We handle the International and Prussian in all size packages. Call and let us talk stock food to you.

GARDEN SEED

If you are going to plant that garden, we have the seeds in all size packages. See us for anything in this line.

FREE—A beautiful picture with each package of 20-Mule Team Borax.

Let us fill your prescriptions.

Perkins Brothers.

I have a farm of 70 acres five miles North of town on Henderson road that I want in the way of real estate, farm worked and on account of lands, improved or unimproved having fruit trees on it. I will sell or city property of any description, located anywhere, pay extra besides. Do not see us and we will get you apply unless you have teams money for it. H. T. & W. O. Crain, E. A. Blount.

Money For Lands.

All Hog Wire is good. Cason has the best.

Rose Lake trees grow.

COTTON SEED...

We have been very fortunate in securing a car load of the

Big Boll Cotton Seed

from the extreme northern portion of Oklahoma Territory.

We secured these seed a very large planter, having tried these seed himself at Shepard, Texas, for two or three years, making good crops right in the boll weevil hot bed. He assures us that it will make one-third more than King's Improved, and is easy to pick. We can sell you these seed at 75 cents per bushel.

Can also furnish you with the very best Fertilizer at the right price.

Melrose Correspondent Writes from Garrison.

This the 30th day of January, 1905, finds us pleasantly domiciled at Mr. A. V. Simpsons on the sick list.

Mr. and Mrs. Zed Garrison are on the sick list.

The interest in the Sabbath school is good. Mr. Z. D. Garrison is superintendent and is well worthy of the position.

The young ladies have a literary class under the management of the school. They gave a supper and obtained money to paper their club room which is attached to the school building.

Mrs. Emma Simpson is sick at Sulphur Springs.

Capt. Jim Garrison is quite sick.

Some of our young people of today are very much interested in their advancement in knowledge, so let every one who aspires to success in life resolve to be thorough in all their work and study, the example of the foremost men and women in their calling and strive at what ever cost of toil and self denial, to master completely, in all its breadth and detail the art or profession he or she has dedicated their days.

Melrose Correspondent.

Wanted.

To trade for 50 mules and 5 horses giving in exchange Wagons, Buggies, Stalk Cutters Harrows, Cultivators, etc.

D. K. Cason.

Rose Lake trees grow.

A GREAT PLAN.

Was that to Purchase the Nacogdoches Bank.

While the Webb Taylor Duke subject is getting stale to those who know the facts yet there are many who do not know the exact inside of the case. The following is from the Nacogdoches Correspondent for the Houston Post and correctly and concisely relates the facts concerning the transaction relating to the Stone Fort National bank.

Nacogdoches, Texas, January 27.—The attention of the Post correspondent having been called to the statement made to the Associated Press at Chicago by Charles F. Taylor, former partner of Mrs. Alice Webb-Duke, explanatory of the supposed transactions out of which grew the indictment of both Taylor and Alice Webb, investigated Taylor's statements and finds that the matter related by him while partially true, are not the matters out of which sprang the indictment and only incidentally preceded them.

The transactions related by Mr. Taylor of borrowing the \$20,000 from the Shreveport and Dallas banks were, as he states, for the purpose of obtaining money to buy a controlling interest in the Stone Fort National bank of this city, of which Mr. Saunders was at that time cashier. But the remarkable feature of this intended purchase was to buy out the bank with its own money. The money (\$20,000) was obtained from the Shreveport and Dallas banks, solely by reason of said Saunders, cashier of the Stone Fort National signing a written guarantee of Taylor and Webb's note by said Stone Fort bank, a fact at the time unknown to the officers of said bank and unauthorized by them; \$17,000 of this loan was placed to their credit at the Stone Fort National bank and then came the denouement.

When the officers of said bank ascertained by telegraphing that this money in their bank to the credit of Taylor & Webb was secured on the credit and faith of the guaranty by the Stone Fort bank of said Taylor & Webb's paper, as authorized by said cashier, the officers refused to sell their stock to Taylor & Webb at any price, demanded the immediate resignation of the cashier and refused to pay out one dollar of the \$17,000 to the credit of Taylor & Webb until the notes to the Shreveport and Dallas banks were paid. Taylor and Webb being thus balked in their scheme to buy a bank, then set about with Mr. Saunders, ex-cashier, to arrange payment of the two \$10,000 notes; to pay the same they needed \$20,000 and only had \$17,000 to their credit at said bank. Therefore it

A Real Favor

It would be a real favor to you if you were forced to trade here but we know you can't be forced we don't expect to try. We just want to invite you in the most peaceable way in the world to give us your valued trade.

We are fully prepared to do a good part by you. We buy in car lots, buy for cash and get all the cash discounts. Have the best stock of all kinds of

HARDWARE HOG FENCING WAGONS and BUGGIES

in East Texas. Sell at reasonable prices and treat you in every way so as to make a friend of you.

Don't ever forget that we are "The People" on Stalk Cutters, Cultivators, Harrows, Planters and all kinds of plows and plow gear.

Can do you lots of good here. Try us.

D. K. CASON,

The Implement and Hardware Man.

became necessary to borrow \$5000 additional, which Taylor and Webb succeeded in securing from Mr. F. A. Blount of this city, and it is alleged in the indictments against them that in procuring this money they made false representation, in only that they represented to Blount that they had bought and paid for the Redfield farm and the improvements thereon, when it is alleged that nothing had been paid on form of improvements.

Tell your husband to see Cason about that Buggy he has promised to give you.

A Menace to Health

Kidney trouble is a insidious danger, and many people are victims of a serious malady before the symptoms are recognized. Foley's Kidney Cure corrects irregularities and strengthens and builds up the kidneys, and it should be taken at the first indication of kidney trouble, as it is impossible to have good health if the kidneys are deranged. For sale by Perkins Bros.

Amos Rawlinson, of Nat, was in the city today and paid The Sentinel a friendly visit. In speaking of the cotton situation he stated the acreage in his neighborhood would be considerably decreased this year. Before leaving Mr. Rawlinson had his subscription dates pushed up another year.

Deserved Popularity

The cure constipation and liver troubles, by gently moving the bowels and acting as a tonic to the liver, take Little Early Risers. These famous Little Pills are mild, pleasant and harmless, but effective and sure. Their universal use for many years is a strong guarantee of their popularity and usefulness. Sold by Perkins Bros.

Business Education For Girls. Women are forced to struggle for existence today as never before, and like every body else, they are paid simply what their training has prepared them to earn. A washer woman gets a washer woman's wages and a washer woman's social position thrown in. Girls who take a good business course and learn to work as servants, for their board or clothes, or marry 25c men they do not have just for a home and live at the back of some body else's wheel. They can get a \$1000 position and that is better than a "two bit" man.

A business education in youth resolves in a woman from the wash tub in age, and enables the widow to feed her starving children. Latin and Greek may be forgotten, this course can be used always and everywhere. It is a treasure safe from moth and rust, a safeguard against adversity, and its culture value surpasses any other of equal length.

Were half the time and money wasted with card parties and social dances and doubtful company spent on a business course in Tyler Commercial College at Tyler, Texas, our poor homes would be robbed of inmates. Nearly a many young "times as long" men have taken courses in this school and are now able to make \$1000.00 a year in the year round business vacation there will you not bless the day they came out? Write today for more card.

Farm for Rent.

Sixty-five acres in cultivation, good house, barns, etc. Known as the H. M. May place, 13 miles southeast of Nacogdoches. Liberal terms. T. J. Williams, Nacogdoches, Texas.

Weekly Sentinel.

HALTOM & HALTOM, Proprietors.

R. W. HALTOM, Editor.

THE TOBACCO INDUSTRY AND THE RAILROADS.

Mr. J. L. McFarlin general manager of the Florida Havana and Sumatra Co., who has been here for several days arranging for his years business has been called by invitation of general manager Trice of the I. & G. N. R. R. Co. to visit Palestine. The I. & G. N. is always on the alert and ready to aid in securing new enterprises, new industries and the development of the country contiguous to that line of railroad and it is safe to assume that after Mr. Trice has had a conference with Mr. McFarlin, inducements will have been offered which may be so attractive that this company will make its principal headquarters and base of operations at Palestine instead of Nacogdoches.

It is a fact that near the town of Palestine is the same soil as we have here, which produces the same grade of tobacco.

It has been stated to us that this company has been charged the most exorbitant prices for the delivery of slats and material shipped here over the Southern Pacific Railroad. The general manager is required to pay his fare over this road every time he makes a trip from Quincy, Florida to Nacogdoches looking after his business interests here while the host of hot air pumpers who have done harm to the country in every conceivable way, have been traveling on free passes all over the United States furnished by this road.

The Florida Havana and Sumatra Co. is a strong, conservative substantial concern, has paid out large sums of money, advertised our tobacco to a better advantage and in a more substantial manner than all the wind jamming that has been or can be done.

Instead of fostering and encouraging this business the Southern Pacific has cast a stone at the best and most promising industry we have.

This matter should be investigated, the railroad company memorialized to lend a hand in helping the matter instead of hindering it.

The present legislature should provide for the submission to the people of a constitutional amendment looking to the enactment of a law authorizing female property tax payers to vote upon all questions submitted to the people which provide for the taxation of property for public improvements. We are not a woman suffragist but we do believe that it is unfair, unjust and unreasonable to enact a law whereby the property tax payers may decide by election whether they will vote a tax upon themselves for public improvements and then bar unmarried women, widows of course included, who are taxpayers, from having a voice in the matter so vitally effecting their rights.

