NEWS FROM THE WEST.

Hon. R. W. Haltom Gives a Description of Marfa.

Dear Sentinel:

Marfa, Texas, May 20.—For the first time in nearly four months I take up the Faber to write a few lines for The Sentinel. I presume it is not necessary for me to say why I have been so long silent, but I will venture, any how to explain in a few brief words the reason I have not been "heard from" in all these months.

When I left home to attend the great 29th legislature, which thank the Lord, has at last finally adjourned, it seemed that I was expected to "do something," and I did have some hope that I might "accidentally" do a little something that would aid me in holding the high esteem of the people whom I love and whom it has always been a pleasure for me to serve in any capacity—the people of Nacogdoches county. But, alas! it was not to be. Before I had fairly gotten in harness I was stricken with the grippe, later relapsing into pneumonia, utterly destroying my health and breaking down my constitution. So, here I am, nearly eight hundred miles from home, among strangers, torn from my business and my family scattered. I feel that I owe no apologies for my failure to make a "record" as a legislator and shall offer none. The sacrifice has been mostly on my side. I will add here that my cup of political ambition has been filled to overflowing and the field next year, so far as I am concerned is clear to any one who desires to sacrifice himself on the altar of the "dear people."

Marfa is a little town of less than a thousand inhabitants, 423 miles west of San Antonio and 197 miles east of El Paso. It is a most prosperous little place, yet there is not a green thing growing in sight from the till of the soil, except that seen in private yards produced by irrigation from wells. Water is found by boring to a depth of 200 feet and is pumped up by windmills. There is scarcely a residence here that has not a wind mill and water tower. There is not a living tree as far as the eye can see, except those in yards and grown, as I said before, by irrigation.

The court house here—for this is the county site—cost not less than \$35,000, and the school building is about such a structure as the old University building at Nacogdoches, in fact somewhat resembles it. The only means of support to the town is the cattle industry. The county is about five times as large as Nacogdoches county and there are many wealthy ranchmen within its borders. Marfa is the distributing point and the trading point

for all the cattlemen of this and Jeff Davis and a good portion of other adjoining counties. There is one mercantile firm here that sold \$305,000 worth of goods last year—a thousand dollars a day the year 'round.

A GOOD TIME AT APPLEBY.

The School of That Prosperous Town Close With Exercises.

Appleby, Texas, May 22.—Judge Water of Ocean Bay, referee in bankruptcy, has come to take invoice of the crop failures here, but says before he can begin his work he will be compelled to have several weeks of very dry weather. But from a bird's eye view of the situation he thinks the invoice will amount to nit.

The Appleby High school closed it's year's work with appropriate exercises last Thursday and Friday nights. This year's work has been one of the most successful that our school has ever had. Every one seems to be so well pleased with the work done by our old corpse of teachers. The next session will continue under the same teachers.

Prof. J. A. Spear of Nacogdoches, our efficient county superintendent, delivered a very able address here last Thursday night and Rev. Fondren of Nacogdoches, made a very interesting talk Friday night. The commencement exercises both nights were by far better than any ever produced on the stage of the Appleby High school. At the close of the exercises Friday night medals were awarded to Claude Thrash for the best general average, Geo. Adams for the best advancement during the year's work, Miss Ada Oxsheer for the best general average in scholastic age, Miss Annie Jordan for best original essay, Miss Vasta Brown for best declamation. Several of the young men tied in the contest for the best oration and next Saturday night the contest will be tried over at Switt and the winner will be entitled to a medal. Quite a number of the Nacogdoches people attended our commencement.

Prof. W. C. Hurst, principal of the Shelbyville school, is visiting his sister, Mrs. Cora Hart. Mrs. Hurst, his mother, is with him.

The young people enjoyed themselves in a social way, Saturday night, at Mr. and Mrs. R. A. Jones.

CHANGE IN DATE.

W. O. W. Carnival Opens May 20th Instead of June 5th.

On account of cancelling a date at Orange, the Whitney shows will be in Nacogdoches for the week commencing May 29th instead of June 5th as previously advertised, and the Woodman Carnival will be held accordingly.

Mr. E. Vincent Bliss, representing the Whitney Greater shows arrived yesterday afternoon and will remain until the 29th, completing arrangements and superintending the advertising. The attractions will be located on the square as before.

The Whitney shows are much more elaborate than any carnival shows heretofore seen in this section of the state, and the attractions more numerous. The free attractions consist of a dive from an elevation of 90 feet into a tank of water 5 feet deep, and a marvelous wire walking. The performers in these acts

are the most eminent in the American field and their feats are rarely seen outside of the larger cities.

The electric theatres are three in number, where, in addition to the most elaborate Parisian serpentine dances, and illustrated songs, will be seen the latest achievements in the art of moving pictures. The main attraction in moving pictures is "the Moonshiners."

The last carnival was quite a success from every standpoint, although many difficulties were encountered. On this occasion there is no reason why the carnival should not be a much greater success than its friends hope for.

We have four car loads of buggies and surreys in stock and are going to sell about half of them by July 1st. To induce you to buy we will allow you a special discount of ten per cent off the very best cash price on any vehicle in stock, till that date. We assure you upon our honor that this discount will positively be allowed from our lowest all cash price. Let us show you the stock and give you the price. D. K. Cason, w

and also the best grade of Cotton Fertilizer. It is not necessary for us to tell you that the best thing to do would be to use the Early Seed and thoroughly fertilize your land. If you do this you will yet make a crop. We are offering these two articles to you, and to those who cannot pay the cash we will be glad to furnish on fall terms.

