Dirt, Disease and the Devil

THREE FOES OF MANKIND.

Below we tell you how you may successfully fight the first two.

The germ of disease grow and thrive in dark, damp places, in cellars and musty places; in vaults, drains, cesspools, etc. The only effectual way of destroying them is by using disinfectants which have the power of destroying disease germs. There are a number of disinfectants of more or less importance. Below we give a list of the more important ones with suggestions and hints regarding each that will be found useful.

SULPHUR is a valuable disinfectant used by fumigation, and for convenience we have it put up in candle form, nothing to do but light the wick.

CHLORIDE OF LIME is an effective disinfectant, full directions on each can.

COPPERAS is a very cheap and powerful disinfectant for drains and cesspools.

Crude Carbolic Acid has a wide range of usefulness.

Solution of Five Chlorides is a powerful deodorizer and disinfectant, and may be used for dwellings, store rooms, closets, refrigerators, ect.

PERKINS, KLEAS & MAST.

Use High Life for Destroying Ants

Dr. Mayfield is back from a visit to his brother, Dr. W. S. Mayfield at Longview. He reports that the train on which he went and came both "boggled" down in the Linn Flat pine woods. He says brother Baucom was on one of the trains but he doesn't believe that was the cause of the wreck, though he was accused of it on a preceding wreck.

Mrs. Humphrey Ward has written another masterly delightful story of English upper class life. Her new heroine, Lady Kittie Bristol, is even more engaging than was Julie Le Briton in Lady Roses daughter, and her individuality in as marked. The marriage of William Ashe, promises to be the year's greatest work of fiction.

Nacogdoches Mercantile Co

The Leading Cash Store.

If you want to see and buy from the best selected and most stylish stock of goods in East Texas, come and look at our display. The Spring Dress Goods are just beautiful.

The Ladies' Hats were never as pretty and stylish.

Our line of young men and boy's Clothing is everything one could desire in style, fit and workmanship.

The prices on the above are right, for we sell for cash and only want small profits.

If you haven't bought from us before give us a trial and you will be pleased.

Nacogdoches Mercantile Co

THOMAS--HAZLE.

A Pretty Wedding at the Residence of Mrs. Collins.

Married at the residence of Mrs. Collins Sunday morning at 10 o'clock by Rev. D. A. McRea. Miss Emma Hazle to Mr. J. L. Thomas. Miss Hazle is the daughter of Mrs. Joe Hazle of the Denman neighborhood and is held in high esteem by all who know her. She has taught school and is liked wherever she went. Lately she has been employed by Tucker, Zeve & Co. as saleslady, and has a host of admirers in San Augustine. Mr. J. L. Thomas is one of the best known young business men in San Augustine, being a member of the drug firm of Wilson & Thomas. After the wedding Mrs. Collins gave a handsome wedding dinner to a few of the most intimate friends of the couple, and all joined in wishing them a pleasant journey over the matrimonial seas and a happy prosperous life.—San Augustine Visitor.

Mrs. Thomas is a niece of Mr. M. G. Hazle of this city and has a large circle of friends here who join The Sentinel in extending congratulations.

Accidentally Shot.

Prof. R. F. Davis left Saturday night for Austin to attend his brother E. W. Davis who was seriously, if not fatally wounded in that city on last Saturday. He was loading a Pistol when it accidentally went off in his hand, the bullet taking effect in the left side just above the heart, penetrating the body, and barely missing the spinal column. Mr. Davis was student of the State University, working his way through, and was making a splendid record.

News received this morning from Prof. Davis at Austin, reports his brother some better than when he first reached him.

Notice.

Delinquent tax payers: The delinquent list for Beat No. 1, has been placed with me for collection. The list is very large, therefore I can come but once. Please have the money ready or else I shall be forced to levy upon any property belonging to you for same. W. E. McMillan rdw

John Schmidt of this city, received a telegram from New York this morning stating that Florence, the sixteen year old daughter, and only daughter, of his friend and partner Abe Mayer of that city, died there yesterday afternoon of spinal meningitis. Mr Mayer has many friends in this city whose hearts will be grieved at this sad intelligence. The Sentinel with the many friends in this city of Mr. and Mrs. Mayer, extends its deepest sympathy to them in their great bereavement.

SALE OF DALLAS BRANCH.

New Company Likely to be Formed to Take the Property.

Houston, Texas, March 27.—A dispatch received at the Southern Pacific headquarters today from Austin announced that Governor Lanham had attached his signature to the segregation bill, which provides for the sale of the Dallas-Sabine branch of the Texas & New Orleans Railroad.

The sale of the Dallas branch, which the Southern Pacific is now authorized to make, will, it is thought, take place at an early date. The general attorneys and other officials interviewed here today said they were not able to state who the purchasers of the line would be. It is likely a company will be formed to take over this important line and operate it independently.

It embraces about 361 miles of track, connecting Dallas on the north with Port Arthur and Sabine Pass on the south. At the latter place there are extensive deep water terminals, which are most valuable assets. The road is a comparatively new one. It passes through a splendid strip of country, and there has been a constant increase in its tonnage, showing a healthy growth of the country tributary to it.—Dallas News.

Has Returned to Work.

Tom Meeks who had the misfortune to lose his right hand a few weeks ago at the Hayward mill, is at work again. He is now general watchman at the mill, and states that he is truly glad that he is able to do some kind of work where he can earn a salary.

Having the question asked me a number of times as to my partner moving to Abilene. What effect should it have on our business, allow me to say none whatever. Mr. Jones is going on account of his wife's health. Should there be any change made the public will be informed through the county papers. Hoping to receive a liberal share of your business. Mr. J. O. Pinard will be glad to serve you.

Yours to serve,
S. C. Baucom.

Increase Capital Stock.

The stock holders of the Nacogdoches and Southeastern railroad met at the office of the company yesterday and increased the capital stock to \$250,000.00.

The following is the list of the officers elected: E. B. Hayward, Pres., C. C. Hayward, Vice Pres., E. B. Barker Sec. Tres. Directors: John Schmidt, E. A. Blount, E. B. Hayward, C. C. Hayward and E. B. Barker.

Lost.

One black and white spotted fox hound dog pup, about 4 months old. Will pay liberal reward for his return.

Phil Sanders.

We Sat up the Other Night ... and Figured Some ...

Figured right, too, and find that you can buy 20 inch Hog Proof American Fence (the American the best you know) and put three strands of barbwire above it for less money than you can buy three 6 inch plank and put only two barbwires above it.

You don't have to "figure" to know that the all wire fence won't blow down, burn or rot and that it is hog-proof, mule-proof and cow-proof and that the plank fence soon gives way, is much more trouble to build, is likely to burn and is by no means as good.

We've figured our profits low on the American fence, (that's the good kind) but we figure that we are going to get a great big trade on it. Already got a trade so big that the biggest wire makers in the world can't supply us, but they tell us that they've got some more machinery now and are going to do better. (Can't make wire better than we've got) We figured prices on

Buck's Stoves

down to where you can get wife a new one and hardly miss the money. You know all about Buck's Stoves, they've been the Peace Maker in thousands of homes for 15 years before the war—about 60 years. But honestly, we haven't told you where we've "figured" to save you the most money yet. It's in that tremendous big Buggy stock of ours and in our Farming Implement department. Got the best stock in East Texas to select from, too. That's an item. Come in and figure with

D. K. CASON,

The man whose sold more Hog Fence, Baggies, Wagons, etc., than any man in this country.

Hon. Sam H. Dixon, of Houston, and J. W. Frances, manager of the East Texas Fruit and Truck Growers Union will be present at the Truck Growers meeting here next Saturday at 2 o'clock. This is regular meeting day and every one interested in fruit and truck should be present. The growing, packing and marketing will be discussed. Growers that don't attend these meetings cannot expect best results from their crops.

J. B. Power, Sec.

C. E. Brown, the chief engineer, is organizing his party today and will start tomorrow to run the survey for the Texas & Gulf into San Augustine. The line will be only preliminary, but it will be so nearly complete that it will be but little trouble to locate it, if the road decides to go to the Red Land City.—Times.

Judge James I. Perkins, is doing business on good sound principles. It seems however, to be working a hardship on some few who are accustomed to the heretofore loose way in which the courts have been run. Yesterday morning sheriff Buckner was fined \$50.00, for failing to summon witnesses. He also fined two jurors \$10.00, each for failing to appear. The people who pay taxes and vote cannot but appreciate this method of doing business as it is quite a saving of both time and money to the county.

Mr. Munsell, of Kansas City, Mo., an employe at the Hayward mill, has rented the A. C. Ireson home on Fredonia street and will move his family here at once. Mr. Munsell and two of his sons hold good positions at the Hayward mill. The Sentinel extends welcome to him and his family.

Jones & Baucom

Are at their old stand next to H. T. Burk. When you are in town see them for DRY GOODS or GROCERIES. They are going to close up their Dry Goods and Notion business. You can SAVE MONEY BUYING FROM THEM. Special inducements to cash trade. Mr. F. C. Jones and J. O. Pinard are on hand to treat you right. We will pay you cash or trade highest price for Chickens, Eggs and Butter. We invite country merchants to see us if you want some bargains in Dry Goods.

Jones & Baucom

EVERY necessity of life is measured by dollars.

RUSSIA is re-organizing her army and putting up a bold front.

THE men or women with small aims in life are the slaves of law ideals.

ABOUT five hundred acres of new orchard will bear fruit in Nacogdoches this year. Next year will show something like 1500 acres.

DON'T lose sight of the fact that small truck patches will help you through the summer months to have spending money.

HARRY S. NEW, of Indianapolis, will be the chairman of the republican national committee to succeed Postmaster General Cortelyou in that capacity.

ALTON B. PARKER has decided to accept an invitation to speak at the Jefferson dinner in New York on Thursday, April 13. Grover Cleveland and William J. Bryan both sent regrets.

A ST. PETERSBURG paper says: "After all, the war is like others. It must end some time by peace. Remember how dearly we paid for the lack of foresight of our diplomacy during the negotiations preceding the war, which was largely responsible for our military and naval unpreparedness, it would be well now for our diplomacy to look ahead for peace."

SECRETARY TAFT has transmitted to the president his report of his own the report Dr. Reed, recently published, criticising severely the management of affairs in the Panama canal zone by the Panama commission. The president, after reading the papers, returned them to the war department with an indorsement, and they will be made public in a day or two.

If you have a good man in your employ and believe he is worth a little more than you are paying him, and you can afford to raise his salary do so, some one else may discover his value and make him a proposition that will look good and then you will have to break in another man.

AMONG some of the measures introduced in the present Legislature is a proposition to tax each log wagon driver over a public road. The proposition appeared ridiculous to this writer at first, but since he has observed the terrible condition in which the wagons furnishing timber for Bridwell's mill in the Southern suburbs of the city are putting South Fredonia street, he has reached the conclusion that taxing log wagons is not such a bad idea after all.

HOME ENTERPRISES.

