Married At Sight.

Mrs. Boyd, of Center, was married last night at Tenaha, to a Mr. Brown. Neither had ever seen the other until the groom stepped off the train, their courtship having been carried on through correspondence. The groom came 1600 miles to meet the lady who was at the station with the necessary license and a preacher.—Timpson Times.

Accident at Appleby.

Louis, the 11-year old son of Mr. J. R. Lanier, who is with A. A. Morgan, the furniture man of this city, was severely hurt yesterday by the explosion of a dynamite cartridge at Appleby. The little fellow had gotten possession of a cartridge from some men who were blowing up stumps while on his way home from school, and not knowing the danger exploded the cartridge while pranking with it after he carried it home. The explosion nearly cost him one of his hands and so badly lacerated the thumb and first finger on the left hand that amputation was necessary.

Hustling Caro.

From The Opportunity:

The Gallaway & Garrison saw mill and planers are running full time with all hands.

The Whiteman-Decker Lumber Co.'s commissary is being nicely fitted up and a very large stock of new and up-to-now merchandise is on display.

The sound of the falling timber on the Whiteman-Decker Lumber Co.'s lands indicate that things are rushing. They are figuring on being ready for work soon.

The workmen are rushing the Whiteman-Decker Lumber Co.'s big saw and planing mills, and dry kilns to completion. Everything has the appearance of business.

Work on the second one of the cottages for the townsite company is being rushed. The first one is completed except the windows. These cottages are neat, well built, with four rooms, each 14x16 feet, with two galleries. They are weatherboarded and ceiled and will be both comfortable and nice looking.

W. C. McBee brought a six pound specimen of his potato crop to The Sentinel office this morning. Mr. McBee says he never saw such an overwhelming potato crop as that of this year. It is with difficulty that he can find potatoes of the proper size sufficient for seed for next year's planting.

It certainly does not speak well for Nacogdoches enterprise to have all the brick now used for building purposes shipped from distant yards. Garrison seems to be supplying the plain brick now used. It has long been conceded that no finer brick clay exists any where than here, and all that is needed is a little enterprise and money to put the local yards to work again. There is now a five thousand dollar plant lying idle here. It is time to be getting up that much talked of stock company and starting this machinery going again. There will be an increased demand for its output from this time on.

For President
ALTON B. PARKER
of New York.
For Vice President
HENRY G. DAVIS
of West Virginia.
For Congress
M. L. HROU, KS.
of San Augustine.

Now is the summer of our discontent made glorious winter by this fine October frost and so forth.

If Judge Parker took his daily bath in the Hudson this morning he is a greater man than there is any real necessity for at this season of the year.

THERE is plenty for the democrats of Nacogdoches county to do for the next two weeks. The opposition is quiet, but it is not asleep by any means.

GOVERNOR HOGG uncovered a masked battery when he opened up on Chairman Andrews. The latter distinctly says "you're another," and goes into details.

In his speech at Marion, Indiana, Saturday, William J. Bryan said he would rather go down to eternal oblivion than to be instrumental in the election of Roosevelt. Here too, Billy!

MR. FAIRBANKS can now take a well earned rest from his arduous campaign labors. This kind of weather makes his speeches unnecessary to cool the popular excitement over the approaching election.

ROOSEVELT'S proclaimed desire to but in as a peace-maker between the combatants in Manchuria has been promptly rebuked by Russia as she hasn't been licked half enough yet to squeal for arbitration.

If Indiana goes democratic it will be largely through the splendid campaign work Mr. Bryan is now doing in that state. He never talked more eloquently for himself than he is talking for Judge Parker. Billy Bryan is "much of a man" and all wings, factions, branches, clans and cliques of the democratic party should be proud of him.

CONGRESSMAN BURGESS of this state, just back from Indiana where he has been making campaign speeches for some time, is a man who doesn't talk loosely. He says that unless there is a great change between now and election day, the vote of Indiana will be cast for Parker and he further says that a democratic congress next time is a certainty.

If Teddy should by any evil chance be elected next month he'll make us all, friend and foe alike, pay well for this long, cruel silence imposed upon his eloquent mouth by his prudent campaign managers. The whole country will hear the detonations as the corks pop from the vials of his bottled-up verbosity and he capers to the front of the stage ready for four more years of strut and gab.

In the Philippines last Saturday Lieut. Fred L. Deen of the regular army, a Texan born and reared at Athens, Henderson county, was shot and killed by a brother officer while the latter was temporarily insane.

The republican nominee for governor of Texas, Mr. Lowden of Abilene, can't "get there" politically, but he has done better by capturing the heart and hand of a nice Texas girl, Miss Morris of Brenham, to whom he will be married today.

It is just as easy to vote under the new election law as it ever was. All that is required that is different from heretofore is that the voter must and shall make out his own ticket without the assistance of anyone, except the officers of the election.

If Col. Cecil Lyon, the republican boss in Texas, can make his grave charges against the state administration true, he should by all means do so. The Texas democracy is under the impression that it has given the state a clean government, and if such is not the case we all want to know it. "Have done with your damnable iteration," Col. Lyon, and bring on your proof.

The various election officers should study the election law carefully, so that no mistakes will be made in the operation of the new law. The law and rules for holding elections are laid down in the front part of the "poll list" sheets, and if read carefully there is no danger of any blunders being made. Carelessness on the part of the judges of the election, however, may lead to endless complications.

The Alabama congressman, one Hellin, who suggested that it wouldn't have been a bad idea if some Czolgotz had thrown a bomb under Roosevelt when he lunched with Booker, should be retired from public life by his constituents. The American public man who advises assassination as the proper way to get rid of a president of opposing political faith is beneath contempt, and Hellin should hurry himself out of sight as quickly as possible.

UNDER the new election law no ticket can be obtained except from the officers of the election and none can be carried away. There are six tickets in the field this year. The voter will be supplied with one of each. He votes the one he prefers and hands the other five back to be put into the waste box. If a ticket is spoiled or mutilated the whole set of six are handed back and a new set will be given the voter. The voter must make out his ticket in the presence of the judges of the election, though he does not have to expose his ticket. If he is unable to make out his ticket by himself then he can have the election officer, and no one else, to assist him. The name of the judge of the election must be written or stamped on the back of every ticket voted, and said name must be upon the ticket when it is handed to the voter.