Do not wait, but act at once and secure what you need. Faithfully yours,

RHEUMATISM ROBS LIFE OF PLEASURE

Rheumatism does more than any other disease to rob life of pleasure and comfort. It is so painful and far-reaching in its effects on the system that those afflicted with it find themselves utterly unable to enjoy bodily comfort or any of the pleasures of life. Some are bound hand and foot and suffer constantly with excruciating pains, swollen, stiff joints and muscles, and often distorted, crooked limbs, while others have intervals of freedom, during which they live in constant fear and dread of the next attack, when, at the least exposure to damp weather, or slight irregularity of any kind, the disease will return.

I had been troubled with Rheumatism for two years, and tried everything recommended to me, but all to no avail. My knee and elbow joints were so stiff that I could not use them. I was unable to do my household work, and was truly in a pitiable condition. S. S. S. cured me after using it for awhile, and I unhesitatingly give it the credit it so much deserves.

Sta. A., E. Liverpool, O. MRS. M. A. DECKER.

The cause of Rheumatism is a sour, acid condition of the blood, produced by food lying undigested in the stomach, poor bowel action, weak kidneys and a general sluggish condition of the system. External applications, such as liniments, oils, plasters, etc., do not reach the cause and can only give temporary relief. The blood must be cleansed and purified before a cure can be had. S. S. S. attacks the disease in the right way—it neutralizes the poison and filters out every particle of it from the blood, stimulates the sluggish organs and clears the system of all foreign matter. It cures the disease permanently and safely because it contains no harmful minerals to derange the stomach and digestion. Book on Rheumatism and any advice you wish, without charge.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

Abilene, Tex., May 15, 1905.
Editor Sentinel and Friends:

As a great many of my friends do not know where I am, will write them a letter with The Sentinel's permission to publish same.

I am at present under the care of the State's best specialists at the Epileptic Colony at Abilene and have been here for two months. I have had only two attacks since I came and these were early after I arrived. Think I am improving fast and look forward to the time with pleasant hope when I shall be able to return to Nacogdoches county.

It is a pleasure indeed to hear from my friends and old acquaintances through The Sentinel. Every copy of The Sentinel is a letter from home and I am contrarywise every time I miss a copy until it comes. I am enjoying life, and when I become blue thinking of old times at home and cannot reconcile myself I get my violin and play "Arkansas Traveler," "Fox Chase," or "African Retreat." I thus amuse myself by amusing the attendants and patients who laugh at my talking the famous East Texas hop times.

The colony is situated in a very beautiful place. In one direction we can see the light of the train 20 miles away. 15 miles in the other direction there are mountains. As a general rule this is a dry country but so far this year we are having an abundance of rain. The oat and wheat crops are fine. We see Jack rabbits, prairie hogs, and horned frogs. I soon found that I did not need my straw hat. I either had to hold it on my head or chase it.

The State has seven real

fine buildings here and everything is conveniently arranged. The doctors are the best.

I am learning punctuality. We retire at eight o'clock every night and rise at five. We get three meals per day and I endeavor to do my part toward them. The tea and coffee were a little weak. I thought at first, but found it better for me.

We are allowed to attend a dance once a week, which lasts one and a half hours. During this time we can talk to the ladies. There are about 130 men and boys and 125 women patients here. The sixty attendants care for us day and night. If we become too gay we are made good again by the use of a straight jacket. I have so far avoided this jacket.

I am learning housekeeping. I have to make beds, dust the furniture and scour the floors. We are forced to keep clean whether we like it or not. The colony is a model of tidiness. When the shrubbery and grass get a little older this will be a beautiful place indeed.

We truck and garden. Have about 20 acres in melons coming on.

Will be glad to hear from my Nacogdoches county folks.

I. B. LAVTON.

A Positive Necessity.

Having to lay upon my bed for 14 days from a severely bruised leg, I only found relief when I used a bottle of Ballard's Snow Liniment. Adolph Teutsch Hurt.

The Houston Post, of Sunday gave an account of the horrible accident which befell Adolph Teutsch at Humble on last Friday. He was employed at the Swayne well at Humble and fell from a derrick impaling himself on an iron bar splitting the left thigh bone from where the leg joins the body down to the knee, and receiving other injuries. He was carried to Houston where he is receiving the best treatment known to science and medicine, but the chief surgeon at the infirmary where Mr. Teutsch is confined says that the injuries received are most serious and if a cure is made it will be nothing short of a miracle.

Adolph is the son of Mr. and Mrs. Robert Teutsch, of Melrose and is about 27 years old.

Saved by Dynamite.

Sometimes, a flaming city is saved by dynamiting a space that the fire can't cross. Sometimes, a cough hangs on so long, you feel as if nothing but dynamite would cure it. Z. T. Gray, of Calhoun, Ga., writes: "My wife had a very aggravated cough, which kept her awake nights. Two physicians could not help her; so she took Dr. King's New Discovery for Consumption, Coughs, and Colds, which eased her cough, gave her sleep, and finally cured her." Leak Y'Barbo is in town from Martinsville. Owing to the excessive rains in that section Mr. Y'Barbo says that all kinds of crops were never in worse shape at this time of the year.

Terrific Race With Death.

"Death was fast approaching," writes Ralph F. Fernandez, of Tampa, Fla., "as a result of liver trouble and heart disease, which has robbed me of sleep and of all interest in life. I had tried many different doctors and several medicines, but got no benefit, until I began to use Electric Bitters. So wonderful was their effect, that in three days I felt like a new man, and today I am cured of all my troubles." Guaranteed at Stripling, Hazlewood & Co., drug store. dw

Why Suffer From Rheumatism?