THE LEGISLATURE.

Austin, Jan. 24.—There were only 12 votes in opposition to the Alamo purchase bill which passed the legislature Monday. The opposition was led by Moran of Parker county, a native Kentuckian, but when the bill was called up for final passage he was conspicuous by his absence. It was Moran's stubborn fight against it that kept the bill from passing finally Saturday, when an attempt was made to suspend the constitutional rule requiring bills to be read on three several days before their passage. Practically the same vote was cast on the proposition to suspend the rule as was cast on the passage of the bill, but it lacked four votes of being sufficient, and the bill went over to Monday.

A hot fight took place yesterday over Greenwood's bill making slander a felony. The bill proposed to change the present law against slander so as to increase the maximum penalty to confinement in the penitentiary. At first the bill was regarded with indifference, and would have passed almost unnoticed but for the opposition of a young member from the southwestern border who seemed burdened with pint-up hot air and made a vigorous attack upon the proposed bill. At first members were amused then interested until finally all the oratory in the hall was turned on upon one side or the other. It resembled a big row over a little dog fight. The bill was defeated by a vote of 59 to 51.

O Quinn's bill allowing depositions of witnesses to be introduced in criminal cases was more fortunate. There was a good sized scrap over an amendment to strike out "notaries public," which would have prevented the taking of such depositions by any notary public, but only judges of various courts, etc. The amendment was tabled and the original bill was passed.

The senate met at 10 o'clock this morning for the purpose of voting upon a candidate for the United States Senate. The house met at 12:15 this afternoon for the same purpose, and tomorrow at 12 m. the House and Senate will sit in joint session and cast their votes for Hon. Chas. A. Culbertson to succeed himself in the Senate of the United States.

Austin, Tex., Jan. 25.—The House committee on Revenue and Taxation which is devoting this week to the hearing why corporations do not want pending tax bills enacted into law, was besieged by insurance companies yesterday, who were first to have their enning before the committee. The representatives of the insurance companies generally oppose any increase in the charter and filing fees and any tax on "intangible" assets. They do not oppose an increase in the ad valorem rate, which would affect the foreign companies not at all and the home companies no more than other property owners. The contention was made by nearly every speaker

that special taxes on insurance companies, both fire and life, ultimately comes out of the pockets of the people. Replying as to why taxes on intangible properties are assessed, if they are simply paid through the insurance companies, the speaker said the objection was to the expense they would be under by keeping their books and accounts in such shape that the assessors could derive their required values from them.

The insurance companies favor a bill providing a tax of 2 per cent on gross premium receipts of fire insurance in lieu of all other taxes, but oppose franchise taxes and filing fees, which they claim are burdensome to local companies and would keep foreign companies out altogether.

The representatives of private car lines and banks also presented their objections at the first day's session and the committee yielded an hour more than the allotted time. Three hours a day, in the forenoon, are devoted to these hearings and there will be none of the time left on the committee's hands. It becomes more apparent every day that the tax question is the biggest thing on the hands of the 29th legislature.

II.

A Screw Loose.

In 1903 the number of hogs marketed in Ft. Worth was 150,500 head. In 1904 the number was nearly doubled, the total being 280,398. The Fort Worth Live Stock Reporter furnishes the above figures and proceeds to give the Texas farmers some valuable suggestions with the beginning of the new year on the swine proposition. It says: The hog situation in Texas is not as it should be. There is no Texas farmer of a thinking turn of mind but will admit, when we have in our state two of the largest packing houses in the world, and these packing houses are getting their hogs from the Territories and the Territories are getting the packers' money, which should remain in Texas, that there is a screw loose somewhere. Are our Texas farmers going to help build up the Territories in 1905, or are they going to raise hogs to build up their arms and Texas? That is the question now before us. The value of hogs in Fort Worth in 1904 was \$2,651,000, of which approximately \$2,386,000 went to the Territories. The value of hogs needed by the packers in Fort Worth for 1905 will be approximately \$12,000,000. In the territory adjacent to Fort Worth is an annual consumption of \$20,000,000 worth of hog products, of which only 10 per cent is produced in Texas; so that not only are we supporting our sister Territories, but we are also supporting the northern states, where most of the pork products shipped into this state are raised.—Rice and Cotton Journal.

On Feb. 13th the T. & N. O. Ry. Co. will sell tickets to Ft. Worth as per table of Convention Excursion basis on account of the annual meeting of Texas Farmers Union.

HAYWARD LUMBER CO.

Mr Hallock Writes of an Up-To-Date Plant at Nacogdoches.

From The Beaumont Enterprise: Nacogdoches, Texas, Jan. 20.—This new plant has been in operation since November 1, 1904. The construction of the mill was commenced in 1903 and in exactly one year's time it was in operation. Everything is new and up-to-date. It is admirably arranged, both as to safety and convenience. It has the greatest area of stumpage of any mill we have visited. At least twenty-eight years will be required to exhaust the merchantable pine. Long after the saws in many of the mills are silent those in this will be active. One circular saw and one Wicks 36 inch gang saw cut 125,000 feet per day. A great St. Louis Corliss 550 horse power engine furnishes motive power for the saw mill and one Buckeye 350 horse power the planer.

The planer machinery is of the most approved.

Miles of platform furnish a storage for the sawn lumber and three Andrews kilns 20x100 feet turn out 35,000 feet per day. Eight immense boilers, three for the saw mill, three for the kilns and two for the planer supply the steam. A tram which when completed will be 40 miles long, known as the Nacogdoches and Southeastern railroad, of standard gauge, and laid with heavy iron, extends into the heart of the company's pine holdings. This will eventually become a part of some one of the great lines of railroad as it runs through the oil fields and what will be an agricultural region.

A tank elevated 85 feet above the foundation of the mill furnishes ample water pressure and a perennial creek supplies an abundance of water for the log pond.

A 600 light dynamo provides for the lighting of the plant. A commissary, offices and dwelling houses will be built at once.

OFFICERS.

President, E. B. Hayward.
Secretary and treasurer, George W. Cable.
General manager, W. W. Smith.

Chief engineer of Nacogdoches and Southeastern railroad, W. H. Kimball.
Bookkeeper and cashier, M. C. Bay.
Sawyer, Clarence Brown.
Filer, John Turney.
Yard foreman, C. T. Hayward.
Mill foreman, George Turney.

Planer foreman, J. Y. Reeves.
Wood contractor, Hampton Bros.

Saw mill engineer, J. A. Guthrie.

MISCELLANEOUS.

Capacity, 125,000 feet per day, number of feet in yard, 3,000,000; monthly output, 2,500,000 feet; stumpage, twenty years; miles of tram, 40; train cars, 32; locomotives, 2; steam skidder and loader; saws, 1 band, 1 36-inch gang; number, of houses (building,) 50, commissary stock \$10,000; men on pay roll, 200; monthly wages, \$10,000; mill engine 550 horse power; planer engine, 350 horse power; dynamo, 600 light; kilns, 3; capaci-

It's Only a Hacking Cough

The mere utterance of such a remark is an indication of how lightly you treat it.

A Question.

Editor Sentinel:

Are your columns open for a discussion of the "County Supervision question?" I consider this question one of great importance at this time. That is why I ask the question. Very Respt.,

R. F. Davis.

If articles furnished are not too lengthy and do not become too heated the Sentinel will cheerfully give space to the discussion of this or any other question of public interest. We reserve privilege, however, to reject entirely or reduce length of all articles furnished.

A BILL has passed Congress authorizing the construction of a bridge across Red River at Shreveport.

The Nacogdoches County Medical Society held a meeting in the Business League hall Wednesday afternoon. Dr. J. H. Barham is president and Dr. J. E. Mayfield has been the secretary, but at this meeting he resigned and was succeeded by Dr. A. A. Nelson. Besides a full attendance of the town physicians there were the following members present from other points: viz. Dr. Williams, of Douglas; Dr. Williamson, of Sacul; Dr. Castleberry, of Alazan and Dr. Stuckey, of Mahl. The next meeting will take place here on the fourth Wednesday in February. Dr. F. Tucker is booked to read a paper on puerperal infection and Dr. A. B. Smith a paper on pneumonia. All physicians are invited. An interesting discussion is expected.

THURSDAY'S LOCALS.

John T. Davis, of Shelby county, is in the city.

News was received here this morning that W. H. Morgan died last night at his home in Attoyac. Will was well known in this city and has many friends here who learn with regret of his death. He leaves a wife, two children and an aunt, Miss Rebecca Fowler, who looked to him for their support. Besides these he leaves two devoted sisters and two brothers and a host of friends and other relatives to mourn his loss. The particulars of his death have not yet been learned, we only know he has been sick for several weeks past. The funeral will take place tomorrow at Melrose at about 12 or 1 o'clock. To the sorrowing ones The Sentinel extends its deepest sympathy.

GUARANTEED BY STRIPLING, HASELWOOD & CO.

Hyomei the Only Cure for Catarrh, Which Returns your Money if Not Satisfactory.

It is seldom that a druggist has enough faith in the medicine he sells even when prepared by himself to be willing to refund the money if it does not cure; but Hyomei has cured so many cases of catarrh among the customers of Stripling, Haselwood & Co., that they offer to refund the money to all who use it and report that they are not satisfied.

Hyomei is the simplest and most convenient remedy for catarrh ever offered to the public. Breathed through an inhaler so small that it can be carried in the vest pocket, for a few minutes four times a day, it will absolutely kill all the germs of catarrh and cure the disease. Catarrh cannot exist where Hyomei is used. It has a two fold action, killing all the germs in the air passages and soothing and healing the irritated mucous membrane.