Home enterprises should receive the loyal support of every citizen of Nacogdoches, individually and collectively. When an enterprise is located here, work with the same zeal and energy for its success as was used in landing the proposition. There are several noteworthy manufacturing enterprises here that should be fostered by every citizen in the county, one of which is the Nacogdoches Machine Works, of which W. B. Kilgough & Son are proprietors. The plant works from six to eight men every day and makes a specialty of rebuilding all classes of machinery and engines and also boiler work. The plant is fully equipped with the latest machines and laths, and modern devices for handling all kinds of work in their line. This is not only a good thing for owners of saw mills, gins and other machinery of Nacogdoches county, but for the whole of Eastern Texas. When a break down occurs instead of having to send off to a distance to have repairs made, and have to wait several days and perhaps weeks for return of the broken part, it can be brought here and the same put in first class repair before it would reach destination if sent off. The expense of shipping both ways would thereby be saved and at the same time keep East Texas money in East Texas where it rightfully belongs. The expense may possibly appear a little larger than if the broken parts were sent to the factory, but when expressage, or freight, is taxed against it the price the home man has made will be less than if the repairs were made at a distance. And you get the repairs quicker and your machinery in running order much sooner which is also a very big item to consider. The citizens of Nacogdoches are proud of this enterprise and always make it a point to mention it when telling the prospector of what the town has in the way of manufacturing enterprises.

A REPORT from Washington states that a delegation of Cuban planters called upon the president the other day and asked that an act be passed by congress imposing a heavy duty on Cuban Vuelta sprouts. The delegation stated that the Texas tobacco grown from these sprouts were highly satisfactory and that Cuba is beginning to feel the effects of this competition. Fact of the matter is the Texas tobacco is grown from the seed of the Cuban tobacco and not from sprouts. This is an indication that Cuban planters consider Texas tobacco as a formidable rival of the Cuban article.

THE sanitary committee of the city council is overlooking some opportunities for fame and glory in Nacogdoches. There is a lot of work to be done before hot weather sets in.

THERE may be spots on the sun, but if the yellow fever experts were to visit Nacogdoches, and see the many spots in our streets that need draining they would report Nacogdoches about the worst spot on earth.

'COURSE WE'RE JEALOUS.

Nacogdoches, Texas, is jealous of the fame of her red land tobacco, and therefore indignantly resent the announcement that cigars made from it are being offered for sale on the market, for it is declared from the red land belt that not a leaf of that tobacco has been permitted to pass outside of the control and jurisdiction of Nacogdoches cigarmakers, who will fabricate it in their own good time into cigars of such quality as only the product of Cuba's quickening soil and salubrious climate may hope to approach in excellence. There can be no doubt that Nacogdoches red land and the tobacco it is raising, or is capable of raising, has come into not a little fame of late through the advertising it got from the Webb-Duke episode, but we assume that such is not the fame of which Nacogdoches is jealous. From all testimony, there seems to be no doubt that a superior grade of tobacco can be and is grown on the peculiar red soil which is an environment of Nacogdoches, and we are pleased to know, as is announced from that historic Texas vicinage, that this tobacco is at last to have a chance to show the stuff that is in it. That the promise of it is of good portent would seem to be evidenced by the fact that it is being discounted by unscrupulous persons who would foist upon an expectant public goods fraudulently labelled with the brand of Nacogdoches. We await the outcome of the red land tobacco assurance with no little impatience. It is time the Nacogdoches cigar, long talked of, took the field to make the word of its sponsors good as a successful challenger of Havana. That it will do so all who have faith in Texas and Texas soil do not doubt. So may the fame of Nacogdoches tobacco be real and lasting, and its fabric not end in smoke, even though it be smoke as fragrant as the red land tobacco is said to be capable of.—The Southwest.

THERE IS NO REASON WHY.

The Beaumont Enterprise tosses the following bouquet of truth to the Nacogdoches cigar factory: "The cigar factory at Nacogdoches, handling only Texas grown tobacco, is now running full blast. Ten expert cigar makers being employed filling advance orders for the product of the factory. This is the beginning of a new industry in Texas that with proper management and proper exploitation will grow to an extent that those now engaged in it hardly dream of. East Texas tobacco has been tested and found to be all that has been claimed for it, and as the culture of it is better understood the quality of the leaf will be improved and its value increased. It has a fragrance equal to that of the Cuban leaf and there is no reason why the Texas cigar should not take a leading position in all the markets."

AN Associated Press Report states that a fortune teller was strangled to death by unknown parties. Why wasn't the future foretold?

A Word to the Farmers!

We propose to introduce to your notice in the near future, gentlemen, either personally, or through our representatives the most practical and meritorious little device that has been brought to your notice in a long time.

We refer to the S. H. Clark "Plow Set." This a thoroughly practical invention for farmers, by a practical farmer, used and endorsed by farmers at home and abroad. It is needed everywhere, by every farmer and truck grower. With it you can easily and readily regulate the "Set" or adjustment of your plows at any degree of angle, and hold them in position.

It works to perfection on any plow used on any cultivator or Georgia stock.

See what a few farmers who have used it have to say about it:

Rising Star, Texas,
July 1st, 1904.

We the undersigned farmers find by experience that none of our cultivators feet, or Georgia Stock are complete without the Clark "Plow Set." They have become about as indispensable to us as our cultivators:

M G Robertson, T A Hardy, Wade Clark, Henry Clark, S W C Holaman, T W Goss, S M Charters, Lewis Palmer, A G Hardin, A B Owen, Guss Hardy, G W Angel, J A Looney, Sam Witten, Tom Palmer, Harvy Nichols, Henry Brooks.

Rising Star, Texas,
July 1st, 1903.

This certifies that I have been making and selling the S. H. Clark "Plow Set" for about three years and find they have given the best satisfaction to the farmers. All who have used them recommend them, and I have yet to hear of any complaint against them.

W. C. White, blacksmith.
S. H. Clark, the inventor endorsed:

Th whom it may concern:

We, the undersigned officers of Brown county take pleasure in stating that we have known S. H. Clark of this county for the past ten or twelve years. He is a good man, a good citizen and thoroughly reliable in all his dealings with his fellow man, and in fact a perfect christian gentleman.

S C Coffee, county judge; W A Adams, treasurer; J H Baker, district attorney; M H Denman, sheriff; W D McChristy, county clerk; Will A Bell, tax collector; Geo. Kidd, tax assessor; W U Early, county attorney; R P Conner, ex-county judge; Jno. W Goodwin, district judge.

Brownwood, Texas.
Aug. 8, 1903.

We could give you lots more testimonials like the above, but life is too short to take up any more of your valuable time reading testimonials.

If you are a farmer, or have ever farmed, see the S. H. Clark "Plow Set," get acquainted with it, and you will like it. Yours to please, Franklin & Sarrett, General agents for the S. H. Clark "Plow Set." Headquarters at Appleby, Texas.

TEXANS PLEASED

At Kick of Cubans Against the Texas Tobacco.

A special from The Post's staff correspondent at Washington stated that a delegation of Cuban planters had called upon the president to secure his aid in bringing about the passage of an act imposing a prohibitive duty on Cuban vuelta sprouts. The contention of the Cubans is that these sprouts are being imported in large quantities and transplanted in Texas with highly satisfactory result. So much so that the tobacco interests of Cuba are beginning to feel the effects of the competition.

This item of news was of especial interest to Mr. George Bruce, the tobacco expert of the Southern Pacific. Mr. Bruce contends however, that the tobacco which is being raised in Texas is raised from seed and not from transplanted sprouts. He states that the Southern Pacific has distributed large quantities of tobacco seed through him and that never yet has he given a vuelta sprout. Mr. Bruce says that if such a duty is imposed it will have absolutely no effect on the Texas tobacco industry, as the tobacco is all raised from the seed. The fight of the Cuban planters upon Texas tobacco is an indication that they regard the Texas weed as a formidable rival of the Cuban-grown article and will be an excellent advertisement for Texas tobacco in that the leading manufacturers will have their attention called to the quality of the home-grown product.

Cured Hemorrhages of the Lungs.

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake, of Wood, Ind. "I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar, and my lungs are now as sound as a bullet. I recommend it in advanced stages of lung trouble." Foley's Honey and Tar stops the cough and heals the lungs, and prevents serious results from a cold. Refuse substitutes. For sale by Perkins, Klease & Mast.

THE beef trust inquiry now being conducted before a special grand jury in Chicago, promises to be an interesting inquiry. Secrecy so far has been maintained as to proceedings. The district attorney says that if sufficient evidence is placed before the grand jury that an indictment will be returned.

GALVESTON is to have two wireless telegraph stations.

DeWitt

DeWitt is the name to look for when you go to buy Witch Hazel Salve. DeWitt's Witch Hazel Salve is the original and only genuine. In fact DeWitt is the only Witch Hazel Salve that is made from the unadulterated

Witch-Hazel

All others are counterfeit—base imitations, cheap and worthless—even dangerous. DeWitt's Witch Hazel Salve is a specific for Piles, Blind, Bleeding, Itching and Protruding Piles. Also Cuts, Burns, Bruises, Sprains, Lacerations, Contusions, Blisters, Carbuncles, Eczema, Tetter, Salt Rheum, and all other Skin Diseases.

How to Beat The Boll-weevil.

Shepherd, Tex Jan. 16, '05
Nacogdoches Mercantile Co.
Nacogdoches, Texas.

Dear Sirs:

Yours to hand. I send sample of cotton seed, which are "Big Boll" as you will see. This is the fourth year we have been trying Territory seed here. This year the people will have nothing else. The bolls are large and picks easy, bears very prolific and is only about six days later than King's Improved. These seed are grown at Mulhall, Oklahoma Territory. The yield from these seed is about one-third more than from King's Improved. I have bought for two years from the party selling these seed and know he is O. K.

Respectfully,
E. B. SMITH.

Having bought a car of the above seed we would call the attention of all farmers who are going to plant any cotton to the fact that Mulhall is in the extreme northern portion of the cotton growing section of the United States, this alone will insure an early crop. (About the same difference as there is between northern seed corn and our native seed) while the yield being one-third more than the King's Improved. You can well afford to buy these seed and feed your native seed to your cows.

We have them put up in two and a half bushels sacks at 65 cents per bushel. Don't miss this chance to "Beat The Boll Weevil."

A Dinner Invitation.

After a hearty meal a dose of Kodol Dyspepsia Cure will prevent an attack of Indigestion. Kodol is a thorough digestant and a guaranteed cure for indigestion, dyspepsia, gas on the stomach, sour risings, bad breath and all stomach troubles. N. Watkins, Lesbus, Ky., says: "I can testify to the efficiency of Kodol in the cure of stomach trouble I was afflicted with stomach trouble for 15 years and have taken six bottles of your Kodol Dyspepsia Cure, which entirely cured me. The six bottles were worth \$1000 to me." Kodol Dyspepsia Cure will digest any quantity of all the wholesome food you want to eat while your stomach takes a rest—recuperates and grows strong. This wonderful preparation is justly entitled to all its many remarkable cures. Sold by Perkins, Klease & Mast. dw

TEXAS tobacco is of such fine quality and like that raised in Cuba that the Cuban Tobacco association are trying to get the retarding of its growth here by placing duty on sprouts shipped here from that island.—Cushing Enterprise.

