District Court.

From Monday's Daily:

District court convened promptly at 10 o'clock this morning, Judge Davis, District Attorney Imboden, County Attorney Strong and Sheriff Spradley being present. The following grand jury was empaneled for the term:

J W Carriker,
C W Butt,
Chas. Hoya,
W R Stripling,
J F Tucker,
J W Boyd,
Henry Satterwhite,
M F Whitaker,
J M Fuller,
A E Carter,
M Mast,
Henry Millard.
J. W. Carriker, was appointed foreman.

The judge's charge was brief but to the point and was plain and comprehensible.

J. G. Cooper was elected door bailiff and W. D. Christian and Hense Burrows riding bailiffs.

The following murder cases have been set for trial:
Charley Roberts, Tuesday

of third week.

Mrs. M. A. Miley, Wednesday of third week.
Cal Scott, Wednesday of fourth week.

Col. Simon Crawford.

Col. Simon B. Crawford a prominent citizen and a good man died at Sterne Saturday and was buried yesterday. Col. Crawford was quite an old man, being approximately eighty years old at his death, and had been a citizen of Nacogdoches county more than fifty years. He held various offices of trust during his prime of life and was always faithful in the discharge of his duty. He was well known and honored throughout the entire county. Many relatives and friends survive him to lament his death.

WILL RE-COUNT THE VOTE.

So Judge Davis Decides in Case of Ray vs. Gilbert—Gilbert Wins by a Majority of Five.

From Tuesday's Daily:

In the district court this morning the case of J. O. Ray vs. John N. Gilbert, an action brought to determine which of the two was the democratic nominee for county treasurer in the recent county primary, was first called, and the argument on demurrer continued over from yesterday afternoon was resumed. As is generally known by our readers, in this case the returns from the recent primary election gave Mr. Gilbert the nomination by a majority of one vote, and Mr. Ray by his counsel, Blount & Garrison, brought his suit alleging mistake and error in the count at various boxes and praying said vote be recounted. The defendant by his counsel interposed a demurrer to the jurisdiction of the court on the ground that the question at issue was political, not legal, and the court had no authority to decide it. This question was argued elaborately on both sides and Judge Davis decided it by overruling the demurrer, and ordering the boxes to be brought into court so that the votes cast for Messrs Ray and Gilbert might be recounted. In giving his decision he stated that the question, which came under the Terrell election law, was new in Texas and he was doubtful about the matter, but if Mr. Ray was really entitled to the nomination there should be some legal means for determining the fact and he would give him the benefit of the doubt by ordering the boxes opened and the vote recounted. The exceptions by the defendant as to the right parties to the suit were also overruled and the application for a jury in the case by defendant's counsel was denied. There is a distinguished array of counsel in the case, Messrs Blount & Garrison appearing for J. O. Ray, and Judge Ratchiff, Ingraham, Middlebrooks & Hodges, and Judge Lewis representing Mr. Gilbert. C. D. Mims appeared as the legal representative of the democratic county executive committee.

The re-count of the boxes took place in the afternoon in the district court room under the supervision of Judge Davis, and when the votes in the boxes in which it was alleged that errors and mistakes had been made were counted it was discovered that Gilbert had a majority of five. This result was so unexpected by Mr. Ray and his counsel that further count was dispensed with and the case dismissed, leaving Mr. Gilbert as the democratic nominee for county treasurer.

D. H. Muckleroy left some samples of syrup, grown and made up on his farm near this city, at The Sentinel office Saturday. The syrup is made from two different varieties of sorghum, orange and honey cane, and is so well made that it can scarcely be detected from that made from ribbon cane.

AT DORR CREEK.

Small Crowd at the Speaking Last Night.

From Tuesday's Daily:

Hon. W. F. Carnes, populist nominee for Representative, made his opening campaign speech at Dorrr Creek school house last night. The Sentinel man, who is the democratic nominee for the same office was there to "meet" him. There was a very small crowd in attendance; not exceeding fifteen people present. Several speeches were made, including an "effort" by the writer, who in spite of the fact that he was in the hands of the "Philistines" was given the profoundest and most respectful attention. Leroy Fulmer, populist candidate for county clerk, was there and told how bad he wanted the office.

Jackson Parrott came up from the Angelina and spent yesterday in the city on business. He is preparing to float a large number of staves on rafts down the river to Beaumont and is having four big row boats made at the Banita Manufacturing plant for the purpose of cleaning the river of drifts and snags in advance of the raft. He has several million staves on hand and this is the cheapest and most convenient way to get them to a shipping point.

BOLL worms and rust are doing the cotton as much harm in Mississippi as the boll weevil is doing.

JUDGE PARKER has yielded to the pressure and will make several speeches during the campaign. Times and places not yet fixed.

THE report of the superintendent of the board of penitentiary commissioners shows that on August 31st, there were 3975 convicts in this state.

SHREVEPORT usually ships between ten and twelve thousand bales of cotton to the Far East but the demand has fallen to nothing this year because of the war in progress.

IF the Maine election had any significance at all it was more favorable to Parker than to Roosevelt as the usual republican majority there was reduced several hundred.

A SENSATIONAL story is going the rounds that a plot to assassinate President Roosevelt had been hatched in Spain, transmitted to Mexico and there frustrated by the police. Teddy is safe; only great presidents are assassinated.

THE people of Alabama have determined that lynching and mob law shall be stopped. A negro was recently lynched on the square at Huntsville in that state and now the grand jury has indicted ten of the ringleaders of the mob that did the lynching.

GENERAL KUROPATKIN is now putting in his time telling his boss at St. Petersburg how the unfortunate occurrence happened to happen. He has found a scapegoat in one of his generals named Orloff whom he charges with disobedience of orders.