Why suffer from rheumatism when one application of Chamberlain's Pain Balm will relieve the pain? The quick relief which this liniment affords makes rest and sleep possible, and that alone is worth many times its cost. Many who have used it hoping only for a short relief from suffering have been happily surprised to find that after awhile the relief became permanent. Mrs. V. H. Legget, of Yum Yum, Tennessee; U. S. A. writes: "I am a great sufferer from rheumatism, all over from head to foot, and Chamberlain's Pain Balm is the only thing that will relieve the pain." For sale by Perkins, Kleas & Mast. dw

Truck Growers Meeting

A well attended meeting of the Nacogdoches Fruit and Truck Growers' association was held in the court house Saturday afternoon. The subject of shipping potatoes was before the association. It was decided to ship two carloads Thursday and two on Friday. No change was made in the crates to be used by the association and all will pack in the four-basket crate.

Hot Weather Piles.

Persons afflicted with piles should be careful at this season of the year. Hot weather and bad drinking water contribute to the conditions which makes piles more painful and dangerous. Good Crop in Sight.

Saturday afternoon C. G. Monzingo brought to The Sentinel office a branch cut from a plum tree that from a stand point of fruitage is the finest specimen seen in recent years. The branch was twenty-three and one-half inches long and had eighty-eight fine, well developed, plums on it, each fully as large as the end of a man's thumb. This variety of plum is known as the Sweet Batan and is considered a most excellent market plum.

"How's Your Appetite?"

Does this weather make you want to set down and stay set? Does your food disgust you? If so, you need Simon's Sarsaparilla. It picks you up, and the grocery bill tells about your appetite. w

W. H. Crouch returned Saturday from Fort Worth where he attended the meeting of the State Underwriters association. He reports having had a royal good time and also a profitable meeting. At the election of officers he was chosen as one of the vice-presidents of the association.

Sour Stomach

No appetite, loss of strength, nervousness, headache, constipation, bad breath, general debility, sour risings, and catarrh of the stomach are all due to indigestion. Kodol cures indigestion. This new discovery represents the natural juices of digestion as they exist in a healthy stomach, combined with the greatest known tonic and reconstructive properties. HIGH PRICED TEXAS CIGARS.

A Two-for-a-Quarter Brand Put Out From Nacogdoches.

George Bruce, chief of the advertising department of the Southern Pacific, has just received a shipment of fine cigars made at Nacogdoches of all Texas tobacco that are a credit to any factory and to any tobacco growing country. They are a \$75 grade and will retail for two for a quarter. They have the aroma equal to a clear long filler Havana cigar. The brand of the cigar is "The S. F. B. Morse," and the box has Col. Morse's picture on the label.

The Waldori-Astoria ordered 20,000 and has lately repeated the order, making 40,000 of the cigars.

There will soon be two or three more brands of cigars on the market from Nacogdoches. One brand will be "The Big Four," and will bear the pictures of Col. Morse, Col. T. J. Anderson and George Bruce, with another prominent tobacco enthusiast. A special brand to be known as "The T. J. Anderson" will soon be floating on the open market.

The indications at the present are that the tobacco business will be one of the biggest things in Texas in a very short time, not excepting the oil business. Experts from all over the world are coming to Texas to investigate the business, and many of them are taking an interest in lands where they will grow tobacco. —Galveston News.

So there you are, and remember WE TOLD YOU SO.

School District Organized.

The citizens comprising what is known as North church community have organized school district No. 66. They have voted a special school tax of 20 cents on the \$100 for the maintenance of the school and propose to build it up to second to none in Eastern Texas. A school building will be built this summer in time for the fall term. A big dinner and general good time will be had some time during the early part of July for the purpose of raising funds to be applied to the building fund.

The Sentinel is pleased to note this movement on the part of the good people of North church and will always open its columns for any matter from that or any other school community in the county.

TEXAS needs all the railroads she can get, and there are enough liberal minded citizens in "Grand Old Texas" to see that the railroads get a square deal.

It appears that the general appropriation bill passed by the special session of the legislature is a monstrosity in the way of omissions and commissions and Governor Lanham will have a lovely time in getting the thing straightened out.

Is There Any Inducement For An Officer to do His Duty?

Editor Sentinel:

I wish to ask through the columns of The Sentinel: "Is there any inducement held out for an officer to do his duty in Nacogdoches county?" When the Cox troubles broke out at Swift I went at night, and at all times, to restore peace. Cox was placed under bond with T. J. Williams and P. H. Tucker sureties. Cox forfeited his bond and left for parts unknown. I spent months of time and underwent hardships; at times tramping a foot through the country and finally succeeded in capturing him through the sheriff at Homer, La., to whom I paid \$50 out of my own pocket; in all I was out \$140 actual cash, counting nothing for my time. The law did not compel me to go out of my county nor spend a cent. I have received \$70 of this expense back. The cases against Cox were transferred to Rusk, Texas, where he was convicted and sentenced to the penitentiary on two indictments for which the district attorney received his fees from the State. I was summoned as a character witness in the case, but as others were summoned for the same purpose and only two could draw pay, I asked that I be excused from attending the trial at Rusk as I was very busy on my farm, but for all time gratuitously and expense I was awarded with a fine of \$100.

I went to Florida and brought back a man charged with a terrible crime against the law and society for which he is serving a term in the penitentiary, at a cost to me of \$125 for which I received back \$75.

