## TRUST.

There are Three Kinds of Trust.

1. Is or tries to be a monopoly.
2. Means "Charge it."
3. Means "believe in" or "have confidence in" as for example the relation which exists between our customers and ourselves.

If you want to know why the people have formed this kind of a Trust with us, bring your prescriptions here and get started trading with us, and you will know why.

### A Heavy Load.

Mr. A. J. Harrington, of this town, writes to the city of Nacogdoches, Texas, that he has been suffering from indigestion for several years. He has tried many remedies, but nothing has helped him. He has lost weight and has been unable to eat. He has been told that he has a "pepsia" and that he must take "pepsia cure." He has tried many of these, but nothing has helped him. He has been told that he must take "Kodol Dyspepsia Cure." He has tried this, and it has helped him. He has been told that he must take "Kodol Dyspepsia Cure." ### SUNNY SACUL.

The Prettiest Little Town in Nacogdoches County.

From Monday's Daily:

The editor of The Sentinel spent a pleasant day yesterday in the beautiful little town of Sacul, situated 25 miles from Nacogdoches on the T. & N. O. one mile from the Cherokee county line. Sacul has a substantial, prosperous appearance and is located in one of the best sections of the county. There are several handsome, up-to-date stores, doing a thriving business, and the residential portion is dotted with elegant homes constructed in keeping with modern architecture. The Lucases are leading spirits in Sacul's enterprise, the town being situated on the old Lucas homestead, laid out on the old farm, but they have got back to their original business, and they are now in the hands of the town. Cushing is only five miles distant, and got the start by getting the railroad first, which was the reason why Sacul is not today what it could be during conditions would be.

The fifty Sunday morning of the Baptist church was held at Sacul yesterday with a good attendance. Rev. S. J. Bacon preached the 11 o'clock sermon, Rev. A. J. Holt, who was to have preached, being unavoidably prevented from being present. The sermon was chiefly doctrinal and was able and instructive and held the close attention of the congregation. After the service a collection was taken up for home missionary work and a satisfactory contribution was received. Dinner was then spread under the big tent and a great feast followed.

The hospitality of Sacul is in keeping with that of the old settlers of that section of the county, which has been made famous by the Lucases, the Williams, the McKnights, the Looneys, Hendersons, Wades, Rixters, et al., and the cordial hand of welcome held out to all visitors upon all occasions.

The Caro Opportunity says signs point to an early opening of the Whitman-Docker mill at that place. The Whitman-Docker mill is something of a similar mill of the city, and will be in operation within a short time following the starting off of the latter. About six miles of railroad have been constructed with the intention of ultimately operating as a public carrier, extending through the Mt. Waterhouse country and intersecting the Houston East & West Texas railroad up about Garrison. This section will be a network of railroads within the next decade or two.

### ALL ON ACCOUNT OF BOOZE.

A Drunken Negro Makes Things Lively With his Gun.

From Monday's Daily:

Booze was largely in evidence at and around the show Saturday night, and one of the victims of it and its resulting folly is "Cas" Donegan, a young negro man residing in this city who is said to have always borne a good character prior to his Saturday night performance. On that occasion he got very drunk, cursed a number of white boys and other Turner was informed that his services were needed to quiet him. Turner started to Donegan's home on Basadre street and on the way there he met the man he was after. Donegan had a shotgun loaded with bird shot and, seized with whiskey, he turned both barrels upon the center who saved himself by getting out. Turner then tried to get the man who was after him, but he got away. Turner then tried to get the man who was after him, but he got away. ## Dark Hair

Not Known Here.

A dispatch from Tyler a few days ago says "W. Bryant Lee, of Nacogdoches county, a photographer, who has lived in this county for the past seven months, was today convicted of fornication and fined \$250. The defendant was afterward convicted and given a fine of \$100. She appeared in court with a 4-months-old baby. Lee, the evidence disclosed, left a wife and five children to take up with the woman. Both are without funds and will have to serve their time out on the county farm. They are white and of good appearance." No such person is known here. Inquiry among the officials, photographers and others who possibly would know something of such a character, has failed to find any one who ever heard of W. Bryant Lee, photographer.

### Constipation.

Health is absolutely impossible, if constipation be present. Many serious cases of liver and kidney complaint have sprung from neglected constipation. Such a deplorable condition is unnecessary. There is a cure for it. Herbine will speedily remedy matters. C. A. Lindsay, P. M. Bronson, Fla., writes, Feb. 12, 1912: "Having tried Herbine, I find it a fine medicine for constipation." 50c bottle. Sold by Perkins Bros.

### Spencer Case Continued.

The case against Simon Spencer, charged with the murder of Isaiah Mayfield, both colored, was continued yesterday afternoon until next court, on motion of defendant's counsel. When first arrested Spencer expressed a desire to have his case called as early as possible and to be allowed to plead guilty, but it seems that some evidence developed afterward that might have weight in behalf of the defendant, and the council appointed asked a continuance for time to get up the evidence. The present term being too near at an end to permit of this being done before adjournment, a continuance was granted until next term.

### Cured Consumption.

Mrs. B. W. Evans, Clearwater, Kan., writes "My husband lay sick for three months. The doctors said that he had quick consumption. We procured a bottle of Ballard's Horehound Syrup and it cured him. That was six years ago. Since then we have always kept a bottle in the house. We cannot do without it. For coughs and colds it has no equal." 25c, 50c, \$1.00. Sold by Perkins Bros.

### MELROSE LOCALS.

Melrose, Tex., Oct 25.—The Baptist Association is over. Vast crowds came from all over the county. The ministers and delegates did justice to the many subjects in discussion. Business of the church was transacted with harmony and brotherly love. The ladies prepared dinner and served on the ground three days for the immense crowd. Melrose is up-to-date on her hospitality and ample supply of sumptuous public dinners.

Sunday night Mr. Emory Pleasant and Miss Emmie Mills were married at the bride's home, eight miles from Melrose. Miss Sallie Fountain and Miss Bessie Wilson were maids of honor. Mr. Tink Barr and Mr. Oscar Blacksher were groomsmen. Monday morning the bridal party came to Melrose to the association and spent the day. We wish them many years of happiness.

The Methodist quarterly meeting convenes at this place next Saturday and Sunday.

On Sunday evening the Woodmen will perform the ceremony for the unveiling of the monument of Mr. Shovan, the young man so suddenly killed at the mill in San Augustine county.

May we all be prepared to meet our God in peace.

### Best Liniment on Earth.

Henry D. Baldwin, Supt. City Water Works, Shullsburg, Wis., writes: "I have tried many kinds of liniment, but I have never received much benefit until I used Ballard's Snow Liniment for rheumatism and pains. I think it the best liniment on earth." 25c, 50c, \$1.00 Sold by Perkins Bros.