By the Tonic Route.

The pills that act as a tonic and not as a drastic purge, are DeWitt's Little Early Risers. They cure headache, constipation, biliousness, etc. Early Risers are small, easy to take and easy to act—a safe pill. Mack Hamilton, hotel clerk at Valley City, N. D., says: "Two bottles cured me of chronic constipation." Sold by Perkins, Kleas & Mast dw

SYNDICATE AT WORK.

A Large Syndicate of Dallas Capitalists Prospecting.

News is current that a syndicate composed of Dallas capitalists have leased several thousand acres of land in the eastern part of Nacogdoches county and in the western part of San Augustine county, for the purpose of mining for silver, lead, etc. The report states that work has been started on the holdings of the company.

The Sentinel is not in possession of the facts about this, and gives the above just as the news was furnished the paper. The informant did not give any particulars upon which to base a write-up.

Women's Kidneys.

Women are more often afflicted with kidney disorders than men, but attribute the symptoms to diseases peculiar to their sex, while in reality the kidneys are deranged. Nervousness, headache, puffy or dark circles under the eyes, pain in the back are signs of kidney trouble that must not be ignored, or a serious malady will result. Foley's Kidney Cure has restored the health of thousands of weak, nervous, broken down women. It stops irregularities and strengthens the urinary organs. It purifies the blood and benefits the whole system. For sale by Perkins, Klease & Mast.

Money For Lands.

If you have anything to sell in the way of real estate, farm lands, improved or unimproved or city property of any description, located anywhere, see us and we will get you money for it.
 H. T. & W. O. Crain.

The Original.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. Ask for Foley's Honey and Tar and refuse any substitute offered as no other preparation will give the same satisfaction. It is mildly laxative. It contains no opiates and is safest for children and delicate persons. Sold by Perkins, Klease & Mast.

SHE FOUND HER BOY.

A Mother Had a Long and Tiresome Hunt.

Yesterday a travel worn lady appeared at the court house to see the district judge. She found Judge Perkins and told him her name was Mrs. Lela Gan, of Memphis, Tenn., related to him the story of her troubles, which was about as follows:

In 1902 she and her husband were divorced in Memphis, Tenn., and in the decree of divorce she was given the custody of their child, a boy. She has had the child in her possession up to a few weeks ago when the little fellow was stolen. She followed the man all over Tennessee, Mississippi, Arkansas, and finally to Nacogdoches where she found the boy was at Sacul. She wanted her boy and prayed the court to issue her a writ of habeas corpus for the boy.

Judge Perkins after examining the proofs of her claims which were properly authenticated, granted the writ making the same returnable to the court in Nacogdoches Monday morning at 10 o'clock, when E. E. Gan must also appear in court.

Mrs. Gan reached Sacul yesterday afternoon on the Texas & New Orleans and with the deputy sheriff had the writ for the possession of the child served, and returned to Nacogdoches this afternoon.

Mrs. Gann is quite a pleasant little lady and holds the position of bookkeeper in a large mercantile establishment in Memphis.

Champion Liniment for Rheumatism.

Chas. Crake, a mail carrier at Chayinville, Conn., says: "Chamberlain's Pain Balm is the champion of all liniments. The past year I was troubled a great deal with rheumatism in my shoulder. After trying several cures the storekeeper here recommended this remedy and it completely cured me." There is no use of anyone suffering from that painful ailment when this liniment can be obtained for a small sum. One application gives prompt relief and its continued use for a short time will produce a permanent cure, for sale by Perkins, Klease & Mast.

Medicos Meet.

The Nacogdoches Medical Society held its regular monthly meeting in the Business League hall, Wednesday afternoon. The president, Dr. Barham, and the secretary, Dr. Nelson, were in their places, and the membership attendance was good.

Dr. W. I. M. Smith read an interesting paper which drew forth considerable discussion, the subject being pneumonia.

The next meeting will be held Monday, April 24th at 2 p. m. Several interesting subjects are listed for the program, one being a paper by Dr. Nelson, on la grippe. Another a clerical case by Dr. Hartt, regurgitation of food, and another by Dr. Nelson, congenital malformation of abdominal walls and viscera or cystic exostrophy.

A Chicago Alderman Owes His Election to Chamberlain's Cough Remedy.

"I can heartily and conscientiously recommend Chamberlain's Cough Remedy for affections of the throat and lungs," says Hon. John Shenick, 220 So. Peoria St., Chicago. "Two years ago during a political campaign, I caught cold after being overheated, which irritated my throat and I was finally compelled to stop, as I could not speak aloud. In my extremity a friend advised me to use Chamberlain's Cough Remedy. I took two doses that afternoon and could not believe my senses when I found the next morning the inflammation had largely subsided. I took several doses that day, kept right on talking through the campaign, and I thank this medicine that I won my seat in council." This remedy is for sale by Perkins, Klease & Mast.

THE tobacco growers of Nacogdoches county will have the assistance of an expert of the United States Agricultural Department to give them instructions this year and every truck farmer should take advantage of same.

TEN CENTS A YEAR

THE LARGEST, BRIGHTEST and BEST ILLUSTRATED MAGAZINE in the world for 10c a year, to introduce it ONLY. Tells all about Southern Home Life. It is full of fine engravings of grand scenery, buildings and famous people. 10c a year, post paid, anywhere in the U. S., Canada and Mexico. Six years 50c. Or, clubs of six names 50c; 12 for \$1.00. Send us a club. Money back if not delighted. Stamps taken. Cut this out. Send today. THE DIXIE HOME, Birmingham, Ala. No. 31.

Gives Health, Vigor and Tone.

Herbine is a boon for sufferers from anaemia. By its use the blood is quickly regenerated and the color becomes normal. The drooping strength is revived. The languor is diminished. Health, vigor and tone predominate. New life and happy activity results. Mrs. Belle H. Shirel Middlesborough Ill., writes: "I have been troubled with liver complaint and poor blood and have found nothing to benefit me like Herbine. I hope never to be without it. I have wished that I had known of it in my husband's lifetime." 50c at Perkins, Klease & Mast's.

The Docket to be Published.

Justice J. M. Jones, of pre-No. 1, says that beginning with next week that he will furnish the newspapers a full report of all cases tried in his court. He is of the opinion that if all the cases are made public after trial that it will have a tendency to suppress crime in the future. Especially in gambling cases. An examination of the docket of the Justice court reveals a number of familiar names around town. They enter a plea of guilty and pays their fine. In the future these names will appear in the proceedings.

Strikes Hidden Rocks.

When your ship of health strikes the hidden rocks of consumption, pneumonia, etc., you are lost, if you don't get help from Dr. King's New Discovery for consumption. J. W. McKinnon, of Talladega Springs, Ala., writes: "I had been very ill with pneumonia, under the care of two doctors, but was getting no better when I began to take Dr. King's New Discovery. The first dose gave relief, and one bottle cured me." Sure cure for sore throat, bronchitis, coughs and colds. Guaranteed at Stripling, Haselwood & Co.'s drug store, price 50c and 1.00. Trial bottle free. dw

Weekly Sentinel.

HALTOM & HALTOM, Proprietors.
R. W. HALTOM, Editor

THE beef trust case has begun in Chicago.

NOTICE the bouquets the press is handing the Nacogdoches and East Texas tobacco field? Thanks.

In a few more years hence the tobacco of Nacogdoches county will be as popular as that which is grown on the isle of Cuba, say experts.

FROM reading the proceedings of the indignation meeting at Cushing, it seems that the grand jury missed a good chance to get busy.

ONE week from next Tuesday Nacogdoches is to elect three alderman. No candidates in the race yet. Gentlemen you'll have to hurry.

AFTER April 15 the Nacogdoches cigars will be placed on the market, and the public will be given an opportunity to pass judgement on the quality of the Nacogdoches article as a cigar tobacco.

THE battleship Kansas will be christened by breaking a bottle of Kansas crude oil over its prow in the place of a bottle of champagne, as is the usual custom.

IF three good men will announce for aldermen, pledging themselves to support any measure that will give Nacogdoches some sort of a drainage system, they will have the support of this paper.

THAT Nacogdoches needs some kind of a system to give the town a better drainage is admitted by all. Will the city council please remember this at its next session?

THE prices may not be the cause of the high prices on the new life, but one thing is very evident, prices continue to advance an every thing manufactured while the price of the raw material declines.

THE people of Cushing propose to have a dry town and have organized themselves into a committee of the whole to enforce the local option law. The rest of the county will watch the outcome with interest.

BUFFALO BILL failed to get a divorce from his wife. The judge in refusing to grant the decree said Bill had no grounds upon which to base his petition.

It is reported that ten cigar makers are now employed in the Nacogdoches cigar factory. It is to be hoped Nacogdoches will not make the mistake that Willis, Texas, made a few years ago, in importing and using inferior tobacco to fill an increased demand for the Willis cigar. That move caused a sorry product to destroy a tobacco industry that had gained considerable headway.—Palestine Herald.

AS OTHERS SEE IT.

Nacogdoches Sentinel: Twenty-three acres of shade-grown tobacco is not so bad for the first real wrapper crop.

If the theories of the government experts at Washington are right—and there is no one foolish enough to contradict them—these twenty-three acres will, before many years, be changed into twenty-three hundred acres. The scientific men in charge of the soil survey and the plant industry of the Agricultural Department are sincerely of the belief that as good tobacco for cigars can be raised in Nacogdoches and other counties in Texas as can be raised in Cuba or the world. So far, the judgment of the trade has not been obtained because the cultivation of the weed, under proper methods and the curing of it in the scientific way have been so lately entered into that the tobacco raised has not had a chance with the consumers. If the expectations of the scientific people who are experimenting are realized the cultivation and curing of tobacco in Southeast Texas will be one of its greatest industries in less than a dozen years.—Galveston News.

NEGOTIATIONS for a Japanese Government loan of \$150,000,000 have been successfully concluded in London. Kuhn, Loeb & Co., of New York, who will share in the loan, made the announcement. The loan will bear interest at 4½ per cent and will be secured by a first mortgage on the tobacco monopoly. One-half of the entire loan will be taken in this country. Kuhn, Loeb & Co. will manage an American syndicate with the assistance of the National City Bank and the National Bank of Commerce. The term of maturity of the new loan has not yet been disclosed nor has the subscription price, but it is understood that the Japanese have given better terms than in the two previous loans.

THE bomb-thrower is still getting his work in Warsaw.

THE strawberry is "blooming on the vine" in South Texas now, and still is regarded as a little late.

THOSE who participate in the Roosevelt banquet next month at Dallas will pay \$25.00 a plate. That would put anybody on notice that the affair is not going to be democratic.