These are only a few of many such cases, but an opportunity is never passed to assess a fine against me for the slightest provocation. Hence I ask the question "Is there any inducement for an officer to do more than the law compels him to do."

Editor Sentinel:

Dear Sir—I wish you would publish these few lines for the special benefit of some one that has gone to the trouble and expense to mark some of my yearlings that run in the hills near Shawnee crossing. The mark is a smooth crop, and two splits in left ear and underbit in right.

Now, I would like for the gentleman that is operating the yearling business out in the hills, to get a move on him and change this mark, as I expect to hold him personally responsible. Boys this is awfully ugly. I hope that you will repent and do better.

THE SENTINEL is in receipt of an advance announcement of the 20th annual State Fair to be held in Dallas September 30 to October 25, 1905. The prospectus gives every assurance that the fair this year will eclipse the efforts of past years in the way of attractions. The race department will be reorganized on a grand scale.

CLOSING EXERCISES.

By the Graduating Class of The Nacogdoches High School.

The year just closing has been indeed the most successful in the history of the Nacogdoches public schools, and to Prof. R. F. HON. TOM CAMPBELL has made his formal announcement as a candidate for governor of Texas. Mr. Campbell is well qualified to fill the high position, if elected, in more ways than some others who have been named as probable candidates. He is first a gentleman, second a business man of known ability, and third one among the best lawyers of Texas. His democracy cannot be questioned, he has always espoused the cause of the rank and file and for a truth it can be said of him that he has never toadied the trusts for favors.

THE Southern Cotton Association, it is believed, has been organized on lines calculated to be of untold benefit to the cotton growers of the south. The legislature of our sister state, Louisiana, has appropriated \$4000.00 to aid the association in that state. Every cotton planter in Texas and the South should become members.

A COMPLETE PRICE LIST FOR THE ASKING

GOVERNOR LANHAM vetoed the item in the general appropriation bill authorizing the railroad commission to create a deficiency of \$3,000 with which to employ lawyers to prosecute its cases.

WITH a 20 per cent decrease in acreage, a late spring and a full crop of boll weevil in sight, the cotton crop for Nacogdoches county this year does not look very promising.

Constables Execution Sale.

The State of Texas, County of Nacogdoches.

In the District Court of Nacogdoches, Nacogdoches County, Texas. E. A. Blount vs. J. T. C. Boatman, et al. (No. 2120.)

By virtue of a certain order of sale issued out of the Honorable District Court of Nacogdoches county, Texas, on a judgment rendered in said court on the 1st day of April, A. D. 1905, in favor of E. A. Blount against J. T. C. Boatman and Z. B. Garrison, for the sum of five hundred and fifteen and 45/100 dollars, (\$515.45) dollars, with a foreclosure of a Vendor's Lien on the following described tract of land, belonging to the said J. T. C. Boatman, namely: One hundred (100) acres of land on the J. J. Costa grant, situated about four miles northwest of the town of Garrison, Nacogdoches county, Texas, and being fully described in deed from Z. B. Garrison to J. T. C. Boatman, deed dated October 1st, A. D. 1903.

I did, on the 10th day of April, A. D. 1905, at 3 o'clock p. m., levy upon the following described tract and parcel of land as the land of J. T. C. Boatman, situated in Nacogdoches county, Texas, and being the same tract and parcel of land for which a foreclosure of vendor's lien was had in favor of E. A. Blount vs. J. T. C. Boatman, in a certain suit pending in the district court of Nacogdoches county, Texas, wherein E. A. Blount was plaintiff and J. T. C. Boatman and Z. B. Garrison were defendants, being No. 2120 on the docket of the said court, the land being described as follows, namely: One hundred acres of land on the J. J. Costa grant, situated about 4 miles northwest of the town of Garrison, Nacogdoches county, Texas, and being fully described in deed from Z. B. Garrison to J. T. C. Boatman, dated October 1st, A. D. 1903.

And on this day, the first Tuesday in June, A. D. 1905, it being the 6th day of said month, between the hours of 10 o'clock a. m. and 4 o'clock p. m., at the Court-house door of Nacogdoches County, Texas, in the City of Nacogdoches, I will sell at Public Auction for cash to the highest bidder all the right, title, and interest of the said J. T. C. Boatman in and to the said tract and parcel of land. The proceeds of said sale to be applied to the satisfaction of said judgment.

Telling His Tale of Woe and Why.

"I once was young, but now I am old," said a gray-haired man recently. "I have traveled over all the states of the Union and nearly all the countries of the world, I have listened to tales of woe from people of all nations, I have studied the cause of these failures in all lands and climes and I am convinced that the majority of pauperism and crime of the world is due to the lack of practical training in youth to make an honest living and lay by something for 'a rainy day.'

What an inducement this is for young people to enter a Commercial College and take a thorough course of book-keeping, business training, shorthand, typewriting or telegraphy and fortify against the "rainy day." It takes only a short time and a small cost to finish such a course in the Tyler Commercial College, Tyler, Texas—the largest and most successful Commercial school in this part of the country; having enrolled 959 students the past year; more than 40 new ones have enrolled during the past 15 days.

This institution enjoys a large patronage coming from several different states. Its graduates are proving the thoroughness of its courses of study by holding the very best and most responsible positions.

Young man, young woman, don't go through the world telling your tale of woe, begin today with the determination to make your life a success. The commercial world holds out brighter and better inducements today than ever before.

If you write the above named school for one of their large illustrated catalogues, they will be glad to mail you one promptly.

PATRONIZE the home merchant first, last and all the time. He is usually your friend when you meet with misfortune.