THE business section of the thriving little town of Oakwoods in Leon county, was destroyed the other day by fire. They had no waterworks and very little insurance. Queer policy for business men in this age of the world.

GEN. JOE WHEELER wants to go to Manchuria and see the fighting. Old Joe has the size, agility and pluck to pass for a Jap if he'd shave off his whiskers and color his skin, and he'd jump into the scrap as sure as he got there. Better keep away and avoid international complications.

WE commend the shining example of Gen. Crane, former attorney general, when recently approached by a reporter to know if he would be a candidate for governor two years hence. He replied that it was too early to discuss the matter so far in advance of the nominating convention.

"THE time has come in Texas when the protection of human life and the peace, order and highest interests of society demand that the carrying of pistols should be stopped," says the Houston Chronicle. That time came in Texas many years ago and the united voice of the press has been doing its level best ever since to abate the evil, but in vain. If the Chronicle can do good along that line, we shall be glad to know it, but for our part we are tired trying to reform people who won't be reformed. Most pistol totes can't read, and those who can seldom do, hence the preachments of the press never reach them. If the law, through its officers, won't do its duty in the matter by making pistol toting too costly to survive, the case is hopeless. It is merely a plain issue between law and lawlessness and if the law isn't enforced lawlessness will prevail. No pistol toter ever goes to heaven, which is bad enough; and in Texas very few of them ever go to jail, which is still worse.

MUNICIPAL ownership of public utilities has long since passed out of the region of mere theory in the matter of waterworks, and is a demonstrated success in many towns and cities, large and small, throughout the Union. The people of Nacogdoches now have this question under consideration in the waterworks bond issue soon to be voted on, and the city of Belton, in Bell county, furnishes valuable testimony on the point. A dispatch in the Houston Chronicle from Temple of October 19th, says: "The Belton school board, managing the waterworks of that little city, during the first year of such management cleared over \$2,000, most of which goes into the public school fund, and the people have had better service in the way of water supply than formerly. This is a practical demonstration of what can be done with municipal ownership when conservatively managed. Belton is so well pleased with the results of the experiment that the city will continue its present arrangements whereby the school board has full control of the waterworks."

Boll Weevil In Louisiana.
The boll weevil, the genuine "anthonomous grandis" has reached this section and is, in fact, knocking at the very gates of the city.

Several days ago a suspicious looking insect was captured in a cotton field of a negro just across the bayou bridge on Douglass Island half a mile from the city and was brought to the headquarters of the crop pest commission in the First National bank building, where on examination it proved to be a genuine weevil.

Prof. H. A. Morgan, state entomologist and secretary of the commission, went over to the farm and found a number of infestations throughout the field.

Yesterday at noon Prof. Morgan accompanied by W. L. Foster, the well known planter and member of the railroad commission, drove over to the same farm and in a half an hour found a large number of indications of the insect together with a number of the adult weevils.

It has not yet been determined whether or not this infestation has been caused by a general migration, or is simply a sporadic case, but the indications are in favor of the latter, since there has been no reports of the weevil to any continuous extent between Shreveport and Texas.

Prof. Morgan was called out of the city yesterday on important business, but before leaving he issued instructions and directions to his subordinates how to proceed in handling this case and it is thought that this colony may be wiped out to that extent, at least, of which human ingenuity is capable.—Shreveport Times Oct. 19.

Keep Cool and Hold Fast.
It is reported from New York that a powerful combination of speculators has been formed to force down the price of cotton. As the price is not excessive, it looks like the farmers could checkmate this bear movement by simply holding back their cotton.—Nacogdoches Sentinel.

It is not merely reported, but it is a fact that "a powerful combination has been formed" among the farmers to force up the price of cotton. The combination is in actual operation. The "system" of it is in refusing to sell until a fair price is given. If this last named "combination" holds out, it will get what it wants. Bears may disturb conditions by lowering the price at certain periods, in order to frighten the farmers, but all the latter have to do is to keep cool heads and make up their minds to take chances. The question is whether they are able to do this.—Galveston News.

THE damage suit industry has knocked out about nine million dollars from the railroads of Texas during the past twelve months. Governor Hogg need't be alarmed about the aggressions of the Texas roads; the invention of the modern damage suit will more than offset their encroachments upon the rights of the people.

CHRONIC SORES

Wheeling, W. Va., May 28, 1903. Some years ago while at work, I fell over a truck and severely injured both of my shins. My blood became poisoned as a result, and the doctor told me I would have running sores for life, and that if they were healed up the result would be fatal. Under this discouraging report I left off their treatment and reported to the use of S. S. S. Its effects were prompt and gratifying. It took only a short while for the medicine to entirely cure up the sores, and I am not dead as the doctors intimated, nor have the sores ever broke out again. Some 13 years have elapsed since what I have described occurred. Having been so signally benefited by its use I can heartily recommend it as the one great blood purifier.

Care Schumback Brewing Co.
Chronic sores start often from a pimple, scratch, bruise or boil, and while salves, washes and powders are beneficial, the unhealthy matter in the blood must be driven out or the sore will continue to eat and spread. S. S. S. reaches these old sores through the blood, removes all impurities and poisons, builds up the entire system and strengthens the circulation. S. S. S. is a blood purifier and tonic combined. Contains no mineral whatever but is guaranteed purely vegetable. If you have an old sore write us and our physicians will advise without charge. Book on Diseases of the Blood free.

The Best Doctor.

Banita Bridge Closed to Traffic.

From Saturday's Daily: The big Banita bridge has gone out of commission except for pedestrians. While a heavily loaded circus wagon was crossing it last night the east end, upon which the wagon had just rolled, caved in, but little injury was done except to the bridge, the fall being only a few feet, and the wagon was extricated without much difficulty. This morning George Weaver started across from the opposite end, driving a team loaded with wood, not knowing of the mishap and had to back up nearly the entire length of the bridge in consequence. His team backed partly off near the west end and that part of the bridge went down also.

Lumber was ordered two weeks ago to completely re-floor the bridge, but it has not yet arrived. The accident last night revealed unexpected rotteness in some of the timbers supporting the east end of the structure and more than re-flooring will be necessary to make it safe.