Some of the most prominent men and women of the country have gladly given testimonials to Hyomei. After seeking relief in vain for years this wonderful remedy has cured them of catarrh, and it is no wonder that they want others to know it.

D. O. Groff, editor of the Nicholasville, Ky., News writes, "Ever since I was a young man I have been troubled with catarrh, and in later years the disease became unbearable. Hyomei has helped me so much that I wish to publicly speak of its merits, so that others afflicted as I have been may be likewise benefited."

If you have catarrh, accept Stripling, Haselwood & Co.'s proposition and use Hyomei. The complete outfit of Hyomei costs but \$1 and consists of an inhaler, a medicine dropper and a bottle of Hyomei.

It was a magnanimous act of Carnegie to reimburse the depositors their losses in the Cleveland bank which was wrecked by Mrs. Chadwick, but there was "millions in it," or he would not have taken this "philanthropic" step. Carnegie gets his money's worth every time he gives away a dollar.

FRIDAY'S LOCALS.

Mr. Weatherly, of Trawick, is in the city.

Warner Wilson, of Chireno, is in the city today.

A. J. and D. C. Brewer, of Wells, are in the city.

Dr. J. M. Rogers, of Etoile, spent yesterday in the city.

Murph Peterson, of Cushing, spent yesterday in the city.

H. V. Fall and daughter, Mrs. Allie Smite, of Chireno, are in the city.

Andrew Davis, of San Augustine, spent yesterday in the city.

G. M. and J. A. Jenkins, of Mt. Enterprise, are in the city selling cotton and buying goods.

Tom Graham and Mr. Foster came down from Cushing yesterday and spent the day in our city.

This morning about 3:30 o'clock a negro, who was confined in the calaboose, made a desperate attempt to escape. He had almost cut his way out when the alarm was given and Sheriff Buckner showed up on the scene in time to prevent his escape.

Rest and Sleep.

Few escape those miseries of winter—a bad cold, a distressing cough. Many remedies are recommended, but the one quickest and best of all is Simmon's Cough Syrup. Soothing and healing to the lungs and bronchial passages, it stops the cough at once and gives you welcome rest and peaceful sleep.

NEW JERSEY is out of debt and has no state tax. This fine showing is the net result of having mothered all the trusts in the country for the republican party. "Incorporated under the laws of New Jersey," is the ear mark they all bear. The trusts pay the tax and the people "pay the freight."

AN Arkansas legislator has introduced a resolution for an investigation as to how the steel trust runs its plants on water. All plants drink water.

MALARIA IN THE SYSTEM

Holly Springs, Miss., March 24, 1903. While building railroads in Tennessee some twelve years ago a number of hands contracted fever and various forms of blood and skin diseases. I carried S. S. S. in my commissary and gave it to my hands with most gratifying results. I can recommend S. S. S. as the finest preparation for Malaria, chills and fever, as well as all blood and skin diseases. W. I. MCGOWAN.

I suffered greatly from Boils, which would break out on different parts of my body. I saw S. S. S. advertised and after using about three bottles I was cured, and for the last three years have had no trouble whatever. A. W. ZEBER. 217 Read St., Evansville, Ind.

I began using your S. S. S. probably ten years ago for Malaria and blood troubles, and it proved so good that I have continued ever since using it as a family remedy. It is a pleasure for me to recommend S. S. S. for the benefit of others who are needing a first rate blood purifier, tonic and cure for Malaria. Arkansas City, Ark. C. C. HEMINGWAY.

Boils, abscesses, sores, dark or yellow spots and debility are some of the symptoms of this miserable disease. S. S. S. counteracts and removes from the blood all impurities and poisons and builds up the entire system. It is guaranteed a purely vegetable remedy. Write for medical advice or any special information about case.

The Swift Specific Company, Atlanta, Ga.

WOMEN'S NEGLECT

SUFFERING THE SURE PENALTY

Health Thus Lost is Restored by Lydia E. Pinkham's Vegetable Compound.

How many women do you know who are perfectly well and strong? We hear every day the same story over and over again. "I do not feel well; I am so tired all the time!"

Miss Kate McDonald

More than likely you speak the same words yourself, and no doubt you feel far from well. The cause may be easily traced to some derangement of the female organs which manifests itself in depression of spirits, reluctance to go anywhere or do anything, backache, bearing-down pains, flatulency, nervousness, sleeplessness, leucorrhoea.

These symptoms are but warnings that there is danger ahead, and unless headed a life of suffering or a serious operation is the inevitable result. The never-failing remedy for all these symptoms is Lydia E. Pinkham's Vegetable Compound.

Miss Kate McDonald, of Woodbridge, N. J., writes:

Dear Mrs. Pinkham: "I think that a woman naturally dislikes to make her troubles known to the public, but restored health has meant so much to me that I cannot help from telling mine for the sake of other suffering women."

"For a long time I suffered untold agony with uterine trouble and irregularities which made me a physical wreck, and no one thought I would recover, but Lydia E. Pinkham's Vegetable Compound has entirely cured me, and made me well and strong, and I feel it my duty to tell other suffering women what a splendid medicine it is."

If you are ill, don't hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write to Mrs. Pinkham, Lynn, Mass., for special advice—it is free and always helpful.

Why Grow Tobacco.

I have interested myself in the tobacco question, as applied to this county and section, from the first. I believe most confidently that tobacco culture is going to take a leading place with the farmer and that it will create a great business here. I have the same opinion as to the peach culture. But farmers need special education in both of these products. The biggest plant and the biggest yield are not the main points. The finest quality is what pays best. Mr. W. M. Hinson the government tobacco expert is here for the sole purpose of instructing farmers in the growing and handling of fine filler tobacco. He has demonstrated that our red sandy soil called Orangeburg loam, will produce the best grade that can be grown in the United States. He wants farmers to come and see him about it and prepare to grow it under his direction. As examples of what can be done here two are worthy of special mention.

Antonio Cordova cultivated one acre last year at Redfield. He gathered over 800 pounds and sold most of it at 15 cents a pound. This one acre made him about \$100 and cost him nearly nothing, as it was worked at odd times by little effort. He says he made it before breakfast. He wants to put in several acres this year. A tenant at Mr. Sisco's, another red lander, six miles east of town had three acres which brought similar results. The big cigar factory to be operated here, and the big ware house contemplated, will insure a good market. Other buyers will come. But there will be failures by "Smart Alecks" that knows it all and jump into the soup and others who stand off and prophesy evil. J. E. Mayfield.

Rose Lake trees grow.

SATURDAY'S LOCALS

J. D. Gaston, of Melrose, is in the city.

W. B. Pearson, of Shady Grove, is in the city.

Mrs. W. B. Stewart, who has been visiting Mrs. T. J. Carraway for the past few days, returned yesterday, to her home in Center.

Sam H. Dixon, of Houston, is attending a meeting of the fruit and truck growers of Nacogdoches county, at the court house today. If our fruit and truck growers will soak up a little of Mr. Dickson's enthusiasm and firm conviction of East Texas prospects along this line, a good acreage will be put out this year. The only way to make the fruit and truck industry a success is to stick to it, study it and get enough people interested in it to raise enough of each kind to make carload shipments. Then the freight rates will be made right and markets found.

Test Its Value.

Simmons' Liver Purifier is most valuable remedy I ever tried for constipation and disordered liver. It does its work thoroughly, but does not gripe like most remedies of its character. I certainly recommend it whenever the opportunity occurs.—M. T. Thomilson, Oswego, Kan. Price 25c.

It is claimed that more than a million dollars was paid by the Standard Oil and other trusts for Quay's seat in the Senate, now filled by Senator Knox. A pretty good premium on a five thousand dollar job.

Stubborn Coughs and Colds CURED BY FOLEY'S HONEY AND TAR

Obstinate, racking Coughs that make your head ache, your throat and lungs sore and inflamed, that rob you of sleep until your system becomes so run down that you are in grave danger of Pneumonia or Consumption, are quickly cured by **Foley's Honey and Tar.**

FOLEY'S HONEY AND TAR

soothes and heals the inflamed air passages, allays the feverish conditions, stops the cough and prevents serious results from a cold.

FOLEY'S HONEY AND TAR

is the only prominent cough medicine on the market that does not contain opiates or harmful drugs of any kind and on this account is safest for children.

It is unexcelled for Croup and Whooping Cough and will quickly cure the racking cough which follows measles and leaves so many children with weak lungs unless properly treated.

Remember the name — **Foley's Honey and Tar**—and refuse substitutes that cost you the same as the genuine. Do not take chances with some unknown preparation.

Consumption Threatened.

C. Unger, 211 Maple St., Champlagn, Ill., writes: "I was troubled with a hacking cough for a year and I thought I had consumption. I tried a great many remedies and I was under the care of physicians for several months. I used one bottle of **Foley's Honey and Tar**; it cured me, and I have not been troubled since."

Three sizes—25c, 50c, \$1.00. The 50 cent size contains two and one-half times as much as the small size and the \$1.00 bottle almost six times as much.

SOLD AND RECOMMENDED BY PERKINS BROS.

VEGETABLE SICILIAN HALL'S Hair Renewer
A high-class preparation for the hair. Keeps the hair soft and glossy and prevents splitting at the ends. Cures dandruff and always restores color to gray hair.

How's Your Machinery?
We make a speciality of boiler work, and also overhauling and rebuilding all classes of engines and machinery.