NACOGDOCHES COUNTY last year ginned 14,174 bales of cotton averaging 500 pounds. In 1903 the number of bales of same weight were 16,140.

JAMESVILLE JOTTINGS.

The Correspondent Takes a Sensible View of the Weather.

Jamesville, Texas, May 23.—Worry not farmer because of the unfavorableness of the season for this is the work of the Lord. Suppose you had a tumor upon the crown of that hoary old head of yours? Would you like to take turns with a billy goat in a game of butting? Would you walk with your head as erect as a peacock when passing through low doors?

The writer realizes that the producer is enveloped by a gloomy prospect so far and deeply sympathizes with him; but, to be continually brooding over the matter is absurd. If we are not careful our carnal mind will naturally search for the dark side of the picture and lead it into satanic influences. Perhaps it will be for the better, as the weak mind of man cannot understand the great forces of nature which are silently working. We know nothing of our strength until we are tested. It has been stated that there were patients in the hospitals at Galveston at the time of the flood who required the careful attention of trained nurses, but that when the flood came on they arose from their beds with the activity of cats and lightly walked the floors.

So cheer up, listen at that good sermon every time it is within your reach, go to Sunday school once and occasionally with a good lesson, and as a result you will feel better Monday morning.

Estray Notice.

In compliance with laws and upon the return of C. B. Patton, County Commissioner, Precinct No. 4 Nacogdoches County, Tex. I hereby give notice that there has been found at large and estrayed the owner of which is unknown.

One brown mare mule about 12 years old, medium size. Left in care of A. K. Layton, if not legally proven away by the owner thereof within twenty days from the date hereof, the same will be advertised and said Commissioner will proceed to sell the same according to law.

County Correspondence

JAMESVILLE JOTTINGS.

Jamesville, May 16.—Last evening far in the gleaming distance, from beneath the crimson curtains of the west, came softened in a thousand tender hues, bright rays of light from the face of the faithful old King of day. And then the lucid atmosphere enveloping the heavens above, threw open wide the pearly gates of the zenith and the proud queen of night sent forth her soft and tender smiles assuring us that she would kindly watch over all those who wished to take a sweet repose. And this morning at the dawn of day we are inclined to want to take a peek toward the heavens, and how proud we are that we again may behold the azure blue instead of that dark water laden mantle.

The rain damaged the farmers of this community a great deal Saturday night. Land was washed, fences swept away on the creeks, and some cotton that had been chopped will have to be planted again. The wind also blew the corn down on some farms.

Insects are plentiful in gardens and three kinds of worms have been found dining off of our corn.

Mrs. Susan Brown has been quite sick for the past few days.

The patrons of this school are going to meet Saturday evening at 2 o'clock to elect trustees, reorganize, etc.

APPLEBY IN BANKRUPTCY.

The Correspondent Grows Pesimistic—A Rocky Road Ahead.

Appleby, Texas, May 15.—The farmers, merchants and professional men all over our red land, have gone into voluntary bankruptcy, have made an assignment on the account of King Sol refusing to send forth his bright rays of sunshine to dispell the present mist. Judge Water, of Ocean Bay, has been appointed trustee and will begin at once to close a contract with some factory to make boats to go out into the farms to take stock. Liabilities, one year's wages. Assets, grief and sorrow.

Mr. Geo. Dickey, of Troupe, and Miss Ora Simmons, of this place, were married yesterday at 3:30 p. m. at the home of the bride's mother. Mr. Dickey is a very fine young man and has gained the heart and hand of one of Appleby's purest and sweetest girls. We all wish them much success in life.

E. W. Skeeters, seven year old son of Jno. D. Skeeters, died of pneumonia last Thursday.

Dr. W. G. Hartt's baby tell from the gallery yesterday and broke his arm.

Mrs. C. G. Haney has been quite sick for several days but is some better now.

Rev. Stuart of Jacksonville, filled his regular appointment at the Baptist church yesterday.

Rev. Floyd went to Lufkin Saturday to fill his monthly

appointment as pastor.

Rev. Jno. Strode went to Plain Dealing, La., Saturday to tell those good people what God had promised them.

Prof. Marion Anderson and family of Jasper, have returned to Appleby to stay for a while. Prof. Anderson has been teaching in the Jasper school this year.

Our school will close this week with an entertainment Thursday and Friday nights.

Mr. Jas. W. Durrett drummer from Van Vleet Drug Co, is at home for a few days. Mr. Durrett is a fine salesman.

Mr. Sam Atkinson drummer for a Jewelry Co. is at home for one or two days.

Stoker Happenings.

Stoker, Texas, May 15.—As our little village has not been represented in the old reliable in some time will drop a few lines.

The continuous wet weather has retarded the progress of farm work to such an extent that crop prospects looks gloomy.

Health of community very good.

The Kelly Co. are cutting lumber right along. Mr. H. H. Kelly, of Dallas, who has been here several days in the interest of the Kelly mill, at this place, returned home last Wednesday.

Mr. Walter Bradshaw, of Hot Springs, Ark., is in our burg, visiting his sister, Mrs. Katie Stoker.

A real lively musical was pulled off at M. D. Stoker's last Thursday night. E. L. Tillery and G. W. Furlow played the violin and Miss Ella Fulmer, of Swift, was the organist. They rendered some good music which was greatly enjoyed by all present.

Constable Will McMillan was out in our village last week making the way of the transgressors hard.

Lee Judd has just returned from a several days trip through Smith county.

J. M. Kelly intends to attach a planer to his saw mill here in the near future.

Will Tynes wants to inform the Pd. correspondent here that he is about to trade for another horse.