REPORTS from New York say that with a total for the past week of 26,000 aliens and prospects of at least 23,000 more to come in on the steamships arriving this week, it is probable that all immigration figures will be broken before the spring is ended. From all parts of Europe aliens are booked to arrive, and the resources of the station at Ellis Island will be taxed to the utmost. It is proposed that at the next session of congress an appropriation will be asked for the establishment on Ellis Island of a hall for the display of the resources of the various States, especially of the Western States.

PLAIN TRUTH SEEMED STRONG

Friends Refuse to Believe Stories He Tells of the Country.

Portland, March 25. The fame of the Oregon Country, which was added to the domain of the United States by right of discovery as a result of the Lewis and Clark Expedition, which the Lewis and Clark Expedition is to celebrate, has spread to far-away England, but Englishmen refuse to believe the truthful tales of a returned traveler about the country and the magnificence of the scenery. J. Murphy of Manchester, England, who spent seven months in the Pacific Northwest, has written to Portland for booklets describing the resources of Oregon, Washington, and Idaho. He wants books with pictures in them, believing that the English people will have faith in the truthfulness of the pictures, if not in his accounts and the writings of others.

"Some of my yarns are apparently too good for my friends," writes Mr. Murphy, "and I have got to do something to acquit myself of the charge of exaggeration."

The attractions which Oregon, and other states in the original Oregon Country presents to tourists of all classes, will bring thousands of people to the Pacific Northwest this year. Those people will come primarily to attend the Lewis and Clark Exposition, the great Western World's Fair which will be held in Portland from June 1 to October 12 next, but probably few who make the journey across the continent, will return to their homes without having made careful inspection of the country, the exponent of whose resources and progress the Exposition will be.

HOUSTON pays an annual tribute to the Pullman company, known in railroad parlance as "Uncle George" of about \$130,000. There are probably several other cities in Texas that contribute as much as Houston to this billion dollar monopoly and it is safe to estimate that Texas pays considerably over half a million dollars a year for seats and berths on Pullman cars.

Every cent of this is net, for the Pullman pay out nothing for expenses in Texas, not even for taxes. The terms on which railroad companies use Pullman cars vary, but practically all pay a stiff tribute. Not only the entire receipts accruing from the use of the cars go to the Pullman company, but the railroad on the side pays so much for each mile they have the privilege of hauling the cars. The price usually paid is 2½ cents a mile. The road that hosts the Pullman from Houston to Dallas pays about eight dollars for the privilege aside from handing over the entire car receipts. The Pullman company, though the surviving Pullmans, it is said, have little interest in the great concern, so perfectly moulded by "Uncle George," is one of the stiffest and stubbornest monopolies of this country.

Bucks stoves are good stoves. Cason's got 'em. w3t

Centennial Notes.

The Lewis and Clark Expedition will cost \$7,000,000.

A model dairy operated on the grounds will prove of interest to farmers who visit the Lewis and Clark Exposition.

Four snow-capped mountain peaks—Mount Hood, Mount Adams, Mount St. Helens and Mount Ranier are visible from the Lewis and Clark Exposition grounds.

Twenty thousand roses will bloom on the grounds of the Lewis and Clark Exposition this summer. Portland, where the Exposition will be held, is known as the "Rose City," and roses bloom there the year round.

A \$150,000 exhibit of the products of the Philippine Islands will be an interesting feature of the United States Government's participation in the Lewis and Clark Exposition.

A New Enterprise for Appleby.

The S. H. Clark Plow Set Distributing company (Limited) was organized at Appleby, Texas, Saturday evening, March 25th, and the following officers elected:

M T Peterson, president.
I C Skillern, vice president.
H H Greer, secretary-treasurer.

L B Tindall, sales manager.
W T Skeeters, W G Watkins and B L Melton, directors.

This company is composed of twenty representative business men and farmers in and around Appleby, with general office and headquarters in that place.

The object of the company is to distribute the S. H. Clark Plow Sets throughout this and fifteen other counties in this section of the State.

We see no reason why the stock holders of this company should fail to make a nice profit on their investments, as the S. H. Clark Plow Set is a meritorious little device, and fills a long felt want and will certainly prove a rapid seller to all farmers and truck growers throughout the length and breadth of the country.

Appleby and community should be proud of this organization, and we wish it much success.

Death Rate in New York and Chicago.

During November and December, 1903, one fifth of the deaths in New York and Chicago were from pneumonia. Foley's Honey and Tar not only stops the cough but heals and strengthens the lungs and prevents pneumonia, so do not take chances on a cold wearing away when Foley's Honey and Tar will cure you quickly and prevent serious results. "DO IT TO-DAY!"

"And to think that ten months ago I looked like this! I owe it to German Syrup."
The time-worn injunction, "Never put off till to-morrow what you can do to-day," is now generally presented in this form: "Do it to-day!" That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it TO-DAY—and let that remedy be Dr. Boschee's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. New trial bottles, 25c; regular size, 75c. At all druggists.

BIG MILL BURNED.

Orange Lumber Company is the Loser.

Orange, Texas, March 26.—Orange was visited by a disastrous conflagration at an early hour this morning, which completely destroyed the saw mill of the Orange Lumber company. The fire broke out at 3:45 this morning, and within a few minutes the whole structure was in flames, the fire spreading with such rapidity that the watchmen, who rushed to water plugs inside the plant, were driven from the building by the flames before they could turn on the water.

There were five watchmen employed about the mill and yard, and as soon as the fire was discovered they gave the alarm and rushed to the rescue, and in an incredibly short space of time had several streams of water playing on the flames, the plant being equipped with a magnificent waterworks system. So valiantly were the flames fought that the fire was confined to the mill plant and lumber in the mill and on trams underneath the mill sheds, dry kilns, the planing mill and the lumber yard being unharmed.

The loss on the mill and on 60,000 feet of lumber that was burned is estimated by Manager Pannewitz at from \$75,000 to \$80,000, with \$43,000 insurance on the mill and \$3,000 insurance on the lumber within 200 feet of the mill.

The origin of the fire is unknown, but it is supposed to have originated from a spark blown into the mill from the slab pit, some distance away. The mill will be rebuilt.

Cason don't keep Hog fence—He sells it. It is cheaper than plank—much better. 3

The T. & N. O. railway will sell round trip tickets to Ft. Worth on account of the Lumbermen Association on April 9th, 10th and 11th at a rate of \$6.60 from Nacogdoches. Good to return April 14th.

Eagle and John Deere cultivators at Cason's. w3t

For Sale.

A good brood sow, three years old and three pigs four months old or will trade for a horse. Address Lock Box 184, City.

Over Thirteen Million Bales.

Houston, Tex., March 28. Tucker, Zeve & Dotson, Nacogdoches, Texas.

Dear Sir:

The census bureau report today shows that there have been ginned up to the 10th inst., 13,103,447 square bales, and 296,151 round bales; and 104,371 Sea Island bales, and 241,942 linters, making a total of 13,745,957 bales. Reducing round bales to square bales would make the total crop in square bales, 13,584,457 bales, with an average weight of 500 lbs. to the bale.

The report had a very depressing effect upon the market, causing heavy selling, the market closing 1-16 off on spots, 11 to 13 points on contracts in New York, and 8 to 13 in New Orleans, with a very weak undertone. Liverpool construed the report to be very bearish, and that market is expected to decline sharply tomorrow.

The ginner's report that they will have 192,275 more bales to gin, making a total amount ginned for the year 1904-5, 13,776,732 bales. It is evident therefore that there will be a large surplus of cotton this year to be carried over until the next crop, and the course of the market from now on will depend upon the acreage and the weather conditions. If farmers reduce their acreage 25 to 30 per cent, they will realize a fair price for their cotton, but if they ignore wholesome advice and plant a large acreage they will get but little for their cotton that is now on hand and that is to be produced from the coming crop. The whole proposition is up to them. If they act wisely, they will decrease their acreage, diversify their crops, and enjoy prosperity. Otherwise they will have financial ruin. I must confess I am not at all optimistic for the future.

Yours truly,
W. Christian.

Must sell about 90 buggies and surreys by June 1st. See us while stock is complete and prices low. D. K. Cason. 3

TO BEAUTIFY
YOUR COMPLEXION
In 10 Days, use
SATINOLA
The Unequaled Beautifier

A few applications will remove tan or sallowness and restore the beauty of your face.

SATINOLA is a new discovery, guaranteed, and money refunded if it fails to remove freckles, pimples, liver spots, blackheads, tan, discolorations and disfiguring eruptions. Ordinary cases in 10 days, the worst in 20 days. After these defects are removed the skin will be soft, clear, healthy and beautiful. Price 50c at drug stores or by mail. Thousands of ladies testify to the merits of Satinola.

Miss Bessie Miller writes: Levy's, S. C., Aug. 9, 1904. I am delighted with the results of Satinola. Of the many preparations I have used Satinola is the only one I have found to positively remove freckles and clear the complexion. One of my friends has used it and is very enthusiastic.

Six Strong Points.

In favor of the Tyler Commercial College that should stand out as prominent as the torch of the goddess of liberty to those desiring a thorough practical course of bookkeeping, shorthand, typewriting or telegraphy.

1-It is the largest commercial school in the entire South, having had an enrollment of 959 students during the first year.

2-They have a specialist at the head of each department, which makes their work absolutely unexcelled. No inferior school ever built up and held such a large patronage.

3-The cost and time required is only about one-half that of any other school doing good work.

4-You study the Byrne Practical Bookkeeping and simplified shorthand under author and other experts.

5-They occupy their own new building, the largest, best lighted, ventilated and equipped commercial school building in the south.

6-The training of their graduates is so thorough that they get the very best positions to be had in our larger cities.

Write for their large illustrated catalogue, giving photographs of some of the largest classes ever assembled in a commercial school. Address, Tyler Commercial College, Tyler, Texas.

For an Impaired Appetite.

Loss of appetite always results from faulty digestion. All that is needed is a few doses of Chamberlain's Stomach and Liver Tablets. They will invigorate the stomach, strengthen the digestion and give you an appetite like a wolf. These Tablets also act as a gentle laxative. For sale by Perkins, Klease & Mast.

D. K. Cason will buy your Jury Scrip. w3t

SOUTHERNER'S GOOD FORTUNE

Sam Hoover Finds Something Better Than Gold Mines.

There is no happier man in this whole wide world today than Sam A. Hoover, of Greensboro, N. C., who is receiving the congratulations of his friends upon his fortunate find of something better than gold mines or oil wells. Mr. Hoover in a letter to a friend in Nacogdoches writes: "Three months ago I was greatly distressed by nasal catarrh and entire deafness in the right ear. The labor of hawking and scraping to get my throat and nasal passages free from the foul secretions deposited there, might be about equal to that of a six mule team with a road scraper to get the earth from the road side to the center. I purchased an outfit of Hyomei and Hyomei balm, and as a result of its use my head, throat and nasal passages are all free from secretions of any sort, only as Nature designed, and my hearing in both ears is nearly as acute as it ever was."