Ask for Foley's Honey and Tar and refuse any substitute offered as no other preparation will give the same satisfaction. It is mildly laxative. It contains no opiates and is safest for children and delicate persons. For sale by Perkins Bros.

W. T. Skeeters, who lay sick with typhoid fever so long at his home in Appleby, is getting well and is able to stir about again. He came down to Nacogdoches yesterday and is spending a day or two here the guest of his brother-in-law, Mr. C. D. Thomason.

A Prominent Trainman.

The many friends of G. H. Hausan, Engineer L. E. & W. R. R., at present living in Lima, O., will be pleased to know of his recovery from threatened kidney disease. He says: "I was cured by using Foley's Kidney Cure, which I recommend to all, especially to trainmen who are usually similarly afflicted." —Sold by Perkins Bros.

This is the season of the year to pay taxes, but Collector Turner doesn't seem to be doing a rushing business in that respect just now. The tax payers are coming in very slowly.

Presidential Election will make no Change

No matter which candidate is elected Foley's Honey and Tar will remain the people's favorite remedy for coughs, colds and incipient consumption. It cures colds quickly and prevents pneumonia. A. J. Nusbaum, Batesville, Ind., writes: "I suffered for three months with a severe cold. A druggist prepared me some medicine, and a physician prescribed for me, yet I did not improve. I then tried Foley's Honey and Tar and 8 doses cured me." Sold by Perkins Bros.

Bricks are still being shipped here for the buildings going up, while the local brick yards are growing up in weeds. We don't understand it, at all.

THERE'S A DIFFERENCE.

Have you ever noticed what a marked difference there is in Furniture?

You can't always judge good furniture by the price—some dealers put high prices on cheap stuff because it happens to show up well. With us it's different—we have a small per centage we add to the factory cost to each article alike. We show our customers the difference, and how the cheap and the good kind of furniture is made. Come and see us and we'll convince you with the fact that our goods and prices are right. We'll appreciate your visit.

BALTON & HALTOM, Proprietors.
R. W. HALTOM, Editor.

JUST think of the impudence of that man Cortelyou in claiming New York for Roosevelt! Or maybe it's his childish credulity.

It seems to be agreed on now by all that the surest way to get rid of the most boll weevils is to burn the stalks as soon as the cotton is gathered.

BEAUMONT needs a man after the style of Folk of Missouri to turn the light on and drag the rascals out if we may judge by the allegations of corruption in the commissioners' court down there.

SENATOR CULBERSON is one of the most modest of public men but by sheer force of superior ability he has gone to the front in the national campaign at the north and has become a figure of commanding influence.

It is objected to Judge Parker that he is not a fair representative of the plain people after all, as it has been discovered that he has fifteen suits of clothes. But we'll bet they are all civil suits—no military togs among them.

JIM TILLMAN, the man who murdered Editor Gonzales in South Carolina some months ago and was acquitted, has gone into the ministry. The jurors who turned him loose should also be doing something with a view to forgiveness hereafter.

Now that Mr. Bryan is doing such splendid service for the national ticket in the northern campaign we do hope that our own George Clark will stay his avenging foot and decline to kick him out of the democratic party—at least until after the election.

IN Waco the other day a jury acquitted a negro of killing a white man on the ground of self defense. And yet in some parts of the republic where the frost falls early there are people who believe that such a verdict would be impossible in Texas.

THE democratic party made two whirlwind campaigns for the presidency and lost both times. This time the whirlwind feature is left out, and we have the comfortable assurance that the calm reflection of the people is doing better work for the democratic ticket and making more converts than the hip, hip hurrahs that made so much noise and brought such poor results four years ago.

HAVING made Indiana sure for Parker, Mr. Bryan has now tackled Ohio and started in with eighteen speeches on the first day. He will shed much democratic illumination through the republican darkness in that state but he hardly has time enough between now and election day to make it sure for Parker. It might not take the remainder of the century to convert Ohio to the democratic party but it probably would.

RIGHT FROM HEADQUARTERS.

On yesterday the National Democratic Committee, from its headquarters in New York City, gave out the following cheering statement of the present political situation which makes reading of the most interesting character.

The official stamp on it gives special value to it:

"We have made no formal statement concerning the political situation before this time because the material upon which alone a correct judgment could be formed was not at hand. Our efforts during the past three months have been devoted to the task of organizing and harmonizing the party in the states hitherto considered doubtful by reason of former dissensions. That work is now finished, and it is possible for the first time to reach a conclusion based upon a systematic canvass which can never be satisfactorily made until after organization is completed and the campaign has well progressed.

"In every state and in all sections democrats have buried their differences and are working harmoniously and enthusiastically for the ticket. Our canvass show that scarcely anywhere is there a trace of dissensions which for the past eight years have unhappily divided the party. In New Jersey, Delaware, West Virginia and in many Western states our organization is more complete than at any time since the organization of the party. Candidates for governors represent the highest type of American citizenship and are aiding the National ticket by their vigorous campaign. We shall carry by good majorities the states of New York, New Jersey, Connecticut, West Virginia and Indiana, and to these electoral votes we shall have the majority if not all the electoral votes of the Rocky Mountain states. It is impossible at this time to predict the outcome. Wisconsin and Illinois must also be classed in the doubtful column, for although at this moment our canvass there is imperfect, it is sufficiently advanced to indicate an unmistakable republican defection."

A MOB in North Louisiana came very near hanging a negro supposed to have murdered a white woman and her child a few days ago, but were "horned off" by the sheriff until further investigation—which showed that the negro was innocent and that a white man, brother-in-law of the murdered woman, was almost certainly the guilty party.

SOME people in this county still have mistaken ideas about the Terrell election law and think they have to vote the party ticket just as it is printed. Such a law would be absurdly unconstitutional and would abridge the rights for a free American citizen in a way not to be tolerated for a moment. Under the Terrell election law the voter can vote for whom he pleases, just as before the passage of the law, and with even more con-

venience, for under the printed name of each nominee on the ticket is a blank space of ample size left for the purpose. If the regular nominee doesn't suit you, scratch out his name and write in the blank space beneath it the name of the man you want to vote for. Nothing could be simpler.

