined business and pleasure trip to Chireno. Dr. Park is interested in some choice oil lands near Chireno and he has been there taking a view of the oil situation. He and others may organize a company and put a rig to work near Chireno soon. The doctor seemed delighted with the prospects so far as his personal interests are concerned.

There are still a few localities where a sufficiency of rain has not yet fallen.

## THE ELECTION.

The big vote that was expected in the democratic primaries last Saturday failed to materialize. The vote will not exceed fifteen hundred in the entire county, which is about seven hundred short of the primaries two years ago. This is not due to indifference of the voters, but to the fact that S. Garrison returned to her home in Garrison yesterday. She was accompanied by Miss Dora Cole who will make her home with her in future.

Mrs. Beeman Strong returned last night from Lawsonville. Miss Ada Rainbolt accompanied Mrs. Strong home and will spend several weeks visiting here.

Willie Rulls, son of D. Rulls, arrived yesterday afternoon from Houston, where he is living now, to spend a few weeks with his parents and to rest and recuperate.

Mr. and Mrs. Henry Berryman and Miss Nellie Waters, of Alto, who have been visiting Mrs. Berryman's sister, Mrs. Monk, of this city, returned home this morning.

Mrs. Frank Sharp, of San Augustine, arrived this morning on a visit to her large circle of friends and relatives in this city. She is the guest of her parents, Mr. and Mrs. R. C. Shindler.

Mr. Barclay, connected with the stove business, contemplates moving his family, consisting of a son and daughter, to Nacogdoches in the near future. His son will attend the East Texas Business College.

Mrs. T. H. Baker is in Garrison visiting her daughter, Mrs. Ed Weatherly. She was accompanied to that city by her little grandson, Howard Weatherly, who has been visiting in Nacogdoches some weeks.

Mr. Tom Parton, of Etoile, was in the city yesterday. He reports the death of the wife of Dr. Rogers, which occurred the early part of the week. The many friends of Dr. Rogers express genuine sympathy for him in his misfortune and bereavement.

A. E. Linthicum and family, left for Oklahoma today where they will make their future home. Nacogdoches is sorry to lose this estimable family as citizens. They are accompanied by Miss Grace Linthicum who will spend some months in Oklahoma for the benefit of her health.

Messrs. J. A. Pirtle, T. E. Burgess, R. L. Bentley, A. L. Tindall, W. R. Barber and J. B. Power returned this morning from College Station, where they attended the Farmer's Congress. They say it was the finest session and largest attendance of any yet held.

Uncle Milton Fuller, of Martinsville, was in the city yesterday and was a friendly caller at The Sentinel office. He is on his way to Hill and Cook counties, where he will spend two months visiting his married daughters who live in those counties.

The Chautauqua Circle.  
The Chautauqua circle met Tuesday, June 15th, with Mrs. Eugene Blount. Eight members answered to roll call. The lesson on "Provincial Types in American Fiction" proved to be quite interesting and instructive.

There was no program for the afternoon, but one of the members read the following original verse. [It speaks all our sentiments in regard to "The Evolution of Industrial Society," the book, just finished.]

One by one the girls have left us,  
Like the famous little negroes in a row;  
Competition, Race Improvement,  
Made us all want to go.  
Monopolies and trusts, municipal ownerships!  
What are we to you, or you to us?  
We like best our social meetings,  
With the refreshments and the fuss.

The concentration and diffusion of wealth means nothing to us as a whole; So why study such issues and injure our health,  
When men settle everything at the polls?

The inheritance of property is no trouble to us,  
As our relatives all died long ago  
And this is the legacy over which they left us to fuss:  
"How far can I make one dollar go?"

"The Evolution of public Expenditures!"  
How foolish to even mention the subject,  
When all the expenditures we care far at all  
Is simply to dazzle the eye of the public.

("Social Reform," "Industrial Peace" and "Ethical Obligation.")  
We put you in parenthesis and give you to the nation.)

In studying, in the summer, too much social evolution  
As almost caused in our midst a "Circle Revolution."  
Dire results have followed thick and fast in its train;  
Affected all the members and settled on one's brain;  
She leaped the bounds of rhythmic meter  
And landed in a heap,  
For, while she was reading her poem (?) every member went to sleep.

So she stole softly out and left them;  
And once outside did a very un-lady like thing,  
Flung her heels in wild, joyous fashion, and shouted  
"I won't study Social Evolution next Spring!"