There is no disagreeable stomach dosing in using Hyomei; just breath it and its fragrance will kill the catarrhal germs in the head, throat and lungs. Hyomei balm used in connection with Hyomei, will cure the worst case of catarrhal deafness. The complete outfit costs but \$1., and extra bottles are only 50 cents. Ask Stripling Haselwood & Co., to show you the strong guarantee under which they sell Hyomei. It costs nothing unless it cures.

MERIT RECOGNIZED. Will Smith Promoted to Position of Auditor and Treasurer. The Nacogdoches friends of W. P. Smith will be delighted to learn of his promotion to the position of auditor and treasurer of the Eastern Texas railroad Co. Mr. Smith began his railroad career as depot agent and telegraph operator at Nacogdoches many years ago with the H. E. & W. T. Ry. Co., with which company he remained until he connected himself with the Eastern Texas, with which road he has always held a high and responsible position. He is intensely popular in railroad circles and his friends are legion on the outside. He is close kin to Nacogdoches, having married one of the prettiest and brightest daughters of this city, Miss Martha Clark; besides his mother, Mrs. C. A. Smith, and brother, T. J. Smith, are permanent citizens of this place. Let us all congratulate ourselves.

Cabbage and Tomato Plants. I will have for sale plenty of cabbage and tomato plants. Leave orders with Marion Burrows at Stripling Haselwood & Co's.

Hence Burrows, Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube is inflamed, you have a rumbling sound of imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. Cheney & Co., Toledo, O. Price 75 cents per bottle. Sold by all druggists. Take Hall's Family Pills for constipation.

CURE YOUR KIDNEYS.

Do Not Endanger Your Life and Health When a Cure is so Easy.

Why will people continue to suffer the agonies of kidney complaint, backache, urinary disorders, lameness and stiffness in the back; why allow themselves to become chronic invalids, when a certain cure is offered them? Doan's Kidney Pills is the remedy to use, because it gives to the kidneys the help they need to perform their work. That Doan's Kidney Pills cure, and cure permanently, is proven by a Texas citizen's statement. If you have any, even one, of the numerous symptoms of kidney complaint, cure yourself now, before diabetes, dropsy or Bright's disease sets in. Read this Texas testimony. C. H. Hoencke, of 2319 McKinney Ave. Houston, Tex., manufacturer and dealer in barrels since 1872, says: "For about a year I had more or less trouble with my kidneys. It was caused by a cold, or by straining my back, I had much lumbago, and whenever I made a sudden movement I felt a sharp darting pain through my kidneys. My back was often so lame and sore that I could not stoop without suffering severely. The kidney secretions scalded and were scant in quantity. I used remedy after remedy but found little benefit until I got Doan's Kidney Pills on the advice of a friend who had been cured. By the time I had taken half the box the backache had disappeared and the secretions were clear and natural. I have advised many others to use this remedy and always keep a supply in the house." For sale by Perkins, Klease & Mast. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

MELROSE. Melrose, March 27.—I received a note from Nacogdoches this morning from a member of the R. L. Society, one of my dear Sabbath school pupils, asking a small favor, finding me to sick too sit up, but love prompts many of our requisite duties. The R. L. Society has grown to be quite an honor to Nacogdoches and the earnest, ardent tenacity of the young men who have spent their hours of night rest studying the different questions of debate have proven themselves successful debaters, and now with their open heartedness propose to debate at Melrose Friday night, the 7th of April, the door fee to be 25 cents. Half of the proceeds will be given for painting our school building, the other half for their society. Question: Resolved that the tendency of the Nation is to depart from the principles of its foundation. Affirmative: G. C. Smith and Asher Mintz; Negative: Arthur A. Seale and W. A. Wade. Everybody come and hear the interesting discussion and we assure you you will get the worth of your money besides helping to beautify our home building and encourage the young men. Melrose Correspondent.

NOT A LOCAL MATTER.

Entire State Interested in Immigration Movement Through Galveston.

Galveston, Tex., March 26.—Interest in foreign immigration to the Southwest through the port of Galveston is not a local matter, but is wide spread through the States. Yesterday the immigrant officials gave out some new features of the movement as connected with the latest arrival of immigrant ships, the Borkum. "Of the 229 passengers," said one inspector, "seventy of them gave Galveston as their destination. These seventy came to this country without definite destination or a definite idea as to occupation, yet none seemed to be in the least fearful as to the outcome of their venture. As recently stated in The News, there was a large number of land agents and others from the interior of the State and the seventy have been taken care of. The immigration officials in the city are taking the utmost care to see that the new-comers are not placed in the way of the unscrupulous, and I am satisfied that all have thus far found situations with the right people. One man from San Antonio asked for twenty people to work on a large truck farm. This man has 400 acres near the city, all under cultivation and irrigated with artesian wells. He has snug cottages ready for occupancy and was glad to get good families to take them, the men to find employment on his farm. There were others here to find farm labor and still many who were looking for domestics. "I recall one instance of a young girl not over 16 years of age who came on the Borkum. She was entirely alone and has not a relative in this country, yet she was hopeful of a situation and did get a place with one of the prominent families in Galveston. There were two young men between 16 and 18 years of age who had started out to make their way in the New World. They had no relatives here, but were strong, healthy and bright and had enough money to last them until they secured employment. One had learned a little English from a brother who had visited America, but the other could not talk the language. We believe that the two of them will get along nicely. The entire list, with the exceptions already mentioned, were the class of immigrants that the Southwest needs, and there should be no one to object to that kind of immigration to this country. Were all the immigrants to the United States up to their standard, the objections so often registered would be without foundation.—Dallas News. Farmers, truckers and others interested in getting employees in the various capacities are equally interested in the above and the Sentinel would suggest that a movement be put on foot, through the real estate and immigration agents, by which a lot of these immigrants be brought to this section and furnished employment. We need them and a large number could be placed in and around Nacogdoches.

The Doings Of Honest Abe

The United States Mail Carrier Tells How He Won the Gratitude of Two Loving Hearts.

I HAD heard gossip on the Four Mile road to the effect that Farmer Taylor's son Bill was shying up to the widow Jones, and that his father had put his foot down and was trying to break up the match. I didn't get at the truth of things until I met the farmer on the highway the other day, and he stopped me to say: "Abe, I've been wanting to see you for the last week. Maybe you've heard about Bill?" "Yes, something." "He's got struck on the Widder Jones and is bound to marry her. I've told

"SHE CAN CHOP WITH ANY MAN IN THE COUNTY."

him that if he did I'd never give him as much as a peck of potatoes. Lordy, but how some young men make fools of themselves!" "But what's wrong about his marrying her?" I asked. "Why, she'd lead him around by the nose like a calf!" "What else?" "She's red-headed and always having lawsuits." "Go on." "And she's wobbly in her religion. And—she chops wood like a man!" continued Bill's father, with a triumphant air. "Yes, sir, she spits on her hands and goes 'Ha!' as she strikes, and they say she can stand on a log and chop with any man in this county. Think of the idea of Bill marrying a woman like that!" "Anything more?" "Yes, there's lots more, but I can't think of it just now. It's scandalous. Abe—regular scandalous, and I've been wanting to see you about it. You are a big man, ain't you?" "One of the very biggest, Mr. Taylor. I carry the rural mail over a route twenty-eight miles long, and everything has to give the road to me. If I should meet the president of the United States on the highway he'd have to turn out for me if I said so. The American flag flies over me as I drive, and when the weather is not too bad the American eagle flies before me and screams out to let everybody know that I'm coming. There may be one or two bigger men on earth than I am, but if so I don't know where they are."

"That's what I thought," said the farmer as he started to take off his hat to me. "And I want you to see Bill as you drive by the barn and talk to him. Tell him this thing has got to stop. Tell him you'll order out the whole United States army if it don't. Talk to him straight from the shoulder, Abe, and save this family from an awful tragedy. I told him just before I left home that the widder was making a fool of him, and I've had some one tell her that he made fun of her red hair, and if you only clip in now—Bill will be saved." "When I reached the Taylor place it was so near noon that I baited the horse and got a bite for myself, and then I took Bill in hand and said: "How is it about you and the Widder Jones?" "I love her, Abe, and am going to marry her." "Won't nothing turn you?" "Not even earthquakes. I and is set and main is set, but that makes no difference to me. I'm glad you come along. I want to send word to her that I'll be true if we have to wait a hundred years." "How would you like to say so in poetry?" "Will you do it for me, Abe—will you do it?" he asked as he gripped my hand and shook it. "If you'll write some poetry for me and take it to her I'll agree to keep you in faters and turpils for life."

We went to his room, and he got me a sheet of foolscap and pencil and paper, and I wrote: Oh, Widder Jones, I love thee still, I love thee with a love That can't be busted here on earth Nor yet in realms above. They say your hair is red, my love, But don't I better know? Can I not see the sunset glow? To match the sunset's glow? They say you'll lead me by the nose, And you'll hit the trousers wear, But ain't I willing to be led? By one so plump and fair? They say you stand upon a log And manlike, chop away, But we will chop together, love, When comes that happy day. Oh, Widder Jones, so passing fair, Be ever loving true, And don't forget your loving Bill, Who'll ever be true to you.

"Abe," said Bill when I had finished and read the verses to him, "I can't tell you how grateful I am. I can only say that if he did spotted cow ever kicks you I'll knock her damned horns off in next minute!" I agreed to stop and see the Widder Jones and leave the poetry, and when I reached her house and she had read the verses and smiled and wept over them, I asked: "Well, widder, what are you going to do about it?" "I'm going to marry Bill Taylor," she determinedly replied. "They say he's just making a fool of me, but I know better. Bill loves me as an ox loves cornmeal. Would he pour out his heart this way if he didn't? You wrote the poetry, I know, but he did the pouring. Bill won't be twenty-one for six months yet, and his father can keep us apart for that time, but after that our spirits will mingle and soar together, and don't you forget it. He says he'll be true to me, and I want him to know that I'll be the same. Abe, do as much for me as you have done for him—write me some verses. I know you won't take any money for it, but I'll make your wife a rag carpet or a crazy quilt as a present. Write me something that Bill can wear next to his heart and feel that I am thinking of him every hour in the day." I had ten minutes to spare, and I wanted to oblige the widder, and so I sat down and dashed off:

Oh, William Taylor, get to me, And believe in what I say, When I declare that all my thoughts Are with you night and day. If now and then I seize the ax And carve the chips to fly, Don't doubt my love, my dearest Bill, And lay the wood down and die. They'll tell you that my hair is red, That you'll be humped and wed, That I shall boss, and you'll obey, And other things you know. But don't you believe 'em, dearest one, Nor believe of Sarah's lies, But stick to her as she will stick To her true hearted Bill. "How will that do?" I asked as the poem was finished and a red ink border drawn around it.

The widder was affected to tears and sobs, and when I left she said she would send the poem to Bill that very evening by the hands of her hired girl. Two days later, as I drove by Taylor's, Bill waved his hat to me from the cornfield, and I knew that he had got the poetry and was wearing it over his palpitating heart. M. QUAD.