HALTOM & HALTOM, Proprietors.
R. W. HALTOM, Editor

PLANT corn and raise hogs, fruit and tobacco.

HE who "knocks" a town knocks his own business.

WORK for the East Texas Baptist college at Nacogdoches.

THE Japs and Russians are again furnishing the paragon with something to do.

NACOGDOCHES is one of the most important things to consider in the question of diversification.

EVERYBODY is urged to attend the tobacco meeting at the court house next Saturday at 2:30 p. m.

THE Cigar factory for Nacogdoches will prove a good thing. Don't "knock" it but do all you can for it.

NACOGDOCHES is getting thousands of dollars worth of free advertising these days—the good work go on.

THE voter without a poll tax receipt will feel like a cipher with the rim knocked off when voting time comes.

NACOGDOCHES is in the center of the Texas tobacco growing belt and she will follow her advantages she will be in the lead when this product calls for factories.

THIEVES have been making depredations on logs floated down the Neches river to the big mills at Beaumont, and the grand jury of Jefferson county has returned several bills against log thieves.

IT is very evident that the house committee on state affairs at Austin is unfriendly to the cause of prohibition. The cold storage bill by Thompson was killed in the committee room by a vote of 8 to 2.

IF the cotton acreage is reduced wouldn't it be a good idea to try more corn and hogs. A crop of hogs can be grown almost as quick as a crop of cotton and the Texas hog market is getting better every year.

THE waterworks bond proposition will come up for your consideration on the 14th. This is also St. Valentine's day and let the voters of Nacogdoches present to the city their Valentine in the way of a handsome majority for the bond issue.

THE Beaumont Journal is accusing the representatives of Orange and Jefferson counties of being insane. Now isn't it bad that a man should suffer the tortures of serving a term in the legislature and then be accused of insanity by his constituents.

THE Sentinel has no authentic data on the reduction of the cotton crop for Nacogdoches county this year, but we have talked with a great many farmers in reference to the matter, and it seems to be generally understood that the acreage will be 25 per cent less.

WHAT IT WILL DO.

Every business man should recognize the fact that every enterprise established in Nacogdoches must needs give employment to a number of people—the people thus employed must buy groceries, dry goods, drugs, etc., thus all mercantile establishments are directly benefitted; their volume of business is necessarily increased every time a family is located here. Not only are the merchants benefitted, but the real estate men and the doctors come in for their share of new business.

The proposed cigar factory will be a good thing for Nacogdoches. It will require a number of skilled workmen to run a factory as is proposed—skilled labor comes high, and of course the money received in wages finds its way to the merchant, doctor and real estate man. The factory cannot be run on wind; it will use thousands of pounds of tobacco; we have the finest tobacco land in the United States and our own Nacogdoches farmers can raise this tobacco and have a market right here at home, the sale of this tobacco puts more money into circulation the greater part of which will be spent here. So it is with every enterprise that employs help. Therefore it is a duty we owe to our town to encourage and foster all these institutions; back up the business league in its efforts to bring to Nacogdoches new manufacturing enterprises, and when one is located here, let each and every merchant show his zeal and fidelity to the old town by pushing the goods manufactured here, and let every man and woman in Nacogdoches call for Nacogdoches goods when such goods are placed upon the market. By doing this we will soon attract the attention of other manufacturing concerns and when it is shown to them that we believe in, and support, home industry, just that soon will Nacogdoches become the manufacturing center of the finest territory in the South.

Bear the above truth in mind and don't knock, for every time you knock you give your own business a rap on the head. If you are not in a position to give financial support to the various industries, you can give it your good will. Talk and write about Nacogdoches and her unbounded resources every time you have an opportunity; get up a little enthusiasm and in a few years we will see a city of twelve or fifteen thousand souls, and it will all be brought about by our efforts in making Nacogdoches a city of factories.

WHILE Nacogdoches turns over to take another snooze with orders to call her a few hours later, Palestine is out hustling for our tobacco business. A big crowd of citizens, railroad officials and farmers met in Palestine Friday and made a most desperate assault on Messrs. McNess, Hinson and McFarlin. They may have escaped and returned to wake us up, and tell us about it, but as yet we have not seen them. The I. & G. N. R. R. is always at Palestine for bus-

ness and if we keep the Florida people, and the government ware house, we must get behind the railroads and beg them to do half as much as the I. & G. N. The greatest prospect we have for our future, lies in the cultivation of tobacco and fruit.

ARE WE INTERESTED?

The East Texas Baptist College is still attracting the attention of all the East Texas towns and it is time Nacogdoches was doing whatever she proposes to do. The first and most important question is, how bad do we want this school. If we want it bad, it is time to begin to begin to show some sign of it. If we want it we can't continue to let day after day go by without doing something. This school is a fine institution for any East Texas town to rustle for, and most of them are rustling. Nacogdoches is the logical point for its location; and we feel confident that our chances are in the lead, provided we do all that could be expected in the way of donation and moral support. If we have a proposition different to any made heretofore, let's get a mass meeting of the citizens of the entire county, make up the donation and appoint a committee, consisting of the most influential citizens of the county, to meet the board and lay the proposition before them. Our strongest competitor is Tyler. That town proposes to have the college and is going after it. Next comes Lufkin, who is holding all kinds of mass meetings, getting up subscriptions for donation, appointing committees and making every other preliminary arrangement to enter the contest with nothing in view but success. Can we let these conditions pass our notice without warming up and getting interested?

A BILL has been favorably reported by the house committee of the legislature permitting any city to exempt its factories from municipal taxes, not state and county. This is surely a good law. Each city can use or omit it at pleasure. There are often some special reasons in favor of certain factories that do not apply to others, and this gives a town local option in the matter.

AFTER the government has sent experts among us to see and prove that our soil is adapted to the growth of fine tobacco it behooves the land holder to follow the experiment up and plant more or less of the weed until the industry is thoroughly established.

THAT hunting trip planned by T. J. Anderson and J. T. Patrick, of the Southern Pacific railroad company has been started on. There are only some thirty-five or forty in the party but we feel safe in wagering our last summers hat that every individual who received an invitation wishes he had accepted.

NACOGDOCHES is the best town between Houston and Shreveport, Dallas and Beaumont. Ask the traveling man.

WANT BILLS INTRODUCED.

Two bills have been prepared and forwarded to Representative Haltom with the request that he introduce them and work for their passage. Numerous representatives and senators have been written to and requested to advocate the measures. The Houston Post of yesterday published a full text of both measures which are here reproduced.

The purpose of the first is to provide an adequate punishment for thieves who steal fruit, melons, sugar cane, ect. And the second is designed to reach midnight prowlers who invade the sacred precincts of the homes, while honest men are asleep, for the purpose of committing petty theft and other felonies.

In discussing the measures with the author it was said "the last bill if it becomes a law will have the effect to interfere with the innocent pastime participated in by our boys which cannot be wrong since it is endorsed by the best people of the community, such as lawyers, doctors, merchants, bankers, Sunday school attendants, church members, ect." The reply was that for this reason the bill was more a necessity for you can never get all men to consent to the invasion of their premises and theft of their property and such indorsement serves only to embolden those who hold in contempt the rights of others which has the effect to make every man the defender of his own rights and anarchy reigns when the law is of no avail.

Conditions are only more serious when whiskey and pistols are placed in the hands of small boys and they are turned over to gamblers and cutthroats and directed to go forth under cover of darkness and "borrow" the property of their neighbors. Add to this the endorsement of a few better people and the mischief is done to a finish.

An act to amend article 874, chapter ix, title 17, of the Penal Code of the State of Texas, pertaining to the stealing of agricultural products.

Section 1. Be it enacted by the legislature of the State of Texas:

That article 874, chapter ix, title 17 of the penal code of the State of Texas be so amended as hereafter to read as follows:

The stealing or feloniously taking any growing, standing or ungathered indian corn, wheat, cotton, potatoes, rice, melons, sugar cane, or other agricultural product shall hereafter be deemed theft, and any person who shall hereafter steal or feloniously take, pluck, sever or carry away any Indian corn or wheat, cotton, potatoes, rice, melons, sugar cane or other agricultural product, or peaches, plums, grapes, apricots, apples, or any other character of fruit growing, standing or remaining ungathered in any plantation, field, orchard, or other grounds, shall on conviction thereof be deemed guilty of theft and suffer punishment as in other cases of theft.

An Act to amend article 838,

chapter vi, title 17, of the Penal Code of the State of Texas, defining the crime of burglary.

Section 1. Be it enacted by the legislature of the State of Texas:

That article 838, chapter vi, title 17, of the penal code of the state of Texas, be so amended as hereafter to read as follows:

Art. 838. The offense of burglary is constituted by entering a house by force or fraud at night, or in like manner by entering a house at any time, either day or night and remaining concealed therein until night, or, by entering in the night time any inclosure surrounding a home or dwelling or within the curtilage of a dwelling house, whether forming a part of the same inclosure or not, with the intent in either case of committing a felony or a crime of theft.

The Nacogdoches Cigar Co.

The stock holders of the Nacogdoches Cigar Co., a newly organized corporation, met at the Business League rooms yesterday afternoon with a full attendance, and elected the following board of directors: E. A. Blount, S. L. Miller, L. P. DeMouche, Dr. F. C. Ford, Dr. J. E. Mayfield.

A committee was appointed to canvas the farmers for the purpose of urging them to plant tobacco. One thousand circulars will be printed and distributed, calling a meeting of the farmers and others interested, to be held at the court house next Saturday at 2:30 o'clock p. m. At this meeting Messrs. Hinson and McNess, of the Government force, and J. L. McFarlin, of the big tobacco firm of Tausig & Co., successors to the Florida Havana & Sumatra Co. will address the meeting on the subject of Tobacco culture.