ILLINOIS must be in danger of going democratic. The republican state chairman up there is getting nervous and says he is amazed at democratic activity and the prevalence of democratic money. He admits that his crowd will have to hustle or the state will be stolen by the enemy.

THE Texas soldiers returned from Manassas deny the stories which have been circulated to the effect that they were purposely put near the negro troops and had all sorts of trouble with them. On the contrary, they say that they only saw the dusky warriors a few times and then at such a distance as to make offensive relations impossible.

INDIANA is a state in which the democrats will make a big fight and have strong hopes of carrying. M. E. Ingalls, president of the Big Four railroad company in that state, a man of high character and wide influence, has just announced himself for Parker and Davis and will take the stump in his behalf. He is one of the big men of Indiana and the democrats are much elated in winning him to their side.

MISSISSIPPI has only \$1.65 in her state treasury. Texas is going "on tick" just now herself, but there has been no embezzlement in either state and no insolvency is feared. But it looks very much like taxes would have to be raised—or, better still, property assessed at something nearer its real value.

JUDGE STOREY of the railroad commission can be counted out as a candidate for governor two years hence. He has just announced that under no circumstances will he permit the use of his name in that connection. The Judge was doubtless disgusted at the growing list of aspirants and the undignified "scramble" that will follow.

THE democrats now have an excellent opportunity to carry Colorado. The republicans have re-nominated Gov. Peabody, who abolished strikes in that state by the simple expedient of driving the strikers across the state line in droves like sheep and otherwise assuming all the powers of an autocrat. He and his adjutant general, Bell, inaugurated a reign of terror in Colorado that shocked the whole country.

AUSTIN is overrun with thousands of negro delegates to the colored National Baptist Convention in session in that city. At the opening of the convention Governor Latham made an excellent address full of sound advice to the delegates, and among other things he told them to beware of the preacher who preached politics from his pulpit. He also told them to respect the plain laws of nature on the question of social equality.

THE recent visit of East Texas truck-growers to California put a whole lot of new and valuable ideas in their heads and one of them was that the Texas truck-grower has as many natural advantages of soil and climate as his brother in California and if he will study his business as thoroughly and make it a scientific avocation he will prosper like the Californian and be able to live in as fine a home. On no other terms can he do so.

MR. HARRIMAN, the great magnate of the Southern and Union Pacific railways, has been making some big deals recently with the Rock Island people and it is announced that the latter have secured control of the Houston & Texas Central, in this state, Harriman getting in return the right of entrance for the Union Pacific over the Rock Island into Chicago. This will put the Rock Island into Houston and it will be an easy matter to get from there to Galveston, fifty miles away.

FOUR or five distinct political parties have put out state tickets in Texas but the campaign is apparently without life or interest. This stagnation is of course due to the fact that the immense and assured democratic majority makes all opposition futile and imposes no necessity upon

democrats to exert themselves to win. We don't want the party split in two factions as when Hogg and Clark were in the field, but an opposition formidable enough to put ginger in the campaign would be an improvement on present listless conditions.

THE present governor of the now democratic but formerly republican state of Nevada is John Sparks, a native Texan, who emigrated to Nevada from Williamson county in this state about twelve years ago. It is conceded that he will be elected to the United States Senate next winter and his popularity is so great that he will get nearly every vote in the legislature. He is a cattle man.

THE latter day, trust-tainted republicans no longer deny the statement so often hurled in their teeth that if Abraham Lincoln was living today he would vote the democratic ticket. That plain and simple old man certainly would feel very uncomfortable in the company of such swell republicans as Pierp Morgan and his crowd—and they would feel no less uncomfortable in his. They would "shake" him in saort order.

ONE of the old time religious institutions of this country was the peripatetic debater on points of doctrine. He was a wrangler from away back, a mighty man at argument and could cite Scripture by chapter and verse to an extent that amazed the simple layman. When he peeled his coat for battle he was a gladiator who neither gave nor asked quarter, and it is not on record that he ever confessed himself defeated. He fought for "points," not for souls, and if the decision was against him he merely pitied the ignorance of the umpire and moved on to the next community that was willing to hear him. But he is rapidly passing and the Baptist Standard of this state gives him the following rap that will be generally indorsed: "The days of the professional debater have about run out. The great field is being cultivated by men of far different and better spirit. The word of truth on bitter lips loses its winning power and becomes repellant. Truth deserves a better chance, in its spirit, than it has in the average debate. There is nothing in debates to compare with a sweet-spirited gospel sermon."

THE national democratic committee is preparing to flood the doubtful states at the North with democratic orators of the first magnitude. Chairman McConvill, of the speakers' bureau has given out the names, including the following, beginning with William J. Bryan and Grover Cleveland: "Former Secretary of the Treasury John G. Carlisle, former Secretary of State Richard Olney, Lieutenant General Nelson A. Miles, former Senator Charles A. Towne, Congressman Bourke Cochran, Arthur P. Gorman, John Sharp Williams, United States Senators Blackburn and McCreary of Kentucky,

Benjamin Tillman of South Carolina, Isadore Rayner of Maryland, F. C. Lattimer of South Carolina, A. J. McLaurin and H. D. Money of Mississippi, Joseph W. Bailey and Charles A. Culberson of Texas, Augustus Bacon and Alexander S. Clay of Georgia, William J. Stone and Francis W. Cockrell of Missouri, John W. Daniel and Thomas S. Martin of Virginia, Stephen S. Mallory and J. P. Tallifero of Florida, former Senator Hill of New York, Edward M. Shepard of Brooklyn, Mayor McClellan of New York, Governor Warfield of Maryland, Captain Richmond P. Hobson of Alabama, former Senator James K. Jones of Arkansas, Mayor Carter H. Harrison of Chicago and former Secretary of the Interior Hoke Smith of Georgia.