### A Remarkable Negress.

There has been on exhibition in Timpson several days a remarkable negro woman, Nancy J. Reese. She was born without arms, but she can do with her feet what other women do with their hands, such as the work that is generally done about the home. She makes up beds, washes dishes, threads needles, and offers five dollars to any woman who does better sewing with her hands than she does with her feet.—Timpson Times.

### Neuralgia Pains.

Rheumatism, lumbago and sciatic pains yield to the penetrating influence of Ballard's Snow Liniment. It penetrates to the nerves and bone and being absorbed into the blood, its healing properties are conveyed to every part of the body, and effect some wonderful cures. 25c, 50c, \$1.00. Sold by Perkins Bros.

The Sentinel failed to mention the death of little Eddie, son of Mr. and Mrs. E. F. Walling, which occurred Tuesday night. The remains of the precious little one were interred in the City Cemetery Wednesday afternoon at 5 o'clock, followed to their last resting place by the grief-stricken family. The Sentinel, with hosts of friends and acquaintances tenders sincerest condolence to the bereaved parents in their affliction.

Fined Twenty-Five Dollars.

The case against Jas. Bourland, charged with assault to murder, was called yesterday and was finally disposed of by the State withdrawing the charge of assault to murder and allowing the defendant to plead guilty to aggravated assault. The case was tried up on the latter charge and the jury brought in a verdict of guilty and assessed the punishment at a fine of twenty-five dollars and cost.

### Trials of winter.

Do not permit yourself to be a victim to a cold or cough. They lead to pneumonia, consumption and elsewhere. Be wise; use Simmon's Cough Syrup. It cures, coughs, heals lungs and will keep you right here to enjoy the beauties of spring.

### Four New Boarders.

From Thursday's Daily: Jailer Sloan received four new boarders from Garrison last night. They are George Slaughter, Tom Sexton, Monroe Burton and George Clark, all colored, and were brought down by Constable Hubbard Hart on a charge of theft. They are accused of pilfering from the stores at Garrison and will probably have to lie in jail until they can be tried by the county court.

### Never Disappoints.

"Many extensively advertised remedies are failures when put to the test. Hunt's Lightning Oil is an exception. Confidence in it is never misplaced—disappointment never follows its use. It is surely the grandest emergency remedy now obtainable. For cuts, burns, sprains, aches and pains I know no equal."—Geo. E. Padilock, Doniphan, Mo.

The oil mill is doing a good business now. Eleven carloads of seed were received this morning and the farmers are bringing it in by the wagon load in good quantities. The price today is \$2.00 per ton with a downward tendency.

**SPEAKING LAST NIGHT.**

Houston and Brooks Met in Joint Political Discussion. From Thursday's Daily:

The district court room was well filled last night by an audience which contained a large proportion of the best citizenship of Nacogdoches present to hear the debate between Hon. M. L. Brooks, democratic nominee for congress from this district, and his republican opponent, Hon. A. J. Houston, Col. Houston, introduced by C. D. Mims, Esq., opened the debate. His speech was not a strong one measured by the usual standards, and it did not go elaborately into living political issues, the speaker dwelling upon the material interests of the district and the importance of having a representative in congress in sympathy with the ruling powers—he rashly assuming that those powers would continue to be republican. Col. Houston is not an orator, but he is unmistakably a gentleman, and behind his quiet and unassuming exterior there is abundant force and good sense—but he is not congressional timber. He was on the wrong side of the issue and couldn't do justice either to himself or the subject. He was followed by Hon. M. L. Brooks, also introduced by Mr. Mims, and the next representative from this district made a speech of genuine power, one that covered the case, handled every issue in masterly style, and in tone and spirit most admirably. The speech was temperate and conservative, but keen, forcible and logical and demonstrated that Mr. Brooks has a head two stories high, knows how to think and knows how to tell it. He left nothing unsaid that should have been said and showed himself a well informed student of public affairs and the issues in American politics. He was heartily applauded by the audience when he concluded. Col. Houston made a few minutes' reply, but it was not a success. Brooks will make his mark in congress.

**In Praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy.**

"Allow me to give you a few words in praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Mr. John Hamlett of Eagle Pass, Texas. "I suffered one week with bowel trouble and took all kinds of medicine without getting any relief when my friend, Mr. C. Johnson, a merchant here, advised me to take this remedy. After taking one dose I felt greatly relieved and when I had taken the third dose I was entirely cured. I thank you from the bottom of my heart for putting this great remedy in the hands of mankind." Those people who are interested (and who are not?) in the unending discussion of the immortality of the soul from the point of view of science will read with interest the following by Dr. Alexander J. McIver Tyndall, the famous apostle of scientific psychism: "It is a significant fact that with all our latest and most advanced attempts to demonstrate the existence of a future state, we must still go back to the world-old tradition of revelation from which to find our proofs. That is, there can be no scientific demonstration of a future life, however hard so-called scientists may try, as long as we regard science as physical experimentation only. The reason for this is because the

TO THE TRADE

We have opened a Branch House in Shreveport on account of its excellent location as a shopping center, and will carry the same line of goods that have won a first place for us through the central and southern states. We are a firm of long standing and are big people in the whiskey business—largest in the South selling exclusively to the consumer. During the past twelve months we have handled almost a half million dollar business. Think of it: Five Hundred Thousand Dollars worth of whiskey in jugs and bottles—You KNOW our goods are right or we couldn't secure that immense business.

Our large interest in the EARLY TIMES DISTILLERY give us absolutely the best the market offers, both from a standpoint of quality and price, and we unhesitatingly say there is not a stock of whiskey in the South or Southwest equal to ours in quality, at the various prices.

It will be to your advantage to give us a trial. We believe in STRAIGHT whiskies and do not carry a Rectifiers or "Mixers" license, either at Paducah, Ky., our headquarters, or any of our branches, and the goods are supplied the trade exactly as received from the distillery. In proof of this claim we refer you to the Internal Revenue Records. Our goods merit your patronage and we respectfully solicit your orders.

Yours very truly,

coarser, denser substance that we call physical is constantly undergoing change of form and condition. Hypnotized subjects have disclosed the fact that there exists within every human structure an intelligent, tangible entity possessing powers and senses infinitely finer and more penetrating than the physical sense. Certain of these experiments bear a close relation to what has been recorded as miracles, and naturally the assumption has been arrived at that nothing ever has been that is not now. But all these scientific experiments have not furnished proof of individual survival of the process of death. Physicists wisely conclude that there undoubtedly is a distinct and separate consciousness locked up within the human organism, but when it comes to proof regarding the continued conscious existence of this consciousness, we must look to the much-abused phenomena of "spirit communication" for our proof.