The Nacogdoches Cigar Co. has purchased the tobacco now in the Government warehouse and the treasurer was instructed to pay for it and take it in hand. This tobacco will be used to begin the immediate manufacture of cigars. The cigars will be put on the market by the Nacogdoches Grocery Co. and by other modes of sale.

The Cigar Co. is a move in response to a sentiment of public spirit. There are twenty-nine leading citizens, who are stock holders with shares at \$100 each, amounting in all to \$5000 cash. There will be at least ten employees some of them with salaries up to \$30 a week. This will figure up to an interesting amount, all to be spent here.

Grave Trouble Foreseen.

It needs but little foresight to tell, that when your stomach and liver are badly affected, grave trouble is ahead, unless you take the proper medicine for your disease, as Mrs. John A. Young, of Clay, N. Y., did. She says: "I had neuralgia of the liver and stomach, my heart was weakened, and I could not eat. I was very bad for a long time, but in Electric Bitters I found just what I needed, for they quickly relieved and cured me." Best medicine for weak women. Sold under guarantee by Stripling, Haselwood & Co., druggist, at 50c a bottle.

THE BILL WAS KILLED.

The senate committee on education promptly killed the Chambers bill which sought to separate the school fund so as to devote to the negro schools only the money derived from taxes paid by negroes. The Post did not doubt that the good common sense of the legislature would assert itself when this measure came to be considered. So far from limiting the school privileges of the negroes, it is the public desire that their opportunities be extended and the present system improved so as to confer upon these people the greatest amount of benefit.

It is a great work to uplift 600,000 blacks and build them into a worthy and useful citizenship, but what has been accomplished is worth all the millions that have been devoted to the object in the past and what remains to be accomplished will be worth all the millions that are to be spent in the future.

The white people of Texas are proud of the humane and enlightened policy of the State toward their black fellow citizens. Illiteracy among them is being rapidly reduced and when eventually an adequate system of industrial training is added to the advantages which are now extended still better progress will be made.—Houston Post.

The sentiment expressed in the foregoing sounds like it might have come from the pen of a Massachusetts or Rhode Island Republican. If the negro of Texas was in fact a citizen acting and moving with his white friends for the State's best interests we could agree with the Post but when we consider that our negroes are living at enmity with us, voting against us, and for every measure to which we are opposed while the North reproaches us for our cruelty to the negro and the Northern Republicans are struggling to give him supremacy in the Southern states we cannot see it that way. The negro as it should have his due and no more, give him justice and when he comes to know what gratitude is it will be time enough to be generous.

TRAWICK LOCALS.

Trawick, Tex. Jan. 29.—Ed. Sentinel: Not having seen anything from our town of late I will send you a few locals.

The express office at Caro has been moved to this place.

Some of our farmers are getting their first experience with growing potatoes for the market. A few days ago a car of seed Irish potatoes were received and will be planted in the neighborhood.

C. C. Galloway will move his lumber interests from Caro to Dallas where he will establish a wholesale lumber business.

Miss Anna Barnes of Nacogdoches, is visiting here today.

Mr. Fain, of Alabama, is visiting relatives here this week.

Mr. Albert Brewer has a letter stating that his brother, who is seriously sick at Georgetown, is recovering.

Cason will trade for that mule if you see him quick.

HOUSTON WILL CONTEST ELECTION OF BROOKS.

Claims Republican Voters Were Intimidated and Driven Away From Polls—Poll Tax Law Involved.

Beaumont Journal.
Colonel A. J. Houston, republican nominee for congress for the 2nd congressional district at the election in November, 1904, has filed formal notification on M. L. Brooks, congressman-elect, of his intention to bring a contest before the house of representatives at Washington for the seat of the Second congressional district.

Notification was served upon Hon. M. L. Brooks several days ago at his home at San Augustine and the fact that the contest would be brought was fully confirmed by Colonel Houston in this city today.

Colonel Houston will submit his evidence and take depositions of the testimony before some properly constituted officer and notary in Texas and the same will be filed with the clerk of the house at Washington, when it will be referred to the house committee on privileges and elections and a hearing had before that body which will make recommendations to the house as a whole. Mr. Brooks will either file a formal answer to the notice of contest served upon him by Col. Houston or will prepare and submit his case when the matter comes up at Washington.

The term of M. L. Brooks who was elected by the democrats in November last, will not begin until congress convenes on March 4th next, when he will qualify and assume his seat and the contest matter will then be disposed of. Col. Houston will employ counsel to conduct his case, but did not authorize that their names should be made public at this time. The usual proceedings in contest cases will ensue and the evidence will be submitted as early as possible at Washington.

The grounds upon which the contest is predicated are interesting. They are mainly three—the alleged unconstitutionality of the payment of the state and county poll tax as a prerequisite for voting in a congressional election and alleged fraud and intimidation of the voters at the polls. The broad ground is assumed that the Texas election law requiring the payment of the poll tax as a qualification for voting in a national or congressional election is in violation of the constitution of the United States. This question is directly raised and made an issue in the contest and will be passed upon.

Fraud at the polls and intimidation of voters is alleged in several voting precincts throughout the district, namely, in Harrison, Hardin, Jefferson, Jasper, San Augustine, Sabine, Nacogdoches and Shelby counties.

The alleged fraud consists in the contention that the demand of the republicans for representation among the election officers at the voting precincts was denied and the contention that none but democrats were appointed general-

ly in the election precincts by counties of the district. The charge of intimidation is the allegation that republicans at the general election in November last were driven from the polls or precincts while not violating any law and while in the exercise of their constitutional and legal right to vote for the man of their choice. It is also averred in this connection that in some of the other precincts throughout the district the republicans were intimidated and prevented from going to the polls.

Mr. John H. Brooks arrived in the city today and says that his brother received notification from Col. Houston several days ago of the latter's intention to contest his seat. Mr. Brooks says that his brother M. L. Brooks, will take proper steps to prepare his case when the matter comes up at Washington.

This is one of the few cases in Texas in which a republican has contested the right of a democrat to take his seat in the halls of congress. The friends of Col. Houston think that he has excellent grounds upon which to base his contest, while the friends of Congressman-elect M. L. Brooks are equally confident and the further developments in the case will be watched here and throughout the Second congressional district with much interest.

Raise More Hogs.

Below we publish a letter in reference to the hog market of Texas, and which we believe will be of value to some of our farmer friends:

Ft. Worth, Tex. Jan. 12, '05.
Mr. M. J. Dooley,
Nacogdoches, Texas.

Dear Sir and Friend:
This will acknowledge receipt of your esteemed favor of the 9th inst, and we are pleased to advise that Mr. Clark arrived with his hogs which we sold at \$4.62 1-2, the top of the market on Texas hogs, and Mr. Clark was well pleased with the sale and the results of our efforts in his behalf.

We hope your section of the country will produce more hogs, as the Packing Houses here can use ten times the number they are getting and they would be more encouraged if the Texas people would raise more hogs, they claim it is very essential to have plenty of hogs to run a packing house successfully and now that the cotton markets have acted so peculiarly this season no doubt it would be very profitable to raise a few more hogs and less cotton and raise corn and alfalfa. We hope some of your good farmers, through that section, will get in the hog business and you can tell them that Campbell Brothers & Rosson will be pleased to furnish them with market reports free of expense and will always sell their stock for the full strength of the market.

Thanking you for past favors and hoping to hear from you when we can serve you in any way, we beg to remain,
Sincerely yours,
Campbell Bros. & Rosson.

Rose Lake trees grow.

APPLEBY LOCALS.

Appleby, Jan. 29.—Yesterday at 3 o'clock p.m., Apple Grove Woodmen Circle met in a call session to initiate Mr. C. G. Haney. Mrs. H. H. Greer and Mrs. J. R. Lanier in the mysteries of Woodcraft, which was done in a royal way. Applications of G. C. Clark, F. F. Skeeters, T. L. Blacksher and Miss Bamma Simmons were received and accepted. After all business was over, Mrs. Emma Fears and Mrs. Cora Hartt retired to the ante-room to prepare what proved to be one of the most enjoyable feasts of the season. They served sliced orange, bananas and cakes of many varieties until the entire grove expressed themselves as having spent one of the most pleasant afternoons in quite a while.

At 8 p. m. the Appleby string band gathered at Dr. Hartt's residence, where a small crowd of young people had gathered to greet Dr. Hartt, who was home for a two days visit from Galveston. The evening was spent in profound pleasure for all present.

Much success to our Appleby musicians.

Don't buy cheap goods or Hardware till you see Cason.

WANTED—You to learn telegraphy for railroad service under an old operator with years experience. Notes accepted for tuition. Positions guaranteed. Free catalogue. McKinney Telegraph College, McKinney, Texas. wtl

EVERYBODY should attend the tobacco meeting next Saturday. The matter is one of great importance both to the farmer and merchant.

Poisons in Food.

Perhaps you don't realize that many pain poisons originate in your food, but some day you may feel a twinge of dyspepsia that will convince you. Dr. King's New Life Pills are guaranteed to cure all sickness due to poisons of undigested food—or money back. 25c at Stripling, Haselwood & Co.'s drug store. Try them.