In the Poothouse. "Hello, Casburn! Why, I remember when you used to drive your carriage and pair. How did you come here?" "Unfortunately, I trusted everybody. How come you here?" "Unfortunately, I trusted nobody." Brooklyn Life.

Mr. Growler—Are you aware, sir, that you deliberately placed your umbrella in my eye yesterday evening? The Captain—Did I? How beastly careless of me, to be sure. I wondered where it had got to. Would it be troubling you too much to let me have it back—aw?—Half Holiday.

Meet Not Rarely Now. Greene—By the way, aren't Charley Brown and May Gray keeping company? White—Oh, dear, no. They've been married for more'n a year. Boston Transcript.

His Authority. "First Edition. What makes you think it's second in Japan?" "Second Edition. I've just been talking to a British. He said he met an awfully stout man there. Detroit Free Press.

Microbe Collecting. She—How do you know she's such a sweet girl? He—Because I got the information right from her own lips!—Yankees Statesman.

A Pain of Farm Life. Tell me, what makes you moan? Modern farming does not pay. For a farm produce chickens, And the hens do they not lay? Eggs are high and getting higher, And the price is wanting fast; Every time we get to market It is higher than the last.

Not a Crop but It Produces. Every day an egg or two, So each farmer gains his millions, Even though the hens be few. Every egg is every precious, And the hens are laid in awe When a hen begins to crackle, Then the farmer goes "Haw, haw!"

In the Broad and Busy Farmyard. Trust no rooster's howling show; Be the feathers in his tail, Pay attention to the ladies, And your wealth will never fail. Lives of farmers all remind us, We must roll in wealth some day If we hustle to the market With the eggs our pullets lay. Chicago Chronicle.

WISE AND OTHERWISE
Selected.

If you would be a leader you must have a way of laughing at ridicule and rocks.

The road to hell is downhill and it's all the way. A Philadelphia judge says that a man who steals a kiss is guilty of grand larceny. And a fellow who wouldn't steal one under proper conditions is guilty of neglecting his opportunities.

In order to become a successful liar a man must have a good memory.

It isn't what a man is going to do that adds to his bank balance.

It is easier for the average man to pay compliments than debts.

Time wasted by some men in bemoaning their poverty would, if properly utilized, enable them to earn a good living.—Chicago News.

A small boy can manage a peanut stand, but it takes a man with brains to run a 160-acre farm.—Farm and Ranch.

Brooding over troubles only hatches out new ones.

Many a train of thought carries no freight.

It's wise industrial stock that knows its own par.

Whatever the foolish farmer sows, that shall the bunco reap.

A Grateful Customer.

I suffered for four years with eczema on the ends of eight of my fingers. Had it so long my fingers drew up and could do nothing at all at times, and I tried almost everything that I ever heard of, including several largely advertised ointments, spending many dollars for them. Never a thing did it any good at all. At last I saw in a home paper Hunt's Cure was being advertised and tried only a part of one box, which cost me only 50c, and it cured them. Now I can wash or do anything which before I could not without my fingers bleeding, burning and paining me very much. If this ever comes back I surely will know just what to get. I wish every friend and stranger that had anything of the kind could have seen my fingers before I used this and see them now. It is the best Ointment on earth. That 50c box was worth a hundred dollars to me. You deserve all thanks that can be given you for that wonderful salve, Hunt's Cure." Mrs. J. I. Blalock, Miles, Texas, July 2, '04. To A. B. Richards Med. Co., Sherman, Texas.

Love Among the Belts and Pulleys.
Love in a factory is the theme of "Speeding Away," by Richard Washburn Child, in the April McClures. Out of the busy lives under the belts and pulleys this new writer has built a pretty romance. He clears away the stuffy atmosphere of toil, and grime, and sweat, and discovers beneath it all clean, wholesome life. The old, old story never grows stale. The girl is sweet, and simple, and true; and her lover proves himself a man.

WANTED—You to learn telegraphy for railroad service under an old operator with years experience. Notes accepted for tuition. Positions guaranteed. Free catalogue. McKinney Telegraph College, McKinney, Texas.

FRUIT AND TRUCK.

The Acreage Being Planted and the Present Outlook.

The Sentinel has been trying to get the actual acreage that will be planted in truck this year, but has failed to get the figures. The following figures were obtained from Mr. Jno. B. Power, but does not cover the total acreage as there is quite a number who will plant two and three acres in truck who have not made a report to the Truck Growers association:

- Irish Potatoes..... 100
- Tomatoes..... 50
- Cabbage..... 15

The prospects for a good yield for truck is very flattering and if put on the market in first class shape the results will no doubt be satisfactory as the products will be handled through the exchange this year.

The late freeze has damaged old peach trees considerably, at least 80 per cent, says Mr. Power, and the new trees about 15 per cent. There will be between 300 and 500 acres of new peach trees that will bear fruit this year, and from this new acreage and the old, it is estimated Nacogdoches will ship about seventy-five cars to the northern markets.

The peach crop at this date promises to be medium but nothing extra.

For Sale.

1 thoroughbred barred Plymouth rock eggs, \$1 for 15. W. I. M. F. Sheldon. R. R. 1.

Stubborn Coughs and Colds CURED BY FOLEY'S HONEY AND TAR

Obstinate, racking coughs that make your head ache, your throat and lungs sore and inflamed, that rob you of sleep until your system becomes so run down that you are in grave danger of Pneumonia or Consumption, are quickly cured by **Foley's Honey and Tar.**

SOLEY'S HONEY AND TAR soothes and heals the inflamed air passages, allays the feverish conditions, stops the cough and prevents serious results from a cold.

SOLEY'S HONEY AND TAR

is the only prominent cough medicine on the market that does not contain opiates or harmful drugs of any kind and on this account is safest for children.

It is unexcelled for Croup and Whooping Cough and will quickly cure the racking cough which follows measles and leaves so many children with weak lungs unless properly treated.

Remember the name — **Foley's Honey and Tar**—and refuse substitutes that cost you the same as the genuine. Do not take chances with some unknown preparation.

Consumption Threatened.

C. Unger, 211 Maple St., Champaign, Ill., writes: "I was troubled with a hacking cough for a year and I thought I had consumption. I tried a great many remedies and I was under the care of physicians for several months. I used one bottle of Foley's Honey and Tar; it cured me, and I have not been troubled since."

Three sizes—25c, 50c, \$1.00. The 50 cent size contains two and one-half times as much as the small size and the \$1.00 bottle almost six times as much.

SOLD AND RECOMMENDED BY Sold by Perkins, Klease & Mast

Married at the Court House.
From Thursday's Daily:

Yesterday afternoon the Sentinel reporter happened around the court house in time to witness a marriage ceremony. The contracting parties were Mr. Cal Tenison and Miss Ida Nichols of Cushing. They came down on the morning train and went to the clerk's office and procured the license, they were accompanied by Miss Nichols a sister of the bride. Judge J. M. Jones was telephoned for and came down, spliced them according to law and give them his best wishes for their future. Several of the court house officials were present and after the ceremony all congratulated the young people.

The Sentinel wishes them a long, happy and prosperous married life.

Pleasant and Harmless.

Don't drug the stomach to cure a cough. One Minute Cough Cure cuts the mucus, draws the inflammation out of the throat, lungs and bronchial tubes, neals, soothes and cures. A quick cure for croup and whooping cough. One Minute Cough Cure relieves a cough in one minute because it acts first on the mucous membrane right where the cough troubles—in the throat or deep-seated on the lungs. Sold by Perkins Klease & Mast. dw

A Safe Cough Medicine for Children.

In buying a cough medicine for children never be afraid to buy Chamberlain's Cough Remedy. There is no danger from it and relief is always sure to follow. It is especially valuable for colds, croup and whooping cough. For sale by Perkins, Klease & Mast. dw

On May 9th to the 10th the T. & N. O. will sell round trip tickets to Beaumont as per convention excursion circular on account Annual Conclave Grand Commandery of Knights Templers.

The Best Cough Syrup.

S. L. Apple, ex-Portate Judge, Ottawa Co., Kansas, writes: "This is to say that I have used Ballard's Horehound Syrup for years, and that I do not hesitate to recommend it as the best cough syrup I have ever used." 25c, 50c and \$1.00 at Perkins, Klease & Mast's. w

On May 15th to the 16th the Houston East & West Texas railway will sell round trip tickets to Waco as per convention circular on account Texas Christian Missionary association.

BOOTLEGGER IN JAIL.

Deputy Sheriff Denman Caught his Man and Put Him in Jail.

For some time back it has been known that some party or parties had been peddling whiskey in the neighborhood of Caro in most any quantity that the buyer wanted it from a half-pint up to four full quarts.

At the recent session of the grand jury sufficient evidence was introduced before that body wherein they found a bill of indictment against one, S. H. Patterson, for the alleged peddling of whiskey to the hands at the Whiteman-Decker Lumber Co.'s mill. It is claimed that the accused had good reasons to believe that an indictment would be returned against him and he left Caro and went to Jacksonville. He stayed around there for several weeks and as business was getting dull he went back to Caro. When he boarded the train at Jacksonville the city marshal of that place telegraphed Deputy Sheriff Gib Denman that Patterson was on his way to Caro. Deputy Denman took advantage of the tip and when Patterson arrived at Caro he was promptly arrested and brought to Nacogdoches and placed in jail to answer the charges pending against him.

The Independent Farmer.

Uppermost in the minds of every man in this broad land is the question of more money to meet the pressing demands made upon him. He does not stop long enough to think that harmony and prosperity can never exist so long as we make a scarce article like money the objective point of our desires. If instead of trying to make money with which to buy the necessities of life, we endeavor to make these necessities at home the question is at once settled, the conflict ceases and poverty disappears.

The farmers as a class should be the least of all dependent upon money as a means of carrying on their business. They can raise their own horses and mules, their meat and bread and all that is needed for food and clothing.

In this heaven favored section they can grow anything and everything necessary to their comfort, including sugar and molasses. They can manufacture their own cotton and wool for clothing, and can have the finest fruit in the world by a little effort.

Such being the facts in the case, it does seem that each individual should change his course from the all cotton system to the more sensible and profitable plan of making what he needs at home instead of buying all of his supplies in town at big prices and paying for them with cheap cotton.—Bossier Plain Dealer.

Don't Lie Down.

Spring is here. Your system needs toning up to fortify against the long summer's debilitating influence. Simmon's Sarsaparilla will build you up, make you strong and carry you through without that usual "want to lie down" feeling. 50c and \$1.00 per bottle. w

Henderson Emmons, of Aiken, is in the city selling cotton and shopping.

Invaluable for Rheumatism

I have been suffering for the past few years with a serious attack of rheumatism and found that Ballard's Snow Liniment was the only thing that gave me satisfaction and tended to alleviate my pains. March 24th, 1902, John C. Degnan, Kinsman, Ill. 25c, 50c and \$1.00 at Perkins, Klease & Mast's.

THE city election comes off on the 4th.

Cushing Clippings.

Lake Orton visited Nacogdoches Friday.