WE have been trying to say it for some time, but haven't succeeded to our satisfaction. The Denison Gazetteer has come to our relief and said it so compactly, so completely, so forcefully and so truthfully that we adopt it as our own and commend it especially to Col. Milner of the Henderson Times. Here it is:

After the war no nation on earth will dare tackle Japan with impunity. She is as formidable on water as land. Great, big bulky Russia has lost her military prestige; her soldiers are coarse, brutal, stupid, mechanical, while the Japanese are mobile, intelligent, intensely patriotic, know what they are fighting for, and know how to fight and always win victory. Before the winter sets in they will have conquered all of Manchuria, whipping Russia on her chosen ground. Every American ought to wish for the success of Japan. "The yellow peril" is all bosh. We would rather experience the "yellow peril" than see the most brutal and despotic power on the face of Europe triumph. Russia is one vast prison house, where to express freedom of speech means exile and a living death. She is worse than the Turks; she is still floundering in the gloom of the medieval ages. If a man should tell this much truth in Russia, he would spend the balance of his days in the mines of Siberia. It is only once in a while that liberty asserts itself and tyrants and oppressors like the late Minister of the Interior M. D. Plehve get their just deserts.

THE report of the First National Bank of Rusk shows that their deposits on Sept. 6th, amounted to \$125,115.90. On same date the Henderson banks had on deposit \$171,388.25, and the Jacksonville banks \$262,742.81.—Jacksonville Banner.

Which reminds us to say that the last report of the two banks in Nacogdoches show that their aggregate deposits on Sept. 6th amounted to \$312,758.79—very considerably more than the showing made by either Rusk, Henderson or Jacksonville.

SENATOR CLARK doesn't own Montana but he owns more property than any other man in that state and has corresponding influence. He knows the Montana situation thoroughly and has assured the national democratic committee that the state can be safely put down in the democratic column. Every little helps.

J. P. Bruton, of Douglass, was in the city on a short business trip today.

Col. A. B. Martindale, of Cushing, was in the city today on his weekly business visit to the hub.

Mrs. J. L. Burrows, of Melrose, spent last night in the city, visiting Miss Emma Jacobs, who is still very sick.

N. H. Neal, the truck grower, of the Cordova Prairie neighborhood, remembered the editor today with a bucket of fine sweet potatoes, as a sample from his truck patch.

Uncle Robert Olds, of Appleby, was in town today. He is seldom in Nacogdoches of late years, having little business here, and old age rendering it difficult for him to stir about much.

Messrs. Killough & Son are getting a fine patronage to start off with at their machine shop. They will have foundry department in operation within the next month. Young Killough is in Jacksonville today, shipping out some machinery for that purpose.

Miss Julia Flournoy, of San Augustine, is spending the week here with her friends Misses Fannie and Grace McPhail. Miss Flournoy is on her way to Sam Houston Normal at Huntsville, to finish her course of studies in that institution.

Mr. Will Baker, son of Mr. Slade Baker, the hotel man of Appleby, and Miss Mabel Vardeman, daughter of Mr. and Mrs. Tom Vardeman, were married Monday, Sept. 12th. Both bride and groom are popular with a large circle of friends, with whom The Sentinel joins in extending congratulations.

The aggregate receipts of the several cotton yards of the city has reached nearly a thousand bales. Taylor's yard leads with approximately 250 bales. Rentro and Lock come next with about 200 bales, and the other three yards have received about an average of 150 bales.

FRIDAY'S LOCALS.

Esquire Jno. W. Murph, of Linn Flat, spent last night in the city.

Esquire J. F. Perritte, of Etoile, is spending a day or two in the city.

Messrs Harvey Miller and Bud Fox, of Etoile, were in the city today selling cotton and trading.

Messrs J. U. Stone and J. W. and W. M. Perkins, farmers of this vicinity are visiting in Palestine this week.

Mr. Robert Brewer, an old citizen and well to do farmer of the Cushing section of Nacogdoches county, was in the city yesterday.

Messrs. C. K. Dennard, J. N. Collie and T. J. Collie, all substantial citizens of the Douglass community, were in the city today and gave this office an appreciated call.

Messrs. C. S. Crouch and Henry Teutsch, both prosperous farmers of Chireno, were in the city this morning with cotton. They sold for 10 1/8 cents.

Joe Bug Roquemore returned from Mansfield, La., yesterday afternoon where he made bond in the sum of \$500 for his appearance in court there to answer charges pending against him.

W. M. Layton, of Attoyac, was in the city today. He has been kept at home on account of sickness and has been sick himself the past two weeks. This is his first trip to Nacogdoches in several months.

Bremont McCarty, was arrested by W. Y. Forest, of Jacksonville, a few days ago on a warrant for forgery sent him by Sheriff Spradley. It is alleged that McCarty forged the name of another person and got possession of a very fine valise from the express office here. He has been released on bond.

Judge Middlebrook and J. P. Bruton spent yesterday in Shreveport, arranging for counsel in the case against Oscar Chambers, step son of Mr. Bruton, who is indicted there for killing a man several weeks ago. They report that they found the matter more favorable than they even expected and feel sure that the young man can be extricated from his troubles.

This morning Mr. W. E. Baxter placed on exhibition at the office of the Nacogdoches Land Company a stalk of corn which may safely challenge comparison with any other corn stalk in the county. It is of the June corn variety and measures 18 1/2 feet in length. It bore two ears of corn, one very large and the other one of ordinary size. This stalk grew in Mr. Baxter's patch near his wagon yard on West Main street and while this is the tallest stalk, all of it is remarkable for length.