The above figures are not of the turns have been given as authentic. The in such a public installation of officers at Swift Tuesday report it as one of the grandest affairs in the history of the Cross Roads village. Although the rain marred to some extent the pleasures of the day, the program, there was plenty to keep the crowd entertained. The installation took place at 11 o'clock, followed by an address appropriate to the purposes of the day. The rain, however, interrupted the Judge's talk and his interested audience were deprived of the most entertaining portion of his speech. But it was all made up in the dinner which was immense, abundant and consisted of everything imaginable that could be afforded at an old fashioned basket dinner. The candidates were there too, to keep up the jokes and jolity and the day was delightfully spent by one of the largest crowds ever assembled at Swift.

The Houston Chronicle, 29th, will be read with interest by the Texas friends and acquaintances of Col. S. F. B. Morse:

"Same rumor has set afloat another story that sounds good and plausible, but is as yet lacking official stamp. It is to the effect that Huntington and Hawley, who recently resigned from the directorate of the Southern Pacific, have entered into partnership, taking Colonel S. F. B. Morse with them, and that they have plans for railway and territorial developments in Texas and the Southwest.

It is well known that Messrs Huntington and Hawley have financial backing in abundance and Col. Morse is one of the best posted men of the day upon the latest resources of Texas and in the highest approved methods of development. The triumvirate if really formed may accomplish big things in a railroad way in the Southwest.

Mr. Morse, who was formerly a Houston man and the head of the Southern Pacific passenger traffic department, is now said to be foot loose since the failure of Sully & Co; with which concern he connected himself after resigning from railroad work.

He is a born promoter and Texas people will have much confidence in any undertaking in which he may be connected. Besides the name of Huntington and Hawley will stand for much on Wall street as well as in Texas in any financial enterprise in which they may engage. Hawley is said to be largely interestee in the Iowa Central and the St. Paul, Minneapolis and Omaha and some imagine that these lines may be connected and extended to the gulf."

#### CHOKING CATARRH CURED.

Your Money Back if Hyomei Does Not Cure You.

"Use Hyomei and be cured of catarrh," is what all who have tried it for that disease say to their friends.

It is the easiest thing in the world to stop catarrh at its beginning if you use Hyomei. Just breathe the health giving balsamic air for a few minutes and your catarrh will be cured. In the worst cases of this disease, chronic or acute, Hyomei used four or five times a day is all that is needed to soon effect a cure.

The complete Hyomei outfit costs but \$1.00 and comprises a hard rubber pocket inhaler, a bottle of Hyomei and a dropper. The inhaler will last a life time, and additional bottles of Hyomei can be obtained for 50c.

In this city and neighboring towns there are hundreds who can testify to the remarkable powers of Hyomei to cure cure catarrh many of the staunchest friends of this remedy today began its use with little hope that they would be cured, but as Stripling, Haselwood and Co offered to refund the money if it did not cure, they decided to try it on that plan, and were soon restored to health.

#### Doherty Promoted.

"Yes, it is so, and you may say it if you wish," stated Assistant General Passenger Agent Doherty of the Central-East and West lines this morning, when asked if he had resigned.

While he declined to discuss the matter at any length, he said he had tendered his resignation to Vice-President Fay, and that it would be effective on August first.

Mr. Doherty will likely leave the service of the Central-East and West within the next ten days, although his actual severance will not be effective previous to the date named. He will do this in order to get on the grounds of new affiliations as soon as possible.

The first thing he will do will be to make a trip over the line and into contiguous country in order to fully acquaint himself with the conditions presented.

He already expressed the belief that the country has a great future and that its development will be rapid.—Houston Chronicle.

#### No Spooney Business.

For chills, malaria and biliousness Cheatham's Laxative Tablets are certainly fine. No bad effects as with quinine. Then they are so convenient; can carry them in the pocket and no spoon is necessary. They are an ideal remedy. 25c per box. Geo Westlake.

#### PARIS GREEN IS GOOD.

Josh Henson Tries the Marston Plan Successfully.

Josh Henson has twelve acres of as fine cotton two miles South from town as was ever seen growing on up land. For two years he had the same prospect at about the same time, but the boll weevil got in it and he made almost a total failure of both crops. This year they attacked it again and two weeks ago he thought he would make another complete failure. He says he could gather a hatful of dead squares in a short time and every square contained a weevil. Two weeks ago he applied paris green in accordance with the Marston theory and immediately the weevil ceased its attack and there has been scarcely any sign of them since. Mr. Henson is thoroughly converted to the poisoning theory and intends to make another application in a few days to make sure that the pest will not again begin its ravages.