A MAN up in Pennsylvania has discovered that roasted chestnuts are a sure antidote for the liquor habit. But with no roasted chestnuts in East Texas and Lufkin only twenty miles away what's a fellow to do?

As Messrs Brooks and Houston, democratic and republican candidates for congress from this district are engaged in joint debate at other points, let them not forget that Nacogdoches would be glad to hear them.

THE brother of the Emperor of Japan will soon start for this country and tour it as the official representative of the Mikado. We are dubious of his pulchritude, but that will make no difference in the heartiness of the American welcome he will get.

THE republicans in this state are making desperate efforts to capture three or four congressional districts, but if the chances elsewhere are as slender as those of Mr. Houston in this district, Texas will send its usual solid democratic delegation to congress.

THE heartbreaking news comes that the New York Herald has flopped from Parker to Roosevelt. This lamentable defection will carry the solid chambermaid vote of New York city to the republican ticket, but it will not otherwise disturb the situation.

ON its way down the English channel the Russian Baltic fleet fired into some English fishing boats and killed two or three fishermen and England is full of war talk in consequence. It was a mistake of course; Russia will apologize, pay the damages and that will end it.

WE thought there was something lacking, a derangement, hiatus, omission, slipped cog, failure to connect or something of the kind in the presidential campaign, and it now appears that Tibbles, populist candidate for vice-president, has not yet sent in his letter of acceptance. Speak up Tibbles! You are delaying the program!

CHAIRMAN TAGGART of the national democratic committee, the best informed man in the country on the subject, has just given out the following cheerful statement as to the prospects of democratic success next month: "We know to a certainty now that we have enough votes laid by to elect the national ticket. In the first place, the republicans concede that we will lose none of the states that we carried four years ago for Bryan. Our total electoral vote then was 155. To elect Parker and Davis this time we need 239 votes. We must gain 84 votes or take that

many out of the republican column and put them down in our own. Now, you can quote me as saying that we are going to do that very thing—carry enough states that went republican four years ago to elect our ticket. We are sure of New York."

OLD GROVER conquered his shrinking reluctance to face a crowd and made a fine speech in New York City in behalf of the democratic ticket. It was little enough for him to do in view of what the democratic party has done for him in years past, but it was more than a good many expected. Thanks, Grover, old boy.

PROFESSOR IVEY, secretary of the state prohibition committee, states that the next legislature will be asked to pass a law abolishing the jug trade and suppressing cold storage dives, and with the law once passed, a vigorous campaign will be undertaken to secure its enforcement, and all officers failing to do so will be prosecuted.

THE republican spellbinders in Texas are at least attempting to impart some interest to the state campaign, and that is more than their democratic opponents are doing. The political stagnation in Texas resulting from assured democratic success every two years is an evil whose first fruit is indifference, and from indifference ignorance must assuredly follow; and when both ignorance and indifference combine conditions will quickly ripen for disaster. Politics is not mere office getting.

AN English friend has handed the Palestine Herald a copy of an English newspaper, one of the features of which is an insurance coupon that protects the person buying the paper, in case of railroad accident. The paper sells for a penny, and the insurance policy costs nothing additional. This is a common feature of the English newspaper. In commenting on this system, the Englishman explained that the reason the newspaper could offer to assume such risks against damage from travel was because there was as a matter of fact and record no risk involved. He quoted the census report of last year, showing that not one single death was caused to a passenger traveling on a railroad in England during the year, chargeable to a wreck. The English roads are small affairs in the matter of mileage compared with ours but they are as far ahead of us in safety as we are of them in mileage. No American newspaper could afford to adopt this insurance plan in vogue in England.

You silver democrats who think Judge Parker isn't good enough for you because he is a gold standard man, read what William J. Bryan said in a speech the other day in Springfield, Mo., where he was upholding the cause of the democratic nominee. Or, perhaps Bryan himself isn't good enough for you! Anyway, here is what he said:

FOR 90 Cents ONLY

You can buy a Heavy, Sanitary Fleece-Lined, or a Heavy French Ribbed Undersuit, the same kind you pay others \$1.00 and \$1.25 a suit. Why not save : : :

10 TO 35 CENTS ON YOUR DOLLAR

At a Strictly One Price Cash House?

ZENO COX, JR.

Men's Furnishing Goods and Tailoring

'Judge Parker believes' in the gold standard. I believe in bimetalism, but I can vote for him in order that through him the country may rid itself of an imperial policy. What if he does believe in the gold standard? I never dislike an advocate of the gold standard so much that I would refuse any aid that he was willing to give toward bringing to this country any good things, and Judge Parker's election would bring us relief from imperialism. If any silver democrat is still in doubt as to his duty, let me say to him that Judge Parker voted for me when the restoration of bimetalism was the paramount issue; if he could vote for me when the money question was paramount, I can vote for him when we are confronted with another, and greater issue than the money question."

Baptist Meeting at Melrose.
The eighteenth session of the Nacogdoches Baptist Association held at Melrose Saturday, Sunday and Monday was pronounced the most harmonious and successful meeting of that body. Twenty-five churches sent messengers who represented about 2000 Baptists of this county. J. O. Pinkard was elected moderator, and the other old officers were re-elected. About \$500 in cash and pledges was raised for missions. The preaching was excellent, the speeches fine, the entertainment most abundant. The spirit of harmony throughout the meeting was admirable. Sunday the house could not contain half the crowd. The next session of the body will be held with Pilgrims Rest church of this county.
A. J. Holt.

Capt. John S. Doughtie has returned from a tour of the cotton gins of the county in the interest of the Census Department. He says that at on last Tuesday, Oct. 18th, 3367 bales of cotton had been gathered in excess of the number for the same date last year, but does not think this a sure criterion for a big crop. There are 72 active gins in the county.

Obituary.