TORMENTING RHEUMATISM

Columbus, Ohio, May 20, 1903.

Six years ago I had a severe attack of Inflammatory Rheumatism. I was laid up in bed for six months, and the doctors I had did me no good. They changed medicines every week and nothing they prescribed seemed to help me. Finally I began the use of S. S. S. My knee and elbow joints were swollen terribly, and at one time my joints were so swollen and painful that I could not close them when opened. I was so bad that I could not move knee or foot. I was getting discouraged, you may be sure, when I began S. S. S., but as I saw it was helping me I continued it, and to-day I am a sound well man and have never had a return of the disease. S. S. S. purified my blood and cured me of this severe case of Rheumatism after everything else had failed. I have recommended it to others with good results.

R. H. CHAPMAN, 1355 Mt. Vernon Ave.

The poisonous acids that produce the inflammation and pain are absorbed into the blood and Rheumatism can never be conquered till these are neutralized and filtered out of the blood and system. S. S. S. goes directly into the circulation and attacks the disease itself. It purifies and restores the blood to a healthy, vigorous condition. It contains no potash, alkali or other strong minerals, but is guaranteed entirely vegetable. Write us and our physicians will advise with out a charge whatever. Our book on Rheumatism sent free.

A Boy's Wild Ride for Life.

With family around expecting him to die, and a son riding for life, 18 miles, to get Dr. King's New Discovery for consumption, coughs and colds, W. H. Brown, of Leesville, Ind., endured death's agonies from asthma, but this wonderful medicine gave instant relief and soon cured him. He writes: "I now sleep soundly every night." Like marvelous cures of consumption, pneumonia, bronchitis, coughs, colds and grip, prove its matches merit for all throat and lung troubles. Guaranteed bottles 50c and \$1.00. Trial bottles free at Stripling, Haselwood & Co's drug store.

Houses in Nacogdoches are always spoken for before they are vacant. There is a demand for many more rent houses than are to be found here. Build houses.

Fearful Odds Against Him.

Bedridden, alone and destitute. Such, in brief, was the condition of an old soldier by name of J. J. Havens, Versailles, Ohio. For years he was troubled with Kidney disease and neither doctors nor medicines gave him relief. At length he tried Electric Biters. It put him on his feet in short order and now he testifies: "I am on the road to complete recovery." Best on earth for liver and kidney troubles and all forms of stomach and bowel complaints. Only 50c. Guaranteed by Stripling, Haselwood & Co.

Plant Incorporated.

A charter has been granted The Banita Manufacturing Plant of this city, capital stock four thousand dollars. The incorporators are A. B., A. C. and Tommy Ireson. It is probable that stock will be offered for sale and the capital increased with the view to greatly increase the output of the plant, which has never run within half its full capacity owing to lack of capital necessary to carry stock. Immense quantities of material are necessary to keep the vast machinery going, which must be bought in car lots; or even train loads, and while there is demand for every article manufactured at profitable prices, it has been impossible for the company to run the plant on full time. There are other reasons for incorporating in the line of protection to the company, its employees, etc., adhering strictly to laws covering corporations.

What is Life?

In the last analysis nobody knows, but we do know that it is under strict law. Abuse that law even slightly, pain results. Irregular living means derangement of the organs, resulting in constipation, headache or liver trouble. Dr. King's New Life Pills quickly readjusts this. It's gentle, yet thorough. Only 25c at Stripling, Haselwood & Co's.

Oil News.

The derrick for the Williams well has been completed. The machinery which is already on the ground, will be placed in position this week, and work will be started on the well the first of next week.

Work is going smoothly on the Thresher well. The mud and water have been shut off and the drill has been sent down some distance since the flow of gas was struck. Oil experts say prospects are good for an oil strike.

There are several other rigs now idle that will probably be put to work soon, especially if indications continue to improve in the Thresher well.

Bucklen's Arnica Salve

Has world-wide fame for marvelous cures. It surpasses any other salve, lotion, ointment or balm for cuts, corns, burns, boils, sores, felons, ulcers, tetter, salt rheum, fever sores, chapped hands, skin eruptions; infallible for piles. Cure guaranteed. Only 25c at Stripling, Haselwood & Co's.

Broke the Record

From Saturday's Daily:

There were twenty-five prisoners in the calaboose this morning, the highest number ever confined in the city, bastille. Seventeen of the prisoners were brought in last night from the Mally orchard by Doc Watson, on a charge of crap shooting, drunkenness and general disturbance. They are all negroes and pleas of guilty were entered and those of them who cannot raise the amount of fine and "trimmings" will be sent out to the poor farm to work it out per diem.

One white man was arrested for having on him a pair of brass knucks, and in default of \$35.00 to pay the penalty is still locked up.

DR. THACHER'S Liver and Blood Syrup

CURED BY REMOVING THE CAUSE

A THREE-FOLD REMEDY for all ills due to functional troubles. Acts on the Liver and Kidneys and Purifies the Blood.

Thousands have used this reliable remedy with perfect confidence and success for 82 years, because they know just what it contains.

The formula consists of Bifchu, Hydrangea, Mandrake, Yellow Dock, Dandelion, Sarsaparilla, Gentian, Senna and Iodide of Potassium.

Any doctor or druggist will tell you that this is a scientific and reliable combination of great merit for all diseases having their origin in the Liver, Kidneys or Blood. After years of experience and patient experiment, Dr. Thacher so perfected the process of manufacture, that it never fails to bring the expected relief when taken according to directions.

Thousands of sick ones to whom life has been a burden have written grateful letters of thanks.