**Has Sold a Pile of Chamberlain's Cough Remedy.**

I have sold Chamberlain's Cough Remedy for more than twenty years and it has given entire satisfaction. I have sold a pile of it and can recommend it highly.—Joseph McElhiney, Linton, Iowa. **A Serious Accident.**

What may yet prove a fatal accident happened to Link Simpson, the son of Mr. and Mrs. A. V. Simpson, Wednesday afternoon. After school hours, Link was on his way home, going by the Cardell mill, and as he was passing under the shed a piece of timber caught on the cut-off saw and was thrown across the shed striking Link on the side of the head, rendering him unconscious for a short time. He is quite sick yet but the physicians entertain hopes for his recovery.—Garrison Gleaner.

**THE GREENVILLE MILL AND ELEVATOR CO. AWARDED GOLD MEDAL**

For Fine Flour at the World's Fair October 24th, 1904.

M. E. Minton is selling agent for Nacogdoches territory and he keeps constantly on hand one to three car loads in his large warehouse on railroad tracks. He invites all dealers in Nacogdoches and surrounding towns who desire to build up a flour trade to give his High Patent a fair trial. He will pay freight both ways if not as good as made, in fact it is as fine as some mills put out for Extra Fancy. Have three grades, if you want it. Write, phone or call on M. E. Minton, Nacogdoches, Texas.

W. G. King, of Garrison, spent Friday night in the city. He brought down a wagon load of extra fine ribbon syrup, put up in gallon cans. He did not find ready sale, owing to the fact that there were probably a dozen wagon loads here ahead of him during the past few days, and the local market has been well supplied for the present. Mr. King says he will plant an extensive cane crop next year and will arrange for shipping his syrup to the great Northwest where ribbon cane does not grow. He could find a ready market for his syrup this year, but he has not sufficient quantity to make shipping profitable. If the farmers would enter into a concert of action and arrange for shipping in carload lots syrup-making would prove a never failing and profitable industry in Nacogdoches county where ribbon cane grows luxuriantly and every farmer is an expert at syrup making.

Hark, ye mothers! don't forget, "Teethina's" in the market yet. A friend of babies is Dr. Moffett. He cures their ills for little profit.

"Teethina" allays irritation, aids digestion, regulates the bowels, overcomes and counteracts the effects of summer's heat and makes teething easy and costs only 25 cents.

**A Gavel for the Grand Lodge.**

Judge Rohte, secretary of Red Land Lodge, No. 3, of the Masonic order, sent off a pine knot the other day on a peculiar mission. The Grand Lodge in Waco is to be dedicated at the next annual session in December. It will be necessary to have three gavels for the three principal officers of the Grand Lodge. The three oldest lodges of the state—Holland Lodge, No. 1, Houston; Milam Lodge, No. 2, Nacogdoches; Red Land Lodge, No. 3, San Augustine;—were asked to furnish material for these gavels. After consultation among the members it was decided that one of our East Texas pine knots would be the most unique and appropriate that could be chosen. A number were procured, but turned down; the one which was sent off making a beautiful gavel showing the twist of the knot.

The material is to be worked up by the boys of the Orphans Home in Ft. Worth and finished for use. It will then be used by the grand master and grand wardens at the dedication of the magnificent new structure which has been erected at Waco.

The pine knot will indicate that it is a pretty hard proposition to get ahead of East Texas.—Rev. G. L. Crockett in San Augustine Visitor.

John L. Meroney is in it it too with the big potatoes. The Sentinel is now receiving samples enough to feed the editor and his entire family and they are simply fine. "No objection to making special mention. In fact we love to talk about the big potatoes, fine syrup and so forth. Just bring in the samples and we will tell the world all about the glorious products and possibilities of grand old Nacogdoches county and the thrift and industry of her noble tillers of the soil.

**MONDAY'S LOCALS.**

A. A. Wortham, of Cushing, is in the city on a business visit.

A. L. Davis of San Augustine, is registered at the Banita.

Mr. M. Hill, of Appleby, was a caller at The Sentinel office Saturday.

B. W. Thomas, of Libbert, was in the city today. He is the election officer of that beat and carried out the Libbert voting boxes with him.

J. N. Sitton, of Trawick, was a caller at The Sentinel office this morning. He was in the city getting barrels, kegs and jugs for putting up his immense cane crop which he is now converting into syrup.

Mrs. W. J. Bruton returned to her home in Mt. Enterprise Saturday night, going up on the T. & N. O. by way of Cushing. She was accompanied by her son, O. F. Bruton, who returned this morning.

Jeff Blakey, of Melrose, brought in the product of one hill from his potato patch, which was a full peck. The samples were of the "nigger killer" variety, the red potato, second only to the yellow yam as an eating potato, which never fails in this climate.

Mr. S. Anderson and Miss Mamie White were married in front of the C. P. church yesterday afternoon, Rev. J. A. Williams performing the marriage rites. The bride and groom sat in their buggy while the ceremony was being performed, and as the last word was uttered by the minister that made them one the groom put whip to the horses and when last seen the happy couple were making rapid time for "tall timber," leaving some suspicion that it was an elopement and that there was somebody on track of them.

Mr. J. T. Brewer, a farmer living near this city left a cucumber on exhibition at the office of Lindsey & Harris Saturday that weighs 45 pounds. It greatly resembles a large green watermelon or citron, but it is said to be a genuine cucumber, and is excellent for making pickles. This is the first specimen of this particular variety of cucumber the Sentinel man ever saw and he had to be "told" before he would believe it was anything but a citron.

**Not a Sick Day Since.**

"I was taken severely sick with kidney trouble. I tried all sorts of medicines, none of which relieved me. One day I saw an ad of your Electric Bitters and determined to try that. After taking a few doses I felt relieved, and soon thereafter was entirely cured, and have not seen a sick day since. Neighbors of mine have been cured of rheumatism, neuralgia, liver and bladder troubles and general debility." This is what B. F. Bass, of Fremont, N. C. writes. Only 50c at Stripling, Haselwood & Co., druggists.

**Strayed.**

Black Poland China sow pig about 3 months old. Left home about three weeks ago. Notify J. J. Haltom.

**Disastrous Wrecks.**

Carelessness is responsible for many a railway wreck and and the same causes are making human wrecks of sufferers from throat and lung troubles. But since the advent of Dr. King's New Discovery for consumption, coughs and colds, even the worst cases can be cured, and hopeless resignation is no longer necessary. Mrs. Louis Cragg of Dorchester, Mass., is one of many whose life was saved by Dr. King's New Discovery. This great remedy is guaranteed for all throat and lung diseases by Stripling, Haselwood & Co., druggists. Price 50c, and \$1.00. Trial bottles free.

Ed Long, of Alazan, died Saturday night. He had been afflicted all his life with St. Vitus dance, or some ailment of that character, and for several years has been nearly blind. His death was caused from a complication of diseases. He was well known in Nacogdoches and all who knew him held a kindly and sympathetic feeling toward him. He bore his afflictions with patience and fortitude and was always cheerful. He has at last found permanent relief and gone to the reward that awaits the pure and upright.