Sarah Virginia Skillern was born on November 25th, 1887, and departed this life Oct. 19th, 1904. Her remains were interred in the George Christian cemetery, near Decoy, on the 20th. Bro. Aikens conducted the funeral services. She was a member of the Congregational Methodist church several years. Her suffering was great but she bore it with that fortitude that only the true Christian can bear. She was a kind, loving, obedient child, ever ready and willing to do the biddings of her parents with cheerfulness. She was loving, kind and devoted to her brothers and sisters and left many testimonials of her assurance of eternal life. A short while before she breathed her last she called her father to her bed side and said, "I had rather look at you than anyone on this earth, I want you to meet me in Heaven for I'm sure going there." She stated at different times that she knew she was going to die. We call this death, but Christ said those that believe in me though they were dead, yet they shall live again. Christ said those that believe in Him only fall asleep.

Asleep in Jesus blessed sleep
From which none ever wake to weep.
So sleep on Sarah, sweetly sleep, in thy happy heavenly home.
Till Christ thy Saviour bid thee rise,
To hale Him in triumph descending the skies.

She frequently called her sister, Minnie, who had preceded her to the Heavenly world just one month and two days, but just before she died she called for Minnie, and continued to call for her. She then turned her eyes toward Heaven and raised her hands and clasped them together and proclaimed, "Oh! Sweet Minnie I have been looking for you!" and then passed away. I believe that God sent Minnie as one of the convoy of angels to bear her spirit to Him who gave it and to eternal peace and happiness. May God bless my son's lonely home, made lonely by the death of his cherub children. May God comfort father, mother, brother and sisters with his sustaining grace to bear them up in their bereavements and fill the place made vacant by the death of their loved ones with His holy spirit.

A short life pure and sweet
To dear Sarah was given,
Like a summer rose budded on earth
To bloom in Heaven.

Oh tis sad, sad indeed to give up one
Who to our hearts was so dear,
Her sweet smiling face we miss
And her merry voice we long to hear.

But God has called her home to Him
He never meant that she should stay
On this earth 'mid pain and sorrow,
That is why He took her away.

She is free now from all suffering
From all earthly ill and pain,
She is not dead, but sleepeth
In Christ to rise again.

Sleep, precious one, sleep and rest
Folded in the Saviour's love,
Eternal joy and peace are thine
With God and his angels above.

And though never again on earth
Thy bright smiling face we will see
Yet by God's holy guidance,
We shall meet in Heaven with thee.

We miss thee from our home dear Sarah
The love which thou had there,
Our home is dark without thee
We miss thee everywhere.

A precious one from us has gone
A voice we loved is stilled,
A place is vacant in our home
Which can never be filled.

And has she gone, forever gone
And left us here to weep
Till we are called to follow her
And in our graves to sleep.

Branch House: 108-110 E. Lafayette St., Jackson, Tenn.
BRANCH HOUSE:
628-630 Commerce St. SHREVEPORT, LA.

TO THE TRADE
We have opened a Branch House in Shreveport on account of its excellent location as a shopping center, and will carry the same line of goods that have won a first place for us through the central and southern states. We are a firm of long standing and are big people in the whiskey business—largest in the South selling exclusively to the consumer. During the past twelve months we have handled almost a half million dollar business. Think of it: Five Hundred Thousand Dollars worth of whiskey in jugs and bottles—You KNOW our goods are right or we couldn't secure that immense business. Our large interest in the EARLY TIMES DISTILLERY give us absolutely the best the market offers, both from a standpoint of quality and price, and we unhesitatingly say there is not a stock of whiskey in the South or Southwest equal to ours in quality, at the various prices. It will be to your advantage to give us a trial. We believe in STRAIGHT whiskies and do not carry a Rectifiers or "Mixers" license, either at Paducah, Ky., our headquarters, or any of our branches, and the goods are supplied the trade exactly as received from the distillery. In proof of this claim we refer you to the Internal Revenue Records. Our goods merit your patronage and we respectfully solicit your orders.
Yours very truly,
GEO. H. GOODMAN COMPANY.

We bottle all orders for \$2.50 per Gallon goods and upwards, should the customer desire it. We use nothing but full measure 32-oz quarts.

A good attraction will always draw a paying crowd, and none know this fact better than people who have spent years in the show business. The Great Van Amburg Show comes this year with more and better attractions than ever before, and is filling its tents wherever it exhibits. See the grand free street parade in the forenoon on day of exhibition. More and better acrobats, tumblers and trapeze performers, and more funny clowns and trained horses and ponies than any show on the road. The Van Amburg Show will arrive in Nacogdoches on its own special trains Oct. 29th and give two exhibitions, 2 o'clock in the afternoon and 8 o'clock in the evening.

Good For Children.

The pleasant to take and harmless One Minute Cough Cure gives instant relief in all cases of cough, croup and la grippe because it does not pass immediately into the stomach, but takes effect right at the seat of the trouble. It draws out the inflammation, heals and soothes and cures permanently by enabling the lungs to contribute pure life-giving and life-sustaining oxygen to the blood and tissues. Sold by Perkins Bros.

Mr. J. H. Ham, who was reported seriously hurt in an accident at the Hayward mill last week is getting on splendidly and will soon be on his feet in good shape again. In fact his injuries were not as bad as at first reported.

Pill Pleasure.

If you ever took DeWitt's Little Early Risers for biliousness or constipation you know what pill pleasure is. These famous little pills cleanse the liver and rid the system of all bile without producing unpleasant effects. They do not gripe, sicken or weaken, but pleasantly give tone and strength to the tissues and bowels. Sold by Perkins Bros.

One Of Many.

H A Tinsdale, of Summertown, S. C., suffered for twenty years with Piles. Specialists were employed and many remedies used but relief and permanent good was found only in the use of DeWitt's Witch Hazel Salve. This is only one of the many, many cures that have been effected by this wonderful remedy. In buying Witch Hazel Salve it is only necessary to see that you get the genuine DeWitt's, made by E C DeWitt & Co., in Chicago, and a cure is certain. DeWitt's Witch Hazel Salve cures all kinds of piles, cuts, burns, bruises, eczema, tetter, ringworm, skin diseases, etc. Sold by Perkins Brothers.

It is the diversifying farmer who is holding his cotton for a better price. He may not get it, but he will have the pleasure of knowing that he exercised his own judgment, a thing farmers have been deprived of doing heretofore under the one-crop policy.—Alto Herald.

Can You Eat.