I have suffered greatly with indigestion, constipation, also a severe liver trouble, with loss of appetite. Could not rest well at night, in fact, had no energy to work or even walk around. I felt like I was packing a heavy load and was easily exhausted, until I took Dr. Thacher's Liver and Blood Syrup, which helped me almost from the first dose. When I had taken one and one-half bottles I felt like a different man, and I knew that it was due entirely to your medicine. I used in all three bottles, and consider myself perfectly cured. At this time my appetite is good, I sleep well, and feel strong and refreshed on arising in the morning.

If you need a medicine, try a day for a free sample bottle and "Dr. Thacher's Health Book," which contains full directions for its use. We simply ask you to try it at our expense. We know what it will do. At all druggists. 50 cents and \$1.00.

Easy Pill

Easy to take and easy to act is that famous little pill DeWitt's Little Early Risers. This is due to the fact that they tonic the liver instead of purging it. They never gripe nor sicken, not even the most delicate lady, and yet they are so certain in results that no one who uses them is disappointed. They cure torpid liver, constipation, biliousness, jaundice, headache, malaria and ward off pneumonia and fevers.

R. W. HALTOM, Editor

To The Fruit and Truck Growers of Texas:

Whereas, at the meeting of the Texas Fruit and Truck Growers' Association held in Jacksonville, Texas, on the 15th day of July, 1904, a committee of twenty five were selected to go to California for the purpose of studying the methods of growing, packing, handling, and the sale and distribution of the products of that region and make a report of the result of such investigations with recommendations to an adjourned meeting to be held in the city of Tyler at a date to be fixed by the Chairman of the meeting. And

Whereas, said committee has returned from its trip of investigation and is prepared to make a report; I therefore call said meeting to wit:

A convention of all fruit and truck growers of the State of Texas to be held in Tyler on Thursday and Friday, October 6th and 7th, 1904, to receive the report of said committee, and take such steps as may be deemed advisable to organize a permanent State Association, and to transact such business as may come before such assemblage. A point has been reached in our development that makes organization a necessity, and the adoption of better methods of growing, grading and handling imperative, and it is hoped that every grower of fruits, vegetables or truck of any kind in Texas will be interested and that every association in the state will be represented at the Tyler meeting. Special rates will be made by the railroads for the meeting.

Frank B. Gunn, Chairman. Rusk, Texas September 9th, 1904.

In addition to the call of the State Chairman, I earnestly solicit the attendance of as many as possible of the Nacogdoches Truck and Fruit Growers who are interested in this move. The time in my opinion has come when we have got to work systematically in order to get proper results. Go to the Tyler meeting. J. A. Pirtle.

Mr. S. J. Weatherly, of Garrison, was in the city Saturday and was a friendly caller at The Sentinel office. This was Mr. Weatherly's first trip to Nacogdoches in three years, and he says great improvements in the town during that time are plainly noticeable, in spite of the brick piles still standing as a monument to the burnt district. Mr. Weatherly is an old citizen of Nacogdoches county and has lived more than forty years in the house which is still his home near Garrison.

The news of the sad death of Miss Reta Smith, which occurred at Kirbyville several days ago, has been received here, and is deeply regretted by the many friends she made while the family lived in Nacogdoches. She was the daughter of Mr. R. R. Smith, who lived here a few years ago, and sister of Mrs. Bertie Muckleroy, of Trinity. Her death was caused from typhoid fever.

All Day Service.

There will be all day service at Lone Star on the third Sunday in October. Preaching in the morning, then dinner for everybody, and music in the afternoon. Everybody invited to come and bring a basketful of dinner. All of the singers are especially invited. Don't forget the date. J. W. Jefferson.

Edward Daughtrey.

Edward Daughtrey, a prominent citizen of Austin county and a native of San Augustine county, died at his home in Kenedy from a stroke of paralysis, Monday. He was born in this county in 1825 and left with his father, Bryan Daughtrey, for Austin county in 1830. Bryan Daughtrey kept an inn on the old San Felipe-Austin road in the 30's and was an intimate friend of the fathers of the older generation of San Augustine and Nacogdoches.—San Augustine reporter.

Mr. T. J. Self, who is now a citizen of the Cushing section of Nacogdoches county, is recently from Collin county. Mr. Self says there are many good, honest hard working farmers in that county that have expressed a desire to come over into the fruit belt of East Texas, and that it would not require much inducement to bring them here. He is interesting himself to this end and it is probable that within the next few months quite a number of families will move here from that section.

Monday, Capt. J. H. Garrison was here inspecting and receiving timber. He received three car loads of white oak and shipped it to Glasgow, Scotland. The timber is exceptionally fine and brought ten dollars a thousand. He also inspected and received ten car loads of walnut timber at Cushing and shipped it to Bremen Germany.—Caro Opportunity.

HARRIMAN LOSES OUT.

Moore-Gates-Hawley Syndicate Has Control.

According to advices received in this city this morning from Chicago and also from dispatches in the morning papers from the same place, it is quite evident that the control of the Houston & Texas Central has been wrested from E. H. Harriman and that property is now under the control of the Rock Island or the Moore-Gates-Hawley syndicate. It appears that Mr. Harriman was badly worsted by these gentlemen in a tilt for the possession of the Chicago & Alton, and that in order to secure the control of that road he had to come across to them through relinquishing of his control of the Texas road. Messrs. Gates and Hawley proceeded to buy up all the Alton stock they could get when they learned that Mr. Harriman was after it, and in that way they kept him from securing control of it, which was necessary in order to further a pet scheme that has long been a dream of the great railroad man. What the Rock Island will do with the Central is a matter of speculation, but it is now a certainty that they will never build from Fort Worth or Dallas to the gulf. It is quite probable, however, that a line will be built from somewhere on the Houston & Texas Central to Beaumont, as the Rock Island is desirous of breaking into the oil and lumber territory.—Beaumont Journal.