Observer.

EAST MEMROSE LOCALS.

As we never hear anything from East City folks I thought I would give you a few items.

We folks in East Memrose would like to get our names in the paper once in 'casion.

We are having a somewhat rainy spell. It means "more rest" and more grass. Some crops were in a very good condition until this rain.

Mrs. M. L. Grant of Ruston, La., has been visiting her daughter, Mrs. Claudie Lyles but is in bad health and has returned to Nacogdoches for treatment.

Miss Nama Powers has returned home from a visit to friends in Lufkin.

Douglas Patton visited his grandmother Sunday.

Miss Roxie Ivy came very near being bitten by a rattlesnake some few days past. She was planting some flowers and got the snake up in the dirt, but we were truly glad she escaped.

The unveiling of Mr. Rhodie Dickerson's monument is set to take place 1 bet we, the 1st Sunday in June, at Cove Springs.

Mr. J. B. Stripling has a new yard fence.

Mr. Lewis Teutsch has been on the sick list but has improved.

Sister Brown has been very sick with pneumonia at Chireno, but is convalescent.

Little Bernice Trawick entertained several of her little friends last Thursday evening on her birthday. After enjoying the afternoon cake and lemonade was served.

Mrs. Sallie Seale has had sprained wrist.

Grandma McKnight and Miss Lou are visiting friends and relatives at this place now.

Miss Mollie Brown is taking music lessons from Miss Sallie Davis, and Riddie Hall and Gussie Mangham also. Wish for them success.

For fear my letter gets too lengthy and hnds the waste basket I'll hush. I bid adieu to you all. "Willis."

SACUL SAYINGS.

Sacul, Texas, May 16.—Mr. Ed Weatherly of Garrison, spent a few days in our city last week looking after the tie business.

Mrs. J. A. Murphey returned Thursday from a visit to relatives in Nacogdoches.

Mrs. Chas. Fondren spent a few days with friends in Sacul, returning home Monday.

Mr. Jno. T. Lucas left this afternoon for Jacksonville on business.

Mr. Sharp O'Neil of Cushing, was with us Sunday for the purpose of organizing a singing school and while here he favored his friends with several hours of good singing.

Mr. and Mrs. Campbell returned from Dallas this evening. Mr. Campbell will relieve Mr. E. E. Wallace of the express at this place, and Mr. Wallace and wife will leave at once for San Francisco.

Miss Lucy Pye left for her home in Wolf City yesterday after several weeks visit with her uncle, J. A. Pye.

Mr. Albert King happened to a very serious accident Saturday evening while tripping at the Coruthers lumber company saw mill. The cant hook handle broke and he fell breaking his leg just above the ankle.

B. T. Burk returned from Nacogdoches yesterday after spending several days on business.

Miss Lucy Jones and Ada Leonard, of Douglass, spent Sunday with Dr. Smith returning home Monday.

Miss Cora Murphey spent Sunday with Mrs. McKnight at Douglass.

The young people of Sacul, went to Cushing Friday night to an entertainment and reported a very enjoyable trip.

G. W. Hughes stopped

over Sunday in Sacul on his return to Nacogdoches.

Mr. Moss Adams Esq., of Nacogdoches, is in the city today on business.

The health of this locality is exceedingly good and we have two doctors that are in need of assistance as the result of good health. But let them starve if we can be blessed with good health.

Strictly Genuine

Most of the patent medicine testimonials are probably genuine. The following notice recently appeared in the Atchison (Kan.) Globe: "Joe Tack, a well known engineer, running on the Missouri Pacific between Wichita and Kiowa, lately appeared in a big one, with a picture, and when he was in this office today, we asked him about it. He says he had terrific pains in his stomach, and thought he had cancer. His druggist recommended Kodol and he says it cured him. He recommended it to others, who were also cured. Put in tin boxes only. Price 25c. w

Hardy Dial has just returned from Flower Mountain and says that the farmers out that way are feeling rather blue over the prospects. He says that it can be safely estimated that the cotton acreage in Nacogdoches county will be 50 per cent short of last year. He says it over 9000 bales of cotton is raised in this county this year that he has missed his guess.

The Lost Ring.

THE LIVER QUARANTINE

Hurried eating has ruined many a man's stomach. The digestion-destroying process is gradual, often unnoticed at first. But it is only a short time until the liver balks, the digestive organs give way, and almost countless ills assail the man who endeavors to economize time at the expense of his health.

A torpid liver causes a quarantine of the entire system. It locks in the diseased germs and body poisons and affords them full play, inviting some serious illness.

In families where August Flower is used, a sluggish liver and constipation are unknown, so are all stomach ailments, as well as indigestion, dyspepsia, heartburn, headaches and kidney and bladder affections. No well-regulated family should be without this standard remedy.

Two sizes, 25c and 75c. All druggists.

Miss Nellie Funk Married.

News has been received in Nacogdoches by friends of Miss Nellie Funk announcing her marriage to Mr. Eugene Guyon at El Paso, on Wednesday, May 17.

Miss Funk is a most excellent young christian lady and during her stay in Nacogdoches endeared herself to the people of this city and they call her their own.

Mr. Guyon is a prominent business man and ranch owner of Douglass, Arizona, (at which place Mr. and Mrs. Guyon are making their home) and owns a large ranch near Marfa in this state.

The Sentinel with Miss Nellie's other many friends in Nacogdoches extends congratulations.

A Good Suggestion.