#### Cushing Has a Mad Stone.

Last Saturday morning at the home of J. E. Ingram, living in the Woods community, in Panola county, his 13 year old daughter, Ora Lee, was bitten by a cat under peculiar circumstances. Her mother had sent her into the smokehouse to get some salt when a strange and wild looking cat sprang upon her back and began fighting and scratching. In knocking it off it bit her on the hand. Fearing that the cat was affected with rabies, Mr. Ingram hitched up his team and started in search of a mad stone. On learning that Mrs. Alice Carter, wife of the senior editor of this paper had one that was genuine, he came at once to Cushing, arriving about sundown Sunday evening. The stone was applied at 8 p. m. and stuck nicely all night. Twice during Monday it stuck again, and again it adhered slightly. It was again applied Monday night but refused to stick, and again Tuesday morning it refused to take hold and the case was pronounced cured and the child left at once for her home full of hope and joy. This stone is more than a hundred years old and has worked some wonderful cures. Three years ago it stuck on a case of rabies for 98 hours. The longer the patient waits to be treated the longer it takes the stone to extract the poison.—Cushing Enterprise.

TEXAS is now in the full swing of the watermelon season and everybody is happy.

#### BUG IS HARMLESS.

In Spite of His Numerous Aliases. Cotton Squares Wanted.

A few days ago Capt. Doughtie forwarded to the Agricultural department of Texas a bug, commonly known as the "hominny-beater," "Jack snapper," etc., which had been found depredating upon cotton squares. Yesterday Mr. Doughtie received the following concerning the bug: College Station, 7-7-04.

Mr. J. S. Doughtie, Nacogdoches, Texas.

Dear Sir: Yours of the 5th at hand with specimens of insects, which are commonly known as Click Beetles. These are very common on cotton squares, but I have never observed them to do any real injury. I wish that you would collect a lot of the injured squares and send to me, so that I can see the nature of the injury and whether it has really been done by this Click Beetle, and oblige. Yours very truly,

E. D. Sanderson, State Entomologist.

Cures Blood Poison, Cancer, Ulcers, Eczema, Carbuncles, Etc. Medicine Free.

If you have offensive pimples or eruptions, ulcers on any part of the body, aching bones or joints, falling hair, mucous patches, swollen glands, skin itches and burns, sore lips or gums, eating, festering sores, sharp, gnawing pain, then you suffer from serious blood poison or the beginning of a deadly cancer. You may be permanently cured by taking Botanic Blood Balm (B. B. B.) made especially to cure the worst blood and skin diseases. The reporter came in this morning with a bank note. When the astonishment had subsided the note was found to be the effect that the Commercial National Bank had rearranged its office interior more conveniently, put down linoleum, and with the obliging force of bank clerks and cashier, has as inviting an interior as any bank in the State can boast.

## THE NOMINEES.

Enough has been said about Judge Parker for the whole world to know who the democratic nominee very little is left for the Hamilton Watch Company devote their talents to making only the best watches—nothing less than 17 jewels—each and every one being thoroughly tested before leaving their factory. These watches are used extensively by railroad men and by people everywhere who want a good watch.

We have them in all their different styles, and give our personal guarantee with every one sold. They cost but little more than cheap watches.

## MONDAY'S LOCALS.

Albert Brewer, of Linn Flat is in the city today.  
Lee Gaston spent yesterday in Troup.  
Martin L. Day is spending a few weeks in Jacksonville.  
Miss Edna Evans, of Lufkin spent yesterday in the city.  
Miss Jessie McConico, of Lufkin, is the guest of her sister, Mrs. Edgar Wade.  
Mr. Duke, of Jacksonville, spent the day in Nacogdoches yesterday.

## THE ELECTION.

The big vote that was expected in the democratic primaries last Saturday failed to materialize. The vote will not exceed fifteen hundred in the entire county, which is about seven hundred.

## Best

30, 20, 68. Total 406.  
For Sheriff—  
G. W. Blackburn, 88, 98, 36, 31, 19, 16, 20, 4, 3, 10, 14, 47, 456.  
J. R. McKinney, of LaGrange Texas, is in the city visiting her son J. R. McKinney.

Mrs. B. F. Thompson returned yesterday morning from a short trip to Mineral Wells.

Mr. Polk Hodges, of Appleby was in the city this morning and was a caller at The Sentinel office.

J. M. Weeks and his small son, Bennett, went to Waco today. They will visit several points before returning home.

The Misses Brewer, who have been the guests of Miss Irene Crain for the past week, left yesterday afternoon to visit friends and relatives in Alexandria.

Mrs. Annie Mettauer and Miss Menefee returned to Chireno today after a pleasant visit to this city where they were the guests of Mrs. Rosa Black.