Abscess.

W. H. Harrison, Cleveland, Miss., writes, Aug 15, 1902: "I want to say a word of praise for Ballard's Snow Liniment. I stepped on a nail, which caused the cords in my leg to contract and an abscess to rise in my knee, and the doctor told me that I would have a stiff leg, so one day I went to J. F. Lord's drug store (who is now in Denver, Col.) He recommended a bottle of Snow Liniment. I got a 50c size and it cured my leg. It is the best liniment in the world." Abscesses, with few exceptions are indicative of constipation or debility. They may, however, result from blows or from foreign bodies introduced into the skin or flesh, such as splinters, thorns, etc. Sold by Perkins Bros.

Out For the Seed.

Manager Pearson, of the Merchants & Farmers Cotton Oil Co., in this city, says the big plant is now ready for business and the company is in the market for all the cotton seed in the country. It has no street buyers, is a home institution run by home men, and will pay the top price in cash for seed. No outside company can offer better inducements. Stick to home enterprise and see Mr. Pearson if you have seed to sell. d2w1

Enough Melons For Once.

There is one little South Carolina negro who has had his fill of watermelons. In Columbia some days ago he was loafing around the railroad yard when he spied a car laden with melons. Nobody being in sight, he climbed into the car to see if he "could find a cracked melon." While he was searching, a brakeman came along and slammed the car door and sealed it. The

little negro was too frightened to make an outcry. The car was bound for Washington. For three days and nights the pickaninny was locked in the car with only watermelons for company. When the car reached Washington he was discovered. His discoverer asked, "Want some water melon, sonny?" He grinned and replied "Nebber, no mo, suh."—Rusk County News.

Sprains.

S. A. Read, Cisco, Texas, March 11, 1901: "My wrist was sprained so badly by a fall that it was useless; and after using several remedies that failed to give relief, used Ballard's Snow Liniment and was cured. I earnestly recommend it to any one suffering from sprains." 25c. 50c \$1. Sold by Perkins Bros.

M. G. Hazle has enlarged, refenced and rearranged his wagon yard so that it now opens out on East Main street, making the two East Main street yards almost front each other. Will Baxter has it all to himself on West Main street.

Cured of Bright's Disease.

Geo A Sherman, Lisbon Red Mills, Lawrence Co., N. Y., writes: "I had kidney disease for many years and had been treated by physicians for twelve years; had taken a well known kidney medicine and other remedies that were recommended but got no relief until I began using Foley's Kidney Cure. The first half bottle relieved me and four bottles have cured me of this terrible disease. Before I began using Foley's Kidney Cure I had to make water about every fifteen minutes, day and night, and passed a brick-dust substance, and sometimes a slimy substance. I believe I would have died if I had not taken Foley's Kidney Cure." Sold by Perkins Bros.

Mr. R. E. Fish, of Port Neches, is in the city looking after his business affairs here. He recently bought a tract of land near this city and is arranging to convert it into a fruit and truck farm with a view to making Nacogdoches his permanent home.

A Cold Settled In His Kidneys.

A J Jenness, 9201 Butler street, Chicago, writes: "I am a switchman and am out in all kinds of weather. I took a cold which settled in my kidneys and I was in bad shape. I tried several advertised remedies with no benefit until I was recommended to try Foley's Kidney Cure. Two-thirds of a bottle cured me." Sold by Perkins Bros.

Considerable delay in the progress of work on the new Cental school building has been caused heretofore by the absence of iron necessary in the structure, but this has all arrived and has been put in place and work on the building is now going forward rapidly.

Do Not be Imposed Upon.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. Ask for Foley's Honey and Tar and refuse any substitute offered as no other preparation will give the same satisfaction. It is mildly laxative. It contains no opiates and is safest for children and delicate persons. Sold by Perkins Bros.

Cancer Cured by Blood Balm—All Skin and Blood Diseases Cured.

Mrs. M. L. Adams, Fredonia Ala., took Botanic Blood Balm which effectually cured an eating cancer of the nose and face. The sores healed up perfectly. Many doctors had given up her case as hopeless. Hundreds of cases of cancer, eating sores, suppurating swellings etc. have been cured by Blood Balm. Among others Mrs B M Guerney, Warrior Stand, Ala. Her nose and lip were as raw as beet, with offensive discharge from the eating sore. Doctors advised cutting but it failed. Blood Balm healed the sores, and Mrs. Guerney is as well as ever. Botanic Blood Balm also cures eczema, itching humors, scabs and scales, bone pains, ulcers, offensive pimples, blood poison, carbuncles, scrofula, rising and bumps on the skin and all blood troubles. Druggists, \$1 per bottle. Sample of Botanic Blood Balm free and prepaid by writing Balm Blood Co, Atlanta Ga. Describe trouble and special medical advice sent in sealed letter. It is certainly worth while investigating such a remarkable remedy, as Blood Balm cures the most awful, worst and most deep-seated blood diseases.

It is probable that a buggy and mattress factory will be added as one of the features of the big machine and repair shop of Killough & Son. Mr. J. J. Raimy is interesting himself in the enterprise. He is experienced in this line and if the scheme is carried out it will no doubt prove successful.

Given Up to Die.

B. Speigel, 1204 N Virginia street, Evansville, Ind., writes: "For over five years I was troubled with bladder and kidney affections which caused me much pain and worry. I lost flesh and was all run down and a year ago had to abandon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me much relief, and after taking the second bottle I was entirely cured." Sold by Perkins Bros.

The new residence of Mr. W. T. Wilson on Mound street is nearing completion. Mr. Wilson selected one of the most desirable building sites and will have one of the most attractive homes in the city.

It is probable that several noted democratic speakers will speak in Nacogdoches between now and the election, among them the Hon. Cone Johnson, of Tyler.