**Doesn't Respect Old Age.**

It's shameful when youth fails to show proper respect for old age, but just the contrary in the case of Dr. King's New Lite Pills. They cut off maladies no matter how severe and irrespective of old age. Dyspepsia, jaundice, fever, constipation all yield to this perfect Pill. 25c at Stripling, Haselwood & Co's drug store.

Mrs. Jacobs and her daughters, Mrs. Belle Blakey and Miss Emma Jacobs, who have been residing on South Fredonia street, left today for Oil Springs in this county where they will make their home. Miss Emma Jacobs has just recovered from a three months spell of typhoid fever.

**A Runaway Bicycle.**

Terminated with an ugly cut on the leg of J. B. Orner, Franklin Grove, Ill. It developed a stubborn ulcer unyielding to doctors and remedies for four years. Then Bucklen's Arnica Salve cured it. It's just as good for burns, scalds, skin eruptions and piles. 25c, at Stripling, Haselwood & Co's. drug store.

**Mrs. Bryarly Improving.**

A letter received by Mr. Bolin from Judge Bryarly this morning conveys the cheering information that Mrs. Bryarly is better, and that if she continues to improve until Saturday she will be out of danger. —Center News.

**A Physician Healed.**

Dr. Geo. Ewing, a practicing physician of Smith's Grove Ky., for over thirty years, writes his personal experience with Foley's Kidney Cure: "For years I had been greatly bothered with kidney and bladder trouble and enlarged prostate glands. I used everything known to the profession without relief, until I commenced to use Foley's Kidney Cure. After taking three bottles I was entirely relieved and cured. I prescribe it daily in my practice and heartily recommend its use to all physicians for such trouble. I have prescribed it in hundreds of cases with perfect success." Sold by Perkins Bros.

**Aunt Mollie Got Mad.**

The chief fall attraction for Grand Saline and Canton—Mollie Bailey—has come and gone, leaving a trail of glory behind. To our certain knowledge Mollie has been going to Canton over twenty years and she knows almost every man, woman and child in the community by their front names. She gets more free advertising than any other show on the road and never changes the program of her entertainment. She visited Wills Point a few years back and some cruel, heartless person put a little high-life on one of her dun-colored mules, causing a number or two on the program that was not down on the the bills, and since that time she has cut us cold, it being her rule to never play a return date where she has any trouble.—Wills Point Chronicle.

**Favored By Both Parties.**

Republicans and Democrats alike praise Foley's Honey and Tar for coughs, colds and all throat and lung diseases, as no other remedy can compare with it. It is safe and sure. F. T. Slater, merchant, 171 Mam St., Gloucester, Mass., writes: "Foley's Honey and Tar cured me of a very bad cough which I had for three months, though other remedies failed to benefit me. I can highly recommend it for coughs and colds." Sold by Perkins Bros.

ELEVEN murder cases are on the district court docket in Houston awaiting trial.

THE British and Russians have agreed to refer their little misunderstanding to a court of inquiry.

If that hole in the ground down at Humble doesn't spout oil in the next few days it will not be for the want of newspaper encouragement.

SECRETARY HAY has evidently changed his mind and wants to hold on to his job if Roosevelt should be elected. He has taken the stump for his boss.

It is reported that Senator Beveridge of Indiana has thrown up the sponge so far as that state is concerned and admits that it will go for Parker.

WHILE we are claiming we might as well claim it all. Not only will Judge Parker be elected next week, but a democratic majority in the lower house of congress will also be elected.

THE chairman of a big republican local mass meeting in New York City, Wednesday yelled out by way of a starter that Roosevelt was "a man whom we all love and admire." Not by a darned sight, brother.

TYLER and the Cotton Belt road are still struggling in the courts over the proposal of the road to remove its headquarters from that city. The case is pending in the court of civil appeals at Galveston and the railroad people are endeavoring to get it advanced on the docket so there may be an early adjudication of the issue.

JOHN McLENDON of the Teneba Messenger, reported to be so ill a few days ago that his life was despaired of, rallied from the attack and is getting all right again. There are plenty of people, old toothless and tired of living for the Grim Reaper to do business with, and we are glad Mack has been spared to his friends and family.

If you have lost your poll tax receipt—not the one you got this fall, but the last one you got before that—you can cast your vote by making affidavit before any officer authorized to administer oaths that such tax was actually paid by you and that said receipt has been lost. Such affidavit shall be made in writing and left with the judge of the election.

ONE of the democratic national committeemen says in a St. Louis interview: "The apathy which one hears so much about bodes well for the democracy. The quiet man will cut a great figure at the polls this year, and he will vote for Parker and Davis for a number of sufficient reasons. He is especially opposed to Rooseveltism and imperialism, and is for the conservatism that Parker represents."

Don't make a mistake and bring the wrong poll tax receipt with you to the polls next week. Bring the one you got showing the payment of your poll tax before the first day of last February. Don't bring the one you got this fall.

JOHN W. DALE of Bowie, Texas, is now associated with Messrs R. E. and R. A. Yantis in the publication of the Athens Review. Mr. Dale is a veteran in the business, well known in many parts of Texas, and the new management intends that the Review shall be better than ever.

TOM WATSON has just put in his last licks for Roosevelt in the northern campaign by a big speech at Chicago and announced that he would do no more talking outside of Georgia. Whatever the result of the election may be Tom can always feel sure of a warm place in the affections of his friend Roosevelt.

CAPTAIN SPENDER CLAY of the British army was married last Saturday in London to Miss Pauline Astor, daughter of the multi-millionaire expatriated New York snob, William Waldorf Astor, who found America too vulgar for him and became a British subject. Captain Spender Clay will now assume the new role of Captain Spender Money. It is hoped that this joke will be obvious without a diagram.

WE see that the Beaumont Journal carries the full republican ticket from Teddy to constable. It's all right, Sam; this is a free country and we are nothing if not tolerant, but it does look queer. However, now that you've broken the ice, made the plunge, crossed the Rubicon and burned the ships, pitch in, and give us a first-class, up-to-date orthodox republican paper with no neutral tints about it. Go the whole elephant and play the game for all there is in it. We admire your pluck and preserve a considerate silence as to your judgment.

SAN AUGUSTINE has booked an "Old Fiddlers' Contest" for the second week in December and an invitation is extended to all old fiddlers to enter. There is a cash prize of \$15 for the best fiddler, a fine hat for the second best and a fine pair of shoes for the third. Those who want to compete for these prizes should write for particulars to Mrs. A. R. Shaddon, San Augustine, Texas.

THE row brewing between England and Russia has assumed a new phase. The Russian Admiral in command of the fleet which fired with such disastrous effect upon the Edglish fishing boats now comes forward with the statement that he was surrounded with Japanese torpedo boats and his fire was directed against them—not the fishing vessels. He also says that he sunk one of the torpedo boats. This story is incredible on its face and it will take more testimony than the admiral's assertion to convince the world that Japanese war vessels

were operating right off the English coast on the opposite side of the world from the seat of war and their presence not suspected by the English or any other European people. The Japs are a wonderful people and if they have accomplished this feat they lead the world in enterprise.