Mr. Joe Vondersmith came in from a trip to Oklahoma Territory, a few days ago. Mr. Vondersmith has made arrangements to move his family to Shawnee, O. T. at once. Mrs. Vondersmith and children will leave tonight for Houston and will also visit Navasota. They will join Mr. Vondersmith at Dallas next Saturday, then on to their new home at Shawnee. Mr. Vondersmith has for the past fifteen years been prominently associated with the mercantile establishment of the G. H. Davidson Estate, and has in every respect proven himself to be a most valuable citizen. It is with keen regret we send him with his excellent family away.

Tom Baker has purchased the Joe Vondersmith place on North street.

For Sale.

Greer's mammoth field corn. This is the largest variety of corn grown in Texas and is a native of Nacogdoches county. Price \$2 per bushel, \$1.10 for half bushel, 60c per peck. Cash with order.

READ AND REFLECT.

We have recently purchased the two bankrupt stocks of P. C. Richardson and L. C. Estes, consisting of

DRY GOODS, SHOES, HATS, CLOTHING and GROCERIES,

and having bought at an average of less than 50 cents on the dollar we are enabled to sell you these goods at less than New York prices. We have decided to reopen business in Nacogdoches and give our friends the advantage of buying goods at actual

Wholesale Cost For Cash Only.

This stock must be sold in the next 30 days to make room for our mammoth spring stock to arrive and we guarantee to give you first-class goods for less money than you can buy them in Nacogdoches or anywhere else. We have been in business in Nacogdoches for the past 15 years and we are here to stay. Our past record speaks for itself. We respectfully invite our friends and every one to give us a call. We guarantee you that we will do more for you than ever before.

Thanking you for past favors and asking a continuance of the same, we remain

Your friends

S. KAPLAN & BRO.

Ayer's

For coughs, colds, bronchitis, asthma, weak throats, weak lungs, consumption, take Ayer's Cherry Pectoral.

Cherry Pectoral

Always keep a bottle of it in the house. We have been saying this for 60 years, and so have the doctors.

"I have used Ayer's Cherry Pectoral in my family for 40 years. It is the best medicine in the world. I know for all throat and lung troubles."

DR. J. C. AYER & CO., Lowell, Mass.

for the Lungs

Daily action of the bowels is necessary. Aid nature with Ayer's Pills.

Fruit and Truck Growers.

Paletine, Texas, Jan. 25.—

Your committee beg to recommend for adoption the following:

Whereas it is apparent that great demoralization exists among the fruit and truck growers of the state because of an inadequate system of packing, transplanting and marketing their product, therefore be it

Resolved, that this association will foster and encourage the organization of the fruit and truck growers of this state into a business compact, whereby the several associations in this state, organized for the purpose of selling the fruit and truck thereof and the several sale agents now doing business in this state, may be brought together at an early date as possible; that an amicable and businesslike agreement may be had which will lessen the expense to the growers for the handling and selling of their product and the competition among the growers may be minimized.

Resolved further, That we favor a plan which will concentrate as much as practicable the handling and selling of the fruit and truck of the state, and

Resolved further, That we believe that the present and future success of the fruit and truck growing interests of Texas is dependent upon the establishment of closer relations among the growers of this state and especially of this association and imposing faith in the wisdom and patriotism of the members of the several associations, having for their object the better distribution and sale of the fruit and truck of the state and the different sales agents."

The president of this association is hereby authorized and instructed to write the officers and directors of the East Texas Fruit and Truck Growers Union and the Texas Fruit and Truck Growers Exchange and another like association of this state and each of the sales agents doing business in this state to assemble in the city of Longview on the second Friday in February, for the purpose of perfecting an organization which will carry out the plan herein above recited. Committee.

The above resolution was drafted by Hon. Sam H. Dixon at the Texas F. & T. G. association held at Palestine Jan. 25th and all present were enthusiastic in its support. There has been a great effort to devise some plan that

would unite the different selling agencies of this section and this seems to be the most feasible plan yet presented. The secretary is authorized to publish the above resolution that it might reach all interested. Therefore we ask all concerned to give this move their support.

J. B. Power, Sec.
Exchanges please copy.

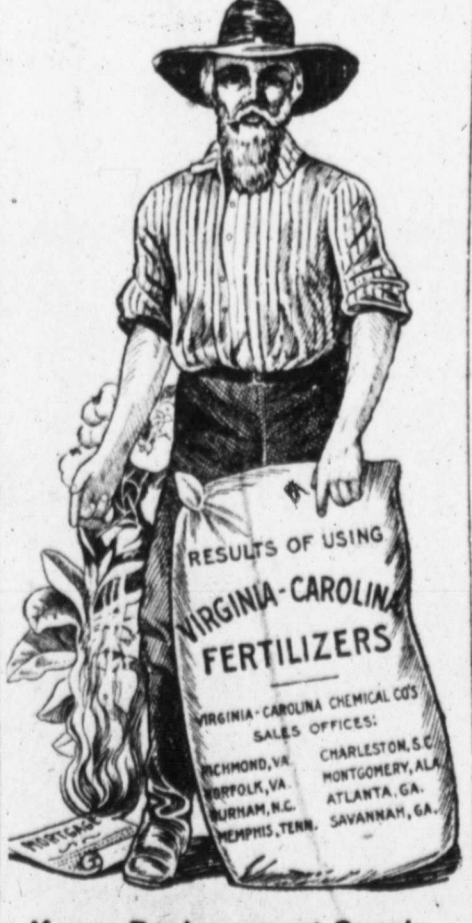

If the Florida, Havana & Sumatra company are not hindered by discrimination it will probably build an immense warehouse here and conduct a general tobacco business on a large scale. The company is pleased with its experiments so far and will be a great boon to our farming and business interests.

Croup
Begins with the symptoms of a common cold; there is chilliness, sneezing sore throat, hot skin, quick pulse, hoarseness and impeded respiration. Give frequent small doses of Ballard's Horehound Syrup (the child will cry for it) and at the first sign of a croupy cough apply frequently Ballard's Snow Liniment to the throat. Mrs. A. Vliet, New Castle, Colo., writes March 19, 1902: I think Ballard's Horehound Syrup is a wonderful remedy, and so pleasant to take. Sold by Perkins Bros.

The capital stock of the Tobacco Mfg. Co., of Nacogdoches has been subscribed and paid in. The charter has been forwarded to the secretary of state. It will be only a few days before the manufacture of cigars from Nacogdoches tobacco will begin.

Health
Means the ability to do a good day's work, without undue fatigue and to find life worth living. You cannot have indigestion or constipation without its upsetting the liver and polluting the blood. Such a condition may be best and quickest relieved by Herbine, the best liver regulator that the world has ever known. Mrs. D. W. Smith writes April 3, 1902: "I use Herbine, and find it the best medicine for constipation and regulating the liver I ever used." 50c. Sold by Perkins Bros.

PRESIDENT ROOSEVELT is becoming democratic in his attempted regulation of railroads. The people of the country are with him once in a great reform movement.

To the Sheriff or any Constable of Nacogdoches county, Greeting:

Oath having been made as required by law, you are hereby commanded to summon H. C. Wheeler, who is temporarily a non-resident of Texas, whose address is unknown, by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 2nd Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest district to said 2nd Judicial District, to appear at the next regular term of the District Court of Nacogdoches county, to be holden at the court house thereof, in Nacogdoches, on the 2nd Monday in March, AD 1905, the same being the 13th day of March, AD 1905, then and there to answer a petition filed in said court on the 15th day of August AD 1904 in a suit numbered on the docket of said court, No. 2051, wherein E. A. Blount is plaintiff and H. C. Wheeler is defendant, and said petition alleging that on the 13th day of November 1901, said H. C. Wheeler made, signed and executed and delivered to the said E. A. Blount his certain promissory note, whereby he contracted and promised to pay to the said E. A. Blount or order, one year after said date, the sum of five thousand (\$5,000) dollars with interest thereon from date of said note at the rate of ten per cent per annum and further agreed in said note to pay the interest on said note as it accrued annually, and further agreed in said note to pay interest on accrued interest if said interest was not paid when due, and further agreed to pay an additional sum of ten per cent as attorney fees if the said H. C. Wheeler failed to pay off said note at its maturity, and if suit should be brought on said note.

The plaintiff further alleges that he is the owner and holder of said note, and that the defendant has never paid the same or any portion of the principal or interest due thereon. Plaintiff further alleges that the said note was given in payment for 1107 acres of land in Jefferson county, Texas, a part of B. A. Vacoen grant, the said 1107 acres taken in a square out of the southeast corner of said grant, that the note constitutes, and is secured by a vendors lien on said land.

Herein fail not, but have before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Citation
The State of Texas.
To the Sheriff or any Constable of Nacogdoches County, Greeting:

Oath having been made as required by law, you are hereby commanded to summon H. C. Wheeler, whose address is not known, who is temporarily a non-resident of Texas, by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 2nd Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest district to said Judicial District, to appear at the next regular term of the District Court of Nacogdoches County, to be holden at the court house thereof, in Nacogdoches, on the 2nd Monday in March A. D. 1905, the same being the 13th day of March A. D. 1905, then and there to answer a petition filed in said court on the 15th day of August A. D. 1904, in a suit numbered on the docket of said court No. 2050, wherein E. A. Blount is plaintiff and H. C. Wheeler is defendant, said petition alleging that on the 22nd day of October, 1896, made and executed, and delivered to said E. A. Blount, his certain promissory note of said date, wherein he contracted and promised to pay to the said plaintiff, E. A. Blount, or order, in the town of Nacogdoches, Texas, on or before August 1, 1899, the sum of Four thousand six hundred and ten and sixty-five one hundredths dollars (\$4,610.65) with 8 per cent interest per annum from date of said note until paid, interest payable annually, and defendant further agreed to pay an additional sum of 5 per cent on the amount owing on the said note as attorneys fees, if said note was not paid at maturity, if collected by suit.