Mr. Bill Burrows, of Poe Lake, is in town today. Mr. Burrows is a great friend of the fishermen who know him to be not only a substantial citizen but an obliging and generous a friend.

Conductor Brooks, of the T. & N. O. who is ill with typhoid fever at the residence of C. G. Monzingo, is still seriously ill. His two sisters arrived from Indiana last night to assist in nursing.

Rosco Eaves, of Kennard, was here today and bought a nice bill of furniture of Cason, Richardson & Co. He priced the same goods in Lufkin and says he saved twenty dollars by buying in Nacogdoches.

A little child of Mr. and Mrs. Henderson Muckleroy, of Batson, died in that city yesterday. The body was brought to Nacogdoches for burial, and was interred in Fairview cemetery this morning. Mr. and Mrs. Muckleroy's friends sympathize with them sincerely in their bereavement.

The funeral party from Lutkin passed through the city this morning with the body of Bob Collins, and went on to Chireno where the funeral services will be held this afternoon. The remains were accompanied from Nacogdoches by a number of Red Men of the Nacogdoches Tribe of which he was a member.

## Brutally Tortured.

A case came to light that for persistent and unmerciful torture has perhaps never been equaled. Joe Golobick, of Colusa, Cal., writes: "For 15 years I endured insufferable pain from rheumatism and nothing relieved me though I tried everything known. I came across Electric Bitters and its the greatest medicine on earth for that trouble. A few bottles completely relieved and cured me." Just as good for liver and kidney troubles and general debility. Only 50c. Satisfaction guaranteed by Stripling, Haselwood & Co.

Dock Watson, 29, 33, 7, 14. Total 83:  
The above figures given as merchants named below are going to give away a collection of valuable books to any lodge, club, school or any other organized body in Nacogdoches or Nacogdoches county polling the highest vote by Aug. 15. ## FROM TRINITY.

July 11.—Since we have our R. F. D. mail route we thought we would give you a few news items from this section.

Health of community very good except few cases of measles.

Mr. and Mrs. Henderson Muckleroy buried their little child at Fairview this morning. The bereaved parents have our sympathy.

Crops are fine, oats and corn already made; cotton prospects good; fruit crop excellent. Some boll weevils, but no material damage done yet.

The writer had the pleasure of attending a children's day last Sunday at Simpson's camp ground, the program was carried out and everything was a success. The recitations were not original with the children, they were the productions of some of our poets and divines, but they were delivered in such an audible, sweet tone of voice, that they touched a responsive cord in our hearts and we were made to think seriously on our ways. The children acquitted themselves with much honor. The songs were very appropriate and well rendered. After the exercises an abundant dinner was spread and all went out and took a child's part.

Not many candidates out. I presume some of them can read the hand writing on the wall by this time. Some of our choice were left out, but we trust we will get good.

Lets all have a common interest for good,  
R. O. Ferguson.

Mothers save doctors bills, "Teethina" 'll cure your child of ills.

And save life oft times as well; Druggists all have it to sell. "Teethina" aids digestion, overcomes and counteracts the summer's heat, regulates the bowels and puts bloom in the cheek of the puny, sickly baby.

## Card of Thanks.

I wish to thank, through the columns of The Sentinel, my many kind friends and patrons in Nacogdoches. I am sincerely appreciative of the generous custom given to me. While I have been obliged to follow my other business interests and move my grocery business to another place, I will always hold the people of Nacogdoches in the most grateful remembrance.  
Yours sincerely,

## Cured of Bright's Disease.

Mr. Robert O. Burke, Elnora, N. Y., writes: "Before I started to use Foley's Kidney Cure I had to get up from twelve to twenty times a night and was all bloated up with dropsy and my eyesight was so impaired I could scarcely see one of my family across the room. I had given up living, when a friend recommended Foley's Kidney Cure. One 50 cent bottle worked wonders and before I had taken the third bottle the dropsy had gone, as well as all other symptoms of Bright's disease. For sale by Perkins Bros."

Mr. Milburn Norsworthy, of Huntsville, arrived yesterday to accept a position with the R. T. Shindler Drug Co. He comes well recommended and will doubtless prove a welcome addition both to the store and to our town.

## Chamberlain's Colic, Cholera and Diarrhoea Cure.

This remedy is certain to be needed in almost every home before the summer is over. It can always be depended upon even in the most severe and dangerous cases. It is especially valuable for summer disorders in children. It is pleasant to take and never fails to give prompt relief. Why not buy it now? It may save life. For sale by Perkins Bros.