THE very ablest and most satisfactory proclamation Vice Admiral Alexieff has issued since the war begun was that from Harben yesterday beginning: "In execution of his Majesty's orders I am leaving for St. Petersburg." A noble compliment to the sagacity of the emperor!

THE four conferences of the Methodist Episcopal church, South, of Texas, will hold their regular session as follows: November 9th, West Texas conference, at Cuero; November 16th, Northwest Texas conference, at Mineral Wells; November 23rd, North Texas conference, at Bonham; November 30th, Texas conference, at Marshall. All of these conferences will be presided over by Bishop Hoss of Dallas, the successor of Bishop Duncan to the Methodist bishopric of Texas.

THE Panola Watchman says the claim that Panola county is the best poor man's country on earth, is not without foundation. Now there is just where Panola county differs from Nacogdoches county. Here we have the best country on earth for a poor man to come to, but it stays here long enough and does the right thing he can't stay poor. Our notion of "the best poor man's country on earth" is that country in which there are the greatest number of poor men and they are most likely to stay poor.

HERE is a section of the Terrell election law which it is well enough for people to be familiar with about this time. Section 62 of that law says: "If from any cause the judges of election shall be satisfied that the poll tax receipt or certificate of exemption was not issued by the county collector, or was not issued for the elector who has presented the same, or that the affidavit presented by the elector is not true, or that since his certificate or receipt was issued he has removed from the precinct or voting ward to another in the same county, and not obtained a corrected receipt or certificate, no ballot shall be delivered to him and he shall not vote."

COL. JIM JEFFRIES, the unlicked champion of the world in his line of business, which is prize fighting, doesn't come from the South but he has some very stalwart southern ideas about the color line. A Texas darkey named Johnson recently defeated a noted prize fighter in California and felt so proud over it that he challenged Jeffries. Jim replied by saying: "I do not care whether Johnson licks the Japanese army. I have repeatedly declared that, so long as I am in the fighting business, I will never make a match with a black man. The negroes may come and the

negroes may go, and some of the negroes may be excellent fighting men. Just tell the public that James J. Jeffries has made up his mind that he will never put on boxing gloves to give battle to an Ethiopian."

IT is the silent vote in the doubtful states that will defeat Roosevelt next Tuesday—the vote that doesn't vaunt itself, admits no party obligations and resents the slightest effort at coercion. That vote holds the balance of the power and the indications are strong that it means to support Parker.

TEXAS is taking a whole lot of prizes up at the World's Fair, and if premiums were to be awarded for feminine loveliness our state would lead all the rest, for there has been an almost unbroken stream of pretty Texas girls visiting the fair for months past. The big show might have been a success without them—that is, a partial success, but their presence has made it an enchanting spectacle of continuous and bewildering beauty. There now, girls.

A WHOLE lot of people in this state want the occupation tax repealed, but ex Governor Hogg isn't one of them. In a speech by him last Saturday at Decatur in answer to a question on the subject he said: "I oppose the repeal of that tax; I don't care how many merchants want it repealed. I know what I am running into when I say this, but I believe that every one should pay for the franchise of doing business. Every man should pay something more than the ad valorem—something more than the man who tills the soil and produces everything."

HOGG is still receiving more than his share of abuse from the Texas Press.—Tyler Democrat-Reporter.

AND the more they abuse him the more he grows in the esteem of the people of Texas. He is unique among the public men of this generation in that he holds no office, seeks no office, has no axe to grind and yet gives his time and abilities of the people in a spirit that is obviously unselfish and with an earnest desire to promote the best interest of the state. Gov. Hogg is fallible, like other mortals, and he may not always be right in his opinions, but he is no demagogue and his devotion to Texas has given him a place in the hearts of the people from which all his enemies combined cannot displace him.

THE news comes from our neighboring city of Athens by way of Dallas that Mr. G. H. Wetzel a resident of the former city has gone into training to challenge Jim Jeffries for the heavyweight championship of the world. Wetzel is 26 years old, weighs 204 pounds, is 5 feet 9 inches high and each fist measures six inches across. He has whipped everything available in his section of the state and sighs for more worlds to conquer. He was born at Marlin and has never been outside of the state. The outside world has

been taught to consider the typical Texan as a gentleman who was handy with his gun, and if Mr. Wetzel shall succeed in displacing this ideal with the nobler figure of a gentleman who is handy with his fists and bring home the scalp of Jim Jeffries, Texas will acclaim him a hero and give him a pedestal in her pantheon of great Texans. Keep your eye on Wetzel.

ONE week more and the agony will be over. We're beginning to feel almost sorry for Mr. Rosyvelt, poor man.

THE comic element in the campaign is the ruthless suppression of Teddy's mouth by his managers. He would have put his foot in that orifice long ere this but for the wise old guys who have been holding him down.

ENGLAND wouldn't be near so hard to hold over that little affair of the Baltic fleet if she suspected that poor, harried Russia had the slightest intention to go to war about it. It was never so safe to kick Russia as right now.

"He's doing a landoffice business" was the old phrase to indicate a rushing trade, but it don't go now in prohibition communities where the whiskey thirst survives the death of the saloons. The express office does the business now.

THE big and perhaps final assault on Port Arthur has begun—maybe over by this time. The Russian defence of that stronghold is one of the marvels of modern warfare but not more marvelous than the Japanese assaults. The Japs are sure of success in that quarter but they are paying a fearful price for it.

AN associated press dispatch from New York City under date of last Saturday sends the following forecast of the national election by the national democratic committee, which looks good to us:

"Urey Woodson, secretary of the democratic national committee, speaking for the committee today, predicted the overwhelming election of Judge Parker to the presidency. He predicted that all the doubtful states will be democratic; and also that the states called republican will be and are doubtful. Secretary Woodson said: I have every confidence that Judge Parker will be elected. I have been here 100 days now, and I am ready to announce from observation of what we have received that Parker is elected. All the doubtful states, so called, will be in the democratic column, and many of the states called purely republican are now in the doubtful column. We will carry New York, New Jersey, Connecticut, Indiana, Maryland, Idaho, Colorado, Utah and Nevada; in other words all the doubtful states are for us. Illinois is doubtful. Ohio is even doubtful. The big men who controlled that state are now dead. The republicans assume they are going to win there, but we hear they might lose. Even California has good reports for us, and we are hopeful of carrying that state. Maryland is certainly democratic, as Kentucky and West Virginia."

Taking as a text a recent paragraph in The Sentinel to the effect that the Texas railroads had to pay nine million dollars damages in judgments obtained against them in this state during the past year, the Tyler Courier lectures the editor of The Sentinel at considerable length, makes an issue between the the railroads and the people, calmly disposes of The Sentinel editor on the side of the roads against the people, and incidentally makes him the enemy of Gov. Hogg. But, brother, we won't have it.