The plaintiff further charges that in order to prevent said note from becoming barred by the statute of limitation, the said defendant on the 17th day of March 1903, signed a renewal on the back of said note to-wit: "I acknowledge this note to be just, due and unpaid, and for value received promise to pay the same, with ten per cent interest on both principal and interest from October 22, 1902, this March 17, 1903." (signed) H. C. Wheeler.

Plaintiff further charges that on — day of November 1902, the said defendant, H. C. Wheeler, made, signed and executed to this plaintiff and delivered to this plaintiff the following instrument and contract in writing to-wit: "Beaumont, Tex., Nov. — 1902. Whereas I owe E. A. Blount a note of \$4610.65 dated Oct. 1896, bearing 8 per cent interest from its date and on which the interest is unpaid since Oct. 22, 1900, now in consideration of one dollar and other considerations, I hereby agree that interest on the said note and on all accrued interest thereon shall be counted at ten per cent per annum from Oct. 22, 1902, with 10 per cent attorney's fees on said note and interest if collected by legal proceedings." (signed) H. C. Wheeler.

Plaintiff further alleges that the said note for \$4610.65 was given as it purports on its face to have been, in part payment for 5535 acres of land in Jefferson county, Texas, known as the Vacoen grant, and it is secured by the vendor's lien on said 5535 acres of land as above described. Three-fifths of which land, however, having been by the plaintiff herein, heretofore released from the operation of the said lien, the said vendors' lien now remains in force against 2214 acres of said Vacoen grant only, and said 2214 acres against which the said vendors' lien still exists is that amount or quantity of that said grant, constituting the western portion of the same, to be cut off by a line running squarely across said grant.

Herein fail not, but have before said court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same.

Witness, R. W. Murphey, Clerk of the District Court of Nacogdoches County.

COTTON FACTORY TALK.

Interesting Plan About How to Get a Factory.

Editor Sentinel.

Some time since I noticed an article in your paper in which it was stated that the farmers of the county were contemplating a movement to erect and put in operation a cotton factory in Nacogdoches. Upon reading the article mentioned it struck me that such a move was a good one, and one entirely practicable if taken hold of in a business manner, and I have since given the subject considerable thought.

In my judgment, the establishment of cotton factories in cotton producing states promises a more certain solution to the low price of that staple than does the reduction of acreage. Take, for instance, cotton seed. When these were first used for oil, the cotton seed oil mills were few, and located only in larger cities of the state, and the mills thus located had the whole state as a market for the purchase of their seed supply. As a consequence seed sold at very low prices, scarcely sufficient to pay the farmers for handling and hauling them to the railway station. In a short time, however, the number of these mills increased, and they were to be found in nearly every town of any consequence in the state. The big mills in the larger cities thus found much of the territory from which they had heretofore obtained their seed supply cut off, or at least occupied by rival mills more advantageously located as to the handling of seed from certain localities. Notwithstanding this these first, and, perhaps larger mills, had become established and it was necessary that they be operated or the same would become wholly a loss to their owners, and in order to their operation seed had to be obtained, so notwithstanding the freight rates they would have to pay, and which in a large measure, was saved to the local mills, these first or larger mills came of necessity, in open competition for the purchase of seed with the local mills, resulting in sending the price of cotton seed at times as high as \$20 per ton which prior to the operation of the local mills scarcely ever brought as much as \$6 per ton. Now I do not wish to be understood from this that I am arguing that the establishment of a cotton factory at Nacogdoches would materially affect the price of cotton at this place or elsewhere, but I do mean to be understood as arguing that if there were cotton factories established and in operation in as many towns and cities in Texas as there are cotton seed oil mills today, the price of cotton would be materially advanced, for the reason that these local mills would require the local product for their own consumption, and it being unreasonable to believe that the foreign mills would go out of business, they would necessarily come in competition with our home factories for a large amount of their raw material supply, and this would increase the price to be paid to the farmer for his cotton.

I believe that a cotton factory sufficient for the present, at least, could be built and put in operation at Nacogdoches at the aggregate cost of \$120,000, or possibly \$100,000. A mill of this sort would give us one of 5,000 spindle and 160 loom capacity, and would be probably sufficient to work up into cloth as much cotton as is produced in Nacogdoches county, would give employment to a large number of people, and, in my opinion, be one of the best moves looking to the material interest of the farming class.

There ought to be as many as two thousand farmers in Nacogdoches county who would take stock in a cotton factory to the value of one bale of cotton—many could well afford, and ought to take stock in such a factory to the extent of the value of a number of bales. Every merchant, business and professional man, many of the clerks as well as a number of the laboring men in the city and county should be able to take some stock in such a factory. In this way the factory could be had without any large investment by any one individual. Some have doubted the practicability of making a cotton factory a success here on account of the lack of experienced labor necessary to its operation. I have made some investigation on this line, and my information is that once the factory is established experienced hands for its operation can be easily had.

I am persuaded that if the Business League of Nacogdoches would take this matter up, determine what cost and capacity of factory would be best to establish, and then cause stock subscription books to be opened and put in every business house in Nacogdoches and the other towns in the county and appoint every merchant in each town in the county, and at least one farmer in each community in the county, a member of the stock soliciting committee, a cotton factory could be built in Nacogdoches. C. D. Mims.

Notice.

The application of the Texas & New Orleans Railroad Company to the Legislature of the State of Texas for the passage of a local or special law.

Notice is hereby given, as required by the Constitution and Statutes of Texas, that the Texas & New Orleans Railroad Company intends to apply to the Twenty-ninth Legislature of Texas, at its first regular session, for a local or special law authorizing it to sell that portion of its lines of railroads extending from the city of Dallas, in Dallas county, through the counties of Dallas, Kaufman, Henderson, Anderson, Cherokee, Rusk, Nacogdoches, Angelina, Jasper, Tyler, Hardin, and Jefferson to or near Sabine Pass, with the franchises and other property thereunto appertaining to any railroad company incorporated under the laws of Texas, but not owning, operating or controlling a line of railroad parallel or competing with said line, or to any railroad company which may be hereafter incorporated under the laws of Texas with the power to operate a railroad between said points and through said counties; authorizing any such Texas corporation to purchase and operate said line of railroad with its appurtenances and franchises on such terms and conditions as may be prescribed by said Act.

E. S. Benson,
Secretary of the Texas & New Orleans Railroad Co.

Most Successful Firm in America Opens a Branch House in Kansas City

WE TAKE PLEASURE in announcing the opening of a branch house at Kansas City, Mo., where we will carry an elaborate stock of heavy goods, such as furniture, implements, stoves, sewing machines, harness, etc. It is our intention to keep a liberal supply of goods at Kansas City and ship them out direct to our customers at tributary points.

This venture means a saving of 460 miles of freight charges to persons living in the West, Southwest and Northwest. It also means quicker service and lower prices, as our Kansas City stock is all quoted free on board the cars at Kansas City.

Where part of a shipment is to be made from Kansas City and part from Chicago, we prepay the freight charges ourselves on the Chicago lot as far as Kansas City, so that our customer only pays freight from the latter point.

We are ever growing. Only 5 years ago we erected a 12-story building that we thought would serve for all time, but we now find ourselves crowded out and compelled to seek relief for our ever-expanding business. There are reasons for our success—reasons easy to see. We are treating our trade fairly; shipping honest goods; keeping prices down to the lowest point; following a

liberal and accommodating policy; avoiding all forms of trickery and deceit; our methods are open and above suspicion of any kind—consequently we are successful—so successful, in fact, that the big increase in our western business gives us an opportunity to establish a branch at Kansas City in the interest of our patrons in Kansas, Nebraska, the Dakotas, Oklahoma, Indian Territory, Texas, Missouri, southwestern Iowa, and all other states west of the Rocky Mountains.

We are now printing a catalogue showing the goods that are constantly carried in stock at Kansas City. This catalogue will be sent free to any person living in the territory named above. Kindly fill out the coupon below and let us send you our Kansas City catalogue. You will be surprised at the extent of the merchandise we carry there and at the prices we make. Remember, we pay freight to Kansas City on all goods ordered from our Chicago stock to be shipped with goods out of Kansas City.

Some day we hope to carry a complete stock of everything in Kansas City, but for the present let us send you the catalogue showing the goods that can now be had, with the transportation charges reduced by 460 miles.

Itch—Ringworm.

E. T. Lucas, Wingo, Ky., writes, April 25, 1902. "For 10 to 12 years I had been afflicted with a malady known as 'itch.' The itching was most unbearable; I had tried for years to find relief, having tried all remedies I could hear of, besides a number of doctors. I wish to state that one single application of Ballard's Snow Liniment cured me completely and permanently. Since then I have used the liniment on two separate occasions for ring worm and it cured completely. 25c, 50c and \$1. Sold by Perkins Bros. w

About the Cotton Factory.

Hon. C. D. Mims and others interested.—City.

I have read with pleasure your communication in The Sentinel concerning a cotton factory for Nacogdoches county. Replying thereto, I have to say that I have the bale of cotton which is saving for the laudable purpose and will be put into the general pile at any time it may be called for.

Very truly yours,
W. G. Ratcliff.

UP to date the tax collector has issued about 700 poll tax receipts less than this time last year.