Notice.

To the farmers of this and adjoining counties: I am still in the wagon yard business. I have always appreciated your patronage and solicit the same in the future. My yard is on West Main street, stables with doors and good freestone water in yard. Prices same as usual. Also have beds for rent. 3tw W. E. Baxter.

COX'S CAREER.

Captured On Eve of Another Move to Elude Officers. From Friday's Daily:

The Sentinel was in error in stating that Sheriff Spradley first went to Arkansas, after Cox and returned to Shreveport where he was put on the right trail. Spradley had been expecting for weeks to hear of Cox's capture, as he had reliable information that Cox was in the backwoods on the line of Louisiana and Ark. Sheriff Taylor, of Union Parish, La., wired Spradley from Strong, Ark., that he had Cox. There is no railroad or telegraph office at Farmersville, La., where Cox was arrested. Union Parish, La., and Union Co., Ark. join each other and there was a little confusion in locating in which county or parish Cox was in, but no delay. Cox had gone to Farmersville to procure license to marry a young lady and was passing under the name of Dr. Jasper Grimes. The officers had been notified that Cox had assumed that name and when he called for license he was recognized by Sheriff Taylor and arrested and at the same time a constable appeared with a warrant for Cox, alias Grimes, on the charge of burglary, in the settlement where Cox had been staying. Cox traveled in a buggy and walked with a crutch, claiming to be completely paralyzed in one leg from a gun shot wound while a surgeon in the Cuban army, which was a ruse to conceal his identity. He had changed his manner, dress and habits and was posing as a moralist and had made many prohibition speeches. When asked what kind of a prohibition speech he made, Cox replied that it was a d-m poor speech but he had the crowd with him and it was decided that he got the best of the argument against some able debaters. Cox's horse and buggy and wearing apparel had all been attached to a board bill. The girl that Cox was to wed is a niece of the District Judge and is a handsome girl, but weighs only 90 pounds. When the good brethren heard of Brother Grimes' arrest they claimed that it was persecution and came to Farmersville to make his bond, but the Sheriff soon put them at ease as to who Cox was and to his real name. Farmersville is the first town that Cox had visited since he left here. He says he did not intend to marry the girl but it was a ruse to get possession of his property and skip. Cox says Sunday night was the time set for him to skip that country, but he was arrested Saturday. Many traps have been set and schemes laid for Cox's capture but he kept his own counsel and steered clear of them all. He had abandoned all communication with his people and looked alone to the newspapers for news from home and elsewhere. He said he noticed in the Shreveport Times where he was captured at Lafayette and that made him feel shaky. Said his future course was to abandon his pill bags, horse and buggy and go to the cotton valleys and pick cotton for awhile.

Sheriff Spradley arrived yesterday afternoon from Louisiana with Dr. Cox and the latter is now in jail here.

They Should.

"My honest conviction, based upon my own experience and that of my friends, is that 'Hunt's Cure' will cure a larger per cent of skin troubles, especially of an itching variety, than any other remedy. Certainly those afflicted with any form of itch should try it."—J O Monroe, Atchison, Kan. 50c per box.

Killed at Pollok.

Sam Montgomery was killed by a Cotton Belt freight train at Pollok Tuesday morning, and his remains were brought through here today, and carried to Elkhart for burial, J. H. Montgomery and wife, of Kelly's accompanying them. It seems the man attempted to board a moving train, and was thrown under the wheels. By an error it was reported yesterday that the accident occurred on the T. & N. O.—Jacksonville Banner.

Best in Existence.

"I sincerely believe, all things considered, Hunt's Lightning oil is the most useful and valuable household remedy in existence. For cuts, burns, sprains and insect bites it has no equal so far as my experience goes."—G. E. Huntington, Eufala, Ala. 25c and 50c bottles.

B. M. Hall & Son have greatly increased their stock of general merchandise, having completed the new addition to their store, house 208 East Main street. The building now extends from Mair to Pilar streets adding greatly to convenience as well as room.

Seeks No Further.

"No more nauseous doses of quinine and the like for me. Cheatham's Laxative Tablets are surer in effect and far more pleasant and convenient to take. I seek no further for a safe and sure cure for chills, biliousness, and malaria."—Edw Dubois, Baton Rouge, La. 25c per box.

People from the west end of Nacogdoches county, report that farmers will finish gathering cotton entirely within the next three weeks. There is only what is open in some places to gather. What might have matured from now on has been destroyed by the weevil.

Attend to Your Liver.

No organ in the human body can give as many different kinds of trouble as the liver when it is not right. Simon's Liver Purifier makes it right and keeps it so.

The county tax rolls have been returned from Austin approved and Collector Turner is now doing business with the tax payers. They are paying taxes but slowly thus far, but next month the rush will commence.

TRAVELING TRUCK GROWERS.

Proceedings of Meeting Held During Trip to California.

Palestine, Texas, Sept. 14.—The following is the secretary's report of the proceedings had on tourist car No. 3092, en route to California and return, by the delegation of fruit growers of Texas.

Organization perfected by electing Judge F B Guinn of Rusk county, chairman, and R H Thompson of Henderson, secretary.

The following committees were then appointed for the purpose of specially studying the various subjects assigned them, and to report to the general committee of the whole after leaving California:

On insect pests, F B Guinn.

On organization, distribution of fruits, freight, express, icing, etc., H L Hedges, Wesley Love, C D Jarrett, L A Henry, F B Guinn.

On growing, handling and the small growers' side, N C Gragard, J F Peele, J A Pirtle, C W Wood, R T Henderson, H G. Guinn, John M Daly.

On irrigation, J W Melton, J W Ogburn, R R Claridge, H F Craddock, J F Nash, R H Thompson.