You have tortured a meaning out of our paragraph never intended by the writer. We simply printed an interesting news item obtained from the daily press, accompanied by a brief comment to the effect that the encroachments of the roads upon the rights of the people would be more than offset by the damages collected from them by industrious and well nigh innumerable litigants. Each case in all that litigation must or should be decided by its own facts, not by a purely imaginary issue between all the people in Texas and all the railroads in Texas. Railroads are good things—indispensable institutions in this age of the world, and while they will bear watching at all times and should be fully restrained by law from encroaching on popular rights, they should with equal care be protected in their own rights and not made the helpless victims of every fellow who wants to "raise the wind" by a damage suit, whether it has any merit in it or not. Stick 'em for damages good and hard when they deserve it; make them obey the law in all things and waste no sentiment upon them—but be just to them. Surely the Courier will agree with us in this, and thus far only does our contention go. As for Governor Hogg, our contemporary is wide of the mark when it puts us in the attitude of hostility to him. The Sentinel is no man's organ and holds no man in his public relations too high or too good for criticism, but we have been for Jim Hogg first, last and all the time, barring an occasional difference of opinion on minor points, and we intend to stay by him as long as he remains as he is now, the strong, brave, unselfish tribune of the people, watchful of their rights and ready always to fight their battles.

Nacogdoches County, Too.

Every democrat in Houston county owes it to his party and good government to go to the polls on November 8th and vote the ticket from constable up. Our representation in conventions two years hence will be based on the vote for governor at this election. Our people are a home-loving people. Their desire should be to see Houston county with as large a convention vote as possible and they should so express themselves at the polls on November 8th.—Crockett Courier.

The compress bridge has been tully repaired and is again doing service.

Have you been reading the Weekly Sentinel for the past five weeks and noticed carefully the ad of Tucker & Zeve? If not, look up the old papers and see what we are offering. It will be interesting reading matter to you if you intend to make any purchases in Nacogdoches for your fall and winter supplies.

We are adding new and better bargains to our already very complete stock every day. If we cannot get all we are anxious for a part of your business. We are sure you will give it to us if you will only call, examine and price our stock of merchandise. Remember we guarantee you satisfaction on every purchase you make of us.

Our October sales are running larger than last October and we must make November do likewise, hence we are going to offer you more inducements than ever before. No trouble to show goods. A visit from you will be appreciated whether you buy or not. Call and see us please.

Yours anxious to please,

the Voters of Nacogdoches County, Texas.

It has been my intention and desire to see you again in person before the general election, but business has prevented. I am a poor man, and my financial obligations have forced me to stay with my ginning business to meet them. Therefore I take this method of reaching many who I may be unable to see.

A man of proper refinement never imposes his private grievances upon a thinking public through the press, but you will pardon this one digression. My opponent in the Plaindealer of week before last, desires to know "Who Has Lied?" I think I can furnish some light on the subject. He called Mr. Samples of Nacogdoches up at the hour of midnight and told him certain tales derogatory to his family, coupling me with them. Sunday morning after the democratic executive committee met on Saturday to make the official count of the last primary he was called upon for his authority. He gave it. Inside of two hours he retracted his statements and acknowledged in the presence of E. M. Weeks, Mr. Samples and Harry P. Fall, Esq., and myself that his statements were not true. When confronted with his authority, he did it in the polite phrase: "I misunderstood Mr. Weeks."

It seems that heaven and earth have been moved to encompass my defeat. Not satisfied with this, Dante's Inferno and Pluto's cauldrons are scum for campaign thun-

der. But believing that an intelligent public was so thoroughly acquainted with the political methods of my opponent that they deserve to be met with silent contempt I have thus far remained silent, but as "circulars" are afloat and interrogatories appear in print I am seemingly forced to make these remarks.

It occurs to me that the hour is at hand in which the people of this county should speak, and not in smothered tones; that this thing of a life time in office, and when superannuated pass it to your next kin, was over: My friend Spradley's "circular" appeal to young men strikes me as very peculiar. I would remind the young men that if they listen to his pleas their heads will be white before he gets out of the way to give you an opportunity. Why qualify your boy, if an official must die out of his way? I believe in democratic precedent of two terms in office.

My host of friends in my community have already given you my thanks for according me the privilege of being the democratic standard bearer for sheriff of this county. My honest efforts bespeak a grateful heart. If the voters of this county will honor me with this office I can only promise them a faithful performance of duty to the best of my skill and ability in strict obedience to the principles of right, justice and honor.

While yet comparatively young, I believe that my stand-

ing among the people where I am best known will warrant the position that the follies of youth have been merged into an honest, sturdy, upright manhood, and in consequence your trust will not fall in unskilled hands, as my friend Spradley would have the negro voter believe by his circular, a verdant field for thieves and cut-throats. Experience in any business qualifies a man for that business. My opponent had to make a beginning. My experience with the public thus far will, I think, make my beginning compare favorably with his. If his experience logic is to continue to rule, he must remain in office until death, then we would have no more sheriffs, for we could not have an experienced man. This county is full of men with brains enough to make good sheriffs. And after my friend Spradley and myself have long since mouldered back to dust, and our memory only a very faint mystic legend, this county will have good experienced sheriffs. I will appreciate your support at the general election. Eugene Buckner, Chireno, Tex., Nov. 1, 1904.

POPULIST CANDIDATES.

Fulmer For County Clerk.

From The Garrison Gleaner:  
In this issue appears the name of Leroy P. Fulmer, nominee for county clerk on the populist ticket. Professor Fulmer is a young man thoroughly competent to discharge the duties of this office, holding a first grade state certificate granted him by the Sam Houston Normal School. He is strictly sober, having never tampered with any kind of intoxicants and is very courteous and gentlemanly. He is a teacher by profession and is one of the county's finest penmen, is a Mason and a member of the Woodmen of the World. If elected your work will receive prompt and proper attention.

To the Voters.

I regret very much that I have been unable, on account of sickness and the confining nature of my work, to make a canvass of the county during this campaign. I will appreciate the office of tax assessor if you see fit to honor me with it, and assure you that I will endeavor to see that there is no cause for complaint on your part. I have held positions of similar responsibility and feel confident of my ability to attend to the duties of the office. I desire to thank my friends for the interest they have displayed in my behalf and to assure them that however the election may go that I will ever remember them.

Respectfully,  
Oscar F. Murphey.

JUDGE REAGAN tells the young men of Texas who are seeking a career, to avoid the law as there are more lawyers than clients.

THE department of agriculture has not lost faith in the Guatemalan ant as a boll weevil exterminator and has just sent to Guatemala for several additional colonies of the ants to be located here.

IF the officers of the Russian Baltic fleet get so badly rattled several thousand miles from the seat of war that they can't tell an English fishing smack from a Japanese war vessel, what can we expect of them when they go up against the great battleships of Japan in the Yellow sea?