Mr. C. B. Wainwright of Lemon City, Fla., has written the manufacturers that much better results are obtained from the use of Chamberlain's Colic, Cholera and Diarrhea Remedy in cases of pains in the stomach, colic and cholera morbus by taking it in water as hot as can be drank. That when taken in this way the effect is double in rapidity. "It seems to get at the right spot instantly," he says. Sold by Perkins, Kleas & Mast.

Mr. S. Hirsch has secured the handsome store building of Jno. P. Davidson and is moving the Jno. W. Davis stock into new quarters, and when he opens his doors next Thursday to the buying public the Lipstate Dry Goods & Clothing Co. will have as pretty a place of business as can be found in Eastern Texas. Wait for the opening.

A Rock Cement in white and beautiful tint. Does not rub or scale. Destroys disease germs and vermin. No washing of walls after once applied. Any one can brush it on—mix with cold water. Plain tinting or whitening, and the most elaborate relief, stencil work and frescoing may be done with it. Other finished (bearing fanciful names and mixed with hot water) do not have the cementing property of Alabastine. They are stuck on with glue or other animal matter, which rots, feeding disease germs, rubbing, scaling and spalling walls, clothing, etc. Some finishes must be washed off every year—costly filthy work. Is There Any Inducement For An Officer to do His Duty?

Editor Sentinel:

I wish to ask through the columns of The Sentinel: "Is there any inducements held out for an officer to do his duty in Nacogdoches county?" When the Cox troubles broke out at Swift I went at night, and at all times, to restore peace. Cox was placed under bond with T. J. Williams and P. H. Tucker sureties. Cox forfeited his bond and left for parts unknown. I spent months of time and underwent hardships; at times tramping a foot through the country and finally succeeded in capturing him through the sheriff at Homer, La., to whom I paid \$50 out of my own pocket; in all I was out \$140 actual cash, counting nothing for my time. The law did not compel me to go out of my county nor spend a cent. I have received \$70 of this expense back. The cases against Cox were transferred to Rusk, Texas, where he was convicted and sentenced to the penitentiary on two indictments for which the district attorney received his fees from the State. I was summoned as a character witness in the case, but as others were summoned for the same purpose and only two could draw pay, I asked that I be excused from attending the trial at Rusk as I was very busy on my farm, but for all time gratuitously and expense I was awarded with a fine of \$100.

I went to Florida and brought back a man charged with a terrible crime against the law and society for which he is serving a term in the penitentiary, at a cost to me of \$125 for which I received back \$75.

These are only a few of many such cases, but an opportunity is never passed to assess a fine against me for the slightest provocation. Hence I ask the question "Is there any inducement for an officer to do more than the law compels him to do."

A. W. Eddings, recently from Nacogdoches, now of Garrison, has spent several days in Timpson and neighboring towns prospecting for a location. He returned to Timpson yesterday evening and expressed himself as being so well pleased that he would probably move here just as soon as he could get his affairs in shape. He and his son are fine blacksmiths and will operate a shop together. —Timpson Times.

MONDAY'S LOCALS.

J. T. Lucas of Sacul was in the city today on a business trip.

What Cason says in his locals you can depend on. Read all he says this week.

The rainfall last night was 1.46; the total being brought up to something over 21 inches for the present year.

George W. Dennis of Swift, was in town today. He says the farmers in his section are certainly playing in hard luck on account of the continued wet weather, and that crop prospects look very bad.

The season for driving is now here. We have a larger stock of buggies and surries than ever before. Our trade is very large on them—to make it greater still we will during May and June allow a special discount of ten per cent from our very lowest all cash prices whether you pay all cash or not.

D. K. Cason.

Will Jones said it rained fish last night. This morning as he was coming to town he found a cat fish weighing about three pounds in the road near Jack Murphy's farm. The only way to account for this fish being in the road is that the heavy rain of last night caused a pond near the road to over-flow and the fish was washed over the bank.

During May and June you can buy a buggy or surrey just ten per cent cheaper from Cason than he has ever sold the same grade for. This is no "catch." Simply enables you to buy a \$50 buggy for \$45, a \$65 buggy for \$58.50, or \$100 surrey or buggy for \$90. All others in same proportion.

J. R. Richardson, one of the county's most prosperous farmers, was in town today and reports crops in an extra bad condition for the season of the year. The Sentinel will wager a quart of peanuts that Mr. Richardson has something to sell on the final show down, notwithstanding present conditions.

From our very lowest cash prices we will allow ten per cent discount upon any buggy or surrey bought of us during May or June whether bought for cash or on time.

D. K. Cason.

TUESDAY'S LOCALS.

Prof Geo. M. Hale of Appleby is in the city today.

Rev. E. D. Blankenship of Troupe is in the city.

Ralph Stripling of San Augustine is here today.

Mrs. R. W. Tillery of Appleby was in the city yesterday shopping.

Henry Greer of Appleby is here today.

Homer Dotson of Cushing is here today.

"Uncle" Mitch Weatherly, of Appleby, is in the city today.

District Clerk Dulany, of Carchage, was in the city a few hours today.

Miss Willie Bowen returned from a pleasure trip to Galveston, this morning.

Eight Capiases were issued out of a justice court for W. Y. Garrison of this county. The papers were issued in connection with the Caro Townsite muddle.

C. S. Southern is billing the town for the Woodman Carnival which begins here next Monday. Great attractions are promised, and if the weather is anything like favorable large crowds will be here all next week. Make it convenient to take a day off and visit Nacogdoches next week and get in the fun.