I B Taylor, a prominent merchant of Chriesman, Tex., says: "I could not eat because of a weak stomach. I lost all strength and ran down in weight. All that money could do was done, but all hope of recovery vanished. Hearing of some wonderful cures effected by use of Kodol Dyspepsia Cure, I concluded to try it. The first bottle benefited me, and after taking four bottles I am fully restored to my usual strength, weight and health." Kodol Dyspepsia Cure digests what you eat and cures. Sold by Perkins Bros.

Mr. Mike Manning, formerly a citizen of Nacogdoches, and daughter, Mrs. Nannie Beasley, are here from the Indian Territory and will remain several weeks among friends and relatives at their old home. Mr. Manning has been in bad health some time past and will probably remain here if his health improves.

Sick Headache.

"For several years my wife was troubled with what physicians called sick headache of a very severe character. She doctored with several eminent physicians and at a great expense, only to grow worse until she was unable to do any kind of work. About a year ago she began taking Chamberlain's Stomach and Liver Tablets and today weighs more than she ever did before and is real well," says Mr Geo C Wright, of New London, N. Y. For sale by Perkins Bros.

Our popular young friend, Hugh Weatherly, of Linn Flat, was married lately; but he very unkindly failed to send us any cake or cards so we can only state the fact he joined the ranks of the benedicts and has forever given up the privilege of saying the last word. If the fair lady who has elected to travel through life with him is sufficiently posted in the gentle art of managing things, she will be able to induce him to trot along smoothly in double harness without balking at the hills of life or sulking at the bad places. We join their host of friends in wishing them a long life crowned at last with the ineffable peace that comes only to those who have spent years usefully and happy in the love and service of their Master.—Caro Opportunity.

Has Sold a Pile of Chamberlain's Cough Remedy.

I have sold Chamberlain's Cough Remedy for more than twenty years and it has given entire satisfaction. I have sold a pile of it and can recommend it highly.—Joseph McElhiney, Linton, Iowa. You will find this remedy a good friend when troubled with a cough or cold. It always affords quick relief and is pleasant to take. For sale by Perkins Bros.

The nursery men seem to be prospering splendidly. Millions of trees are being sold to the farmers and orchardists, and thousands of acres will be set out in this county this fall.

Don't Miss It.

Do not miss the Great Van Amburg Show, which will arrive here on its own special trains and give two performances in Nacogdoches on Oct. 29th, one at 2 o'clock in the afternoon and one at 8 o'clock in the evening. The doors of its big tent opening one hour earlier. Grand free street parade in the forenoon on day of exhibition.

In Praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

"Allow me to give you a few words in praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Mr. John Hamlett of Eagle Pass, Texas. "I suffered one week with bowel trouble and took all kinds of medicine without getting any relief when my friend, Mr. C. Johnson, a merchant here, advised me to take this remedy. After taking one dose I felt greatly relieved and when I had taken the third dose I was entirely cured. I thank you from the bottom of my heart for putting this great remedy in the hands of mankind." For sale by Perkins Bros.

Only Did His Duty as He Saw it.

"I deem it my duty to add a word of praise for Chamberlain's Colic, Cholera and Diarrhoea Remedy," says J Wiley Park, the well known merchant and post master at Wiley, Ky. "I have been selling it for three or four years, and it gives complete satisfaction. Several of my customers tell me they would not be without it for anything. Very often, to my knowledge, one single dose has cured a severe attack of diarrhoea, and I positively know that it will cure the flux (dysentery). You are at liberty to use this testimonial as you please." For sale by Perkins Bros.

Robt. Weatherly, of Linn Flat, came down on the early morning T. & N. O. and spent today in the city on a business visit.

Col. J. S. Stewart of Melrose, was in the city yesterday afternoon. He came up to accompany Messrs. Clarence Nelson and Henry Hollaway, of Ruston, La., this far on their return home after a week's visit to Col. Stewart and family.

Messrs Jas. Stone and Dr. Castlebery are preparing to

It's about time somebody was throwing off a load of heater wood at The Sentinel office. Prospects are that we will have some "weather" pretty soon.

Mr. Ed Hogan, of Mahl, was a caller at The Sentinel office Saturday, renewing his subscriptions to the Weekly. Mr. Hogan is an enthusiastic friend of The Sentinel and pays for three or four copies annually, all of which, except his own, he sends to relatives in Arkansas.

Mr. J. W. Shipman, of Jacksonville, spent Sunday in Nacogdoches returning home yesterday. While in the city he was the guest of Capt. Jno. P. Davidson. Mr. Shipman was formerly a resident of Nacogdoches and was cashier of the First National Bank when it was first organized here.

Mr. George J. McManus and wife, of Beaumont, were in the city today. They were accompanied by Messrs R. C. Bigbee, Chas. Verdakin and C. Barker, of Newark, Ohio, and H. H. Foster, of Alexander, Ohio, prospectors and immigration agents, who are touring this section with the view to investing in fruit, truck and tobacco lands. They spent the day looking at the country surrounding Nacogdoches and seemed impressed with all that they saw.

Rose Lake trees grow.

Jackson Parrott, the stave man of "Angeline," spent last night in the city. He has just finished clearing out forty miles of the Angelina river so that he can raft a few million staves down to Beaumont, and says he cut over two hundred big trees out of the river that had been felled in by trappers and thinks the law against obstructing streams ought to be a little more rigidly enforced. It is common for people to cut down trees and let the tops fall in streams and remain there. This is a positive violation of the law, though there may be few who know it. If the law was enforced there would be less filling up of creeks and branches and consequently less overflowing and washing of land.

If you are the 13th one to carry this paper to Cason & Richardson with their page ad marked where words are misspelled we will give you a year's subscription to this paper.

Up to date a little more than 2600 bales of cotton have been received at the compress and of this 2500 bales have been compressed.

Judge Davis, sitting in chambers, granted the prayer of the petitioner J. T. Jones and ordered that his name be placed on the tickets for the November election as the democratic nominee for county clerk.—Timpson Times.

You can't afford to rent or borrow a Cane Mill when Cason & Richardson will give you such low prices.

Rose Lake trees grow.