Mrs. Lucius Sharp spent Sunday and Monday in Nacogdoches.

Mr. and Mrs. E. M. Dotson, of Nacogdoches, spent Saturday and Sunday in our city.

H. C. Rich, our constable, come down Saturday evening from Sacul and returned on the late train with a negro which was wanted in Nacogdoches.

E. O. Morris and Rev. S. F. Baucom, of Sacul, passed through yesterday enroute to Nacogdoches.

Mrs. G. H. McDaniel, children and sister, Mrs. Baldwin, visited friends in Nacogdoches the first of the week.

Prof. B. S. Shirley, wife and children, returned Sunday afternoon after visiting relatives in Nacogdoches.—Cushing Enterprise.

The Colonel's Waterloo.

Colonel John M. Fuller, of Honey Grove, Texas, nearly met his Waterloo, from liver and kidney trouble. In a recent letter, he says: "I was nearly dead, of these complaints, and although I tried my family doctor, he did me no good; so I got a 50c bottle of your great Electric Bitters, which cured me. I consider them the best medicine on earth and thank God who gave you the knowledge to make them." Sold and guaranteed to cure, dyspepsia, biliousness and kidney disease by Stripling, Haselwood & Co., druggist, at 50c a bottle. dm

Strayed or Stolen.

Sorrel Mare in foal, flax mane and tail, about six years old, 14 1/2 hands high. No brands. Five dollars reward for information that will lead to her recovery. R. L. R. R. 3. Nacogdoches.

Char-

My husband was for three months. He had quick consumption. We procured a bottle of Ballard's Horehound Syrup, and it cured him. That was six years ago and since then we have always kept a bottle in the house. We cannot do without it. For coughs and colds it has no equal. 25c, 50c and \$1.00 at Perkins, Klease & Mast's.

Another New Brick.

S. Kaplan & Bro. will build on their Main street property right away. Architects are at work on the plans for the building which will be two stories and basement, and plate glass front. The building is to be 30x140. When this building is completed there will remain only one vacant business lot on Main street.

Won't Turn Loose.

"I insist on saying that Hunt's Lightning oil takes hold quicker and lets go slower of aches, pains and sore places than any other liniment I ever saw. It just want turn loose till you're well."

"I never have a little ache but what I slosh it on."

And ere I get the bottle corked that little ache is gone."

C. W. Jackson, Marble Hill, Mo.

INDIGNATION MEETING.

The Citizens of Cushing Serve Notice on Whiskey Vendors.

Cushing, Texas, March 21.—The citizens of the town of Cushing met in an "indignation meeting" last night at the Baptist church, the purpose of which was to stop the selling of whiskey and soliciting of orders in the town of Cushing. The Cushing Band, the members of which were as much enthused as others, rendered several nice strains of music while the crowd gathered. At an early hour the church was comfortably filled with men, women and children all or most of whom were there to assist with word or presence in putting an everlasting period to this accursed, trouble breeding, home devastating, youth destroying and ungodly business.

Hugh B. Davis and Lee G. Carter were selected chairman and secretary, respectively and the object of the meeting was briefly stated by the chairman which were as follows: "That certain parties had seen fit to come to Cushing and engage in the soliciting of orders for whiskey, and one of these was keeping his wares in a building in the business part of Cushing.—That the people of this county had, nearly two years ago, spoken by a large majority against the sale of whiskey in its bounds. Therefore these parties referred to are carrying on a business directly against the will of the people and this meeting was to devise some effective means by which it could and would be stopped."

The house being ready for business and the subject open for discussion the following gentlemen were called for and responded, and several red hot speeches were made on behalf of the homes of Cushing: Capt. A. B. Martindale, Rev. J. F. McLendon, Rev. L. B. Saxon, R. W. Summers, Prof. L. W. Raney, R. H. McNeil, Geo. W. Carter, Hugh B. Davis, J. R. Crim, Prof. B. S. Shirley, J. W. Carriker and H. H. Hodges, of Tyler.

A committee of six was appointed by the chairman to retire and draw up resolutions, consisting of B. S. Shirley, J. W. Carriker, R. W. Summers, A. B. Martindale, Rev. J. F. McLendon and Rev. L. B. Saxon. Resolutions were read and adopted and passed for the signatures of those present. The resolutions are as follows:

Resolved, That a committee consisting of H. B. Davis, R. E. Martindale and G. W. Carter are hereby appointed to investigate liquor sales in our midst in future and that we are subject to a call for assistance from them at all times.

Resolved, that these resolutions be published in The Cushing Enterprise with the request that all other papers in the county copy.

Respectfully submitted, B. S. Shirley, A. B. Martindale, Rev. J. F. McLendon, Rev. L. B. Saxon, R. W. Summers, J. W. Carriker, Committee.

The resolutions were then passed through the audience to be signed by all who endorsed and would defend them and received the following signatures:

H B Davis, Lee G Carter, Tom Wallace, Arthur Martindale, E C Billingsley, Grady Austin, John Lang, W I Martindale, Joe Loper, J T Gallant, M Peterson, L W Raney, R E Martindale, G W Carter, Jesse Creel, T B Phillipps, T E Carter, A C Stevenson, D A Perkins, D G Carriker, Dan Upton, J D Wawter, R A Thompson, Geo. Q Youngblood, J T Belk, R J Boargoyne, F D Turner, J M Fryman, T N Parker, W H Gonway, J D Fussell, J R Crim, C A Davis, M T Cook, H H Hodges, of Tyler; Elmer E Wallace, J J Spurlock, W T Orton, J C Morrison, B H McLendon, J M Williamson, James M Williamson, W E Banks, W G Hodges, Tom Crawford.

It was ordered that these resolutions be requested published in the Houston Post, Houston Chronicle and Dallas News.

HUGH B. DAVIS, Chm. LEE G. CARTER, Sec.

Incredible Brutality.

It would have been incredible brutality if Chas. F. Lemberger, of Syracuse, N. Y., had not done the best he could for his suffering son. "My boy," he says, "cut a fearful gash over his eye, so I applied Bucklen's Arnica Salve, which quickly healed it and saved his eye. Good for burns and ulcers too. Only 25c at Stripling Haselwood & Co.'s drug store."

The T. & N. O. will sell round trip tickets to Savannah, Ga., on May 12th, 13th and 14th. Limited for return May 26th at a rate of one fare plus \$2.00.

Do You Know

That death may lurk in your walls? In the rotting paste under wall paper; in the decaying glue or other animal matter in hot water kalsomines (bearing fanciful names)? Use nothing but

Alabastine

THE SANITARY WALL COATING. Destroys disease germs and vermin. In white and delicate tint. Does not rub or scale. You can brush it on—mix with cold water. Exquisitely beautiful effects produced. Other finishes, mixed with either hot or cold water, do not have the cementing property of Alabastine. They are stuck on with glue, or other animal matter which rots, feeding disease germs, rubbing, scaling, and spoiling walls, clothing, etc. Buy Alabastine only in five pound packages, properly labeled. Tint card, pretty wall and ceiling design. "Hints on Decorating" and our artists' services in making color plans, free.

ITS MERIT IS PROVED

RECORD OF A GREAT MEDICINE

A Prominent Cincinnati Woman Tells How Lydia E. Pinkham's Vegetable Compound Completely Cured Her.

The great good Lydia E. Pinkham's Vegetable Compound is doing among the women of America is attracting the attention of many of our leading scientists, and thinking people generally.

Mrs. Sara Wilson

The following letter is only one of many thousands which are on file in the Pinkham office, and go to prove beyond question that Lydia E. Pinkham's Vegetable Compound must be a remedy of great merit, otherwise it could not produce such marvelous results among sick and ailing women.

Dear Mrs. Pinkham—

About nine months ago I was a great sufferer with womb trouble, which caused me severe pain, extreme nervousness and frequent headaches, from which the doctor failed to relieve me. I tried Lydia E. Pinkham's Vegetable Compound, and within a short time felt better, and after taking five bottles of it I was entirely cured. I therefore heartily recommend your Compound as a genuine uterine tonic. It makes the monthly periods regular and without pain; and what a blessing it is to find such a remedy after so many doctors fail to help you. I am pleased to recommend it to all suffering women.

Mrs. Sara Wilson, 31 East 21 Street, Cincinnati, Ohio.

If you have suppressed or painful menstruation, weakness of the stomach, indigestion, bloating, leucorrhoea, flooding, nervous prostration, dizziness, faintness, "don't-care" and "want-to-be-left-alone" feeling, excitability, backache or the blues, these are sure indications of female weakness, some derangement of the uterus or ovarian trouble. In such cases there is one tried and true remedy—Lydia E. Pinkham's Vegetable Compound.

GOOD ROAD CONVENTION.

National Good Roads Association to be Held in Shreveport.

Shreveport, March 24.—On April 17 there will be a good roads convention held in Shreveport under the auspices of the National Good Roads Association.

Col. W. H. Moore, President of the National Association; Sam Lancaster, of Jackson, Tenn.; Organizer W. E. Loucks, together with many good road experts, representing the Association and the Government, will be present. In addition there will be many prominent Louisianians who will attend.

A feature of the convention will be the explanation of a new demonstration in road building in which fuel oil is utilized. The success of the demonstration will mean that good roads will be placed in the reach of every community, on account of cheapness; and may prove the beginning of a revolution in road building.

Shreveport is making a strong effort to secure a large attendance at this convention. Invitations have been extended to all Police Juries and County Commissioners within a radius of one hundred miles of the city; and a special effort is being made to secure the attendance of all officials who have anything to do with road building in their respective parishes or counties. The invitations, however, are not limited to such officials. Anyone interested in good roads is not only invited but urged to attend.

The convention will be limited to April 17, but three meetings, morning, afternoon and evening, will be held. Programs will be published later.

If it is a bilious attack take Chamberlain's Stomach and Liver Tablets and a quick cure is certain. For sale by Perkins, Klease & Mast. dw

THE BEST TONIC

When the system gets debilitated and in a run-down condition it needs a tonic and there has never been one discovered that is the equal of S. S. S. It is especially adapted for a systemic remedy, because it contains no strong minerals to derange the stomach and digestion, and affect the liver and bowels. It is made entirely of roots, herbs and barks, selected for their purifying and healing qualities, and possesses just the properties that are needed to restore to the body strong robust health. When the blood becomes impure and clogged with waste matters and poisons the body does not receive sufficient nourishment and suffers from debility, weakness, sleeplessness, nervousness, loss of appetite, bad digestion and many other disagreeable symptoms of a disordered blood circulation, and if it is not corrected some form of malignant fever or other dangerous disorder will follow. S. S. S. builds up the broken down constitution, clears the blood of all poisons and impurities and makes it strong and healthy. The nerves are restored to a calm restful state, refreshing sleep is had again, the appetite returns and the whole system is toned up by this great remedy. S. S. S. is a blood purifier and tonic and acts promptly in this run-down depleted condition of the system. Charge on the blood and medical advice furnished by our physicians, without charge.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

Quality not Quantity

Is the key to success in the administering of any medicine. You can pour in some drugs by the wholesale without effecting a cure, but by intelligent use of a good blood purifier such as we sell you, you can most thoroughly cleanse your system of all impurities resulting from excessive eating or indigestion.