After leaving Colorado, another session of the general committee was held, at which a committee of five was selected to receive the reports made by the sub-committees heretofore appointed, and from these sub-committees' reports to make a general report to the meeting to be called at Tyler.

F B Guinn, C D Jarrett, L A Henry, J W Ogburn and Wesley Love were selected. L A Henry, R H Thompson and J F Nash were then selected as a committee on transportation to confer with the different roads for the purpose of securing a low rate for delegates to the Tyler meeting.

The first Thursday in October, 1904, it being the 6th day of said month, was then selected as the date on which to meet at Tyler, and that all sub-committees be required to meet in Tyler on Wednesday, the 5th day of October, with the committee of five heretofore selected, for the purpose of assisting said committee in arranging and making final report to said convention or mass meeting then to meet on Thursday, the 6th.

H L Hodges, C T Burton and J T Kuhn were then selected to draft proper resolutions, thanking the several railroads for their kindness and courtesy in giving to us such a trip as the one just participated in by the delegation of fruit growers of Texas, and that the names of these railroads who participated in this trip will be made public at the Tyler meeting on October 6, 1904. Also that a vote of thanks be extended to the various railroad officials along the lines over which we traveled for their kind consideration of our party, and that these resolutions be published and a copy of which be sent to each of said officials; and also a vote of thanks be extended to the good people of California, Utah and Colorado for courtesies, and for the open,

frank manner in which they gave us the desired information we asked, knowing full well that Texas is California's competitor in fruits.

A vote of thanks was then extended to R H Thompson by the delegation for having served them as manager of the tourist car throughout the trip, and for looking after their comfort on said trip.

A vote of thanks was then extended to R R Claridge, industrial agent of the International and Great Northern railroad, for his active participation in securing comforts for the party.

A vote of thanks was then extended to W J Warren for his active assistance in securing the trip which we have just taken.

A committee was then appointed consisting of J W Ogburn, F H Stalworth, H L

Stricker, W H Warner and H F Craddock to secure a place on arrival at St. Louis and have a banquet prepared that the party may eat, drink and be merry to the health and good wishes of each other before the delegation disbanded.

R. H. Thompson, Secretary.

Beautiful Women.

Plump cheeks, flushed with the soft glow of health and a pure complexion, make all women beautiful. Take a small dose of Herbine after each meal; it will prevent constipation and help digest what you have eaten. 50c. Mrs. Wm M Stroud, Midlothian, Texas, writes May 31, 1901: "We have used Herbine in our family for eight years, and found it the best we ever used for constipation, bilious fever and malaria." Sold by Perkins Bros

Not a Mere Log Road.

The Nacogdoches and Southeastern railroad which runs from Nacogdoches southeast for a distance of thirty-two miles wants to be recognized as a railroad, says an Austin special to the Houston Post. The railroad commission has heretofore looked on it as a logging line. M. C. Bay of Nacogdoches, general manager, recently wrote to the commission requesting that body to apply freight rates to his road. Chairman L. J. Storey made reply to the effect that a copy of the charter of the road had never been filed with the commission as requested and in accord with its regulations, and that so far as the official knowledge of the commission it was not known that such a road existed. A letter was received by the commission from Mr. Bay today in which he inclosed the necessary documents, proof and history of the road, and asked that the matter of the road being recognized be formally heard at some future date to be fixed by the commission. His request will be granted.

TUESDAY'S LOCALS.

Ed M. Weatherly, of Garrison, is in the city.

B. F. Nugent, Will Morton and John Perritte, of Etoile, are attending district court.

Mrs. Dr. W. N. Terrell has gone to Anniston, Ala., where the unfortunate tragedy occurred last week, in which her sister, Miss Bessie, was most foully murdered. Mrs. Terrell has the sympathy of this entire community in this sad trial, as do the parents and all other members of the grief stricken family.

Miss Minnie Skillern, daughter of Mr. and Mrs. Isaac Skillern, of Decoy, died last Saturday of typhoid fever and was buried Sunday in the cemetery at Decoy. Miss Skillern was a lovely girl, just budding into womanhood, and her death is sadly lamented by all who knew her and is a severe blow to the family and relatives.

MONDAY'S LOCALS.

Miss Alpha Winsor left this morning for Huntsville to attend the Sam Houston Normal.

Dr. C. W. Spears and J. R. Greer and their brides, of Chireno, returned yesterday from St. Louis, where they attended the World's Fair on a bridal trip.

Prof. Mally was in town this morning from the Mally Orchard Company's farm, three miles south, and says they are now ready to fire the brush on 400 acres of cleared land which will next be plowed and set out in 50,000 fruit trees.

Mr. J. W. Petty, a well to do farmer of the Red Oak community, was in the city today. He says he may not have the best corn crop in the county, but he has corn bread and honey, having found two bee trees rich with honey, in his corn field since he began gathering the crop, and is not yet half done.

Dr. W. S. Fall, of Pepper, Rusk county, is spending a few days in Nacogdoches, and will visit his old home at Chireno before he returns. He has been practicing medicine, making a specialty of diseases of women, for several years up in Rusk county and says he has built up a fine practice and is highly pleased with his new home.

Mr. Tom Gillis, one of the most successful farmers of Nacogdoches county, who lives out East of Shady Grove, was in the city a few days ago and brought in several gallons of sorghum syrup of this year's crop for sale. He left a half gallon as a sample at The Sentinel office which upon being tried proved to be almost equal to the best grade of ribbon syrup. While fresh there is no syrup made that has a finer flavor or a better color than this sorghum, and if it were not for the prejudice that exists against it as a cheap article, it would soon be in its common use as the ribbon syrup produced in this country.