Are You Restless at Night

And harassed by a bad cough? Use Ballard's Horehound Syrup, it will secure you sound sleep and effect a prompt and radical cure. Sold by Perkins Bros.

Rose Lake trees grow.

ELLIS county raised 120,000 bales of cotton last year in spite of the boll weevil. This sounds good, but Ellis county has a cotton mill that will run until May on orders already booked for its product, which sounds better and shows that Ellis county is capable of dealing with the cotton situation.

Rose Lake trees grow.

It Quenches the Fires.

Your Hunt's Cure is beyond doubt the most remarkable remedy for skin diseases ever formulated. For eight years I suffered almost constantly from an itching trouble the doctors called eczema. My skin was on fire, but less than one box of Hunt's cure quenched that fire. Many of my friends have since used it on my recommendation and it never fails. Where there is an itch rub it on. It does the work—that's all."—Mrs. Ellen Whitmore, Clarendon,

Fraud Exposed

A few counterfeiters have lately been making and trying to sell imitations of Dr. King's New Discovery for consumption, coughs and colds, and medicines, thereby defrauding the public. This is to warn you to beware of such people, who profit, through stealing the reputation of remedies which have been successfully curing disease, for over 35 years. A sure protection to you, is our name on the wrapper. Look for it on all Dr. King's, or Bucklen's remedies, as all others are mere imitations. H. E. Bucklen & Co., Chicago, Ill., and Windsor, Canada. Sold by Stripling, Haselwood & Co.

Geo. B. McGlasson, representing the Geo. W. Sanders Live Stock Commission Co., of Ft. Worth, was here Saturday in the interest of his firm. The live stock business of East Texas is one that has not attracted a great deal of attention in the past but it is now developing into life, and is here to stay. As the years go by this business will gradually grow until it develops into one of the leading money bringing industries. The writer has been a personal friend of Mr. McGlasson for a number of years and takes pleasure in recommending him to the people of this vicinity who have stock to ship.

The Sunshine of Spring.

The salve that cures without a scar is DeWitt's Witch Hazel Salve. Cuts, burns, boils, bruises and piles disappear before the use of this salve as snow before the sunshine of spring. Miss H. M. Middleton, Thebes, Ill., says: "I was seriously afflicted with a fever sore that was very painful. Dewitt's Witch Hazel Salve cured me in less than a week." Get the genuine. Sold by Perkins Bros.

E. M. Dotson has purchased the Morgan Week's home place and will move in soon.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflammation of the mucous lining of the eustachian tube. When this tube is inflamed you have a rumbling sound of imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. Cheney & Co., Toledo, O. Price 75 cents per bottle. Sold by all druggists. Take Hall's Family Pills for constipation.

HAPPY WOMEN.

Plenty of Them in Texas and Good Reason for it.

Wouldn't any woman be happy After years of backache suffering, Days of misery, nights of unrest The distress of urinary troubles She finds relief and cure?

No reason why any Texas reader should suffer in the face of evidence like this:

Mrs. J. A. Beck, of Austin, Texas, employed at the asylum for the blind, and living at 1605 Sabine street, says: "In April, 1902, when living at 1709 East avenue, I gave a testimonial concerning Doan's Kidney Pills, after I had procured a supply. The cure they performed has been permanent in every particular and I have told a great many sufferers from backache and kidney ailments to give them a trial if they wished to get a positive relief. You are at liberty to continue the use of my name as one who endorses all the claims made for Doan's Kidney Pills."

Sold by Perkins Bros. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name — Doan's—and take no other.

E. A. Blount has purchased the vacant lots known as the Huntley lots on the south side of Main street and will erect at once two brick buildings thereon. This will leave only the Kaplan lot adjoining and the F. H. Tucker lot on the corner to complete this row in modern bricks.

Give Your Stomach a Rest.

Your food must be properly digested and assimilated to be of any value to you. If your stomach is weak or diseased take Kodol Dyspepsia Cure. It digests what you eat and gives the stomach a rest, enabling it to recuperate, take on new life and grow strong again. Kodol cures sour stomach, gas, bloating, heart palpitation and all digestive disorders. L. A. Soper, of Little Rock, Ky., writes us: "We feel that Kodol Dyspepsia Cure deserves all the commendation that can be given it, as it saved the life of our little girl when she was three years old. She is now six and we have kept it for her constantly, but of course she only takes it now when anything disagrees with her." Sold by Perkins Bros.

Strayed.

One brown pony mare, left ear "gotch," branded on left hip. Any information leading to recovery will be liberally rewarded.

Amos Kendrick, Melrose, Texas.

Dr. G. H. Turner, of Garrison, spent yesterday in the city. He came down to pay his poll tax.

Agonizing Burns

are instantly relieved, and perfectly healed, by Bucklen's Arnica Salve. C. Rivenbark, Jr., of Norfolk, Va., writes: "I burnt my knee dreadfully, that it blistered all over. Bucklen's Arnica Salve stopped the pain, and healed it without a scar." Also heals all wounds and sores. 25c at Stripling, Haselwood & Co., druggist.

Fezelle-Seale.

From Monday's Daily:

Last night at 7 o'clock Mr. Frank Fezelle and Miss Alma May Seale were united in the holy bonds of matrimony, Rev. S. F. Baucom officiating.

A large number of friends of this young couple gathered at the home of the bride's parents, Mr. and Mrs. Tom Seale on Fredonia Hill, to witness the ceremony. Mr. and Mrs. Fezelle left today to attend a sumptuous dinner, prepared for them at the home of Mr. and Mrs. B. F. Fezelle, parents of the groom, who live three miles north of this city.

Mr. Fezelle has for some time past been an employe of C. W. Butt, and is well known as a steady, hard working, deserving young man, esteemed by all who know him.

Miss Seale is the daughter of our townsman Mr. T. J. Seale, and is very popular among a large circle of young friends who join the Sentinel in good wishes for their future happiness. Mr. and Mrs. Fezelle will make Nacogdoches their home. Mr. Fezelle will continue with C. W. Butt. The Sentinel extends this young couple congratulations and a hearty welcome.

Failed.

All efforts have failed to find a better remedy for coughs, colds and lung troubles than Foley's Honey and Tar. It stops the cough, heals the lungs and prevents serious results from a cold. J. N. Patterson, Nashua, Iowa, writes: "Last winter I had a bad cold on my lungs and tried at least half a dozen advertised cough medicines and had treatment from two physicians without getting any benefit. A friend recommended Foley's Honey and Tar and two thirds of a bottle cured me. I consider it the greatest cough and lung medicine in the world." Sold by Perkins Bros.

Leon Clark, son of Mrs. Amelia Clark, and a native of Nacogdoches, has returned from St. Edward's College at Austin, where he has after three years of hard study finished his work and is now prepared to enter upon the duties of life. Leon, last session, won a handsome gold medal for deportment which speaks volumes for the young man, since it evidences the fact that he was a solid, steady boy and so conducted himself. We wish the young man success and prosperity.

Pirating Foley's Honey and Tar

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. Ask for Foley's Honey and Tar and refuse any substitute offered as no other preparation will give the same satisfaction. It is mildly laxative. It contains no opiates and is safest for children and delicate persons. Sold by Perkins Bros.

If it is a Wagon, Buggy, Farming Implement or an article of hardware, Cason's got it and wants to sell it. 3tw

SLOAN'S LINIMENT KILLS PAIN KILLS GERMS

Sloan's Liniment is sold only by druggists and dealers, never by peddlers or street hawkers. NONE GENUINE WITHOUT DR. SLOAN'S PORTRAIT AND SIGNATURE ON EVERY BOTTLE. DR. EARL S. SLOAN, 615 ALBANY ST. BOSTON, MASS.

Must Pay the Doctor.

At a recent meeting of the physicians of Nacogdoches, the following resolutions were adopted by a unanimous vote:

1st. Every physician that signs this agreement shall furnish to every other physician that signs it, on the first of March 1905, and the first of January each year hereafter a complete list of all those, regardless of social or financial standing, that have failed to pay or secure him for his services since January 1st, 1904, and each physician shall keep a complete alphabetically arranged list of all such names made up from the reports furnished him by other physicians.

2nd. That no physician that signs this agreement will go to see or render in any way a professional service to any who is listed by himself or another physician who has signed this agreement, as not paying his doctors bills for any year since Jan. 1st, 1904, unless the applicant pays the cash in advance, gives good security or shows a clear receipt from the physician or physicians that have reported him as in arrears.

3rd. That it shall be the duty of each physician who signs this agreement to report immediately to every other physician that has signed it the name of every one that has been reported as in arrears and has paid his bill and put himself in good standing, and then each physician shall be at liberty to go to see such persons if he desires.

Signed,

F. R. Tucker, M. D.
A. A. Nelson, M. D.
A. B. Smith, M. D.
J. H. Barham, M. D.
F. C. Ford, M. D.
R. P. Lockett, M. D.
W. H. Campbell, M. D.
W. I. M. Smith, M. D.
J. E. Mayfield, M. D.
E. D. Williams, M. D.

Lagrippe and Pneumonia.

Pneumonia often follows lagrippe but never follows the use of Foley's Honey and Tar. It cures lagrippe coughs and prevents pneumonia and consumption. Ask for Foley's Honey and Tar and refuse any substitute offered. Mr. G. Vacher, of 157 Osgood St., Chicago, writes: "My wife had a severe case of lagrippe three years ago, and it left her with a terrible cough. She tried a bottle of Foley's Honey and Tar and it gave immediate relief. A 50 cent bottle cured her cough entirely." Refuse substitutes. Sold by Perkins Bros.