H. H. Hill, of Rusk, was in the city yesterday and tells a wonderful story about oil prospects near Shelbyville. He has been over there surveying off the field and says that oil is just simply oozing out of the ground in many places. Fancy prices are being paid for acreage and that a full fledged oil boom is likely to break out at any time.

Mr. and Mrs. John Arthur returned from Galveston last night.

M. A. Burnaman, of Shady Grove, one of Nacogdoches county's up-to-date farmers, is in the city today.

Ras Thrash a prominent farmer of Martinsville is in the city today. Mr. Thrash in speaking of crops to friends says this is the worst year he ever witnessed.

Mr. and Mrs. Paul Murray returned this morning from Galveston. Paul says that what the hotel keepers done to the excursionists was "a plenty." They run the prices of hash right over the sea wall and the price of lodging up to the skies.

A. L. McDougal writes from Corinth, Miss., and extends the glad hand to all his Nacogdoches friends. He has returned from a trip to "Bonnie Scotland."

Mr. W. H. Ames and Mr. Stockfield left for Middle, Texas, Saturday night. They bought two buggies from Stroud & Cox and shipped them to their new place.

WEDNESDAY'S LOCALS

Mr. Wood of Joaquin was in town today.

Prof. John Hunt of Appleby was in the city today.

Mrs. J. F. Pleasant and daughter left yesterday for a few days visit to relatives and friends in Nacogdochea—Center News.

Dr. M. C. Castleberry, of Alazan, was in the city yesterday attending the Nacogdoches County Medical association. He reports the farmers doing as well as could be expected under prevailing conditions.

Mr. Cullen Faulkner was in town last week and bought a new buggy from Stroud & Cox.

W. A. King, Jr. returned today from Houston where he has been for several days having his little sons eyes treated.

Mr. and Mrs. Hal Tucker have a new ten pound boy stopping at their home. The little fellow arrived last night.

In Justice court this morning a gambler plead guilty and was fined \$22.50, and one disturbance case called for \$18.15.

Mrs. W. C. Carnahan and children, of Center, are in the city on a visit. They are the guests of Mrs. J. J. Ramey on Irion hill.

Dr. E. S. Adama, of Garrison, was in the city yesterday attending the Nacogdoches County Medical association. He is spending the day with his son, Moss Adams, Esq.

S. M. King, A. F. Henning, Louis Muller, J. E. Floyd and Chas. E. Davis returned this morning from a trip to Timpson where they put the work on for the Timpson Red Men last night. They have a story to tell on their return trip that would make good reading matter if they would consent to its publication.

Notice of Sheriff's Sale

The State of Texas, County of Nacogdoches:

By virtue of an order of sale issued out of the honorable District Court of Nacogdoches County on the 21st day of April, A. D. 1905, by the clerk thereof in the case of the First National Bank of Nacogdoches, versus Wm. Parmely, et al, and to me, as Sheriff, directed and delivered, I will proceed to sell for cash, within the hours prescribed by law for sheriff's sale, on the 1st Tuesday in June, A. D. 1905, it being the 6th day of said month, before the Court House door of said Nacogdoches County, in the town of Nacogdoches, the following described property, to-wit:

One tract of land, 320 1/2 acres, a part of the J. Y. Acosta grant in Nacogdoches County, described in deed from Tom M. Hill to said Parmely, recorded in Nacogdoches county record of deeds, etc. Book 43; page 143. Also one tract of 162 1/2 acres, part of the J. Y. Acosta grant conveyed by I. L. T. H. BUCKNER, Sheriff. By JNO. C. FALL, Deputy.

COMFORTING WORDS.

Many a Nacogdoches Household Will Find Them So.

To have the pains and aches of a bad back removed; to be entirely from annoying, dangerous, urinary disorders is enough to make any kidney sufferer grateful. To tell how this great change can be brought about will prove comforting words to hundreds of Nacogdoches readers.

H. L. Legg, farmer, living six miles north of Groveton, Texas, says: "I had kidney trouble for nearly twenty years, and until I got Doan's Kidney Pills I never found anything to do me any good. There was at all times a constant aching and soreness across the small of my back and when stooping or lifting it was difficult for me to straighten on account of the pain. At nights my rest was disturbed by too frequent action of the kidney secretions.

I had just to get out of bed every little while, sometimes as often as six or seven times at night. This affected my general health until I had spells of dizzy headaches and a lightness of swimming in my head came on me at times so that I could not regain my balance for several minutes. Since using two boxes of Doan's Kidney Pills I have not had the slightest return of the above symptoms. The backache entirely disappeared, the secretions became regular and of natural color. I can rest at nights without getting up once and the headaches are a thing of the past. Doan's

Kidney Pills are a Godsend to anyone afflicted with kidney trouble or backache."

Plenty more proof like this from Nacogdoches people. Call at Perkins, Kleas & Mast's drug store and ask what their customers report.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York sole agents for the United States.

Remember the name—Doan's—and take no other.

Growing Aches and Pains.

Mrs. Josie Sunner, Bremond, Texas, writes, April 15, 1902: "I have used Ballard's Snow Liniment in my family for three years. I would not be without it in the house. I have used it on my little girl for growing aches and pains in her knees. It cured her right away. I have also used it for frost bitten feet, with good success. 'It is the best liniment I ever used.'" 25c, 50c, \$1.00 at Perkins, Kleas & Mast.

One Picture Missing.

In the group picture of the members of the house of the Twenty-ninth legislature there is one blank space. This is reserved for Hon. R. W. Haltom of Nacogdoches. Mr. Haltom was taken ill early in the session and returned home and remained there until its close. An effort is being made to secure his photograph, so as to make the group complete.—Austin Statesman.