CYCLONE DAVIS is great as a prohibition lecturer and can depict the evils of the whisky traffic with rare force and eloquence, but not enough to prove that local option can't handle the evil and that the prohibition party should displace democracy in the government of Texas.

COL. BILL STERETT is up in Indiana sizing up the situation for the Gal-Dal. News. He has interviewed Taggart and finds him the slickest of modern campaign managers who is dead sure that New York will go democratic and is almost equally certain as to Indiana. Col. Sterett himself seems to have a few doubts.

THE croak of Tibbles has been heard in the land. Tibbles is the populist candidate for vice-president and he has just made a speech in which he pierces the future with prophetic eye and announces that a tremendous financial panic is due to arrive two years from date and nothing but a few panic-proof populist principles will survive the wreck.

THE good roads amendment to the state constitution which permits counties to vote bonds for the building and improvement of county roads if they want to, should win out at the coming election. Such an amendment will enable enterprising counties unwilling to remain under a mediæval road system to supply themselves with good roads at their cost and in their own way.

JUDGE PARKER has done the handsome thing by telegraphing to Mr. Bryan his warm thanks for the splendid service the latter is doing for the ticket in the present campaign. Mr. Bryan is a greater man in the estimation of the whole American people right now than at any previous period of his career. Some of these days he will be president of the United States. This is a prediction—not a threat.

## BRING THE RIGHT RECEIPT.

Voters in the approaching election must not forget to bring their poll tax receipts, and be sure that they are the receipts showing the payment of poll tax before the first day of February last. Do not bring to the polls the poll tax receipt given you when you paid your taxes this fall, for this is not the receipt required by the Terrell election law to be shown as a condition precedent to voting. The language of the law is that "any voter who is subject to pay a poll tax under the laws of the state of Texas shall have paid said tax before he offers to vote at any election in this state, and hold a receipt showing the payment of his poll tax before the 1st day of February next preceding such election." We are informed that some voters are under the impression that the poll tax receipts they get this fall are those which are required to be shown before they can vote in the next election, but as will be seen by the law quoted, such is not the case. It is the receipt showing the payment of the poll tax before the first day of last February. It is important to remember this, for if the voter brings the wrong receipt he can't vote unless he can get hold of the right receipt before the polls close.

THE total electoral vote in 1892 was 444, and of these votes Cleveland received 277, Harrison 145 and Weaver 22. The electoral vote of 1896 was 447. McKinley in that year was given 271 and Bryan 176. In 1900 McKinley received 292 and Bryan 155. The total electoral vote this year will be 476.

DOWN in Beaumont, the Enterprise charges that its esteemed contemporary, The Journal, has gone over to the republican party and the Journal retorts that it is only trying to purify the democracy of Jefferson county. A good live republican daily in Texas might feel lonely but it would not be unwelcome. However, we doubt if Sam McGary would care to stand daddy for it.

IN answer to a question, Col. Houston stated in his speech at the court house Wednesday night that he certainly expected to be elected to congress from this district next month. But it was the way he said it that made the crowd strongly disposed to laugh at his fine unconscious humor. Col. Houston might not drop dead from surprise if he should be elected to congress from this district, but he would be temporarily paralyzed with astonishment.

THE devil is entitled to his dues and so is Roosevelt. The latter has just appointed to the position of postmistress in Gainesville, Ga., Mrs. James Longstreet, widow; of the famous Confederate general who died last winter, and it was in all respects an appointment fit to be made. Mrs. Longstreet is a cultured lady, comparatively young

and of much force of character and practical sense. She adored the old general, whose wife she became when he was almost an octogenarian, and as he left her in poverty the president's appointment is an opportune gift. Ah, Teddy, if you had but done this well in all your southern appointments! And perhaps you might if you had stopped your ear against the malevolent counsels of your evil genius, Henry Cabot Lodge, the Massachusetts snob.

THAT brilliant son of Texas, Judge Olin W. Welborn, now Federal judge for the southern district of California, and recognized as one of the great jurists of the Pacific coast, has just knocked out a big railroad trust in California by a decision rendered last Thursday and earned the enthusiastic gratitude of the fruit growers in that state in consequence. The railroads combined to fix a rate for carrying fruit, and, to make it effective, refused to allow shippers to designate the route they would ship over. Judge Welborn's order destroys that arbitrary scheme and leaves the shipper to select his own route, thus saving a vast sum annually to California fruit growers.

THE SENTINEL firmly believes that Judge Parker will be elected President of the United States on the 8th of next month, but we grieve to confess that, while not having an absolute monopoly of the belief in this neck of the woods, we are more or less lonely for the want of cheerful company. Away to the North of us where people are thick and brutal majorities are unknown the combat rages and there the battle will be decided. The northern democracy is putting up a great fight; the gold and silver factions have united, and with William J. Bryan and Grover Cleveland both talking for the ticket and the independent vote coming our way, along with thousands of old time republicans disgusted with the antics of Roosevelt, the democratic ticket has a better showing than it has had since old Grover led the party to victory long years ago.

"CHARACTER is a modern commercial asset of rapidly increasing importance" says the president of the National Association of Credit Men. A generation ago this went without saying, for character was considered the indispensable basis to success in any legitimate avocation; but "graft" and "push" and "gall" and "get-there" have the call these days and we have strayed so far from the old landmarks that character in the old, beautiful and noble sense of the word is almost considered the badge of an old fogy and more a handicap than an advantage in the fierce competitions of modern life. But the world is growing alarmed at modern tendencies and these are healthful signs of a reversion to the sound and simple principles of our fathers so necessary in the structure of a stable and successful manhood.

PROPRIETORS OF GRANDMA'S REMEDIES

THE northern people more and more are coming around to a widely different view of the negro question from that they have entertained heretofore. The Chicago Tribune has always been one of the great republican lights of the North and it has viewed the negro problem with that honest but ridiculous super-sentimentalism that idealized the negro and put the whole subject in false perspective. But the Tribune has of late taken counsel of facts rather than hector and prejudice, and from a recent article in that paper we take the following: "The negro question is greater than any other question in America. And it is not only greater, but more delicate. It is a matter of social as well as of political and industrial life. So, more than almost any other question that could be imagined, it needs personal experience. The occasional negro of the North is not an adequate basis for studying the negro of the South. In the South the negro in many communities outnumbers the white, and there is a possibility of negro rule. Therefore, Northerner, if you have time and money to visit new scenes, visit the South. Some of your fellows have gone to the South and have lived there for a few years. They don't feel now quite as you do. See if you can find out what it was that modified their opinions. Go South and watch the descendants of Washington, Madison, Jefferson, Marshall, Jackson, Clay, Calhoun, Polk and Lee while they, bone of our bone and flesh of our flesh, are working out, with errors of mind and with errors of heart, but with American pluck and hope, the greatest domestic problem that ever ate into the heart of a civilized people. Then come back, and if you still think that they are wrong you will say so in a different tone.