Call on us and let us state the proposition to you.

Edgar Eddings, of Garrison, came down Saturday to spend a few days with friends here.

Miss Marie Hall came up from Lufkin and spent Sunday with her home folks in this city.

"Grandma" McBee is reported quite low. She is 89 years old and it is feared that she may not recover.

Mrs. W. A. King and children, of Center, Texas, is visiting Mrs. Lizzie King, who has been very sick for some time.

Four jurors were fined \$1.00 each this morning for being late. Judge Perkins is running court on a strictly business principle.

Mrs. J. T. Tillery and son J. B., of Appleby, spent yesterday in the city shopping. They were the guests of Mrs. C. D. Thomason while in the city.

Mansfield Jordan was up before Judge Jones on a charge of gambling and plead guilty. The Judge made the entry on the docket \$20.45. As Jordan did not have the amount on hand he was bound over on a convict bond to work out the fine.

TUESDAY'S LOCALS.

B. Paine, of Cushing is in the city.

W. P. Page, of Chireno, is in the city.

J. F. Bates of Nat is in the city attending court.

J. W. Cariker, of Cushing, is here attending court.

Robt. Rannels, of Timpson is here attending court.

Earnest Hall, of Chireno, spent yesterday in the city.

Mr. Hill, of Appleby, is in Nacogdoches attending court.

John Weatherly, of Appleby, is in the city.

Bennett Perkins, of Rusk, is in the city attending court.

Mrs. S. F. Baucom, returned yesterday, from New Orleans.

Mrs. B. C. Baines, of Cushing, was shopping in the city yesterday.

Temple Harkleroad of Jacksonville, is in the city attending court.

Capt. F. L. McKnight of Douglass, is in the city attending court.

Pras. O. P. Coats and wife of Chireno, are visiting Mrs. P. M. Sanders of this city.

W. M. Hinson, the tobacco expert, came in yesterday from Palestine.

W. S. Satterwhite, of Linn Flat, is in the city serving on a special venire.

J. T. Lucas, of Sacul, is in the city shaking hands with his numerous friends.

Mr. Ed Hicks, of Tenaha, is visiting his daughter, Mrs. John Garrison, of this city.

Abe Menette, of Chireno, is in the city attending court this week.

Mrs. B. E. Strong returned home Sunday after a protracted visit to her parents at Lawsonville.

B. Y. Lloyd, of Sterne, Texas, is in the city attending district court.

E. C. Chesnutt, of Little Rock, Ark., an old friend of S. L. Miller is here for a few days.

Mrs. T. J. Kinsey returned yesterday from several weeks visit to her old home in Chireno.

J. B. Walker has purchased from the Nacogdoches Land Co. the M. E. Minton home place on Fredonia street and will move in about the first of April.

The debate to be given by the R. L. S. at Oak Ridge has been transferred to Melrose. Therefore the debate will be at Melrose on Friday night, April 7th. Everybody is cordially invited.

Dr. Will Terry, who has been attending Rev. J. A. Williams for several day past, returned to his home in Strawn, Texas, yesterday at noon.

Mr. Emmett Barham, who has been connected with a railroad surveying party at Oak Ridge, La., has returned home on a visit to parents.

Constable McMillin arrested Hiram Wyndham col. wanted at Lufkin, upon receipt of a telegram from Sheriff Watts of Angelena County Saturday at noon.

F. C. Jones and wife left on this afternoon's train for Abilene, where they will make their home for the present on account of Mrs. Jones' health. Mr. Jones has been connected with S. F. Baucom in the mercantile business for the past three years, starting in as salesman and working up to a partner in the business. The Sentinel wishes him great success in his new field.

Constable Rich, who went to Caro yesterday to investigate the killing at that place returned on the next train with Tom Stokes who is charged with the shooting. Mr. Stokes waived examining trial and was placed under \$750 bond. He claims that the killing was in self defense. In reporting this trouble yesterday the Sentinel stated that both parties were negroes which was not correct. Mr. Stokes is a white man but Shelby, the party killed, was a negro.

The Sentinel reporter this morning received an invitation to commencement exercises at Baylor University College of medicine and pharmacy, at Dallas, Texas. To say this is the best arranged as well as the prettiest invitation it has been our pleasure to receive, would be no exaggeration. Among the Medical Faculty we notice our friend Dr. E. A. Blount, formerly of this city, now of Dallas.

WEDNESDAY'S LOCALS

County court will open on April 16th.

H. C. Rich, of Sacul, is in the city.

Miss Clara Cronkrite, of Chireno, is visiting in the city the guest of her sister, Mrs. T. J. Curl.

Tom Daniels, of Decoy, is in the city attending court and says that W. G. Harrington will commence running his mill next Monday.

Mrs. Charles Richardson left yesterday for a visit to her father, B. F. Fuller of Switt, who is quite sick.

Mrs. F. Mize came in from Mineola yesterday to attend the funeral of the little son of Mr. and Mrs. Frank Mize, of this city.

The latest news received from Prof. R. F. Davis, who is at the bedside of his brother in Austin, states his brother's condition but little improved.

Frank McKnight, who has been attending school in Chireno has accepted a position in the grocery store of his brother, J. D. McKnight, of this city.

W. W. Baker, of Switt, Texas, is in the city. Mr. Baker is one of the most substantial farmers in the county.

Judge Perkins entered a fine of \$50 against Sheriff Buckner yesterday for not having certain witnesses in court but on being convinced that it was impossible to have the witnesses here on the short notice given remitted the fine. The witnesses are here today.

Not Guilty.

Sam Johnson who was charged with murder was tried this morning and the judge charged the jury to return a verdict of not guilty, which was done.

Fred Brunsterman Killed.

Fred Brunsterman, manager of the Manton fruit farm, was killed in the vault of the Lufkin National bank of Lufkin, while fleeing from pursuer, Geo. R. Fuller this morning at 10 o'clock. Fuller was formerly a railway conductor and we are informed, father-in-law of Brunsterman. Fuller was arrested and jailed to await examining trial. Further particulars not known.

Bond Turned Down.

The bond of Elmer Burrows that was forwarded from here to the Federal Court at Tyler, has been turned down by the judge and returned on account of the sureties having failed to make affidavit as to their individual worth. This matter is being attended to and the bond will be forwarded to Tyler again.

Candy Talk.

We have just received a shipment of about seven hundred pounds of fancy candy, fresh from the factory. We have about forty different varieties, something to suit everybody's taste. This line of candies are usually sold at 40c a pound. We want to close it out quickly, and are going to sell most of the varieties at 15c a pound and the finest varieties of chocolates at 20c. Now don't get it into your head that this is an inferior grade of candy but come in and examine it and you will be surprised that you can get such candy for so small a price. C. W. Butt.

Startling Mortality.

Statistics show startling mortality, from appendicitis and peritonitis. To prevent and cure these awful diseases, there is just one reliable remedy, Dr. King's New Life Pills. M. Flannery, of 14 Custom House Place, Chicago, says: "They have no equal for constipation and biliousness." 25c at Stripling, Haselwood & Co., druggist. dw

New Rural Route.

After April 15, Douglass will have a Rural Free Delivery Route. Rural routes are very popular and of much convenience to the farmers. A petition is being circulated to establish Route No. 4 out of Nacogdoches.

Died.

From Monday's Daily:

This morning at 5 o'clock, Rev. J. A. William, the much loved pastor of the Cumberland Presbyterian church of this city, passed into the great beyond. Although a man of seventy-one years of age, he was a most useful and active preacher, giving his church such service as is seldom given by even a much younger man. Not alone by his members was he loved, but by every one who knew him. None could help but admire and love him for his Godly, Christian example. We would say to his grief stricken wife, you do not weep alone, you have the deepest sympathy of every one in this city, and many weep with you today.

The funeral services will be held at the Cumberland Presbyterian church this afternoon at 4 o'clock. Interment in the city cemetery.

The Sentinel extends its deepest sympathy to the bereaved wife.

TRAVELERS BECOME COSTIVE!

The change in diet and drinking water, the motion of the cars, the irregular habits of travelers, no matter whether they travel on business all the time or for pleasure occasionally, usually result in a constipated condition of the bowels or some stomach or bowel trouble. Travelers should always have a bottle of

Dr. Caldwell's Syrup Pepsin

with them. It is a pleasant liquid, active and a certain cure for sick headache, train sickness and all stomach trouble. Your druggist sells it in Cent and One Dollar bottles.

W. P. Gaines, of Little Rock, Ark., Traveler, writes: "While traveling through western Arkansas, in February last, I had a severe attack of Acute Indigestion. There was no doctor at hand, and I was suffering terribly. Your agent handed me a bottle of Dr. Caldwell's Syrup Pepsin (which at that time was known to me). I took two doses and was relieved at once, and I want to say now that when I am on the road I am never without a bottle of Dr. Caldwell's Syrup Pepsin in my grip. I consider it as essential as my order book, and can find nothing equal to it for Stomach Trouble and Constipation."

Your Money Back If It Don't Benefit You. Write for "The Story of a Traveling Man."

PEPSIN SYRUP CO., Monticello, Ill.

Court House Doings.

Robt. Rannels case has been reset for April 13th.

Dr. Denman case has been set for April 13th.

The State of Texas vs. Monroe Ward for murder was called yesterday.

The State of Texas vs. Porter Slay for assault and attempt to murder was continued.

In the habeas corpus proceedings for the recovery of her child the decision was in favor of Mrs. McGan and the court ordered the child delivered to its mother.

The case of W. D. Heath vs. State, was called yesterday but on account of the illness of the defendant, was passed until today.

The State vs. Charlie Sherman indicted for assault and attempt to murder was called yesterday and is now on trial.

A Card of Thanks.

Three years ago today I opened my office in Nacogdoches for the practice of dentistry. And I take this medium through which to extend my heartfelt thanks to its citizens and those of the surrounding country for their exceedingly liberal patronage. I shall always exert the very best possible skill in the performance of all operations and in the treatment of all diseases pertaining to the mouth and teeth that come under my care.

Mark N. Terrell, D. D. S.

A Destructive Fire.

To draw the fire out of a burn, or heal a cut without leaving a scar, use DeWitt's Witch Hazel Salve. A specific for piles. Get the genuine. J. Tucker, editor of the Harmonizer, Centre, Ala., writes: "I have used DeWitt's Witch Hazel Salve in my family for piles, cuts and burns. It is the best salve on the market. Every family should keep it on hand." Sold by Perkins, Klkase & Mast, dw

Jury List.

The following is a list of Jurors for the first week of April term of county court:

Walker Paine, W S Bridwell, J A Gladden, H L Belsler, K K Huff, J O Day, H F Fuller, W N Hudson Sr., B F Burk, E H Hobbs, J J Fulmer.