Mr. W. A. King brought in a large lot of the very finest ribbon cane ever grown in Nacogdoches county a few days ago which he wished to donate to the World's Fair, but when he arrived at the depot he found that he would have to prepay the freight on it. He did not feel able to donate the cane and pay the freight on it too, so he did not ship it. It would have made a fine exhibit and would have been a splendid advertisement for Nacogdoches county, and it is a pity a purse was not made up to prepay the freight and forward it on.

Ed Muckleroy called in yesterday and left a specimen from his potato patch. The sample is a pumpkin yam, round as a ball, as smooth as glass and sound as a dollar, weighing about six pounds. He says his crop is fine and will yield several hundred bushels to the acre just like the sample shown. The potato crop generally seems to be fine this fall.

If you don't read Cason & Richardson's ad in today's paper you will miss the best thing in the paper.

T. J. Williams, of Nacogdoches came up Monday morning and was accompanied by his relatives Miss Essie Caves, of Livingston, and Miss Mattie Perryman, of Brownell. While here Mr. Williams took the young ladies out on Cushing Heights.—Cushing Enterprise.

Our readers can depend upon any statement Cason & Richardson make. They are perfectly reliable.

Nearly eleven hundred bales of cotton have been weighed at Taylor's cotton yard. This yard has so far led in the number of bales received, and the five yards of the city have not received all together five thousand bales. The great bulk of the cotton is still in the hands of the farmers, though the entire receipts this season will fall considerably short of last year's receipts.

Consumptives Made Comfortable.

Incipient consumption is cured by Foley's Honey and Tar, but we do not hold out false hopes to consumptives by claiming that it will cure this dread disease in the advanced stages; but if the lungs are not too far gone Foley's Honey and Tar will effect a cure, as it stops the racking cough and soothes the inflamed air passages giving them a chance to heal, and even in the advanced stages it always gives comfort and relief. A A. Herren, of Finch, Ark., writes: "Foley's Honey and Tar is the preparation for coughs and lung troubles. I know that it has cured consumption in the first stages." Sold by Perkins Bros.

The Sentinel office is printing the election tickets for San Augustine county. There is only one ticket out in that county, yet the other five tickets on which candidates for State offices have been nominated have to be supplied in equal numbers with those of the democratic ticket, the only county ticket in that county. It requires 24,000 tickets to supply the county and yet there are less than 2500 voters in the county. This is one of the "kinks" in the new law, that will probably be taken out at the next session of the legislature.

WANTS OUR PEANUTS.

A Proposition That Concerns Nacogdoches County Farmers.

The following letter of inquiry should interest every farmer in Nacogdoches county and stimulate some of them to engage more extensively in the growing of peanuts as a forage. There is a market for that variety that flourishes most here, and from an inexperienced view the price offered will afford profitable returns. Read the letter and consider the proposition, and if there are any farmers that have a surplus of peanuts and vines it would be well to correspond with the writer:

Paris, Texas, Oct. 17, 1904.
Mr. R. W. Haltom,
Nacogdoches, Texas.

Dear Sir:—Having read your report on Nacogdoches county in the Texas Almanac and Industrial Guide, notice that you mention peanuts as one of the products grown in your county. As I am interested in this crop, have taken the liberty of writing you with regard to same. I kindly ask it would be possible for me to buy peanuts in quantity, and at what price, and what variety? Is the peanut grown for market or for forage purposes, if it is grown for feeding, and the vines have not been freed of the peanuts I could pay from ten to twenty dollars per ton for vines in dry and merchantable condition. It would be an object, that is if I could get them in carlots, fifteen tons to the car I would come to Nacogdoches and look into this matter. If it is not asking too much of you, would like to have you enlighten me along this line, giving me freight rate per ton in carlots from your point to Paris, also kindly ask that you send me two or three vines with the peanuts on them that I may judge the quality and variety, express same collect. Hoping to have a favorable reply. I beg to remain,
Yours very truly,
Paul E. Williams.

Cures Chills and Fevers.

G. W. Writ, Nacogdoches, Texas, says: "His daughter had chills and fever for three years; he could not find anything that would help her till he used Herbine. His wife will not keep house without it, and cannot say too much for it." 50c at Perkins Bros. w

The Nacogdoches Sentinel gives the dimensions of a stalk of June corn grown by a farmer near that city. The stalk measured 14 feet in height and contained two well developed ears of corn. Our friend and neighbor, Charlie Lively, has a patch of June corn that will make the Nacogdoches corn look like thirty cents. This particular corn patch is right near our home, and while gathering a mess of roasting ears, around on the back side of the patch, just before sun rise a few mornings ago, we pulled one stalk down and put the tape line on it. It measured 17 feet in height and contained two well developed ears of corn. The fact is these lands around Grapeland are in the habit of doing things a little better than the average. —Grapeland Messenger.

DO YOU NEED A MEDICINE?

IT COSTS YOU NOTHING TO INVESTIGATE.

There is no one who does not need a Liver Medicine occasionally. The symptoms of Liver Complaint are well known to every one, such as constipation, dyspepsia, loss of appetite, sleeplessness, headache, a tired feeling and many others of a similar nature. Thousands die annually by not heeding the warnings of nature. Many acquire some chronic disease from which they never recover. Many of these could be spared for years of usefulness, by keeping in the home some reliable remedy.

We believe that we can convince any fair-minded person that there is no better remedy for the Liver known, than Dr. Thacher's Liver and Blood Syrup. The formula is known, consisting of Buchu, Hydrangea, Mandrake, Yellow Dock, Dandelion, Sarsaparilla, Gentian, Senna and Iodide of Potassium. You know just what you are taking. How many other formulas of a liver medicine are published? Ask your druggist about this. It is already prepared and can be taken immediately. The strength is extracted in the most skillful manner, certainly superior to any powdered preparation known. (We also manufacture a Liver Medicine in powdered form, with which any druggist can supply you, but this, like all other dry Liver Medicines requires preparation.)

Dr. Thacher's Liver and Blood Syrup is pleasant to take, does not lose its strength, as Liver Medicine in dry form, and will keep in any climate. Your doctor, however skillful, could prescribe nothing better.

There is no opportunity for a doctor to make a mistake in writing a prescription, or a drug clerk to make a mistake in compounding the same, (besides a doctor's bill and the cost of the medicine.) You can be absolutely sure of the proper proportion being in every dose.