Doc Watson went out to the speaking at Gravel Ridge, last night, and reports a large crowd present. The occasion was the appointment of the organizer of the farmer's union to lecture at that place, but candidates had been invited to speak also and a large crowd turned out to hear the speaking. The only political speech made was by Sheriff Spradley, there being no other candidates present.

**SIMPLE REMEDY FOR CATARRH.**

**Just Breathe Hyomei Four Times a Day And Be Cured.**

If a few years ago some one had said you can cure catarrh by breathing air charged with the testing balsams, the idea would have been ridiculed and it remained for that eminent investigator, R. T. Booth, to discover in Hyomei this method of cure.

Breathe Hyomei through the inhaler for a few minutes four times a day and it will cure the worst case of catarrh. It soothes and heals the mucous membrane of the air passages, prevents irritation, and effects a complete and lasting cure.

In Nacogdoches there are scores of well known people who have been cured of catarrh by Hyomei. If it does not help you Stripling Haselwood & Co. will return the money you paid for Hyomei.

Things have assumed a business like appearance in the depot section of the city. The big Nacogdoches Grocery Company, with its immense warehouses and offices, covering two acres of floor space, the oil mill, steam laundry, compress, Ireson's manufacturing plant and planer, and a dozen other things are making that the busiest part of the city. Jule Smith is erecting a big warehouse adjacent to the Grocery Company which will add further to the improved appearance of that section.

**Sick Headache.**

"For several years my wife was troubled with what physicians called sick headache of a very severe character. She doctored with several eminent physicians and at a great expense, only to grow worse until she was unable to do any kind of work. Very often, to my knowledge, one single dose has cured a severe attack of diarrhoea, and I positively know that it will cure the flux (dysentery). You are at liberty to use this testimonial as you please." For sale by Perkins Bros.

**NAGGING PAINS**

Newport News, Va., July 22, 1903.

Last summer while recovering from illness of fever, I had a severe attack of Inflammatory Rheumatism in the knees, from which I was unable to leave my room for several months. I was treated by two doctors and also tried different kinds of liniments and medicines which seemed to relieve me from pain for awhile, but at the same time I was not any nearer getting well. One day while reading a paper I saw an advertisement of S. S. S. for Rheumatism. I decided to give it a trial, which I did at once. After I had taken three bottles I felt a great deal better, and I still continued to take it regularly until I was entirely cured. I now feel better than for years, and I cheerfully recommend S. S. S. to any one suffering from Rheumatism.

613 32d St. CHAS. E. GILDESLER, Va.

Rheumatism is caused by uric acid or some other acid poison in the blood, which when deposited in the muscles and joints, produce the sharp, cutting pains and the stiffness and soreness peculiar to this disease. S. S. S. goes directly into the circulation, all irritating substances are neutralized and filtered out of the system, the blood is made pure and the general health is built up under the purifying and tonic effects of the vegetable remedy.

Write for our special book on Rheumatism which is sent free. Our physicians will advise without charge all who will write us about their case.

**APPLEBY LOCALS.**

Appleby, Tex., Oct. 26.—Our red dust has been settled at last. We had quite a nice rain yesterday.

Cotton picking and corn gathering is about all over.

Our school still increases in number and interest every week.

It seems as though the talk of building the new Baptist church and remodeling the Christian church is on a stand still.

There is but very little sickness around our town just now. Typhoid fever has just about ceased.

Mrs. Hale who has been sick so very long, is thought to be improving some just now.

Dr. Albert Greer left for Dallas last Sunday where he will continue his medical studies.

Mr. and Mrs. J. W. Hurst, of Halbert, have been visiting their daughter, Mrs. G. W. Hart, this week.

Mrs. Dr. Fears returned today from Lutkin and Nacogdoches, where she has been visiting for a week.

The Carlton and Weatherly brick yard will finish burning their first kiln this week.

J. M. Blacksher, W. T. Skeeters and Dr. W. G. Hart will leave for Shreveport Saturday on a business trip and while there will visit Ringling Bros. show. Mr. Sid A. Smith will go with them to have an operation on his eye by an oculist in Shreveport.

**For Thirty Years**

Mr. J. A. King is at home again from Shreveport, where he underwent a surgical operation for a dead nerve of the jaw, which so affected the muscles of his face that for some time he was unable to masticate food and nearly hallock jaw. He is now rapidly recovering and it is thought that the operation will afford him permanent relief.

**Saved Him.**

"It did not kill me but I would if it had not been for Hunt's Cure. I was tired, miserable and well nigh used up when I commenced using it for an old and severe case of eczema. One application relieved and one box cured me. I believe Hunt's Cure will cure any form of itching known to mankind."—Clifton Lawrence, Helena, O. T.

Even Appleby is ahead of Nacogdoches in the brick making industry.

**Indigestion Causes Catarrh of the Stomach.**

For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes catarrh. Repeated attacks of indigestion inflame the mucous membranes lining the stomach and expose the nerves of the stomach, thus causing the glands to secrete mucus instead of the juices of natural digestion. This is called Catarrh of the Stomach.

**Kedol Dyspepsia Cure**

relieves all inflammation of the mucous membranes lining the stomach, protects the nerves and cures bad breath, sour string, a sense of fullness after eating, indigestion, dyspepsia and all stomach troubles.

CHICAGO.

Only one week remains until election day and all the candidates are on the move.

Mr. and Mrs. J. A. Flores, of Martinsville, are visiting their daughter, Mrs. F. W. Harlocher, of this city.

W. N. Burris, the wire jewelry man, has returned to the city and is at his old stand at Stone Fort National Bank.

Bradley King came down from Douglass on a business visit to the hub today. He is a leading merchant of Douglass, but has time to run a big farm or two on a scientific plan and devotes much of his attention to fine stock, especially milk cows.

Uncle Jim Skillern, of Oil City, is spending a few days with his Nacogdoches friends. He is still quite feeble, having never recovered from a severe attack two years ago, followed by an abscess in his side necessitating a surgical operation.

A. Chesnutt, Esq., returned Saturday from the World's Fair. He had a nice trip and was delighted with the wonderful sights he saw. He says only a glimpse can be had of the great show in so short a time as the four days he was there, and would advise all who go to stay at least one week or longer if possible.

Mr. Chesnutt returned via Kansas City where he stopped over and heard Hon. W. J. Bryan speak to an audience of thirty thousand, and the most enthusiastic crowd he ever saw. His speech was upon the political issues of the day and the candidates for President and Governor of Missouri. Mr. Bryan appeared fresh and in full control of his voice, notwithstanding his daily and nightly speaking for the previous ten days throughout Indiana. He says he does not, nor does any conscientious democrat compromise a single principal in voting for Judge Parker; that the democratic national platform did not contain a declaration or principal to which any democrat could object; that the only objections that he could have to it was that it did not contain all the good things which he stood for—but that when he could not get a whole loaf he was willing to take a half loaf.