Dr. Thacher's Liver and Blood Syrup has been used with the greatest confidence and success in thousands of homes for 52 years, and is prepared by a pharmacist of 25 years' experience, in a laboratory equipped with the most modern appliances for the most perfect safety.

If you do not understand your own words today for a free sample bottle of "Dr. Thacher's Health Balm," give symptoms for advice. We simply ask that you try it at our expense. We know what it will do.

Grand Historical Entertainment.

The ladies of the Methodist church of San Augustine will give a novel and interesting entertainment on Friday evening, Nov. 11th. Patriotism will be the key note, together with the biography of distinguished citizens of San Augustine and county.

"Uncle Sam," Goddess of Liberty, Priscilla of old, Sam Houston, and Indian Maidens will grace the occasion by their presence. Nacogdoches people cordially invited to attend.

They Always Make Friends.

"Since using one box of Cheatham's Laxative Tablets we have been friends. They cured me promptly and thoroughly of a bad case of chills. Any one needing a remedy for malarial troubles will certainly find them satisfactory. They are also convenient to carry and pleasant to take."—John Everhardt, Harwood, Texas. 25c per box. w

The pretty home of City Marshal Spradley, corner of Hospital and Mound streets, has been so completely renovated, enlarged and remodelled that it is practically a new building. The workmen are just now putting the finishing touches upon it, and with its ample environment of cedars, shrubbery and flowers it is one of the most attractive residences in the city.

Many Good—One Best.

"So many oils and liniments are advertised it is hard to decide which to buy. I tried a number before using Hunt's Lightning Oil. After using it once, however, I realized I had found the best there was, and it was useless to look further. If it fails its 'all off.' No other liniment will hit the spot if Hunt's Lightning Oil fails."—C. G. Young, OKeene, O. T. 25c and 50c bottles. w

TEXAS TOBACCO OFFICIALLY.

Bulletin Setting Forth Its High Quality Soon To Issue.

Washington, Oct. 18.—The cigars manufactured from leaf tobacco grown from Havana tobacco seed planted in Angelina and Nacogdoches counties, Texas, under the auspices of the Agricultural Department, are said to be of excellent quality and entirely satisfactory. No opinion will be expressed officially by the department, however, until reports have been received from the cigar experts to whom these cigars have been sent for distribution. About 7,000 pounds of the leaf tobacco was raised by the department, and a much larger quantity is expected to be produced this year. There are three counties in Texas and one in Alabama in which the peculiar sandy loam required to raise tobacco of the Havana grade may be cultivated, according to the soil experts of the department, and the experiments which have just been concluded establishes, in the opinion of the department of officials, the fact that the cultivation of the weed may be brought to as high a standard of excellence in this country from Havana seed as is obtained in Cuba. A Bulletin on the subject is to be published by the department shortly.

It Will Stay There.

"In my family medicine chest no remedy is permitted to remain unless it proves beyond doubt the best to be obtained for its particular purpose.

"For treating all manner of skin trouble, such as Eczema, tetter, ringworm, etc., Hunt's Cure has held its place for many years. I have failed to find a surer remedy. It cures itching instantly."—R. M. Swann, Franklin, La. 50c per box. w

The County Clerk's Contest.

Mr. J. T. Jones, whom the democratic executive committee found, after canvassing the primary returns, to be the democratic nominee for county clerk, but whose nomination is being contested by his opponent, and the trial set for next January, which will be after the general election, sued out a mandamus injunction to have his name put upon the ticket, and the case is being heard this afternoon as we go to press. The injunction is being contested, but just what the result will be we can not predict.—Center News.

Saved His Life.

J. W. Davenport, Wingo, Ky., writes June 14, 1902: "I want to tell you I believe Ballard's Snow Liniment saved my life. I was under the treatment of two doctors, and they told me one of my lungs was entirely gone, and the other badly affected. I also had a lump in my side. I don't think I could have lived over two months longer. I was induced by a friend to try Ballard's Snow Liniment. The first application gave me great relief; two fifty cent bottles cured me sound and well. It is a wonderful medicine and I recommend it to suffering humanity." 25c, 50c, \$1.00 at Perkins Bros. w

PERILS OF LAND AND SEA.

Captain Willnef's Remarkable Escape Shows What to do in Time of Trouble.

For many years, Captain Willnef, says the Times of Gloucester, Mass., was one of the best known seamen in the Gloucester Fleet, but the catarrhal troubles with which he suffered for fifteen years made him dread the nights at sea, being unable to lie down and sleep on account of the constant catarrhal dropping.

Captain Willnef went to two different hospitals for treatment, but could get no lasting benefit. He constantly raised yellow and green phlegm and his trouble became so unbearable and nauseating that he was ashamed to go out in company. When despairing of ever getting relief, his wife purchased a Hyomei outfit for him, and trying it before going to bed, he enjoyed the first whole night's sleep for ten years. Captain Willnef says "I have used less than two bottles of Hyomei and have been cured by the remedy. Hyomei kills the germs of catarrh and makes lasting and permanent cures. Stripling Haselwood & Co. sell Hyomei under their personal guarantee to refund the money if it does not give quick relief." 3

The Ladies Did It.

The Ladies Aid Society of the Cumberland Presbyterian church in this city, is now having erected just in rear of the church building and fronting on Mound street, a handsome manse as a home for the pastor. The structure will cost \$1,000 and the ladies have all the money in hand to pay for it. The manse will be completed and ready for occupancy in about thirty days. All honor to the ladies who have achieved this triumph and accumulated such a large sum of money for such a worthy purpose. Rev. J. A. Williams, the pastor of the C. P. church, will soon have a nice home for himself and family provided by the good women of his church.

Cures Winter Cough.

J. E. Grover, 101 N. Main St., Ottawa, Kan., writes: "Every fall it has been my wife's trouble to catch a severe cold, and therefore to cough all winter long. Last fall I got for her a bottle of Horehound Syrup. She used it and has been able to sleep soundly all night long. Whenever the cough troubles her, two or three doses stops the cough, and she is able to be up and well." 25c, 50c, \$1.00 at Perkins Bros. w
